I think the lack of interest in voter registration points up the fact that people prefer to pay a poll-tax, which goes back to the truism that you can't give the public anything. Things paid for are valued more highly than those that are free, including the right to vote.

The right to vote anyway you see fit is one of your greatest privileges, so get up to the courthouse and get your vote registration certificate even if it doesn't cost anything. You can't vote without it and you have exactly four days to get it.

- k k -We haven't had a man or woman of the month for a long time, so I'm going to give my vote this week to the men who make up the Ozona Volunteer Fire Department, everyone of them.

You don't worry so much about fire when you leave home with such an efficient group manning the trucks. They are on call all the time without pay and manage to get the job done exceptionally well and too, they have been working over-time late-

When you're down at your dealer's trying out a new Chevrolet, be sure you pull out the ash tray. Notice how nice and easy it glides, never hanging up or even scraping. The reason is, it rides on ball bearings. Four shiny little ball bearings. (Take the tray all the way out and you'll see them.) You say you don't even smoke? Then look at it this way.
