The extent of our Atlantic seaboard is a nece fents, and entitles it to a place in Texas.

two miles from Banville, now Boyle county, Kentucky, where James was born on the 24th September, 1790, and was one of five sons and four daughters. At that day it was impossible to afford the means of acquiring a good education in that new and infested region. To defend the country from savage inreads required all the time from savage inroads required all the time and means the settlers had; and bence the children graw up with simply the radiments of an English education. Their father, however, as well as their mother, possessed a strong mind, well stored with upful knowledge, and by their efforts they were blessed in imparting to their growing family much that was valuable to them in after the country, and having an introductory letter to him found him intently drawing maps, without any food on hand excepting a venison hata.

In Jane, 1826, he was called to San Felipe on business with Austin; and while absent a portion of his household started to a dance on the Colorado, some 60 miles, to celebrate the 4th of July. While entered and astrong on the second night of hie, and to direct their minds in the path of virtue and patriotism. Through their mother, who was a Wells, they were first cousins to the great western orator and statesman, Thillip Doddridge, of Virginia, who died in Congress in 1832.

The state of the s

was commissioned by the governor, Gonzales, and was in several engagements, in which he displayed that cool intrephility that afterwards sustained him for so many years in the wilds of Texas. In the summer of 1813 he was second in command at Boone's defeat on the fillinois river, in which they were routed, and hotly pursued for 24 they; were routed, and hotly pursued for 25 they is colony, and surveyed most of its lands. When De Witt removed his settlers from the "Old Station" to Gonzales, Kerr from the "Old Station" to Gonzales, Kerr was left alone, and for some time remained without a neighbor nearer than 50 miles; part of the governor from the "Old Station" to Gonzales, Kerr was left alone, and for some time remained without a neighbor nearer than 50 miles; part of the governor from the governor, he named the place Gonzales. Great Sale of Valuable CITY LANDS.

N accordance with the resolution passed by the City Council, March 29th, 1853, a large and choice hosty of Land, consisting of building and farming lots, will be sold at Public Auction, at the Mayor's office, on Monday the 11th day of July nest, ensuing.

These Lands, situated in the San Antonio Valey, through which runs the far-famed "San Antonio River," and many other equally beautiful but minor streams-lying immediately around this city, and in close proximity to the Western terminus of the "San Autorio and Mexican Gulf Rallread," now in progress of construction-a offer to the capitalists and actual settler, inducements rarely to be met with.

These Lands are among the richest and most fertile in the State with an abundance of the very best rock for building purposes contiguous-and are in the midst of a population rapidly increasing and which, for energy of character and genera intelligence, will compare favorably with those of any other section. Plats can be seen and terms of sale ascertained

on application at the Mayor's office in this city, J. M. DEVINE, Mayor. Mayor's Office, San Antonio, ? March 30, 1853.

EAR DISEASES.

Deafness Radically Cured. DR. LE BRUN offers to those suffering from Deafness, his infallable AFRAL RESERVES, which have been successful in nearly Three Thou sand cases of confirmed Deafress. These remedies have been pronounced by Drs. Khramer of Berlin, Ifard and Delean of Paris, and Curtis, Pilcher, Yearsby of London, as the most wonderful ever applied, for diseases of the Internal and Middle Ear. They comprise different courses for the various diseases that affect the external and middle ear. If the disease is coulined to the external ear, their effects are apparent on the fifth or sixth day. Dr. La Baus warrants a cure in every ease, when the ear is perfect in its formation, cases of deafness have been successfully healed by him. Certificates to that effect may be seen

Patients, by sending a few particulars of their case, can have remedies sent to any part, Trans: -Five dollars consultation fee. follars to be paid when the hearing is restored to its original acuteness.

Address, Drs. LeBrun & Dufton, Union Place,

New York city.

N. B.—A Treatise on the nature and treatment of Deafness and Diseases of the Ear, with the Deaf and Dumb. Price one dollar. April 19, 1853.

SCHOOL BOOKS For the Million.

THE ECLECTIC SERIES _21. Best and Cheapest School Books ever Published THE Eclectic series of Soloto Books was projecte by that well known friend and any ocate of pep-niar education. Prof. William 44. M'Caffey, of the University of Virginia, whose life has been spent in the West and South, where his active labors as a judicious instructor having gained the approbation of all lovers or a sound, practical and progressive edu-ettion. The Reading Books bearing his name have been proved, by actual trial, and are now more extensively used than others, and are daily receiving th adoption and approval of the most intelligent and disninating teachers of the land.

UP Professor RAY, from Wood county, Va., on

of the most able Mathematicians and practical is structors in the commry, has supplied what has been much needed - a snaple, progressive and thorong series of text books on Arithmetic and Algebra, READING AND SPEELING ROOKS .- M'Goffsy's Ecectic Primer, for little children.
M'Guffey's Spelling Books, for primary and com

M Guffey's Eclartic First Reader; lessons in spelling and sending for the younger pupils.

M'Guthy's Eclebtic Second Reader; lessons in spelling and reading for young pupils.

M'Gufley's Eclectic Third Reader, for middle classes, chasto and instructive lessons in prose and M'Gaffey's Eclectic Fourth Reader, for more

M'Guffley's Fifth Reader; (Rhetorical Guide) a rhetorical guide for the highest classes.

The Hemans' Reader, for female Seminaries; ele

advanced classes, elegant extracts in prose and pse

gant extracts in poetry and prose.

CT The above reading and spelling books have few equals and no superiors; which is evinced by the fact that in schools where they were, for a time, superceded by the novelty of other books, M'Guffey have been re-adopted to the exclusion of all other experience having proved their greater practical util-ity in the school room; and in view of the large ount of matter they contain, and the low prices at which they are sold, they are very much cheaper than any other similar works. ENGLISH GRANNAR .- Pinnen's Primary Granner.

an the analytic method; a complete work for begin ners in the study.

Pinners's Analytical Grammar; a full and com Pinneo's English Teacher, in which is taught the structure of sentences by analysis and synthesia; an admirable work on the analysis of English senten-

nce Profesor Pinneo's new works are model class books, on the subject of English Grammer. This study usually dry and uninteresting to learners, is rendered in these volumes attractive and interesting They are strikingly simple, progressive and the n their plan and arrangement, and enable public to become good grammarians. They are the chespest works of the kind published. ARITHMETIC .- Kay's Arithmetic, part first; sim-

lesons for little children. LEWIS & HUGHES,
HAVE just received from the principal Atlantic
Critics a large and splendid assortment of
Drugs, Medicines, Due Stars, Oils, Prints, Pers
Among the many funcy articles, de., de.
Among the many funcy articles, may be found
Cologne of superior quality, north dentriline, hair
only, funcy that a transfer function that the many functions and starting of Professor Ray as the most simple, progressive, methodical and thorough class broke on
the function of Professor Ray as the most simple, progressive, methodical and thorough class broke on the subject ever before offered to American teachers; and they are at least twenty per case, cheaper than other arithmetics of like size, and of an equal amount of matter. These volumes are the result of a practical experience in leaching; and they are prepared in compliance with the solicitation of many friends of education, who were cognizant of the marked success of their author as an instructor.

Alexand—Ray's Algebra, part first; for common achook and academies; a strapic, progressive and elementary, teating.

Ray's Algebra, part second; for advanced students in academies, and for colleges; a progressive, lucid, and comprehensive work.

The great excellence of Ray's Arithmetics way-ranted the expectation that an Algebra by the same author would be an improvement on all similar treatices. Ray's Algebra has the approbation of the most judicious educators, and is supersading all others in many of the best schools in the U. States.

[12] Each part of the Arithmetical Course, as well as the Algebraic, is a complete book in itself; and is sold separately. All the foregoing books have been compiled ex-pressly for the Electic Educational Series. Their authors are practical teachers—men of acknowledged ability and learning, who have long been iden-

vancement of the cause of education. The severa books embraced in this series are admitted, because of their merit, the excellent style of their manufac ture, and the quantity of matter contained in them, to be the cheapest class books published in the United In Virginia, Maryland, Carolina, Kentucky, Ten-nessee, Georgia, Alabama, Louisiana and other States, the entire Electic Series is being adopted in

the best schools, in preference to other books. In Texas they are being adopted as an excellent, ecopontical, and uniform series of class books.
