Last Second 95-Yd. TD Climaxes Last Game Lions Win Over Rankin

Kitty's Korner
By Kitty Montgomery

Pfc. Doug Stuart, son of Mr. and Mrs. Byron Stuart writes from Alaska that he missed last week's issue of the Stockman and is at a loss to know what's going on in big "O".

Doug has been stationed at Fort Wainwright in Fairbanks for the past 17 months and says he has really enjoyed it, except for an occasional siege of homesickness. Recommending travel in Alaska, he says it's beautiful country with 21 hours of sunshine in the summer and 65-75 degree weather. In the winter with only a few hours of sun the temperature stays around 25 degrees below and sometimes drops to 60 below zero.

He is most impressed with the sunsets and Northern Lights which come out after dark filling the sky with explosions like the fourth of July.

There was eight inches of snow on the ground when he wrote.

It was my misfortune to be the only Longhorn fan among a group of TCU rooters last Saturday afternoon in Austin, and believe me, it shouldn't happen to a dog. I still can't figure out what they were so elated about, nearly every other team in the conference did the same thing. I'll say one thing for the Texas team this year, when they decide they aren't going to play football, nobody nor nothing is going to make them. Oh well, there is always next year, as they say down at Waco.

Fashion seems to go from one extreme to the other. From skirts ten inches above the knee to the granny dresses that brush the floor. We saw quite a selection of them in Austin shops over the weekend. They are getting to be quite the rage in some parts of the country and I'm sure we'll be getting them in some of our shops soon. I don't know where the idea came from, but can't help but wonder if some designer with bow-legs created the granny dress in protest of the ten-inch-above-the-knee-skirt.

All the League members are working like crazy to get things ready for the bazaar next week. It's especially trying for "wait til the last minute" people like me, but somehow everything always works out quite well. Thanks mostly to the townspeople who turn out in large numbers every year to make the bazaar such a big success.

Time slipped up on me and I missed the meeting held last Tuesday to discuss traffic problems around Ozona schools. I don't know that I could have contributed a great deal, but I think there must be some simple solution, such as letting kids walk home and to school. For the older kids that have cars to add to the congestion, unless they live out of town, have them walk to and fro also.

A few traffic tickets might (Continued on Last Page)

A blazing 95-yard run to paydirt by halfback George Cox in the final seconds of play gave the Lions a 14-8 victory over the Rankin Red Devils last Friday. The story-book finish was a fitting climax for the 1965 Lions who have showed repeatedly that they were playing each ball game to the final whistle.

The last second win over Rankin brought the Lions season record to 7 wins and 3 losses with the district record standing at 6 wins and 2 losses. Ozona finished in a tie for second place with Eldorado.

The Ranking 11 lived up to their reputation as a defensive ball club and had held the Lions to only 88 yards rushing prior to Cox's exciting dash to the goal line.

Unable to move the ball on the ground in the first part of the first quarter, Lion quarterback Billy Carson went to the air, and Ozona went 73 yards for its first score. Carson threw to Pon Seahorn for 30 yards, then to Oscar Flores for another 32 yards before throwing an eleven-yard strike to Seahorn for the TD. On the try for the points, Cox circled left end on a fake place-kick and the Lions led 8-0.

The Red Devils knotted the score late in the second quarter of play following a pass interception by Sal Aguilar who was brought down at the Lion 27. Aguilar and Wayne Hale led the Rankin drive to the Ozona one yard line, and quarterback Larry Whiteside scored the TD on quarterback sneak. Aguilar then drove off right tackle for 2 points. The score at intermission was Ozona 8 - Rankin 8.

The third quarter and the first four minutes of fourth quarter was strictly a defensive game with both clubs relying heavily on their punting. Midway of the fourth quarter, Rankin, with the ball on its own 15 yard line, broke Aguilar into the open and the Red Devil half-

Fire Damages Dudley Ranch Barn, Tool Shed

Fire of undertermiend origin destroyed several thousand dollars worth of tools and equipment and did additional thousands in damage to a section of the barn at the Roger Dudley ranch on the Pecos in west Crockett county Tuesday night.

The fire started in the tool house and a section which was formerly used as a bunk house but lately as storage. The fire gutted the tool house and storage room and damaged a part of the ranch barn which was connected and a part of the long structure.

Mr. and Mrs. Walter Dudley and ranch employes fought the blaze, assisted by Mr. and Mrs. B. B. Ingham, Jr., who live nearby, until an Ozona fire truck arrived. The blaze had been confined to the east end of the building and was brought under control quickly after the fire truck arrived.

Vicki Lynn Montgomery, daughter of Mr. and Mrs. Beecher Montgomery, was crowned 1965 Football Sweetheart Friday night before the Ozona-Rankin game got underway.

Crowning the Sweetheart and presenting her with a dozen red carnations and a football charm were captains David Lewis, Pon Seahorn, Larry Williams and Billy Carson.

Other candidates were Jill Applewhite, daughter of Mr. and Mrs. Charles Applewhite, Donna Moore, daughter of Mr. and Mrs. Buddy Moore, Kay Alford, daughter of Mr. and Mrs. Quebe Alford, and Lynn Cox, daughter of Mr. and Mrs. Bud Cox.

The five girls were escorted onto the field by the captains. Identity of the Sweetheart had been kept secret

Burns Suffered In Oct. Accident Fatal to Child, 6

Funeral services were held from the Catholic Church here Monday afternoon for Eduardo A. Rodriguez, 6, who died Sunday in the Baptist Memorial Hospital in San Antonio. Eduardo's death was the result of severe burns suffered in an automobile accident near Junction October 17, in which his sister, Alicia Moya Rodriguez, was killed. Burial was in Cedar Hill Cemetery under the direction of James Funeral Home.

The child suffered burns over most of his body when scalding water from the wrecked car's radiator poured over him while he was trapped in the vehicle. Alicia who was driving the car, died instantly in the accident. Her mother, Mrs. Martin Rodriguez, and sister, Felicitia, were riding in the back seat of the car and Eduardo in the front seat with the driver. Although details were lacking at the time it was thought Miss Rodriguez lost control of the car after passing another car on the highway. It overturned and landed in the bar ditch. Both Mrs. Rodriguez and Felicitia suffered injuries.

Several skin graft operations were made on the child in an effort to save his life.

Surviving are the parents, Mr. and Mrs. Martin Rodriguez, two sisters, Felicitia and Paula Rodriguez, and five brothers, Santiago, Antonio, Roberto, and Jesse all of San Antonio.

34 Miles Hi-way Construction Set In County 1967-8

Approximately 34 miles of new construction and improvements, plus widening of two bridges and construction of two other bridges, constitute the contemplated construction in Crockett county during the 1967-68 highway construction program in Texas, the State Highway Commission announced following its November meeting, in which the entire program for the state in the period was approved.

Another 6.3 miles of new construction will be tacked on to the recently completed five-mile stretch from Ozona south on State Highway 163.

Two projects are proposed for 163 north from Ozona, an asphalt seal coat from the Irion county line to Ozona, a distance of 25.2 miles and widening of two bridges on the highway, one at a point 2.4 miles north of Ozona and the other 15.6 miles north of Ozona.

On U. S. 290, the program includes a seal coat from the Pecos river east to Live Oak creek, a distance of 4.1 miles.

On R. M. 1980, two bridges and approaches are to be constructed, one 1.5 miles and the other 3 miles west of R. M. 33.

Squad Of 24 Out For Practice For New BB Season

Twenty-four prospects were on hand for Basketball Coach Brooks Dozier's first practice session last Monday afternoon. The squad will meet Crane Tuesday at Davidson Memorial Gymnasium to open the 1965-1966 hardwood campaign. The B-Team game is set for 6:15.

As was the case last year, District 8-A will be divided into West and East Zones with the Zone Champions meeting in a playoff for the district championship. The Lions will be a part of the five member West Zone that includes Iraan, Sanderson, Rankin, Big Lake, and Ozona. Members of the four team East Zone are Sonora, Eldorado, Menard, and Junction. Big Lake and Sonora were last year's zone champions, and the Owls are the defending District Champions.

Coach Dozier has five returning lettermen available to form the nucleus of this year's team. Returning lettermen are Win Saunders, 6-4"; Billy Carson, 5-10"; Pon Seahorn, 6; David Jacoby 6-1"; and George Cox, 5-10. These five veterans and six squadmen are expected to form the Lion Varsity. Squadmen include Ronnie Mason, 5-4"; Sandy Stokes 6-2"; Rex Bland 5-10"; David Lewis 5-7"; Oscar Flores 5-9"; and John DeHoyos 5-7. Assistant Coach H. O. Hoover is hoping for a squad of 12 to 14 on the Lion B-Team. Boys expected to be on the B-Team are Hank Miller, Jr.; Randy Upham, Jr.; Duane Childress, So.; Larry Kilgore, So.; Ernest Vargas, So.; and Freshmen Randal Clepper, Marlin Farrix, David Huff, Donald Huff Rodney Pagan, Carlos Sanchez and Beto Vargas.

Liveley, Mrs. Billy Hoover, Benny Melton, Claude Russell, Mrs. Homer Boyd, Mrs. W. T. Brooks, Mrs. Guadalupe Garza and Burl Smith.

Crockett county sheriff's department officers, Highway Patrolmen, Game Wardens and Border Patrol fanned out over rugged ranch country south of Ozona Tuesday night on the lookout for a man who struck Mrs. Roy Miller in the face, apparently with his fist, when she surprised him in her ranch home 13 miles southwest of Ozona.

Mrs. Miller, was found in a semi-conscious condition shortly after the assault, by a Del Rio couple, friends who had been hunting on the Miller ranch during the day. Mr. and Mrs. Dick Schubert of Del Rio had left the ranch

Possible Tragic Head-On Crash Avoided By Skid

Fog and limited visibility along with a glass-slick highway got the credit for a stranger-than-fiction accident Tuesday morning six miles east of town on Hwy. 290.

A headon collision was narrowly averted when a 1965 Imperial driven by Lynn Perkins of Austin and traveling west swerved to avoid a 1965 Chevrolet driven by Floyd E. Dill of Rankin traveling east. Dill pulled into the left lane to pass a truck and angled to the shoulder upon seeing the approaching car at the same time Perkins cut to his right. The Chevrolet, a Halliburton Co. car, hit the rear of the Imperial upending it in the ditch.

Both occupants were treated for cuts and bruises at Crockett County Hospital and released.

District Contests In Wool Garments Set For December

Mrs. S. M. Harvick, State Director of the Make-It-Yourself-with-Wool Contest, announced that all district contests will be held December 4, 11 and 18 in Texas. Ozona is included in District 5 and 6, and winners from here will compete in Sonora December 4, at Sonora High School Auditorium.

There will be three elimination contests in Ozona, dates to be announced later. The sub-deb contest is for girls 10 to 13 years of age. Junior contest, ages 14 to 16 and Senior contest, 17 to 21.

There are numerous prizes for winners of all categories. The grand prize for both junior and senior winner of the national division is a 14 day tour of Europe via jet. Winners of the 10 districts will compete in the state contest to be held January 7 and 8 at College Station.

Mrs. Harvick left yesterday for College Station to make plans for the state finals. From there she will go to Beaumont for a speaking engagement at Lamar State College. Mrs. V. I. Pierce accompanied her.

OZONAN'S MOTHER DIES

Mrs. J. F. Hayes, 79, mother of Jerry Hayes of Ozona died last Thursday in Highland Hospital in Shreveport, La. after a long illness. Services and burial were held in McCloud, Texas.

Mr. and Mrs. Hayes will return to Ozona tomorrow from McCloud.

shortly before dark but returned at about 8 p. m. when they discovered that Mrs. Schubert had left her purse.

When Mrs. Miller failed to respond to their knock, the Schuberts looked through a window and saw Mrs. Miller's feet protruding from the bathroom. They finally a-roused her and she crawled to the door and unlocked it. All doors and windows were locked.

Mrs. Miller said that when she turned on a light in her home, a man she described as "tall, with red hair, long sideburns, and blue eyes" appeared and struck her in the face, knocking her down. She does not remember locking the door, but a small amount of blood, apparently resulting from nosebleed caused by the blow, was found on the floor near the door and her glasses were on the floor nearby.

Mr. and Mrs. Schubert called town for the officers and a doctor and Mrs. Wilma Hayes, pharmacist at Village Drug, who makes her home with Mrs. Miller at the ranch, and who was in town at a Duplicate Bridge Club session, hurried to the ranch arriving ahead of the officers and the ambulance.

Mrs. Miller was brought to the hospital here where she received treatment and was released Wednesday afternoon.

Sheriff Billy Mills and deputies, who spent the rest of the night in a search of the area, reported no trace of the suspect yesterday. There was nothing missing from the home and no signs of a prowler, the sheriff said. A search was being made for finger prints and tracks in the area, and the description Mrs. Miller gave of her assailant was being broadcast.

Mrs. Miller and the Schuberts had spent most of the day hunting on the ranch and returned to the ranch headquarters late in the day. She usually locks her door, but told officers that she thought she had left them unlocked on this occasion. She said she thought the man was hiding in the house when she and her friends returned from the hunt.

Officers were continuing their investigation yesterday.

Three-Level Gas Show in Blakney Test In Crockett

An unidentified discovery was indicated in extreme southwest Crockett County with the flowing of gas at three intervals while drilling at the maximum rate of 2.52 million cubic feet and the flowing of gas at the rate of 1,790,000 cubic feet on a drillstem test at Socony Mobil Oil Co. Inc., Midland, No. 1 Blakney-Krueger, in 35-Q3-TCRR, Ellenburger wildcat, 32 miles southwest of Ozona, and eight miles southwest of Ozona, and eight miles southeast of the recently opened J-M (Ellenburger gas) field.

While drilling at 2,807 feet, it flowed gas at the rate of 920,000 cubic feet daily; at 4,121 feet, 1,752,000 cubic feet daily and at 4,281 feet, 2,520,000 cubic feet daily.

Operator loaded the hole with salt water and took a one-hour and 10-minute drillstem test between 4,300-4,445 feet. Gas surfaced in seven minutes, rated at 1, (Continued on Last Page)

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — A face-lifting of the Texas roadside scene is about to take place.

Gov. John Connally has pledged full cooperation with the Federal government in connection with the new Highway Beautification Act. A legislative council committee here now is considering the legal steps necessary in Texas to enforce provisions of the Act. This to prevent loss of U. S. funds.

State Highway Engineer D. C. Greer is outlining an initial plan of compliance with the Federal law which proposes control of scenery-spoiling billboards and junkyards and general scenic enhancement along 17,589 miles of Texas' Federal-Aid highways alone.

Texas Highway Department, Greer reports, already

is taking steps to put into effect an expanded program of landscaping and beautification at a cost of about \$10,000,000. Program will cover a two-year period and will include planting projects rest areas, irrigation systems and possible scenic easements at selected overlooks and natural-beauty spots.

Green anticipates Texas will get about \$6,000,000 a year in federal funds for this work.

He has called for a complete inventory of junkyards and large outdoor advertising signs and devices within 660 feet of highways.

Some of the junkyards, Greer emphasized, will be screened by plantings, fences and other means in the near future.

Meanwhile, information from the inventories will be used in studies of needed state legislation, including zoning of industrial and commercial areas along the state highway system as called for in the beautification act.

Criminal Code Reviewed— Texas' much-maligned new code of criminal procedure was defended by State Bar official, Fred Erisman of Longview, at a three-day institute to study its provisions here.

Erisman said code brings Texas criminal statutes in line with modern-day decisions of U. S. Supreme Court. It means little to law enforcement, he maintained, to obtain convictions, only to have Supreme Court set the defendant free because of unconstitutional procedures.

Securities Sales Hit Record — Securities approved for sale in Texas reached an all-time high of \$283,300,000 during fiscal year just ended,

according to University of Texas Bureau of Business Research.

Total was \$66,900,000 or 31 per cent over fiscal 1964, despite a major market upset during 1965.

Activity, Bureau predicts, will "continue to be strong so long as the economy continues to expand."

Polara
Kick the dull driving habit in a car that's really going places. Polara is loaded with looks, luxury and performance. It's big and solid, with wide sweeping lines. And Polara gives you a lot of standard extras (like a 383 cubic inch V8).

Monaco
Take a look at Dodge's top gun. For luxury performance this is the one. Combines performance, comfort and glamour at a reasonable price. By far the most dazzling car in the '66 Dodge lineup of dazzlers. Monaco! Hardtop, wagon or sedan.

Coronet
Here's a car that fills the bill for Rebels who want a brand new thrill. The Coronet is sharp, smart and zippy — and it goes like no other car in its class. Coronet is also loaded with luxury the higher-priced cars haven't caught onto yet. Lots of power in a spunky Six — and a fistful of brawny V8's.

Dart
This is a rebel in the compact class — bigger than any, with a lot more sass. Big on the inside. Big on the outside. Beautiful any way you look at it. (About the only way it resembles an ordinary compact is in the way it saves you money). Your choice of two quick Sixes and two great Eights.

LEADERSHIP BRIGHTENS OR DIMS LIGHT OF THE FUTURE

By Celia Houston

"Those who left followed a leader who carried a flashlight."
"Where are we going?" a woman asked her husband. "We're just following the guy with the light," he replied.
"I hope he's not some kind of nut headed for a cliff." This was part of conversation held in New York City last Thursday when the massive power source failed somewhere en route to several metropolitan cities in the Northeast according to the Ft. Worth Star Telegram.
One source supplied power for millions of people. That source failed and the people again depended on something else to "show them the way." This time it was a flashlight, carried by one sole leader.
What if he had been some sort of pied piper? What if he had led his followers to their deaths? Those people were depending on him as a source of light.
Young people are somewhat like that today; we depend on, sometimes, artificial sources for knowledge. Very few have the initiative and "umph" to take the lead. The problem gets worse each day: there are more followers than leaders.
It takes ability to lead, and self-confidence to succeed. The situations arising need young, willing, and able leaders. The time for young men to step in the shoes of their fathers, whether paternal or not, is drawing near.
The light of the future can be brightened by each contributing his own source of power. It can be dimmed by too many depending on one source. Success depends on leadership.

BIG BOOK

The atlas is quite an armful. Chip had a time lugging it down off the shelf, but he wanted, once again, to look at some of the fascinating pictures.

He's a small boy for such a big book. Maybe he doesn't understand all of it. But it whets his curiosity, and the curiosity of a small boy is truly insatiable.

Even as Chip glances at the pictures, questions are racing through his mind. And to whom will he address these questions? To you!

When youngsters ask questions, it is up to us, supposedly "grownup" and therefore wiser, to try to give them the right answers. In this day of sometimes dubious and changing values, that isn't always easy. We must first make sure that we have the true basic answers ourselves. There is no surer way of doing this than by arming ourselves with the faith and wisdom found in the Holy Scriptures and in our churches.

The bride-to-be is a graduate of Ozona High School and Hardin-Simmon University, Mr. King is a graduate of Grandfield High School and Colorado College. Both Miss Johnigan and Mr. King are teachers in the Irving Texas, school system.

Win at Rankin —

(Continued from Page One)

back appeared to be on his way for another Rankin score when the Lions' half-back flash, Cox, caught Aguillar at the Lion 15. The Ozona forward wall stiffened at the Lion 7. Unable to move, the Lions were forced to punt with less than 2 minutes to go.

Rankin began a desperate attempt to reach the Ozona goal line before time ran out. The Red Devil threat was stopped when Randy Upham intercepted a Whiteside pass at the Lion 5. The Lions called timeout — stopping the clock with 14 seconds remaining.

With nearly everyone in the ball park expecting the Lions to try one or two long passes, Cox broke over the center of the line cutting sharply toward the right sideline and headed "home" with three Red Devils in hot pursuit. With the home fans cheering him on, Cox completed the dramatic 95 yard run. The attempt for the extra point was no good.

Taking no chances, Ozona kicked the kick-off short and

four Lions pried into the receiver and that was the ball game.

Leading the Ozona defense was linebacker Larry Williams with 11 tackles, followed by Flores with 8. T. De-Hoyos and Upham 1 each, and Cox, Gary Sutton, and Jesus Tijerina 6 each.

In the statistic department, Ozona had 10 first downs and Rankin 12. The Lions gained 178 yards rushing to 276 for the Red Devils. Ozona picked up 99 yards in the air, and Rankin gained no yardage via the air lanes. The Lions completed 5 of 16 passes with 1 interception, while Rankin completed none in 6 pass tries, with 3 interceptions. Ozona kicked 8 times for a 40-yard average and the Red Devils averaged 37 yards on 5 punts. Cox and Upham led the rushing game with 104 and 50 yards. Carson completed 5 of 14 passes for 99 yards and 1 TD.

Operator drilled to 5,115 feet, ran logs and set 9 5/8-inch casing at that depth.

The project was drilling below 10,021 feet on 15,000-foot contract. Only drilling depths had been released since Oct. 21 when drilling reached 5,623 feet.

Operator had set 2 7/8-inch casing at 9,876 feet, and tested through perforations between 9,754-876 feet, however, production gauges were not available.

While being drilled it indicated production with the recovery of shows on a drillstem test between 5,700-785 feet; 7,320-490 feet; 7,042-172 feet and 9,770-911 feet.
