Two Area Children Die In Snowstorm

Two Hospitalized Following Tragedy

Funeral services were held Tuesday afternoon for two area children who died of exposure in the Friday night sneak snow and ice storm.

Judge J.R. Thornton of Farwell ruled that the two youngsters died Friday night at an indefinite time after they left their car which had stalled in the sudden storm.

Luis Rodriguez Jr. was born July 12, 1961 at Port Lavaca and was a second grader in the Bovina Elementary School and his sister, Micaela Rodriguez was born March 4, 1963 in Brownfield. She was a first grader in the Bovina School.

They had lived with their father Luis Rodriguez Sr., two sisters and a brother on Route One, Bovina for the past five years moving to the area from Tahoka. It was reported that their mother had died at the time Micaela was born in 1963.

Joint funeral services were held at 2:30 p.m. Tuesday in the Singleton Funeral Home Chapel of the Chimes with Father Norman Boyd of the Bovina Catholic Church officiating. Burial was in Muleshoe Cemetery under direction of Singleton Funeral Home of Muleshoe.

Survivors include their father Luis Rodriguez Sr., two sisters, Lupe and Eva, both of the home and one brother, Romero also of the home; a grandfather, Florencio Morquecho of Westlaco and an uncle, of Muleshoe.

Bennie Shelby, who works near where the bodies were found, first found two sisters

Ticket Sale For Symphony Is Continuing

Mrs. Jack Rennels said the ticket sale for the 'Pop' concert by the Amarillo Symphony Orchestra is going well. However, Mrs. Rennels said many people are asking what a 'pop' concert really is.

She explained that this presentation will be popular tunes and Broadway show tunes. A 'Sing-along' will conclude the program with the audience participating in such tunes as 'For Me and My Gal,' 'Cecelia,' 'Shine On Harvest Moon' and 'Bye-Bye Blackbird.'

The presentation will be in the Muleshoe High School auditorium on Sunday, April 19 at 3:30 p.m. There are no reserved seat tickets, they are being sold on a first-come, first-served basis and are \$2 for adults and \$1.50 for students. Tickets are not expected to be on sale at the door.

Frank Hinkson II, son of Mr. and Mrs. Frank Hinkson of the Lazbuddie community, has been named to the dean's honor list at New Mexico State University in Las Cruces.

Former Muleshoe residents, Mr. and Mrs. Jack Morris, and daughters, Lynette and Patti, left Plainview Saturday on a trip to Spain and Rome.

Morris won the trip for him and his family in a National Ford Dealers Contest for selling the greatest number of cars and trucks during January and February, in competition with six other Texas dealers. They will return to Plainview on April 7.

Mrs. Morris is a daughter of Mr. and Mrs. Scott Swafford of Muleshoe.

Mrs. Weldon McBride, Plainview, became ill between Plainview and Muleshoe Sunday morning, while enroute to Muleshoe with her family to spend Easter Sunday with her parents, Mr. and Mrs. Buck Creamer.

Mrs. McBride was hospitalized at West Plains Memorial Hospital for treatment of a heart ailment. Her husband and two children stayed in her parents home while she was hospitalized.

Mrs. McBride was released from the Muleshoe hospital to undergo further treatment in Plainview.

Mr. and Mrs. H. Jay Wyer's daughter, J. Ann, came visiting Monday, with her little Parsleys, Scott and Cindy. Her husband, Kenneth Parsley, had to work, and did not accompany them. They live in Plainview.

TYPICAL SATURDAY MORNING SCENE--Sheriff Dee Clements looks over two of the numerous vehicles left stranded in the sneak snow and ice storm Friday night. These two had been in a minor collision and skidded off the highway. Although several weather-related collisions occurred during the several hour

storm no injuries were reported. Officers worked around the clock in an effort to rescue stranded motorists. Members of the Texas Highway Department spent the entire night attempting to clear the drifted highways.

Two Elections On Saturday For City-School

With two elections slated Saturday, April 4, voter turnout is expected to be rather light as no candidate has opposition in the mayor's race or the school board trustee race.

The only candidate to file for the mayor's office is Irvin St. Clair, who formerly spent nine years as a Muleshoe city councilman. Present Mayor W.D. LeVeque declined to seek an additional term in that office commenting that it was time for someone else to take the reins of that city position.

Polls will be open in the Muleshoe City Hall Saturday from 8 a.m. to 7 p.m. for the mayor's election.

Incumbents Dr. Charles Lewis and Joe Embry both filed for re-election to their respective places on the Muleshoe Independent School District School Board. The duo has no opposition in the Saturday election.

The school board election will be held in the library at Muleshoe Junior High School and the polls will be open from 8 a.m. to 7 p.m. Ernest Kerr is elected.

Shelly Seay Top Egg Hunt Winner

Several area youngsters turned up with prize eggs in the annual Jaycee Easter Egg Hunt which was held Saturday. The Easter Egg Hunt had been postponed from the previous Saturday, when bad weather interfered. Despite another bad day Saturday, a good representation hunted the eggs just south of Radio Station KMUL on U-Bar field.

Winner of the grand prize was Shelly Seay. She received a giant stuffed Easter Bunny, compliments of Harvey Bass Appliance Co. Other prize winners and the companies that gave their prizes included Kent Rempe, Johnson-Nix Implement Co.; Darrell Rasco, C.R. Anthony Co.; Jerry Lionel Gleason, Crow Chevrolet; Georgy Villa, Crow Chevrolet; Meichelle Peciano, Western Auto; Dencia Gleason, Western Auto; Jerry Wilemon, White's Auto; Alanco Outerz, Williams Bros. Office Supply; Ricky Suduth, Muleshoe Ford Tractor Co. and Mark Northcutt, Western Drug.

Leroy Maxwell, Jaycee who was in charge of the Easter Egg Hunt said "We would like to give special thanks to the above merchants and to the other merchants listed below for supporting the Egg Hunt."

"First National Bank, Muleshoe State Bank, Cashway Grocery, Perry Brothers Variety, Cobb's Department Store, Main Street Beauty Shop, Sam's Auto, Sears, Roebuck and Co., Henry Insurance Agency, Leal's El Nuevo Restaurant, Fry and Cox Implement Co., Production Credit Association, Charles Lenau Lumber Co., Red Barn Chemical, El Jacalito Cafe, Muleshoe Motor Company, L & H Grocery, Ladd Pontiac, Gibson's Discount, City Cleaners, Allison Shoes, Fair Department Store, Gordon Wilson Appliance, Lambert Cleaners, Montgomery Ward, Murray's Muleshoe Jewelry, Sanitary Barber Shop, DairyDelite Drive In, Beavers Flowerland, Corral Drive In, Dot's Shop and Green Butane."

Bailey County Census Takers Begin Work

The fourteen census workers chosen for Bailey County have attended a two day training school prior to beginning the 10-year head count in this county.

Mrs. Clarence E. (Sondra) Mason, who was named crew leader for Bailey County, taught the school prior to the census count which began yesterday, April 1.

Mrs. Mason reminded all county residents who received a census form to fill in to please hold the form until a census worker calls on you, it may be several weeks, she continued, but the forms are not to be returned by mail, a census tabulator will make house to house calls in the county and personally contact everyone on the list.

Clean-up Campaign Continues Locally

Following the Friday night sudden sandstorm and sneak attack by mother nature with snow and ice, cleanup has once again been emphasized.

The high winds preceding and during the rain, sleet and snow left broken limbs and branches littering streets, yards and sidewalks. And, in case you think all the loose paper was blown away, Cleanup Chairman Carol Johnson says just look all around you. Paper and debris are scattered indiscriminately in every section of town. Garbage cans were overturned by the wind and cans and trash litter the alleys. Flower beds that had been cleaned and prepared for spring planting are once again filled with trash after the storm unleashed its fury late Friday afternoon.

An intensive cleanup campaign began on the first day of spring, March 20 and is to conclude on April 11. However, the latter part of the month of March proved not to be conducive to cleanup with snow and rain being recorded.

In wide areas of town, yards, garages, vacant lots and other areas have been cleaned, but the people working on the cleanup campaign committee said those who are working have hardly made a dent as yet in the areas needing a general cleanup.

Last week, the first suit under a city junk car or abandoned vehicle ordinance, was filed in city court. City officials promised the cleanup committee full cooperation in their efforts and the junk car ordinance is to be strongly enforced. Cleanup officials asked that the ordinance not only be enforced during the cleanup campaign itself, but in a continuing effort to keep the city and surrounding areas as neat and presentable as possible.

Concentration will be given town entrances, vacant lots, alleys and the business areas. Several groups including civic and social clubs, school and scout organizations have volunteered to help during the current effort to clean up the town.

The full cooperation of each and every individual in the area is being solicited by committee members who hope this will be the greatest cleanup in history in Muleshoe.

A cooperative study by the High Plains Research Foundation and the Texas Water Development Board of the effects of using runoff water in recharging wells on the High Plains has been agreed upon by the Foundation and the Board, Tom Longnecker, director of the High Plains Research Foundation, announced today.

The objective of the study, Longnecker said, is to determine the effects of recharge of surface water into the Ogallala groundwater reservoir. The study, Longnecker added, would determine the effect of the recharge on the movement of water to and from the well, the effect of suspended solids on the aquifer characteristics, and the effect of artificial recharge on groundwater quality.

The study will be carried out by personnel from the High Plains Research Foundation at Plainview. The recharge and observation wells to be used in the study are located on the Paul Stukeley farms northeast of Plainview.

The 61st Legislature appropriated \$20,000 to the Texas Water Development Board for its share of the costs of the two-year study. The remainder of the funds, \$28,264, will be provided by the Foundation during the study period.

Longnecker said a progress report on the study will be made to the Foundation and the Board by the end of this year. The final report will be submitted by the end of next year.

Bailey County Listed Ninth In District

Potter \$104 Million Tops List; Roberts Low With \$1 Million

According to Congressman Bob Price of the 18th Congressional District, the individuals, companies and local governments within the district received almost a half billion dollars from the United States Treasury in 1969.

Bailey County shared in the federal revenue to the tune of \$14,444,285.

The congressman said that funds from the Department of Agriculture include farm price support payments, REA and Farmers Home Administration loans, food stamp and commodity donations, and all other Agricultural Department functions.

He added, "The Department of Commerce includes census data and Weather Bureau; Department of Defense includes civilian pay, military active duty and retired pay, and defense contracts."

"In the Department of Health, Education and Welfare will be Social Security payments, federal welfare share, and health and education grants. The Housing and Urban Development includes FHA Mortgage Insurance for home purchase and improvement while the Department of Interior includes reclamation, recreation and helium funds.

"The Department of Justice Funds include federal judges and Immigration and Naturalization Service and the Department of Transportation includes Bureau of Customs, Internal Revenue and interest on public debt and the Agency for International Development includes foreign aid contracts."

The 28-county 18th district includes Potter County, which was the largest recipient with \$104,092,186. Roberts County, in the Panhandle, received the smallest amount of federal funds, with \$1,027,871.

The breakdown for federal funds received in Bailey County is as follows:

Department of Agriculture, \$12,000,954; Department of Commerce, \$1,027,871.

Board Increases Teacher Salaries

In a special session by the board members of the Muleshoe Independent School District, teacher salaries were increased.

The special session was held Thursday, March 26 in the school administration offices.

With no years of experience, and a BA degree, the state base pay is \$6000; one year, \$6300; two years, \$6600; three years and four years, \$6900; five and six years, \$7200; seven and eight and nine years, \$7500 and ten years, \$7800.

To this state base amount is added a local bonus of \$250. The state base pay for teachers with a master's degree range from \$6600 with no teaching experience to \$8880 with 17 or more years of teaching experience. To this is added the \$250 local bonus.

A lengthy discussion was held and studies made on the proposed estimated budget for 1970-1971.

Several curriculum changes were made for Junior High School. Art was moved to sixth and seventh grades and penmanship was dropped. The school board gave approval to administrators to attempt to work in a "Home and Family Living Course" as an elective course for eighth graders. The possibility of adding typing as an eighth grade elective course was also discussed with a possible addition of that class made to the curriculum.

Mrs. J.B. Harbin was employed to teach English II in high school. She will replace Mrs. Vee Smith, who resigned due to ill health. Mrs. Harbin has 22 years teaching experience and holds a high school certificate, elementary certificate and homemaking certificate, She has a B.S. degree from Texas Tech.

City Manager Filed Park Deed Friday

Eighteen months ago the City of Muleshoe signed an option for 109 acres of land in southwest Muleshoe. The option was with Muleshoe Development Co., Inc. and the land was to be used as a park.

On Friday, March 27, City Manager Albert Field filed a deed of record in the Bailey County Clerk's office for the acreage which will be developed into a large park. Purchase price of the land was \$49,230.

Field said application will be made to HUD for matching funds for developing the park and the preparation of paperwork is underway at the present time. HUD furnished matching funds for the preliminary purchase of the land.

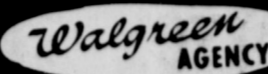

Muleshoe voters gave a nod of approval for the new park in a bond election held on September 10, 1968. Addition of a new park and remodeling of the present park in east Muleshoe

JUST BEFORE THE STORM HIT--Youngsters from Mrs. Radie Burlesons first grade class at Mary DeShazo Elementary School scattered over the courthouse lawn Friday afternoon and made short work of hundreds of Easter Eggs which had been hidden. The young boys and girls completed the hunt shortly before the sudden storm hit the area.

and a brother of the dead children around 8 a.m. Saturday. He had gone to a field to shut off an irrigation well and heard voices calling for help. He said he found Lupe Rodriguez, 22; Eva Rodriguez, 11 and Romero Rodriguez, 10 in an old barn. The elder girl told Shelby and Ambrose Flores, who accompanied him, that two younger members of the family were missing. Flores, who works for the telephone company out of Hereford, had been stranded during the storm and Shelby was attempting to get him out to the highway at the time they discovered the tragedy.

The snow covered body of Micaela was found in a ditch and the body of her brother, Luis Jr., was discovered a few minutes later in a field. Both bodies were near the old barn where the elder children had sought shelter.

Several weeks are expected to be spent in the census enumeration in Bailey County.

tion judge for the school election.

Saturday, May 2 is the next election day and will be the primaries preceding the November general election.

Incumbents County Clerk Hazel Gilbreath; District Court Clerk Nelda Merriott; County Treasurer Edith Wilt and County Commissioner Loyd Stephens of Precinct Two are unopposed in the election, but incumbent County Commissioner R.P. McCall of Precinct Four has opposition with Rudolph Moraw of Needmore vying for that precinct. Former County Judge Glenn Williams is unopposed and is seeking that post again.

Lupe said she had driven into town for groceries and was returning to the Rodriguez' farm home when the car she was driving skidded off the road into a ditch. She said she and Eva left the car in an attempt to find help. They were approximately one mile from their home at the time. Finding they could not make it, the two girls sought shelter in the barn. Apparently becoming alarmed, the three younger children left the car, but the two younger children did not make it to the makeshift shelter. The brother, Romero, was pulled into the barn by the girls who had already reached the safety of the barn.

Lupe and Eva were hospitalized at Friona and Romero was treated for exposure and released.

Officers had to move in heavy equipment and clear almost six miles of snow drifts before they could remove the children from the tragedy scene. Flores and Shelby said they had noticed two snow covered mounds, but thought they were cattle who had died in the storm.

The sudden storm caused havoc throughout a wide area, as motorists and tourists were caught unaware in the storm. Some 36 people stayed in the basement of the Bailey County Law Enforcement Center when they could not get rooms in Muleshoe.

Others stayed in the home of officers and private individuals in the area. The Corral Restaurant said many people stayed all night in the restaurant as no rooms were available in the area.

Stalled vehicles were the order of the night as cars, pickups and trucks skidded off the icy roadways in the high wind and tall drifts.

The State Highway Department, Bailey County Sheriff's Office and City Police Department worked throughout the night checking stalled vehicles and bringing stranded motorists to safety.

Several accidents were reported, but no injuries were reported in the immediate area. One death from a weather-caused accident was reported in the Clovis area. Several minor injuries in the area were reported, but none were of a serious nature in the vast area covered by ice and snow.

By late Saturday afternoon, much of the snow and ice had melted and most of the stranded vehicles had been removed from the ditches and medians of highways.

Muleshoe received estimates of from four to seven inches of snow, however, due to the high winds during the snowfall, it was considered almost impossible to estimate the exact amount.

Work is expected to begin shortly on the new, and as yet unnamed, park in southwest Muleshoe.

The location is bounded by Avenue D on the north, West Seventeenth Street on the West, Avenue J on the south and part of West Eighth and part of the West Ninth streets on the east.

Officials of Plains Cotton Growers, Inc. are cautiously optimistic about the possibility the House Committee on Agriculture will be able to report out a farm bill, complete with new programs for cotton, wheat and feed grains, before the end of April.

As Congress recessed March 26 for Easter, word from Washington was that the Wheat and Feed Grains Subcommittee, chaired by Congressman Graham Purcell (D-Tex.), would complete work on a wheat and feed grains section for the bill soon after returning to work on April 6. It is hoped the subcommittee version of these two programs will not meet serious objections from the Administration, in which case neither should have much difficulty gaining full committee endorsement.

A cotton program is still the big stumbling block. But according to PCG Executive Vice President Donald Johnson, "Definite progress has been made in some areas of disagreement, and there are signs that a meeting of minds may be possible on other disputed points."

Work toward resolving the differences between the cotton program ideas espoused by USDA and those favored by producers and their congressional representatives is occurring on two fronts.

The Cotton Subcommittee, headed by Congressman Thomas Abernethy (D-Miss.), has been working on its fourth "committee print" of a bill, and some believe subcommittee members are nearing agreement.

Meanwhile USDA officials have been holding conferences

Rev. Owings said Martin is 30 years old and has been a Christian for only the past 18 months. The Baptist minister urged everyone to attend one or both of the special services.

concluded, "but all factions are beginning to understand each other a little better with each conference, and there is still reason to hope that a bill can come out of committee by the end of April."

As has been pointed out before, time is running short. Congress will want to adjourn as early as possible this year to get home for election campaigns, perhaps as early as mid-September and almost certainly no later than mid-October.

Senator Allen Ellender (D-La.), chairman of the Senate Committee on Agriculture, has said his committee will not begin writing a Senate bill until the House Committee acts. The bills reported by House and Senate Committees will still be faced with time-consuming debates in both Houses. A conference committee will be required to iron out differences in the respective bills, then the conference report will have to go back to House and Senate for approval.

The time shortage was what Congressman Poage had in mind last month when he said he would try to get a bill out of the House Committee by Easter. He didn't make it, despite a sincere effort on his part.

But if he doesn't get a bill out by the last of April or early May, chances for passage during this session of Congress will be greatly reduced.

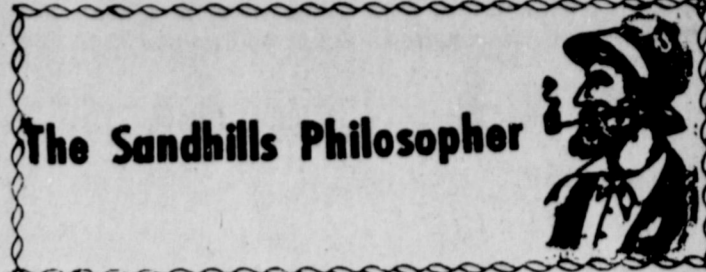

Talent Sought For Dimmitt

Talent Show

A talent show is slated April 17 in Dimmitt. The Dimmitt activities committee is sponsoring the show and are seeking talent at this time. The "Castro County Round-up Talent Show" will be held in the high school auditorium at 8 p.m., and contestants are asked to contact Linda Langford, 1016 Maple, Dimmitt or call 647-4331.

Miss Langford, program chairman, said everyone in the entire area is invited to the show which will be \$1 for adults and fifty cents for students. She said 20 door prizes will be given in addition to first, second and third place trophies to contestants.

"So it is obvious there is a lot of negotiating to be done before a cotton program is written that will have the support needed for passage," Johnson

Editor's note: The Sandhills Philosopher on his Johnson grass farm tackles or dodges, we can't tell which, a traffic problem.

I know that when a man is broke he's not very interested in talking about money and by the same token I have a feeling people are getting tired of reading about pollution and traffic congestion. Mainly they want something done about it immediately so long as somebody else does it, but I can't help reporting on a proposed solution to the traffic problem on Wall Street.

According to an item in a newspaper that turned up on this Johnson grass farm yesterday, some brain on Wall Street, noticing how much congestion occurs when 35,000 stock broker employees leave their offices at quitting time at 5 o'clock every afternoon, hit on the idea of letting them out half an hour earlier to beat the rush-hour congestion.

This makes sense, I'm in favor not only of quitting half an hour early when you can, I'm in favor of knocking off at noon on some days and not even starting on others, but some Wall Street efficiency expert up there said, all right, if we let them quit half an hour early in the afternoons they'll have to start half an hour early in the mornings.

It's this type of thinking that makes me glad I'm where I am. If a man has to get up half an hour earlier in the morning to beat a traffic jam in the afternoon, in other words

has to lose sleep to fight the problem, it seems to me the problem is the winner.

It's like the agricultural experts. They're always telling farmers how they ought to improve their pastures so their cows will do better, but what I want is for them to be working on what I've got to offer. Invariably they put all the work on me instead of the cow.

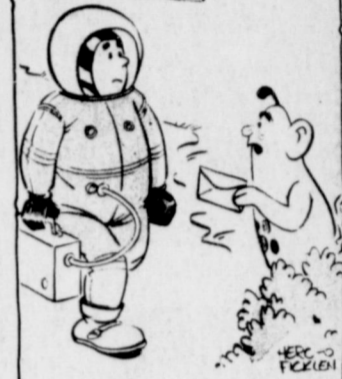

I've tried for years to get this point over, but nobody pays any attention to it.

As Shakespeare almost said, truth crushed to earth frequently lies there unrecognized.

Yours faithfully,
J.A.

MRS. GLENN LUST....Worthy Matron, of Lazbuddie, received "A" Certificate at District Two, Eastern Star School of Instruction, among others, including her husband, Glenn Lust, Worthy Patron, at Plainview.

Eastern Star District Meet in Plainview

The "Melody of Spring" Eastern Star School of Instruction, for District Two, Section Three, was held in Plainview Masonic Hall, March 26th, under the supervision of Mrs. Beulah Speer, Abergathy, District Deputy Grand Matron, District Two.

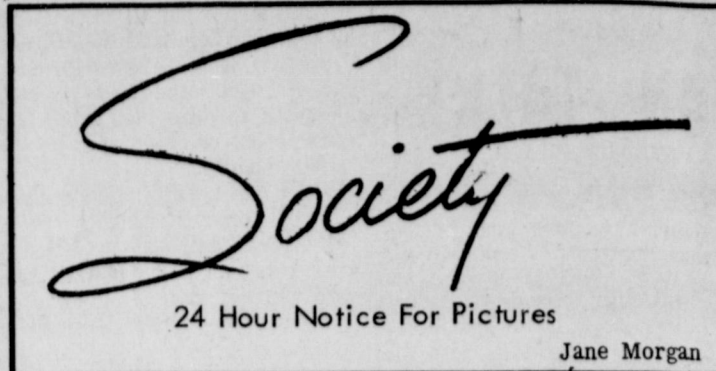

Hospitality Time was hosted by Hale Center and Petersburg Chapters.

The School was called to order by Mrs. Bobbie Marshall, Hale Center, Deputy Grand Matron for District Two, Section Three. A beautiful drill by the Worthy Matrons and Associate Matrons of the hostess chapters was enjoyed. Mrs. Glenn Lust, Worthy Matron of Muleshoe Chapter No. 792, and Mrs. Wyle Bullock, Associate Matron and Patron, Mr. and Mrs. Elbert Nowell, Past Matron and Past Patron, and Mrs. John Farley, C.E. Layne and Frank Hinkson, Past Matrons.

"B" Certificates were received by: Mrs. Owen Jones; Mrs. Raymond Treider, Jr., Mrs. Very Clay and Mrs. Wilford Boren.

Members of Muleshoe Chapter receiving "A" Certificates were: Mr. and Mrs. Glenn Lust, Worthy Matron and Worthy Patron; Mr. and Mrs. Wyle Bullock, Associate Matron and Patron; Mr. and Mrs. Elbert Nowell, Past Matron and Past Patron; and Mrs. John Farley, C.E. Layne and Frank Hinkson, Past Matrons.

"Notes of Love" luncheon was served at the Alcove, and the afternoon session was a continuation of the study of the Ritual and Constitution. "Spring Rhapsody" banquet was served at the Holiday Inn, and the evening session was the Fraternal visit of the Worthy Grand Matron.

Log Cabin Loses Square Nails

Mabel Caldwell and three Hobby Club members, Allie Snyder, Levina Pitts, and Mae Henderson went to see Altha Hands at Voca, Texas, and came home bearing treasures for their collections. Altha Hands is a former Muleshoe Hobby Clubber. Allie Barber accompanied them to Big Springs, March 23, and visited the Walter Wittes, returning home with the group,

Wednesday night, March 25. Mrs. Caldwell writes: "While at Altha's, they went on several bottle hunts, and two rock hunts, one of which was on the Hanks ranch. Several specimens of fossil rock were found. They got some square nails from an old log cabin near there.

The Hanks were selling sheep, Tuesday. They also raise hogs and cows. They have deer on their place. The river was up, and all the creeks and springs were running. The grass was so green, and the ever greens and live oak were beautiful, as well as the different flowers and bluebonnets in bloom.

It's truly a beautiful sight to drive over the country side and see the deer and wild turkeys.

Altha has a pretty new home and was a wonderful hostess."

Addio, Needmore! Benvenuto, Napoli!

Captain Walter Arch Gammons, U.S. Army, expects to reinforce the Texas population of Naples, Italy, by three Needmore residents around the middle of April. Mr. and Mrs. G.G. Young will dock April 17, aboard the Italian Liner "Biglietto Di Passeggio", which sounded a very impressive ship name, until a fast check of an Italian dictionary revealed it means "round-trip ticket". Mulling the peculiarity over, Mrs. Young decided there is little security in THIS! Joining her son and the Youngs, later, will be Mrs. Lola Gammons.

Mrs. Gammons will embark at Naples airport, after a six hour flight, a few days after the Youngs arrival. Illness of a relative prevents her accompanying the Youngs. They will leave by car April 3, spending two nights in New Lexington, Ohio, with Mrs. Young's sister, Mrs. Dorothy Howert, Mrs. Young grew up in this city. They will visit Mrs. Eva Lorentz, an old friend, in Columbus, Ohio, who plans to drive them to New York, to wish them bon voyage. Booking calls for no stops

Muleshoe Study Club

"O, Lord, Thou givest everything at the price of an effort." Payers of the "price" opened another meeting, governed by recognition through prayer of source, the goal, and the cost of human "keeping".

Conservation is the program that brought the Muleshoe Study Club to order, by Mrs. Horace Blackburn, President, Thursday, March 26, at 4 p.m. in the community room of the Production Credit Association. As usual, followed "Salute to the Flag". To eyes tired of watching it torn down and dirtied, almost daily, by a few, Mrs. Kathryn Cole, reporting for her group, generated some shock waves by reminding respect for the Flag, is "usual". Next, came recitation of the "Club Collect", by Verda Nell Arnn; then the roll call with each member responding with "Things I would like to see conserved in Bailey County".

Rev. Walter M. Bartholf, Chairman of the Parks and Recreation Board, spoke on one of two aspects of "conservation" dominating the attention of members, development of the Muleshoe city park. He recalled the effort involved to get the community to set aside 109.4 acres of land for this purpose, opposed by some, approved by more. A map was given for study to the club, and plans outlined for development of this recrea-

tional area. It was recalled 35 members started this park project from scratch, and will continue work to make it a public reality.

A film concerned with preservation of the Big Thicket, unique to Texas, consisting of four slides and taped commentary, was viewed and discussed. Appropriately, conservation of the Big Thicket, threatened with extinction by human encroachment, and building of a city park, now in conception, melded past and future into present need for thought and action.

A continuing attack on human life and health by disease, Rubella, was offered resistance by a donation of \$25.00 to the immunization effort carried forth by many organizations and private individuals.

In connection with the financial support granted by the Texas Fine Arts Commission for the appearance of the Amarillo Symphony in Muleshoe, the Study Club considered new appointments announced in "Artifacts". This is the official newsletter of the Texas Fine Arts Commission, which recently approved \$692.25 in State funds towards cost of a scheduled "Pops" concert. Ticket sales by the co-sponsors, AAUW, Business Activities Committee, Muleshoe Chamber of Commerce, and ESA Sorority will necessarily defray the further expense of bringing the symphony to Muleshoe.

Hostesses for the meeting were Mrs. S.L. Splawn and Mrs. Cecil Cole.

Guests were Rev. Bartholf, Mrs. Jack Rennels, and Mrs. Ralph Douglas. Members present were Mrs. W.T. Andrews, Mrs. Walter Bartholf, Mrs. Horace Blackburn, Mrs. Les Bruns, Mrs. Joe Costen, Mrs. Rufus Gilbreath, Mrs. Waid Griffin, Mrs. R.O. Gregory, Mrs. Levina Pitts, Mrs. Jewel Griffith, Mrs. Doyle Turner, Mrs. Mervin Wilterding, Mrs. R.F. Wright, Mrs. Wilson Witherspoon, Mrs. S.L. Splawn, Mrs. Cecil Cole.

Next meeting will be an all day workshop, Wednesday, April 8, for the training of officers for the next year, at the home of Mrs. R.O. Gregory. The district chairman of the Texas Heritage Commission is expected to attend.

Wingos Wend Home

Beryl and Pet Wingo had a family house party at 519 West 9th, lasting from Thursday night to Monday morning. All of their children and families came home except Jim whose work in Richardson, did not permit him to make the trip.

Mr. and Mrs. Kenneth Anderson, Suzanna, Dirk, and Melissa of Corona, N.M. arrived Thursday night; Mr. and Mrs. Bob Wingo, of Levelland, along with Bobby and Kim, were present Saturday and Sunday. Mr. and Mrs. Jimmy Lane, Arlington, visited Jimmy's parents, the V.A. Lanes, Saturday, in Lubbock, and were in Muleshoe for the night and Sunday, with their Tammy. Jimmy had to return to Arlington, Sunday, but Sandra, his wife, and Tammy stayed over until Monday morning.

During Sunday, the Jack Lane family who live in the Muleshoe area, joined the party with their children in a visit with the pater familia's brother, Jimmy, and the others.

Baby Lingerie Shower Honorees

Friends and colleagues of Mrs. Dick Johnson and Mrs. Marshall Lee whipped up a baby lingerie shower Monday evening at 8:30, without a sign of post holiday cum Monday syndrome. The idea spread among employees at the First National Bank, and 30 or more attended the informal function in the home of Mrs. Delbert Spraberry, 222 East Cedar Street.

Punch and cake were served from a table decorated with a white and yellow flower arrangement.

Jaycee-ette Banquet

Mrs. John Blackwell reports the Jaycee-ettes' banquet has been scheduled for the evening of Friday April 3, 8 p.m., at Leal's. This is for members, only.

Installation of new officers and recognition of the outstanding Jaycee-ette will comprise the program. The Jaycee-ette of the year is selected by secret ballot, and announcement is reserved until the banquet. Tentative acceptance of an invitation to attend has been received from Dick Lyons, State Director of the Jaycees, of Plainview, and Mrs. Edith Stanley, State Vice-President, of Borger.

Mr. and Mrs. Bill Bell had friends with them for dinner Easter Sunday. Present were Mr. and Mrs. Mack Reed, Mr. and Mrs. Martel LeVeque and children, of Olton, their parents, Mr. and Mrs. Wilber LeVeque, Muleshoe. The LeVeques were unable to attend the funeral in Springfield, Colo. of Scott Riley, son-in-law of Mrs. Maurine Hatchett, due to the blizzard.

Amarillo Choir Folk Musical

The Youth Choir from the Eastridge Baptist Church of Amarillo will present "Purpose", a folk musical at the Trinity Baptist Church April 5, at 7:30 p.m.

This choir is under the direction of Mrs. Troy Walker. "Purpose" is a Broadman Press release written by J. Phillip Longrave. This is the second contemporary musical for youth released by Broadman Press.

In this changing world we are now living in, many things are different, but the message Christ has for the world is the same. The only part that is changing is the way we present that message. Purpose offers a unique way of presenting to young and old alike some of the basic principles presented in God's Word.

Do you have a purpose for life? You know, there really is none, except in the God who created us within his purpose, and he has a purpose for your life.

We extend an invitation to all of you to come and worship with us in the presentation of this Folk Musical.

Vinson Family Motorcyclists

Bessie Vinson was grinning with a grimace of pain, as she limped around tables carrying spudnuts and such. She has a broken toe, the worse from a tangle with a motorcycle spoke, last Sunday. That is one of the hazards of bike riding over sandhills.

Her regulars were surprised to learn the Vinson family comprise a Sunday motorcycle club. They roar to sandhill challenges every weekend, weather permitting, and pit their wits against machine and fine grind. The brave ones are: B.C., Dolores and Lettie Vinson, Butch, Ann, and Billy Dan Vinson, Buria, Linda, Ray and Jeff Vinson, Shorty, Jessie, Tina and Tammy Vinson.

Questioned as to how her toe got in the spoke, Bessie said she had not been able to figure that one out, yet, "I just headed up a big dune and got dumped."

Grandson Visits

Lighting up Easter celebration was new grandson, Darren, 11 months old, who visited Mr. and Mrs. Roger Albertson. He is the son of Mr. and Mrs. Gary Albertson of Kirksville, Mo., who accompanied him. The Gary Albertsons also visited Mrs. Loraine Gallman, Lazbuddie, the maternal grandmother. Arriving in Texas on Tuesday, they returned to Missouri, Thursday.

SEYMORES ESCAPE STORM

The Melvin Seymores and family were ahead of the storm game when they beat it to Greenwood for the holiday, basking around the fireplace, and looking at the choppy lake water that kept fish safe from their hooks. They left just before the storm, and reached home around 3 a.m., Tuesday morning.

Delbert Bradly Writes From Guyana Church of Christ

Muleshoe Church of Christ members were given a report from the Delbert Bradley family on their work in Guyana. Bradley is the brother of R.A. Bradley of Muleshoe.

It reads: "The Church, here in Georgetown, obtained and paid for twenty pews that will seat a total of approximately one hundred people. The pews were made by members of the congregation. Brother and sister Raymond Chapman of Kenai, Alaska, forwarded us a check for \$125 that will permit us to purchase fifty folding chairs to be used in our class rooms. Bro. Maurice Stewart arrived safely in the States and has begun his two years of study at Sunset, Bro. John Pantlitz, a second denominational preacher that has been converted, shared with us the news that he had taught and baptized seven adults of the congregation that he is presently preaching for in the Southern part of Guyana. Regular support for Bro. Pantlitz has not, as of this writing been produced. In His Service, Delbert and Carl Bradley"

On April 9, 10, and 11 there will be a Symposium on Child Care and Development at the Broadway Church of Christ in Lubbock. This program will feature some outstanding theme speeches. . . and also will have over 30 workshops and panel sessions. The program will deal with such subjects as "The Modern Family,"

SURE THIS ISN'T HOSS CARTWRIGHT, SHELLY?....If he didn't jump out of a TV screen, Sunday night, Shelly Seay won him at the Easter Egg Hunt at U-Bar Field for a grand prize egg. He is four feet tall for a five and one half year old girl. Harvey Bass contributed Hoss Rabbit for a prize winner. Shelly is the daughter of Mr. and Mrs. Duane Seay.

"Teenagers and Drugs" . . . homeless children, and much and many other topics. Some of it will relate to all of us these will relate to the care of who have children.

THE FAMILY LAWYER

"Ify" Marriage

"I do love you enough to get married," said the young man to his girl friend, "but frankly I don't care for the financial burdens that go with it. Suppose we make an agreement that your father will continue to be responsible for all your expenses after the wedding." The girl and her father promptly agreed to this arrangement, and the wedding bells rang out. For a time, she was content to receive regular checks from her father.

But when the bloom of love began to fade, she decided that—despite the premarital agreement—her husband would have to start supporting her himself.

said a husband's duty of support is an inherent part of the marriage relationship. Not even by a premarital agreement, said the judge, may a husband escape an obligation that is imposed by law.

True, the law does allow some "ifs" in the marriage contract. As to matters less basic than support, the bride and bridegroom may indeed enter into a premarital agreement that will be binding. For example:

A widower, planning to remarry, obtained an agreement from his fiancée that in case he died, certain property would go to the children of his first marriage.

After he died a few years later, the second wife tried to back out of her agreement. However, a court held it binding, seeing no reason to let her out of a contract "understandingly and voluntarily entered into."

But a premarital agreement will not stand up if it is not "understandingly" entered into. The woman is entitled to know, before putting her name on the dotted line, the essential facts of her prospective husband's financial condition. In one case, a man induced his fiancée to sign away certain inheritance rights in his estate. She did so after being told that he was worth about \$100,000. In reality, however, he was worth more than \$500,000.

Result: a court held afterward that she was not bound by the agreement. The judge said she could not have "understandingly" agreed to give up potential rights of which she was not even aware.

WASHINGTON NOTES

INQUIRY INTO CRIME

Representative Claude Pepper, Democrat of Florida, said recently a panel he heads planned a broad investigation of organized crime this year and would hire extra investigators to set up a special "organized crime unit." Hearings would be held throughout the country.

ENVOY TO MOROCCO

President Nixon has nominated Stuart W. Rockwell, a career diplomat, to be the new United States Ambassador to Morocco. Mr. Rockwell, who is 53 years old, has been Deputy Assistant Secretary of State for Near Eastern and South Asian affairs since 1966.

MISSING IN SERVICE

State Department officials have reported about 150 U.S. military personnel (mostly airmen) are missing or captured in Laos. There were 1,406 Americans named on a list of captured and missing American personnel in Southeast Asia which was handed to the North Vietnamese December 31st.

WORKING WOMEN

The government reports that 31.4 million women were working by the end of 1969. They made up 38.5 per cent of the nation's labor force. The Women's Bureau in the Labor Department attributed the rise in female employment to women outnumbering men and lower barriers to female employment.

PRISON REFORMS

Chief Justice Warren E. Burger has urged that the states develop simple methods for hearing "promptly, fully and fairly" the grievances of prisoners. The Chief Justice said such a step would reduce the flood of state cases coming to Federal courts and the "unhappy tensions" they cause.

ON MEDICARE COST

Senator Russell B. Long (D-La.) has estimated that one part of the medicare program for the next 25 years will cost \$131 billion more than originally forecast. The chairman of the Senate Finance Committee told reporters he hoped Congress could enact some control measures on costs.

PARTY COUNCIL SUMMONED

The Democratic Party Council was summoned into session recently to act on a series of broad domestic and foreign policy statements including a call for total U.S. withdrawal from Vietnam within 18 months. The council meeting was held after congressional Democrats

presented a nationally televised view of the state of the nation, an equal-time reply to Nixon's State of the Union message.

O'BRIEN & DEMOCRATS

Lawrence F. O'Brien, considered the Democrats' top professional, is reportedly under pressure from Hubert Humphrey and other influential members to return as the party's national chairman. O'Brien, who retired to private life, made no immediate comment.

SEEKING NEW BILL

House lawmakers have begun work on a new education and welfare money bill after the House voted to sustain President Nixon's veto. It was reported the White House would accept increases totaling \$448 million over the President's request.

ON POSTAL UNION BACKING

President Nixon's postal corporation plan has won postal union backing—contingent on an ironclad raise agreement in return. Rep. Morris K. Udall, D-Ariz., who has been trying to work out a compromise among the unions, the White House and congressional opponents, says it may take another month to write a bill acceptable to all parties.

INFLATION SLOWDOWN?

Rising prices will slow their increase this year as the government's anti-inflation program takes hold, President Nixon's chief economics adviser has

predicted. Paul W. McCracken, chairman of the Council of Economic Advisers, said the year would probably end with prices rising at a 3.5 per cent annual rate.

PANEL ASKS \$246,000

Senator George S. McGovern (D-SD) has asked for a \$246,000 budget for his Select Committee on Nutrition and Human Needs during the next year. The request came in a resolution sent to the Senate Rules Committee.

A NATIONAL LOTTERY?

A New Hampshire congressman whose state sponsors a sweepstakes, says a national lottery could drain off money now being pumped into organized crime's treasury. Rep. Louis C. Wyman, said he is studying the feasibility of a federally sanctioned numbers drawing.

WARNS OF GAS SHORTAGE

John N. Nassikas, chairman of the Federal Power Commission, said there were indications a natural gas shortage was developing in the nation. He reports that natural gas pipeline distributors in many parts of the country might not be able to meet the demand for gas next winter.

Obituaries

Walter Kemp

Walter A. Kemp, 80, died at 5:15 a.m. Tuesday, March 31 in West Plains Memorial Hospital in Muleshoe. He was a resident of Farwell, moving there six years ago from Muleshoe. Kemp had lived in the Muleshoe area since 1929 and was a retired farmer. He was born May 19, 1889 in Hill Co., Tex. He was a member of the First Methodist Church of Far-

In Case of Fire

If you smell smoke at night, don't rush from your bedroom to investigate, warns the Texas Safety Association.

Place your palm high against the bedroom door. If it's hot, don't open it. The hall outside is a deadly trap of superheated air and gas and can kill almost instantly.

If the door doesn't feel hot, brace your body against the door and open it a crack, ready to shut it if there's air pressure or the draft feels hot.

Get members of the family to safety quickly and don't waste time getting dressed or picking up valuables, urges TSA.

Ask Amy

BY AMY ADAMS

KISSIN' IS THE QUESTION

Dear Amy: Are we supposed to kiss our 2nd cousins? Guy kiss gal and vice versa?

Wondering

Dear Wondering: If your family greets each other with a kiss, you may do so also. A girl, however, makes the first overture to kiss a fella-cousin... not vice versa.

Dear Amy: I enjoy your column but never have I seen a problem like mine. I'm considered by my friends as an ambitious, funny, cute bubbly kid. I have lots of friends and never have any problems communicating. That's one of my best assets!

Well anyway, I have problems like everyone else but I take them in stride, but there's one I can't take in stride: Have boys lost interest in the good girls or is that "squirish"? I've been brought up strict and considered by adults as a clean, cute kid, but today's high school boys ignore these girls!

There are so many boys who started liking me but then turned off when they realized I was a good girl. But believe me, I'm no prude!

As a teenager, when boys don't ask you out, you're defeated before you start. I am really getting frustrated.

Can you help me? My mom is puzzled, too!

Mixed Up

Dear Mixed Up: This generation of boys is no different than they were in my day. They may take up with girls who are "easy pickins'" for a while but they usually come back to girls like you after they have had their fill of the other kind.

Believe it or not, there are fellas around who are as selective as you are. Be patient. If you don't find them, they'll find you.

PERSONAL TO C.K. (La Grange, Ill.):

Please send me your name and address. I would rather "explain" your inquiry in a personal letter.

Address all letters to: AMY ADAMS c/o THIS NEWSPAPER

For a personal reply enclose a stamped, self-addressed envelope.

I read the letter you printed from "B.E.H." I don't know if it was meant for me but I do know it helped me (and many others in my position) to realize what I was doing to these women and the children.

I want to thank you. I was torn between my love and my family who interfered because they thought I didn't know what I was doing. I went to the lawyer's the same day and started the divorce action. Since then, I feel more relaxed and more at ease and I know there won't be the hurt that was there before.

COMMITTEE ON ARMED SERVICES

OUR POSTAL SYSTEM

Our postal system is in dire difficulty. The recent wildcat strikes by employes of some postal facilities around the nation have served to point up one of the problems, that of keeping pay scales in line with the cost of living. But this is only one of the problems. Our postal system has been fighting the squeeze between increased costs and increased work load for many years. Even with the best available management procedures and the complete cooperation of postal employes, our mail system has not been able to fulfill all the demands we have made upon it for improved service. Postal rates have been forced up.

Congress and the Administration have been working in attempts to alleviate much of the difficulty which plagues our mails.

The Administration recommended early last year that Congress establish an independent federally-owned corporation to take over the responsibilities of the Post Office Department. The corporation concept was put forward in 1968 by the Committee for Postal Organization under the leadership of Frederick R. Kappel, retired chairman of the board for American Telephone and Telegraph Company. The corporation concept would take the Post Office Department completely out of politics. The new federal corporation would utilize modern business management techniques and provide for continuity of management and improved financing.

The aim of this plan would be to eliminate the substantial postal deficit and to improve service. The administration bill is in competition with several other postal reform proposals which have been put forward in Congress. These have been debated at length in the Post

Office Committees of both the House and the Senate.

The plan that has proceeded furthest to date is one which would establish a "Postal Authority" and while it is not exactly what was recommended by the administration, it does embody some of the administration's recommendations. This bill has been approved by the House Post Office and Civil Service Committee, but has not yet come up for action by the whole House.

I am looking forward to recommendations which will be forthcoming from the Senate committee in this area and plan to review the committee recommendations fully.

Meanwhile, a Federal Salary Comparability Act, including a pay raise for postal employes, has been passed by both the Senate and the House. The differences between the House and Senate versions of the bill, however, were considerable. A conference committee met at midweek to begin to work out those differences.

I believe it regrettable that the President was forced early this past week to call upon members of the Armed Services in an effort to get the mail moving again. This was an unprecedented action forced by an unprecedented situation. This nation has not previously seen a mail strike. The President had to do something. There seemed no alternative. I have commended him for showing restraint in taking only those steps which have been absolutely necessary in the face of national crisis.

I am proud, and I believe all Texans should be equally proud, that postal employes in our home state have acted so responsibly in this matter. Their wage rates are the same as those in other parts of the country who stayed away from their jobs. We can be sure that the postal employes in Texas who have continued to meet their daily responsibilities to the public by staying on the job are as frustrated as those in other parts of the country who have not. In Texas, we owe our working mailmen a debt of gratitude.

Dear Editor

Dear Editor:

We were stranded recently in the storm in Muleshoe, Texas.

We had taken a group of 25 young people to Lubbock, Texas to the Foursquare Church Missionary Youth Rally.

Patrolman Forest Williams and Mr. Neil Pierce were so gracious to take us to the Bailey County Courthouse. They gave us accommodations in the basement with mattresses and blankets, then Mrs. Melba Cunningham made calls to Santa Fe and Albuquerque, New Mexico to the kids parents of our being stranded. Mr. Pete Black, deputy sheriff, helped us start our bus the next morning.

We do appreciate the consideration we have received. Such kindness cannot be bought with a price. Our hopes and prayers are that our God will bless these very kind people, we need more people like this. So much has been said about police brutality but little is said about these kinds of kindness. We want to thank these fine people.

Q--I am a member of the Army Reserves, and was required to serve six months on active duty. Does this give me eligibility for schooling under the G.I. Bill?

A--No. Six-month enlistees under the reserve program are not entitled to educational assistance.

Q--Where may I obtain a record of discharge of a man who was in the Navy during the years 1915 to 1918?

A--You might write to the Officer in Charge, Discharged Enlisted Personnel Records Branch, U.S. Naval Records Management Center, 9700 Page Boulevard, St. Louis, Mo. 63132.

Q--My wife and I have a joint bank account. Do I have to report the total interest received on this account to the Veterans Administration as part of my income on the annual income questionnaire?

A--No. Since it is a joint income, you should report only your half of the interest on the questionnaire. If you are drawing pension under the new pension law, both you and your wife should each report half the interest in the appropriate column provided.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. -- New programs are in the works for job training and computerizing data on the industrial advantages offered by Texas communities. Texas Industrial Commission announced its computer project will go into operation this summer with completion of data storage on cities across the state. Texas Municipal League, Chambers of Commerce and industrial developers are cooperating.

Commission plans to provide prospective industries with instant information on every town in Texas, listing natural and human resources available, economic potential and strong points in each place.

Program also is designed to show communities which industries most likely would be interested in their attractions. Meanwhile, a three-year project to develop industry's ability to determine what training is needed and where was announced at the Governor's Conference on Technical-Vocational Education here.

Construction Industry Council for Education, Manpower and Research will receive \$90,000 from Texas Education Agency to help other industries plan training based on families, occupations or employment. Council will use the system to develop an environmental technology program expected to enroll between 9,000 and 10,000 students in 1972. Students will get an introduction to the industries in the ninth grade, study plumbing basics in the tenth grade, heating and cooling in the eleventh. In their senior year, they will select jobs for part-time supervised training. After high school, they can go directly to work in a trade or take advanced training in technology or engineering. Industry and education agencies cooperate in offering the training.

APPOINTMENTS ANNOUNCED
Office A. Green, Lubbock public relations man, became executive administrative assistant to Gov. Preston Smith with designation of the governor's longtime top aid, Harold K. Dudley, as director of the state drug control program.

Smith also made these recent appointments:
State Board of Men's Health and Mental Retardation -- Bernie E. Rushing Jr. of Lubbock to succeed Elbert Hall of Abilene, resigned.

Special assistant on Mexican-American affairs -- Humberto Aguirre, formerly of Ozona, Langtry and Del Rio.

Committee on Pre-school Education Standards -- Mrs. George S. Hawn of Port Aransas, Dr. Kate Bell of Houston and Mrs. Jeannette B. Watson of Austin.

Texas State Board of Public Accountancy -- Wever P. Leigh of Houston.

Board of Managers, Texas State Railroad -- Wayne C. Sellers of Palestine.

Chairman of Committee on Children and Youth -- Walter H. Richter of Austin.

Tuberculosis Advisory Committee -- Dr. David McCullough of San Antonio, L. J. Whetsell of Houston, Dr. John Steward Chapman of Dallas and T. H. Morrison Jr. of Harlingen (re-appointment).

AIR BOARD - AG CLASH
Texas Air Control Board has accused the attorney general's office of demanding too much evidence before it will take pollution cases to court.

"You shouldn't have to kill anybody to get prosecution," emphasized Dr. Wendell H. Hamrick, Houston member of the Board. "I don't see how we can ever get any prosecution under conditions set out by the attorney general."

Protest broke open a long-standing conflict between the Board and state lawyers over

ICE PACKED HIGHWAY CAUSES TROUBLE--Motorists found themselves unprepared for the icy, snowpacked highways pictured here in front of two stranded vehicles. The Friday night storm left hundreds of motorists and passengers stranded throughout the area, many of them caught without coats or adequate clothing for the ice and snow.

Next group, population wise, was led by Rains County, followed closely by Stonewall, Shackelford, Bandera, Zapata, Menard, Dickens, Mills, Coke, and Jim Hogg.

CLUB LICENSE THREATENED
With some private clubs late in paying the new five-cents-a-drink state service tax or under-paying, Alcoholic Beverage Commission threatened license suspensions or cancellations for the offenders.

New tax produced only \$1.6 million in the first five months. Comptroller Robert S. Calvert had estimated it would raise \$13 million from last October through August, 1971, but indications are that it will bring in only \$8 million at the present rate.

Acting ABC Administrator Kenneth Cook figured collections of the service tax are about a third behind original estimates.

1970 HIGHWAY MAPS OUT
New highway maps began rolling off the presses last week.

This year's colorful map features "Texas Travel Trails". Cover photo shows a portion of Transmountain Loop in El Paso, starting point of the scenic Mountain Trail. Major additions include more than 100 miles of interstate highway system recently completed. Conversion table (for kilometers into miles and liters into gallons) benefits Latin American visitors.

More than 500,000 copies have been printed, with a million more to be run off during the year. They can be obtained through Highway Department Travel and Information Division, Austin, 78703.

SALES TAX INCOME UP
More than 400 cities--ranging from the largest to among the smallest which levy municipal sales tax--received more than \$116.4 million from the source last year.

One percent local option levy yielded \$34 million for the last quarter of 1969 alone. Inclusion of alcoholic beverages under the sales tax base is expected to bring in even more for cities this year. Take ranged for the quarter from Houston's \$7.4 million to Liverpool's \$87.21.

SHORT SNORTS
National Aeronautics and Space Administration will provide the state data from its aircraft and satellites to deal with pollution problems and natural resource preservation.

An Office of Child Development grant of \$96,014 has been approved for Robertson County, Hearne, economic opportunities advancement unit.

No cases of psoroptic scabies were reported in Texas in February, according to the latest report of the State Animal Health Commission, but animal health officials started a complete inspection of feedlots in Castro County, where the state's last outbreak of the disease occurred in December.

Governor Smith urged the newly organized Mass Transportation Commission to pay special attention to the needs of the old, poor and handicapped

lion more to be run off during the year. They can be obtained through Highway Department Travel and Information Division, Austin, 78703.

Governor Smith urged the newly organized Mass Transportation Commission to pay special attention to the needs of the old, poor and handicapped

who are not able to drive. Interscholastic League Press Conference named Mrs. Elaine H. Pritchett of Houston's Memorial High School as the outstanding journalism teacher in Texas.

A tri-county study of potable water made by the State Health Department and the U.S. Public Health Service shows six per cent of the 1,955,000 persons living in Chambers, Galveston and Harris counties are being served "poor quality" water.

State Banking Commission approved applications of Bi-County Bank of Alief, Mont Belvieu State Bank, Spring Woods Bank of Houston and Union State Bank of Beaumont, but rejected applications of West Chambers County Bank of Mont Belvieu, Bank of Duncanville, Meadowbrook Bank of Dallas, Intercontinental Airport Bank of Houston and Community Bank of Texas City.

Associated Milk Producers of Texas had enjoined the Animal Health Commission from allowing cattle to enter Texas from Mexico without a tuberculosis test.

Criminal Justice Council has approved eight applications totalling \$65,176 for drug abuse education, law enforcement communications, probation services and police training.

Governor Smith announced a \$71,000 federal grant to establish a Medical Advisory Board for Driver Licensing, to bring Texas into compliance with the Federal Highway Safety Act of 1966.
