VOL 20 NO 20

COTULLA, TEXAS AUG. 21, 1920

PUBLISHED WEEKLY

TENNESSEE IS 36TH. STATE FOR SUFFRAGE.

Nashville, Tenn., Aug. 18.—Tennessee today ratified the Federal woman suffrage amendment, the lower house of the Legislature, by a vote of 50 to 46, concurring in the action of the Senate, which last Friday adopted the ratification resolution by a vote of 25 to 4.

Although it was the thirty-sixth State to act favorably and the amendment should become effective as soon as certified by Bainbridge Colby, Secretary of State, whether 17,000,000 women of the country would vote in the presidential election in November remained to be determined. The house still has an opportunity to rescind its action, and preliminary steps for testing the legality of ratification by this Legislature, if reconsideration should fail to upset it, already have been taken by the Tennessee Constitutional League on the ground that the Assembly had no authority to act.

After the ballot today Seth Walker, speaker of the House and leader of the opposition, changed his vote from "no" to "aye" in order to avail himself of the privilege of moving for reconsideration and announced that he would do so. Under the rules, only Mr. Walker can offer this motion and it may be done at any time he so desires. He must act, however, either tomorrow or Friday.

TO THE PUBLIC.

Having sold the business of the Millett Mercantile Company to the Letliv Mercantile Co., I am very anxious to straighten up the old business.

I have appointed Mr. George E. Zuern as my agent who will be in Millett on or about the 24th duly authorized to collect either notes or open accounts due the Millett Mercantile Co. Thanking my old friends and customers for their patronage of the past and bespeaking for the new firm the continuation of the same.

COLLEGE OF INDUSTRIAL ARTS

(The State College For Women)
DENTON, TEXAS.

The College of Industrial Arts, Denton, Texas, enrolled during the past session 1452 students and during the summer session 666, or a total of 2128 Texas girls, making it the largest college for girls in the United States with the exception of two, both of which are located in Massachusetts. It is a college of the first-class; and gives literary, technical, industrial, and vocational education and training of the best quality, designed solely to develop mental discipline; social culture, industrial efficiency, and spiritual vision and outlook.

Its courses of study are composed of correlated subjects, including every necessary phase of woman's education, and are grouped as follows:

1, literary; 2, household arts; 3, fine and applied arts; 4, manual arts; 5, rural arts and science; 6, music, including piano voice, violin and public school music; 7, reading or expression; 8, secretarial studies; 9, kindergarden training; 10, homemaking, rural and urban; 11, teacher-training for public school music, public school art, household arts, vocational economics, primary grades, and high school subjects, practice teaching under expert supervision; 12, vocational training of both college and non-college rank for many of the most remunerative and attractive vocations, rural and urban, for women. It confers the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Music, Bachelor of Literary Interpretation, and Bachelor of Business Administration; awards vocational diplomas and certificates of proficiency; and issues teachers' State certificates.

The College plant is valued at \$1,500,000; the management is modern, safe, and wholesome; the faculty is one of the best in the Southwest; it is a Texas College for Texas girls. The next session opens Tuesday, September 14, 1920. For further information or for the latest catalogue, address F. M. Bralley, LL. D., President, College of Industrial Arts, Denton, Texas.

DAY BY DAY COTTON SLUMPS DOWNWARD.

Without apparent cause cotton has been slumping day by day. It has lost nearly five cents a pound this week and the bottom seems not to have been reached yet.

Yesterday's Houston market was 31.50, yet prices up to that figure were paid on the yards here. Some good cotton is now coming in and by the first of next week if the weather stays clear much more good cotton will be coming and we believe by the middle of the week the gin will be running steadily. 105 bales have been ginned here.

The Millett gin has passed the 400 mark and has now put on a night crew. At Encinal about 90 bales have been ginned.

The gin at Woodward is being put in shape and expects to be in operation some time next week.

Cotulla Will Have Chautauqua Next Year.

A contract was made this week with W. L. Ratcliffe of Washington, D. C., for Ratcliffe's Chautauqua next year. It will be held probably in May. The contract was made by fifteen business men and citizens, they making the guarantee for the attractions. It has been suggested that a three days fair be held in connection therewith. Following are the business men and citizens who made the guarantee: C. E. Manly, H. C. Guinn, Jno. P. Guinn, John W. Willson, D. L. Neeley, K. Burwell, Chas. E. Neal, J. W. Lacey, S. Cotulla, J. H. Gallman, B. Wildenthal, jr., J. N. Lightsey, R. L. Keithley, R. L. Graham.

Why I Put Up With Rats For Years," Writes N. Winsdor, Farmer.

"Years ago I bought some rat poison, which nearly killed our fine watch dog. It so scared us that we suffered a long time with rats until my neighbor told me about RAT-SNAP. That's the sure rat killer and a safe one." Three sizes, 25c, 50c, \$1.00 Sold and guaranteed by T. R. Keck and Gaddis Pharmacy.

LARGE CROWD HEARS SPEAKER FOR PAT NEFF

The largest political gathering in many years heard Judge A. W. Cunningham of Harlingen, speak at the Court House Thursday night in behalf of Pat M. Neff for Governor of Texas. The speaker was introduced by Judge John W. Willson, a former Thomasan man.

Judge Cunningham lauded Neff's career. He said that he lived and practiced law in Waco for 17 years and that he knew Pat Neff when he walked behind the plow and cultivated his widowed mother's little farm; he knew him when he started out to get his education and he knew him when he opened up his law office in Waco. He said if there ever was a self-made man Pat Neff was one. He criticized the literature that had been circulated by the opposition, characterizing it as false and misleading. He recited the public works of Mr. Neff and said that he believed that when elected Governor, which he would be, that he would class up to the Governor's of old.

The speaker dwelled at length on Neff's land plank and labor plank. He said that Bailey and his speakers had misrepresented and contorted the same until it was misunderstood by many people. He read how the Waco man stood on each subject and then asked the audience if anyone could find fault. No one objected. He contrasted Mr. Neff's war record with that of Mr. Bailey. He based this arraignment of the ex-Senator solely on his utterances in speeches made last April and on Tuesday night of this week. He read what Mr. Bailey said at Austin in a speech last April about why he did not make Liberty Bond speeches. He then read what he said at Taylor on last Tuesday night. The statements were in direct contradiction. He took up Mr. Bailey's record in the Senate and showed how he had opposed the many great measures that had been passed for the benefit of the people, such as the Parcel Post law, Free Rural Delivery, Child Labor Law, National Prohibition, Woman's Suffrage and many others.

The crowd was plainly with the speaker and frequently applauded his remarks. He pointed out that Mr. Bailey was entirely out of line with the San Francisco platform therefore was not a Democrat and urged all Democrats to support Mr. Neff for Governor in the runoff primary next Saturday.

North Carolina Defeats Woman Suffrage.

Raleigh, N. C. Aug. 19.—The Federal woman suffrage amendment was defeated by the North Carolina House of Representatives at noon today by a vote of 71 to 41.

The Senate having already voted to postpone consideration of the amendment until the regular session next January, the action of the House today virtually ends the ratification fight in this state until that time.

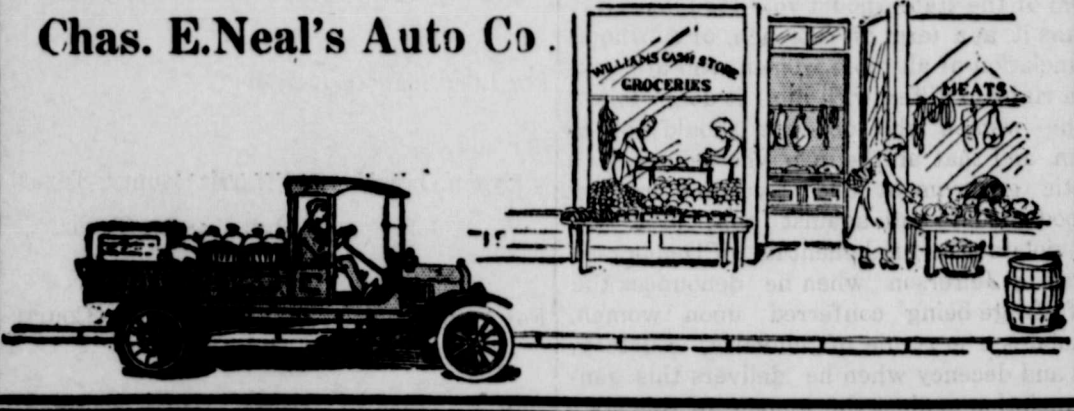

A straight-out rejection resolution reported by the Constitutional Amendment Committee, was tabled by the House without a dissenting vote immediately after the ratification resolution had been defeated.

Vote upon the ratification resolution was forced by the anti-suffrage forces without debate.

Ford
THE UNIVERSAL CAR

The Ford Model T One Ton Truck is in reality a necessity to the wide awake retail grocer, not only for the economic solution of the delivery problem, but for the bringing of goods from the docks or stations to his place of business, and for traversing the country and bringing in produce. For years the Ford One Ton Truck with its splendid manganese bronze worm-drive, powerful Ford Model T Motor, strong Vanadium steel frame, has been serving in every line of business activity, and we have yet to hear the first complaint as to rear axle trouble or motor trouble. It has the lowest purchase price on the market, and the cost for operating and maintaining is exceedingly small. In fact, the Ford One Ton Truck has become a business necessity. Leave your order with us without delay. We will give you prompt attention and assure you reasonably prompt delivery, and give you an after service that will insure your continuous operation of the Truck.

Chas. E. Neal's Auto Co.

Bailey's "Defense" of His Bare War Record.

In a speech at Taylor last Tuesday night, J. W. Bailey defended his action in not making Liberty Bond speeches. This is exactly what he said:

"They told you that I did not want to make Liberty Bond speeches because I was unwilling to advise my friends to make a bad investment. That is an unadulterated lie. I did not refuse to make speeches for any such reason at that. I did refuse to make a speech or to when a committee came to my office and invited me to make a speech to sell bonds. I did not want to interfere with the sale of bonds, and I did not accept. I knew if I went down there and spoke I must say what I think. Therefore," I said, "IF I GO YOU WILL SELL FEWER BONDS." My refusal was based on this fact.

"They were telling everybody the bonds were the best investment in the world. I knew they would go to a discount, and I was right, as all of you now know, for they have gone below par, and purchasers are now selling them at a loss. If I went there and told them the bonds were such a fine investment, I would be telling a lie. If I told them they were not a good investment, but they ought to buy the bonds out of patriotism, I knew I would be speaking opposite from the other speakers, and they might not sell so many bonds. I did not speak because I wanted them to sell as many bonds as they could."

Mr. Bailey does not deny that he is the paid attorney for the Association Opposed to Prohibition. This Association is composed of probably seventy-five per cent Germans. When the war was on and mothers were sacrificing their sons, and money must be raised to keep the line of communication to the front trenches, hundreds of men left their business and made Liberty Bond speeches.

Here in La Salle county when we were told our quota we raised it. We didn't ask if the bonds would fall below par. It was during the worst drouth the country ever knew and many borrowed 10 per cent money to buy the bonds. That was patriotism. Nobody refused to talk for the bonds.

Nueces River On Big Rise.

The Nueces river has been on a big rise.

The water evidently came from a long ways as the rise was slow and steady and the fall the same way.

Notwithstanding there has been plenty of rain over this particular territory this year this is the first big rise in the Nueces river in 1920. There has been a number of local rises, but this is the first one from the upper course.

Cox Comments On Suffrage Victory.

Tennessee's ratification of the woman suffrage amendment was issued today by Governor Cox, Democratic presidential nominee.

"The civilization of the world is saved. The mothers of America will stay the hand of war and repudiate those who trifle with a great principle. The action of the Tennessee legislature has another significance. It is an earnest expression of the Democratic party to pay its platform obligations."

Picnic and Swimming.

Last week the Ladies Auxiliary of the Presbyterian Church entertained with a picnic and swimming party on the river, honoring Mrs. Rachal of Falfurrias and Mrs. Mussey of Kingsville. After the swimming and other sports a delicious supper consisting of fried chicken, salad, sandwiches, tea and cake was served to about 64 guests. All reported having a great time and expressed the wish that the Auxiliary would have picnics oftener.

RESENTS IMPLIED DISCOURTESY TO WOMEN.

Mrs. James M. Loving of Austin has issued the following appeal to the women voters of Texas who are Democrats:

"Senator Bailey, in the discussion of suffrage, has permanently spoken of those whom he terms as 'she men' and 'he women'. Taken in connection with the subject discussed and its relation, he means by the term 'he women' those women who believe in and advocate and those will avail themselves of equal suffrage. If he meant others, such use of the phrase 'he women' would not be germane to the subject discussed, would be foreign to the matter in hand, and would have no place in the fulmination of so great an academic debater as is Senator Bailey. Thus it is seen that he applies this term, 'he women' to all women who will participate in the August primaries.

"In this application of this term to the women of this state does he mean it as a compliment or does he mean it as term of reproach? If he applies it as a compliment, it does not follow that the women of the state should vote for him. But if he means it as a term of reproach, or a wholesale denunciation of all those women who are exercising a right to differ with him, it does follow that all the women who do vote should vote against him, and that all the men who believe in a Democratic government and love and respect womanhood should vote against him; first, because he violates the fundamentals of Democracy as declared by Jefferson when he denounces the right of suffrage being conferred upon women, and he violates every rule of chivalry, courtesy, kindness and decency when he delivers this general denunciation against the women of this state who believe in and would exercise the right of suffrage.

"To establish the first proposition, it is only necessary to quote Mr. Jefferson, the highest of all Democratic authority, when he said in the Declaration of Independence: 'Whenever any form of government becomes destructive of these rights, the right of the people to alter or to institute new government, laying its foundations on such principles and organizing its powers in such form as to them shall seem most likely to effect their safety and happiness.'

"If the people can 'alter' or 'abolish' this government, they would therefore have the RIGHT to confer suffrage upon women, and women would have the RIGHT to ask it and to exercise it when conferred. If they are ALL exercising a right, why denounce them? Why not decently and logically challenge the wisdom of exercising that right instead of having unmanly recourse to abuse womanhood? Is to abuse womanhood an attribute of a 'he man'? If it is, then Senator Bailey is easy of classification and can never fall into the category of his 'she men.'

"A 'she man' is a man with feminine attributes and is in nature a misfit, is crosswise with nature—is out of harmony with nature.

"A 'he woman' is also a misfit, is crosswise with nature—is out of harmony with nature and with her sex. Therefore if Senator Bailey's terminology is correctly applied, there is no more grotesque and revolting creature in nature than the woman who believes in or exercises the right of suffrage. If his terminology is incorrectly applied then no grosser libel was ever uttered against a whole body of women, no grosser insult was ever offered to a body of women than is embodied in this phrase of Mr. Bailey's.

"The womanhood of this state when it goes to the polls in August will resent this gross and brutal language of this unjust and ill-bred man; and we appeal to the manhood of Texas to resent this language by repudiating this gross and uncouth man at the primary on the 28th of this month."

G. T. Nichols, father of Luther Nichols, Bailey's campaign manager, who resides at Gainesville, says that some of Bailey's household goods which have been stored by a transfer company there were shipped last week to his son Weldon, in Arizona. This is the first instance on record where Bailey has given evidence that he believes in preparedness or in looking ahead.

The cotton market has been steadily declining all the week. It opened with a downward thud Monday and it has been the same old story in the same old way every day since. Farmers can't understand it and neither can we. Look at what has happened to wool and cotton seed.

They all flop sooner or later. Senator Paul Page of Bastrop county, who is rated as the strongest man with the citizenship of that county, has announced that he will support Pat M. Neff for Governor.

THE RUN-OFF TICKET.

The ticket of the run-off election to be held next Saturday will be very short in this county, only candidates for three offices to be voted on. The ticket will appear just exactly as it is below except that the wording Official Democratic Ballot is at the head instead of the wording Sample Ballot as given below.

In the last primary a number of votes were thrown out in the Cotulla box because of being defaced because of the voters signing their names. Remember that no mark of any kind should be made on the ballot except the scratch through the name of the candidate you DO NOT want to vote for. For instance if it is your desire to vote for the first name for every office simply put a pencil line through the bottom name. Be careful how you vote.

Sample Ballot.

"I am a Democrat and pledge myself to support the nominees of this Primary."

For Governor:

Pat M. Neff, of McLennan County, Texas.

Jos. W. Bailey, of Cooke County, Texas.

For Lieutenant Governor:

Lynch Davidson, of Harris County, Texas.

W. A. Johnson, of Hall County, Texas.

For Associate Justice of the Supreme Court:

William Pierson, of Hunt County, Texas.

William E. Hawkins, of Travis County, Texas.

OPEN AND CLOSED SHOP.

A great deal has been said about the open and closed shop and a great many people do not understand the meaning of either, but in the first primary voted for Bailey because he made a great ado about the "open shop. Mr. Neff's position on the labor question has been stated time and again by him but the Baileyites persist in twisting it around and we print below Neff's views on the labor question. Read them carefully, and you will be bound to agree that they are sound.

"Every man who toils with either brain or brawn has the right to quit work whenever he wants to, but let it be understood that when he quits his job any other American citizen has the right to do the work his neighbor did not want to do. Every man should be left free to make whatever contract he desires as to his employment, both as to compensation and hours of service. The employe should be left free to join either the open shop or the closed shop, or stay out of both, just as he sees fit. The employer should be permitted to employ whomsoever he pleases and on whatsoever terms are satisfactory to the two contracting parties. In the peaceful conduct of capital's business and in the peaceful pursuit of labor's trade the Government should grant to each equal protection."

ON PROFITEERING.

Figures don't lie, but they do say that Ananias was a regular sharer in math. What is stumping us is all this agitation about profiteering. It is not at all uncommon to see a difference in price that is prima facie evidence of profiteering. For instance, we happened to know that a San Antonio merchant some months ago was selling a certain gingham at a price just 50 per cent in excess of the prices asked by a local merchant. Now, that San Antonio bird was either getting about three times as much profit as the country merchant, or his wholesaler was sticking him a plenty, one or the other. It would be hard for us to get it in our head that the wholesaler was to blame, too. Also sugar is now being advertised at 19 and 20 cents, and if we don't miss this 30 and 32 cent sugar pretty soon, it's going to be hard for us to get it out of our head that somebody ought to revise their price list a bit.

The real remedy for the profiteer pest is an intelligent public. If all the folks know that sugar is wholesaling at 20 cents per pound, their local merchant would not be so likely to keep the 30 cent price on after he had sold out his 28 cent sacks and opened up his 20 cent stuff.—Carrizo Springs Javelin.

Cotulla will have a Chautauqua next year and why not have a little three days fair at the same time. It will be held probably in May at a time when some creditable exhibits could be made.

When the train came in back in 1910

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

ROYAL CORD—NOBBY—CHAIN—USCO—PLAIN

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

CATTLE DYING IN FRIO COUNTY.

Frank Woolls returned yesterday from Pearsall and reported considerable excitement in that county as the result of cattle dying, principally along the Frio bottoms from what is supposed to be charbon. However, it is said that the disease has been pronounced not charbon, but the veterinarians are puzzled over it, as it resembles charbon and cattle are dying from it, but blood tests indicate that it is not that disease. Just how many cattle have died is not known but it is reported to be approximately one hundred. In Uvalde county and also the Western part of Frio it has been reported that deer were dying of the same disease.

Mr. Vaughan, Farmer Tells How He Lost All His Prize Seed Corn

"Some time ago sent away for some pedigreed seed corn. Put it in a gunney sack and hung it on a rope suspended from roof.
