VOL. 18 NO. 3

COTULLA, TEXAS, APR. 27, 1918

PUBLISHED WEEKLY

ONE WEEK LEFT TO RAISE QUOTA OF BOND ISSUE.

Only one more week remains of the Liberty Bond sale. La Salle must reach the goal set for her by the Government by that time or go down on record as a slacker county. The quota can be raised if the proper work is done every remaining day.

Without intending any harsh criticism against anyone, we must say that there has not been the organization work in this matter that there should have been. Not a committee has been at work, nor has any literature been generally distributed to inform the people about the purchase of the bonds. This organization work is necessary, and wherever counties are going over the top it is due to thorough organization, public rallies and committee work. "Still hunting" does not have a tendency to arouse enthusiasm or patriotism. It is not too late yet. With organization for work during the remaining days this county can raise her quota. Volunteer solicitors are doing some good work.

Wednesday a rally was held at the auditorium, which was fairly well attended, but there were scores who should have showed their patriotism by their presence, who did not. The speakers were Albert Strawn, H. C. Lane, John W. Willson and Rev. H. W. Hamilton. The program was interspersed with patriotic singing and music. Each of the speakers appealed in an eloquent manner to the people to give the necessary support to the boys who are fighting the bloody battles of freedom in France. At the close of the speaking subscriptions were called for and \$8500 was subscribed. The meeting has resulted in the awakening of many people. In two days time subscriptions have amounted to as much, excluding the County purchase, as in three weeks time previously.

The manner in which some of the citizens of this county treat the Liberty Loan is little short of disloyalty. There are individuals worth many thousands of dollars — and more, according to the tax rolls of the county, yet they have failed to buy even one fifty dollar bond — a bond that every laboring man in the county can afford to buy. It may be that some of these people are not informed on the subject, and are under the impression that it is a gift that the Government wants. It is not a gift, but a loan, on which the Government will pay 4 1/2 per cent interest. All of this money is not wanted at this time, but only 5 per cent of the amount you purchase; on May 28th 20 per cent must be paid, and then the next installment July 18th, of 35 per cent. The last installment of 40 per cent must be paid August 15th. By proper committee work these individuals could be informed of the splendid investment feature attached to the transaction, besides their duty to their country. Results cannot be accomplished successfully in any other way.

At the top of this page we publish the names of subscribers and the amounts subscribed. This list will remain, with additional subscriptions, until after the close of the bond sale. We hope it will increase five fold by the next issue of the paper, which is the closing date for pur-

chase. If you have not yet purchased a bond—do your duty to your country today. Loan the government as much as you can. The man who is able only to buy a fifty dollar bond and does it, is doing as much as the man who is able to subscribe for \$10,000 and does it. Both are equally patriotic. The thing is buy a bond of some denomination and help pull La Salle out of the hole. Every little helps. Do your bit and do it today.

ONION MARKET HOLDING STEADY.

Onions are now moving from this point at the rate of eight or ten cars per day. According to the report of the Bureau of Markets total shipments up to this point were 207 cars as against 1875 on the same date last year and 2561 in 1916.

The market is holding steady and the demand increasing. The price is practically the same as last week. Old onions have about all cleared out of the market.

The situation as viewed by the onion men is excellent. The shortage all over the district prevents excessive shipments. Cars are being loaded with a minimum of 650 crates. G. A. Probit of Verhalen and Company, Greenstreet and Youkin and G. A. Schley who are interested in crops here are on the ground looking after shipments.

First weather for harvesting has prevailed the past ten days. Some farms are through, but the majority are just beginning. The yield in places is good, but disappointing on many farms where the crop has struck heavy.

CAR PRO RATE BEGINS MONDAY.

Starting Monday onion shipments will be limited, and growers must place their orders with the local committee ahead of time. W. A. Kerr chairman of the local committee received the following wire from Mr. Cameron, government man at Laredo yesterday evening: "Effective April 23rd limitation of shipments will begin. Orders for cars must be placed with local committee who will transmit same to me later. Information should be given tomorrow for cars wanted early next week for loading. Give widest publicity."

MILLET SCHOOL CLOSED.
The Millet school closed yesterday. Albert Strawn delivered an address to the graduating class Thursday night.

MEN ARE MUCH BETTER PHYSICALLY

Camp Travis—A recent survey of the physical condition of the men at Camp Travis shows, in comparison with the data obtained at the time of their coming into the service, that they have gained from one-half an inch to an inch in height and from five to twenty-five pounds in weight. It would be hard to find a more convincing demonstration of the effectiveness of substantial and nourishing food, regular hours, sanitary environment and plenty of exercise. Stopped shoulders of six months ago have straightened, caved-in chests have rounded out, sagging "tumblers" have grown hard as those of an athlete and the feet that dragged listlessly a half year ago now move with a springiness that means vigorous health.

To The Public!

Everything used in the operation of a Light and Ice Plant has gone up in price. It costs more than double to operate now than it did a year ago.

We do not wish to raise our rates, therefore we must collect accounts due promptly so as to be able to carry on the business.

All accounts due must be paid at our office by the 15th of the month in which they fall due. Anyone failing to comply with this will have their service discontinued.

Let the Other Fellow Do It Spirit!

It seems to be the idea of a good many citizens of La Salle county that the purchase of Liberty Bonds is meant for the other fellow, and they proceed on their way without giving any attention to the matter, while La Salle drags with her quota nowhere near raised.

There is not a man or woman in the county who would not resent being called a slacker, but there are many who could not be placed in any other class, because they are doing nothing to back up the government in the prosecution of the war. The indifference of many people who are able to buy bonds is amazing. From day to day they pursue their selfish interests, giving never a thought to the menace that confronts us.

There is not a laboring man in the county but what could buy at least a \$50 bond. It does not require all cash. Only 5 per cent must be paid down; then 15 per cent in May and two other payments extending to August. We say, every clerk and mechanic and even teamster in the county can afford to own a bond, and it is their duty to make the government the loan. This week we are publishing a list of subscribers up to date. Look over it and you will see many names of men financially able to buy a bond, missing from the list. They must go down in their pockets before our quota can be raised, and we hope by the next issue the list will be greatly increased.

The Germans launched their third stage of the great offensive this week. The American boys are now on the front in the thick of the fighting, and while they will give good account of themselves we may expect heavy casualty lists.

In 1843 millions of men, women and children immigrated from Ireland to America because of the famine, caused by a failure of the potato crop and unfortunate economic conditions in the Green Isle.

We have in Texas today 2,000,000 pounds, or fifty carloads, of potatoes that are rotting, when Belgians starve.

The French speak of the potato as "The Apple of the Earth," and the French hold a view toward their fruit trees and their garden plants which should be the proper relationship between man and the fine things which nature has blessed him with. A potato is not something to be cast aside because it is abundant; but a fine, splendid, God-given ration, and always regarded as such.

We have in Texas today 2,000,000 pounds, or fifty carloads, of potatoes that are rotting, when French women and children starve.

"We don't like to think of the Kaiser setting the pace," says Administrator Peden, "but after the Byng drive against Cambrai he found time to issue a medal commemorating the bringing of the potato from America to Europe."

"I want the jobber to play up his potatoes; I want the retailer to make potatoes his lead for the next month. I want the hotels and restaurants to put the potato on their menus at the smallest margin of profit, and I want every patriotic household to make a potato serve where formerly a slice of bread was used. We must not waste our abundance. It would be unpardonable when France, England, Italy and Belgium are in need."

"We have in Texas today 2,000,000 pounds, or fifty carloads, of potatoes that are rotting, when England, Italy, Belgium and France are even cutting down their ration of bread for the men who stand between America and despotism."

I will welcome letters from every man, woman and child in Texas who will promise to eat hereafter a potato instead of a slice of bread; and the citizen who will do this in the name of Freedom need no honor roll—their name is already there inscribed. E. A. PEDEN, Federal Food Administrator for Texas.

TEXANS TO ADJUST DIET TO PRODUCTS OF EARLY SPRING

Tons of Potatoes, Spinach and Bermuda Onions to Be Absorbed If Farmer is to Have Backing.

Onions—Bermuda Onions—valued at \$5,000,000 are soon to move in great quantities from the Rio Grande Valley, where they are being produced upon 18,000 acres. If the movement is a success the truck growers will take their profits and put in 36,000 acres of other food stuffs; and if the crop is not consumed, then these 36,000 acres will lay fallow.

Bermuda onions are being sold to the jobber on the ground at 1 1/2 cents a pound; and one of the biggest jobbers in the State informs Administrator Peden that no consumer should be asked to pay at the most 3 1/2 cents a pound; and that all prices above 3 1/2 cents a pound is excessive and speculative.

Texans are urged to eat potatoes, onions and spinach. Potatoes, because they are abundant and are being sold at reasonable prices; onions, because if the Bermudas from the Rio Grande are not absorbed in large quantities by Texas, 5,000 carloads will spoil and decay; and spinach, because it is the frailest of all truck crops and is to be had in abundance. The spinach crop in Central Texas alone requires 700 cars for movement. Because of freight congestion much of this spinach should be consumed in Texas, if it is not to become a drag on the market.

If the potatoes now being brought into Texas from the Northwest and constituting a fraction of the 90,000,000 bushel surplus, are not consumed before the new potatoes of Texas are brought on, it will result in a loss to the Texas producer.

If the Bermuda onion surplus of 5,000 cars is not taken care of by Texas, her camps and cantonments, her hotels and restaurants, and the homes, the planters will not be encouraged to plant additional crops.

If the surplus of spinach is not absorbed by the Texas public—the producer will be discouraged and not disposed to plant other foods and feeds. **TEXANS ARE THEREFORE OBLIGATED TO EAT DURING APRIL THEIR FULL COMPLEMENT OF POTATOES, ONIONS AND SPINACH** if they want to render the nation a real service.

USE LESS WHEAT.

The allied nations have made further increased demands of us for breadstuffs—demands that Americans are obligated to meet.

In the meantime America's meat supply has been greatly increased for some months to come by the unprecedented shipping to market of hogs that averaged 232 pounds each instead of 203 pounds—the normal.

The United States Food Administration, endeavoring to adjust the international food balance, promptly removed certain restrictions in this country on the use of meat and at the same time asked for a smaller consumption of breadstuffs.

We are asked to observe only one meatless day each week—Tuesday. We will have larger meat stocks for awhile. But our bread ration must be held to a minimum.

In altering its food conservation program the Food Administration emphasizes that the food situation is of necessity, subject to radical changes, caused by crop conditions at home and abroad and by the precarious transportation problem, both in overseas shipping and in America's overburdened transportation system.

The Food Administration will keep the American people fully and frankly advised of each change in the developing situation that they may know definitely the part their food sacrifices play in the world war.

**Woodmen of the World Buy
 \$1,040,000.00 Worth Liberty Bonds.**

William A. Fraser, Sovereign Commander, Woodmen of the World and member of President Wilson's Advisory Board for Soldiers and Sailors Insurance.

The Woodmen of the World can always be counted on to do things in a big way. This organization purchased \$1,040,000.00 of the third Liberty Bond issue. We received three daily Omaha, (Neb.) papers this week and each featured strongly the big subscription of the Woodmen of the World. Each paper carried front page photographs showing 500 Woodmen pulling Omaha's "tank" over the top. The subscription made by the Woodmen which put the city past the goal was the occasion of a special ceremony.

The Woodman of the World has invested in bonds of various kinds more than \$40,000,000. Interest on these investments together with revenue from other sources which go into an emergency fund is invested as fast as accumulated, and now amounts to several million annually. This money will no doubt be loaned to the government as fast as accumulated until the war ends. William A. Frazier, Sovereign Commander of the organ-

ization, is recognized as one of the greatest fraternal organizations men in the union, and was appointed by President Wilson on the Advisory Board for Insurance for soldiers and sailors.

TRUSTEES SALE

STATE OF TEXAS,
 COUNTY OF LA SALLE)
 NOW ALL MEN BY THESE PRESENTS:

That, WHEREAS, on April 5, 1917, T. L. Griffith executed and delivered to the West End Lumber Company, of San Antonio, Texas, one certain promissory note for the sum of Four Thousand Six Hundred Dollars (\$4600.00), bearing interest at the rate of eight per cent per annum from date, payable semi-annually to maturity, and ten per cent per annum on all past due principal and interest, and providing for ten per cent attorney's fees in the event default is made in the payment of said note, or any part thereof, at maturity, if the same is placed in the hands of an attorney for collection, or if collected through judicial, probate or bankruptcy proceedings by an attorney, and further providing that default in the payment of any interest installment on said note shall authorize the holder thereof, at its option, to declare the whole of same due and payable; and

WHEREAS, to secure the said West End Lumber Company in the payment of said indebtedness, the said T. L. Griffith executed and delivered to Dick O. Terrell a deed of trust which is duly recorded in the records of La Salle County, Texas, to which reference is here made, conveying to the said Dick O. Terrell as trustee for the West End Lumber Company, the following described property:

1st. All of Section one hundred nine (109), Cert. 586, Abstract 32, patented to Richard Burke, Assignee of Adams, Beatty & Mounson, Pat. 73, Vol. 26, containing six hundred and forty-six (646) acres.

2d. All of Sec. one hundred ten (110), Cert. 586, Abst. 1659, patented to Thomas Poyzer, Assignee of M. G. Dallas, Pat. 132, Vol. 4, containing six hundred forty (640) acres, except one hundred sixty-one (161) acres thereof as follows:

Beginning at a point on the North line of said Survey, four hundred and sixty-six and seventy-five hundredths (466.75) varas from its Northwest corner, then East with the North line of said survey seven hundred and forty-two and seventy-five hundredths (742.75) varas; thence South twelve hundred nine and five-tenths (1209.5) varas to a stake; Thence West seven hundred and forty-two and seventy-five hundredths (742.75) varas to the West line of said survey, thence North two hundred nine and five-tenths

(1209.5) varas, with the West line of said Survey one hundred ten (110) to the place of beginning.

3rd. All of Survey 144, Cert. 401, Abst. 1346, patented to Thomas Poyzer, Assignee of John H. Gibson, Pat. 133, Vol. 4, containing six hundred forty (640) acres, except two tracts described as follows:

One hundred forty (140) acres in the form of a square out of the extreme Southwest corner thereof, having for its Southwest corner the Southwest corner of said Section 144, and for its South and West lines equal portions of the South and West lines of said Section 144; Also twenty-five (25) acres, beginning at a point in the West or Northwest line of said survey, 889 varas North from its Southwest corner for the Southwest corner of this tract, the Southwest corner of this tract, thence Northerly, parallel with the West line of said survey 141, 159 varas; thence in a Westerly direction parallel with the South line of this tract 889 varas to a point in the West line of said Survey 144; Thence Southerly with the West line of said survey 144, 159 varas to the place of beginning.

The three tracts contain in the aggregate sixteen hundred (1600) acres and are all the lands owned by T. L. Griffith in said surveys; and

WHEREAS, the said T. L. Griffith has made default in the payment of an installment of interest on said note, due on October 5, 1917, and the said West End Lumber Company, the present owner and holder of said note has, by reason of such default, exercised the option therein given to declare the whole of same due, and has declared the same due and payable, and although often requested to pay the same, the said Griffith has failed and refused, and still fails and refuses, to pay the same, and there is now due on said note as principal, interest and attorney's fees the sum of five thousand four hundred thirty-two and 39-100 Dollars (\$5432.39), with interest thereon at the rate of ten per cent from March 1, 1918, and the said West End Lumber Company having placed said note in the hands of Terrell & Terrell, attorneys, for collection, and having agreed to pay them for their services ten per cent on the amount owing on said note, which is a reasonable and customary fee; therefore, said ten per cent being figured in the above given amount; and

WHEREAS, the said Dick O. Terrell has in writing refused to act as such trustee, and the West End Lumber Company has in writing appointed the undersigned as substitute trustee, with all the powers and duties of the said Dick O. Terrell; and

WHEREAS, the said undersigned have been requested in writing by the said West End Lumber Company to enforce the terms in said deed of

trust:
 NOW, THEREFORE, by virtue of the authority vested in us, as substitute trustees, as aforesaid, and in accordance with the provisions of said deed of trust, we, R. F. Spencer, Jr., and R. O. Huff, or either of us, substitute trustees, will proceed to sell at the door of the County Court House of La Salle County, Texas, in the City of Cotulla, Texas, the hereinabove described real estate, together with all and singular, the rights, members and appurtenances thereto in anywise belonging, to the highest bidder for cash on the first Tuesday in May, the same being on the 7th day of May, 1918, between the hours of ten o'clock A.M. and four o'clock P. M. on said date, to satisfy said note, with interest and attorney's fees thereon.

Witness our hands at San Antonio, Texas, on this 8th day of April, 1918.

Refuge Garment Work

Mrs. Chas. E. Neal, Chairman of the Refuge garment work for the Red Cross has begun her work energetically. Mrs. Neal is calling for a small donation to purchase materials for making up according to prescribed directions. The request is being made for small sums owing to the fact that this call is one that will be made probably at once each quarter. If you have not been called on, consider it a privilege to give to this cause whether you are able to give much or little. Don't wait to be called upon but make your donation with Mrs. Simon Cotulla (at the Palace Meat Market) who is assistant to Mrs. Neal in the work. This branch of the Red Cross work will probably begin activities before other lines of work owing to the fact that the shipment of materials has not come. The Red Cross work is moving steadily forward. Every man, woman and child who have not done so are requested to call on J. H. Gallman Treasurer, and take membership. Cost for adults, \$1.00 and children 25c. All membership expires Dec. 30th, so join now and get a longer term of membership before the new drive is called.

Extra Special, Ladies and Children's ready to wear sale, May 7-8-9. Watch the announcement next week.

K Burwell,

FOR TAX ASSESSOR.

We are authorized to announce Mr. B. Wildenthal, Jr. as a candidate for the office of Tax Assessor of La Salle county, subject to the action of the Democratic primaries. Mr. Wildenthal needs no introduction to our people, having been raised in this county, and for the past eight years held the office of chief deputy under Sheriff Poole. Mr. Wildenthal has also done the greater part of the clerical work of the Assessor's office for the past eight or ten years, therefore there is no man in the county better qualified for the place. Mr. Wildenthal asks for the support of the voters in the primary election.

Died in San Antonio.

G. F. Jackson, age 40 years, died in San Antonio Tuesday. Deceased formerly lived in Cotulla and had many friends here who regret to learn of his demise. He was married here to Miss Adele Reed, who with two small children survive him. The funeral was held Thursday in San Antonio.

The RECORD extends sincerest sympathy to the bereaved wife and little ones.

Parent-Teachers Meeting

An interesting meeting of the Parent-Teachers Association was held Friday afternoon with Mr. Strawn and Mrs. Morgan of California as speakers.

Mr. Strawn gave a sketch of the social and political standing of the women since the first shipload was brought to America for wives for the settlers. He said that the women of today are no longer regarded in merely a sentimental light, but that they have a great and important work and that they are adequately training themselves for it.

Mrs. Morgan who lived in New York for many years, then in California, and later in Mexico, has had ample opportunity for studying the conditions of schools and children over the United States and Mexico. Her main appeal was for the conservation of the children. She begged that the children of America be kept free from the hurts of this great war, that we might not have the impaired condition among our children that exists among the children of the war countries. She said that there the children are "war shocked," that is, their sensitive minds and bodies have become so horrified at the awful conditions of war that they are dazed; they do not know anything, not even their names; and it takes long and tedious work by nurses and doctors to bring them out of this state. She said that the people of America should guard their children from all forms of war excitement. "For said she" the children of this generation will have charge of the nation at its most interesting and important period, and it is for us to keep them fit against that time.

At the business session Mrs. Chas. D. Parker was elected as a delegate to the Child Welfare conference of the 5th District Texas Congress of Mothers and Parent Teacher's Association, which will be held in San Antonio May 1st and 2nd. Mrs. Parker will give a report of the conference at the next meeting of the Parent Teacher's Association.

AN OPPORTUNITY.

OUR BOYS "OVER THERE" ENJOY TOASTED CIGARETTES.

Through the patriotism of the citizens of this country thousands of smoke kits are being distributed to American soldiers in France. Authorities agree that men in the trenches need cigarettes almost as much as food and munitions.

Doctors, nurses, and commanding officers all join in the demand which has awakened in this country a great movement to keep our boys supplied with smoke.

Millions of the famous LUCKY STRIKE Cigarettes are "going over" all the time. There's something about the idea of the toasted cigarette that appeals to the men who spend their time in cold, wet trenches and billets.

Then, too, the real Kentucky Burley tobacco of the LUCKY STRIKE cigarette gives them the solid satisfaction of a pipe, with a lot less trouble.

FOR SALE—One good two ton Reo Truck, been used about one year, in good condition, had good care. Price \$1200. One almost new Wichita Truck, one and one-half ton, been used about three months, in first class condition, good as new. Price \$800. Also one two ton Trailer Price \$300.00, new, not used but little. Have win ered my cattle and don't expect to have any hauling of feed or heavy hauling, so wanted to sell these trucks. Would be the thing for the union men in getting out onions. Would take some stock in trade, either cattle or mules. —J. M. Dobie.
