The Wolff & Marx Co.  
San Antonio Texas

## OCTOBER KEEPS RAIN RECORD FOR YEARS.

October has kept the pace with all the balance of the months in this year of nineteen nineteen for excessive rainfall. Total precipitation at Cotulla for this month is 4.40 inches, which added to the fall for the first nine months of the year 40.60 totals exactly 45 inches, the greatest amount of rainfall ever recorded at any time in Southwest Texas, and in some places, such as San Antonio records have been kept for nearly half a century.

Tuesday evening the bottom fell out when without many preliminaries, the heavens opened up and let out more than two and a half inches. The exact amount was 2.60. The rain was pretty general all over the county, flooding lowlands, swelling creeks and again putting roads in an impassable state.

The fall feed crop was ready to cut and some farmers had cut the last few days. The hay that was on the ground will be ruined and that not cut will likely rust if the damp weather continues before it can be cut, thus the third and last crop of the year will be lost. One consolation the farmer and ranchmen have about this is that the pastures are knee deep in grass and valuable winter weeds and very little forage will be needed this winter. It is said the tall weed is coming fine everywhere over the country.

This wet spell put another crimp in cotton. It was hoped that it would remain clear until the balance of the crop was picked but not so, and the additional rains will retard and further damage the crop. Prices are still climbing, because of the unprecedented crop conditions all over the entire cotton belt.

## PIONEER WOMAN PASSES AWAY.

Mrs. Martha Gouger, age 70 years passed away at her home in Cotulla at 12:15 a. m. Tuesday morning, and was buried in the Cotulla cemetery at 5 p. m. Tuesday, by the side of her husband who preceded her several years ago into the great beyond.

Ancestors of deceased came to Texas with Austin's colony and were prominently connected with the early history of Texas. Two of her uncles were with Ben Milam when he was killed in the old Vermeil house, in San Antonio, before the fall of the Alamo.

Deceased was born in Kaufman county on April 6th, 1850, where she grew to young womanhood and was married to J. A. Gouger in Wilson county in 1873, and in 1907 moved to Cotulla, where Mr. Gouger died June 19, 1911. Mrs. Gouger was a noble Christian woman and has passed to her reward. She is survived by one son, Roland A. Gouger, and one daughter, Mrs. Johnnie Witten.

Relatives of the family who came for the funeral were: G. B. Gouger, San Antonio; J. J. Gouger, St. Ger, Okla.; Henry Gouger, Redtown; Miss Lucie Hester, Stockdale; Mrs. James Crews, Waxahatchee; R. O. Gouger, Laredo.

Funeral services were held at the home at 4 p. m. Tuesday being conducted by Rev. W. L. Skinner pastor of the Baptist Church. The remains were interred in the Cotulla cemetery. The freshly made mound was covered with beautiful flowers from sorrowing friends.

The Record contains a graphic of the late Mrs. Gouger.

## BOUGHT 47 HEAD REGISTERED HOLSTEINS.

F. D. Lown, County Agent, returned Saturday from a three weeks stay up in Michigan buying a couple of carloads of Holstein heifers for the farmers of this and Frio counties. Mr. Lown says he purchased 47 head, nearly all young heifers and registered. Only one or two head in the lot were not registered. Included in the shipment is two fine young bulls, both for La Salle county.

Mr. Lown said he bought most of this stuff around Howell, Mich., and it is no easy matter to get it and the prices are way up because there is now such a demand for this class of cattle. All of this stock was tested for tuberculosis, and as soon as the cars arrive here the cattle will be inoculated for tick fever.

## Christain Workers Bible Class.

Rev. Dr. Byrd, who has given several very instructive and inspiring lectures in the Methodist Church, has agreed to give a series of Bible Studies for Christian Workers at the Presbyterian Church during the next two weeks.

All who would like to become personal soul winners are especially urged to attend these classes. Bring your Bible with you.

H. W. Hamilton.

## Eyestrain Illness

It is plainly to be seen in the weakened and irritated appearance of the eyes, the run-down nervous system, the persistent and distressing headaches, pains in temples and forehead, blurring and running together of letters while reading etc. But eye troubles should be handled only by an expert who understands Physiology, anatomy and Diagnosis. Come in and let me give you the benefit of my years of experience in COLLEGE and CLINIC work in GREAT CITIES. I have spent years instructing the Profession along this line and have graduates in every State and many Foreign Countries. Office next door to the Post Office. NO CHARGE FOR CONSULTATION. Hours: 9a. m to 5 p. m. DR. M. B. BYRD

## MILITARY FORCES CALLED OUT IF NECESSARY.

Washington, D. C. Oct. 30.—All the military resources of the country will be placed at the disposal of the Attorney General in enforcement of the Federal statutes if the Department of Justice makes the request, Secretary of War Baker declared today, when asked if troops would be used in the coal strike situation.

"If the Attorney General calls on the War Department to aid him in enforcing the Federal laws an immediate response will be made," Secretary Baker said. "If the civil authorities find that they cannot control any situation that develops and request is made to the Federal Government for armed forces, American troops will be sent."

Marines and sailors on shore duty will be available for strike duty, Secretary of the Navy Daniels said.

"If our shore force is needed," Secretary Daniels said, "the men will operate under the army and be available for duty wherever the army directs."

## UNCLE SAM WILL EDUCATE TWO BOYS.

Grateful to the Texas boys who made such a record in their great battles against the Hun, the government has selected all those who received disabilities, constituting a permanent handicap, and will send them to colleges, schools and mechanical institutes.

From the office of the Federal Board for Vocational Education at Dallas, the following La Salle county boys have been given out as approved for training. All veterans who were disabled through their military service, who have not yet applied to the Board, should not lose any time getting in touch with the nearest Vocational Officer.

Henry De Leon, Cotulla, Grubb's Vocational College  
Lewis F. Varrell, Euclid, Texas A. and M. College, College Station.

## NOTICE.

We have placed Star brand Coffee with Thompson & Hatch. In order to introduce this coffee they will give away one 50 piece Dinner Set free of charge. One piece with every two packages. Robt. Homeyer, Dallas, Tex. St. Louis, Mo.

## More Fords In Transit.

Another carload of Fords are in transit. Did you come in and sign up? If you did not, better come in now so you will be in on the next shipment.

Your only chance if you want a Ford is to sign up. A delay of a few days may delay us several months in making our delivery.

NEAL'S AUTO SALES CO.

**Camel CIGARETTES**

18c. a package

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revolution!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways! Freedom from any unpleasant cigarety after-taste or unpleasant cigarety odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in unadorned metal packages of 25 cigarettes or ten packages (250 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

**The Cotulla Record**

MANLY & MANLY, Publishers

Published Every Saturday.

Subscription: \$1.50 per annum

There is to be an agency located at Cotulla for the Ford Tractor. We are glad to see this as it will be the cause of many of our farmers putting in tractors which are needed on the larger farms especially. That a tractor is cheaper than mule power, there is no question, in this day of exceptionally high priced mules. The Ford tractor will work this sandy land to perfection is the belief of those who have seen them work, and when our farmers get to breaking their land early in the fall, which they will do if they are tractor owners, you are going to see good crops raised in this section nearly every year.

The deer hunting season will open today, but if Uncle Jup Pluvius keeps on the job there is not going to be much work for the pasture men to do keeping out hunters. All roads over the country are practically impassable and are in such a condition that with occasional rains will halt traffic considerable. Herebefore hunters in cars have swarmed through this section during November and December, coming from Central and North Texas and nearly everywhere else. The roads were full of them. But such is not going to be the case this season unless it dries up mighty quick. Hunting is going to be made difficult this year by the high grass and underbrush that has grown up since the rainy season set in. Should the weather dry up and the grass become dry then there will be great danger of prairie fires as dry grass is easily fired. So, take it all around, this season hide fair not to be a good one for the deer hunter.

Newspaper reports say that cotton pickers in North Texas are wearing slickers and hip boots and floating the cotton down the rows in tubs. It is predicted that diving suits will soon be in demand. This of course is somewhat exaggerated, but no doubt cotton is being picked under adverse conditions and it is so valuable that it must be picked, regardless of the method. Even down here in Southwest Texas this year it has been almost impossible to get it out without getting into the fields while the cotton was still wet. Even when it was not raining the morning dews were so heavy that cotton patches were wet until noon. This of course produces a low grade of cotton, and that is what is causing such a clamor after the higher grades this year.

The onion men of Frio county will soon hold a meeting to take into consideration making a contract with some reasonable factory to make and furnish the onion crates which they will need. Similar meetings, we understand will be held at other onion centers and possibly a central committee will be elected to contract with one or more factories for their entire output at some reasonable price. Onion farmers claim that there is no sense in submitting to a raise of 30 per cent to 40 per cent over last year and they will take steps to protect themselves. The new food law recently passed by Congress gives authority to the government to set a reasonable price on not only food and clothing, but containers also and certainly the onion crate is a food container, but our growers say they are not going to wait on Uncle Sam but expect to act for themselves in a business way and get some factory to take this large business of furnishing the 2,00,000 crates needed. —Pearsall Leader.

The onion crop may not yet be so large as at first indicated. Reports from farmers in both this and Dimmitt counties state that they are losing a large per cent of their plants in their seed beds, caused they think, from seed of low vitality. The plants come up to a good stand, look well for a few days, then die off. Some growers have had to secure a new lot of seed and replant. At first this was noticed in the California grown seed, but later it was observed that the Tenerife seed were doing the same way.

**FAMED FOR ITS HOLY WELLS**

City of Benares, India, a Place of Peculiar Veneration for the Devout Pilgrim.

Benares, "the city of 2,000 temples," is also the city of holy wells. A pilgrim in Benares can put in a busy day making the rounds of these landmarks and complying with the ceremonies prescribed for those who would drink from them.

Only the devout Indian pilgrim would care to drink of the sacred wells, for custom says that flowers must be flung into most of them as peace offerings, and these decayed floral offerings tend to make the water unfit for drinking. The British government did clean up some of the most holy and popular of the wells in the interests of sanitation. But the Hindus were not pleased. They come hundreds of miles to enjoy the benefits of the holy water, taste, scent and all, and they do not care to have it tampered with.

The most holy of the wells is the Well of Knowledge, which stands near Benares' most sacred shrine, the Golden temple, and is said to be the dwelling place of a very important god. The most mysterious is the Well of Fate. Any one who looks into the Well of Fate exactly at noon and falls to see his shadow is said to be doomed to die within six months. Of course, if the silent prophecy is unfavorable, the spirits can usually be bought off by offerings at the temple conveniently near by.

In another well a snake god lives, and still another is dedicated to the spirit of healing. Pilgrims not only drink of the water of this well, but also bathe in it to make sure of the water's power being transferred to them. Half a million pilgrims tour the holy wells of Benares every year and drink enough of the water to stock up their systems with the germs of every disease known to India.

NO use arguing about it, or making chin-music in a minor key! If you've got the jimmy-pipe or cigarette makin's notion cornered in your smokeappetite, slip it a few liberal loads of Prince Albert!

Boiled down to regular old between-us-man-talk, Prince Albert kicks the "pip" right out of a pipe! Puts pipe pleasure into the 24-hours-a-day joy'us class! Makes cigarette rolling the toppest of sports! P. A. is so fragrant, so fascinating in flavor, so refreshing!

Prince Albert can't bite your tongue or parch your throat! You go as far as you like according to your smoke spirit! Our exclusive patented process cuts out bite and parch!

Toppy red bags, tidy red tins, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

## There Is a Delco-Light Man Near You

No matter where you live, there is a Delco-Light man within easy reach of you.

This means much more to you than mere convenience in the purchase of a Delco-Light plant.

These men are trained men—they KNOW electricity as applied to farm use. They can advise you as to the size of plant you should have.

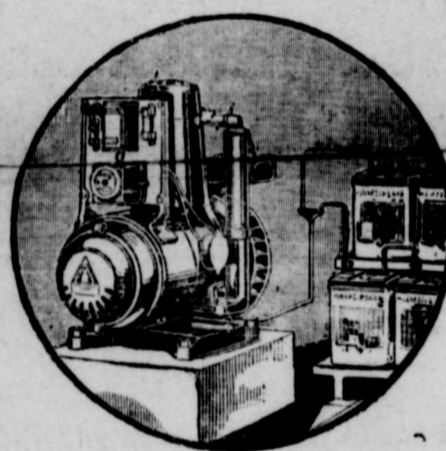

They can see that your house and barn are properly wired—

They can superintend the installation of the plant so that it will give you the most efficient and economical service.

They can give you intelligent advice as to the purchase and use of water system, washing machine, churn, separator, milking machine and other appliances that you can operate with the electricity furnished by Delco-Light.

And—after the plant is installed they are always near-by to advise with you and see that you get one hundred per cent satisfaction out of its operation—

*Delco-Light is lightning labor, bettering living conditions and actually paying for itself in time and labor saved in more than 75,000 farm homes.*

**STRAY HAPPENINGS**

Food stores in New York's east side are selling bread by the slice to the thrifty Jewish women.

A most satisfactory line of General Perching has been modeled by Old Bracken, the sculptor.

The girls at State college, Brackings, S. D., will publish the Industrial Collegian, the student weekly.

Women of Norfolk, England, are training the hunting dogs until the men return home from the battlefields.

American and Y. W. C. A. hotels at Paris are crowded to capacity owing to the rapid demobilization of women war workers.

Miss Mary McDonnell, formerly on the Buffalo Times staff, has been appointed city editor of the Hudson (N. Y.) Republican.

Miss Edith R. Barron of Philadelphia has just returned from the navy base hospital at Brest, France, where she was chief yeoman.

Mrs. M. P. Lolley of the department of the interior has the authority to sign the president's name on all land patents issued by the government.

Miss Bertha O. Sherry of the United States treasury department is an expert in reviewing and appraising the value of burned and ragged paper money.

Vassar students to the number of 300 have presented to the trustees a protest against the monotonous and poorly balanced meals and suggest the appointment of a trained dietitian.

**NOTICE OF SHERIFF'S SALE**

By virtue of an order of sale together with a foreclosure of a Vendor's Lien against J. Lee Costley, Zeddie E. Arnett, and A. F. Arnett, issued out of the honorable District Court of Comal County, on the 26th day of September, A. D. 1919, in the case of A. G. Startz versus J. Lee Costley, No. 1944, and to me, as Sheriff, directed and delivered, I have levied upon this 10th day of October, A. D. 1919, and will, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in November, A. D. 1919, it being the 4th day of said month, at the Court House door of said La Salle County, in the town of Cotulla proceed to sell at public auction, to the highest bidder, for cash in hand all the right, title and interest which J. Lee Costley, Zeddie E. Arnett and A. F. Arnett had, on the 2nd day of Sept. A. D. 1919, or any time thereafter, of, in and to the following described property, to-wit:

220 acres of land out of the S. E. corner of H. & G. N. Ry. Co. Survey No. 231, conveyed by the State of Texas to Fred Stanley Assignee, by virtue of land script No. 5-936, by Patent No. 446, in Vol. 23, Situated in the County of La Salle State of Texas. It being the same land conveyed to Earnest Davis by G. A. Startz, under date of January 26th, 1917, and against which said A. G. Startz retained a Vendor's Lien to secure part of the purchase money, said property being levied on as the property of J. Lee Costley, Zeddie E. Arnett and A. F. Arnett to satisfy a judgment amounting to \$1677.00 in favor of A. G. Startz and cost of suit.

Given under my hand this 10th day of October A. D. 1919.

T. H. POOLE, Sheriff La Salle County, Texas.

By John Wildenthal, Deputy.

Vesper Bros.  
By C. F. Vesper.

**Catarrah Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists sell.

F. J. CHENEY & CO., Toledo, O.

Lots of fellers complainin' about not bein' able to get any work, when there's more work than ever for fool killers.

One thing it seems to us we could get along very well without are the occasional bulletins on the health of the kaiser.

Don't grow despondent because there are a few days of cloudiness. The Lord is mighty good to all of us in the way of sunshine.

Miss Lillian P. Nelson of New York, who has just returned to this country from Doctor Carrel's hospital in France, where she was one of the staff of nurses, is caring for a baby which was picked up on a battlefield, when only nine days old.

**BY THE OFFICE OWL**

Hide your troubles. You may in time forget where they are.

If women got as much joy out of an old hat as men do, every husband could save money.

The average rich man, we believe, tries to do as much good as he can, and still stay rich.

Any poor man can tell you that he doesn't want money for itself, but for the things he would like to do with it.

**SUNBEAMS**

Look before you mint!

Bad poetry but a big heart!

Some joke on the coal dealers this winter!

The bolshevik! 'll git yuh ef yuh don't watch out.

Anyway, we're all goin' to be good-natured about bein' denatured.

Maybe the sweet potatoes will last until watermelons come again!

Only thing about this heavy weather is yuh can't hear the dinner bell when it rings.

In the matter of reconstructin' the world, let us beg yuh not to forget to lay a good foundation of waffles.

**FLASHLIGHTS**

Many a man gets rich without becoming anything else.

The trouble with some men is they mistake folly for happiness.

Very often a man does a friend a great wrong with the best of intentions.

We never could understand why some people insist on liking or disliking others for religious reasons.

**We Sell for Cash**

WE CAN SELL CHEAPER.

Walter Evetts spent Sunday in Laredo.

Miss Grace Tarver visited friends at Lytle this week.

J. W. Baylor was a Laredo visitor during the week.

A. U. Knaggs was a San Antonio visitor during the week.

We had a little real touch of winter this week.

Arthur Knaggs and John Widental spent Sunday in Laredo.

Miss Mabel Gouger was here the first of the week from Asherton visiting relatives.

Cotton continued to soar this week. There is a frantic demand for the better grades.

Misses Florine and Mary Holman and Vivian Garnette were here from Asherton Sunday.

Mrs. Bessie Smith and Miss Gaynelle Lacy were Laredo visitors during the week.

Rev. Hamilton will preach Sunday morning at 11 o'clock. Remember the Sunday School at 9:45. Bring your Bible.

Mrs. B. J. Pate is spending a few days with her daughter, Mrs. Allen Mayor in San Antonio.

It looks like the fall feed crop is a goner. With no feed this year farmers will have to depend on pasturage entirely almost this winter. Perhaps nothing else will be needed.

Messrs. J. W. and J. C. Freeman of San Antonio were here this week, visiting at the home of T. R. Keck.

Advertising pays. Advertisers tell us every day that it does. If you have anything to sell or want to buy anything, advertise.

Floyd Martin was over from Fowlerton Tuesday. He came over to drive back a new Ford, but before he got out of town it came one of those deluges so famous in these regions lately, so he left it in a garage and the last time we saw him he was trying to engage a flying machine to get home.

Mr. and Mrs. H. E. Plummer were here this week visiting at the home of their brother, H. M. Russell. They have just returned from a month's stay in Kansas at Mr. Plummer's old home, and stopped here on their way to Laredo, where Mr. Plummer has a position with the Laredo Ice Company.

Chas. E. Neal, of the Ford Agency here, went to Houston Wednesday to attend a convention of Texas Ford Agents. He reports a big meeting and owing to the good conditions of this part of Texas was able to convince the powers that he was entitled to a larger allotment of cars for the coming season. He says he will soon begin work on some improvements on his garage building.

Special Meeting.

Dr. M. T. Andris, Pastor at Temple, will be in Cotulla Saturday, Nov. 8th, and will preach at 10 a. m. and 7 p. m. Dr. Andris is one of the foremost ministers of the Baptist Church in the State. Everybody come and hear him. Remember the date, Saturday 8th, 10 a. m. and 7 p. m.

W. L. Skinner.

Messrs. J. W. Dowd of Chicago, and J. H. Dailey of Muskogee, owners of the Dowd & Dailey ranch and farm seven miles West of Cotulla, are down seeing how the cotton crop is being gathered. Mr. V. C. Rankin is manager of this farm and regardless of the severe years in the past has made money for the owners. Dry as last year was money was made on the cotton crop. A big crop has been produced this year but trouble in gathering it is being experienced because of the unfavorable weather. A fine artesian well is on this farm and an onion crop is produced during the winter months. Mr. Dowd stated that they were looking into the matter of putting a tractor for plowing on the place this year.

R. O. Gouger was up from Laredo this week. Mr. Gouger spends most of his time in the border city now, and for some time has been engaged in importing cattle from Mexico, and supplying the pasture men of this section of Texas. He says the movement is rather slow at present as cattle are becoming scarce anywhere near the border, and much trouble is experienced in getting them out from down in the interior. In fact he regards the climate way down there in the hills as slightly unhealthy and is not taking many chances on getting his name on the front pages of the dailies in the "held for ransom" column.

Hunting Notice.

Notice is hereby given that all land known as the Martin pasture is posted according to law, and all persons caught hunting or trespassing will be prosecuted.

Paddy Lann

Notice.

Notice is hereby given all pastures under our control are posted according to law and any persons caught hunting or trespassing will be prosecuted.

J. W. Baylor.

Hunting Notice.

All persons are notified that my pasture is posted according to law and all persons caught hunting or trespassing will be prosecuted.

E. W. Alderman

Notice.

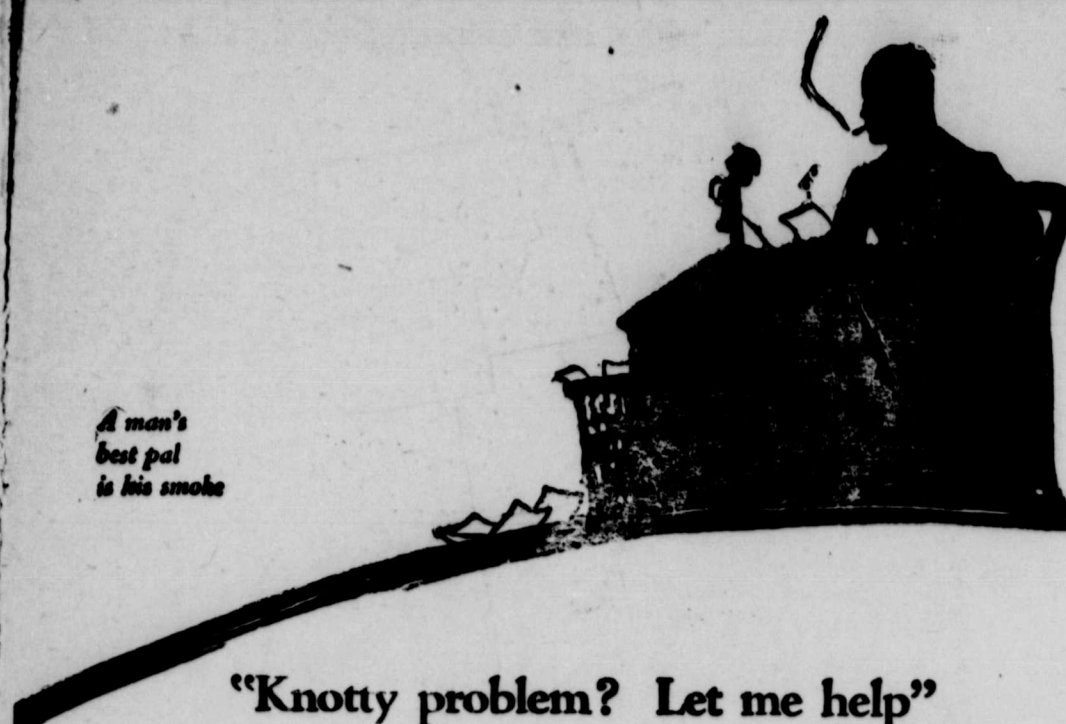

No hunting will be allowed on my ranch or pastures. Am pasturing several thousand head of big steers for other parties and our mutual agreement was there is to be no hunting allowed. All previous permits verbal or written, are hereby revoked. The laws regarding fire hunting, especially last year, were flagrantly and brutally violated in many instances by parties killing old dogs and hauling them out to their camps several miles off, heads cut off and meat taken probably two hundred miles away. I offer \$100 reward for anyone convicted for hunting with fire lights on my premises.

J. M. Dobie.

"MONTEREY" BAKERY

I have the pleasure to announce that on August 27th a First Class Bakery was inaugurated on South Front Street, in this City, which will satisfy everyone in its minor details by having the purest materials, and where cleanliness will be the first principle and proud asset in the elaboration of bread.

J. M. BRONAR, Prop.  
Cotulla, Texas

"Knotty problem? Let me help"

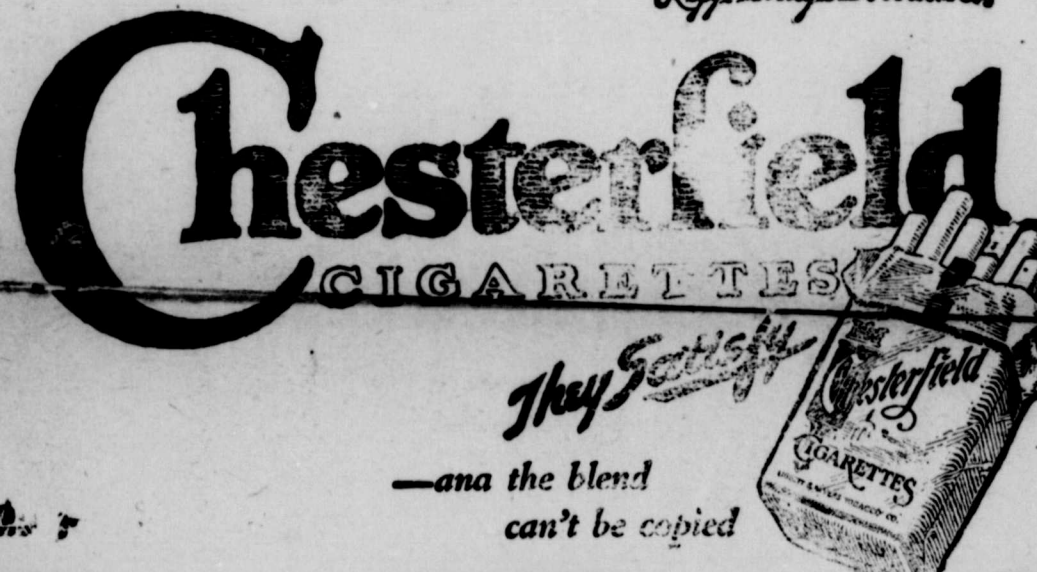

—Ches. Field

"HELP" is right! A smooth, mellow smoke is just the thing, when you're up against a tough one. And Chesterfield is that smoke.

An expert and exclusive blend is responsible—finest, silkiest Turkish tobaccos from Xanthi, Cavalla, Smyrna and Samsoun, and the best varieties of Domestic leaf—put together by the manufacturer's private formula that brings out every last bit of flavor. No other process, no other blend, can successfully imitate Chesterfield's smoothness and full-bodied flavor.

No argument here! Chesterfields satisfy as no other cigarette has ever satisfied before.

Liggett & McCarty Tobacco Co.

They Satisfy

—and the blend can't be copied

Here's Comfort in Work Shoes

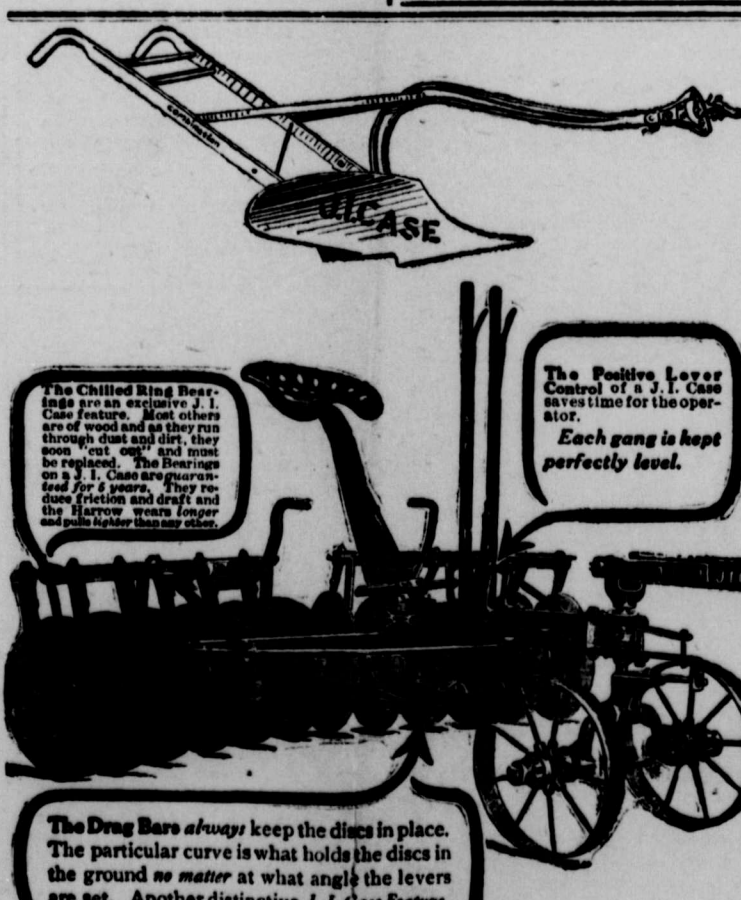

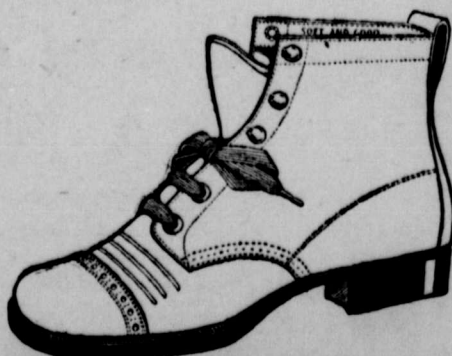

You can't do your work well if your feet aren't comfortable. These

SOFT AND GOOD SHOES

will give you both comfort and wear, and they are mighty neat looking, too.

Built as a work shoe should be—of sound, honest leather all through—the strongest kind of sewing. They're "Star Brand Shoes"—good for more wear than any other shoes at the price.

K. BURWELL

The Chilled Ring Bearings are an exclusive J. I. Case feature. Most others are of wood and as they run through dust and dirt, they soon "cut out" and must be replaced. The bearings on a J. I. Case are guaranteed for 4 years. They reduce friction and draft and the narrow front loader and pull lighter than any other.

The Positive Lever Control of a J. I. Case saves time for the operator. Each gang is kept perfectly level.

The Drag Bars always keep the discs in place. The particular curve is what holds the discs in the ground no matter at what angle the levers are set. Another distinctive J. I. Case Feature.

CHEVROLET Distributors FOR LA SALLE COUNTY

The more a man knows about automobiles, the more experience he himself has had with them, the more critical he is apt to be of their essential features.

To satisfy this class of motorists is the chief motive of Chevrolet construction and equipment.

It is to this element therefore that the convenience of operation, accessibility and equipment, the dependability and economy of the Chevrolet makes its greatest appeal.

Remember that when we do your work it will be a satisfactory job.

FREE AIR. USE IT WHEN YOU WANT IT.

CITY GARAGE R. L. KEITHLEY, Proprietor.

Baptist Church. Regular services morning and night. Night service begins at 7 o'clock. Every member of the Sunday School and Church is present. Doors open to all.

Notice The City Electric Plant will run until noon every Thursday for benefit of those who use electric irons.
