Kitty's Korner By Kitty Montgomery

We wouldn't be up to date if we didn't mention something about the topic that has dominated the news scene all week end. That's President Johnson's gall-bladder operation.

All the daily papers, radio and t-v went all out to give every little detail. Since I had the misfortune or good fortune (depends on how you look at it) to take to my sick bed last Friday, I got all the gruesome details every hour on the hour.

I personally thought it was all pretty nauseous and in bad taste, however, being too weak to get up and turn the set off, I was a captive audience for the whole thing. It was mighty big of the President to think of the boys in Viet Nam in his first conscious moments and dash off a telegram to Saigon assuring them of his well being. No doubt they were all greatly relieved.

Guess my illness wasn't a total waste of time. I have a complete knowledge of the Presidential interior, how, when and why the gall bladder was removed, the size of the stone that was removed. I even knew the size and exact location of the remaining kidney stone before his press secretary was aware of the fact. That's how thorough television covered the event.

No mention was made of the disposal of the removed parts, but I am sure everything will be preserved for posterity in the Smithsonian Institute.

Lucille Littleton's rice party last Monday night was one of the cleverest affairs I've attended in ages, not to mention giving everyone an opportunity to get acquainted with the new teachers. If we all had her zip it would be impossible for any one to remain a stranger in Ozona for long.

"The most important item in a woman's wardrobe is a pair of black patent pumps. They are always right fashion-wise and know no season." These words were spoken by a foremost fashion authority, and truer words were never spoken. The woman who only wears black patent in the spring just doesn't make the scene.

Brother Of Jess Sweeten Killed In Car Accident

Mr. and Mrs. Jess Sweeten recently returned from California where they attend the funeral of Mr. Sweeten's brother, Robert M. Sweeten.

Mr. Sweeten, 44, was killed instantly when he lost control of the car he was driving and it plunged down a steep embankment throwing him through the windshield. He was a world war II veteran. Services were held at the First Baptist Church in Fremont, California with burial in Golden Gate National Cemetery in San Bruno.

Mrs. Hilton North Laid To Rest In Services Wed.

Funeral services for Mrs. Hilton North, 59, were held yesterday at 2:00 p. m. from the Ozona Methodist Church with Rev. Leonard Garrett officiating. Burial was in Cedar Hill Cemetery under the direction of Janes Funeral Home.

Mrs. North died at 11:45 p. m. Sunday in M. D. Anderson Hospital in Houston after a prolonged illness. She was born July 22, 1906, in Ozona, the daughter of a pioneer Crockett County couple Mrs. W. H. Augustine and the late W. H. Augustine, a former Crockett County sheriff. Her husband, Hilton North, died three years ago.

In the grocery business for many years, Mrs. North continued to operate North's Grocery after the death of her husband and ran the store up until about a month ago when her illness forced her to close.

Survivors include her mother, two daughters, Mrs. Olive Whitley of Beaumont and Miss Janet North, a student at Texas Tech., a granddaughter, Elizabeth Whitley of Houston; three sisters, Mrs. Karl Kremer and Mrs. Helen Taylor, both of Houston, and Mrs. Hurst Meinecke of Ozona; two brothers, Robert and Walter Augustine both of Ozona.

Pallbearers were Joe Tom Davidson, Chas. E. Davidson, Jr., Jake Young, Brock Jones, George Bunker, Sr., Hillery Phillips, W. E. Friend, Jr., and P. C. Perner.

Ozona Luncheon Host To Flyers In All-Tex Tour

The All-Texas Air Tour arrived at Ozona Municipal Airport a little ahead of schedule last Thursday. Planes numbering 48 began to land around 11:00 a. m.

Chamber of Commerce president John Held introduced County Judge Brock Jones, who welcomed the flyers. Door prizes were given by the Humble Oil Co. A barbecue luncheon was served to 100, including local guests.

The purpose of the annual tour is to promote goodwill in aviation and quite often the Texas flyers are joined by out-of-staters. An award banquet in Austin Saturday night ended the tour for this year. The group was commended for its safe flying. Not one mishap was reported.

Guest speakers were M. A. Barber and Fred Igo, who presented a program on training FFA wool and mohair judging teams.

During the regular meeting, Hulan Harris, Area II Supervisor, discussed the district FFA leadership contests to be held in Eldorado, Nov. 17 and plans were made for the District FFA banquet to be held in San Angelo.

Mr. and Mrs. Floyd Hoket are the parents of a son born Friday, October 8, at Crockett County Hospital.

Maternal grandparents are Mr. and Mrs. Tom Powers and paternal grandparents are Mr. and Mrs. Johnny Hokit all of Ozona.

Change In Traffic Light Mounting Is Sought By County

Texas Highway Department and a lot of Ozonans would like to see the center post mounted traffic light at the intersection of Highway 290 and 163 in downtown Ozona changed.

But the Commissioners Court frowned on the Department's proposal to swing an overhead light at the intersection and requested instead that the department mount corner lights to control traffic.

There the matter now stands except that District Engineer J. A. Snell of San Angelo has requested County Judge Brock Jones to write a letter to the Department at Austin formally requesting the installation of corner traffic lights.

Lions Hosts To Menard Jackets Friday Night

The Lions will be after victory number four tomorrow night when they entertain the Menard Yellowjackets in Lions' Stadium at 7:30 p. m. Off last week, the Ozona crew hopes to get off to a good start on the second half of their schedule.

Ozona stands 3-2 on season play and 2-1 in district competition. The Sonora Bronchos lead District 8A with 3-0 record, followed by Ozona, Big Lake, and Eldorado, who suffered its first district loss last week to the Big Lake Owls 16-15.

In scoring 119 points and allowing 5 opponents only 28 points, the Lions have put together running and passing for a well balanced attack. Coach Sam Mosley, new Lion coach this year, has seen his offensive unit run and pass for an average of 318 yards total offense per game. The defensive unit has allowed less than 70 yards per game on the ground, including only two scores by rushing. A third TD was scored on a blocked kick, and the fourth on a 13 yard pass.

The Lions will be missing their regular quarterback the rest of the season. Billy Carson, one of four lion captains, came down with mononucleosis and will be out for the remainder of the season. Mosley will go with freshman quarterback Randel Clepper, whose only experience is junior high football. Clepper, a solid 150 pounder, directed the Lions to a 37-0 win over Junction two weeks ago with a touchdown toss to his credit.

Other than Carson, the Lions were in good shape early in the week, as the extra week gave time for minor injuries and head colds to clear up.

The visiting Yellowjackets gave early signs of being extra tough this year, but with the passing attack bogged down because their passing ace, Ellis, has been hampered by injuries. Eldorado beat them 49-19 and last week the Junction Eagles won by 20-0.

The probable Lion starting offensive unit will have George Parker and Pon Seahorn, ends; Gary Sutton and Sandy Stokes, tackles; John DeHoyos and Beto Ramos, guards; David Lewis, center; George Cox and Randy Upham, halfbacks; Thomas DeHoyos, fullback; and Clepper, quarterback.

The probable starting defensive team will have a front four of Lewis, Sutton, M. Farris, and Jesus Tijerina T. DeHoyos and Oscar Flores will be the cornermen; Seahorn and Upham, defensive halfbacks; and Cox, safetyman.

Mrs. Ed Spoonts Suffers Burns In Explosion, Fire

Mrs. Ed Spoonts was hospitalized with burns about the hands, legs and face yesterday morning when she was trapped in the flaming bathroom of her home.

According to a neighbor, Mrs. Spoonts was spot cleaning some clothes when a bathroom heater ignited the gasoline being used as cleaning fluid. She was forced to run through the flames to get to the door which had been splintered by the resulting explosion.

The house and contents were extensively damaged. Mrs. Spoonts was alone in her home, her husband being on a fishing trip. The Volunteer Fire Department extinguished the flames with three fire fighting units at the scene.

Junior Hi Cubs, Lion B Team Play Big Lake Today

Junior High Cubs and Lions B will play the Big Lake teams for the first time this season here on their field this afternoon. Kick-off time for the Cubs is 5 p. m. with the B teams playing at 7 p. m.

Last Thursday in Sonora, the Cubs made a little better showing than they did in their first encounter with the Sonora squad, coming away with a 28-8 defeat. Picking up their first victory of the season, the Lions B eked out an 8-6 win over the Sonora B. At halftime it was 0-0. Both teams scored in the third quarter, the Ozona B gaining the extra points that won the ball game.

Horse Thieves Strike Crockett County Rancher

Horse thieves struck at the Beecher Montgomery ranch last week and a thorough search of the area has failed to turn up a paint horse the thief evidently rode away on.

Tracks found around the horse trap indicated that two men perpetrated the theft. Montgomery surmised that the two tied sacks around the horse's feet, in order to leave no tracks, and just rode off. As far as can be determined nothing else is missing.

James Baggett Named To Head Jubilee Planners

James Baggett was elected overall chairman for the forthcoming Diamond Jubilee at a meeting in the high school October 5.

Definite plans were made to combine the jubilee and homecoming, and the date has been set for the middle of June. The committee will make plans for Friday and Saturday with the various churches handling Sunday activities.

Bill Seahorn was elected co-chairman with Johnny Johnson appointed publicity chairman.

There will be a meeting Tuesday night, October 19, at 7:30 at the Civic Center. A board of directors will be selected for the event from the representatives of several clubs and organizations. Plans will be discussed and schedules set up.

Official Hearing On Interstate 10 Eastern Segment

Interested Crockett County citizens and Texas Highway Department personnel met in the courtroom last Thursday afternoon for the first public hearing on Interstate Highway 10 through Crockett County.

Although Highway Department officials answered questions and allowed discussion of the proposed route the entire distance across the county, the hearing officially concerned only that portion of the four-lane highway from a point 6.6 miles east of Ozona to the Sutton county line. Detailed plans have been drawn for this segment and the right-of-way definitely located. The law requires a public hearing before purchase of right-of-way and letting of contracts can be accomplished.

Most Ozonans had prior knowledge of the highway route and had studied the maps which had been on display at the Highway Engineer's office since September 24, two weeks before the public hearing. Everybody, including property owners and persons giving up their homes to the right-of-way, had known well in advance and were most all in agreement that the best possible site had been selected.

W. F. Dixon, senior resident engineer, called the meeting to order and explained the purpose of the hearing.

L. K. Willis, assistant district engineer of San Angelo, read house bill number 179 pertaining to public hearings and Franklin Jordan, District right of way engineer, explained right of way purchase to property owners and made available an informative booklet published by the (Continued on Last Page)

change in administration, moved by one of the four-member board.

County Judge Brock Jones, speaking for the court, stated the court's "real concern" over the mounting deficit since Olson took over the hospital's administration in response to a statement made to the court by Mrs. Ewart White, a member of the hospital Board for the past ten years.

Mrs. White emphasized some comparisons from the hospital's monthly operating deficits as revealed by monthly reports filed with the court.

During the past three months, July, August and September, the hospital showed a total deficit of \$13,650, with an exceptionally good patient load averaging approximately 9. (Patient load is the average number of patients per day over a month.) By comparison, the same three months a year ago, when the patient load was down to an average of 5.3, the three months total deficit was \$7,450.

"Not quite but almost twice as high a loss with twice as many patients," she told the court.

The July deficit was \$4,875, with a patient load of 8.6. The August loss was \$5,500 on a patient load of 8.9 and the September loss, with the patient load up to 9.8, was \$3,275. The immediate past three months, by comparison, showed a deficit of \$664.10 in April, when the patient load was 7.5, May was \$900.84 short and the patient load was 7.4, and June's loss was \$1,762.89 with a patient load of 8.6. In February of this year, when the patient load compared with that of September, the loss was \$971 on a patient load of 9.5.

"The court is real concerned over expenses at the hospital and we realize that operations can not go on in this way or we will have a white elephant on our hands," Judge Jones commented after receiving the board member's report.

Following the session, Judge Jones explained that the court had placed a deadline on the extent of its tolerance and promised continued close scrutiny of the operation.

Appointed to the hospital board to bring it to a full complement of six members were Byron Stuart, Ozona business man, and Nat Read, Crockett county rancher. Other members of the board are Jack Baggett, chairman, W. O. (Dub) Reeves, Mrs. James Burnett and Mrs. White.

A written report of the Hospital Board's action at its last meeting was made by Chairman Jack Baggett to County Judge Jones and read to the court.

"This letter will serve to advise you and the Commissioners Court that the Hospital Board has no recommendations to make at this time relating to any changes in the administration of the hospital."

"Proposed change in administrator was discussed at a regular meeting of the board on October 7 at which all board members were present, and a motion to dismiss the present administrator died for lack of a second."

"I thought that you and the Commissioners would be interested in knowing what action the Hospital Board had taken as a result of the current controversy relating to our hospital."

Plans Completed For Tasting Tea By Garden Club

Ozona Garden Club met in the home of its president, Mrs. Glenn Sutton, last Monday with twenty-one members present.

Plans were discussed for the Tasting Tea to be held in the Crockett County Coliseum on October 21, and committees were named. The public is invited to attend.

Members brought dried and treated plant materials and made fall arrangements to be sold at the tea.

The club voted to buy three oak trees for the Coliseum grounds.

Garden Tips: October is a big planting month. Buy shrubs, trees and vines as well as bulbs for planting now. Soak lawns and plants and clip hedges for the last time this year. Try mahonia, gardenia, or box honeysuckle where you want evergreen shrubs. Add a few pots of herbs to your kitchen window-sill. Include parsley, chives, basil and marjoram. Keep mowing lawns until frost, but set mower to cut at 2 inches.

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas—Campaigns now are underway for and against the 10 proposed constitutional amendments to be voted on November 2.

However, little is being said on behalf of perhaps the most controversial of all the proposals — extending the terms of office of the governor and other state-wide officials to four years. Gov. John Connally promised an all-out drive for it. Organized labor strongly opposes the term stretch-out.

A 46-member committee of leading citizens, headed by Dallas banker Ben H. Wooten, is pushing Amendment 1 to increase the state college property tax levy for college building purposes from five to 10 cents. Opposition to the tax increase is developing in San Antonio.

State Bar Association is battling for Amendment 8. It provides for automatic retirement of over-age judges and sets up a commission to recommend disciplinary action against misbehaving judges.

A variety of groups have kind words to say for Amendment 2 to increase the Veterans' Land Fund to \$200,000,000 and revive the program of long-term, low-interest loans to veterans for farm-ranch land buying. But there is opposition here, too. Other amendment proposals:

Permitting Texas' participation in cooperative federal-state programs of assistance to and medical care for aged, needy and handicapped; clai- fying investment authority for the board of trustees of the teacher retirement system; authorizing the Legis- lature to set up an \$85,000,000 student loan fund; exempt- ing certain hospitals from local property taxes; permit- ting the Legislature to raise salaries of Speaker of the House and Lieutenant Govern- or and to increase lawmak- ers' expense allowances from \$12 to \$20 a day; and length- ening terms of state repres-

entatives from two to four years.

Many observers have expressed concern that opposi- tion to the four-year-terms amendments may spread over to other less controversial measures. A light voter turn- out is forecast.

CONSUMER CREDIT

Each one of you can help tell the right consumer credit story. You as a consumer can educate your children in the sound management of their affairs — and by taking care of your obligations promptly — can show how credit, used wisely, can make their lives more enjoyable.

If you are a credit granter, review your credit policy to make certain that it is sound and make certain you are using your credit bureau to the fullest extent. Finally, if you are an employer, insist that your employees pay their credit obligations on time.

The credit bureau's contribution to the American way of life may be portrayed in the following little poem-entitled "Family Financing":

The groom white of hair leaned heavily on his cane,
His footsteps uncertain need guiding.
While down the church aisle, with a wan toothless smile
The bride in a wheelchair comes riding.
And who is this elderly couple thus wed?
You'll find when you've closely explored it,
That they are that rare most conservative pair,
Who waited 'till they could afford it.

EDITORIAL

Last Friday, October 8, the land was broken for the start of the new, long-awaited library building. The seniors, especially, are hoping that it will be completed in time for them to use it. They want to feel it is partly theirs also. Not only are the seniors, but the whole school is grateful to the citizens of Ozona for voting the funds to build the library.

Each student will be affected by the new library. The new building in future years, will allow for a reduction in the size of classes. The teachers will then be able to devote more time to the individual student.

Each student is asked to take care of and have pride in the new building. These will be only two ways the students will have of repaying the generosity of the citizens of Ozona.

EDITORIAL

By Lana Alford

Pride in our school is most important. Ozona High may be 31 years old, but it has been well taken care of through the years by previous students.

It is our duty, as students of OHS, to continue to help with the care of our school. Other students will enter this high school, and they will need an example to follow. We, as students of today, must set this example.

We should realize that there are schools which do not have the facilities that we have here in OHS. Therefore, we should not take our school for granted.

Students, let's all contribute a small effort and be able to have a school known as the best-kept in West Texas.

PTA CARNIVAL LEAVES MEMORIES

By Jacque Meadows

It's now 10:30 and the annual P. T. A. Carnival is over. The crowd has left the park deserted and only the evidence of the night's activities remains.

The various booths have been torn down, leaving only barrels and stacks of lumber. A balloon, discarded by a laughing child for a more exciting prize, blows across the park as if searching for its happy master.

The litter of paper cups, food wrappers, broken prizes, and Indian Head - dresses make the park resemble a storm - disaster area. There has been a storm all right, but not a weather storm with thunder, lightning, wind, and rain. There has been a storm of people, hundreds of them — all storming the park at once.

But, just like any other storm, this one ended. Tomorrow there will be no evidence remaining at all. The materials will have been returned to the owners and the litter picked up and carried away. Nothing remains now except the memories.

SPORTS NEWS

By Lynn Cox

Because of an open date, the Ozona Lions were out of the sports' scene last week; however, tomorrow night at 7:30 p. m., the Lions return to action when they host the Menard Yellowjackets. Still deep in the running for district champs, the Ozona team boasts a 2-1 district record as well as a 3-2 seasonal record.

As the Lions rested, the other district teams clashed headon in decisive battles.

Rankin squeezed by Iraan 2-0, Junction beat Menard 20-0, Sonora whizzed by Sanderson 63-0, and Big Lake stretched over Eldorado 16-15 in a very exciting game. Scheduled for this week will be Junction versus Big Lake, Eldorado plays host to Sonora, and Iraan travels to Sanderson.

This week has seen as much baseball as football. Baseball fans have tuned in radio and TV sets and anxiously they wait for the 1965 World Series. This year's series has seen the Minnesota Twins and the Los Angeles Dodgers vying for the world's championship.

In college football, sports' fans saw the number one ranked Texas University beat Oklahoma University 19-0 in Dallas. Texas Tech got by T. C. U. 28-24, University of Houston lost to A&M by a score of 10-7, and Arkansas was victorious over Baylor 38-7.

Saturday will see, among other football games, the Texas Longhorns challenge the Arkansas Razorbacks in Little Rock, Ark. This game

could produce not only the Southwest champions but the winner could go on to become the National Champion too.

Nearly all the boys were out of town last weekend. Several girls had a very boring two days.

The boys who were home went to Sonora. Gary S. was the main subject of a carload of girls there. What's it all about, Gary?

Barbara K., who was your TU visitor las weekend? Basketball is nearly here for the girls. Better start shaping up!!

Coach Gerber, were you hungry at the PTA carnival, or just giving to a worthy cause?

Wonder what all Pon, Sandy, Mike, and Jack did in Lubbock?

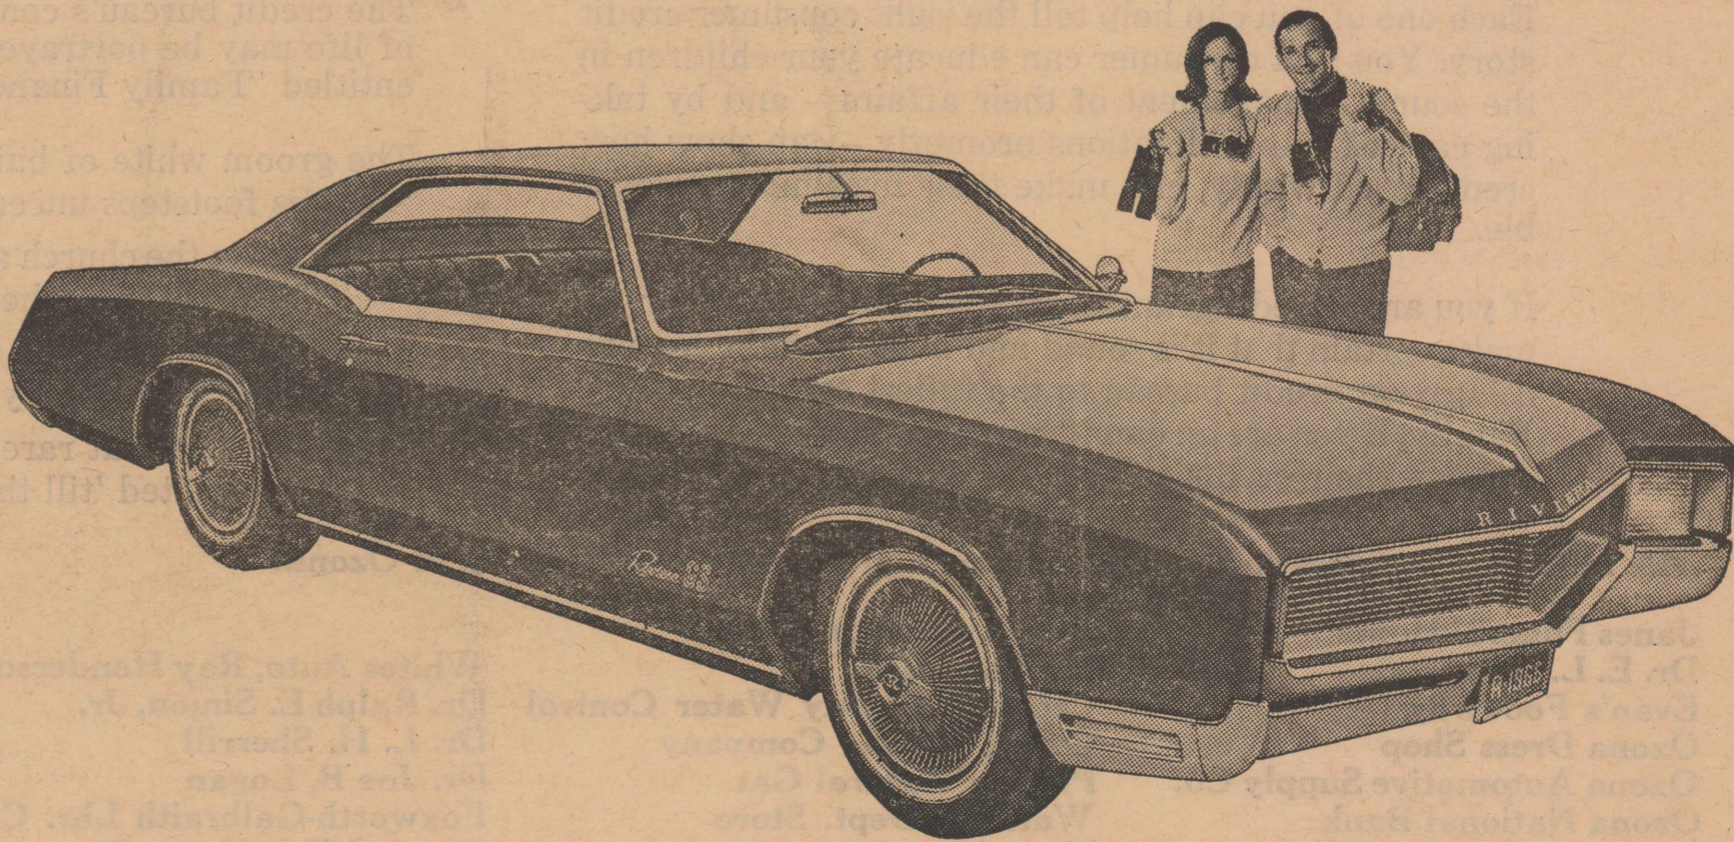

Fred C., what were you doing at the Baptist Church Saturday?

How was Dallas, Ronnie and David?

Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this 1966 Riviera Gran Sport.

You know how well your car's engine runs after a tuneup? Buick tuning has the same effect on the whole car. Not just the engine. The whole Buick. Everything blends with everything else. Styling. Performance. Ride. Handling. All tuned to work together in harmony. That's what the tuned car is. A Buick. Only Buick is the tuned car. (And every Buick is the tuned car.) What the tuned car is a masterful blending of all the things that make a great car greater. The Riviera for 1966 is the tuned car. It features six-passenger seating, disappearing headlights, a silently efficient new ventila-

ting system and the kind of roadworthiness you'd expect in a car that costs twice as much. (You can get a Riviera for your desk as well as your garage. Send \$1 in check or money order to Riviera, P.O. Box 68, Troy, Mich., for an accurate 1/25 scale model '66 Riviera.) But Riviera's not the only tuned car. LeSabre is, too. And Wildcat. Electra 225. Special. Skylark. Sportwagon. See them all at your Buick dealer's. The tuned car may not mean much to you now. But then you haven't had a chance to drive one yet.

Wouldn't you really rather have a Buick?

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

ROUND AND ROUND THE CAKE WALK

By Kathy McAlister

Everyone was supposed to at the park at 4:00 to help put up the cake walk. About 5:00 Mr. Fife, with the help of Cynthia Appel, Connie Bradford, Barbara Davidson, and Michele Oakley put up the fence. After much work they got it up. Joanne Lewis, Robben Miller, and Kathy McAlister tried their best to paint straight lines and readable numbers on the sidewalk, but a few of the lines weren't so good.

Fifteen minutes before the first cake walk started, Connie and Kathy started talking on the microphone, telling everyone to come to the cake walk. Some people made the comment that they sounded like two hillbillies. Finally Carl Conklin took over.

There were several good looking cakes. It was a great temptation to keep from snitching a bite of one. Cookie Coates and Esther Williams were guarding the cakes from all the hungry juniors that might decide they would just cut into one of the many calorie yielding cakes.

There were many people who walked many times and still didn't win a cake, so they gave up. There was one

very energetic person whom the juniors noticed walking around so many times that they began to wonder if she wasn't part of the sidewalk. That was Esther Williams. Finally near the very end of the carnival she won a cake and let out a big, "Finally, I won!"

Every now and then one might hear loud shouts of, I won or Hey! That's the I'm on! For the unlucky cake walkers there was a choice of bubble gum or five different flavors of suckers, which was passed out by Gloria Gilbert, Lenora Farris, Mary Ann Pitts and Janie Edgerton.

Cynthia Mahon turned the record player on and off with the fine help of Jill Applewhite.

Mrs. Edgerton and Mr. Fife stayed there the whole time and really did a great job.

CAKE-WALK CAPERS

By Pon Seahorn

Oh boy! I'm finally at the carnival! I thought it would never get here. Let's see. Where can I go first? There's the cake walk; I'll try it first. No! I need a hat first; all the other kids have one.

"Hi, I need a hat. Let me have that one with the big feather. How much is it?" "Seventy-five cents."

"Alright, here you are." Now I'll go to the cake walk.

"Hi, Mr. Jones. How are you?" "Hello. Have you seen Junior?"

"No, I sure haven't. If I see him I'll tell him you're looking for him!" Man, I sure hope I don't see that little brat. He was the one who smeared me with oil paint and hit me with a water balloon last year.

Here is the cake walk. I'll try my luck. I've tried nine times and haven't got a cake yet. I've missed both sideshows and have only a quarter left. Well, I guess I'll try this one more time.

I stopped on number forty-four. "The lucky winner

this time is number forty-four," cried the announcer. "Oh boy!" I finally got one. "Here I am."

"Here it is, a three layer German chocolate."

I've got to hurry and show this to mama. She'll be so proud of me. Splat! Uh no! Gee, Junior, I'm sorry. I didn't mean to drop it in your face."

Slerp! Oh, that's alright. It tastes real good.

Heck! I'll bet he tripped me on purpose. Now I'm broke and don't have anything to show for it. Guess I'll just go on home. My next three week's allowance is gone anyway.

SOME DAYS IT DOESN'T PAY TO GET OUT OF BED

By Connie Bradford

Oh no! The alarm didn't ring and you just have ten minutes to get dressed and get to school! You rush around, dress, don't eat breakfast, and get to school just as the bell rings. All the parking places are gone, so you have to park at the junior hi.

By the time you get your car parked and get to class, the tardy bell has rung. That means an hour in detention hall.

When you finally get to American history class, Coach Gerber says, "Let's see who read the paper." As luck would have it, that's the one day you didn't read the paper. Oh well, maybe if you don't make but this one '20' it won't matter too much.

Next you have study hall. This will give you a chance to get the homework for third period you were supposed to have done the night before. Then you remember! Today is the day we skip second period.

In bookkeeping third period you get a zero for not getting your homework. Then you settle down to work and realize you forget your black-ink pen and your ruler. That's another zero. By this time you're getting awfully hungry because you didn't breakfast.

Fourth period geometry is a disaster. You're so hungry you can't concentrate, and Coach Dozier decides you should go to the board and

work some problems. You forgot to read over the chapter so you don't even know where to begin. You're assigned three pages of extra homework because you don't know how to work the problem.

Finally lunch time rolls around. You just have forty minutes to eat and get back to school, so you really have to hurry.

Spanish II fifth period goes alright except you can't remember how to count to ten, and the word trabajo doesn't mean a thing to you.

Sixth period you have a study hall. You need to study, but there's a new magazine you're just dying to read.

Mr. Moody's seventh period English class is usually fun, but today is test day. You get Freneau and thoreau mixed up and you can't for the life of you remember who said, "Hitch your wagon to a star." When the bell rings you still lack ten questions finishing the test.

The rest of the afternoon is spent watching T V. Then after supper there is gobs of homework todo. You get

through with it just in time to see the last of Johnny Carson. You go to bed with the thought that maybe tomorrow will be a little better.

LITTLE BUSINESS MAN

Business hasn't been too good today. But in a minute someone will come along for a shine. Johnny will have a dime, bright and inviting, lying in his palm.

What's he going to do with that dime? As he sits in the sun, visions dance in his mind. He could buy candy, ice cream, a new magazine. He could even save it for Sunday School... but then what good could a dime do.

Suddenly Johnny remembered a Sunday School lesson. Jesus had told how precious was the penny offering of a poor widow.

Next Sunday Johnny proudly dropped his dime in the offering plate.

Johnny's gift wasn't very much. It won't do a great deal to help the Church meet its financial needs. The important thing is: *It helped Johnny!* Going to Sunday School has put him on the road to becoming a real Christian businessman.

No Veterans Due 1948 Dividends

The Veterans Administration labeled "totally incorrect and misleading" recent reports that certain veterans may obtain up to \$200 for a 1948 G. I. Insurance Dividend.

This insurance dividend has already been paid to more than 16 million World War II veterans and was concluded in 1950, according to Percy J. Mims, Manager of the Veterans Administration Regional Office in Houston.

The dividend was highly publicized and early all veterans "who were eligible have received payment," Mims emphasized.

Some few veterans with lapsed policies were not reached by the Veterans Administration due to incorrect addresses. While these few

are still eligible, the passage 15 years without contact indicates that a great many of these veterans may be dead, the VA Manager added.

Official Hearing-

(Continued from Page One)

Highway Department explaining every detail from freeway planning to final payment from the State.

Dixon pointed out the proposed route on the huge map strung halfway around the courtroom and noted that the definite location had not been pinpointed nor details worked out except for the 8.7 mile segment. This will take place in further engineering study. However, he noted that the 400 ft. right of way would fall somewhere within the red strip on the map denoting the proposed route.

After a short recess enabling further study of the maps, there was a brief question and answer period.

The segment of the proposed highway that was definitely nailed down was that portion 6.6 miles east of Ozona, beginning at the intersection of U. S. 290 and Taylor Box Road and paralleling 290 for a distance of 8.7 miles to the Sutton County line.

Mr. Dixon said that construction on this portion of Interstate 10 is not expected to begin until late 1966 provided funds are available from the Federal and State Governments.
