Ozona-Big Lake In Cage Championship Decider Fri. Night

Win Could Give Lions Crown, Loss No Worse Than a Tie

By Ernie Boyd

The Ozona Lions will travel to Big Lake Friday night for a game that will give the Lions outright possession of the district title should they win or throw the district into a tie and call for a Saturday playoff should they lose.

The Owls got a 22-point performance from Finn Watkins Tuesday night to down the Sonora Broncos rather handily and set the stage for the final showdown.

The Lions claimed half the district title last Friday night when they outshot the Sonora Broncos and the flu 55 to 40.

The Lions got hot shooting from Hal Long who hit for 18 points and fine play from Carl Montgomery, Van Miller and guards Pete Montgomery and Phil Carnes to get a part of the first title for the Lions since 1957.

The Lions were really never in much trouble as they jumped into a quick lead and after the middle of the second quarter were never less than 9 points ahead.

The Lions, after building up a 17 point lead mid-way of the third quarter, saw Primo Gonzales put on an outside shooting exhibition but the Lions shifted to a man for man defense and quickly halted Gonzales' streak and zoomed back to a 15 point cushion on three quick buckets by Van Miller, who had been ailing and on the bench much of the contest.

The Ozona B team downed the Sonora B as Leroy Cooper, Scott Mahon and Brent Moore led the way and the Ozona freshmen rode the hot shooting of Aaron Shackelford to complete the sweep.

The Lions, with a 7 and 0 record, hold the lone decision that any district member has managed to get over Ken William's Owls during the district chase and that was a come-from-behind 47 to 46 win here in Ozona at the end of the first round of play.

Robbery Wanted For Sheriff Arrested By Crockett Co. Sheriff

Sheriff Billy Mills of Crockett County arrested three men and a woman at Lock's liquor store east of Ozona early this week and held them for Sonora officers on suspicion of robbery. Later investigation indicated the four were traveling in a car stolen in Georgia.

The men had threatened a rancher east of Sonora when he surprised them in the act of pilfering from his pickup, parked near the highway. The rancher, after escaping from the men, notified Sutton county officers.

When Sheriff Mills arrived at Lock's the three men and woman were just getting into their car after attempting to force an entry into the liquor store. They had asked Claude Ward at the station for gasoline and after promising to give them the gasoline, Ward caught them off guard and slammed and locked the door to the place. They had hammered on the door for some time before giving up and had just gotten in their car when Sheriff Mills arrived. They had stolen two guns from the rancher's pickup. One of these Sheriff Mills found but the other was hidden under a man's jacket in the back seat. The Crockett sheriff gave one of the men a cigarette from his own pack when the man asked several times to get a cigarette from the jacket.

The hidden gun was loaded, the sheriff said. Sutton county officers arrived after a few minutes and took charge of the suspects.

Dist. Champ Girl Cagers Wait For Bi-Dist. Opponents

Name Captains; Three Are Chosen On All District Team

By Ernie Boyd

Coach Roger Gotcher and his district 8-A girls basketball champions were idle this week awaiting the results of the District 7-A race and a match with that champion for the bi-district title.

The squad elected Janie Lara who has lettered four years at forward, and Glenda Friend a three-year regular at guard, as their 1961-62 captains.

The Ozona team compiled an 18 won and 5 lost record during this season's play and averaged 47 points a game in compiling the best season enjoyed by an Ozona girl's basketball team in modern history.

The team received further honors Tuesday night in Junction when Janie Lara and Beverly Alford were chosen all-district forwards and Glenda Friend was chosen for the second year as an all-district guard.

Two other Ozona girls were chosen on the alternate team. They were Don Nell Carnes, a forward and Pauline Maness, a guard.

In winning the district title this season the Ozona girls won over Eldorado both at home and on the road and defeated Junction in Ozona after having dropped a game to the Junction fens in Junctions earlier.

Tuesday night the Junction girls downed the Eldorado team in Junction to claim second place with a 2 and 2 mark, leaving Eldorado in the cellar with a 1 and 3 mark. The Eldorado team was the bi-district champion last year.

The rather prolonged layoff by the Ozona team was occasioned by the small number of teams competing for the title as compared to other districts where championship play is still under way.

Report Screwworm Outbreaks

County Attorney Suffers Loss Of Hand In Accident

Shotgun Accidentally Discharges While Cleaning Gun

Dixon Mahon, Crockett county attorney, suffered the loss of his left hand above the wrist as the result of a gun accident at his home here Saturday.

Mr. Mahon was taken to a San Angelo hospital following the accident and the mangled hand was amputated by San Angelo surgeons.

The accident occurred shortly before noon Saturday in a small tool house at the rear of the Mahon residence in west Ozona. Mr. Mahon had recently purchased a new shotgun and had been trying it out in a pasture west of Ozona during the morning. Returning to the house, he was preparing to clean a rifle after placing the new shotgun on a workbench. In some manner, Mr. Mahon got overbalanced and in attempting to steady himself, caught with his left hand on the workbench. His hand landed on the gun muzzle and the jar in some manner discharged the weapon.

Given first aid treatment at the Crockett County Hospital, the attorney was rushed to San Angelo for further surgery. He has recovered sufficiently to be brought back to Ozona and is now recovering in the local hospital.

Screwworm Fly On Way Out; Ozona Pair At Kickoff

Eradication Program Is Launched Wednesday; Maintain Barrier

Two men who led in the Crockett County successful solicitation for funds for the eradication of the screwworm fly were present in Austin yesterday when it was announced that the eradication program is definitely under way and that with luck and sufficient funds, the insect pest which costs southwest stockmen an estimated hundred million dollars a year will be eliminated this year.

Joe Tom Davidson, vice chairman of the Crockett county committee which raised \$34,288.70 of voluntary gifts from livestock producers in the county, and County Agent Pete Jacoby, a coordinator of the countywide campaign, attended the meeting called by the Southwest Animal Health Research Foundation in Austin Wednesday to receive final reports from county organizations and to launch the screwworm fly eradication program.

"There is an excellent chance you won't have to doctor a ny screwworm cases in Texas this year," was the heartening announcement of C. G. Scruggs of Dallas, Foundation president. "But don't throw away your smears and sprayers yet."

The program began Wednesday with release of two million laboratory sterilized flies over Hays, Webb and Zapata counties. Facilities of the USDA entomology lab near Kerrville are being used to produce the flies, which are to be dropped principally along the border to form a living barrier against invasion of flies from extreme south Texas and Mexico, where they were pushed back by low temperatures this winter. Laboratory facilities are to be enlarged at Kerrville and additional facilities are being planned to expand the operation to a possible 50 (Continued on Page Six)

For 32 salaried employees of the Ford Motor Company, an investment in their company is paying off big. Six years ago, the employees signed up for a stock and savings program and put in \$9,700,000 of their own cash. Ford added half as much. Then the whole was invested in Ford stock and government bonds. Today, the investment totals \$32,900,000.

As for the hourly workers their unions rejected the plan in 1955.

OURS NOT TO REASON WHY

Just before Congress decided to abandon the ramparts for a week to honor the memory of Abraham Lincoln, the House Ways and Means Committee voted to lift the temporary debt ceiling another two billion to make it an even \$300 billion.

This brings the legal limit on borrowing back up to the all-time high achieved during World War II. It seems superfluous to mention that it is temporary — and impolite to cast aspersions at that balanced budget.

CONGRESSMAN BRUCE ALGER (R) TEXAS: —

"The President asked Congress this week for \$100 million to buy United Nations bonds. Inasmuch as I have introduced a resolution demanding that the United States withdraw from the UN, I am in complete disagreement with any further subsidy to that organization. Any earlier hope on our part that the UN would keep peace in the world has long been shattered by a union of nations that seems more bent on destroying freedom and the United States as the leader

of the free world, than for any other purpose. A review of recent actions of the UN and a simple recitation of the anti-US actions over the years and the subservience to the Soviet Union is enough to prove to my satisfaction membership in and subsidy for the United Nations is not in the self-interest of our own Nation."

Pecos River Bed Land Brings \$821 Per Acre Lease Bonus To State

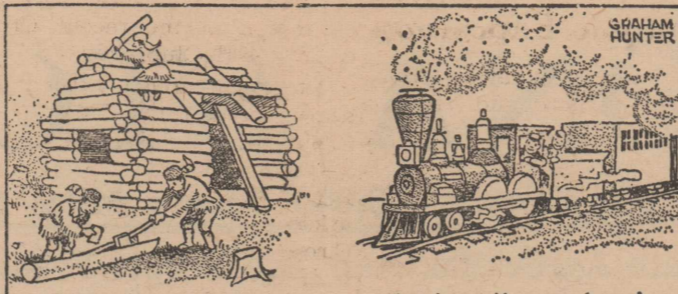

Forest Oil Corp. paid \$164,333 bonus on a 200 acre lease in the bed of the Pecos River in Crockett county at last week's auction of state school lands on high cash bonus bids, staged by Land Commissioner Jerry Sadler.

The bonus, more than \$821 per acre, was higher than the per acre price of the same company's top bid of the sale, \$518,888 for 667 acres in Corpus Christi Bay. The sale, offering leases on 113,332 acres of state school lands, brought a total of \$3,656,056.

Press dispatches from Austin did not give exact location of the river bed acreage on the stream which forms the boundary lines between Crockett and Pecos county and between Crockett and Terrell county.

Wool Marketing Period Ends Mar. 31 ASC Asks Filing of Account Sales

Crockett county wool producers were reminded this week that the 1961 marketing year ends March 31, 1962, and that shorn wool and unshorn lamb account sales should be filed as soon as possible in the local ASC office.

Claude Russell, county office manager, in a news letter to growers, said that the ASC office would like to have the account sales as soon as possible in order that the office might have time to check them for errors or irregularities before the sign-up period for incentive payments on wool sales.

The office reminded that any hauling charges on wool have to be reported and purchases of any unshorn lambs must also be reported.

The ASC news letter also advises that the 1962 per farm cost-sharing on approved practices is limited to \$1000. Application for cost-share help must be on file before a project is started.

Members of the Crockett county ASC county committee are Charlie Black, chairman, Ira M. Carson and Sam Perner.

IS YOUR "THANK" GENUINE?

By Marian Ross

"Thank you" is the most abused phrase in the English language.

Someone does something for you and you reply with a genuine "thank you." Have you ever thought about how good this person feels? Just think about how good you feel when you are in their place. You probably feel that this person appreciates what you have done for them.

The most important thing in saying "thank you" is to really mean it. If you say it just because you feel you should, it will do no good. You should let this appreciation show in your expression.

Do not overlook the small favors, either. The little things may not mean very much to you, but they do to the other person.

The reasons people do not say "thank you" is because they are not thinking or they do not care. If either of these reasons apply to you, you should think of how you would feel if someone forgot about you.

Remember to say "thank you" sincerely. It is the easiest way to express kindness and friendship.

RELENTLESS SHADOW STALKS VICTIM

You arrived at school Friday morning at 7:50. As you were getting out of your car you dropped your slide rule. You thought you had broken it so you went over to Phillip's car where the two of you fixed it with an old rusty knife. You entered Mr. Moody's English class first period with anticipation and all went well. You listened intently and soon it was time for the bell. You went to studyhall second period where you spent the first ten minutes staring at the walls—probably thinking about the basketball game that night. Finally you settled down to studying for your trig. test with Darrell. Third period you went to civics where you immediately perched in the window sill like a king. You took notes till about fifteen minutes before the bell. At that time Peggy and Glendia studied the veins in your arms.

Finally the bell rang and you were off to your fourth period trig. class and the test that you had been studying. In your fifth period studyhall you worked on your English. In American History, sixth period, you sharpened your pencil for five minutes and then tried to break it between your fingers. You seemed very happy when Mr. Cleere gave you a studyhall at which time you asked to go to your locker. You came back with your English workbook — seemed confused at first but finally started writing in it. You went to your seventh period typing class where you immediately started working. You made your highest score of the whole year on a five minute writing which you let everyone know about. After school you went to a basketball meeting making your day complete.

Yes, Gary Studdard, you were the shadow's victim this week so as a warning to the wise — "The shadow may strike at anytime, anywhere, or anyplace, and it may strike you, next."

JO GOOD FINISHES FOUR YEAR CAREER

Maudie Jo Good was born Dec. 17, 1943, in Ft. Stockton. Her parents are Mr. and Mrs. Homer Good. She has one brother, Muggins, and one sister, Vicki, who is a sophomore at OHS.

Jo has been in the band for five years. She was on the basketball team in 1959, and on the volleyball team in 59 and in 60.

Jo has attended Ozona Public Schools for 12 years. She is still undecided between attending nursing school or a business school after she graduates.

Jo says "I'll miss all the good times I had in OHS and all the people I've gone to school with."

THE LINES MAKE THE COLUMN

The bright green jacks you have seen in the halls this week belong to some of the 4-H members.

Penn Baggett attended a livestock exposition in San Antonio last week. He came home with one second place and two fourth

places.

The juniors gave a school wide valentine party Wednesday morning in assembly.

Enrollment was a little better this week. A few "pale" faces came back to school this week.

The bells are off again. Instead of their usual loud ring they sound rather shy now.

Let's all go to Big Lake Friday night to back the Lions. This will be one of their toughest games of the season.

LARA AND FRIEND HEAD LIONESSES

The Ozona Girls' Basketball team have elected their captains for 61-'62. They are Janie Lara, forward, and Glendia Friend, guard. Janie lettered four years in basketball and Glendia has lettered three years.

The team met Wednesday at noon to elect captains, and then a run-off between Janie and forward Don Nell Carnes was needed. The run-off was held Thurs. at noon, and Janie was declared the winner.

JUNIORS TREAT STUDENT BODY TO VALENTINE PARTY

Wednesday, the Junior Class gave a valentine assembly. The Junior girls started the program singing "Let Me Call You Sweetheart," then Mr. Pelto, Mr. Moody, Mr. Leath and Mr. Barber were called to the stage where their heads were spotlighted and "You are My Sunshine" was sung to them.

"Lovers" Penn and Gail put on a valentine skit following the songs.

The assembly was ended when "Moments to Remember," sung to the Seniors.

VICKI CARROLL CLAIMS QUEEN HONORS

Vicki Carroll was elected band sweetheart for the year 61-'62.

The election for band sweetheart was held last Monday.

Nominees were all the senior girls. A second election was held for run-off on the top four which

were Jan P., Glenda F., Peggy H., and Vicki. Another run-off was necessary between Glenda, Peggy and Vicki.

The band sweetheart was announced at the band banquet Tuesday night.

This is the Ford Fairlane's new Challenger "260" V-8.

There's no other V-8 like it. It's the latest in a series of Ford V-8 triumphs that started back in 1932 when Ford introduced the world's first popular-priced V-8. Today—30 years and 30 million V-8's later—the Challenger "260" adds new fuel to the hottest performance record in V-8 history. It gives you all the time-tested toughness of iron—with a lightness and compactness iron never had before. A muscular 164 hp, this new Challenger "260" V-8 is all snap, sparkle and smoothness. *It runs on regular, yet gives you better gas mileage than any standard-size 6-cylinder car.* Price it and you're in for a surprise—a Fairlane V-8 carries a smaller price tag than some compact Sixes. And, of course, a Fairlane gives you big-car room and fine-car quality you'll find in no other car anywhere near Fairlane's amazing low price. There's never been a buy like Fairlane because there's never been a car like Fairlane; that's why this all-new car from Ford is now out-selling every other "new-size" car!

to 75 million irradiated flies a week to maintain the barrier.

The key to this atomic-age battle against the screwworm is the fact that the female blow fly mates only once in her short lifetime and by releasing sexually sterile male flies in an area of infestation the chances of a female producing a batch of fertile eggs is small and the species finally breeds out of existence.

The Crockett county donation from ranchmen was the second largest in Texas, only Val Verde county exceeding the amount raised here. Funds will still be needed, as only about half the original goal of 3 million dollars has been reached.

While an attorney in good standing, Mr. Stroman did not engage in the practice of law while a State Representative and states that this policy will be continued as State Senator if he is elected.

“I do not have now, nor will I have, any outside interests or entangling alliances that might tend to influence my decisions adversely to the best interests of the people or interests of this District or to the State of Texas”, Mr. Stroman said. “I do not consider being a ranch owner in this district an adverse interest. On the contrary I consider it an advantage because it affords me practical first hand knowledge of the problems and needs of the livestock industry. One pressing need now is the move to eradicate the screwworm.

“This Senatorial District embraces twenty counties and the com-

Ozona-Big Lake —

(Continued from Page One)

In all, the Lions and the Owls have met three times thus far this season with the Owls handing the Lions one of their four setbacks this season in the first game played in Ranklin.

The loss came in the only game between the two in which the Lions have shot very well. With Ozona leading by 12 points at one time in the third quarter the Owls caught fire and won in an overtime 44 to 42.

The second match between the two occurred in the semi-finals of

the Big Lake tourney in Big Lake and the Lions this time came from behind in the third period and then went into an overtime to down the Owls 48 to 45.

The third meeting occurred in district play when the Owls came to Ozona and after leading by as much as 20 to 11 in the second quarter were overtaken before the half and downed 47 to 46 in the only regulation contest of the three thus far.

Ozona has been battling the flu for the past two weeks while the Owls have not so far been affected by the epidemic. Rodney Stewart, Billy Cornelius and Pete

Montgomery have missed games so far with the “bug” and Van Miller and Hal Long have both been on the ailing list since last Friday’s Sonora game.

Should the Lions win Friday night’s contest the district title would be wrapped up and the Lions would face Sanderson in the bi-district playoff next week but a win by Big Lake would call for a second game to determine the district representative with the tie for the title remaining as such.

A second game, if necessary, will be Saturday and the site will be set by a coin flip following Friday night’s game.

Champion Fleeces Are Picked From Goats In FFA Commercial Show

Champion fleeces were selected from the lot when kid goats fed by members of the local FFA Chapter and shown in the recent FFA Commercial show were sheared at the ag barn here last Saturday.

The fleeces were judged by Jim Carpenter, manager of the Crockett County Wool & Mohair Co. The fleeces were judged on production, fineness, brightness, staple length and other factors of quality in mohair. Each fleece was numbered and weighed and placed in order of value by the judge.

Fleeces were judged in four different categories, Angora doe kid, Angora buck kid, registered Angora doe kid and registered Angora buck kid, with champion and reserve champion in each category named by the judge. All kids had a six-months growth of hair. In the grade Angora doe kid fleeces, champion and reserve champion fleeces were sheared from kids bred by Madden Read and fed by Moe Barbee. The champion fleece weighed 6.85 pounds and the reserve champion weighed 6.7 pounds.

Tommy Everett was the feeder and Frank McMullan, Jr., the breeder of the champion and reserve champion Angora buck kid. The champion fleece weighed 6.65 pounds and the reserve champion fleece weighed 7.1 pounds.

In the registered Angora doe and buck kid divisions, Tommy Everett was the feeder and Joe Gardner the breeder of all winners. The champion registered doe kid yielded a fleece weighing 8.3 pounds and the reserve champion doe kid's fleece weighed 7.7 pounds. The champion registered buck kid sheared 8.2 pounds and the reserve champion 7.8 pounds.

Tom Anderson, Famed Farm & Ranch Editor, Speaks In San Angelo

Tom Anderson, editor of Farm and Ranch Magazine and dynamic leader of patriotic forces which seek to stem the tide of leftist advances toward socialism and ultimate national suicide, will speak at the Municipal Auditorium in San Angelo Friday night at 7:30 p. m.

Tom Anderson, whose "Straight Talk" editorial column in Farm and Ranch is the most widely quoted column in the United States, and favorite farm editor of millions in the South, is appearing in San Angelo under sponsorship of a group of citizens of that city. To pay expenses of the speaker, an admission charge of \$1 is being made, any excess over expenses to go to Boys Ranch.

Dean Manion, "The Manion Forum of the Air," said of Mr. Anderson: "No writer in America can take the padding out of a stuffed political shirt any faster or more effectively than Tom Anderson. Every Southern Congressman and Senator that I know reads his chagrin."

Anderson has won the Freedom Foundation Award of Valley Forge and the Freedom Forum of Harding College. He is in great demand as a speaker throughout America.

Mrs. J. A. Pelto Again To Head Heart Fund Drive In Crockett Co.

For the second consecutive year, Mrs. J. A. Pelto will be chairman of Crockett County's annual Heart Fund Drive, Dr. John L. Read, president of the San Angelo District Heart Association, announced.

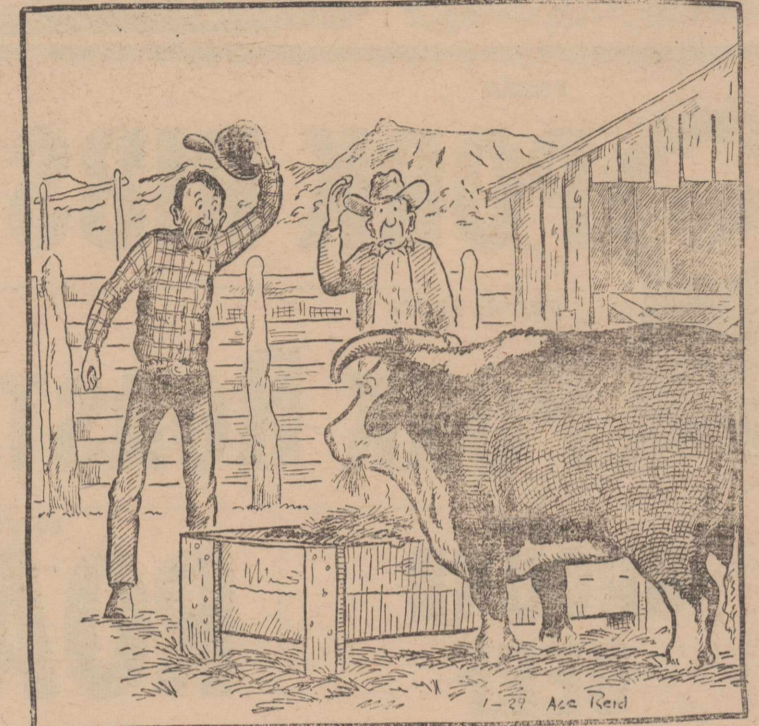

In accepting the appointment the chairman pointed out that local Heart Fund contributions make possible the support of research and aid scientists in clinics and universities throughout the nation. "Research", she said, "has top priority in the Heart Association program, and in the past thirteen years has been responsible for great progress in saving heart trouble victims through new methods of diagnosis, treatment and prevention".

Any one desiring to mail in their contributions or memorials may do so the chairman said. All checks should be made payable to the "Heart Association" and "The heart and blood vessel diseases are still the nation's Number One health enemy", Mrs. Pelto said. "I believe that if we can firmly establish this in the minds of the people of our community, they will recognize the importance of putting the Heart Fund at the top of their gift list."
