Kitty's Korner By Kitty Montgomery

Well, Texans turned clocks up an hour last Sunday in order to go along with daylight saving time. We reset all our clocks Saturday night and I was surprised to wake up at 10:00 o'clock Sunday morning. I always allow myself the luxury of sleeping until 9 on Sunday, but somehow sleeping until 10 seemed indecent. The only other thing that seemed odd was watching Bonanza Sunday night in broad-open daylight.

However, Monday was a different story. When the alarm rang at 6 o'clock and my brain told me it was really 5, things began to go wrong. I dragged Jim out of bed under protest. He had refused to set his watch up an hour for the simple reason he thought it was silly. When I tried to arouse Tom, he opened one eye, turned over and didn't even miss a beat snoring.

I slept through my bath, sprayed my hair with the Lynsol spray (it's about the same size as the hair spray), brushed my teeth with Brylcreme and made it to work by 8:30 (7:30 really).

When things reach the point that the Pulitzer Prize for international reporting goes to a New York Times reporter for communist supervised reporting in a communist country it's pretty bad, but when the jury panel is overruled by the advisory board because the reporter did not list the communist's casualties, it's worse than that.

From the recent trend by the Pulitzer Prize and Nobel Peace Prize people to give awards to anybody or anything anti-American, I would be highly insulted to even be nominated, not that I'll lose any sleep over the possibility.

I'll bet Mr. Pulitzer is turning over in his grave.

American ingenuity does it gain. If a peanut butter and jelly sandwich is your favorite, but you hate the mess of making one, your worries are over. Soon you will be able to buy peanut butter and jelly in the same jar.

After many failures, the industry borrowed the technique of mixing ice cream and chocolate syrup in the same container. The mixture is injected by nozzle into the jar, which is being twirled mechanically at the same time. How about that, peanut butter-jelly sandwich lovers?

School is almost out and teachers as well as children are getting weary. Seems that study comes harder this time of the year and students, especially young boys, tend to day-dream. However, it has its amusing aspects and the following story proves that necessity is indeed the mother of invention.

It seems that the teacher asked each student to answer the following morning's roll call with a famous saying and state the author of same.

The next morning upon hearing her name called a bright little girl jumped up and said "Give me liberty or give me death. Patrick Henry." Another bubbling little girl answered with "I came, I saw, I conquered. Julius Caesar." Then it became a tousled little boy's turn. Upon hearing his name called, (Continued on Last Page)

Officers Still Seek Identity Of Deceased Mexican

Sheriff's officers are still trying to locate relatives of a man, whom they believe to be a Mexican National, who died of amoebic dysentery last week in Crockett County Hospital.

The man, who gave his name as Vicente Rodriguez, 45, was brought to the hospital by Tom Mitchell, local rancher, when he wandered up to his ranch southwest of town obviously ill.

Finger prints of the dead man have been sent to Washington and officers have been in touch with the Mexican Department of State in an effort to find the man's home or relatives. So far there has been no report on the finger print identification and all leads checked out have been futile.

Friday Kick-Off Set For '67 Red Cross Fund Drive

The Crockett County Chapter of the American Red Cross is planning its campaign for funds to finance its program of service in the 1967-68 fiscal year, Bill Cooper, Chapter Chairman announced today.

The American Red Cross, both nationally and locally, is governed by volunteers, most of its duties are performed by volunteers and it is financed by voluntary contributions. Campaign workers and solicitors are all volunteers from local social and service clubs.

Hanson Clark, Sr. Resident Engineer for the Texas Highway Department, and campaign chairman for this year's drive, will conduct a coffee hour tomorrow, Friday May 5th, 9:00 a. m. at the El Sombrero dining room to launch this year's campaign. Though most of the workers have already been contacted, anyone wishing to assist should contact Mrs. Charles Applewhite, Home Service Secretary, and make plans to attend this meeting. Quota for this campaign will be \$1200.

"This is an increase of \$200 over last year," Mr. Cooper said. "It has been necessitated by greatly increased demands for service to the military establishment by both the national Red Cross organization and its chapters, and by heavy expenditures for disaster relief operations in the last two years."

"If the Red Cross here is to contribute its fair share to the nationwide and worldwide programs of the organization, and continue to provide its services of welfare, health and safety in our county, our fund requirements must be met.

"We urge the residents of Crockett County to respond generously to this appeal."

Sikes Assigned To Duty at Goodfellow

Biloxi, Miss. — Airman Third Class Richard G. Sikes, son of Mr. and Mrs. L. B. T. Sikes of Ozona, Tex., has been graduated at Keesler AFB, Miss., from the training course for U. S. Air Force radio operators.

Airman Sikes, a graduate of Ozona High School, attended East Texas State College and San Angelo (Tex.) Junior College.

He is being assigned to Goodfellow AFB, Tex.

A is the team from Tidehaven, with 5 individuals and 2 relays.

Coaches Chick Womack, Joe Marlett, and Grosse Moehler will have Cox, one of West Texas' top sprinters, in the open 220 yard dash and the anchor leg of the mile relay. Cox has not been defeated in the 220 this year.

Junior weightman Gary Sutton will be entered in the discus and shot put. Ranking 10th in the state in the discus, Sutton is a strong favorite for the discus title. Like Cox, Sutton has not been defeated in the discus ring. Sutton could make it a double win with a victory in the shot put. The Lion strongman copped both weight titles at the regional meet in Lubbock.

Senior Derold Maney will run the first lap of the mile relay, and Coach Womack is hoping he can better a 51 flat. If Coates and Pagan can run under 52, anchorman Cax is capable of touring the last quarter mile in under 49 seconds. A 51, two 52's, and a 49 should be enough for a victory in the mile relay.

Several fans from Ozona will be on hand Friday and Saturday in Austin. Sutton is scheduled for the discus at 1 p. m. Friday and the mile relay team will run when the Class A finals in the state meet are run on Fri. night. Three additional divisions will be run on Saturday afternoon.

Letters to the Editor

Dear Evart:

I have always been an avid reader of "The News Reel" but must confess that I have been reading it with more enthusiasm recently. My increased interest dates from the January reference to my arrival 29 years ago to pastor the First Baptist Church. The delightful 6 years and 10 months that followed still stand forth as some of the happiest and most pleasant of my life. Not only did I enjoy my association with the fine people of First Baptist Church but the splendid people of the entire community made a valuable and lasting contribution to my life. Of course, Lois esteems those years as highly as I.

Needless to say, Lois and I enjoy everything in The Stockman and look forward to its arrival each week. You are still doing your usual fine job.

You may already be aware

of the fact that I am joining the administrative staff of Hardin-Simmons University on June 1 as Assistant to the President for Development. My work will probably bring me to Ozona often in the future and I will look forward to renewing old acquaintances.

Sincerely yours,
Clyde J. Childers

EDITORIAL

Today our nation is in war against communism. In the papers every day we read about how many Americans were killed and where the main points of combat were the day before. Most of us really are not interested unless a person we know is killed. This lack of interest has not only hurt our cause in foreign lands, but it has also hurt our nation at home.

We have people who refuse to fight for their nation. This not only hurts our image but it also hurts the men who are fighting for us and our nation. Our country and our government should mean much to us. Let us support our nation in the ways we can!

END OF SCHOOL DRAWS NEAR
 By Patsy Walker
 As the 66-67 school year is approaching its end, it is well and wise for all OHS students to start the wheels rolling in accumulating knowledge for their final exams. The staff of the Lion's Roar can look back and remember the first few papers when they were placing great emphasis on starting the year off right by study, study, study! That advice will be just as important, and perhaps more-so, when students are taking their finals in only about two weeks.

The six-weeks tests, which are all that most seniors will be taking, will greatly aid in determining if they will be exempt from final tests. Anyway you look at it, Now is the time to start preparing for those tests, because they can make you or break you!

 David N — I would leave town and go to the river.
 Calvin M — cry a lot
 Duwain V — Get my dog and head for the hills.
 Lellee — Protest that I was a girl but enjoy it if I had to go.
 Coach Dozier — Send Webb in my place.
 Dwight — Go to the Pecos hills with Everett.
 Rick L — Cry a lot.
 Ickee — I would do like Calvin.
 Oscar F — become a GI Joe
 Esther — I probably would not pass my physical
 Thomas D — Fight
 Derold — make like Casius and go to jail.
 Sooner — go hide
 Gary Lee — I'd have a big ole going away party.

Larry Don — Take a trip to Viet Nam.

WILL OF 1967

by Esther Williams, Cookie Coates, Cynthia Mahon

After the trials and tribulations of 12 long, trying years, the class of 67 wish to will many great and special qualities to individuals of the class of 68, with the hope in mind that they will continue to make OHS as great as it was when we were there.
 Bound for T. W. U. wishing to be well remembered Kay Kyle leaves her charter membership card in the "Appreciable Aggies Club" to Magoo who really deep down loves aggies and is jealous because he's not a member. Gig 'em Aggies, Magoo.

We know OHS will be marked with the sounds of silence with out the class of 67 to remedy this, Rick Logan has left his way with words to Joe Martinez.

Every couple needs compatibility from experience in Rankin Oscar Flores has found the truth of this statement and is therefore leaving Lupe and Antonio the ability to get along.

Cynthia Appel will her Karate chops to Larry Don Webb, the Mullet, in order that he might defend himself from Coach Dozier's famous thumps. Too bad Larry Don, she didn't will you some of her brain.

Duwain Vinson, and Bill Everett are happy to know that Rex Bland is leaving you his art of chewing tobacco behind Coach Gerber's back.

Glenn Southard, Alias Frank, hates to lose his ever-ready smile, but feels that there are two Juniors, who would make more use of it

Tommy Allen and David Cooke.

We did not want OHS to be without Don Leach's hypothetical "What If's".

What if — Coach Gerber and Mr. Leath — He left them to you.

Drummer boy . . . Hank Miller knows the mal Function will have a hard time replacing him therefore in order to compensate for the great loss he wills his magic drum sticks to Calvin Montgomery. So that Calvin can fill in.

The Industrious two Jack Applewhite and Derold Maney will their ability to get by with doing almost nothing to J. A. Pelto who has often had the privilege to watch them operate. Warning J. A. Beware of Miss North's study hall!

One of our future secretaries Kathy McAlister, will her old short hand tests to Carolyn Leach because Kathy wont be in class to help Carolyn along next year. Bonnie Glynn, and Cheryl Jenkins, you are the lucky two. Kathy is leaving you her outstanding abilities in volleyball as a fringe benefit you will receive her bruises, jammed fingers and all other hard knocks.

When Maggie Galindo rounds the third lap of that long, long mile, he will no longer hear in the background the voices of our senior cheerleaders because of this, they are leaving a tape recorder to encourage

him with the trite and familiar sound of "You can do it Maggie, You Can, You can!"

No longer will Mike Winder and Rosa Arredondo be at sea while researching. Lellee is throwing them a raft, this raft contains three years supply of research material. Now you see what she does on her weekends.

The track will be all but lost next year without one of its top speedsters, Thomas De Hoyos, but the track's teams' loss will be the Basketball team's gain Thomas is leaving the little round bear, John De Hoyos, so much speed that he could never be mistaken for a ball.

Although Esther really needs her legacy, she has generously decided that there are two members in the Junior class that would benefit more by it than she does. Esperanza. You can stop gorging now Esther leaves you ten curve pounds

Now, Coaches, you can stop worrying about weight on the coming line. David North will have an added twenty pounds, thanks to Esther. Oh yes ten more pounds for any interested football player, sign up now — avoid the rush.

Robilen Miller has 3 special qualities which she desires to leave to certain members of the junior class. First of all she wants Tiny Payne and Bonnie Carson to have her sense of coordination in basketball. Next she wants Thelma Lara to have her hot lips for playing the coronet. Last but not least Robilen wants Jerry Lynn to her boots plus her cautious and slow driving skills.

Cookie Coates wills her temper remedy "Take every- (Continued on Page Five)

thing out on your best friend" to Connie Williams and Deborah Mills to able them to cope with everything in life from Jack Applewhites to tennis and basketball frustration.

Last year Jill Applewhite inherited Vicki Lynn's special qualities which are needed to chase boys, catch boys, love 'em and leave 'em. Jill passes these qualities on to Jacquie Tankersley, and Marjorie Carnes.

The Girl with the voice, Cythia Mahon wills her stereophonic, penetrating golden tones to the Mouth, alias Helen King, King, with this broadcasting system how can you miss? You will be a favorite of the teachers just as Mahon was.

Sympathetic Barbara Davidson is willing her set of ear plugs to Beverly Loudamy because she would not want to see the Mouth lose Beavers friendship because of approaching deafness and too, Barbara feels that the distance between SMU and Texas will sufficiently to mute Mahon's sonic Boom.

George Cox, our ferocious and wide awake leader wills his tactfulness with the ladies to timid, shy little Gary Wee Sutton and to Wesley West his ambition and broad-minded ways as a well loved leader.

Patsy Walker wills her theory "True Love Never Runs Smooth" to Patty Walker in order for patty to gain a better relationship with Coach Gerber, her future civics teacher.

Connie Bradford has some wonderful pain relievers that will cure anything from a Monday morning Lion's Roar headache to the hooky disease. She wills to you, Marsha Meadows, Connie Hubbard and Sue Easterwood.

Bob Nations wills the formula that helps him keep his slim and trim to Terry Dobbs and Bobby Mayfield. This formula's properties include

marching in the Fall and expert golfing in the Spring and Summer.

Dwight Childress Alias the Scholar loves to help other people with their studies especially his with favorite course, Geometry. He has noticed that Larry Kilgore, Eleno Moran, and Janet Fox sometimes appear lost, so Dwight is helping them out by leaving them his vast mathematical knowledge.

Juniors seem to sink to all levels to avoid trials and tribulations. Like some even go as far as letting seniors take the blame for a missing head. Lenora Farris now takes this opportunity to leave all warning tickets to the rightful owner, Peggy Hiegelstein.

Everyone knows that one must thoroughly enjoy something to be good at it. The enthusiasm and love with which Gloria Ann Gilbert approaches seventh period typing class is left to Kay Fox in order that she may be as efficient and great as Gags.

Gerald Chase in order to patch up future misunderstandings is smoothing the way tonight by promising Becky a bouquet of red roses. Hope we didn't start something Gerald.

Chuey really has something to be. He has finally reached seniorship. He leaves this great accomplishment to Jackie Montes and then to Simon Garza. He leaves some of his jovial spirit and winning ways!

Some people feel marriage is not for them — Fred Chandler is one of these. The seniors don't want him to lose his pleasant plumpness during his many years of bachelor hood, therefore Janie Edgerton is leaving her many talents in the homemaking fields.

We the Senior of 67 — being of sound mind and disposing memory, do hear by make and publish this our last will and testament.

Alone in a Field

A man alone in a field . . . making the field ready for spring planting . . . perhaps is closer to God than he realizes.

The field didn't "just happen." The earth didn't "just happen." Those fruit trees, laden with blossoms, didn't choose to bloom just because they wanted to look pretty.

Stop and think about it. In the natural order of life, little is left to chance. There is a precision about the very rotation of the earth itself. There is a miracle embedded in each blade of grass.

All about us is the unmistakable evidence of Creation, by a Master Hand. The man in the field is, in some ways, closer to this creation than many of us, yet he too may very well be unaware of it. We can all capture or recapture this awareness by going to church regularly.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Owners Warned To Be On Lookout For Pecan Tree Pest

State Entomologists of the Texas Agricultural Extension have warned that the pecan casebearer is ahead of schedule this year, according to county agent Pete W. Jacoby. In certain areas of the state the pecan nut casebearer appears to be about ten days ahead of normal schedule according to several area Entomologists.

Local people with pecan trees should check their trees closely for egg clusters and damage to nut clusters by casebearer larvae, advises the county agent.

Trees should be sprayed when the larvae have hatched from the egg clusters and prior to heavy feeding on the nut clusters for the best results and protection.

The French Provincial style home is spacious and equipped with every modern electrical convenience—from inter-com system to total year-round comfort conditioning. "It's very clean and most comfortable," the lady of the house says.

A feature Mrs. Swenson enjoys is the special lighting. "I certainly like the dimmer lights," she says.

The spacious 3600 square feet of total electric living space is operated at an average per month cost of \$71.51.

The Ozona Woman's Forum met Tuesday, May 2, at the country club with Mrs. Beecher Montgomery and Mrs. Oscar Kost as hostesses. A report was made by Mrs. John W. Henderson that gifts of appreciation had been given to all Adult Education instructors, and Mrs. James Baggett expressed gratitude to all those who helped to make the project successful.

It was announced that the kick-off breakfast for the Red Cross Drive would be at El Sombrero Cafe, Friday, May 5, at 9:00 a. m. and Forum members were asked to participate.

Mrs. Kirby Moore, president, presented the club with a first place award in Library Services Division, Education Department, won in District judging. This made a total of ten awards won by the club this year, with six of them being first place.

The group was accompanied by Mrs. Alvin Harrell who described plans for preservation of the old fort. A picnic lunch at the roadside park on top of Lancaster Hill terminated the event. Members discussed possible ways that the club might help the Crockett County Historical Survey committee to attain its objective in making Fort Lancaster a tourist attraction.

After the business meeting, two pantomimes were presented, "Quiet Please" and "Cross Your Bridge" or "Con-

tract Bridge at a Glance." The first pantomime was a library scene with Mrs. Montgomery cast as Brenda, the dumb blonde, and Mrs. Kirby Moore the librarian. Mrs. T. J. Bailey, Mrs. Lowell Littleton, Mrs. Pete Jacoby, Mrs. Arthur Kyle and Mrs. W. H. Whitaker played the parts of teachers and Mrs. Charles Williams, the nurse.

Mrs. P. C. Perner was narrator for the second pantomime, starting Mrs. John Coates as Muddle Millie, the bridge teacher. Players included a foursome of Mrs. P. L. Childress, Mrs. James Childress, Mrs. James Baggett and Mrs. Fred Hagelstein.

FAVORITE SPORT MEMOS

By A. R. Rutherford
The invention of the horseless carriage near the turn of the twentieth century gave rise to the development of our newer sports . . . auto racing. This sport appeals not only to speed fanatics, but to those who admire human skill and mechanical endurance as well. The world's first automobile contest was held in 1894 between Paris and Rouen, France. The following year, the craze hit America. On Thanksgiving Day of that year, a race was sponsored by the "Chicago Times-Herald." The winner, J. F. Duryea, went a distance of 53 1/2 miles in the astonishing time of 10 hours, 23 minutes.

Foreground, Impala Sport Sedan. Background, Camaro Sport Coupe and the Chevelle Malibu Sport Coupe.

Drive the cost of living down, without giving up all this.

Chevrolet's room, ride and price. When *Automotive News* made its annual roominess study, Chevrolet got the most points. It's roomier inside, they reported, than any other American car. The ride is Full Coil suspension smooth. And Chevrolet hardtops and convertibles are still the lowest priced full-size cars of this kind you can buy. **Chevelle's quick size.** It's quick to climb, quick to turn. Other mid-size cars might be like Chevelle, true. But they're not as low priced. And they're not made by Chevrolet with Body by Fisher, GM-developed energy-absorbing steering column, inner fenders and Full Coil suspension. **Camaro's road-hugging stance.** At its price, Camaro is the only sportster to give you wide-stance design. It rides steadier, clings to curves better, hugs the road closer. It's the roomiest car you can buy. Plus, you get a bigger standard engine.
