Kitty's Korner
 By Kitty Montgomery

If anyone had any doubts that diplomacy has become another name for hypocrisy, the recent telecasts of the United Nations in action should dispel them. After a week of watching the security council in action, it's obvious why the world is in the mess it's in, to say the least.

Watching the security council gave me a very insecure feeling. Everytime the United States delegate opened his mouth, almost all the other delegates stuck their feet in it. It certainly should be obvious to the American public by now that our huge give-away program that's labeled "Foreign Aid" has not enhanced our image in the least as far as the remainder of the world is concerned.

However, one comforting thought came out of the crisis and that is the fact that the side that talks the loudest and rattles the sabres most fiercely does not necessarily win the war. Egypt's Nasser should have learned this lesson. Whether he did or not remains to be seen.

Also, Isreal's speedy and concise victory over overwhelming numerical odds leads one to believe that borrowing their tactics might bring an end to the war in Viet Nam. However brilliant our present Secretary of Defense was in pushing an automobile manufacturing company to the front, his tactics have accomplished little in Viet Nam. I believe we should leave war to military leaders, diplomacy to diplomats, politics to politicians and let the Secretary of Defense return to Ford Motor Co.

I finally got around to visiting the museum, but had to leave before I saw everything. It really is most interesting and there is quite a large collection of items, but I will just have to finish taking it in some cold day next January. With the windows nailed shut and not a breath of fresh air, the heat and odor is stifling.

A water cooler cannot be used because of the moisture but a small refrigerated unit would certainly be a delightful addition and would, without doubt, attract more local visitors. Might also tempt tourists to stop by for another visit.

Seventy-five years ago there probably would have been no complaints about the heat, but let's face it, today's civilization is spoiled to comfort and it's pretty hard to enjoy anything these days with sweat dripping from the brow.

- k k -

Angle parking is dangerous in this modern age of powerful automobiles and should undoubtedly be banned in every town and hamlet that has a state or U. S. highway running through it. When a motorist has to drive out into the middle of an intersection to see if the way is clear because of automobiles and trucks parked at an angle, it's downright dangerous and often too late.

With angle parking allowed on Ave. E, which is also State Hwy 163 here in Ozona, there is hardly room for two automobiles to pass on opposite sides with any degree of safety with the exception of angle parking around the park which is recessed from the main street. (Continued on Last Page)

STATE CHAMPIONS — Pictured are members of the Crockett County 4-H Range Judging team which won the state Range Judging championship at the recent contest in San Angelo. Shown left to right are Alton Everett, Don Edgerton, Jesse Deaton, Eugene Vinson and Coach Pete W. Jacoby.

Information On Origin Of Place Names In Co. Sought By ETS Prof.

Residents of Crockett County were asked this week to help solve the mystery of the origins of several geographical names found on county maps.

The information is needed for a dictionary of Texas place names, including Crockett and the other 253 counties, to be published soon by the East Texas State University press. Before Dr. Fred Tarpley, professor of English at the university, submits his final manuscript, he is appealing to county residents for assistance in contributing information about several names with unexplained origins.

With the following exceptions, the reasons for the choice of approximately 200 names found on detailed maps of the county have already been determined: Bert Mertz Canyon, Big Canyon, Block 47 Oil Field, Buckhorn Draw, Childress, Clara Couch Cox, Farmer Oil Fields, Five-mile Creek, Government Canyon, Halet Oil Field, Hoover, Horse Canyon, Indian Canyon, Johnsons Run,

Lancaster Hill, Live Oak Canyon, Maggie - Neal Oil Field, Miller Ranch Airfield, Noelke, Noltke Creek, Olson, Olson-Clara Couch Oil Field, Owens Creek, Pierce, Pierce Airfield, Pikes Peak Draw, Pure-Bean-Vaughn-Ellen Oil Field, Ranch Oil Field, Scott Canyon, Shannon Grayburg, Shannon-Live Oak Oil Field, Simpson, Six Shooter Canyon, Todd Deep, Vaughn, Wege Oil Field, Wilkins Ranch Airfield, World-Powell Oil Field, World Wet Oil Field and Wyatt.

Dr. Tarpley, who started his research on Texas geographical names five years ago, has exhausted material available to him in history books, newspaper files, student research, and interviews with county leaders. He is hoping that the story behind the naming of the communities, creeks, and other geographical sites listed above can be explained before his book goes to press.

Information will be welcomed by Dr. Fred Tarpley, Department of English, East Texas State University, Commerce, Texas 75428.

Chamber Requests Listing Furnished Houses, Apartments

Requests for housing are pouring into the Chamber of Commerce, Hubert Baker, manager, reports, and a call is being sent up to all Ozonians who may have furnished houses or apartments for rent to list them with the Chamber.

Seven or eight unfurnished houses remain on the chamber's list but only one furnished house and two efficiency apartments are listed. Requests for furnished houses and apartments far outnumber those for unfurnished houses, Mr. Baker said.

Little Leaguers Open Hostilities In Second Half

Little League play resumed Monday with second-half games starting at 6:30 each Monday and Thursday. Ozona Oil, winning its fourth game in a row, defeated Flying W 12-9 and Moore Oil handed B&B a 6-2 defeat.

In the first game, Flying W took the lead, scoring 2 in the first and 3 in the second. The Oilers scored 1 run in the first and tied the game up with 4 runs in the third. The Ranchers came back in the fourth inning to take the lead again, 9-5, and the Oilers narrowed it to one run in the bottom. The Oilers tied the game in the fifth and scored 3 runs in the sixth to wrap it up. Chris Reeves was the winning pitcher and Timmy Evans the loser. Leading the hitting for the Oilers was Gerald Huff and for the Ranchers, Jeff Stuart, with 3 hits each.

Moore Oil led all the way in the second game with B&B, which was called in the fourth inning because of rain with the score 6-2. Mike Wellman and Saul Torres homered for the Oilers. Leading hitters were Richard Gonzales of B&B and Charlie Ramos for Moore Oil, with 2 hits each. Winning pitcher was Ned Stephens and loser was Melecio Martinez.

Minor League play resumed Tuesday with the Yankees downing the Dodgers 10-6 and the Giants nipping the Astros 10-9.

Miss Cindy Rink of Lubbock and Miss Wendy Rink of San Angelo are visiting this summer with Mr. and Mrs. Mike Miller. Both girls are nieces of Mrs. Miller.

Crockett Grass Judging Team Is Second In State

The Crockett County 4-H Grass Judging Team placed second in the State 4-H Grass Judging Contest held at Texas A&M last week. Members of the team were Jesse Deaton, Don Edgerton, Duwain Vinson and Eugene Vinson. Jesse Deaton was second high individual in the state contest.

Janie Edgerton placed fourth in the state contest at Texas A&M in Natural Resources Demonstration with a demonstration on Range Management.

Mary Jane and Mary Francis Martinez represented the county and district at Texas A&M in a team demonstration in Vegetable Preparation and Use but failed to place in the top three.

The 4-H member were accompanied to A&M by county agent Pete W. Jacoby and Donna Taylor, County Home Demonstration Agent At-Large from Ft. Stockton.

Mr. and Mrs. Tommy Sanders are spending the summer months in San Marcos. They will return to Ozona before the fall school term.

Ozonan To Head Study Improvement Course at Tex. Tech

An experimental course aimed at improving listening and studying skills, vocabulary and concentration was introduced recently to the Texas Tech campus at Lubbock.

The course is to be directed by Tom Fields, son of Mr. and Mrs. Al Fields of Ozona. Fields, supervisor of the reading improvement program in the Tech Counseling Center, said the five-weeks course resulted from his classroom observation of students whose vocabulary, listening and concentration habits impeded their ability to "attain their full learning potential." This is thought to be the only course of its kind in the country.

The pilot course will be opened to selected students who already have completed the reading improvement program's basic course.

1.42 Inches Rain Accompanies Violent Thunderstorm Activity

L. Armentrout, 67 Funeral Service Tues. Morning

Funeral services for Leonard Armentrout, 67, were held Tuesday morning from the Calvary Baptist Church with Rev. Harry Earles, pastor, conducting services. Burial was in Cedar Hill Cemetery under the direction of Janes Funeral Home.

Mr. Armentrout died Sunday night in Crockett County Hospital after an illness of several weeks duration.

A resident of Ozona for 55 years, he was born October 24, 1899 in San Saba. He did concrete work here for many years.

Surviving are 2 sons, Lee and Leonard Armentrout of Odessa; 2 daughters, Mrs. John Proctor and Mrs. Bill Alexander, also of Odessa; 3 brothers, Allie, Rocky and Elmer, all of Ozona and 11 grandchildren.

Wind, rain and hail lashed Ozona Monday night during a dazzling electrical storm that dumped 1.41 inches of moisture on the town. Hail damage was negligible. Heavier rains to the north

Four Indicted By Grand Jury In Called Session

In a called session of the Crockett County Grand Jury yesterday morning, four indictments were returned.

Clifford Brown was charged with driving while intoxicated, subsequent offense. He waived jury trial and pleaded guilty. He was sentenced to one year in the penitentiary by Judge Charles Sherrill during an afternoon session of the 112th District Court.

Juan Rodriguez, Jr. was indicted for murder in connection with the death of Thomas Mar. Trial date was not set.

Indicated for theft was John M. Peacock, in connection with the theft of Al Loudamy's pick-up from his home several weeks ago. Peacock is presently being held in Del Rio on charges of car theft.

Four Mexican nationals were indicted for theft by the grand jury. Judge Sherrill released them to the Border Patrol for deportation proceedings during the afternoon term of court.

11 Ozona Boy Scouts Attend Camp Fawcett

Eleven Ozona Boy Scouts of Troop 153 spent seven days at Boy Scout Camp Fawcett at Barksdale. The boys held a perfect camp inspection record over all other units and participated in their flag ceremony, skit, archery and rifle meets, conservation program, Indian and cowboy war, ghost hike and swimming meet.

Advancements were made by all the boys to either first class, star or life scouts. Chuck Womack succeeded in passing his board of review for the Eagle Scout rank and two boys were tapped out for the Order of the Arrow — Cuatro Davidson and Donald Olson.

Five boys completed the Boy Scout Life Guard award. They were Fred Deaton, Donald Olson, Bill Edgerton, Chuck Womack and Cuatro Davidson. Merit badges completed include conservation of natural resources, wildlife management, lashing, mapping, swimming, signaling, first aid, rowing, life saving, canoeing, and stars.

Saturday morning the camp held its annual meets. Ozona won the rifle meet with its five member team. Fred Deaton, Donald Olson, Bill Edgerton, Cuatro Davidson and Curtis Weant. They placed second in archery with Cuatro, Chuck Womack, Donald and Gerald Olson. The swimming relay team also won second with Chuck, Donald, Cuatro and Curtis. Bill Edgerton placed 3rd in the underwater swim, Chuck first in the breaststroke, Cuatro fourth in back stroke, Donald fourth in side stroke and Curtis fourth in the breast stroke. The canoe team participated but failed to place after abandoning their canoe.

The eleven boys taking part in the week's excitement were Curtis Weant, Donald Olson, Gerald Olson, Rodney Walker, Bill Edgerton, Fred Deaton, Cuatro Davidson, Rick Hunnicutt, Stanley Flanagan, Dan Davidson, and Chuck Womack. The adult leader who spent the week with the boys was Chick Womack.

made Johnson Draw almost impassable except for the bridge on Hwy 290 and several vehicles stalled during the morning Tuesday trying to cross on the low-water crossings.

The flush flow in the draw quickly ran down but continued its flow as flood prevention dams north of the city released the impounded flood waters slowly through the draw-down tubes. As a result of the 4-inch rains in the Johnson draw watershed, all of six of the dams on the main draw held back flood waters and released them gradually, preventing possible overflow of the draw through town. Gurley draw which flows from northeast through town to join with Johnson draw at the south edge, also flowed at a lively clip, but its flood waters were also held back by the control dam on the W. E. Friend ranch.

North of town the Vaughn ranch reported 3.80 inches of rain, with varying lesser amounts reported nearer town. West and slightly north on Howard Draw, the Vic Montgomery ranch received a 3-inch fall while the P. L. Childress ranch, also on Howard Draw recorded 2.50 inches.

Ranches east of town reported three inches or better, with the Demp and Ralph Jones ranches recording 3.50 inches.

South of town the rainfall was much lighter and no rain was recorded past 12 miles. No rainfall was reported in the southwest portion of the county, the fall extending west to about Bachelor Hill.

Tigers Trim Del Rio And Eldorado In Weekend Series

The Ozona Tigers chalked up two straight wins over the past week. Friday night on the Powell Field diamond they roundly thrashed the Eldorado Eagles 17-2. Sunday afternoon in Del Rio in a 12 inning game, the Tigers finally emerged the victors 13-12, over the Del Rio Rams.

With neither side scoring during the first three innings Friday night, the Tigers broke loose and chalked up 4 runs in the fourth. They came back in the fifth and really got hot. When the smoke cleared the Tigers had a 13-0 lead. They scored again in the sixth and seventh and twice in the eighth.

The hapless Eagles finally eked out two scores in the ninth to avoid a shut-out. Sunday afternoon it was another story. The Rams scored five runs in the first inning to the Tigers three. A real thriller, the game see-sawed back and forth and the teams were tied at 12-12 in the bottom of the ninth. Both teams went scoreless in the tenth and eleventh, but the Tigers broke the tie in the twelfth. Winning pitcher was Rudy Martinez and the loser was Bobby Garza. Tony Garza hit two home runs for the Tigers, the only homers in the game.

The Tigers will take on the Dorados of Odessa next Sunday afternoon at Powell Field.

Tippett Field, Mitchell Area Activity Zooms

A Crockett County confirmation flowed oil and gas on a drillstem test and a dual pay opener in the same area continued to test.

Gulf Oil Corp. No. 5-E J. H. Tippett, in 36-31-H&TC, one location southeast of McKee and Ellenburger production and one location northeast of McKee, Ellenburger and 5,000-foot detrital production in the Tippett, West multipay field of Crockett County, nine miles southeast of McCamey, flowed 30 barrels of oil in 30 minutes, plus gas at the daily rate of 465,000 cubic feet, on a drillstem test in an unidentified zone.

Gas surfaced in five minutes, mud in 26 minutes and oil in 30 minutes, flowing the above gauges on a ½-inch choke, on the one-hour test at 5,037-77 feet. Recovery was 180 feet of oil and 600 feet of heavily oil and gas-cut mud. Flowing pressure was 378-711 pounds; (Continued on Page Six)

Mr. and Mrs. Alton Smith of Akron, Ohio, Mr. and Mrs. Carlton Smith and children of Imperial and Mr. and Mrs. Ivy Smith, Jr., and children of Kermit were visitors in the Ivy Smith home the past week.

REGULATION BY EDICT

The Federal Communications Commission has ruled that radio and TV stations which broadcast smoking commercials must provide air time to anti-smoking programs. The FCC will permit the stations to try sell time for the anti-smoking programs, but will require that if no sponsor can be found the time must be provided without charge.

Of course, the first thing that comes to mind is, when will magazines, and newspapers, including this one, face similar coercion? Will we be ordered to furnish equal space for anti-smoking advertisers, free, if we accept tobacco advertising?

And if such an edict can be imposed with respect to tobacco advertising, what product or industry will next be singled out for attack? Candy, maybe? There are those who make a strong case against eating candy, alleging that it causes overweight, cavities of the teeth, a tendency to diabetes, etc. Will the FCC or some sister club of bureaucrats in Washington tell radio, TV and this newspaper that if we accept candy advertising we must make equal space available to the critics of candy eating?

Prohibition, which President Hoover described as "an experiment, noble in purpose," provided abundant proof that man cannot be coerced into goodness by legislation. So the FCC is going to try a new approach: the bureaucratic edict. Clearly bureaucrats can issue more edicts than Congress can ever find time to pass into law. Already the proposals tossed into the legislative hopper of the Congress far exceed the capacity of Congressmen to give intelligent consideration to more than a fraction of the measures upon which they must pass judgment. The bureaucratic edict will by-pass Congress and speed things up. Whether or not such edicts are discriminatory, or even constitutional—why that determination can be stalled for years in the courts through appeals, retrials and delaying tactics.

In case you have forgotten, we remind you that the anti-smoking controversy was initiated by none other than the United States Government, through the office of the Surgeon General. And Assistant Attorney General Donald F. Turner, of the anti-trust division, has been wanting to regulate corporate advertising anyway.

The FCC has shown him how to do it simply by edict.

PLEA FOR PERSPECTIVE

If you are one of those who thinks that the world is being taken over by a hairy subhuman species with atrophied brains and overdeveloped vocal chords—cheer up! It just isn't so.

Those exhibitionists whose antics consume so many acres of newsprint and distort so many TV screens rate the attention they get through a basic law of big city journalism: they're freaks. If New York's Central Park, for example, were invaded by some little green men from Mars, they'd get every bit as much attention as those intellectual types who, with and without gee-tars, protest too much. Much too much.

Indeed, those other freakish types would probably make more sense. We don't know what kind of grunts or wheezes a Neanderthal man, an Abominable Snowman or a man from Mars make. But we do know what comes out when the far-outs and the dropoutst open their hairy mouths. And we think we could learn more from a mentally retarded relic of the stone age.

Which brings up a question that has us baffled. To

Miss Sandra Lynn Ellis
... bride-elect of Pleas Childress III

Pleas Childress, III
Miss Ellis Plan
August Wedding

Mr. and Mrs. Grady Ellis of O'Brien have announced the engagement and approaching marriage of their daughter, Sandra Lynn, to Pleas Childress, III, son of Mr. and Mrs. Pleas Childress.

The couple will be married August 5 in O'Brien.

Miss Ellis is a graduate of Hardin-Simmons University in Abilene where she was president of Beta Gamma Epsilon social club, rodeo sweetheart in 1966 and University princess in '66 and '67. She was Kappa Phi Omega sweetheart in 1967 and listed in Who's Who in American Colleges and Universities.

The prospective bridegroom is a graduate of Ozona High School, East Texas State College and attended New Mexico State College and TCU. He is a member of Sigma Alpha Epsilon social fraternity.

Mr. and Mrs. Bob Bryan of Houston have been guests of Mrs. Bryan's parents, Mr. and Mrs. Bailey Post.

Onion Skin Paper at the Stockman office.

Washington
News Letter

Congressman O. C. Fisher

Savings Accounts by men and women in military service abroad have become a popular practice. It encourages savings from monthly pay checks and provides a convenient way for those in the service to hold on to some of their earnings.

An inequity in the law which permits this practice was recently called to my attention—and steps are now being taken to amend the law. At present such regular deposits for savings are not permitted by those who become missing in action or prisoners of war. Their monthly pay is held for them (or their heirs, if something should happen to them), but no interest accumulates as would be true if the savings procedure is followed.

A committee of which I am chairman is now considering this inequity. We propose to correct this flaw in the law. Let us hope there will be little occasion to make use of the amended provision after we enact it.

This same committee recently obtained passage of

another amendment which will allow the government to pay the costs of school tuition and transportation for dependents of military servicemen overseas, where local schools are not available. Such payments may now be made for dependents of civilian U. S. personnel abroad. But not so with military dependents. This obvious inequity is now in the process of being corrected.

YOUTH CENTER

The youth center will be open at the Civic Center each Friday night from 8:30 until 11:30 throughout June.

All high school youths are invited to attend, including those who will be freshmen when the school term convenes in the fall.

repeat, there is some reason for showing the reading and viewing public what the hipsters, the teeny-boppers and in-people look like. But why the compulsion to shove microphones in front of them to get their opinions? If the views of these kooks are worth dissemination, why not get some expressions from the equally brainy people who hang out on Skid Row and in some hobo jungles?

Report received here from Larry Don Montya, who is undergoing medical treatment in M. D. Anderson Hospital in Houston, indicate that his condition is critical. However, after the present series of treatments are finished, he will be transferred to the hospital here, possibly early next week.

LOST — Black Mohair coat-sweater. Left at Civic Center in March. Mrs. Brooks Dozier ph. 392-2152. 12-tfc

Mrs. Spot Friend is in a Houston hospital undergoing medical examinations.

OLD GLORY

The suddenly popular peacenik sport of burning the American Flag has inspired more indignant letters to editors of newspapers than anything we can remember. Now, from Los Angeles comes a revealing new kind of flag-burning story. It seems that some young patriots out there wanted to rally a big crowd for a meeting on the U. of California campus. They systematically contacted all the patriotic and veterans organizations in the area advising that there was going to be a flag-burning on campus: the "red, white and blue" was going to be burned.

As hoped, there was a giant turnout, including unwashed peaceniks for whom burning the "red, white and blue" is exciting fare. On the speaker's platform, a young veteran made a short speech condemning imperialism and totalitarianism—no countries mentioned—and then proceeded with the promised flag-burning: first, the red: a Communist flag; next, the white: the Nazi flag. The leftists who attended were thrown into panic. When the blue, the U N flag, was hoisted for burning there was a riot. But the young patriots had made their point.

Mrs. John Zimmerman
... nee Miss Barbara Kirby

Miss Barbara Jane Kirby Becomes Bride Of John Charles Zimmerman In Ceremony At Methodist Church

Miss Barbara Jane Kirby, daughter of Mr. and Mrs. L. D. Kirby, became the bride of John Charles Zimmerman, son of Mr. and Mrs. Kenneth Zimmerman of Austin, in a formula candlelit ceremony at the Ozona Methodist Church Saturday afternoon, June 8, with Dr. R. F. Curl officiating.

The bride, given in marriage by her father, was lovely in a floor length A-line gown of white silk organza over taffeta. The bodice was white lace encrusted with seed pearls. Over the gown she wore a chapel length coat with the train extending from the shoulders. The coat was also trimmed with the pearl encrusted lace. She wore a elbow length full veil of silk illusion attached with organza rosettes and lilies of the valley. She carried a cascade bouquet of white orchids.

Kay Kyle served as maid-of-honor. Bridesmaids were Miss Joyce Cass of Lampasas, Miss Meredith Williams of Berkeley, California, Miss Loretta Kirby of Lubbock and Miss Melina Sue Dyer of Dallas.

The attendants wore identical A-line floor-length gowns of fern green silk organza over satin with long, sheer sleeves. They carried cascade bouquets of white carnations.

Flower girl and ring bearer were Kay Lynn White of Las Vegas, N. M. and Trey Dyer of Dallas.

Robert Simons of Austin served as best man. Groomsmen and ushers were Paul Frederick, Grady Rylander, Carl Gregory, Jim Arnold and William Watters, all of Austin.

Mrs. L. B. Cox, III, at the organ and Mrs. M. A. Barber with the violin furnished the pre-nuptial music. Mrs. John Bryant of Fort Worth was vocalist and sang "Wedding Prayer" and "Entreat Me not to Leave Thee."

The church was decorated with a large arrangement of white stock, carnations and glads on the altar and baskets of white flowers decorated the chancel. Three pairs of seven-taper candelabra flanked the altar. White tapers were used and greenery entwined the candelabra.

A reception followed the

wedding in the fellowship hall of the church. A small arrangement of white carnations in a silver bowl centered the registry table.

The bride's table was centered with an arrangement of white stock and carnations, flanked by three-tiered silver candelabra with white tapers. An arrangement of red roses centered the groom's table.

The couple left for a brief wedding trip after the reception and will be at home at 1907 Robbins Place in Austin after June 18.

The bridegroom is employed at the University Co-op in Austin where he is a physics and math major. He is a graduate of Austin High School.

The bride, a graduate of Ozona High School, is also a University of Texas student and is majoring in clothing and textiles.

Out-of-town guests attending the wedding included Roy Kirby of Cometa, Mr. and Mrs. Boyce Cass of Lampasas, Mr. and Mrs. Sam Dyer, Jr. and Pat of Dallas, Lt. Col. and Mrs. E. G. Kirby of Lubbock, John Bryant of Fort Worth, Mr. and Mrs. Jack Jeanes of Richardson, Mrs. Thelma Zimmerman and Mrs. Laura Mansell both of Austin.

Others were Mr. and Mrs. Robert Hite of Midland, Mrs. Mark White of Las Vegas, N. M., Mr. and Mrs. Charles Robertson and Mr. and Mrs.

Harvey Smith of Austin, Mr. and Mrs. Howard Kirby of Sonora, Mr. and Mrs. Nip Blackstone of San Saba, Mr. and Mrs. J. L. Smith and Ken of San Angelo, Mr. and Mrs. Ray Parks of Dallas, Mary Nell Taulbee of Odessa, Virginia Henderson of San Angelo, Miss Lee Roberts of Midland, Miss Elizabeth Cruisinger of San Antonio and Miss Helen Thompson of Austin.

Mr. and Mrs. Kenneth Zimmerman, the groom's parents, were hosts at the rehearsal dinner Friday night at the Civic Center.

FORTY-TWO CLUB

Mr. and Mrs. J. W. Johnson were hosts to the 42-Club at the Civic Center Thursday night.

Winning high score were Mr. and Mrs. Allie Lock; 84, Mr. and Mrs. Roy Killingsworth; low, Mr. and Mrs. Richard Flowers, and bingo, Mr. and Mrs. Herbert Kunkel.

Others attending were Mr. and Mrs. Ivy Mayfield, Mr. and Mrs. Cecil Hubbard, Mr. and Mrs. Leonard Boyd, Mr. and Mrs. Glenn Sutton and Mr. and Mrs. Max Schneemann.

Mr. and Mrs. E. H. Chandler spent the past week here in Ozona from their ranch in Sutherland Springs. While here they attended the graduation of their daughter, Mary Grace, from Texas Tech in Lubbock.

Miss Chandler is County Home Demonstration Agent of Coryell County. She resides in Gatesville.

Miss Janet North Shower Honoree

Miss Janet North, bride-elect of Lee Foster, was honored at a kitchen shower recently in the home of Mrs. Hillery Phillips. Other hostesses included Mrs. H. M. Phillips, Jr., Mrs. John R. Hunnicutt and Mrs. Arthur Phillips.

Out-of-town guests included Mrs. Worth Allen, Mrs. Tempton Foster, Mrs. Reynolds Foster, Mrs. Danny Welch, Mrs. James McEntire and Mrs. Rufus Foster, all of Sterling City; Mrs. Roy B. Davis, Sr., Mrs. Roy B. Davis, Jr., Miss Carol Davis and Mrs. Pierce Miller, all of San Angelo; Mrs. Karl

K. Kreamer of Houston, Mrs. J. O. Whitley, Jr. and daughter, Elizabeth of Beaumont.

Local guests included Mrs. Bob Childress, Mrs. Walter Augustine, Miss Mildred North, Mrs. Gertrude Perry, Miss Jacqueline Couch, Mrs. Larry Albers, Mrs. Robert Augustine and Mrs. W. W. West.

VIRGINIA HENDERSON HONORED ON BIRTHDAY

Virginia Lee Henderson of San Angelo was honored with a houseparty at the home of her grandparents Mr. and Mrs. T. J. Bailey, Sunday and Monday on the occasion of her tenth birthday.

Guests from San Angelo were Kathy Shelton, Lisa Gottlieb, Sheila Elrod and Kathy Horn. From Ozona guests were Suzanne Williams, Fawn Pennington, Tia Lynn Sharp, Deborah Clayton, Lori Clayton and Lisa Clayton.

Mrs. Mike Clayton entertained the group Sunday night with an ice cream party. They had breakfast at Memorial Park Monday morning, where they were joined by Helen Henderson and Mrs. Claude Russell.

The group spent the remainder of the day swimming.

JUST ARRIVED — For ladies and girls, Levi's new print hip hugger shorts, knee-knockers and long pants. Large variety of color combinations and wide selections of sizes. Ozona Boot and Saddlery. 13-1tc

Bridesmaids Brunch Honors Miss Kirby

A bridesmaid's brunch honoring Barbara Kirby, who became the bride of John Zimmerman Saturday afternoon, was held at the home of Mrs. T. J. Bailey Saturday morning.

Other hostesses were Mrs. Pete Jacoby, Mrs. Arthur Kyle, Mrs. J. A. Fussell and Mrs. Ted White.

A wedding slipper theme was carried out in all appointments, with the bride's chosen colors of fern green and white used.

Twenty-nine guests attended.

Pfc. Jim Baggett, son of Mr. and Mrs. James Baggett, returned to duty at Ft. Bragg N. C., last Sunday, after spending a 10-day leave here.

Baggett will begin a two-months training in a school of special arms at Fort Bragg the final phase in his training as a member of the Army Special Warfare Forces (Green Berets). Following the special arms training, he is due to go to officer candidate school.

Recipe of the Week From Kitty's Kitchen

Pecan-Avocado Mold

1 pkg. lime flavored gelatin
1 cup boiling water
1/2 cup sour cream
1/2 cup mayonnaise
1 cup broken pecans
2 or 3 cups mashed avocado
1 tbs. minced onion
1 tbs. minced celery
1/2 cup chopped green pepper
salt to taste
Dissolve gelatin with hot water and chill until the consistency of unbeaten egg white. Then whip until foamy. Beat in sour cream and mayonnaise until tho-

roughly blended. Fold in pecans, avocado, onion, celery, green pepper and salt. Pour into well oiled one quart mold. Chill until firm. Unmold onto serving dish and garnish as desired.

BIRTHS

New born babies:

Golf play was held Friday by the Association. Low net on the club trophy was won by Mrs. Jimmy Barbee. Winning balls in the day's play were Mrs. Dempster Jones and Mrs. Byron Williams. Other golfers were Mrs.

Frank McMullan, Mrs. Byron Stuart, Mrs. Charles Williams Mrs. Vic Montgomery, Mrs. Jaci Baggett and Mrs. Joe Pierce.

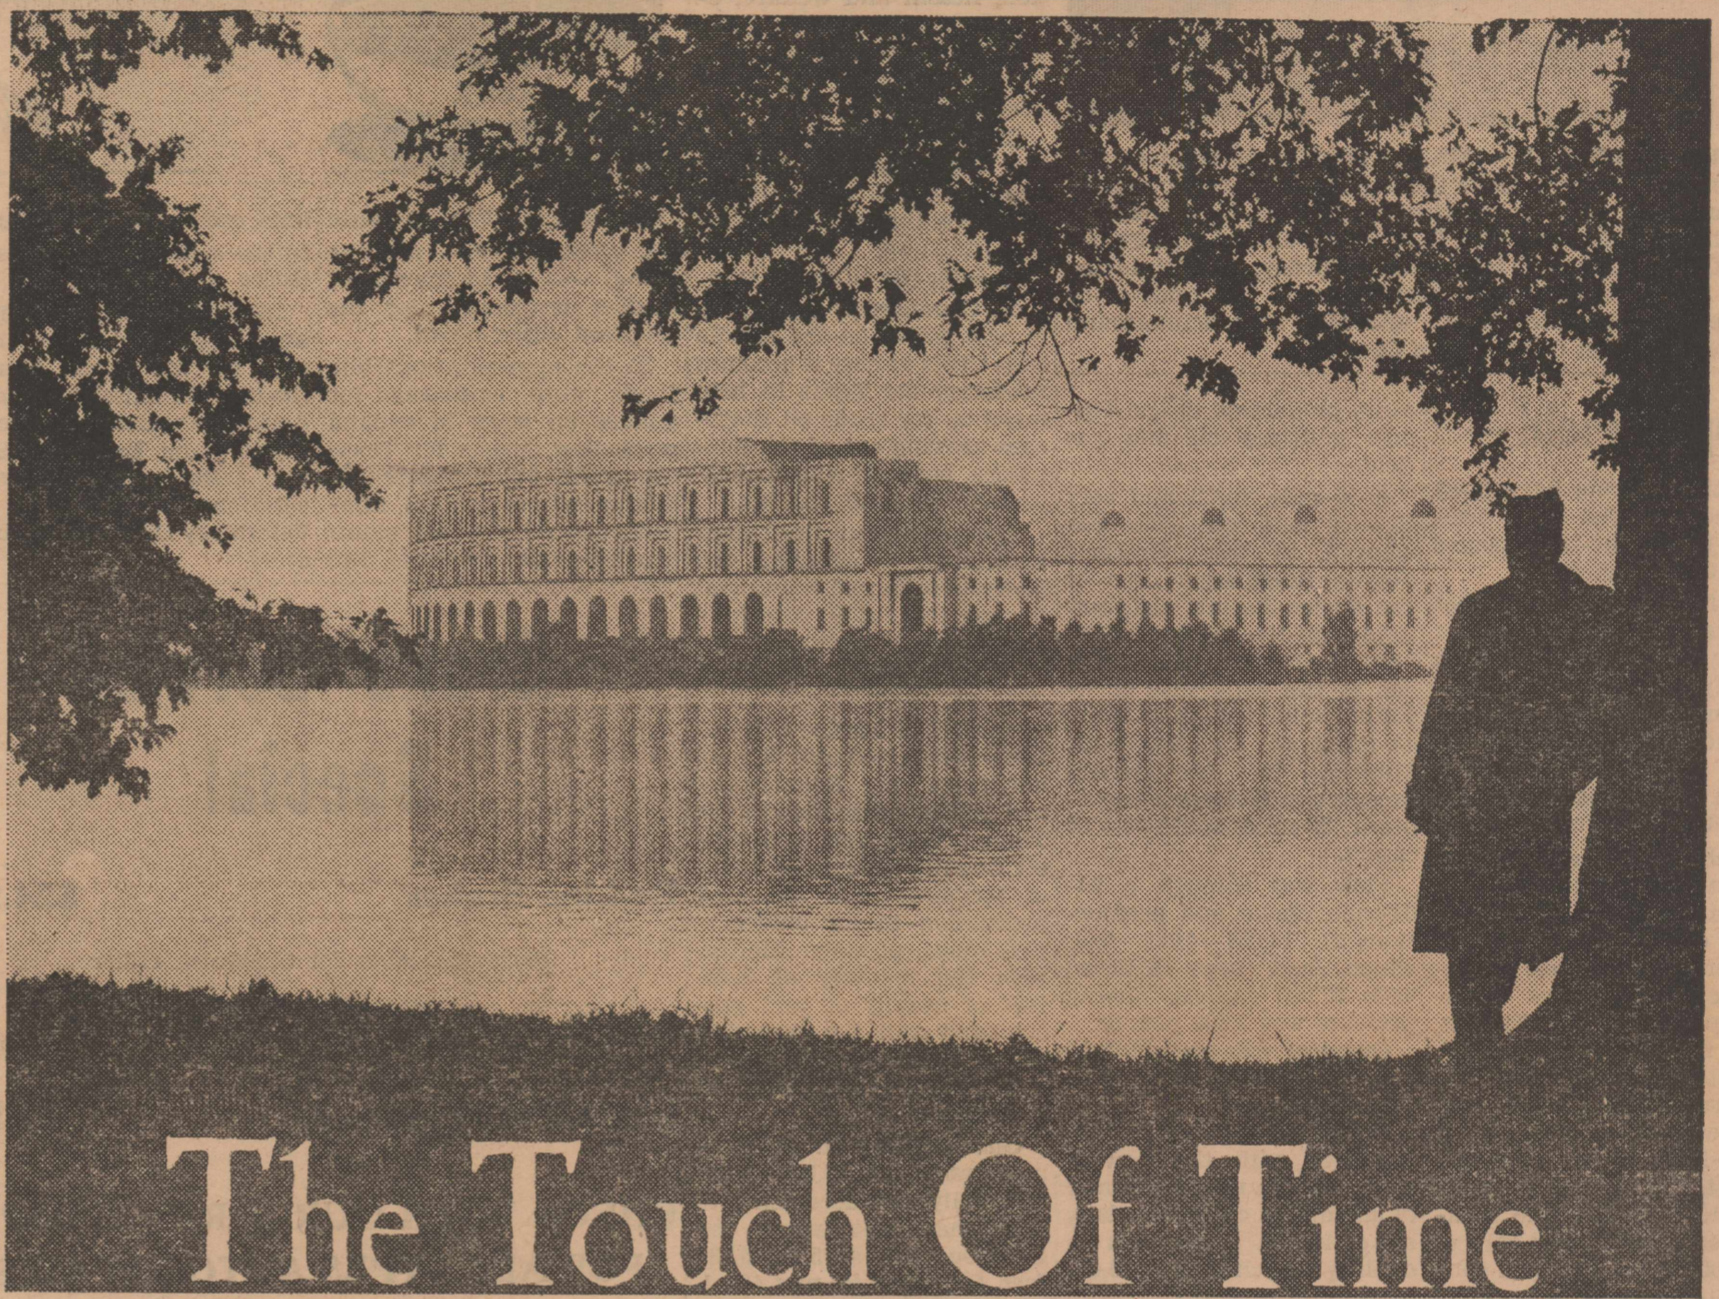

WATER CONSERVATION HD CLUB PROGRAM

Ozona Home Demonstration Club met in regular meeting in the Civic Center Monday afternoon.

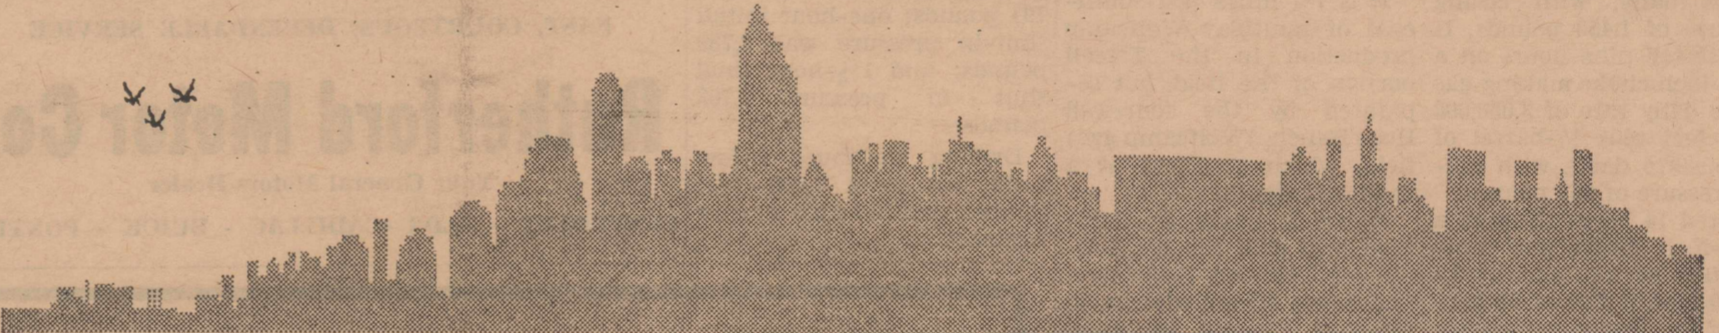

Mrs. Glenn Sutton presented the devotion and Mrs. Dwain Vinson read the prayer.

Kent Johnson presented the program on water conservation.

Other members present were Mrs. Maudie Couih, Mrs. Neil Davee, Mrs. G. D. Flanagan, Mrs. John Gilliam, Mrs. George Glynn, Mrs. Al-len Haire, Mrs. Sam Hous-ton, Mrs. Buster Loudamy and Mrs. Jack Mathews.

The Touch Of Time

What marvelous buildings has man erected through the centuries. What lofty and inspiring structures has he created.

But how many of these glorious accomplishments stand intact today? We can see famous ruins the world over — mute reminders that what man builds is not permanent.

Today our buildings contain great slabs of concrete holding hidden wire and steel that will not break with stress. But can we be sure that today's creations will be standing a hundred years or two hundred years from now? Of course not.

Of what can we be certain? What does last?

Certainly the gifts of God tower indestructibly today as they have for generations . . . the things of the spirit — faith, hope and love. Our church buildings may crumble or be destroyed, but the fellowship of believers is perpetual throughout the ages.

Discover for yourself the great spiritual truths. Discover for yourself through His Church, those things which endure forever.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

OZONA, TEXAS

ENGAGEMENT TOLD — Mr. and Mrs. Phillip Schneemann of Fort Stockton announce the engagement and approaching marriage of their daughter, Lynda Jo. to Richard E. Powell, son of Mr. and Mrs. E. F. Powell also of Fort Stockton. The wedding will take place Saturday, July 22, in the First Methodist Church of Fort Stockton. The bride-to-be is the granddaughter of Mr. and Mrs. Max Schneemann and of Mrs. Fleet Coates, all of Ozona.

Tippett Field —

(Continued from Page One) one-hour initial and two-hour final shut-in pressures were 2,386 pounds.

Earlier it recovered 90 feet of slightly oil and gas-cut drilling mud, 310 feet on heavily oil and gas-cut drilling mud, 120 feet of free oil and 20 feet of salt water on a test at 4,925-48 feet which flowed gas at the rate of 40,000 cubic feet daily.

Shell Oil Co. was continuing to test at its No. 1-36 Tippett, in 36-31-H&TC, assured dual gas distillate pay opener, one location southwest of the 5,000-foot detrital opener in the Tippett, West field.

Tested through detrital perforations at 4,950-60 feet, it flowed seven hours on a 16-64-inch choke, at 4,956-60 feet, it flowed seven hours on a 16-64-inch choke, making gas at the daily rate of 1,950,000 cubic feet and condensate at the rate of 24 barrels daily, with casing pressure of 1,450 pounds. It then tested nine hours on a 24-64-inch choke making gas at the daily rate of 3,050,000 cubic feet plus 1/4-barrel of condensate daily, with casing pressure of 950 pounds.

Tested 14 hours through a 16-64-inch choke and unidentified perforations at 5,050-60 feet, it flowed 59 barrels of 62 gravity condensate and 10 barrels of unidentified water, plus gas at the daily rate of 2.5 million cubic feet, with tubing pressure of 1,950 pounds.

Operator was preparing to acidize through Hueco perforations at 4,852-74 feet and test.

One of the field's detrital producers, 7/8 mile to the east was triply completed as a Hueco pay opener and a confirmation to 4,950-foot Wolf-

camp production in the Tippett multipay oil and gas field.

A 5/8-mile north and very slightly east extension was assured to the Crockett County Ellenburger area of the Brown-Bassett multipay field with the flowing of 190 barrels of load water, plus gas at the daily rate of 7,950,000 cubic feet, in 16 hours at Shell Oil Co. No. 1-109 Mitchell, in 109-1-I&GN, prospective Wolfcamp pay opener, 39 miles southwest of Ozona.

Flow was through a 20-64-inch choke and perforations at 13,057-14,022 feet, which had been acidized with 27,000 gallons. Tubing pressure was 2,800 pounds. Operator was preparing to perforate additional section, acidize and test.

Wolfcamp production was indicated with the flowing of gas at the maximum rate of 3.9 million cubic feet daily on a 1-inch choke when drilling reached to 10,477 feet.

It is 7 1/2 miles east-south-east of multipay Wolfcamp production in the Terrell portion of the field, but separated by the four-well Hoge Ranch, (Wolfcamp gas) field, which produces at a shallower depth.

James L. Lamb, Jr., Midland, will drill the No. 1 Owens, a 1,400-foot Soma sand and Seven Rivers wildcat, in Crockett County, 10 miles southeast of Iraan and 1/2 mile west of the Olson field, producing from the Grayburg-San Andres at an average depth of 1,828 feet, but separated by a 2,183-foot failure.

Location, exception to Rule No. 37, is 1,200 feet from the north and 990 feet from the east lines of 19-GG-GC&SF. Elevation is 2,583 feet.

Shell Oil Co. No. 1-34 Tippett, in 34-31-H&TC, 1/2 mile

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — A task force of federal officials, here for a conference on federal-state relations, got an earful from disgruntled state agency officials who complained of poor communication between Austin and Washington.

Gov. John Connally opened the conference by telling the men from D. C. that the federal grant system is characterized "by misunderstanding, disharmony and, in some instances, utter confusion."

Other state officials got down to specifics when the conference broke up into small groups to discuss intergovernmental coordination, health and welfare, education, water development, outdoor recreation, economic opportunity and manpower development.

Since the federal officials had been through similar sessions in 39 other states, they took the criticism without flinching.

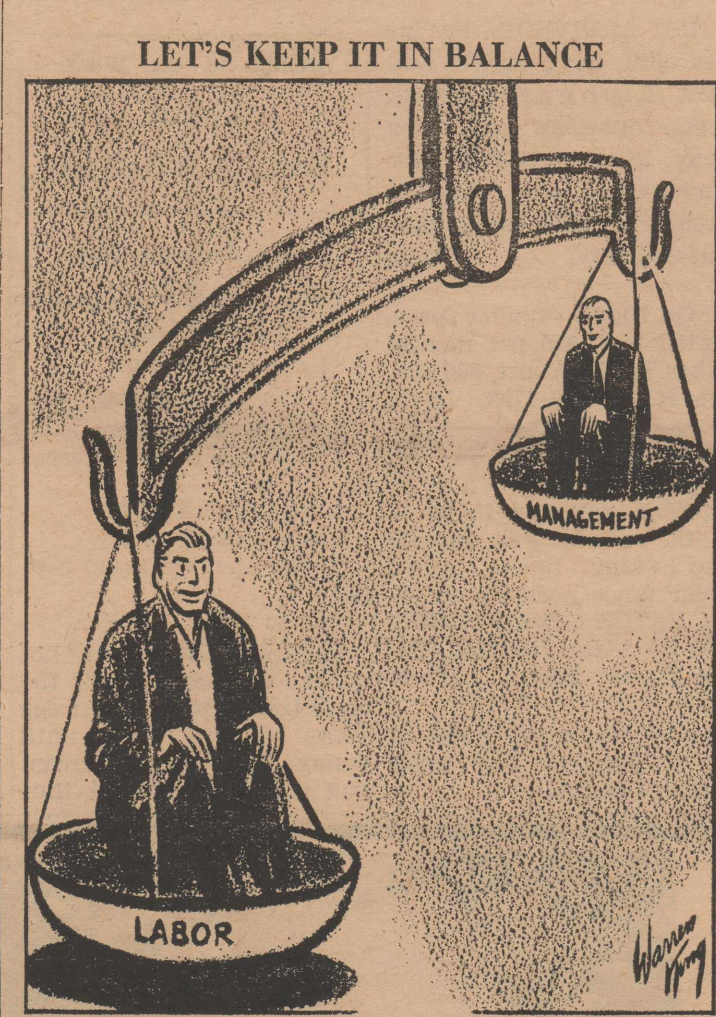

Enough Oil? — Texas Railroad Commission is keeping an eye peeled on the Middle East Crisis in case it becomes necessary for Texas to help make up for crude oil shortages growing out of the hostilities between the Israelis and the Arab nations.

Agriculture and the Urban Legislature — Although the lawmakers turned a proposal for creation of a coordinating board to study problems in agriculture, Agriculture

northwest of McKee and detrital production and 3/4 mile northwest of Ellenburger and McKee production in the Tippett, West field of Crockett County, nine miles south of McCamey, has indicated production in an unidentified zone, possibly McKee, with the recovery of 3,624 feet of heavily oil and gas-cut mud and the reversing out of 25 barrels of 42.3 gravity oil and gas-cut mud on a drillstem test.

Gas surfaced in 11 minutes, rated at 15,000 cubic feet daily and decreasing to 12,000 cubic feet daily on the one-hour test at 5,774-5,834 feet. Gas-oil ratio was 480-1. Flowing pressure was 294-791 pounds; one-hour initial shut-in pressure was 2,789 pounds; and 1 1/2-hour final shut-in pressure, 2,763 pounds.

Drilling continued below 5,942 feet on a 7,000-foot Connell and Ellenburger contract.

Commissioner John C. White was given the job — and the money — to make the sort of studies envisioned for the proposed super-board.

In the appropriations bill, funds were earmarked for studies on ways to expand marketing outlets for Texas commodities and research on boll weevil eradication, aflatoxin control, peanuts, plums peaches, dairy products, fire

ants, castor beans, vegetables cotton mohair, wool and statistics on county farms.

In addition, appropriations were bigger and better than ever for the Texas Animal Health Commission, A&M's Agricultural Experiment Station and Extension Service, salaries for teachers of veterinary medicine and the Veterinary Diagnostic Laboratory.

At long last wildlife management is finding a resting place with society.

We have come to recognize that wildlife management today has advanced to a point where it is an accepted fact. We have an abundance of game because of proper management and we may continue in that direction so long as we maintain that management.

Deer perhaps provide the best example.

A quarter of a century ago Texas faced the loss of deer hunting because the deer were disappearing. Ranches were overrun with does. Little or no attention was being paid to management of the crop.

Then things changed!

Today we actually have an over-population of deer in many areas.

It has been less than 15 years since wildlife specialists were able to convince some landowners and some hunters that the harvesting of doe was necessary. A few counties, under the regulatory authority program, permitted basis. Each year the number of permits increased, as did the number of areas where doe harvesting was permitted.

As a result the quality of the deer went up. Landowners realized that in management practices they could consider wildlife a crop. As a result, today Texas has more deer and harvests a greater number than any other state in the union.

Same thing has happened to fishing.

Through a continuous program of dam building Texas now has more inland water than any of the 48 contiguous states. That water has been stocked with game fish. A great deal of work has been done on attempts to control the trash fish also found in the waters.

It was a good thing, too. Today, with the new push for outdoors recreation, there are many more fishermen and potential fishermen than just a few years ago. And we have the fish for them, as a result of management practices paid for with funds that have come in from the sale of licenses.

This money has been plowed back into the program, the same as the funds collected on the sale of hunting licenses. It has been a self-supporting program, with the sportsmen of Texas carrying

the entire load of wildlife restoration and management.

Which brings us to the point to suggesting that the vigil on the use of these funds be restrained. They should not be sidetracked for other purposes. It is money paid by the sportsmen of Texas and any other use of it would be a misapplication of funds.

A great deal more work must be done in experimentation. For instance, efforts now are being made to introduce new upland game. These birds would supplement the quail rather than replace it. Some of these birds, partridges and pheasants, have done well in other states. They might also do well in Texas.

Similar work is being done in fisheries. Strippers and walleyes from other states have been brought in and introduced into Texas lakes. This has been going on for some time, through exchange programs with other states. So far not a great deal of progress has been made, but the work continues.

Who knows? Perhaps one of these fish will take over like the white bass (sandies to some).

White now are in abundance in practically every impoundment of any size within the state. They increase rapidly. They make a fine game fish and can be caught literally by the thousands any month of the year.

The walleye may be another fish that will take over like the sandies.

Meantime, black bass, spotted bass, carp and the various species of bream are plentiful. And blessed be the catfish, an old-timer with many friends.

Cuts Motor Vibration — Reduce vibration in your outboard by placing a mat between the outboard motor clamps and the boat transom.

You can get the necessary material free from a carpeting house.

Scraps of carpeting with rubberized backing make the best mounts.

oOo

RANCH RECORD BOOKS at The Ozona Stockman

OPEN MEETINGS NOW MANDATORY—Gov. John Connally signs Senate Bill 94 in the presence of Garth Jones, Associated Press; Sen. Chet Brooks of Pasadena, sponsor of the bill; Stuart Long, Long News Service, Austin; and Don Scarbrough, Williamson County Sun, Georgetown. All are members of Sigma Delta Chi, professional journalism fraternity, one of several groups that urged the bill's passage.

TIPS FOR OUTDOORSMEN
by Vern Sanford

Keep Slingshot Handy

Why not take a slingshot along on your next fishing trip? Get proficient with it and you can dispose of pests like turtles and snakes — and have a lot of fun doing it.

Use Yarn for Bucktail

To soup up lures, tie a three-inch piece of red yarn to the end hook on lures or spinners.

Paper Prolongs Boot's Life

Stuff those leather hunting boots with a wadded up newspaper before you put them away for storage.

Paper Retains their Shape

keeps wrinkles and creases out, and prolongs the life of the boot.

Stop Fire With Soda

Baking soda puts out a fire fast.

Fill a plastic bag with baking soda and stow it among the camping gear on board your boat.

Re-do Sluggish Baits

Got some old plugs that never seem to do their part in catching fish.

Borrow your wife's nail polish and doctor them up with

horizontal red slashes.

You might be surprised at the results.

Activating Zippers

A pinch of graphite on zippers of hunting and fishing clothes keeps them working smoothly in all kinds of weather.

Quickie Fish Cleaner

For a quickie fish cleaner, take a board about two feet square and screw or bolt a battery cable clamp to the plank — at one end.

Some battery clamps already have a hole bored in the handle.

Use the strong jaws of the clamp to hold the fish's tail while you clean.

Camouflage Face Too

Ever had your bare face spook game when you tried to sneak up close?

Streak your facial features with grease paint for effective camouflage.

Big Spoon — Good Scaler

An oversized tablespoon big enough for your hand to get a good grip on makes a fine fish scaler. It's particularly good on smaller pan fish.

Notch the handle for more effective scaling.

When Needed — Oil is Oil

In a pinch the dip stick of your auto will provide enough oil to keep your gun from rusting and keep your reel working another day.

Hot Sand Dries Boots

If your boots get wet in camp, try heating sand over the campfire in a tin can, then pour hot sand into boot.

Another but slower way is to stuff the boots with dry grass.

Emergency Hook Disgorger

A firm stick, about as round as a pencil and five inches long, makes an emergency hook disgorger.

Wrap line around stick several times, then slide stick down hook and twist hook tight. Push downward and you can back the hook out.

A "V" cut in the smaller end of the stick will help keep hook under control.

Imitation Mommy

A new-born puppy keeps everyone in the house awake the first night. An alarm clock wrapped in a towel will stop his crying. Puppy thinks the ticking is its mother's heartbeat so it sleeps all night.

Adds Life to Boots

Store boots on horseshoes to make boots last longer. Nail shoes so that the boot heels can be slipped into

them. Hang boots upside down, full length in cool spot.

Garlic Tempts Carp

Carp will bite doughballs better if you mix some garlic in with the dough.

Foil Adds Flash to Lure

Ever have a day when bass "tail whip" your lure but won't get hooked?

Try wrapping the lure with aluminum foil. That extra flash sometimes does the job.

Bottle Caps Make Scaler

For a handy fish scaler, nail some bottle caps upside down on a suitable wood handle. Rough edges of the caps strip off the scales.

Extra Shine to Spoons

After polishing spoons and spinners, keep them shiny by coating with natural-color liquid shoe polish.

Speeds Cleaning

Smear soap on outside of camp utensils before using them over the fire. Later the soot can easily be cleaned away.

Tire Pump Provides Oxygen

If your fishing trip takes you far from home and you want to carry live minnows with you, here's how to keep 'em alive for the duration.

Take along an ordinary tire pump. About every 30 minutes pump a few strokes into the bait bucket.

This added oxygen will keep the minnows lively.

Korean Truce Violations: Made Public recently was a copy of a letter from the Department of the Army. It states, in part: "A record has been kept of the Korean truce violations on both sides since Military Armistice of 27 July 1953. The violations as of 1 November 1966 are as follows: 2. The United Nations command has charged the North Korean/Chinese Peoples Republic with 5,300 violations . . . b. The North Korean/Chinese Peoples Republic have charged the United Nations command with 42,211 violations . . ."

That's an average of 70 alleged violations a day on both sides. Busy peace, isn't it?

WISH I'D SAID THAT

Speeds Cleaning

"An American is the most ambitious individual on earth. He works from morning till night, then moonlights on the side to keep his earning power up to his yearning power." — Afton, Wyo.) Independent.

"Many who are working on their income tax returns, at times wish the Indians had fought harder." — (Afton, Wyo.) Independent.

"A scientist says the world is cooling off. The world may be but the people are not." — San Juan (New Mex.) Review.

FAVORITE SPORT MEMOS

By A. R. Rutherford

Croquet is not quite so much the vogue these days. It serves primarily as a pastime for children. Not so long ago, however, it was quite the thing for adults to form clubs simply for the pursuit of the game. Furthermore, since it was the first game that proper young ladies could participate in in the company of the opposite sex, croquet became the "courting-game" of the Victorian era. Falling into unpopularity with the rise of tennis, the game was taken over and revised by the die-hard enthusiasts. This more difficult variation was called "rogue," and is still popular among many.

Mrs. Jesse Walter Aley, Jr.
... the former Miss Judy Ingham

Methodist Church Is Setting For Sunday Afternoon Wedding Of Miss Judy Ingham And Walter Aley, Jr.

Miss Judy Ingham became the bride of Jesse Walter Aley, Jr., of Winters Sunday evening, June 11, in an informal ceremony at the Ozona Methodist Church, with members of the immediate families present, Dr. R. F. Cur), pasto. officiated.

Parents of the bride are Mr. and Mrs. B. B. Ingham, Jr., and the groom is the son of Mrs. J. W. Aley and the late Mr. Aley of Winters.

The bride wore a street length cage dress of white ribbon lace over crepe. The jewel neckline was bound in crepe and small crepe bows formed the back fastenings. She wore a short veil of silk illusion with a satin bow head-piece and carried a bouquet of tiny white carnations centered with white orchid.

The bride's attendant was her cousin, Miss Nyla Dellrbry of Coleman. She wore

a blue lace suit with matching accessories.

Jerry Bratton of Brady served as best man.

A large arrangement of white stock and carnations decorated the church altar. A reception followed the wedding at the home of the bride.

Mrs. B. B. Ingham, III, sister-in-law of the bride, served the wedding cake and Mrs. Neville Smart, Jr., the bride's sister, poured coffee.

After a brief wedding trip the young couple will be at home in Winters, where the bridegroom is engaged in farming and is an employee of a feed company.

The bridegroom is a graduate of Winters High School and attended Angelo State College.

The bride, a graduate of Ozona High School, attended Angelo State and San Angelo Business College.

Social Security Beneficiaries Drew \$215,604 In County

A total of \$215,604.00 in social security benefits was paid to residents of Crockett County last year, up 3.4 percent from the year before.

At the end of 1966, 302 men, women, and children were receiving benefits at a monthly rate \$17,697.00, Ted F. Moellering, social security district manager in San Angelo, reported. "Two hundred twenty-one were older people," he said, "recovering benefits as retired workers, the wives and husbands of retired workers and as the surviving widows or aged dependent parents of workers who have died."

But social security is not just for older people, Moellering pointed out. Sixty-five young widows and children

in Crockett County were receiving monthly benefits amounting to \$3040.00 at the end of December. There were 16 disabled workers and dependents receiving benefits at a monthly rate of \$1450.

Kitty's Korner —

(Continued from Page One)

Anytime you try to gain access by way of any of the side streets you are taking a calculated risk.

Also, angle parking on some of the side streets, most so narrow that they should be one-way-only streets adds to the hazards of the Ozona motorist's safety. I understand that this dangerous situation has been permitted to exist because some people can't parallel park here. If this is true, I don't see how they got their driver's license. As I remember it, that was one of the requirements when I received mine. Maybe new examinations are in order for everyone who drives, as was suggested, but

not included in the State's new driver safety bill.

— k k —

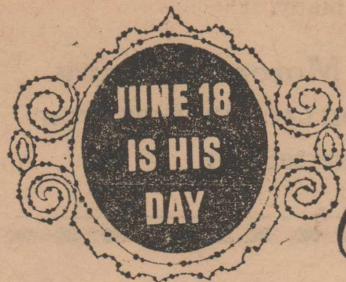

Well, as you may have noticed on the front page, the 5c Ozona Stockman has joined the 5c cup of coffee and the paper will be 10c per copy from now on. It's sort of sad, like breaking a tradition. But, as the boss says, "if it isn't worth a dime, it isn't worth a cent," and that pretty well reflects the pressure of inflation on prices.
