Rev. and Mrs. Walter Bartholf and children enjoyed a camping vacation at Tres Ritos Monday through Friday of last week.

Two year old Denise Young, daughter of Mr. and Mrs. John Young, was hospitalized Saturday in Methodist Hospital for medical treatment. Her parents were vacationing in New Orleans at the time and could not reach home until Sunday.

Kenneth Everett, son of Mrs. Clinton Everett and brother of Mrs. David Stovall, Jr., has been moved from Veteran's Hospital at Houston back to University Hospital at Lubbock.

Jean Davis, former Muleshoe resident, is a member of the chorus in the production "Texas" this summer, with both singing and dancing parts. She is the daughter of Roy Davis, former Chamber of Commerce manager who now lives in Hayes, Kansas.

Mrs. R.O. Gregory is a patient in Highland Hospital where she is undergoing tests.

Mr. and Mrs. F.M. Preston and son Mark, of Pampa visited over the weekend in the home of their son and family, the Robert Prestons. Also visiting from Pampa were his sister and family, Mr. and Mrs. Ronnie Barton and sons, Scott and Jimmy Don.

The Roland McCormicks are vacationing this week at An-Con, on Page 6, Col. 1

Texas' plea for water went begging Tuesday as opponents to the Texas Water Plan saw their lead in the Special Amendment Election waning at midnight Tuesday.

Leading in early returns, the margin began to narrow as votes from the larger counties began to filter in to the Texas Election Bureau. At the final report at 12:25 a.m. Wednesday, from 252 of the 254 counties, Amendment No. Two was trailing by some 6,000 votes. Official count showed For 304,162 and Against 310,212.

A report at 11 a.m. Wednesday from the Texas Election Bureau at Dallas indicated that the Texas Water Plan, Amendment No. Two was trailing by 2,000 votes with most of the tally in. For the Amendment 306,619 and Against 312,164.

The report said Amendment Six, for increasing taxes on revenue bonds had failed and was in Hayes, Kansas.

Third Series
Vaccinations
Set Saturday

Mrs. Earl Peterson said third series of vaccinations for area school children will be held Saturday, August 9, from 2 to 5 p.m.

The shots will be given at the Goodwill Center at 415 East Avenue E. Measles, Smallpox, Polio and DPT shots will be available.

1969-70 VARSITY CHEERLEADERS--Pictured are the Varsity Cheerleaders who just returned from a cheerleading school in New Mexico. The are back row, Kay Douglass; middle

row, from left, Karen St. Clair; Ann Douglass and Vicky Julian and front row, from left, Janis St. Clair and Kathy Mardis.

Varsity Cheerleaders Return From School

Muleshoe Varsity Cheerleaders Karen St. Clair, Ann Douglass, Kathy Mardis, Vicky Julian, Kay Douglass and Janis St. Clair have recently returned from cheerleading school at

ENMU, Roswell, N.M. branch. The cheerleaders spent five days learning new yells, skits, tumbling routines and hand motions to be used in 1969-70 Pep Rallies and during football and basketball games.

The cheerleaders also took part in competition with the other squads at camp. The squads performed two yells each day for a group of instructors and were given ratings according to spirit, selection of cheers and ability.

The cheerleaders received two superior and three excellent ratings. They also received the 'spirit stick' on the last day. The spirit stick is a special award which is given the squad which shows the most spirit for the entire week.

During the week, a gymnastic program was held for the public in downtown Roswell. For the program, a squad of girls from each of the three states represented, Texas, New Mexico and Oklahoma, was chosen

from camp to perform a cheer. The Muleshoe cheerleaders said they were honored by being asked to represent Texas. Cheerleader Ann Douglass said, "The cheerleaders invite everyone to attend all the athletic activities that have been

planned for the coming year. "Muleshoe expects to have a good athletic season this year, but the teams cannot be winning teams without support, attendance and enthusiasm from Muleshoe's citizens," concluded the cheerleader.

Miss Muleshoe Vies For Another Title

Trenea Bryant, recently named 'Miss Muleshoe' in the annual Jaycee Miss Muleshoe Pageant, will be one of the contestants vying for the title of Miss Grain Sorghum of the Nation this weekend. She is the daughter of Mr. and Mrs. Don Bryant.

Miss Grain Sorghum of the Nation for 1969 will be chosen in judging on August 9 in Dimmitt. The winner of the title and crown this year will become the tenth standard bearer for the Grain Sorghum Industry of the United States.

Chairman of the committee of the Castro County Chamber of Commerce which sponsors the event is Bo Bryant. Bryant said the girls are competing for the crown and the top prize which is a \$1,000 college scholarship to the winner's choice.

The Pageant has evolved from a flatbed trailer at the 1960 Castro County Fair to the present show which is held annually. The winner of the first

Baptist Youth Rummage Sale Ends Saturday

Muleshoe's First Baptist Church youth group has been sponsoring a rummage sale on the Parking lot at Crow Chevrolet in order to help obtain funds for a trip to Glorieta Camp Grounds.

Saturday, the last in a series of such sales will be held. Some 50 people have signed up to attend the camp where they will have conferences, Bible Study and fellowship from August 14-20.

Near-Record Harvest Possible This Year

With 80,000 acres of cotton standing from some 85,000 originally planted in Bailey County, a good crop is in prospect for the county providing good weather holds.

Adverse weather conditions wiped out 5,000 acres in June with hail storms and washed out acreage which were not replanted with cotton. The 80,000 acres are 'fruiting good' said County Agent J.K. Adams, and one of the best crops in several years can be expected by county farmers.

Grain sorghum, which is one of the more outstanding crops in the county, has good prospects said Cliff Griffith. He said the grain sorghum stands are good and barring bad weather or bug

infestations, the crop will far surpass last year's yield.

In a 29-county Plains area last year, 185 million bushels worth around \$180 million was produced. The Plains section leads the nation in not only cotton, but grain sorghum production.

Low yields in the south and east are expected to boost payments to farmers for grain sorghum to \$1.80-\$1.85 and a possible bumper harvest can be expected in the Plains counties.

Bill Wimberley said 5,000 more acres are devoted to contract or food corn this year than were contracted last year, and that average production will be around 5,000 pounds per

Farm Bureau Queen To be Named Friday

Four more area girls have entered the Farm Bureau Queen contest to bring to seven the number vying for the title 'Bailey County Farm Bureau Queen.' The contest will be held at 8:30 p.m. Friday, August 8 in Muleshoe High School auditorium.

Karen St. Clair, 17 year old daughter of Mr. and Mrs. Bill St. Clair has entered the contest. She will be a senior in Muleshoe High School in September.

Karen lists her hobbies as skiing, swimming and sewing and her interests as basketball, cheerleading and FHA. She was named the most outstanding basketball player last year.

Sharon Ensor of Route One, Farwell is another contestant. She is the 19 year old daughter of Mr. and Mrs. James Ensor and lives in the Oklahoma Lane Community. She graduated from Farwell High School and is a sophomore in college.

Sharon lists her interests as basketball, tennis, cooking and sewing. She was named to the All-District Basketball team and named All-Tourney.

Another entrant is Jolene Cox, 16 year old daughter of Mr. and Mrs. D.J. Cox of Bula. She will be a junior in Bula Schools this fall.

Beverly Evins, 17 year old daughter of Mr. and Mrs. J.H. Evins is another contestant. She attends Muleshoe High School.

English Guest Says 'I Enjoy Working'

"I enjoy working," said the personable and poised young English visitor who visited the Journal offices Tuesday afternoon.

He is from Towcester in the East Midlands of England and is presently visiting in the homes of Herbert Griffiths and Byron Gwyn.

On weekdays, David McCullagh stays at the Byron Gwyn farm north of Progress where

he is employed during the summer and on weekends he stays in the Griffith home.

McCullagh, 20, is a second year student at London University where he is majoring in Agriculture Economics.

"I wanted to see more of the world in general, especially the different people and farming," replied the young man in answer to the question as to why he is in this part of the

world. He said he has found American people a little less stereotyped than he thought and that the American tourist is vastly different from the American people at home.

He said he had found the American soil much easier to work with, especially in this part of the country, than is the clay-type soil in the part of Cont. on Page 6, Col. 4

City Council Pays Bills; Invest Funds

Muleshoe City Council met in regular session Tuesday morning and approved payment of several construction bills on the new water and sewer improvements being made at the time.

Discussion was held on re-investing some \$77,000 in city funds and a decision was made to invest in certificates of deposit for 90 days. M.D. Gunstream, president of the First National Bank attended the meeting and explained various investment procedures to the councilmen present.

Also receiving approval was payment to Lampe Construction of \$14,886 for work to date on the new city hall. Completion of the construction is expected sometime in September.

City Engineer Ralph Douglas reported to councilmen that most of the water system in the Country Club Addition is ready to use as soon as water meters are installed.

LEARNING AMERICAN FARMING CUSTOMS--David McCullagh, 20, of Towcester, England, sits on a tractor at the Byron Gwyn farm where he is working this summer. In September, he will return to England where he is a second year college student, studying Agricultural Economics.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Legislators hit the ground running in their unfinanced special session on finance.

Gov. Preston Smith was ready for them on opening day (July 28) with tax recommendations which included a one half of one per cent boost (to 3.5 per cent) in the sales tax. He also suggested raising the car sales tax to 3.5 per cent, raising the cigarette tax three cents a pack and the corporation fran-

\$5,749 billion for the biennium was plenty, but senators figured \$5,852 billion was needed. General revenue amounts to \$1,188 billion in the House bill, \$1,230 billion in the Senate measure.

House would require at least \$286 million in new revenue, Senate about \$328 million. Neither figure included the \$30 million in additional public welfare spending proposed in the constitutional amendment on the August 5th ballot.

Speaker Gus Mutscher indicated he hoped for House agreement by the end of the second week on a tax bill to cover the budget which he said would be close to that recommended by the governor.

But such a bill stands little chance in the Senate, at least in the near future.

TREASURE WAR CONTINUES

The long controversy over General Land Office handling of treasure remains from a

Spanish Galleon off the Padre Island coast turned physical when Rep. Jake Johnson of San Antonio tried to look at what the General Land Office is holding in its vaults.

An angry confrontation occurred when Johnson showed up with reporters and a three-man commission appointed by a District Court in Nueces County to examine the artifacts. The 400-year-old treasure has been the cause of friction between Johnson and Land Commissioner Jerry Sadler for some time.

Sadler thrust an open hand towards Johnson to prevent him from entering. Johnson says he was hit in the throat. Sadler says he grabbed Johnson's necktie.

Johnson took the floor of the House for a personal privilege speech and asked "older and wiser" members for guidance on what to do, charging it was a

slap at the House and not just at him.

Reps. Neil Caldwell of Alvin and Don Cavness of Austin introduced legislation—an "antiquities code"—to set policy for future treasure hunts. Their bill can be considered only if Governor Smith officially submits it.

Sadler sent out a press release saying he was defending the vaults from intrusion. The three-man inventory commission and reporters were allowed to enter.

Commission completed its check and sent the state archeologist off to Gary, Ind., to bring back 300 coins and artifacts still in the hands of Platoro, Ltd. Inc., the exploration firm which brought the treasure up from the Gulf floor.

BEACHES

A number of violations of the Texas "Open Beach" law on Galveston Island has been re-

flected by county and state officials' investigations, says Atty. Gen. Crawford Martin.

Representatives of the owners of beach property apparently violating the provisions of the state law, which requires all beaches to be public, have been invited to meet with Galveston County officials to see if they can be persuaded to eliminate the barriers without court action.

COURTS SPEAK

State Supreme Court decided that the Alice National Bank will remain as the independent executor of the \$300 million Sarita Kennedy East estate.

Court adjourned until October 1 without taking action on the Sunday closing law challenge.

In other new decisions, the High Court:

- * Agreed with lower court prohibition against Granbury Independent School District's implementing a 1968 tax "equalization" program which would have brought about tax increases up to 700 per cent.
- * Upheld a lower court's view that the City of Vidor had full authority to enact 1960 ordinances providing for warrant financing of a new city hall and levying city taxes.

APPOINTMENTS

Senate elected Sen. H.J. (Doc) Blanchard of Lubbock its president pro tempore for the special session.

Governor Smith appointed Judge George Rodriguez of El Paso as district attorney for the 34th judicial district, succeeding Barton Boling who resigned.

Senate confirmed Rodriguez and also C.E. Maynard of Bastrop as district judge of 21st judicial district and William Baber of Vernon to the State Board of Optometry Examiners.

Donald Paul Katz of Dallas has been named deputy director of planning in the office of foreign investment of the US Department of Commerce.

Three new members of Texas Industrial Commission have taken oaths of office. They are C.L. Cooke of Fort Worth, Lloyd L. Davis of Plainview and C. Truett Smith of Wylie. New T.E.C. staff members are L.B. Smith of Brady and James H. Haves of Wichita Falls.

Lone Star Medal of Valor went to SP4 George D. Webb of New Braunfels, a National Guardsman, for his attempt to save the life of William A. Maxwell of New Braunfels who was knocked to the ground by a high voltage transmission line.

GAS RATES

Texas Railroad Commission has taken under advisement a request of Lone Star Gas Company for a raise in gas rates sold to local systems in 512 Texas cities.

Representatives of the cities were at the hearing to oppose the proposed 9.4 cents per thousand cubic feet of gas raise. Richard Aughenbaugh, Fort Worth city public utilities supervisor, said the cities felt that an increase of no more than 2.77 cents to six cents would be in order, preferably 3.44 cents.

A decision will be reached by the commission sometime after a minimum waiting period of 30 days.

HUNTING, FISHING LICENSES OUT

Two million licenses for 1969-70 hunting, fishing seasons will be shipped to 3,200 license sales agents by the Texas Parks and Wildlife Department on August 10.

Initial shipment will contain 730,000 resident hunting licenses and 900,000 fishing licenses with total face value of \$4.4 million. There will be 23 types of licenses in shipment. Fish farm, fish farm vehicle and salt water trotline licenses were added by the legislature this year.

Gordon Wilson Named Maytag Dealer

Gordon Wilson, Muleshoe, Texas, local Maytag dealer, is now franchised to sell the home appliance manufacturer's kitchen products.

Long recognized as experts in home laundry, Maytag engineers have utilized their many years of experience to develop built-in and portable dishwashers and a complete line of food waste disposers, according to Wilson.

The company's recently introduced built-in dishwasher features the high-velocity cleaning action necessary to wash dishes clean without pre-rinsing and the deep cradle racking for proper support of crystal and fine china.

Maytag's portable model dishwasher combines high-velocity cleaning with unsurpassed capacity, racking versatility and many other features.

Knowledge of water-using appliances has led the firm to development of a food waste disposer water seal that is designed to eliminate water leaks to the motor, the major cause of disposer failure. A polyurethane grinding chamber and other Maytag exclusives combine for quiet operation.

Open House Honors Mrs. Bruns

Mrs. Fred Bruns

The children and grandchildren of Mrs. Fred Bruns honored her Sunday from three to five o'clock with an open house in the Bruns home on Friona highway, in observance of her eightieth birthday, which occurred on August 1.

Special guest was Mrs. Bruns' only sister, Mrs. Zilpha Zimmer of Muleshoe.

Out of town guests from Friona were Mrs. J.M. Watson, Mrs. Lois Bates, Mrs. Nelson Welch, Mr. and Mrs. Tom Pruitt and family and Lon Pruitt. About sixty guests called during the afternoon.

The serving table was laid with a white linen cutwork cloth and centered with the traditional gift to lovely ladies, an arrangement of 'one dozen red roses'. A cake decorated with red roses and red punch

Mrs. Steagall Has One-Man Art Showing

Mrs. Cass Stegall of Goodland had her third repeat one-man show at "High Country Lodge" of Ruidoso August 1, 2 and 3.

A resident of Bailey County 45 years, Mrs. Stegall has only studied art seriously three years. She has studied under Cabellero, Taubes and Cheateam, college professors, as well as several local art teachers.

Her work is mainly of the southwest and early life she knew.

She also has work hanging at "Chaparral Motor Hotel" and "Swiss Chatel" in Ruidoso.

Poets Ride Mule For Title

BY DWIGHT A. MCDANIEL

Marion J. McDaniel, Bula superintendent and Poetry Society of Texas counselor, met with interested poets in the Muleshoe State Bank Community Room July 15 to organize a P.S.T. local chapter.

Officers elected were Marion J. McDaniel, president; Mrs. Horace L. Blackburn, vice-president; Mrs. Alvin Allison, secretary - treasurer; and Dwight A. McDaniel, reporter.

P.S.T.'s suggested constitution was read, discussed, and adopted. The Mule Memorial Chapter of the Poetry Society of Texas was chosen as the official name, one dollar per year was set for dues, and meetings were scheduled for third Mondays at 8 p.m., October through June, in Muleshoe. Official charter from P.S.T. has been requested.

McDaniel briefly reviewed "The Great Impulse," a major poem in LEVELLING OFF, his forthcoming book. "Death Among the Flowers" and "Drag Strip," two late poems, were read.

Possible activities discussed were a yearbook; "Poet's Corner" in local newspapers; radio programs; membership drive; promoting National Poetry Day, October 15, through newspaper, radio, school, and club; regular readings, guest speakers, prepared programs for requests; and July 4.

Membership in P.S.T. has been opened to interested promoters, donors, and poets. Membership in The Mule Memorial Chapter is encouraged. If interested, write Mrs. Alvin Allison at 811 W. 3rd Street, Muleshoe, 79347, or see her at the Shoe Store.

Executive Committee meeting is set for Monday, August 11, at 6 p.m. in Muleshoe State Bank Community Room.

Bartlett Reunion In Bartley Home

About forty members of the Bartlett family gathered Sunday in the home of Mr. and Mrs. W.F. Bartley for a family reunion.

Attending were Mr. and Mrs. W.H. Bartlett of Slaton, parents of Mrs. Bartley; Mrs. Gerald Baugh and children from Houston, sister of Mrs. Bartley; a brother and family, Mr. and Mrs. Billy Bartlett and children from New Deal; an aunt, Mrs. Ina Phillips of Plainview; Mr. and Mrs. Jack Pritchard of Plainview, cousins; a daughter and family, Mr. and Mrs. T.R. Provinces Visit In Georgia

Mr. and Mrs. George Province of Muleshoe and their daughter and son-in-law, Paula and Travis Clements and sons, Dennis, Douglas and Deon of Lubbock, left July 20 to visit their son and brother S/Sgt. and Mrs. Phil Province of Columbus, Georgia, where Phil is stationed with the Army at Ft. Benning.

The first stop was at Six Flags Over Texas, where Deon's fourth birthday was celebrated. From there they drove to Shreveport, Louisiana and on to Columbus.

S-Sgt. and Mrs. Phil Province and the seven travelers enjoyed staying at Infantry Center recreation area at Destin, Florida, known as the Miracle Strip midway between Pensicola and Panama City. Here they enjoyed deep sea fishing and playing on the beach.

They returned to Georgia Monday, the 28th, when Phil left for a skeet shoot at Rochester, N.Y. and the Provinces and Clements left for home. That day they ate breakfast in Georgia, a snack in Alabama, lunch in Mississippi and dinner in Shreveport, Louisiana.

Anthony's

Nancy Lance, Mr. Davis Wed

A candlelight ceremony Saturday evening August 2, in First Baptist Church of Sudan, united Miss Nancy Rydell Lance and Robin Evvie Davis in marriage. Officiating minister was Rev. Wayne O. Perry of Lubbock. Parents of the couple are Mr. and Mrs. R.A. Lance of Sudan and Mr. and Mrs. Billy Myers of Muleshoe.

Cassie Baker of Spearman, cousin of the bride, was flower girl and another cousin, Greg Lance of Lubbock, was ring bearer.

Attending the groom as best man was Ronnie Brown of Roscoe. Groomsmen were Mike Bellar of Spade, Leonard Forey of Nederland and Willis Winters Jr. of Odessa.

Ushers were Bo Lance and Billy John Ford of Sudan. Candles were lighted by Mary Ann Dellar of Sudan and by Dusty David, brother of the groom.

For her daughter's wedding, Mrs. Lance chose a pink linen dress with matching jacket, both edged in pink eyelet embroidery, worn with matching accessories and a white orchid corsage.

The groom's mother wore a pink lace dress with white accessories and a white orchid corsage. A reception was held in the home of the bride's parents, with Elaine Lance and Carla West of Lubbock, cousins of the bride, Cindy Birlich of Belton and Vicki Maegen of Valeria serving.

For a wedding trip to points

of interest in Texas, the new Mrs. Davis chose a navy blue suit with accessories of red and planned on the orchid from the bridal bouquet.

The couple is at home in Sudan until September when they will move to College Station. The bride is a graduate of

Sudan high school, attended Angelo State University and plans to attend Texas A&M University. Her husband, also a 1968 graduate of Sudan high school, attended Texas A&M and is a member of the varsity football team.

Library News

By Anne Camp

Children of the Muleshoe Area have really been "going places" with books this summer—with a record number of books circulated during the months of June and July—9,807! Most of the boys and girls have finished their required number of books read; and have completed posters showing 25, 36, and 50 books read; and several have reported over 100 books read!

The library has welcomed as patrons many of the pipe-line families, who are making their homes in Muleshoe this summer. They all seem happy that our town has a library with such a fine collection of books. We continue to add daily, during the month of July we have added 57 children's books donated by Mrs. B.E. Free. We added by purchase 31 books for young people, and many paperbacks have been donated. We have most of the books on the Nations Top Twenty best seller list, and for those whose taste doesn't run toward Roth's "Portnoy's Complaint" or "The Love Machine" by Jacqueline Suzanne or Nabokov's "Invitation to a Beheading"; -- try Phyllis Whitney's latest suspense novel -- "The Winter People" or "The Vines of Yarrabee," a wonderful historical novel by Dorothy Eden. In the non-fiction section the highly recommended book, "Between Parent and Teenager" and "The Complete Antiques Price List" have been added. The latter has over 28,000 current prices of antiques. Having just acquired an old flat-iron, we were interested to know that the current price was listed as \$7.50, but could run higher with private collectors.

Most recent memorial is a gift from Mr. and Mrs. Joe Costen, given in memory of Mrs. Olive E. MacFarland, my mother; and her love for books and for children will be reflected in the selection. I want to express my sincere and heartfelt appreciation for the volunteers who helped at the library, during the recent illness and death of my mother -- May God bless each and every one of you....and as a tribute to my Mother, I would again urge all to use and enjoy the library. This poem, which she wrote, I would like to quote:

A good book unread on the shelf,
What does it mean?.....
That something beautiful is never seen,
That a heartfelt message is never known;
That seeds, tho saved are never sown,
That words from the gifted, now lie dead,
Never to live again--Until they are read!

Square Thru's Do Si Do In Ruidoso

Eleven couples from Muleshoe Square Thru's will be in Ruidoso this weekend to attend the 11th annual Square Dance Convention at Chaparral Convention Center.

Two callers will be present Denver, Colorado and one from Fort Worth.

Planning to attend are Mr. and Mrs. Jimmy Presley, Mr. and Mrs. Willie James, Mr. and Mrs. Arnold Prater, Mr. and Mrs. Curby Brantley, Mr. and Mrs. Hilbert Wisian, Mr. and Mrs. Ben Roming, Mr. and Mrs. Robert Hunt, Mr. and Mrs. Eugene Shaw, Mr. and Mrs. Henry Steaham, Mr. and Mrs. Don Seales, and Mr. and Mrs. Ike Wilcox.

TO THE BRIDES-ELECT

A word of explanation to those young women who are planning to speak those very important two words, "I do".....

Knowing you will want the story of the most important wedding in the world, yours, written at length and accurately so you may preserve it as your record of the memorable day, the Journal hastens to say that we are very pleased to print Your Story.

There are a number of things that determine when the story is printed and all of them require the cooperation of you, the bride, or of some member of your family who takes the responsibility for you.

Society deadlines are Tuesday noon for the Thursday paper (which is actually printed Wednesday) and Friday noon for the Sunday paper (printed Saturday). This because the stories must be (1) written, (2) put through the typesetter (3) headlines written for the story, (4) flags made for pictures if any..... all of this before the process of "cutting and pasting and placing on each page" starts.

To illustrate, if you are planning a Saturday wedding and wish your wedding story in the Sunday edition, you should bring your story to the office not later than Friday noon, together with the picture of the bride which has been taken previously. If you know details of your wedding long before this, it would be most helpful to the Journal staff if you could bring

it in earlier, thus giving us a chance to check it for names, details that you want changed, etc.

If you are being honored with parties, your hostess should call the Journal and give the story and if a picture of the occasion is desired, notice should be given, if possible, 24 hours in advance to take care of any possible conflict.

Any news, society or otherwise, is more interesting, if reported early.

Miss Vicki Alsop Pierce of Decatur, Alabama arrived Sunday to visit her grandmother, Mrs. J.L. Alsop. Thursday Mrs. Alsop and Vicki went to El Paso where they will visit with Mrs. Alsop's sons, Charles, Jimmy and Joe Alsop until Monday.

Charles Stewart was scheduled to have surgery at Methodist Hospital Thursday morning, August 7.

English...

Cont. from Page 1

English where his father, Eoin McCullagh, is a farmer. Being a farm youth, he said he enjoyed farming and does not find too much time, as yet, for girls. He did say that in America, young people tend to marry much younger than they do in England. "I don't intend to marry until I am around 26," he stated, "as I first have to get established.

McCullagh said he had noticed the tremendous number of young college students who are married and said that is just not done in England.

McCullagh said his father became acquainted with Herb Griffith in 1965 when he toured west Texas with a group of English farmers while he was president of the Institute of Corn and Agricultural Merchants. This year, when he wanted to visit in the United States, his father contacted Griffith and arrangements were made for him to stay in Muleshoe through the summer.

He arrived in Muleshoe on July 4th and on Saturday, July 5th, was thoroughly welcomed to the South Plains by a booming electrical storm. They don't really have such storms in England he said.

Too, there is more irrigation in America than in his native England. Almost 100 percent of the farming over there is dryland, or would be termed so. A few farmers utilize irrigation in some areas. He said he would not be able to use too much of what he has done on American farms in England as the crops are entirely different here to what they are in England.

His hobbies and interests include his car, an MG, tennis and rugby, which he termed a tame form of American football. At home, he has two brothers, Mike, 19, a college student and Shaun, 11, who will attend secondary school this fall. He said secondary school is equivalent to our high school.

McCullagh said he found people to be more competitive here than in England and that it seems to have started in grade school and they grow up in a more competitive spirit.

Climate is the biggest difference he has found as the average high temperature in July would be in the 70's in England and has been in the high 90's here. There is little snow in the winter in the part of England where he lives, but it is a very humid country.

Among things he seems to miss are small cars; and cold smoked ham. In England, gasoline for cars is 65 cents a gallon and sales tax on a car purchase is thirty-three and one-half percent. He said the average price for a Ford Mustang is \$6,000.

Clothing costs less and cleaning much more than here, he stated.

Taxes are extremely high in England emphasized the intelligent youth. By the time taxes were paid on \$250,000, he stated, there would be only \$25,000 left. It isn't feasible for a man to make too much money, he said, as taxes would take most of it.

In September, he will leave Muleshoe and return to England to attend college. He has enjoyed his trip to the Muleshoe area, he said, and goes back to England with a slightly different conception of what American people are actually like, in their home settings.

Space illness on Apollo 9 is still a mystery.

Swim Meet At Littlefield To Host Area Scouts

Cont. from Page 1

Muleshoe Boy Scouts will join scouts from 21 different units and be among more than 350 area Boy Scouts participating in the annual Scout swim meet of the George White Scout District.

The event will be held Monday, August 11 at the Crescent Park Pool in Littlefield beginning at 7:30 p.m. The announcement was made by Tom Hilburn, Littlefield District Scout Commissioner and General Chairman for the event.

The swim meet is designed to test the swimming skills of Scouts in the area. The meet will also focus attention on safe swimming practices. All of the events, including those designed for beginners and non-swimmers, will be relay type contests.

The first winner got a trophy and now the top prize is the scholarship and travels in behalf of the Grain Sorghum Industry. Bryant said the larger scholarships to the top three places were increased last year to help the pageant grow. In 1968, girls from six states competed for the title.

Former winners other than Miss Honea in 1960 are: Donna Beyer, 1961, Dimmitt; Sandra Sue Stargel, 1962, Memphis; Ruth Guthrie, 1963, Pampa; Cheryl Potteet, 1964, Olton; L. Nell Lafon, 1965, Muleshoe; Linda Morris, 1966, Ulysses; Kan.; Diane Bryant, 1967, Muleshoe and the current queen, Karyn J. Hughes, 1968, Dimmitt.

Judging will be based on swimsuit competition, formal wear, talent of the entrants, poise, composure and other facets.

Chairman Bryant said he is expecting the largest and best pageant ever this year.

and copyrighted the program. The first winner got a trophy and now the top prize is the scholarship and travels in behalf of the Grain Sorghum Industry. Bryant said the larger scholarships to the top three places were increased last year to help the pageant grow. In 1968, girls from six states competed for the title.

Former winners other than Miss Honea in 1960 are: Donna Beyer, 1961, Dimmitt; Sandra Sue Stargel, 1962, Memphis; Ruth Guthrie, 1963, Pampa; Cheryl Potteet, 1964, Olton; L. Nell Lafon, 1965, Muleshoe; Linda Morris, 1966, Ulysses; Kan.; Diane Bryant, 1967, Muleshoe and the current queen, Karyn J. Hughes, 1968, Dimmitt.

Judging will be based on swimsuit competition, formal wear, talent of the entrants, poise, composure and other facets.

Chairman Bryant said he is expecting the largest and best pageant ever this year.

where she is classified as a senior.

Signifying previously for the contest were Cynthia Harris, daughter of Mr. and Mrs. Glen Harris; Darla Kendall, daughter of Mr. and Mrs. Guy Kendall and Becky Gulley, daughter of Mr. and Mrs. Elton Gulley.

Odin 'Pop' Echols of Clovis will be master of ceremonies for the presentation, which will be entitled "Let's Take an Old-Fashioned Walk."

Giving the welcome will be Bailey County Farm Bureau President Ernest Ramm and members of the Muleshoe Boy Scouts will be color bearers. The 1968 State Farm Bureau Queen Sharron Hutton Putman will crown the 1969 Bailey County Farm Bureau Queen.

boring people emphasized Wellborn.

The annual Kid's Day celebration is slated for Saturday, August 23, said Jaycee President Curtis Walker. Featured will be potato races, bicycle races, swimming competition and other events during the afternoon as the schoolage children compete for first place prizes of cash and ribbons.

Co-chairmen of the day are Frosty Jones and Ray Puente. Harvey Bass urged all merchants to have back-to-school promotions during the month of August. He said comparatively, back-to-school is almost like another Christmas-time with clothing and supplies to be purchased for returning school students.

Chamber of Commerce President Don Harmon thanked the Ladies Auxiliary of the Chamber of Commerce for their assistance with the July Fourth celebration and spoke about the Teacher Appreciation Dinners which will be held this month.

He said a sign is being erected at the Mule Memorial site and that the foundation has been poured at this time. Also in the future, according to Harmon will be a C of C membership drive, which will get underway this fall.

Other reports were given by Chamber of Commerce Manager Jerry Hutton, City Councilman Lyndal Murray; and Muleshoe Park and Recreation Board Chairman Rev. Walter Bartholf.

Briefly discussed was the annual BAC promotion for the fall. This year, the theme will be "Showboat" and it will be presented in November. Kerry Moore will act as coordinator of the production.

of cotton in the nation's warehouses. Farmers idled up to 35 percent of their cotton allotments.

The three year average under the cotton program saw a decline to 1.4 million bales. Some 155,000 acres of cotton, or 7.2 percent of the acres planted were lost to bad weather. "Standing acres" on August 1 of this year in the 25 counties totaled 1,997,000, compared to last year's harvested acreage of 1,608,400. Considerably more than the 155,000 acres lost was hailed, washed or blown out earlier in the season, but much of it was replanted to faster maturing cotton varieties.

Yield per acre this year is expected to be 19 pounds over the 496 average bale last year, with 515 bales expected.

If the yield is what will be expected, according to predictions, some \$400 million will be brought into the High Plains economy. Total income from the 1968 crop was estimated at around \$320 million.

Fight the price/cost squeeze on your wheat with NITROMITE. Shamrock's fine brand of anhydrous ammonia.

A preplant application of NITROMITE speeds early growth, producing lush, high-quality forage (and plenty of it!)—an important factor if you plan to graze cattle this winter. And the cash crop? NITROMITE delivers the most usable nitrogen per dollar to help increase yields without increasing cost appreciably. So come harvest, even if prices are low, you make out. If they're good, you'll be the big winner. Put down NITROMITE now. It'll give you a fighting chance in the marketplace.

trailing For 279,822 and Against 308,374.

Thirty-three counties on the South Plains voted overwhelmingly for passage of the water amendment, with the final tally for those counties being 39,269 For and 8,668 Against.

Bailey County gave passage to the water amendment by a wide margin of 8 to 1, although only twenty-seven and a half percent of the registered voters in the county went to the polls to exercise their right to vote. There are 2623 registered voters in the county and of that number, only 724 voted in the special election.

Bailey County voters, all 724 who went to the polls Tuesday, okayed six of the nine amendments proposed in the special election. Passing by a wide margin was the water amendment, No. Two on the ballot in the special election. It passed by a vote of 642-85 in Bailey County.

Voters turned thumbs down on Amendment No. Three, which would have provided for Legislators being allowed to set their own salaries. It failed in the county by a vote of 254-414. Another Amendment that failed in Bailey County was Amendment No. 6 which would have taken the interest rates of state revenue bonds from under the constitution and allowed Legislators to set the percentage. It fell 319-327.

Amendment No. Nine also failed in the county. It would have set annual legislative sessions, with the new, second session limited to 60 days. This amendment failed 280-376.

Passing by 432-231 was Amendment No. One which was to delete from the Texas Constitution certain obsolete passages.

Amendment No. Four, to exempt nonprofit rural water supply corporations from property taxes passed 389-274.

The welfare Amendment, No. Five, passed by a margin of 436-266.

No. Seven, to give aid to widows and children of state workers, firemen and law enforcement officers killed in the line of duty passed, 404-275.

Amendment No. Eight, to increase the revolving student loan fund by \$200 million passed 434-249.

Irrigation Said Critical For Top Yield

How does moisture stress limit soybean yields? The answer to this question is a valuable guide in managing irrigation water.

Moisture stress during any part of the growing season will slow soybean plant development and thus limit yields, explains Leon New, area irrigation specialist with the Texas Agricultural Extension Service. However, bloom, pod set and pod filling are peak water requirement periods. Inadequate soil moisture during these growth stages limits yields significantly, but in different ways.

According to New, lack of sufficient moisture during the bloom stage results in fewer pods per plant, thus limiting yields. Severe moisture stress during pod filling limits yields by seed size and weight. Inadequate soil moisture during both of these stages may cut yields in half.

Soybean irrigation research at the U.S.D.A. Southwestern Great Plains Research Center at Bushland shows the influence of irrigations at different growth stages. Soybean plants under moisture stress prior to and during bloom averaged 11.6 pods while those with adequate soil moisture during this critical stage averaged 16.8 pods -- a 45 percent increase. Plants that had adequate moisture during both bloom and pod filling averaged 17.5 pods containing 45 seed per plant and yielding 41 bushels.

This shows the importance of adequate soil moisture during the pod filling stage in obtaining high soybean yields, emphasizes New. Moisture at this growth stage is necessary for maximum seed size and weight.

Irrigation applications keyed upon the bloom, provide high water use efficiency, contends New. Timing these irrigations with these important growth stages is even more critical for early maturing varieties due to rapid fruiting. This management practice can lead to top yields at harvest time.

Duck Population Up From 1968

With summer fading into the time of migration, water conditions and duck breeding populations continue to look good as reports come in from the Bureau of Sport Fisheries and Wildlife surveys in Canada and the United States.

Summing up results to date before final reports are studied next week, Dr. Leslie Glasgow, Assistant Secretary of the Interior for Fish and Wildlife, Parks and Marine Resources, said that water conditions were markedly better than 1968, with the count of July water areas in prairie Canada up 100 percent from last year. "And the duck breeding populations are higher than a year ago," reported the Assistant Secretary.

The combined breeding population of important duck species was 12 percent higher than last year, although still below the 1956-62 average selected by BSFW as a base period for waterfowl population objectives.

In a breakdown by species,

breeding populations of mallards, pintails, blue-winged teal, wigeons, redheads and canvasbacks showed an increase over 1968. Of the important game species, only green-winged teal and gadwall decreased from 1968.

Normal to excellent production is reported from the prairie pothole regions of southern Canada. The duck hatch is rated excellent in southern Saskatchewan, good in southern Manitoba, normal in southern Alberta. All of these provinces are expected to produce duck flights markedly higher than in 1968, although below the 1956-62 base.

Final evaluation of fall duck flight prospects awaits production reports from Alaska and Canada's Northwest Territories, the northern parts of Alberta, Saskatchewan, Manitoba and Ontario, where a significant number of the continental duck population nests. Production reports are also awaited from several states.
