From the Wolfcamp, it was McCamey. finaled for 72.86 barrels of 38.5 gravity oil ,plus 37.54 barrels of water, with gasoil ratio of 6,176-1, through a 16-64-inch choke and perforations at 5,562-64 feet.

A gauge of 119.37 barrels of 38.5 gravity oil, plus 2.76 barrels of water and gas-oil ratio of 8,377-1, through a 13-64-inch choke and the above perforations, had been reported Aug. 16.

Originally scheduled in the Tippett, West (Ellenburger, McKee and 5,000-foot detrital) field, it was drilled to 6,036 feet.

Location is 2,980 feet from the northeast and 660 feet from the northwest lines of the southwest half of 38-31-H&TC.

The Tippett, West multipay field gained its ninth producer 5,000-foot detrital with completion of Gulf Oil Corp. No. 6-E J. T. Tippett, nine miles southeast of Mc-Camey, for a daily flowing potential of 210.45 barrels of 30.9 gravity oil, plus .69 barrels of water, with gas-oil ratio of 855.1.

Production was through a 12-64-inch choke and perforations at 5,008-10 feet, which had been acidized with 1,000 gallons.

Triple completion is being effected through McKee perforations at 5,858-60 feet and lower Leonard through perforations at 4,705-09 feet. Operator was running packer

leakage tests on both zone. Location is 2,630 feet from the northeast and 660 feet from the southeast lines of 36-31-H&TC.

Shell Oil Co. No. 1-37 Amacker Trust, in 37-31-H& TC, one location west of Gulf 4-E Tippett and 3/8 mile southwest of Hueco and 4,-950-foot Wolfcamp production in the Tippett field and 5,000-foot detrital in the Detrital in the Tippett, West field, has indicated production in an unidentified zone

Brilliant new styling • Dramatic new interiago. You will notice a brilliant improveors . Totally new instrument panel . Concealed windshield wipers . Improved variable ratio power steering . New disc brakes available . Wide choice of eleven exciting new body styles.

Now, enter a new era of luxury car performance. Cadillac's new 472 V-8 has the greatest torque, or usable power, of any passenger car engine and the newest combination of engine components since Cadillac pioneered the V-8 fifty-three years

ment in passing performance that in no way compromises the reserve of strength for Cadillac's usual power conveniences.

You will also be impressed with its amazing quiet—so remarkable that only its responsiveness reminds you that a great new engine lies under the hood.

Cadillac for 1968 provides, in addition, its well-proved triple braking system with finned drums to deliver smooth, straight stopping power. Front disc brakes are available for those who prefer the further refinement of an advanced disc-and-drum combination, and this year they're standard on Eldorado. You may also choose a greatly improved air conditioning system that moves more air more quietly.

Whether your preference is for one of

the more traditional modelsor the classic beauty of the Eldorado-come in soon and discovernew elegance and excitement in luxury motoring!

THE NEW 1968 CADILLACS ARE NOW ON DISPLAY AT YOUR AUTHORIZED CADILLAC DEALERS.

Dramatic! Distinctive! Daringly new!

Chevrolet Impala

'68s Top Secrets are here

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend grace-fully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE

And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Ex-haust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE There are new engines, a bigger standard Six and V8. There's a new

regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient per-formance in cold weather. And with every engine, you get the new GM exhaust emission control.

UNIQUE ASTRO VENTILATION

There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

warning light, plus many more new features. Among them: energy absorbing front seat backs, and safety arm-rests that shield the door handles.

MUCH MORE THAT'S NEW

There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now, You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!

ELECTRIC CONDITIONED LIVING • ELECTRIC CONDITIONED LIVING • ELECTRIC CONDITIONED LIVING

"Sold on the cleanliness!" says Mrs. John Barrows of San Angelo, Texas. The Barrows have lived in total-electric comfort for almost three years, and are pleased with the living! Pleased that it is so clean ... less dust. Pleased with the electric cooling and heating because it does such an "excellent job." Pleased that they can set the temperature controls one time in the summer, and one time in the winter and a constant temperature is maintained. The Barrows are pleased that there have been no service problems with the heating or cooling units, no cold spots in winter or hot corners in the summer. Both are especially pleased that the electric

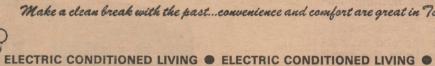

What people are saying about...

bill is so reasonable. Only \$42.31 per month average. That is the total operating cost for cooling, heating, lighting, laundry, water heating, cooking, cleaning and running all of the work-saving electrical appliances for a family of 5 - and Robert, age 15; Ken, age 11; and Bryan, age 10; are active youngsters who open and close the refrigerator a lot...need lots of clean clothes and open and close doors frequently. Seven room, 2300 square feet-just \$42.31 per month average.

Pontiac announces the great American sport for '68

Wide-Tracking has never been farther removed from just plain ordinary driving. One look at our stylish '68 Pontiacs should tell you that. One ride will convince you!

Our sporty new Tempests and Le Mans are new from the wheels up. There's a new 175-hp Overhead Cam Six. New sports car feel. Smoother ride. Superior stability and response. Disappearing windshield wipers on all GTOs and Le Mans. Even wider Wide-Track. And you can choose from two new regular- or premium-gas 350 cu. in. V-8s!

Our fabulous GTO boasts the neatest engineering innovation of the year-an exclusive revolutionary new bumper. It's the same lustrous color as the car. But it won't chip, fade or corrode. And you won't believe what this bumper does until you see it with your own eyes!

Naturally, our new Bonnevilles, Grand Prixs, Catalinas, Executives and Venturas won't take a back seat to anyone! Especially with their bold new integral bumper-grilles that are nearly twice as strong as before. There's also new Wide-Track ride. Improved handling. Smoother engines. And more new features for your protection, like a buzzer that warns you when you forget your ignition key.

Isn't it about time you decided to give up plain ordinary driving? Don't fritter away another hour. See your Pontiac dealer today and start Wide-Tracking!
