Kitty's Korner By Kitty Montgomery

We are always happy to have letters to the editor, but they must be signed in order to be published. We do not publish letters signed with the name of a class, group or organization unless the writer signs his or her name as a representative of the entire group.

In order to do this, the writer should be sure that the contents reflect the convictions of each member of the organization and be authorized by the majority to speak in their behalf.

Letters without a signature are automatically consigned to file 13.

- kk-I think one of life's most harrowing experiences for a mother is her first ride in an automobile with her child driving. Of course, everyone knows better than to speak in a loud voice to someone who is just learning to drive. But believe me, that's easier said than done when beginner driver turns corner at 30 mph just because the Library Open speed limit is 30 mph, stops 20 yards in front of a stop sign with blind corners on House Attended both sides then zooms on, satisfied that he has complied with the law.

I was informed only this week that the eighth grade the new library during the city the entire week pickbegins driver's - ed next 3:00 to 5:00 p. m. open house month. All I can say is lots Sunday. that teachers should not in San Antonio. coach.

Let's face it, as sportsminded as we have all become, coaches either win games or they are out, whether they have the material to work with or not. I hate to think that our children may be deprived of an excellent teacher because he doesn't come up with a winning team every season.

- k k -Almost everyone in town can tell you our team's standing in any given sports season, but you'll find very few who can give you an account of a teacher's class room record and how many winners he turns out in any given subject.

It's been hard to distinguish winter from summer the past few weeks, one day we freeze and the next we swelter. However, spirits hereabouts were somewhat revived by Monday's rain and most of the West Texas dust was washed away. Everybody seemed to be smiling Tuesday.

- k k --I've been trying to decide what to do with all the extra daylight time I'll have after

The Lions entered 7 boys pions, the Lions have been and both relay teams in the rated one of the favorites for qualifiers meet in Winters last Saturday and would have the championship trophy if one had been awarded because Lion tracksters captured 6 firsts and a second to easily outdistance the B, A, and AA field.

Pacing the Lions was Geo. Cox who sped to a 9.7 100 yard dash record and 22.2 in the 220. Cox also ran the anchor leg on the sprint relay team. Entering the 100 for only the second time this year, Cox found the weather, warm and still, and sped to the 9.7 clocking, perhaps an OHS school record at least for the past 13 years. Cox will enter the 220 yard dash and both relays at regional.

Big Gary Sutton won his usual two first place medals with a 54'101/2" toss in the shot, nearly 3 feet off his ceeds Sutton's previous best by 2 inches. Sutton could hit 60 feet in the shot and pears to be the favorite for both titles at the state meet.

Bobsledding, one of the more terrifying and dare-

devil sports that men follow for new thrills and ex-

citement, developed from the Indian toboggan or

"tabaakum" as it was called by its users. This was

simply a device for carrying heavy game in the win-

ter time by skidding it over the ice and snow. It was

found by winter sports enthusiasts that they could

run the risk of losing life and limb by going down-

hill on these light sleighs. Early casualties in the

neck-breaking pastime led to the invention of the

bobsleigh or bobsled which was heavier and more

controllable than the flimsy toboggan. The sport

seems to increase in popularity each year as more

and more breath-taking runs are built for the en-

It is time now, especially for the Seniors, to be thinking about what to do after school is out. Each of us needs to decide what we want to do with our lives and to begin to prepare ourselves for the coming years. The students who have a few years left in high school have a little time to make these decisions, but they should be thinking and working toward some goal. All of us, no matter young or old, need to have some aim in life, and some goal for which to strive. Let's get on the road of life with a good start by deciding now what we want from life and the fu- Friday, Apr. 28:

REMODEL TO ELECTRIC LIVING, HENRY, IT'S THE ONLY WAY! SAVES MONEY, TOO! See WTU about the special low rates for total-electric living.

Ask WTU for your FREE Remodeling Guide. It has helpful hints for remodeling your home.

Today Carol and I dusted her doll collection and packed it away. I must admit to a feeling of sadness, for the moment made all of the wedding preparations suddenly become real. Carol is being married in less than a month, yet it seems only yesterday John and I brought her home from the hospital.

Hansel and Gretel were last, and I smiled as I packed them. For they remind me of Carol and her young man. They seem such dreamy young innocents, but are really quite practical. Already they've solved many of the problems John and I never thought of until after our marriage. Yes, their path is well marked through the forest of matrimony.

To be sure, they may have troubled times, but they share a deep and abiding love for God that promises strength and comfort beyond their own resources. With God and His church at the center of their lives, they cannot fail.

ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself. which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Accurate and Complete

RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its op-

Easy To Keep - Complete Record - In 1 Volume

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.
