Economic development can come through diversification

Diversification as a key to economic improvement was the theme of an Extension Service program Monday night at the Civic Center.

Jim Heath, director of the Economic Development division of the San Angelo Chamber of Commerce and Col. Charles E. Powell, Ret., vice-president of Southwest Bank of San Angelo, presented a two-phased talk on ways Crockett County can begin to weather the economic slump affecting the entire state.

Heath reviewed the professional aspects of improving small town economic development.

The success formula for industrial development revolves around the appearance of the community, research and analysis (what does it take to make a profit in Ozona),

available industrial sites and buildings, financing for industry, and prospects, said Heath.

Forming a local group and buying a small industry to move to the community was one suggestion Heath had for economic development. But unless land is available for an industrial site, "this has just been a good chili supper," said Heath of the meeting.

Heath, who designed an award winning brochure promoting San Angelo, recommended promoting tourist trade in Ozona. The town's location in relation to El Paso, San Antonio and Houston and nearness to Lake Amistad make it an ideal stopping place for travelers. A hotel/motel occupancy tax for the community would provide income to

do other promotional things, said Heath.

Towns which have the tax retain some of the revenue for promotional use by their chambers of commerce.

Col. Powell, speaking from the volunteer standpoint, cautioned listeners. "Don't lose sight of what made you what you are today."

Enhancement and expansion of the present economic base through a task force was explained by Powell.

Choose group chairmen who are interested in particular areas and let them get committee members who are also interested, advised Powell.

Once goals are established and research completed, advertising in magazines related to the business being sought for the community,

direct mail and promotional brochures was advised.

"We'd like to see this area become a center of milling," said Heath of this area of the state. Heath commented that "mohair has the steepest increase on the national level of any fiber," but that foreign interests are needed to come in and work with Texans to establish processing facilities in this country.

The economic development program was given at the annual meeting of the Crockett County program building committee of the Extension Service. Committee chairman, Dan Pullen, was master of ceremonies for the event with closing remarks by Billy Reagor and Rachel Hall, county Extension agents.

Karen Childress and Helen Bean, Women's League bazaar co-chairmen, display some of the crafts for sale at the annual event scheduled for Nov. 25.

School board accepts gym addition, audit

The Ozona School Board, meeting in regular session on Wednesday, Nov. 12, voted to accept "substantial completion" of work on the Davidson Gymnasium Addition Project. The new addition is located on the east side of the present high school gym and contains additional dressing room facilities for both boys

and girls, a training room and laundry area, remodeled shower facilities, and a dressing room for basketball referees.

During the meeting, the members accepted the 1985-86 financial audit report as presented by Superintendent Garland Davis, and they approved the addition of Randy Upham and Sadie Davidson to the

local substitute teacher list. Mrs. Susan Womack was also approved for employment in the school cafeteria during the leave of absence of Mrs. Linda Sessom.

Supt. Davis gave the members a report on student failure rates for the district's four schools at the end of the first six weeks. He reported that of 968 students enrolled, 66 failed

one or more subjects during the first six weeks of school, and this was an overall failure rate of only seven percent. Mr. Davis also noted during his report that Ozona Junior High had only eight students who failed more than one subject, and out of 1,876 grades reported in Ozona High School during the first six weeks, there were only thirty-seven failures.

Dippers 'n chewers too!

Annual Smokeout tomorrow

You don't have to smoke tobacco to reap the attention and benefits of the American Cancer Society's Great American Smokeout. In fact, the 10th anniversary of the nationwide event Thursday, Nov. 20, could be a very special day for dippers and chewers.

Recently, the dangers of smokeless tobacco use have become so well-publicized that Kansas City Royals slugger George Brett, a long-time chewer, announced that he gave up the habit. And, as a result of a new law, television and radio ads for smokeless tobacco have been banned. The same law requires that warning labels be printed on all packaging starting next year.

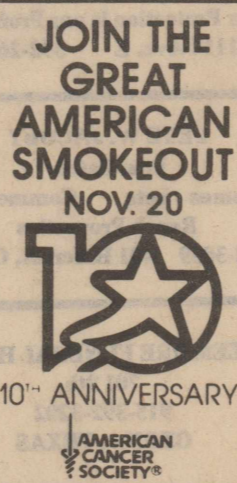

Despite these measures, however, it has been estimated that as many as 22 million Americans use smokeless tobacco, and a recent study claims that 12 percent of college students nationwide dip or chew.

The same study reveals that 54 percent of these students believe that smokeless products are "less harmful" than cigarettes.

"It is very unfortunate that so many people believe they're using a safe product," said Becky Childress of the American Cancer Society's Ozona group. "Not only do users risk oral cancer, but they are also in danger of tooth loss, gum recession, and other very serious dental disorders."

Dippers and chewers face other undesirable side effects from these products: nicotine addiction, bad breath, and impaired senses of smell and taste.

"That's why we're hoping that all tobacco users will join the Great American Smokeout -- just to prove to themselves that they can get off the hook from any habit," said Mrs. Childress.

Childress receives 50-year Masonic service award

Ozona Masonic Lodge No. 747, A.F.&A.M., presented Pleas Childress Jr. a fifty-year Masonic service award in an open meeting Nov. 17. The presentation was made in the presence of Childress' wife, Genevieve, other relatives and friends.

The gold 50-year pin was awarded by Childress' cousin, Graham Childress, who is currently serving as Grand Senior Warden of the Grand Lodge of Texas.

Pleas Childress is one of six Childress family members, through the years, to be a member of the Ozona Masonic Lodge. He is also the third Childress to receive a 50-year Masonic service award.

"Pleas is an honest, just and upright citizen and exemplifies the teachings of Masonry," said Reggie Quiett, chief officer of the lodge.

"The Ozona Masonic Lodge congratulates Pleas on this high and distinguished recognition."

Womans' League Bazaar Tuesday

The annual Women's League bazaar will be held Tuesday, Nov. 25, at the Civic Center from 5 until 6:30 p.m.

League members have been busy making 40 chicken casseroles, assorted jams and will have a variety of desserts and breads prepared for the day of the sale.

The crafts portion of the bazaar will include a Christmas booth, miscellaneous items, a personalizing booth and children's booth.

There will also be pre-sales of the club's cookbook.

Bazaar co-chairmen for 1986 are Karen Childress and Helen Bean.

Childress attends IMA meeting in London

Usage of mohair in ladies wear and yarns is down from last year, says Bob Childress, who recently returned from a London meeting of the International Mohair Association. Childress reported that the purpose of the executive meeting was to review finances and the advertising program for each of the

Weather contributes to auto accidents

Two weather related accidents were investigated in Crockett County Nov. 6 after freezing weather put a coating of ice on portions of area roads.

Troopers Dale Taylor and Ben English were called to the scene of a one vehicle rollover 13 miles north of Ozona on TX 163. Thursday morning at 8:25.

Dr. and Mrs. Don Carlisle reportedly received minor injuries when their 1986 Toyota pickup overturned twice after the driver lost control on the ice. Extensive damage was done to the vehicle which went through 30 to 40 feet of fence according to Taylor.

A travel trailer was destroyed three miles east of Ozona in a 10:50 a.m. accident on Interstate 10. Renodier Breaux of Pierre's Park, LA was driving a 1982 jeep and pulling a camping trailer in the eastbound lane at the time of the accident.

The trailer began sliding in ice on a bridge and then overturned according to reports. Breaux and the jeep were uninjured.

Janie Chandler and her passengers were not injured when her car struck a bridge about 4 p.m. Thursday. The accident, also at-

tributed to the ice, happened at the Devils River bridge 20 miles east of Ozona in Sutton County.

Official Weather Report

From the National Weather Service compiled by KRCT Radio

Templo Bautista hosts service

The Annual Community Thanksgiving Service will be hosted by the Templo Bautista Jerusalem Church, on the corner of Santa Rosa and Blas Street. This annual expression of gratitude of the community of Ozona

and Crockett County is sponsored by the Ministerial Alliance in connection with local church communities. All are invited to the 7 p.m. Service on Tuesday, Nov. 25 and enjoy the fellowship following.

Bridget Ybarra given birthday party

Bridget Ybarra was given a birthday party by her parents, Mr. and Mrs. Joe Ybarra, this past Sunday. Bridget is now 4 years old. The birthday girl, who was dressed as Jem, was joined at her party by her friends and family.

The children attending the party enjoyed playing musical chairs and breaking a pinata. Afterwards they were served hot dogs, punch and cake.

Alliance to plan Thanksgiving

The Ozona Ministerial Alliance meets on Thursday, Nov. 20 at 12:00 noon. The luncheon meeting will be at the Senior Citizen Center on 12th Street. The final arrangements for the Community Thanksgiving Service is on the agenda. All pastors of local churches are invited to attend.

V.F.W. Auxiliary sponsors bake sale

A bake sale was held Nov. 11, 1986 by the Ladies Auxiliary to the V.F.W. Post 6109 to raise money for cancer aid and research, and also for needy families and disabled veterans.

The sale was a huge success, and we wish to thank all who helped, said Sue Spoons. Mrs. Spoons also expressed gratitude to those who bought "The Spirit of 86-87" pins or made contributions for the "Buddy Poppies".

League holds bazaar workshop

The Ozona Woman's League met Tuesday, Nov. 11, at Crockett County Civic Center for the Annual bazaar workshop. Hostesses this bazaar. This year's coordinators are: Conner.

Each year members work on a group project to be sold at their bazaar. This year's coordinators are: Ann Childress, Susie Childress, Tammy Bunger and Barbara Malone.

Members divided into two groups and one worked with arts and crafts while the other was busy cooking. Tammy Bunger and Susie Childress assisted their group with stuffed ornamental reindeer while Ann Childress and Barbara Malone assisted their group with the preparation of chicken spaghetti casseroles following the recipe of Cathy Dawn Moore.

All items will be offered at this year's bazaar Nov. 25, along with all the usual cakes, casseroles, pies, cookies and arts and crafts.

Members present were: Sandy Baggett, Helen Bean, Tina Bean, Cynthia Berry, Tammy Bunger, Cathy Carson, Marilyn Chalmers, Ann Childress, Karen Childress, Susie Childress, Elizabeth Clark, Shelley Conner, Lou Deaton, Nancy Forehand, Debbie Glasscock, Jeannine Henderson, Karen Huff-

man, Benny Gail Hunnicutt, Teri Jackson, Camille Jones, Barbara Malone, Mary Jo Mason, Patti May, Lorelei McMullan, Susan McMullan, Shawn Mitchell, LuAnn Pierce, Jane Richardson, Jodie Sessom, Kay Stewart, Vickie Stokes, Carmen Sutton, Nancy Vannoy and Lisa Wagoner.

Helping Hands Menu

Monday, Nov. 24

Chili con carne, cheese wedge, green salad, crackers, rice pudding

Tuesday, Nov. 25

Roasted turkey, dressing/gravy, steamed broccoli, cranberry salad, whole wheat rolls, apple crisp

Wednesday, Nov. 26

Beef stew, tossed salad, cornbread, oatmeal cake

Thursday, Nov. 27

Thanksgiving Holiday (no meals served)

Friday, Nov. 28

Devised pork chops, sweet potatoes, spanish green beans, apple and celery salad, muffins, brownies

Reception to honor authors

Everyone is invited to attend a reception for our local authors at the Library on Thursday, Nov. 20, from 5 to 7 p.m. The reception will be a come and go affair with refreshments provided by the Friends of the Library. Displays of the local authors works are on exhibit in the Library. There are many different types of works on display including non-fiction, poetry, gardening tips, quips and quotes, history, illustrations, and inspirational readings. Our local authors include Evert White, Billy Jo Hayes, C. S. Denham, Allan R. Bosworth, V. I. Pierce, Judy Probst, Mrs. Bailey Post, Marilyn Cox, Jim Dudley, Scotty and Linda Moore, Sandy Stark, Jessie White, Sherry York, Kitty Montgomery, Lottie Baker, Lucille Bohannon, Evelyn Noah, Rev. Ken Harrison, Rev. Jim Gray, Rev. Ralph Moore, and Rev. Richard Altenbaugh, Jackie Shacklette and the Crockett County Historical Society.

The Texas Game Warden Association held its annual West Texas Boys Ranch deer hunt Nov. 14-16 at the ranch of Gene and Betty Perry off Taylor Box Road. Nine boys ranging in age from 8 to 13 experienced their first deer hunt, and six of those nine had deer blood swathed on their faces in the traditional celebration of a kid's first deer.

The boys arrived at the ranch Friday evening and were treated to a supper of barbecued goat and tamales, followed by a short course from the game warden on the whys and hows of tagging deer and the hunter's role in wildlife management. Ray Shelton provided a video on field dressing deer, with some exciting footage of rattling-up bucks to get the boys in the proper mood for the rest of the weekend. Needless to say, it took the young hunters a long time to get to sleep!

Saturday morning brought lots of shooting but no hitting, so everyone got a turn on the rifle range with their "weekend Dads" for some instruction and familiarization. It was the first time most of these boys had ever shot a rifle, but youths learn fast. By dark that evening there were 4 bucks and 2 does hanging on the meat pole and six very proud youngsters in camp. The big day was topped off with the best batch of venison steaks and biscuits and gravy that you ever lapped a lip over.

Sunday morning's hunt was plagued by an all-night moon, but the boys began to realize that

Linda Thent of Texas City killed this 10 point buck with a 15 1/4 inch inside spread. Ms. Thent was hunting on the Carson Ranch with the American Sportsman Club.

bagging a deer is not the most important part of hunting - it's just being out in God's Great Outdoors that makes a hunt successful.

Hunting buddies for the boys were Doris Haire, Dee Keilers, Bob Harris, Reggie Quiett, Lane Scott, Jack Probst, Steve Williams, and Brock Jones from Crockett County, and TGWA Executive Director Bob Daigle and Game Warden Lieutenant Royce Wells from Austin. Cooking for the group was done by members of the Crockett County Sheriff's Department, and fine fare it was. Groceries were furnished by the Ozona National Bank, The Crockett County National Bank, House Fuel Co., Collett Gun Shop, Buttery Motors, and Thornton's Supermarket.

It takes teamwork to pull off a project like this, and the Texas Game Warden Association thanks its associate members and the Ozona community for making this annual event possible.

Game Warden David Allen of Del Rio began his career here 25 years ago. He was on hand for the Boys' Ranch deer hunt Nov. 15-16.

Lest you ole' timers think we've forgotten you, I'll tell you what you missed by staying home and watching the Cowboys play. Wednesday's cold snap seems to have kicked the deer rutting season into full swing across the county. Most of the older bucks are sporting swollen necks and doing stupid things, and this might be a good time to break out your rattlin' horns and see if you can lure one into range this weekend. Good time to take pictures, too. It's an exciting time to be outdoors, so turn off the tube and take to the field. They'll still be playing in January!

Beef checkoff accepted

The new, federally-mandated beef checkoff program got underway Oct. 1, and industry spokesmen are calling the first weeks exceptionally successful.

According to Anne Anderson, executive director of the Texas Beef Industry Council, response to the program has been positive. "We had mentally prepared ourselves to expect calls from some very upset cattlemen," she said, "but much to our delight - and relief - most of our callers (and there have been many) have had specific questions, either on the forms or a new situation that we had not previously addressed."

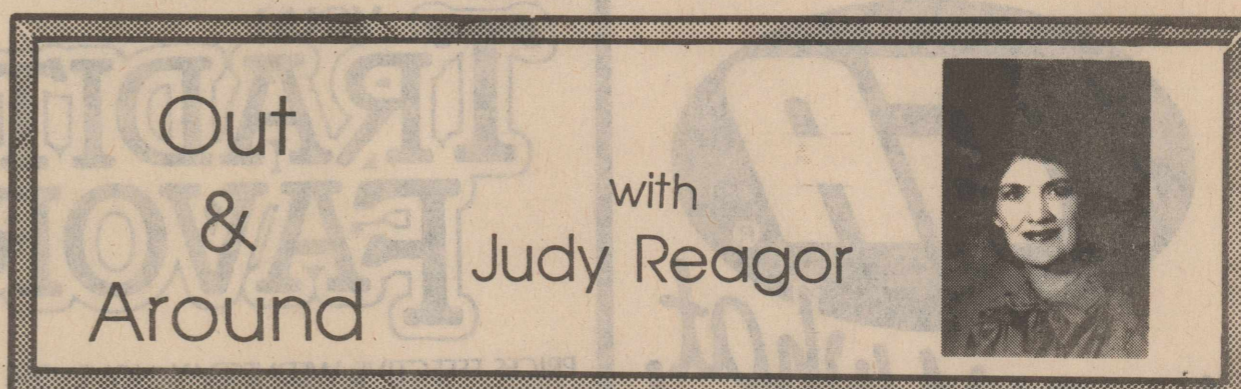

"In the few instances where the callers voiced opposition to or frustration with the new \$1/head assessment," she added, "this reasonable opposition was expressed with typical Texas graciousness. All in all, we have experienced a very smooth beginning due to the tremendous support by Texas beef organizations."

The checkoff program, known officially as the Beef Promotion and Research Act, was created by the 1985 Farm Bill, and it requires that \$1 a head be collected from cattle producers when cattle are sold. The money is then funneled into existing state and national organizations for beef promotion and research.

Initiated by cattle industry leaders as a measure to revive their sluggish industry, the program is on a 22-month trial run. The federal order requires a referendum be held by spring 1988 for cattlemen to vote on whether or not to continue it.

The mechanics of the program are simple. When cattle are sold, the buyer must collect \$1 for each head of cattle from the seller, unless the seller verifies he has owned the cattle for less than ten days. In that instance, primarily occurring when order buyers are involved, the buyer collects a non-producer status form from the seller. At the end of the month, the buyer totals the checkoff dollars and non-producer forms and enters them on a monthly report form. The monthly form, money, and non-producer forms are then forwarded to the beef industry council in the buyer's state of residence.

Anderson noted that a "concerted effort has been made to keep paperwork at a minimum. We do not want the industry flooded with unnecessary forms and bookkeeping. We have also tried to make the forms and information accessible to everyone," she commented. "County extension agents and Farm Bureau offices can provide the monthly report and non-producer forms, or

cattlemen can call our office and request them."

She also pointed out that the law stipulates refunds be made available to producers not wanting to pay the checkoff. "They still must pay the assessment when they sell cattle," she said, "but they must apply for a refund within 60 days afterwards from their state beef councils."

Penalties for non-compliance with the program are stringent. Fines of up to \$5,000 can be levied or restraining orders filed in federal district court.

The program is being administered at the national level by the Cattlemen's Beef Promotion and Research Board, created by the federal order. The 113 board members were nominated by certified cattlemen's associations and farm organizations and then selected by the Secretary of Agriculture.

At the state level, most programs are administered by each state's beef council. The Texas Beef Industry Council in Austin was created last summer by the state's major cattle, market and packer associa-

night with the Castle Gap Square Dance Club.

Forest Henderson square danced at the High Hopes Dance in the Suez Temple in San Angelo Saturday night.

Louise and Mike Ledoux have returned from a week's vacation which took them to Toronto, Canada, Niagara Falls and Erie, PA. They visited her sister and brother-in-law, Lucy and Calvin Humphrey in Erie.

Bernice Smallwood and Maxine Henderson are looking forward to a Thanksgiving visit from their brother and family and Mrs. Smallwood's son and family. Guests will be Charles and Janice Patten, David and Ken of Booneville, MS, and Mr. and Mrs. Herb Smallwood, Trey, Amber and Ryan of Memphis, TN.

tions to collect and disburse the state's checkoff funds, as well as to carry out its promotional program.

After the state organization collects the checkoff funds, the federal law requires that at least 50 cents of every dollar be sent to the national board for nationwide promotion efforts. The remaining 50 cents can be credited to the state's own beef council to use for in-state programs and to help provide additional funds to the national effort. As a result, more than half of all funds are being directed to national programs.

Texas sends approximately 92 cents of every dollar to the board and the BIC. Of the eight cents remaining in state, six cents is budgeted for industry feedback and two cents for administration.

"We anticipate that over \$60 million will be raised this year through the national program," John Shelton remarked. "That compares to \$18.5 million raised last year from the individual checkoff programs in each state." With substantially more dollars to invest in promotion, the industry expects to pack more marketing punch than ever before. "We ought to be able to spend roughly the same on marketing our product as do such visible companies as Crest, Michelob, Federal Express and MCI," Shelton

claimed.

Their marketing effort gets underway on January 15, 1987, when the BIC will be a national advertising program for network television, radio and national magazines. It will also allocate funds to educate health professionals and consumers, produce school educational packets, stimulate foreign markets, and continue to provide nutritional information for supermarket meat counters.

Some of the issues targeted for research are product and packaging improvement, new product development, nutrition, food safety, and consumer attitudes.

According to Anderson, the checkoff program has received broad support from the cattle industry. Citing a 1985 survey, she noted that over three-quarters of the cattlemen interviewed claimed a checkoff was an important investment to their business, and more than two-thirds were willing to invest a dollar or more per head.

"Beef consumption has declined more than 16 percent in the last ten years, and much of that is because consumers are misinformed about beef's nutritional value and its safety," says Anderson. "Cattlemen know that and they want to do something about it."

Deer census aids harvest

Many areas of Texas have experienced an excellent rainfall year in 1986.

Pasture and forage production has improved greatly and the state's whitetailed deer population has responded to these excellent conditions, according to Dr. Dwight Guynn, wildlife specialist with the Texas Agricultural Extension Service.

"Fawn production has been much above normal," Guynn, who is headquartered at the Texas A&M Agricultural Research and Extension Center in Uvalde, said.

Some areas have reported fawn crops of 100 percent this year. These same areas normally produce only a

50-60 percent fawn crop in average rainfall years.

"While improved range conditions mean better body condition and antler development, the large increase in deer numbers may mean more animals on the range this winter than pastures can support once plant growth ceases due to cold weather," Guynn said.

He encouraged landowners to use some type of deer census to evaluate herd numbers and adjust this year's doe harvest accordingly.

"A failure to do so will result in over-utilization of deer forage this winter after the growing season ends," Guynn said.

Life Among a Den of Lions

Senior farm skills team members advancing to area competition are Bryan Harms, Scott Denman and Darrell Dunham.

FFA places 2nd in contest

The Ozona Future Farmers of America were in Wall Monday, Nov. 17, for the district leadership contest. The senior farm skills team place second to qualify for area contest Nov. 22 in Big Spring.

Members of the advancing team are Scott Denman, Darrell Dunham and Bryan Harms.

The junior farm skills team also placed second. Team members are Martin Childress, Lore Hohertz and Jason Montgomery.

Another second place went to George Wall in extemporaneous

public speaking. The farm radio team of Shane Cooper, Keith Fowler and Cody Sutton placed fifth.

The greenhand quiz team placed fourth. Stacie McDaniel, Andy Stokes, Lore Hohertz and Jason Montgomery are team members.

The teams are coached by ag instructor Brent Poole.

Other schools participating in the district contest were: San Angelo Central, Wall, Sterling City, Mertzon, Water Valley, Robert Lee, Eldorado, Bronte and San Angelo Lakeview.

Cross country team completes season

The Ozona boys' cross country team ended its season Saturday competing at the state meet in Georgetown. The team ended the year with a seventh place finish in state. Danny Sanchez finished third overall with more than 100 individuals running.

"This is not a bad showing for the first year competing in cross country," said Coach Pete Maldonado. "I've gained a bunch of respect for this group of hard-working individuals. We had our ups and downs, but we finished the year

on a high note. The future looks bright for the cross country program in the coming years," said Maldonado.

Other finishers in Saturday's state meet were: 3 Danny Sanchez, 17:52; 47 Luis Rico, 20:29; 71 Jose Gutierrez, 21:35; 72 Mark Trujillo, 21:42; 83 Jason Montgomery, 22:28; 84 Johnny Lombrana, 22:36; 91 Valdo Galindo, 23:53.

Lockney won the team championship. Eldorado was second. Ozona finished seventh.

Fifth graders to perform musical

Fifth grade students of Mrs. Bill Glasscock and Mrs. Sandy Stokes will present "Kids for America", a patriotic musical, in two performances Monday, Nov. 24. The first will be for students of the school at 8:20 a.m., and the second will be for the general public at 7:30 p.m. that night in the school cafeteria.

The musical opens in a regular classroom with students learning about the American Revolution. The opening of the second scene is in a classroom the same day as the signing of the Declaration of Independence.

All ages will enjoy the performance, and an open invitation is extended to all.

Freshman girls win over McCamey, 37-31

The Ozona freshmen opened the Lady Lions basketball season with a win over the McCamey girls Nov. 17 in Ozona.

McCamey led 8-4 at the end of the first quarter and was 20-16 at halftime.

The Ozona girls pulled ahead during the third quarter 27-25 and finished the game with a 37-31 victory.

High point was Lanessa Porter with 10 followed by Terel Seahorn

Lions start season with busy schedule

by T. C. Tucker

Thirteen boys traveled to Greenwood last Saturday, Nov. 15 to scrimmage the Brownfield basketball team. Although Brownfield came out ahead on the scoreboard, Coach John Curry felt the team got what they needed from the event.

"We did well in spots," Curry said. "However, we also had our glaring spots that showed our weaknesses."

Curry noted the Lions improved as the game progressed and seemed pleased at the boys being able to adjust quickly.

One "hard" spot for the Lions occurred when a Brownfield opponent attempted to shoot while Lion Scott Denman guarded. The shooter's head slammed into Denman's chin, causing a gash in the op-

ponents head which required stitches. Denman came away with a chipped tooth but otherwise unharmed in a major way.

The Lions' first game for both varsity and JV squads took place Tuesday, Nov. 18. Both teams will travel to Coahoma this Saturday and then to Fort Stockton on Tuesday, Nov. 25.

For the season ahead, the Lions look to develop and improve in preparation for district. Last year, Ballinger beat out the Lions for a bi-district spot in a playoff game.

Ozona returns six varsity players from last year, however, they will lack the shooting provided by last years seniors, Harvey Fierro and Steve Sanchez.

The team's goal for this year is to not only be competitive but enough so as to win and gain a playoff berth.

Junior high roundballers optimistic about season

by T. C. Tucker

Although the junior high boys have only now started preparing for the basketball season, the Cubettes have been working since Oct. 20 to reach their goals for the year.

Coach Jerry Tucker seemed optimistic about the season, pointing out the Cubettes exceptional attitudes and commitment to the team.

"The girls have worked extra hard and given up lots of time to work out," Coach Tucker said. "And the parents have also given up time to come pick up the girls after practice sessions."

The three goals for the girls include developing good work habits, fundamentals, and team concept, all to prepare them for the ultimate goal for becoming a varsity Lady Lion.

An optional Saturday workout has proven successful and Coach Tucker expressed his pleasure at the increasing turnout each Saturday.

"We had 6 girls attend the first Saturday," Coach Tucker commented. "And last Saturday 22 had shown up."

Every girl who has had consistently made workouts and has been with the team will participate in the games. Tucker said everyone would be worked into playing time during the games.

The first home game for the Cubettes will be played against

Sonora Dec. 1. On Nov. 24, the Cubettes, both 7th and 8th grades, travel to Rankin for their second game of the season, the first having been played last Monday in Sonora.

For the Cubs, Coach Don Payne looks to the 8th grade boys to have a very good year.

"The 8th graders are good athletes," Coach Payne said. "In only four days of practice, the 7th graders looked good, but it will take the first few games to see what adjustments need to be made."

Editor-in-chief Tommy Tucker [standing] and features editor Travis Burks make a co-operative effort on an ad design.

The Lion's Roar newspaper assumes new look

The Ozona High School newspaper, The Lion's Roar, has a new look this year.

The copy for stories and ads is being set by students at the Crockett County News office.

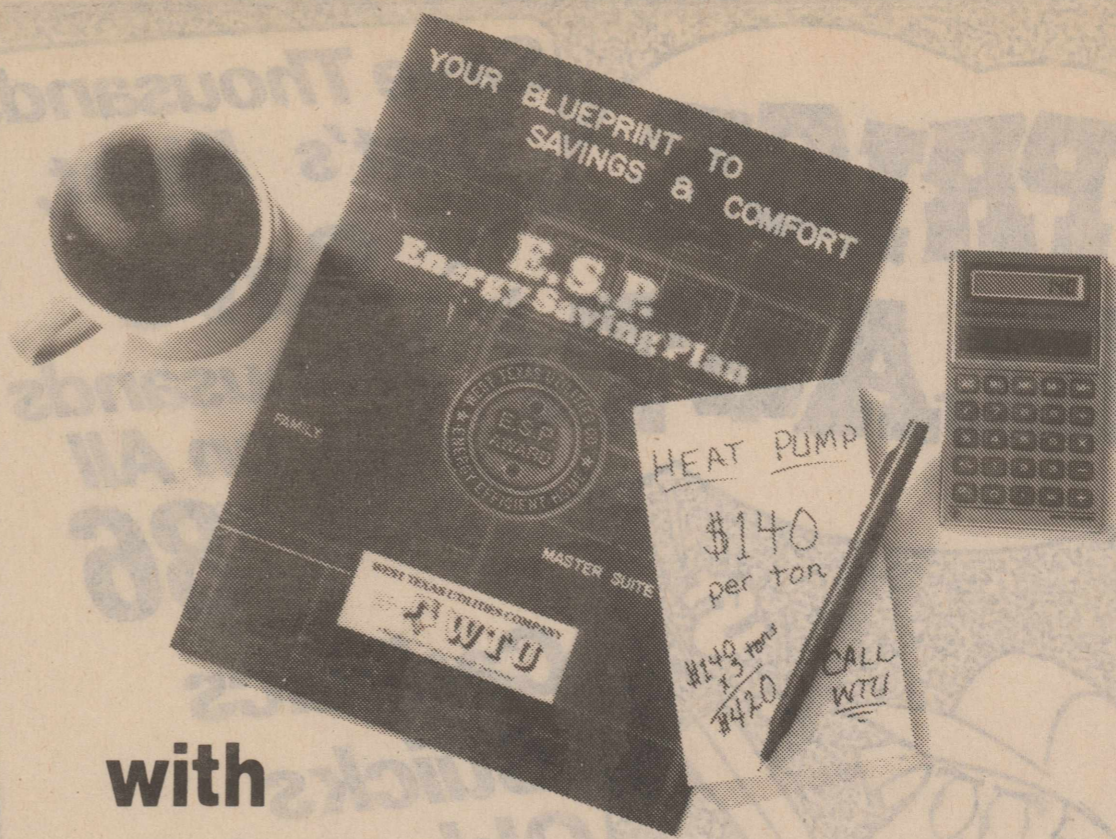

The staff is learning to design ads

and pages as well as to write news, features, editorials and headlines.

Headlines for ads and stories are also being written and set by students.

Each issue represents many hours of work.

The Savings Really Add Up

with WTU's Energy Saving Plan!

Energy Savings

Your energy savings will really add up when you qualify your home for WTU's Energy Saving Plan. You'll save money in energy bills for years to come when your home meets the energy-efficiency standards of the Energy Saving Plan.

Resale Value

An E.S.P. Home will have a better resale value than other homes on the market, because it offers home owners lower energy bills. Energy bills are an important consideration for most families, so your E.S.P. Home will fit into a prospective home buyer's budget easier than a non-E.S.P. Home.

Cash Allowances

WTU's Energy Saving Plan will now pay you larger cash allowances for installing energy-efficient equipment in your home. Consider a central system electric heat pump:

WTU WILL PAY YOU:	
\$140 per ton	SEER 9.6 & above
\$110 per ton	SEER 8.0 to 9.5

To qualify for the cash allowances, your home must meet the E.S.P. requirements and be served electricity by WTU.

E.S.P. Book

The new E.S.P. Book clearly outlines all of the programs, cash allowances and requirements of the New and Improved Energy Saving Plan. The E.S.P. Book also has specific information on insulation, air infiltration control, energy-efficient equipment and much more!

Pick up your FREE copy of the new E.S.P. Book at any WTU office, and start adding up your savings today!

Charlie Frazier bakes homemade rolls for customers at his newly opened Charlie's Highway Cafe on 290.

Charlie's reopens in new location

A bright, fresh interior painted in canteloupe and white greeted customers at Charlie's Highway Cafe when it opened for business Thursday, Nov. 13. Owner Charlie Frazier is open at his new location on Hwy. 290 from 5 a.m. to 10 p.m. seven days a week.

The restaurant will continue to offer a daily luncheon buffet and a special Sunday buffet. Charlie is also

taking care of hungry hunters by providing his popular sack lunches.

Groups are welcome, says Frazier, who has a banquet room in addition to the main dining room. Charlie's also caters for special functions.

This is Frazier's second time to have a restaurant on Hwy 290. He opened in the M&M location in 1983 and was there a year before leasing the restaurant at Inn of the West.

Frazier began cooking for the U.S. Air Force at the age of 18 at Smyrna, Tennessee. He transferred to Dyess A.F.B. at Abilene in 1969, but later returned to Tennessee. A job at Circle Bar Truck Corral brought him to Ozona in 1972.

Frazier and his wife, Carolyn, work together at Charlie's Place. The couple has two children, a son, Redez, who is 12, and a daughter, Courtney, age 6.

Una nueva Criatura

By **Connie Marroquin**
 Church of God of Prophecy

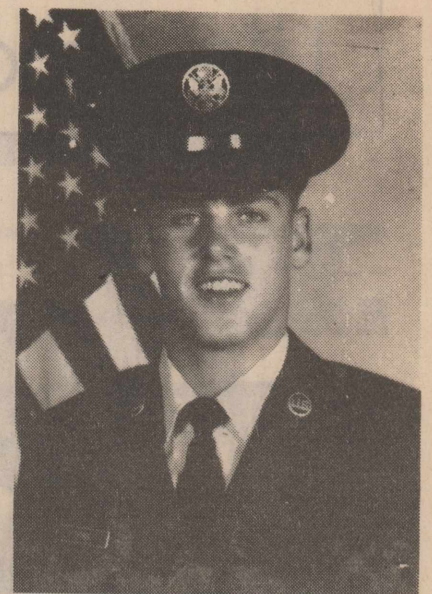

El Poder del Espiritu Santo de Dios es tan Grande y Poderoso que Puede hacer de usted una nueva Persona. Completamente.

En 2 Corintios 5:17, dice: De modo que si alguno esta en Cristo, Nueva Criatura es; Las cosas viejas Pasaron; he aqui todas son hechas nuevas. Si, amado Lector. Cristo puede hacer de usted una nueva Criatura en un momento si usted le da una oportunidad. El Poder del Señor Lo Transformara. De una manera grande, Que su deseo ya no sera de hacer lo malo, ya no sera de consumir alcol, o de fumar, o de

tomar drogas; sino, que sera El de alabar al Señor Jesus, de leer su Santa Palabra, de buscale en oracion y tener una comunion intima con el.

Su deseo sera vivir una vida santa y agradable delante de Cristo. En Juan 10:10, Cristo dice: Yo he venido para que tenegan vide, y para que la tenegan en abundancia. Si usted desea ser una nueva Criatura en Cristo y tener esta vida en abundancia, entonces acepte a Cristo como su salvador Personal Confiesele a el sus Pecados, porque el es Fiel y Justo, El le Perdonara todos sus Pecados y le Limpiara de todo maladad.

Dios lo bendiga y acuerdese que Cristo lo ama. Juan 3:16.

Stokes completes basic

Airman John Tom Stokes has graduated from Air Force basic training at Lackland Air Force Base. The 1986 graduate of Ozona High School is the son of Mr. and Mrs. Tommy Stokes of Ozona.

During his six weeks of training, Stokes studied the Air Force mission, organization and customs and received special training in human relations.

Airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

Airman Stokes plans to be a munition systems specialist.

After finishing technical school in Denver, Colorado, he will be stationed in England.

A new person

By **Connie Marroquin**
 Church of God of Prophecy

The power of the Holy Spirit is so great and powerful that it can completely make a new person of you. In 2: Corinthians Paul said, "If anyone is in Christ, he is a new creation." The old is passed away; behold, the new has come.

Christ can make a new person of you in a moment if you give him a chance. His power will bring a complete transformation in your life; that your desire will not be of doing wrong, consuming alcoholic beverages, smoking or taking drugs, but instead it will be to worship and

praise the Lord Jesus Christ, to read His precious word, to pray and have an intimate communion with Him. Your desire will be to live a clean and holy life in the eyes of Jesus.

In John 10:10, Jesus said, "I come that they might have life, and that they might have it more abundantly."

If you desire to be a new person in Christ and have this abundant life, then accept Him as your personal Saviour; confess your sins to Him.

I John 1:9 says if we confess our sins, He is faithful and just to forgive us our sins, and to cleanse from all unrighteousness.

God bless you is my prayer.

Car Fever

By **Sandra Hancock Stark**

Car fever is a terrible disease. It affects us one and all. At sometime we are bitten by the "bug"

Though we be large or small.

And when it "bites", all reason goes. As we look at that mirrored finish. And picture ourselves behind the wheel. Sailing down the road right in it.

The motor company makes it ever so hard

To back away with interest of low percentage. Out the door goes all our reason. THIS model is just our vintage!

Headlights seem to wink at us. The grill turns on a smile. We feel ourselves behind the wheel. Driving mile after mile after mile.

The instrument panel? Loaded gloriously! Computerized! Each option all aglow. Tachometer. Odometer. Cruise control. And WHAT a STEREO!!!

Just listen to those speakers, man! An awesome sound it's got! We don't care about woofers or tweeters. We just know it's got a lot.

Just feel that upholstery! Love those tilting seats! What's under the hood? Power! It just can't be beat!

And when the "fever" has risen so. And we feel burning and hot

The dealer clinches the deal with: "You can drive it off the lot!"

It's hard to think of food and clothes. And other bills that must be paid. One thought occurs in our heads: "When must the payments be made?"

Next morning burning eyes are clear. Fevered brow now is cool. It is all like a lovely dream. And we pray we weren't a fool.

For two whole weeks we drive our chariot. Receiving compliments and more than one look. Then one day in our mail we find

Care Center News

by JoAnne Marshall
 Activities Director

Monday was spent relaxing in the lobby and visiting with our pet, Lady Bretany.

Tuesday morning's bingo volunteers were: Dorothy Doll, Mattie Cooper, Georgia Kirby, Sophie Kyle, Lillian Tambunga and Nancy Forehand. The El Chato's gift certificate was won by Ola Mills. It being Veterans Day, a special game was played for an American Flag and Sam Martinez was the lucky winner. Winners of various small prizes were: Tomasa Ramos, Maggie Crawford, Edna Wallace, Theo Burns, Rebekah West and Alice Ross.

Tuesday afternoon, the monthly residents' birthday party was held honoring Floy Clare Short, Alice Ross, Jean Beardmore, Moriana Perez and Lucia Rios. The Senior Girl Scouts, under the leadership of Mrs. Thelma Janes, hosted the party. The girls were: Stephanie Heffner, Janet King, Helen Luckama, Angie Marshall, Edna Oliveira and Stephanie Rice. The cake, made in the shape of a pumpkin, party favors and punch were made and served by the girls. Thank you, girls. It was a very nice party.

Ceramic pieces ranging from turkeys to Christmas trees were worked on in Wednesday's ceramic workshop. Residents attending were: Ola Mills, Juana Hernandez, Moriana Perez and Tomasa Ramos. Marie Pierson and Ruth Hester were the helpful volunteers.

Wednesday afternoon, the following residents were kept busy in the dining room making oatmeal and raisin cookies for the style show: Juana Hernandez, Tomasa Ramos, Moriana Perez, Lucia Rios, Bertha Miller and Virginia Hoover. The

volunteer for this activity was Angie Marshall. Needless to say, the cookies were great.

Volunteers Vivian Hughes, Joann Williamson, Lola Rios and Clara Byrd not only styled hair in Thursday morning's beauty shop, but also uplifted residents spirits with friendly conversation.

Clara and our own resident, Inez Biggs, further uplifted spirits by playing joyful piano music. Residents joined in a sing-a-long.

Thursday afternoon, the Spanish Hour of Praise was presented by Germana Onofre, Anita Fierro, Marcia Vitela and Norma Flores. The hymns sung in Spanish sounded lovely.

It was Ola Mills' lucky day Friday. She won three bingo games. A necklace with matching earrings was among the prizes she won. Other prize winners were: Edna Wallace, Tomasa Ramos, Theo Burns, Rebekah West and Braxton Sones. Volunteers were Lola Rios, Lillian Tambunga, Mattie Cooper and Dorothy Doll.

Three games of UNO were played Friday afternoon. Moriana Perez won the first two games, and Juana Hernandez won the last.

Saturday morning, a few residents attended the style show. They were impressed with the new styles, and had an opportunity to remember the styles of years ago with fond memories.

Sunday worship service was presented by Jim Gray of the First Baptist Church of Ozona. A short visitation followed.

We would like to thank all those who came by and shared their time with us.

Childress (Cont. from pg. 1)

five groups, top, velour, men's and women's fashions, and spinners, which make up the industry.

Sam Priest, an England mill owner and head of the ladies' wear group, told IMA officials that the beautiful colors now being used in European designs have benefitted mohair. The fiber lends itself to bright colors.

According to Priest, usage of mohair in women's fashions is lower than last year, but the 1987 outlook is no less than '86. Russia is consuming the lesser quality mohair.

Miguel Ramos of Spain, head of the spinners group, indicated that mohair usage there is down considerably with the popularity of slick yarns. The major use in 1987 will be in computer yarns, says Ramos.

Confidence at the present price level of \$2.25 per pound, greasy, is getting stability in the market and confidence in the industry, Childress says. Overall, no less usage is expected in 1987 than 1986.

WTU rates decrease

Residential customers of West Texas Utilities Co. are paying less for electricity during November than the average price being paid by customers of other investor-owned utilities in Texas.

The monthly report by the Public Utility Commission of Texas shows that WTU's standard residential rates are \$36.80 for 500 kilowatt-hours, compared to an average of 38.53 among the state's eight investor-owned companies, and \$64.09 for 1,000 KWh, compared to an average of \$70.

Highest rates in the state are charged by El Paso Electric, whose customers are paying \$49.69 for 500 KWh and \$92.86 for 1,000 KWh.

The PUC report shows that WTU's rates have declined 11.4 per cent since November 1985, while the average decline among all utilities in the survey, including rural electric cooperatives and municipals, was 8.8 per cent.

Helping Hands Memorials

South Texas Lumber in memory of: W. E. White, W. W. Mitchell, Allie Armentrout, Cody Skinner, W. T. Goodson and Dorothy Pierce.

Letha Whitehead in memory of: Mrs. Britton Rea, Mrs. Bob Conner and Leandro Flores, Sr.

Mammogram to be here Friday

One out of eleven women in the United States will develop breast cancer sometime in her life. It is currently estimated that more than 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman diagnosed as having breast cancer before a lump can be felt has a 90 percent 10 year survival rate.

A mammogram can detect a cancer even before it can be felt.

The Mobile Breast Screening Unit from Odessa Women's and Children's Hospital will be in Ozona Friday, Nov. 21, to offer screening mammograms to the women of Ozona. Appointments may be made by calling Crockett County Hospital at 392-2671.

The American Cancer Society has established guidelines for mammography. Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

I. 35-40 year old asymptomatic (women who have no symptom of the disease) women should have a baseline mammogram.

II. 40-50 year old asymptomatic women should have a mammogram every 1-2 years depending on breast type and risk factor until age 50.

III. Asymptomatic women over 50 years of age should have annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. Risk factors which are an example are previous breast cancer and family history of breast cancer.

V. Symptomatic women at any age with breast mass, nipple discharge, skin changes or unexplained breast pain.

VI. Symptomatic women will not be seen at the screening clinic. A woman with any of the above symptoms should call her physician or make an appointment for a complete breast study at the Regional Breast Care Center in Odessa.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist will perform the examination at the clinic. Charge for the screening mammogram is \$50 and must be paid at the time of service.

For more information or to make an appointment, call Crockett County Hospital at 392-2671.

Paula Farmer new manager at Perry's

Perry's new manager on job

New Perry's manager Paula Farmer has been on the scene since Thursday, Nov. 13. "I told the employees this sure was a cold welcome," said Mrs. Farmer who worked her first day here during last week's freezing weather.

Former manager Jim Adams is now heading the Sonora store for Perry Bros.

Mrs. Farmer has transferred to Ozona from Big Lake where she was store manager for six years. The petite Mrs. Farmer actually began her career with Perry's in the Ozona store eight years ago. She began working here as a clerk, commuting

from Sonora.

When the assistant manager's position opened there, she was given the job. A year later, the Del Rio native was managing her own store in Seymour.

Mrs. Farmer also has more than 10 years experience with C. G. Morrison Company. Her husband, Lester Farmer, is retired from Morrison. "He is very, very supportive" of her 12 hour days because of his experience in the retail field, says Mrs. Farmer.

The couple plan to buy a home in Ozona where they can enjoy their

mutual hobby, plants. She is currently commuting daily from Big Lake until they find a home here. He is a member of the Church of Christ, and she is Catholic, says Mrs. Farmer.

"I already feel so much at home," says Mrs. Farmer of Ozona. "The girls (at Perry's) have been very co-operative."

Beginning Dec. 1, Perry's will go to Christmas hours of 9 a.m. to 8 p.m. Monday through Saturday. Sunday hours will remain 12:30-5:30. The store will be closed on Thanksgiving and Christmas.

Federal Land Bank reduces interest rates

Farmers and ranchers who finance with the Federal Land Bank of Texas will pay lower interest rates beginning Dec. 1.

Variable interest rates on long-term farm and ranch land loans will be 10.75 percent, down from 11 percent. Rural residence and farm-related business loans will decrease to 11.25 percent, down from 11.50 percent.

According to Don Rogge, president of the Federal Land Bank of Texas, the reduction, due to the drop in money cost, will save Texas farmers and ranchers more than \$6 million a year in interest.

The bank and its 44 Federal Land Bank Associations have more than \$2.5 billion outstanding to 40,000 Texas farmers and ranchers for terms of up to 30 years.

"Lower interest rates will give Land Bank borrowers some financial relief," says Rogge. "We feel that each time we bring interest rates down even a few basis points, we are helping stabilize the overall farm economy and Texas land prices, in particular."

Since Aug. 1, the bank has lowered interest rates 3/4 of one percent. This represents almost \$19 million a year less in interest rates, according to Rogge.

"The Texas Land Bank mortgage loan portfolio continues to earn money," Rogge said. "Almost 98 percent of our loans are current. Only two percent or about \$14 million of our loans are delinquent. We view this as acceptable considering the bank has \$2.5 billion in loans outstanding."

Rogge warned that even though

the Land Bank continues to make money, third quarter earnings will be negative because of aid to other ailing Farm Credit districts. He emphasized, however, that recent legislation passed for the Farm Credit System would alter these figures. Special accounting methods and spreading losses over a 20-year period will allow the bank to reverse some payables to other districts, changing year-end earnings for the bank significantly, the association president said.

The Land Bank, this year, has averaged almost \$2 million a month in net earnings, before aid to other districts and loan loss reserves.

The local association has \$37,693,219.42 in loans outstanding to 256 borrowers in Sutton, Crockett, Schleicher and Edwards counties.

Holiday '86 Style Show casual to classic

Cynthia Berry's checked skirt and multi-colored sweater are examples of the versatile options for fall.

Anne Childress models beautiful holiday evening wear of black and silver metallic.

Codi Richardson and Stefny Sutton choose denim from Small Fashions. Stefny's studded jeans are from Jean Jer, and both are wearing fancy bandanas, also from Small Fashions.

A glimpse of fashion history added an enchanting touch to the Holiday '86 Style Show Nov. 15 at Circle Bar Solarium. Today's fashions from The Teacher Store and Small Fashions were modeled along with garments from as early as 1912 in keeping with the Sesquicentennial theme of the show.

The annual event benefits the Crockett County Care Center and Hospital Auxiliary.

Commentator for the event, Becky Childress of The Teacher Store, was all a'glitter in a beautiful black and silver holiday frock.

The show opened with a pony-tailed Ronda Stuart dressed in rolled-up blue jeans, saddle shoes and a letter jacket. Ronda's jeans led the way for sport denims with rhinestones, denim dresses worn with a variety of accessories and fancy denims for the young set to wear with jeweled bandanas.

Lovely wedding gowns belonging to Georgia Kirby, Lou Deaton and Mrs. Edgar Glasscock were a delight to spectators.

Sport clothes for youngsters featured a variety of colors and cuts. Clever animal appliques decorated warmups for children and adults alike.

Children's dress clothes were also plentiful mixed with suits made for Boy Baker in 1922 by his mother, Alice West Baker, and a little girl's church coat which had belonged to Genelle Childress Berry in 1942.

Rich greens with black, reds, and blues were high on the list of favorite colors for dress and sports wear. Pales are newly powerful for fall and winter, too, said Mrs. Childress as models floated by in soft sweaters and skirts of pastel hues.

Checks, plaids, paisley and big, bold designs were used for casual clothes.

Silk dresses and softly tailored suits emphasized the feminine silhouette. Silver metallics and sequins added a rich sparkle to evening clothes for the holidays.

A flapper dress which had been worn by Emma Adams was modeled by Susan Slaughter, and Tami Reagor appeared in a bathing suit which was made for Marie Perner when she went to college in the 1920's.

Dramatic evening clothes from the 40's and 50's seemed appropriate for today.

A variety of graduation dresses, one made in 1912 for Gladys McKnight of Sterling City, appeared almost as fresh as the day they were worn.

Chantelle Pesson modeled an evening dress bought for June Sloan for a 1948 school dance. Sam Perner also wore the dress that year when several boys formed an all girls band.

Other items of clothing from the past came from the closets of Myrtle Kincaid Childress, Janice Marley, Benny Gail Hunnicutt, Crystelle Childress, Wanda Bunger, Happy Davidson, Mildred Perner, Jane Neal Cooper, Gladine Coates Kost and Lela Nussbaumer.

Women's clothes from The Teacher Store were by Lorch, Ginnie Johansen, J. G. Hook, J. Christoper, Intuitions, Maggy London, Prophecy, Catalina, James Kenrob, Condor, Act I, Vanity Fair, Kasper, Villager and Bordeaux.

Children's garments from Small Fashions were by Heather Hill, Weather Tamer, Betmar, Prime Moves, Izond, Frog Pond, Her Majesty, Nannette, Jean Jer, Rosebud Duds, Billy the Kid, Peaches 'n Cream, Toddle Tyke, Bryan, Head-sport, Quiltex, Health Tex and IC.

Youngsters modeling were Staci and Stormi Sessom, Codi, Clay and Kyle Richardson, Stefny Sutton, Justin Glasscock, Julie and Melissa Childress, Angela Glasscock, Courtney Phillips, Jeannie Cooper, Julie Carson, Linda Gray, Martha Chalmers, Rebecca Deaton, Christi Pridemore, Wylie Wagoner, Sonny Jon Bailey, Becca Shaw, Robin Driskell, Kimberly Bean, Lacy Hun-

nicutt, Jess McMullan, Robin Connor, Christa Chalmers, Haley Holden, Regan Shaw, Ashley Brockman, Megan Mitchell, Lena Baggett, Tami West, Marie Pierce, and Lauren Wilkins.

Teen models were Staci Berry, Sharla Vaughn of Sheffield, Terel Seahorn, Chantelle Pesson, Tammy and Vickie Reagor, Trebie West, Margaret Jones and Jennifer Davidson.

Modeling ladies' ready to wear were: Sharman West, Jeannine Henderson, Cynthia Berry, Cathy Carson, Lori Williams, Ronda Stuart, Sharon Forehand, Belinda Wilkins, Paula Bailey, Helen Bean, Tina Bean, Kay Lynn Evans of Talpa, Camille Jones, Jo Ann Stout and Shanna Smith of Big Lake, Billie Renfro and Nancy Brockman of Sonora, Rene Schulze, Sandy Baggett, Jane Richardson, Ann Childress, Dorothy Montgomery, Benny Gail Hunnicutt, Lou Whitley, Marilyn Bean, Patti May, Carol Hunnicutt, Marilyn Cox, Susan Slaughter of Sheffield, and Kay Davis of Sterling City.

Knights hold fourth degree meet

Ozona and San Angelo Fourth Degree Knights of Columbus held corporate communion on Sunday, Nov. 16, at Our Lady of Perpetual Help Church.

Dinner was served in the parish conference room by Fourth Degree wives Linda K. Vasquez, Esmi Barrera, Irma Tambunga, Yolanda Tambunga and Lanette Rodriguez.

A Fourth Degree meeting followed the dinner.

Xeriscaping popularity grows

WATER SHORTAGE PROBLEMS HERE TO STAY

One of the misconceptions that the public holds is that there will always be plenty of water for everyone.

Not so, according to Ken Ball, conservation officer with the Water Department in Denver, Colorado.

There will be less and less water for everyone, not only in Texas but in the United States. Ball told over 200 landscape architects and city water officials gathered at Texas' first Xeriscape Conference here.

The conference was held Nov. 6-7, at the Marriott North Inn.

Xeriscaping is landscaping oriented toward water conservation.

Jim Fries, with the Texas Water Development Board, told the group that Texans use 15.9 billion gallons of water each day, making the state the third-largest water user in the nation. Eighteen percent of the total water use is for home consumption and during summer months half of home consumption can go to watering, Fries said.

Projections put Texas water demand at the year 2030 at 27.1 billion gallons a day, far beyond the capacity of known aquifers and current or planned reservoirs, Fries explained.

"We knew something else had to be done to manage water in the state if we were going to have enough water for future," he said.

That "something else" was the Texas Water Plan, which expanded the role of conservation in planning for future needs, he added.

Fries told the group that implementing a total landscape program can save homeowners or businesses 10-30 percent of total water use.

Xeriscaping is one conservation alternative homeowners and businesses have, said Jim Grabow, who is a landscape engineer in that city, and Ball were the key organizers of a group called the National Xeriscape Council.

The council was formed in the late 1970's in response to a severe drought in Colorado and the reaction of the landscaping industry to that drought, Grabow said.

In Aurora, Colorado, the restrictions had even included application to the city for homeowners to apply sod to their yards and a 90 day moratorium on all landscape installation, he said.

This hit landscapers where it hurt, in the pocketbook. Some began working with the Denver Water Department in a plan to reduce water demand by selecting landscape plants that didn't require a lot of water, Grabow added.

"The impact was that we went to management by objective instead of management by crisis," the landscape engineer said.

He said that many misconceptions have begun changing in Colorado, as well as in Texas.

The ethic of businesses pouring on water to keep customers satisfied is almost a thing of the past, he said.

"People don't tolerate water waste like they used to," he said.

The landscaping industry, facing problems like those in Aurora, Colorado, is also changing.

Even though they could not meet an "instant demand" by everyone in the country for Xeriscape plants, landscapers are growing and stocking more of this type of plant in nurseries, Grabow said.

Another misconception that is slowly dying is that xeriscaping denotes barren, lifeless landscaping, he said.

"Let's face it, in younger stages, drought tolerant plants are ugly," Grabow said.

"But they grow up to be beautiful," he added.

By knowing perennials and annuals, a homeowner or business can create a landscape that is pleasing and colorful at any time of the year while saving water, he said.

Grabow mentioned that the house and landscape which won the council's Xeriscape Contest in Colorado used 60 percent less water than homeowners with comparable size lots in the neighborhood.

The National Xeriscape Council was formed to increase public awareness of the possibilities of Xeriscape and to lend uniformity and consistency to the idea, he said.

Board members come from Colorado, California, New Mexico, Arizona, Nevada and Texas.

The conference was sponsored by the Texas Agricultural Extension Service, Edwards Underground Water District, San Antonio Botanical Center, San Antonio River Authority, and the City of Austin Resource Management Department.

Coal-fired generating plant now operational

Start-up operations at West Texas Utilities Co.'s Oklaunion Power Station are proceeding normally, and the new coal-fired generating plant is expected to be in commercial operation before the end of the year.

The huge plant eight miles southeast of Vernon produced its first electricity in a test run this past week, with 22 megawatts going out over transmission lines for a short time. When it is brought on line, the plant will have a net generating capacity of 655 megawatts.

The first test run was fueled by oil, but coal will be burned in future tests as the boilers are brought up to full load. An on-site supply of low-sulphur coal has been building up since July, when the first coal train arrived from Gillette, Wyo.

The Oklaunion station is WTU's first coal-fired plant. The company's other eight plants use natural gas as the main fuel.

"We're glad that we'll no longer depend on just one source of fuel," said Walter Meller of Abilene, WTU's Manager of System Production.

"This new fuel mix means cheaper

energy for all our customers in the long run," he said. "And in the short run, the more stable fuel costs will help offset higher base rates that will be necessary to pay for the new plant."

WTU officials say an application for an increase in base rates will be filed after the plant becomes commercial, although details have not been worked out. WTU has not raised its base rates in over two years, and has lowered its fuel charges and made fuel cost refunds four times to its retail customers.

The Oklaunion Power Station is by far the largest in the WTU system. Construction began in 1982 and all equipment is the most modern available, including state-of-the-art pollution control facilities.

From the beginning, ownership was shared by two other companies in the Central and South West Corp. ---Public Service Co. of Oklahoma and Central Power and Light Co. Since construction began, PSO and CPL have sold portions of their shares to the Oklahoma Municipal Power Authority and the City of Brownsville. WTU remains majority owner and operator of the station.

the NEWS 392-5230

Rachel's Reviews

by Rachel O. Hall

If you missed the WTU baking program last week, recipe booklets may be obtained at the local WTU office. Some of the baking ideas and recipes are listed.

Christmas baking tips from WTU program:

•Store flour in a cool, dry place in an airtight container to retain moisture. For extended storage, flour can be frozen or refrigerated in an airtight container.

•Ovens vary a bit, so check for doneness at the minimum time given, especially the first time you try a recipe. Too hot of an oven causes cakes to peak, while too low oven temperature causes cakes to fall.

•When cooking candy, use a large, heavy metal pan with a smooth bottom. Cook candy over moderate heat so that it comes to a boil gradually. Cooking too rapidly is one cause of a granular texture in creamy candies.

•Lower your oven temperature 25 degrees if you use a light weight baking sheet or any pans other than those made of aluminum. Glass, porcelain and dark colored aluminum absorb more heat.

TORTILLA PINWHEELS

- 2 pkg. (8 oz.) cream cheese, softened
- 3 tbsp. dairy sour cream
- 1 can (4 oz.) mild chopped green chilies
- 1 cup diced bell pepper
- 4 slices bacon, cooked and crumbled
- 3 tbsp. chopped pimientos
- 4 green onions, chopped
- Seasoning salt to taste
- Onion salt to taste
- 6 flour tortillas

Mix cream cheese and sour cream until smooth. Add remaining ingredients. Stir to blend. Spread 1/8 inch of mixture on flat tortilla. Roll up as a jelly roll. Chill. Slice in 1/2-inch slices. Makes 7 dozen appetizers.

DATE ORANGE BRUNCH BREAD

- 1 pkg. (8 oz.) pitted dates, cut up
- 1 c. chopped walnuts
- 2 1/2 c. all-purpose flour, divided
- 2 tsp. baking powder
- 1/2 tsp. baking soda
- 1/2 tsp. salt
- 1/2 c. butter-flavored vegetable shortening
- 1 c. firmly packed light brown sugar
- 2 tbsp. grated orange peel
- 2 eggs
- 1 c. milk

Heat oven to 325 degrees. Combine dates, walnuts and two tablespoons of flour. Sift remaining flour, baking powder, baking soda and salt together. Beat shortening, brown sugar, orange peel and eggs until well blended. Combine flour mixture with shortening mixture alternately with the milk, mixing well after each addition until batter is smooth. Fold in date mixture. Turn into a (10 c.) fancy pan or other smaller cake pans that have been coated with vegetable cooking spray. Bake for 45 to 50 minutes for large pan and 30 minutes for smaller pans, or until top springs back when lightly touched with fingertip. Cool on wire rack for five minutes. Invert cake onto rack and lift off pan. Cool completely. Drizzle

top with Fresh Orange Icing. Freezes well.

CHOCOLATE TRUFFLES

- 3 sq. (1 oz. each) unsweetened chocolate
 - 1/2 c. margarine, softened
 - 1 1/4 c. sifted confectioners sugar
 - 4 egg yolks
 - 1 tsp. vanilla extract
 - Approximately 2 cups chopped nuts
- Melt chocolate on simmer. Combine margarine and confectioners sugar and mix until smooth. Beat egg yolks into sugar mixture one at a time. Stir in chocolate and vanilla extract. Chill until mixture is stiff. Shape into one inch balls and roll in chopped nuts. Store in refrigerator. About 2 dozen.

4-H Horse Club meets Saturday

The Crockett County 4-H Horse Program members will meet Saturday, Nov. 22, at 8:30 a.m. at the courthouse square for a carpool to

the Shannon Ranch. Members may bring their own horse if they wish. Please also bring a sack lunch.

Sheriff's Report

ARRESTS:

11-11 A 68-year old Ozona man surrendered to sheriff's deputies to begin serving a 28-day sentence for driving while intoxicated.

11-15 A 22-year old Ozona woman was arrested by sheriff's deputies on a warrant out of Tom Green County. She was later released after paying the required fine.

11-15 A 27-year old San Antonio man was arrested by Texas Highway Patrol for DWI. He was released the next day after posting a bond.

11-17 A 29-year-old Ozona man was arrested by sheriff's deputies and game warden and charged with several traffic offenses and hunting deer at night. He was released after paying a \$335 fine.

11-17 A 31-year-old Spring man was arrested by THP for outstanding warrants and a missing person listing. He is still in jail in lieu of the fine.

INCIDENTS

11-11 An Ozona man reported the theft from his vehicle of a stereo, equalizer, soldering gun and cassette tapes. The vehicle was parked overnight near the draw.

11-11 An Ozona convenience store reported the theft of a bank bag containing approximately \$250.00. The empty bag was found in the restroom of the store. This case is still under investigation.

11-12 An Ozona motel owner reported the theft of an aluminum step ladder.

11-15 A communications company reported the theft of a radio hand-set. A suspect was reported to the sheriff's deputies, and the case is still under investigation.

Lions Club News

Michael W. Smith from Sonora will have a presentation for the Lions Club at noon on Nov. 20. Michael is an investment specialist with Edward D. Jones Co. He will have an interesting audio/visual program, and will answer questions about money management and investments.

Frank Galindo with the Texas Department of Human Services told the club on Nov. 13 about his duties in Child Protective services. He explained the different kinds of child abuse cases he must address. Frank works from the hospital building and he will gladly respond to any child abuse inquires. The noon Lions Club board of directors met on the 12th to discuss the activities of the club. Lions president Garland Davis was satisfied most of the goals he established earlier are being met. The Lions will meet its many charitable obligations but must carefully manage its funds as there is no excess of capital available.
