Welcome rains soak Crockett County

Slow, spirit renewing rains drenched many parts of Crockett County, including the Taylor Box Draw area, Thursday and Friday. Many water gaps were washed out by runoff from the heavy rain. NEWS photo by Scotty Moore

Ranchers' spirits soared with the steady, county-wide rains that provided much needed moisture last week.

Generally there was five inches out in the county going east to the Bob Bailey and Mike Clayton ranches, then south down Taylor Box Draw.

Rainfall reports around the county include Steve Wilkins with 6½, Charlie Boy Davidson 6, Jack Baggett, Jr. 5, C & H Ranch 4.8, Circle Bar 3, R. A. Harrell 2½, John Childress 1½, Dorothy Friend ½.

All low water crossings in the south part of the county ran water making some impassable for hours as far west as Hoover Divide Road.

Johnson Draw Road south of Ozona had a large portion of county road washed out by the Pie Pierce and Earl Acton ranches. This stretch of road was impassable for several days.

J. B. Miller lost three miles of fence on each side of Johnson Draw Road. There was water over the road at Jim Bob Bailey's in this same area.

Taylor Box Draw ran over the road at all low water crossings and in some places from fence to fence.

Turkey Roost Draw ran several feet of water and stopped traffic for a day where it crosses Bailey Road north of the truck stop.

Back down south, Holmsley Road had damage to all draw crossings. It connects Pandale Road and Hoover Divide Road.

Farther west, B. B. Ingham had low water crossings running water over his road.

Some crossings ran on Howard Draw Road. Gurley Draw ran water through town, but Johnson Draw in town did not run. It caught all its water south of town with various draws emptying into it.

Rain in the north part of the county was lighter and no damage reported.

House Bill 72 — By Cynthia Harrell Hodges local affects minimal

Ozona Public School students were minimally affected by the "no pass, no play" House Bill 72 provision during the first six weeks' grading period, local coaches and band directors reported this week.

A total of 13 students were barred from the football programs due to failing grades. The Seventh Grade team suffered the heaviest losses, with 11 of 25 members now having to sit out the rest of the season. "Junior high is such a big transition for them. They go from one teacher to many teachers, and the classes are much harder," Head Coach Jim Green said. "They just have not learned to study and combine extracurricular activity. The season will be finished with the remaining 14."

One Eighth Grader out of a squad of 22 lost his eligibility. No varsity players were affected by the no pass, no play rule, and only one junior varsity player lost his eligibility.

A total of 384 grades were given to the 70 high school football players. Three senior

students had all A's and eight had no grades below 80. 79.7 percent of the seniors had A and B grades.

Two juniors had all A's and seven received no grades below 80. There were 82.8 percent of the 14 juniors earning A's and B's.

Of the 23 sophomores, 79.3 percent earned A's and B's. Seven had no grades below 80.

One freshman earned all A's and six received no grades below 80. There were 81.4 percent of these 19 students with grades in the A and B range.

The high school band lost six students out of 89 participants, Band Director Kelly Glaze said. "It could have been a lot worse. There were 26 failing at the end of three weeks. In many area towns, the entire band program has been destroyed. Lakeview, for example, lost 20 of its 60 band members."

Ozona Public Schools, in accordance with state laws, have set up rigorous tutoring sessions manned by teachers in an effort to help those students who are having trouble with various classes.

The football players, for example, have to report to "early bird" study hall from 7-8 a.m., should they have a grade of 73 or lower. Tutoring is provided at the high school from 7:30-8:00 a.m. Tuesday, Wednesday and Thursday for those students who are failing a class. Attending these tutoring sessions is a "requirement for the football players with grades of 73 or lower," Green explained.

"Students know the consequences if they do not pass, but don't understand fully what is involved. Extracurricular activ-

Changes announced in the county emergency medical staff

Carol Hunnicutt and Doug Meador

Doug Meador has been named to replace Dub O'Bryant as Crockett County Ambulance Service Coordinator. Carol Hunnicutt has become president of the Emergency Medical Service As-

sociation. An election was held at an October 17 meeting of the EMS to fill the vacancy created by O'Bryant's resignation due to an expected job transfer which was put on hold Friday.

Meador, a Special Skills EMT and Ozona fireman, will be responsible for seeing that the lines of communication between the Crockett County Hospital, Fire Department and EMS remain open and that things run smoothly.

Hunnicutt, as president of the EMS, will handle the business end of the organization.

Both Meador and Hunnicutt are newcomers to the Crockett County Emergency Medical Service team. Meador joined when he moved here in August 1984 from Matador. Hunnicutt had "always been interested, but finally took a course in October, 1984." She received her certification as an EMT in February of 1985 and obtained her EMT-Special Skills certificate in May.

"The organization is only two to three months old," Mrs. Hunnicutt explained. "It was never organized before, and the co-ordinator, Dub O'Bryant, had to do everything. Meetings are held two times per month, and anyone can join -- even those without EMT certification."

The contribution of O'Bryant and Brian Henry, co-ordinator of EMS, cannot be overstated. "The organization would not be here without them. Dub has been an outstanding coordinator, and he and Brian have donated many things to the organization."

"We want to have one of the best EMS in the state. Patient care is the key to everything," Meador said. All the persons involved in EMS participate on a volunteer basis.

Each week there are three persons who are primary call. They have to be here. There are two persons on secondary call,

Chamber asks donations for holiday decorations

The Ozona Chamber of Commerce is asking all citizens of Ozona and Crockett County to help Ozona be more beautiful this Christmas season by making donations for new Christmas decorations. The last decorations were bought in October of 1963 with only a few bulbs and garlands replaced through the years.

Crockett County Commissioners have agreed to pay for 25 new decorations, but a total of 55 are needed and scenes in the parks need to be replaced.

To help brighten your town this Christmas season, make a donation for new decorations at the Chamber Office or mail your donation to the Chamber at Box 1135.

Spring forward, fall back

The time has come once again to try and decide which way to set the clock to accommodate the time change Sunday.

Remember, "spring forward, fall back" and you'll get where you're going on time.

Childress places third in U S Border Collie Finals

The Sixth Annually United State Border Collie Handlers Championship Finals are not history in London, Ohio. It was held September 24-26 in the suburbs of London at the Ohio State University Farm Science Review. More than 125,000 interested people attended the festivities.

Sixty-four dogs qualified in the United States to attend this competition, and forty-four dogs actually competed. Handlers and dogs came from 13 states to make this the biggest Finals ever held. In order to compete in the National Finals, the dog had to win a major competition somewhere in the United States.

The outrun was uphill, across a valley at 400 yards. The sheep were from one herd, big, solid Columbia ewes with loads of stamina that moved freely with little pressure.

Purina Feed Company sponsored this National Finals with a large donation and qualified people to help with setting the course.

The judge was David McTeir from Peebles, Scotland, an international dog handler as well as a qualified professional judge. Mr. McTeir said, "The quality of these American dogs and handlers are very impressive. It is always a pleasure to see so many good dogs."

The president of the United States Border Collie Handlers Association is Lewis Pulfer from

Quincy, Ohio. Mr. Pulfer says, "Our organization is growing leaps and bounds each year. Many people not related to

agriculture are becoming involved for a hobby or self-satisfaction." After the first day of compe-

tion, there was a three way tie for first place between Texans Bob Childress with Fly and Jim Varnon with Sue Ellen and Ohioan Lewis Pulfer and Moss.

There were three dogs to run in the first go round the next morning. Ted Johnson with his black and white female, Jan, was one of these. Johnson had an

excellent run to win the first go and go on to be the new National Champion, the most prestigious title in the United States with Border Collies.

- The top 10 places were:
- 1 Ted Johnson, Jan, Shorter, Ala., 184 pts.
 - 2 Bruce Foyt, Hope, Sidney, Ohio, 163 pts.
 - 3 Bob Childress, Fly, Ozona, Tx, 160 pts.
 - 4 Lewis Pulfer, Moss, Quincy, Ohio, 159 pts.
 - 5 Tom Conn, Rod, Latrobe, PA, 156 pts.
 - 6 Bruce Foyt, Chris, Sidney, Ohio, 155 pts.
 - 7 Hubert Bailey, Glenn, Dawsonville, GA, 152 pts.
 - 8 John Bauserman, Bess, Orlean, VA, 152 pts.
 - 9 Jim Varnon, Dawn, Cedar Hill, TX, 138 pts.
 - 10 Hubert Bailey, Ladd, Dawsonville, GA, 136 pts.

1st place winner Ted Johnson with Jan

Helping Hands program to halt.

By Cynthia Harrell Hodges

The struggle to keep Helping Hands Meals on Wheels program going will temporarily come to a halt October 31 as various state agencies, local commissioners and the local organization itself attempts to relocate and reorganize itself.

Helping Hands, which was first organized April 5, 1983, served its first meal July 18, 1983. From the beginning it has had a struggle to meet various state agency regulations, Kathy Reavis, president of the organization, said recently.

Tri-County Nutrition of Junction served as the funding and paperwork arm of the local Helping Hands agency until recently. "Tri-County no longer wants to handle the bookkeeping, and Helping Hands wished to terminate its contract with Tri-County," Mrs. Reavis explained.

The Concho Council of Governments has volunteered to sign a contract with the Crockett County Commissioners, but the commissioners are hesitant to sign with COG because of the increased red tape involved. "All in all, this is a battle between government agencies, and it is the elderly who suffer when the program is terminated October 31," said Mrs. Reavis.

Grants funding Helping Hands come through COG and the Department of Human Resources (DHR). The small church kitchen in the Our Lady of Perpetual Help Catholic Church has served as a home to Helping Hands for two years. The small kitchen has never met government regulations and "DHR has been very gracious to us the past two years."

The only way for the Helping Hands to keep functioning is for the county to sign a contract with COG. This would

according to the commissioners, mean for the county to assume a \$100,000 insurance liability against food poisoning; \$8,400 per year in matching funds; a building which will pass government inspections; and the hiring of a part-time bookkeeper on behalf of Helping Hands.

"The commissioners have never wanted to sign with COG because of all this red tape," Mrs. Reavis said. The commissioners offered Helping Hands an alternative: use a kitchen at the Civic Center or contract with the hospital or Care Center to provide the meals. The Civic Center kitchen cannot be used because there "is no place to lock food up, and no place to store it for extended periods of time. Also, the Civic Center is a public building, and this would mean the kitchen could only be used by other groups on a limited basis."

"There is a \$2.50 maximum per meal, and the bid by the Care Center to provide the meals was \$3.50 per meal, which far exceeded the maximum we are allotted," she explained.

Helping Hands, Inc. purchased a building behind Westerman Drug last year to house the Meals on Wheels kitchen and eventually a senior citizens center. The building purchased needs many improvements, totaling \$20,000, in order to house a kitchen which would meet COG's specifications. "If we can get into a building of our own, then we would never have to worry about being shut down," Mrs. Reavis said.

"Ozona has many caring people. We have always helped those who need our help. Those Helping Hands are serving no longer have the energies to fight for what they need. Many have worked hard for years, and some now are

physically, spiritually, emotionally or financially able to take care of themselves. We can't abandon our mission -- God's mission -- to feed the hungry. We must get our priorities in order," Mrs. Reavis pleaded.

Many citizens have volunteered their time or labor. Raul De La Rosa has offered to charge only for materials to do the plumbing in the building. Bruce Clark of Angelo Refrigeration has offered to draw up plans for the kitchen. South Texas Lumber Company has offered to provide cabinet materials at cost plus 15 percent for shipping and handling. Dee Keilers has offered to help with water and sewer lines to the kitchen and adjoining restroom. The Knights of Columbus have offered to help with the labor on the kitchen renovation. A. B. Morris has said he would oversee the remodeling, while Jamie Knox has offered to do the floor. Frank Reavis and other fellow teachers have offered to do the painting.

Monies are needed for a large commercial stove with a hood; a large refrigerator, a large or walk-in freezer, one hand wash sink, one regular sink and one restroom. The estimate for these items is \$20,000. The deadline to raise these monies is fast approaching if the Helping Hands Meals on Wheels program is to resume January 1, 1986.

The Meals on Wheels program is open to anyone over 60 years old with a physical, social or financial need, Mrs. Reavis said. The county has given Helping Hands land, but it would cost over \$100,000 to construct a new building to house the agency. With the economy in a slump here, raising that amount is out of the question.

Helping Hands spent \$4,000 this last year, and the county

provided \$2,000 to keep the program going. "All of us are working people, and it is hard for us on the board to schedule fundraisers."

Those serving on the Helping Hands board include: Beth Boyd, treasurer; Rachel Hall secretary; Savannah Wright, Jerry Hill, Louis Hall, Blanca Castro, Helen Wall, Margaret Porras, Elma Buchner and Joe Couch. "These board members often have a silent partner -- their spouse," Mrs. Reavis said.

The only paid employees of the Helping Hands program are Mela Flores, cook, and Juanita Delgado, volunteer coordinator.

The program has had vared support from various segments in the community. The Lillian Henderson Sunday School Class of the United Methodist Church and the Ruth Sunday School Class at First Baptist Church have provided assistance, and the Catholic Church has provided a space and utilities for the program. The Sunday School classes provided funds for an exterminator and phone.

"The community must help us. A person can be sponsored for \$20 per month. Those who receive the 50-60 meals daily will receive government commodities in November.

Mrs. Reavis said she first was interested in establishing a program here after she saw how the Meals on Wheels program benefitted her late parents. "They were both dying of cancer. That program helped my parents maintain their independence to the end and kept them out of nursing homes. This program is my thank you to the Lord."

BE KIND.
Remember, everyone you meet is fighting a hard battle.

Garden Club plans Mini-Show

On October 21, the Myrtle Post Garden Club held its regularly scheduled meeting. They were honored with Mrs. William O. Row, a flower show judge, presenting the program on "Basics in Flower Design". Mrs. Row put together several arrangements demonstrating both traditional and abstract design. Other elements of good design she stressed were balance in the use of plant material and the use of space. Her program was followed with a question and answer session.

In regular business, a horticultural tip from Mrs. Hudson Mayes was given on the use of house plants to control air pollution. Mrs. Jack Brewer gave a report on the Emerald House. Native grass seed had been purchased by Mrs. Lee Graves, and bluebonnet plants had been set out by Mrs. Jack Brewer. The club unanimously voted to pur-

chase a Christmas decoration for the town in conjunction with the Ozona Chamber of Commerce.

Members then discussed the club's upcoming Mini-Flower Show. The show will be November 2, 1985, at the Ozona Civic Center. Horticulture entries from the general public will be accepted. Specifics may be obtained from members. There will be five classes in the design division with an additional division for children. The show will be open to the public from 3:00 to 5:00 p.m.

Members in attendance were Mrs. Jack Brewer, Mrs. R. W. Bullard, Mrs. Steve Cannon, Mrs. Lee Graves, Mrs. John Hignight, Mrs. Hudson Mayes, Mrs. Richard Mayfield, Miss Leta Powell, Mrs. Phillip Smith, Mrs. Ben Williams and Mrs. Bobby Davee. Mrs. Steve Cannon was hostess with Mrs. John Hignight serving as co-hostess.

Ladies Golf Day

Ladies Golf Day winners at Ozona Country Club last Tuesday were: Marie White, low gross with a 93; Sherry Holt, low net with a 71; and Katy Jones, low putts with 27.

Winning team for the day was made up of Mary Webster, Marie White and Marilyn Cox.

Other golfers were Jeanne Wellman, Jonesy Williams, Jimmie Jacoby and Bobbie Fatout.

Couples golf

First place winners in Couples Golf at Ozona Country Club last Tuesday were S. L. and Marie White with Jim and Monte Sanker.

In the second place spot were Otis and Sherry Holt with Larry Hensley and Rita Sigwing.

Dale and Jean Taylor took third place honors with Royce and Brenda Newton.

Closest to the pin were S. L. and Marie White.

Band to contest

The Ozona Fighting Lions Band will compete Saturday in a University Interscholastic League marching contest in Brady.

A total of 30 bands, ranging from Class A to Class 4A, will compete in the contest, Kelly Glaze, band director, said.

In the contest, Ozona will compete against Llano, Brady, Sonora and Comanche in the 5-3A music district. This is the only contest this semester for the 80-member band.

The band will play "Entry of Centurions", "Sloop John B" featuring a trombone solo by Michael Glaze, a percussion number, "Grandfather's Clock", and "Tangerine".

The twirlers will also compete in solo and ensemble twirling contests. Twirlers competing in the Saturday contest include Jennifer Probst, Judy Flores, Sandra Ramirez and Peggy Knox.

Jr. high band performs

The Ozona Junior High Band, 99 members strong, provided the halftime entertainment during the Seventh Grade game here last week. This was the first time the junior high band had ever performed a halftime show.

"They had fun and enjoyed it," Band Director Kelly Glaze and Eric Wharton, assistant, reported. "It was a good experience, and we were proud of them," Wharton said.

Director of Activities
and Social Care

Autumn is really in the air. Some trees are beginning to turn. It is such a pretty time of the year.

We talked about the fall of the year, pumpkins and canning fruits and vegetables at a meeting of our reading group last Monday. Residents Ola Mills, Bertha Miller, Inez Biggs, Pauline Clinton and Hilda Dysart all enjoyed this session together.

Another session recently held was "Arm Chair Travels". Here the group enjoyed a "trip" to Nashville, Tennessee and the Smoky Mountains. Residents enjoying the trip included Moriama Perez, Hilda Dysart, Pauline Clinton, Bertha Miller and Ola Mills. Elvira Martinez assisted with both these activities.

Special thanks go to Bonnie Warth for having Moriama Perez's watch fixed this week. Thanks also to Nick for furnishing the supplies and labor.

This was movie week. On Monday we watched *Johnny Lingo* and on Tuesday we watched *Run, Appaloosa, Run*. We truly appreciate Louise Ledoux for obtaining these for us through the Big Country Library System.

Wednesday morning eight ladies came to the dayroom early and we made a pot of stew. The ladies peeled and cut the potatoes, carrots and onions, browned the stew meat, then placed it all in a slow cooker to cook 'til supper-time. At that time residents Ola Mills, Tomasa Ramoz, Juana Hernandez, Hilda Dysart, Pauline Clinton, Moriama Perez, Bertha Miller, and Inez Biggs all came back to the dayroom where tables covered with tablecloths donated by our Auxiliary, were all set for the evening meal. Jo Davidson, Lola Rios, and Elovina Martinez all assisted with this activity.

Ruth Hester directed ceramic class Wednesday morning. Resi-

dents Ola Mills, Tomasa Ramoz, Juana Hernandez, Pauline Clinton, Moriama Perez and Hilda Dysart all participated.

Thursday morning's beauty shop was manned by Clara Byrd, Vivian Hughes and Alena Faye Hokit. Clara played the piano for the enjoyment of all before the morning was over.

Bible study was brought this week by Ted Turnley. Glenda Henderson played the piano. Spanish Hour of Praise was conducted by Maria Vitela, Paulita Leal, Carmen Vargas, Flipa Munoz, Mariana Hernandez, Norma Flores, Victoria De La Garza and Isabel Molina.

Tuesday and Friday bingo winners included: Ola Mills, winner of the El Chato's dinner for two certificate, Tomasa Ramoz, winner of the first place gift certificate given by Watson's Department Store, and Minnie Karr, second place winner of donated Christmas cards. Bonnie Warth was our caller on Tuesday, and Lelia Tambunga, our caller on Friday. Other volunteers included Alice Ross, Minnie Karr, Dorothy Doll, Elvira Martinez, Sophia Tijerina, Mattie Cooper, Anna Bell Patrick and Gwen Nelson.

Friday afternoon our residents were treated to a VCR tape presentation of the recent vacation trip of Dr. and Mrs. Owensby. Helen explained all the beautiful scenery while Jo Davidson was in charge of the VCR. It was thoroughly enjoyed by all residents and staff.

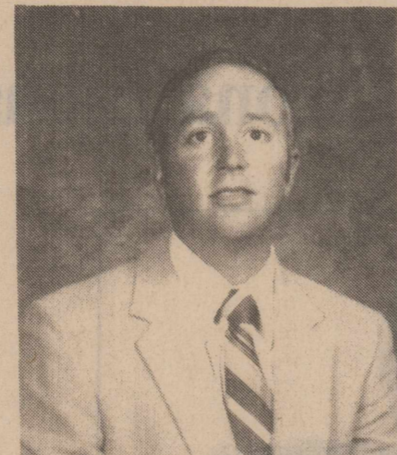

Following this showing, Alice Ross accompanied Jo Davidson, Dorothy Doll, Ann Mayo and Elvira Caldwell on a field trip and preview showing of our new Care-A-Van. But it has since left Ozona for San Antonio to be fitted with the wheelchair lift. Maybe, in about three weeks, we will be going on some of those planned

McKinney heads CCNB

Crockett County National Bank has had "impressive, slow, steady growth since it opened on June 20, 1983," Drake McKinney, newly named bank president, said recently.

Ozona is "experiencing a slump now, with depressed agricultural and oil and gas markets, but when these areas rebound, it'll get better here."

McKinney, an Ozona High School graduate, received a degree in business with a minor in distributive education (teaching high school business courses). He taught one year in Pharr and one

year in Mart, but discovered he disliked teaching.

McKinney started out 14 years ago in banking in Paint Rock. "I was leasing a ranch between Paint Rock and San Angelo when the bank in Paint Rock asked me to work for them. I moved from San Angelo to Paint Rock and worked at this country bank for seven years." McKinney moved from Paint Rock to Menard, and worked in the Menard bank

field trips.

Some five members of the First Baptist Church brought our Sunday church services this week. Residents reported they really enjoyed Brother Jim's sermon, Patti's solo and all the other good singing.

Special thanks go this week to Jo Davidson for donating two VCR tapes. They are "The

The Colorado City pass defense came out on top against the Lion receiver stopping him from a five yard gain.

another seven years before moving here.

More government regulations and paper work greet the banker of today, McKinney said. "There is more to keep up with. Years ago, a long time bank customer could receive a loan on his signature alone. Now, everything must be secured by collateral. I dislike this increased paper work."

Bankers need to be "conservatively progressive. They should have an active role in the community. They can be leaders, but this does not mean they have to head everything. Community service is an important part of the job. We need to be a part of the community," explained the Angelo State University graduate.

Fabulous Dorseys" and "The Little Princess". We will be seeing both of these soon.

Thanks also go to Mayde Jo Humphreys for sending nail polish and make-up for our residents' use and to Donuts, Etc. for sharing some more of their good donuts.

Smaller banks provide more personal service. "You get to know customers a lot better, and can serve their needs better."

The savings accounts have decreased during the last two years. "People don't have money anymore. Many are taking money out of savings accounts to live on. Deposits are dropping, and many customers are hard hit. We could all tighten our belts a notch. It is alright for everyone else to tighten their belts, but we are not willing to give up our standard of living."

Ozona needs two banks, because it is large enough to handle the competition. Good competition is a "good factor, because it strengthens everyone involved," McKinney said.

The May-June reporting period showed a \$500,000 increase overall from the previous quarter, McKinney said. This reflects slow, steady and consistent growth.

McKinney considers himself fortunate. "I have good support at home. The bank has a good potential for growth -- deposits in June topped the 12.5 million mark -- after starting with nothing two and one-half years ago. I like the people, and this is the area where I grew up and want to live."

Serving as directors for Crockett County National Bank are Bill Black, Gene Lily, Pancho Mc-

Mullan, Duane Childress, Jack Baggett, Wade Richardson, Sandy Stokes, Mrs. Bernice Jones, James Cleo Thompson, Leo Cervantes, Jimmy Powell and Drake McKinney.

These directors have "an active part in the overall goals of the bank and give the bank its overall direction."

Other employees of the bank include: Johnny Jones, vice-president; Beth Smith, cashier; George Ann Aycock, administrative officer; Diana Anderson, loan administrative officer; Evelyn Cervantes, drive-in teller; Joyce Galvan, secretary; Louis Hall, loan teller; and Wilda Ramos and Jean Sudduth, bookkeepers.

McKinney is married to the former Shane Henderson of Eldorado. He is the father of four children, Chandra Jane, a fifth grader; Dusty, a third grader; and Dawn, a second grader, all of San Angelo.

It's a boy

Rita and Patrick Rodriguez of Snyder are the parents of a son, Christopher Michael, born October 4, 1985. The baby weighed eight pounds, 12 ounces at birth.

Grandparents are Raul and Maria De La Rosa of Ozona and Jose Rodriguez of Snyder.

Are You
"Exporting"
Dollars

OUT-OF-TOWN?

They are missed sadly when you spend them away from home. A dollar that leaves town will never support our schools and churches or provide jobs and opportunities for our young people. All benefits are gone for good.

Your dollars are the very life blood of our community. You can help keep it a good place in which to live and do business when you buy and bank . . . at home.

LIONS

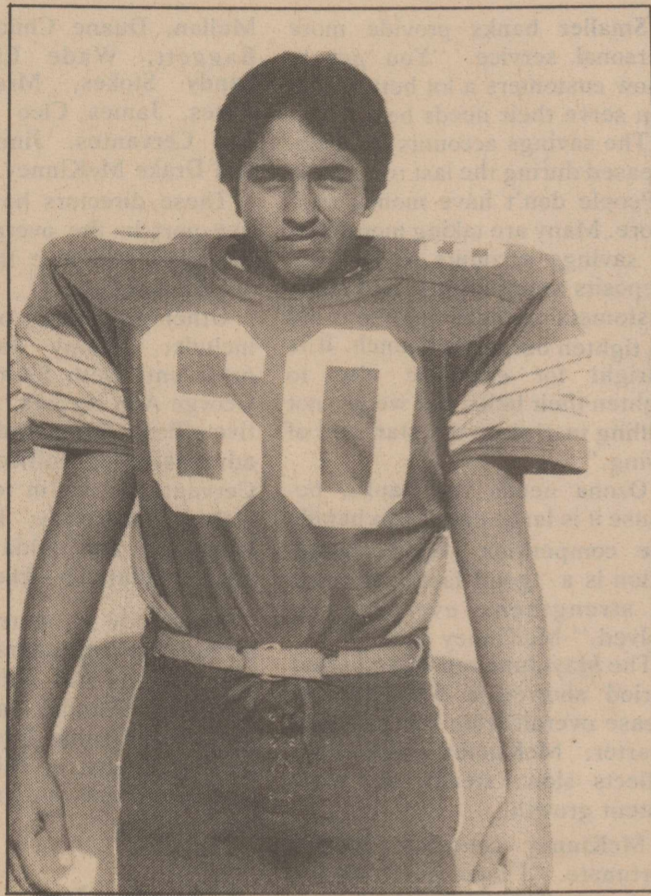

Lion Fever...
CATCH IT!

Ozona Lions vs

Crane Golden Cranes

THERE, 8:00 p.m.

Introducing the Ozona Lions

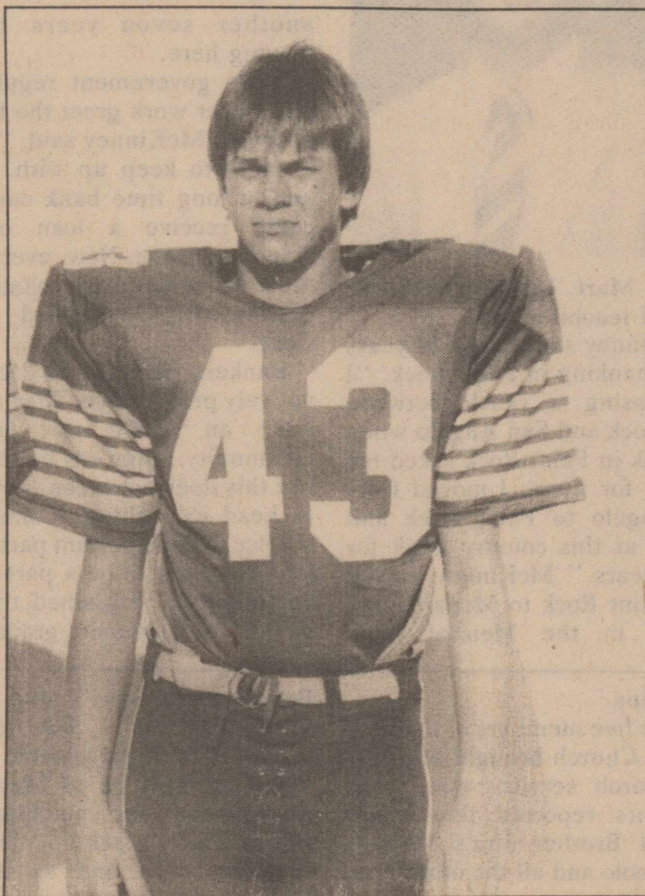

ABEL LARA

Junior guard Abel Lara, a five year veteran of the football program, would like to "Make at least honorable mention on the all district offensive and defensive units this year. I play football because I like the physical contact. I enjoy competing against other area towns to test my athletic ability."

Lara, the son of Rosendo Lara, also plays basketball and is active in VICA through his welding course. Maintaining "above a B average" is important to the Junior Class president.

Cruising, listening to music and being with friends as much as possible fill his leisure hours.

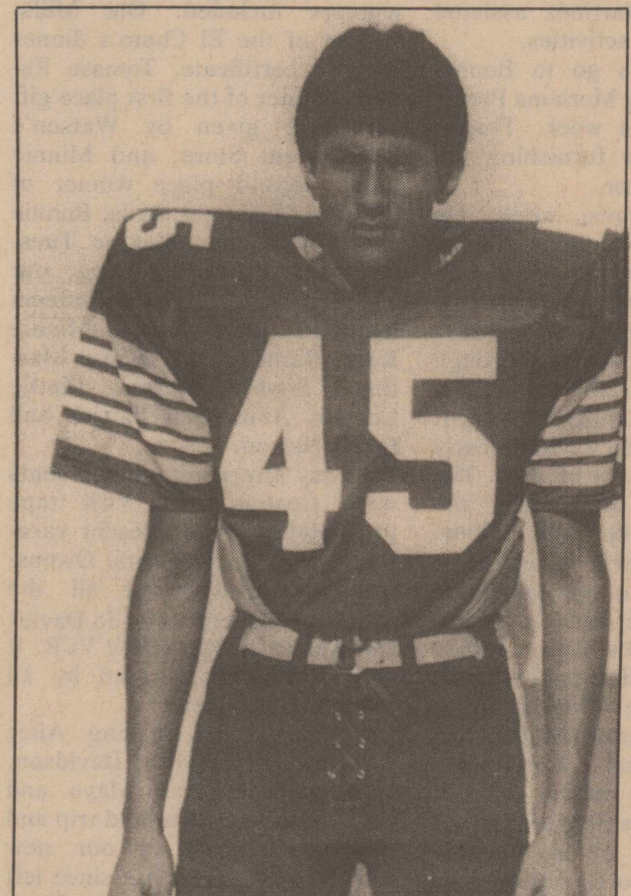

RODNEY BEASLEY

High academic and athletic goals are a matter of fact for junior tight end Rodney Beasley.

"I feel that I will benefit physically and mentally from our athletic program," said the two year football program veteran.

Beasley, son of Charles and Martha Beasley, is a member of the National Honor Society and also has participated in the UIL one act play competition.

The active junior has lofty goals -- bettering himself and the Lions' team and maintaining an A average. He also participates in the track program and has plans to attend some major college.

JAIME CASTELLANOS

"I like the excitement of the sport and the experience of hitting someone," Jaime Castellanos, a five-year football program veteran and Lion junior safety said. "I want to be an all district receiver."

Castellanos, son of Mr. and Mrs. Juan Castellanos Jr., also plays basketball and is an active member of VICA through his auto mechanics work.

Academically, he would like to graduate with "an average grade point average and be a member of the National Honor Society." Castellanos is undecided what will happen following his graduation.

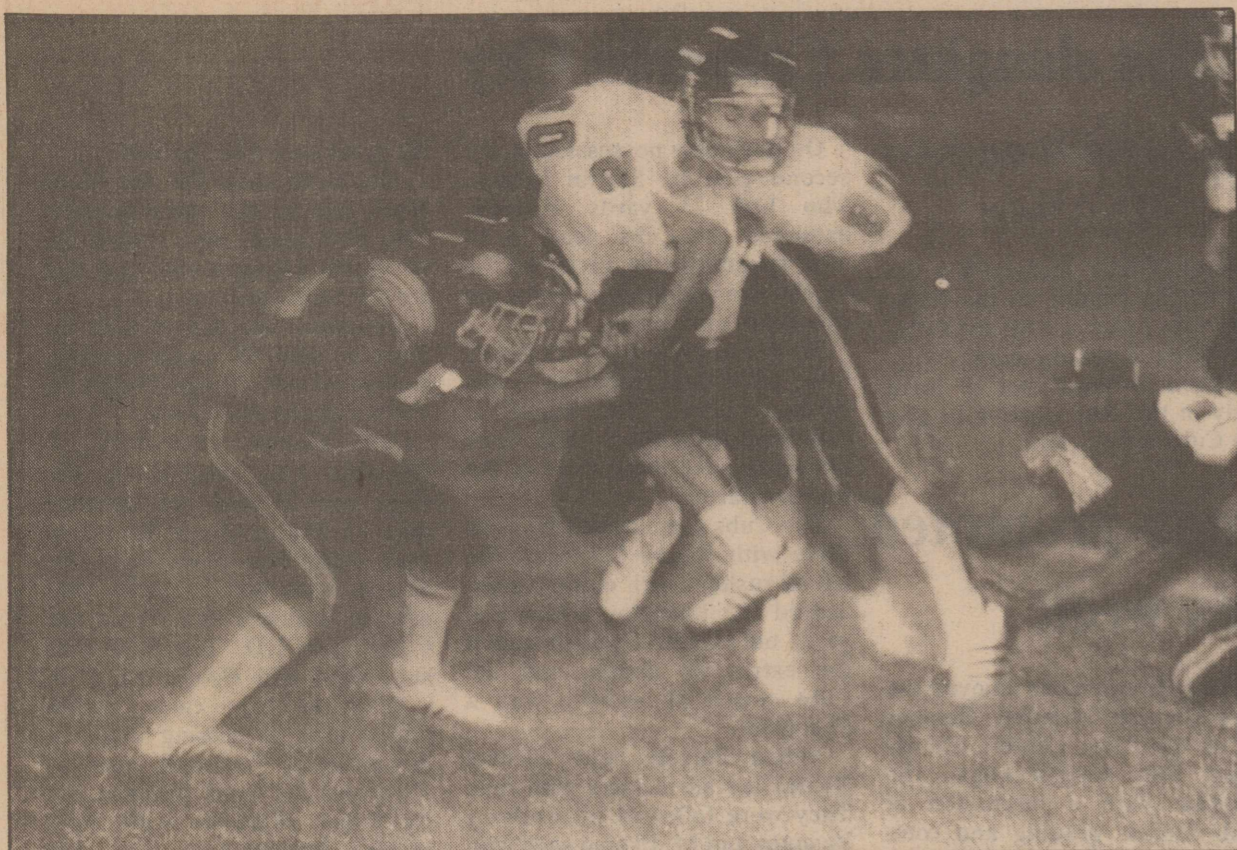

In his spare time, he likes to listen to rock music, juggle, and ride around.

The Lion defensive unit in action doing a good job against the Colorado City' running back stopping him behind the line of scrimmage for a three yard loss.

Freshmen lose 20-0
By Copie Davis

The Ozona freshmen journeyed to Colorado City last Thursday trying to recapture the thrill of a 16-13 junior high victory over the same Wolves last year. But a pass happy, run and shoot offense by the Wolves zapped the freshmen Lions 20-0. The Ozona secondary was burned for three touchdown passes and another long pass that set up a Colorado City touchdown.

The first touchdown came on a 36 yard pass late in the first quarter. The PAT was unsuccessful, and the Wolves took a 6-0 lead.

In the second quarter, Colorado City scored on a 15 yard pass play, then added the two-point conversion, making the halftime score Colorado City 14, Ozona 0.

In the second half, Ozona threatened to score as they moved down inside the Wolves' thirty. However, quarterback Copie Davis led tight end Robby Tambunga into traffic, and the pass was picked off. Davis went 2-7-38 yards and tossed three interceptions.

Colorado City scored once

more on a pass in the fourth quarter to polish off Ozona 20-0.

Offensively, running back Brandon Morgan hammered out 47 yards on 14 carries for a 3.4 yard average. Johnny Lombrana tallied 24 yards on six carries, and Davis had twenty yards on four carries.

B. Morgan also played well defensively, ditching Colorado City ball carriers nine times. Following Morgan were R. Tambunga, Wolv Rutherford and Paul Galan each with five.

Coach David Porter stressed that the Lions are improving and will win many games in the weeks to come.

J.V. falls to Wolves

The Ozona J.V. took on Colorado City in their first district contest last Thursday night. As their freshmen counterparts previously did, the Lions came up short 12-7.

In the first quarter, Ozona scored by way of sophomore running back Oscar Payne. He bulled over from the one and then added the extra point to give Ozona an early 7-0 lead.

The defense held Colorado City for the rest of the half and third quarter.

When the fourth quarter began, Colorado City also began to come alive. As a monsoon pelted Wolves' Stadium, the Colorado City offense scored twelve points to rally over the Ozona Lions 12-7.

Coach Gene Hood commented, "Overall, we really played a good game. Had it not been for a few defensive breakdowns, we would've won the ballgame."

Offensively, Ozona rushed for more than a hundred yards as Danny Sanchez led all rushers with 42 yards on four carries.

Derold Vargas and Oscar Payne combined for 48 yards on 19 carries as Vargas rushed for 21 and Payne rolled out 27 yards. The rest of the offensive muscle was supplied by Landon Duncan and fullback Bret Hood.

Passing success was limited as a wet ball held D. Vargas to one of nine for 17 yards and two interceptions.

On the defensive side of the game, Jim Etheredge led all tacklers with eight. He was followed by Jeff Sanchez with seven and Rene De La Rosa with five.

Forecast good for deer season

By Rod Chalmers,
State Game Warden

With deer season right around the corner, I thought it would be a good idea to run an article on rules for those who haven't had a chance to pick up a free Texas Hunting Guide for the 1985-86 season. By the way, there's a good supply on hand at most places where licenses are sold, and your Game Warden has some if you can catch him this time of year.

General whitetailed deer season this year in Crockett County runs November 9 through January 5, inclusive. Your license entitles you to four whitetails, no more than two of which can be bucks. That's an extra doe tag, if you're counting, and this could be a good year to use them in view of a high fawn crop for the past two years. Just be sure the tags you use are your own. Antlerless permits are required, same as before, and you get those from the landowner. Standardization of opening and closing dates caused the season to be longer than usual this year. The total number of huntable days will vary from year to year, but it will always open on the second Saturday in November and close on the first Sunday in January every year, so now you can plan your hunt in 1999 if you want to. Incidentally, whitetailed season

west of the Pecos will have the same dates as Crockett County this year.

General mule deer season will run November 30 through December 8. There's an antlerless mule deer tag on the license, but since we don't issue doe permits in this county for mule deer, that limits you to one...a buck...if you're lucky!

Quail season will open November 2, statewide, and close February 23. Daily limit is 12, and possession limit is 36. And for those that are still confused, you don't have to plug your shotgun to a three shell capacity if you're hunting quail. And you can shoot quail by the deer feeder, if you're so inclined. It's doves and other migratory birds that have the more restrictive regulations. If you hunt quail while hunting doves from January 4 through January 13, 1986, plug your shotgun and stay away from the baited areas and you'll save your Game Warden some paperwork.

Turkey hunters should have a hey-day from November 9 through January 5. There are lots of turkeys around, and you can take either sex during this period. It's during the Spring season that you can take only gobblers. There are three turkey tags on your license; one for Fall, one for Spring, and one "swing" tag. If you kill two turkeys in the Fall, that leaves one for the Spring season, or vice versa.

Good pasture conditions have helped with the deer crop this year. The deer have good bodies and antlers this Fall and are plentiful in number.

As you've noticed, we've got as many tags on our license this year as there are in a pen full of show lambs, and it's going to require some reading to keep from using the wrong one at the wrong time.

It's self-explanatory, if you'll pay attention to what you're doing, but if you don't understand, call me at 392-3972, and I'll try to help clear it up. Noon is a good time to catch me at home; if you call at 8:00 a.m. for any reason other than to report a violation in progress, you'll probably get a grouchy, sleepy ole' cuss who's been up all night chasing outlaw hunters. Besides, his mind is kinda muddled about then, and he probably won't know what you're talking about, anyhow!

Hunting safety should be top priority for everyone in the field. Hunter judgment causes the majority of hunting accidents, with safety or law violations running somewhere close behind. Every deer season, careless mistakes, often compounded by alcohol abuse, cause serious injury and often death, followed by untold grief. Hunting accident investigation is one part of my job I intensely dislike. A little help through prevention will be greatly appreciated.

Good Hunting!

Rachel's reviews

By Rachel O. Hall

The juicy tenderness and delicate flavor of today's lamb can be used for a variety of occasions ranging from special gourmet feasts to economical family dinners. Most lamb is marketed when it is 6-8 months old.

When selecting lamb, look for meat that is pinkish-red and has a velvety texture. Since lamb is from young animals that have had little time to store fat, there is little marbling and only a thin layer of fat around the outside of the meat. The bones should be porous and reddish, indicating a young animal.

With more than 40 lamb cuts to choose from, many will meet your needs and fit your budget. Popular cuts include: American-style, French-style, boneless, butterflied, leg roasts, sirloin leg chops, sirloin half and shank half roasts. From the loin section, there are popular loin chops and loin roasts. Prestigious cuts from the rib section often include: crown roasts, rib roasts and rib chops. Economy cuts often include: shoulder roasts, spareribs, neck slices and ground lamb.

Lamb cuts are available at both Thornton's and T & T meat markets this week, for a limited time. If you haven't tried cooking lamb, why not pick up some this week and try some of the following tasty recipes.

BROILED LAMBURGERS

- 2 pounds ground lamb
- 2 tbsp. dehydrated parsley flakes
- 2 cups grated carrots
- 2/3 c. fine dry bread crumbs
- 2 tsp. salt
- 1/2 tsp. pepper
- 2/3 c catsup
- 8 strips bacon

Combine lamb, onion, parsley, carrots, bread crumbs, salt, pepper and catsup; mix well. Shape into 8 patties, about 1" thick. Arrange bacon around patties. Fasten with toothpicks. Broil 3 to 4 inches from source of heat or cook on grill 5 to 7 minutes. Turn and broil 5 minutes, or until desired degree of doneness. Serve on hamburger buns, as desired.

BARBECUED RIB CHOPS

- 1 pkg. (5/8 oz.) Italian Dressing Mix
- 1 can (6 oz.) tomato paste
- 8 lamb rib chops, 3/4" thick

Combine salad dressing mix and tomato paste; spread in thin layer over top side of chops. Broil 3-4 inches from source of heat, or cook on outdoor grill, 5-7 minutes. Turn, brush second side with sauce, cook 5 minutes longer, or until desired degree of doneness.

Library News

Texas, Our Texas: Read All About It!

The Texas State Library is launching a "Read-a-Texas-Book-a-Month" campaign in November. The campaign, to be continued throughout 1986, will urge Texans to learn more about the state by delving into the wide variety of fiction, folklore, history and poetry available. Readers can make the year a challenge by creating personal reading goals of one book a year, one book a month, even ten books a month! Besides reading the story of Texas, participants can also share the story of Texas. As part of the reading campaign, the State Library will urge Texans to purchase Texas books and donate them to public libraries so that more interested readers can participate. Reading and discussion programs centered on Texas books are being planned in many Texas libraries to expand the celebration.

October is National Stamp Collecting Month. Check with your local postmaster for new stamps being offered and for collecting information.

A couple of important October dates to remember are: October 27, Standard Time Change, and October 28, Statue of Liberty dedicated in 1886.

And of course, the most important date for us at the library -- October 26, MOVING DAY at the library.

See all your Friends of the Library on Saturday!

There is a very good article in the October issue of *Texas Monthly* magazine entitled "When the Well Runs Dry" by Elmer Kelton. This article addresses the Texas water problem. Since Mr. Kelton is a native Texan from San Angelo, he really hits home with some local examples of water shortages, reclamation projects already in use, and solutions that he thinks are feasible. It is a very timely and scary article that I encourage everyone to read and to become more aware of a very real and present problem facing Texans. Voters will be asked to vote for or against a \$980 million water bond in November.

Cubs slaughter Colorado City

CUBS SLAUGHTER COLORADO CITY

By T. C. Tucker

Jason Vitella recovered a Colorado City fumble on the Cubs' forty yard line to set up the Cubs' first score Thursday night.

Ruben Borrego shot 19 yards in the first quarter to give the Cubs a 6-0 lead.

On their only possession of the second quarter, Martin Urbino, who had 73 yards rushing, extended the Cubs' lead to 14 after speeding sixty yards for the touchdown and three more for the two-point conversion.

In the second half, Colorado City held the Cubs to short yardage plays, but failed to capitalize themselves. The Cubs did score once more early in the fourth quarter.

The Cubs executed a fifty yard drive with Ruben Borrego, who led all rushers with eighty yards. Scored the touchdown from ten yards out. Oscar Gutierrez added the extra two points, and the Cubs closed all scoring with a 22-0 lead.

Ruben Borrego and Michael Ybarra led all tacklers with five. They were followed by Anthony Vasquez and M. Urbino each with three. Other Cubs with one and two tackles included: Fleet Worthington, John Payne, Jason Vitella and Brad Bollier. Mingo Perez also had an interception.

The Eighth Grade Cubs executed a 59 yard drive that set up Chris Denman's one yard quarterback sneak that put the Cubs ahead 6-0.

Last Thursday night, the Cubs experienced a hard-hitting game. Even though the Cubs came out victorious 21-0, they had to fight

for every inch they gained. The next score for the Cubs came late in the third quarter. Lalo Rodriguez, who rushed for 96 yards, plunged into the end zone from a yard out.

Denman, who passed nine for fourteen and 88 yards passing, connected with George Ybarra for the two-point conversion.

Gus Garza recovered a Colorado City fumble on the Cubs' own 25 yard line. Denman then hit Phillip Munoz for a five yard gain. Two plays later, G. Ybarra, who had 57 yards total offense, motored 16 yards for the Cubs' last T.D. The PAT was successful and Ozona led 21-0.

Colorado City came within eight yards of scoring a touchdown late in the fourth quarter. However, the Cubs' defense, led by Roger Martinez with eight tackles, pushed them back over the fifteen and eventually took control of the ball. Other defensive leaders were Mark Fierro, P. Munoz and Issac Leal, each with five. Leal also picked off a Colorado City pass.

The Cubs had 257 yards total offense. Besides Rodriguez and Ybarra, other rushers included: R. Martinez with 51 yards, and P. Munoz with 43 yards receiving.

This week both teams travel to Crane to try to extend their undefeated record.

Lamb promoted this week

Thirty-five persons enjoyed the lamb seminar Monday, October 21, at the Civic Center. County Agent Billy Reagor began the program with a discussion of lamb carcass grading and comparison. Two lamb carcasses - choice and good - were utilized in comparing yield grades. Crockett County is number two in the state on lamb production, while Val Verde County is the number one producer.

Orlando Vargas reviewed the numerous retail lamb cuts and where they are located on a lamb carcass. Leg of lamb and loin cuts cost more in the supermarket, because there is less waste and more demand. Consumers can expect to find lamb priced from \$2.00 to \$2.50 per pound. Lamb is available at T & T and Thornton's supermarkets this week.

Charlie Frazier discussed lamb cooking and serving methods. He recommended preparing lamb on meat racks that would allow fat to drip off, create less smell, and a tastier meat. Lamb is best when prepared in its own juices with no oil or liquid; especially if broiling or roasting. A heated mint jelly and dry wine basted leg of lamb created a very tasty entree of lamb with fresh vegetables for everyone at the conclusion of the program.

This lamb seminar was coordinated through the Extension Home Economics Committee in order to promote one of Crockett County's valued commodities, lamb!

Coach Jim Green gives defensive hand signals as Coach Brant Meyers [r] and Copie Davis relay information from the press box.

No pass, no play regulations explained

House Bill 72, which was enacted by the Texas Legislature last year, established new academic guidelines for students who participate in school extra-curricular activities. This section of the law has commonly been referred to as the "no pass, no play" policy, and it sets forth new state requirements, both before and during the school term, that students must meet and maintain in order to participate in these activities.

At the beginning of each school year, students in the seventh, eighth, and ninth grades who wish to participate in extra-curricular activities must have been promoted from the previous grade, and students in the tenth, eleventh, and twelfth grade must have earned a specified number of cumulative credits in state-approved courses during the previous year.

Student eligibility during the school year is determined on a six-week by six-week basis. If a student passes all of his/her courses at the end of one six weeks period, then they are eligible to participate in extra-curricular activities for the next six weeks. A student who fails to achieve a grade average of 70 or higher in all of his/her subjects at

the end of a six week reporting period is not allowed to participate during the next six weeks.

Students may regain, retain, or lose their eligibility each six weeks. For example, a student who is ineligible the second six weeks can regain his eligibility for the third six weeks of school by attaining a passing average in all coursework completed during the second six weeks.

The new rule applies to not only students involved in athletic activities, but also to band, literary, or any other activities under the sponsorship of the University Interscholastic League or the sanction of the State Board of Education and the local School Board of Trustees. Examples of sanctioned activities are: 4-H, F.F.A. and V.I.C.A. organizations.

Comings and Goings

By Cynthia Harrell Hodges

Mrs. Dorothy Friend was in McAllen last weekend to visit her son and family, the Jo Warren Friends.

Mr. and Mrs. J. B. Miller and Mr. and Mrs. O. D. Poulk of Hobbs, New Mexico returned to their homes last week from Pennsylvania, Virginia and Washington, D. C. with the Southern Travel Service on their American Heritage Tour. The Poulks formerly lived here when he was with El Paso Gas Co.

Beth Boyd was in San Antonio Friday to attend a festival and special events seminar sponsored by the Texas A&M Extension Recreation and Parks Service. She brought back lots of useful information which will be applied to Chamber of Commerce and other community activities.

Mr. and Mrs. Charles Preddy visited in Kerrville this last weekend with their son, Mike Preddy, his wife, Tracy, and their children, Chuck, 7, and Allison, 3. While there, the Preddys saw second grader Chuck play in a school soccer game.

Belated birthday wishes also go to Andy Coates, son of Mr. and Mrs. Fleet Coates, who is now six years old.

Belated birthday wishes to Mary Ybarra.

Janie and Jack Riggs have returned from a short trip to Monterrey, Mexico.

Combining church services recently with Mt. Zion Baptist Church were members from Bethlehem Baptist and the IME Church in Big Lake.

Rodney Najar is in Crockett County Hospital following a motorcycle accident Sunday afternoon eight miles south of Ozona.

Oklahoma City residents Leroy Usery, Clayton Barnwell and Bob Blue visited Mr. and Mrs. R. A. Harrell last weekend.

Some college students were in the stands Friday night cheering for the Lions during the Ozona-Colorado City game. Katy Cameron, daughter of Mr. and Mrs. Tom Cameron, was here from Mayer, Arizona where she attends ORME School, and looked dapper in her "Green Acres" blue jean overalls.

Gary Davis, son of Mr. and Mrs. Garland Davis, attended the game, representing Angelo State University.

Bobby Aycock of Sul Ross State University also attended the game with two other Sul Ross compadres.

Happy seventh birthday wishes to Sara Harrison, daughter of Rev. and Mrs. Ken Harrison.

Linda and Scotty Moore visited in San Angelo recently with their son, Scott, Jr., and her brother and sister-in-law, Travis and Bernice Crow.

October Day

On this cool, brisk, October day As I jog along my way Leaves of changing color are blown By gusty winds of Winter songs.

The Southward call sounds beyond As they pass over a frozen pond And the clouds are a husky gray On this cool, brisk, October day.

Halloween will be coming soon Witches - riding on their brooms Children - trick or treat - will play On a cool, brisk, October day.

I feel I've been this way before And I'm jogging my way once more Won't tomorrow really be yesterday? On this cool, brisk, October day.

Churches plan Halloween activities

Little spooks and goblins from Ozona United Methodist Church and First Baptist Church will be entertained with a spook house, costume contests and various Halloween games.

A Pumpkin Festival will be held in the United Methodist Church fellowship hall from 5-7 p.m. Sunday, October 27.

"We'll have a light supper plus treat sack for the kids. Adults are encouraged to come in costume, and of course there will be judges, prizes and lots of laughs," festival coordinator Susie Harrison said. The festival is restricted to members of the church and their close friends. Last year's first Halloween festival drew about 75 little goblins. A fishing pond and various other games will be featured in the family funtime.

Little Baptist gremlins and friendly ghosts will gather at trailer 36 at Circle Bar Truck Stop starting at 7:00 p.m. Halloween night. First Baptist Church bus outreach director Pat Alexander reported. The Halloween fun night will be limited to those 50 children enrolled in the regular program. Treat bags will be provided to the prekindergarten through seventh graders.

School Cafeteria Menu

Monday, Oct. 28
Pizza, pea salad, fresh garden salad, tropical fruit cup

Tuesday, Oct. 29
Cheesy beef hideway, buttered corn, vegetable salad, mixed fruit

Wednesday, Oct. 30
Chicken and dumplings, buttered carrots, tossed green salad, sliced peaches, bread

Thursday, Oct. 31
Spaghetti and meat sauce, buttered peas, lettuce wedge, pineapple tidbits, cornbread

Friday, Nov. 1
Barbecue brisket, potato salad, cabbage slaw, chocolate cake, hot rolls

VFW Auxiliary organization sought

Mrs. Edith Bradley and Mrs. Jo Hodges of San Angelo were in Ozona two days last week as part of an effort to establish a ladies auxiliary for the VFW. Mrs. Bradley is president of the District 22 VFW Ladies Auxiliary and Mrs. Hodges is senior vice-president and district chief of staff.

A woman may join the VFW Auxiliary if she is mother, wife, widow, sister, half-sister, daughter, foster daughter, grandmother or granddaughter of a veterana of honorable service in the U. S. Armed Forces, authorized to receive campaign medals or ribbons for overseas service. Authorization is shown on veteran's separation documents.

Foster mothers and foster sisters are eligible if in that status before veteran's overseas service was rendered.

Women veterans authorized to receive campaign medal or ribbon for overseas service and mothers, sisters, daughters of qualifying women veterans are also eligible.

Members must be U. S. citizens, at least 16 years of age. In applying for membership, widows who remarry and divorcees may not base eligibility on service record of a former husband.

The VFW Auxiliary is much more than a social organization. Through auxiliary efforts, funds are sent to the VFW National Home. Money from poppy sales helps provide funds for children in the home. Scholarships, safety programs through schools, drug abuse programs, rehabilitation aid to senior citizens, aid to hospital patients and bereaved families are a few of the areas where the VFW Auxiliary works to achieve the motto "Honor the dead by helping the living."

Birthday party for Nelsons

Ann Marie and Courtney Nelson celebrated their seventh birthdays with a party at their home Tuesday, October 15, at 4:30 p.m. Hosting the party were their parents, Mr. and Mrs. Douglas Nelson.

Sister Gwendolyn and brother Coleman joined the twins in celebrating with their friends, Linda Nicole Carter, Christy White, Jaden Duncan, Jason and Amanda Hignight, Lecretia Stewart, Veronica Vasquez, Amy De Hoyos, Lando Pena-Alfaro, Jamie Porter, Shelly Sullivan, Michael Henry, Sara Harrison, Brooke Collette, Michael Nicks, Chris Zimmerman and Megan Mitchell.

Others attending were Mrs. A. K. Martin of Sheffield, their grandmother, Mrs. Son Varga of Carta Valley; Mrs. Paul Rosenow of Carta Valley, and Mrs. Annabell Patrick of Ozona.

A festive cake with My Little Pony and a castle at one end and Barbie at the other was served with Fudge Cicles and punch.

Adams bulls his way through Colorado City's defensive line carrying a tackle with him for a five yard gain.

Ozona blanked by Colorado City

By Cynthia Harrell Hodges

Following a 25-0 loss to Colorado City, the Ozona Lions will attempt to get back on the winning track against tri-district leader Crane Friday night in Crane. The Lions will have a big size and speed differential to overcome.

The Golden Cranes are a "very big, fast team with much experience both offensively and defensively," Head Lion Coach Jim Green reported this week.

Crane, who shares the 7-3A district lead with Ballinger and Colorado City, demolished Coahoma 54-8 in their last game.

Junior tailback Gerald Mitchell and senior 205-pound split end Kenny Walker provide a powerful running attack. "Mitchell is faster than anyone we have," said Coach Green. Fullback Cliff Wilson scored three times against Coahoma and provides Crane with still another weapon to use against the Lions.

"Ozona must play good defense, like we did during the first quarter against Ballinger to stop Crane," Green said.

"I was satisfied with the kids' effort, but not with my preparation for the game. We were not prepared for Colorado City's tremendous speed. We are preparing for such speed in the Friday game."

During the game Friday night, the Lions had chances, but just could not get untracked. "We had trouble holding onto the ball. This was due to a lack of concentration. This week, we will depend more on the passing game, which has developed throughout the season. Often in the Colorado City game, fumbles and interceptions stopped our drives.

Abel Lara made the "hit of the week", and Harvey Fierro also had a strong game offensively and defensively. Fierro had two interceptions and caught eight passes for 72 yards. Steve

★ HB 72

(Cont. from page 1)

ties provide an incentive to keep some in school. This provision, no pass, no play, will prepare them for life. Life to them is 400 years from now to a seventh grader," Green said. "They are interested in now. We are using the penalty system, not the bonus system, and I feel the bonus system works a lot better."

Green and Glaze both urge parents to show a sincere interest in their children's progress. "Don't wait until test time to ask how they're doing in school," Glaze said. If a student is having trouble, schedules conferences with teachers.

McCamey lost three varsity players and one junior varsity players. Crane lost three varsity football players and 12 J.V. players. Sonora lost no varsity players and three J.V. team members. Some larger schools were affected. Odessa Permian lost no varsity players, while Odessa High School lost two because of the new eligibility requirements.

For Glaze, the timing of the new eligibility standards is bad. The band is preparing for a marching contest in Brady Saturday. "A two week penalty would be more effective. Many are not mature enough to see six weeks ahead, and are totally devastated by this. Six weeks to some is forever."

Sanchez, quarterback, with 10-23 passes, had a "fairly decent pass completion percentage. He threw the ball well in clutch situations." Sanchez received good protection from an offensive line -- left tackle John Tom Stokes, left guard Abel Lara, center Peter Shacklette, right guard Art Gonzales, and right tackle Don Guiterrez, which allowed only one quarterback sack.

"Gonzales is one of our most consistent players. He doesn't shine, but he does make a big difference and does the job," Green said.

The opening quarter saw a defensive struggle between the Wolves and the Lions. Ozona received the opening kickoff, but was unable to move the ball. Colorado City fumbled during its first possession, but the Lions were unable to take advantage of the fumble recovery by Steve Sanchez.

The Wolves exploded offensively in the second quarter with 18 points. The first scoring drive for the Wolves started on their own 49 yard line. A key run by senior running back Sammy Rivera and a 29 yard pass from senior quarterback Mike Ligon to junior tight end Michael Swann set up a one yard touchdown run by Rivera. The PAT by Raymond Martinez was no good at the 7:30 mark of the second quarter.

Penalties and a Lion fumble on their own 38 yard line stopped the next Ozona drive and provided the Wolves with their second scoring opportunity.

Senior tight end Robert Lemons caught a 23 yard pass, and quarterback Mike Ligon scored from the seven yard line to make the score 12-0 in favor of Colorado City. The PAT two point conversion try was no good at the 3:04 mark of the second quarter.

The third Colorado City score came after a second Ozona fumble. This time the Wolves decided to use their air attack for the score. Ligon connected on a 30 yard pass to Swann for the

third score, with :13 left in the half. The two point conversion pass from Ligon to Swann was no good, and left the score 18-0 at the half.

The second half opened with the Wolves receiving the second half kickoff on their own 35 yard line. Two plays later, at the 10:45 mark of the third quarter, Ligon connected on a 70 yard pass to Swann for the fourth score of the game. The two point conversion pass from Ligon to Swann was blocked, and this made the score 24-0.

Penalties, fumbles and interceptions stopped the remaining drives for both teams. Harvey Fierro ended a potential Colorado City scoring drive with a timely third quarter interception. An incomplete pass halted the only Lion third quarter drive of the evening at the Wolves' 45 yard line.

The Lions were fortunate in that they suffered no additional injuries this week. Valdo Galindo, who fell down steps at his home the Thursday preceding the Ballinger game, is out for the season, after undergoing arthroscopic knee surgery.

Both Bret Thompson and Blas Vargas saw limited action, and had to play with pain, Coach Green reported. "They were injured in the Ballinger game. Brian Morrow, also injured in the Ballinger game, did not play. "We anticipate that he will see action against Crane."

Marty Moran was injured in practice Tuesday afternoon. He underwent knee surgery Wednesday and is out for the rest of the season.

who must take over, if a second ambulance is needed. There are also first responders, who go to the scene of an accident and start immediate first aid care.

Others involved in this important work include: Joe Moran, course coordinator and job trainer; Henry, co-coordinator and EMT instructor; David Cooke, CPR instructor; and Mrs. Hunnicutt, also soon to be certified as a CPR instructor. There are two associate members who have no training in ECA, EMT or EMT-Special Skills, and these two serve as drivers for the organization.

Among those listed as EMT-Special Skills are Brian Henry, Joe Moran, Doug Meador, Tina Moran, Janet Henry (inactive), Carol Hunnicutt, John L. Henderson, David Cooke and T. K. and Dub O'Bryant.

Those certified as EMT's include: Ben Ross, Billy Ruth Keiser, Dorothy Lane, Dee Keisers, Raymond Maldonado, Zoe Green, Lorelei McMullan, Shawn Mitchell, Eleno Moran, Dawn Burns, Paula Westmoreland and Dugan O'Bryant.

Certified ECA's are Betty Gonzales and Myra Jones. To remain certified, classes must be taken every four years.

Unspoken members of the organization are the members' spouses who sometimes are awakened during the middle of the night, must take over their children on a moment's notice-- "members must have their husband's or wife's support," Mrs. Hunnicutt said.

Honorary members of the EMS include Dr. Robert Owensby, Dr. Don Carlisle and Don Hopkins, hospital administrator.

High School Honor Roll

The following students made the Honor Roll for the first six weeks of the 1985-86 school year at Ozona High School. Band, P. E., athletics, driver education, office and library aides do not count toward the six weeks' average. A student must have a 90 or better academic average to be on the Honor Roll, and not have any grade below an 80 on their report card.

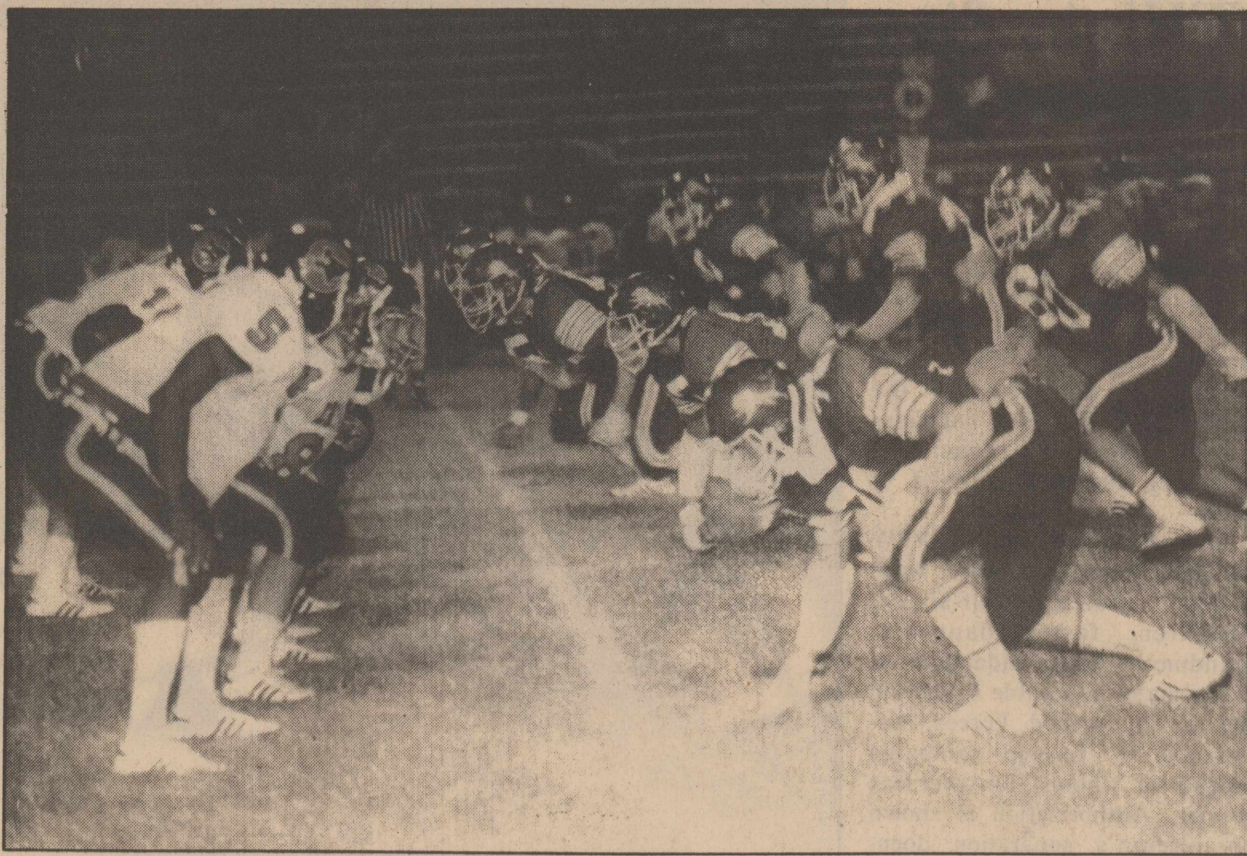

Eighteen members of the Freshman Class are listed on the Honor Roll followed by the Junior Class with 14. The Seniors had 12 to receive the recognition, and there are 10 sophomores listed.

CCNB hosts conference

An area bankers' conference was held at Crockett County National Bank last week. Representatives of 24 banks met to exchange ideas and discuss potential banking problems.

Area bankers started meeting five years ago, and the meeting sites change with each conference. "We decided it would be nice to meet everyone," Crockett County National Bank President Drake McKinney said.

The conference has grown to include the area from Brady to Sanderson.

A barbecue preceded the conference.

Lifeline telephone available

Life Line Telephone System needs five more interested persons to enable installation of the system, says Jo Davidson. If you live alone or know someone who needs a 24 hour telephone emergency system, call Beth Boyd at 392-3066.

The system includes a remote box that will operate within 100 feet of your phone and can be carried outside the house, into the kitchen, bathroom or elsewhere.

Six persons have signed up for the \$15.00 a month service which will be connected to the hospital.

Leukemia in cats

Feline leukemia virus, a leading cause of pet cat deaths, has recently claimed pets belonging to mother and daughter, Marge and Jan St. Clair. The disease was unknown to the two pet lovers until it struck their animals. The virus is present primarily in the saliva, but also in urine and feces of infected cats. Typically, it is passed from cat to cat by licking, biting and sneezing. Less often FeLV is transmitted in mother's milk or through the womb to unborn kittens. Because FeLV is blood-borne, even fleas that have

Pandale Pannings

by Jonny Johnson

This will be one bow hunting season that will probably be remembered by a lot of hunters.

Two sets of hunters on C & H Ranch in particular. They were camped where Seven Mile Draw makes a large bend. Walker and his wife, Lisa Lowry, and David Edwards of Richmond were stranded for several hours, no big problems, lost ice chest and wanted the water to recede.

Jack Tucker, Jr. and Glen Tucker of Ft. Worth were also stranded for several hours - tent was flooded and equipment wet. They walked out about 9:00 a.m., no injuries, just damp and uncomfortable.

About five years ago in September, Stah and Vonda Flanagan, Glen Baker, Ray Hobbs, Felipe Torres, Calvin and I helped nine men from an oil rig cross the same draw hand over hand on a rope tied to their car and a big Jay Miller pickup. When the draw was running bank

to bank. They were caught in the curve and couldn't go back to the rig. We had from 3.4 inches to 4.8 inches. All the draws ran between Bean Hill and Pandale some in a big way.

The rain came about 1:00 a.m. It rained 2.5 inches at Pandale. All the draws came down, and Pandale were shut off for a little while.

Robert Caviness said the Pecos River had a three foot rise.

Kathleen, our mail carrier, had to turn back Friday because of high water.

Gene Finch's brother, Garland, from San Angelo, visited over the weekend.

Burt League of Ft. Worth visited at the ranch this past week. He and Calvin got in a game of golf between rains one evening. He was hunting and just enjoying the country for a change.

sucked infected blood might transport the virus to other cats.

Because FeLV is associated with so many disorders, observable signs of FeLV disease vary dramatically. It's impossible to precisely diagnose a cat entirely from observable signs in the early stages of infection. Still, signs such as depression, fever, loss of appetite, and swollen glands in the neck or abdomen

suggest onset of FeLV-related disease.

About 30 percent of cats are incapable of rejecting the virus and these may develop a persistent infection which inevitably results in death.

A vaccine is available to protect cats against the disease and is available at Ozona Veterinary Clinic.

Association presented the program. In addition, the hospital, through the Hospital and Care Center Auxiliary, is currently in the planning stages of sponsoring a Candy Striper program.

Ambulance care for the County is manned by the Crockett County Emergency Medical Service, which consists of 29 trained and/or certified volunteer personnel. There are nine Emergency Medical Technicians with Special Skills certification, 14 additional Emergency Medical Technicians and six Emergency Care Attendants. Also, there are a number of drivers available for the ambulance service who are not certified Emergency Medical Technicians. The ambulance service personnel participate in many community activities. They present programs to school students on CPR and other life safety issues on a regular basis. They also sponsor a CPR course for the public. The ambulance volunteers are all highly trained, highly motivated individuals devoted to the health and welfare of people in our community.

Ozona residents can be proud of the hospital emergency room and the treatment of patients

involved in emergency situations.

According to hospital records, since January of 1983, the hospital has received 175 patients in the emergency room who were involved in motor vehicle accidents. Of these 175 patients, only two died in the emergency room, and one arrived DOA. Crockett County Ambulance Service transferred 44 of the 175 to larger hospitals after their conditions were stabilized. The remaining 128 patients were either admitted to Crockett County Hospital, treated and released, or treated in the emergency room and released. There have been no deaths enroute to other medical facilities in recent years due to injuries sustained in motor vehicle accidents. According to DPS statistics, there have been 26 motor vehicle accidents in Crockett County during 1985. There were seven fatalities resulting from six of the accidents to date this year. Five victims died at the scene of the accidents. Thirty-three patients were transported to Crockett County Hospital Emergency Room, and two of these patients died after being stabilized and transferred to larger hospitals.

New career for Jonny Johnson

"I'm having a ball," says Jonny Johnson with a big grin when she tells you about her new career in the upholstery business. Jonny bought Kay and Company Upholstery September 6 from Kay Anderson, and after a training period, the artist who has also always liked to sew is on her own.

Possibly her enthusiasm for the new business has something to do with being 58, says Jonny. Her husband, Calvin Johnson, took up golf at 58 and is an avid player. Jonny will be celebrating her 58th birthday Saturday, October 26, the day of the grand opening at Kay and Company. Everyone is invited to stop by for refreshments and a visit from

9:00 a.m. to 5:00 p.m. Saturday at the shop located just north of Ozona Veterinary Clinic on Highway 163.

Jonny is assisted at the shop by part-time employee Judy Adams. They are upholstering chairs, couches, recliners, hide-a-beds as well as office and restaurant furniture. Golf cart and vehicle seats are also on Jonny's list of accomplishments along with repairs to a golf cart top and a tarp.

A nice selection of fabrics, a wide variety of vinyls, treated and untreated canvass are available at Kay and Company.

Jonny's hobbies include making rag dolls, clowns and some wooden toys, but her life revolves around her family and painting.

She was reared in Wilbarger County and met her future husband, Calvin Johnson, when he was working on the Waggoner Ranch there. She and the life-long cowboy were married in Melrose, N.M. thirty-three years ago, May 21, 1952. Their three children are Dana Cowen of Ozona, Doby Johnson of Andrews and Kerry Johnson of Guymon, OK who have blessed them with

six grandchildren.

All types of art are in Jonny's Rusty Wheel Gallery and curiosity Shop at their home 30 miles south on the Pandale Road at C & H Ranch where Calvin is foreman. Friends and hunters are among her best customers for the finely detailed works done in ink, oil, acrylics and pastels. Wildlife paintings on rocks are among her favorites.

Jonny has been guest artist twice at the Old Opera House Gallery in Lajitas in the Big Bend and has also conducted two workshops there. The graduate of Famous Artists School of Connecticut has won numerous ribbons for her work. She taught art in grades 1-6 in Water Valley for a number of years before moving to Crockett County eight years ago.

The versatile artist is enthusiastic about life in general. "I like just about everything," she says. "I like to sing, but I'm not a singer."

Her bright outlook on life makes all who know Jonny want to sing along.

Economy slows

The short term outlook for Crockett County, especially in the oil and gas industries, is not good, according to an informal survey taken by Dan Pullen on behalf of Ozona National Bank.

The survey, which solicited opinions from 10-12 persons from various occupations in the county, is conducted by the bank on a quarterly basis.

There will be "no substantial increase in drilling activity during the next six months" local industry officials told Pullen. A "long discussed pipeline, which may be completed in 1986, may stimulate both the oil and gas industries and the retail markets."

"Most local businessmen reported that sales were less than last year. "They refuse to state how much sales have declined from this time last year," Pullen said.

On the agriculture front, "the sheep market is doing good. Goats are holding their own, and the cattle markets here are not doing well."

Season hunting leases are reported to be way off from this time last year. Beth Boyd, Ozona Chamber of Commerce secretary, reported that 700 responses have been mailed in answer to hunting lease inquiries this year. Last year at this time, most season hunting leases had been signed. "This year, only one property has been leased. We have 25-30 queries per month about the hunting situation here." Prospective hunters seem to not be able to pay the increased hunting fees that are required. Mrs. Boyd said that she had no statistics on the day hunting leases.

Mary and Mike Hays and seven-month-old Diane of Midland were here last week to visit his parents, Mr. and Mrs. Eddie Wall, and George.

Hospital launches community awareness program

1986 marks the 30th anniversary for Crockett County Hospital at its present site. In conjunction with the Sesquicentennial, the staff is in pre-planning stages of joining the local activities through increased community awareness programs.

Crockett County Hospital has a wide range of facilities available for a rural hospital. Facilities are available in most areas of medical care, from emergency obstetrics to geriatric care. There are currently 20 beds for inpatient care. In addition, the hospital provides outpatient services for x-rays, laboratory tests, and respirator therapy. The hospital has a well-stocked pharmacy. There are two emergency rooms available for situations ranging from major trauma to minor illness or minor surgery. Crockett County Hospital provides ambulance service to the public, whether they're coming to Crockett County Hospital Emergency Room or being transferred to a larger medical facility outside the county.

Updating and adding equipment at the hospital is an on-going project. Over the last two years, several important pieces of equipment have been purchased by or donated to the hospital. Among these are a blood gas analyzer used, among other things, to measure the amount of oxygen in blood; Nova 1, to measure sodium and potassium blood levels; and acu-check blood glucose monitor to check blood sugar; two electronic thermometers and a respiratory therapy percussor. Medical Records Department has a computer to assist with Medicare patients. The hospital has also acquired two new ambulances and several pieces of equipment for these ambulances. Among these are a Life-Pac 5 cardiac monitor, a one-man stretcher which requires only one EMT to load and unload a patient, a transport isolette for infant transfers and four new

walkie-talkie radios for ambulance personnel.

The personnel at Crockett County Hospital participate in many community service activities through the hospital. The ambulances are used at football games, the rodeo and other community activities where there may be a possible need. Other activities the hospital has participated in are the annual Health Fair, screening clinics and health oriented programs for school students. The hospital sponsored a program for the public on diabetes at Ozona National Bank, and the dietary department continues to offer special dietary guidelines to anyone who desires such information on an individual basis.

Crockett County Hospital nursing staff provides top-notch quality care for patients. There are 12 licensed Registered and Vocational nurses on staff. These 12 nurses have a combined total of 208 years experience. In addition, the hospital staff boasts other professional staff members in all their ancillary departments. X-ray is under the direction of a Registered Technologist and a Radiologist comes in once a week to read films and perform other radiological procedures. The Laboratory Director is certified by HHS as a medical technologist and another technician has over 15 years experience in the lab. A consulting Pathologist from San Angelo visits every month to provide inservices and review laboratory procedures. The head of the Dietary Department is a certified Food Service Supervisor. The Dietary staff provides nutritious, well-balanced and good-tasting meals to both the Hospital patients and Care Center residents.

The hospital is working toward a sound financial standing. Cash flow-wise, Crockett County Hospital was under budget by \$101,769.56 in 1984. As of September 30, 1985, the hospital had \$317,796.23 cash funds remaining in this budget period,

which ends December 31, 1985. The business office and administrative services have a total of five staff members comprising an accumulated total of 59 years experience in the business field. The staff constantly strives for accuracy and efficiency. All patients receive the same caring and individual attention to their accounts after they leave the hospital as they received when they were in the hospital.

Crockett County Hospital has been a valuable asset to the Ozona community for many years now. As the hospital enters its third decade at its current location, the staff continues to strive for perfection and continuing good service. Crockett County Hospital pledges to provide the highest quality care possible to all Ozona area residents.

Current community service programs planned for residents of Crockett County by the hospital include a Medic-Alert call system for the elderly or handicapped individuals. This program is being offered through the Hospital Auxiliary. Eleven applications are needed before the equipment can be ordered. For just \$15.00 per month, a person can feel secure, knowing that if he/she gets sick or has an accident and can't reach the telephone, all he has to do is push the buzzer on a portable unit. The unit can be programmed to include any two phone numbers desired, and many people using this system have the hospital as one of the phone numbers called in an emergency. With this call system, help will be available immediately. Additional information and applications can be obtained at the Administration office of the hospital.

The hospital, in conjunction with the DPS and the Sheriff's Office, presented a 911 emergency telephone service for the community. Crockett County Hospital also sponsored a smoking cessation clinic at the Civic Center. A representative from Austin for the American Lung
