"A thousand horrors!" My recurring nightmare has come true. The deadline has past, my column isn't written and I am out of words.

However, I must carry on and fill up this space. I trust you will bear with me. If you can't force yourself, just lay it aside. I only know one person who was forced to read this column and that has been some years ago.

I'll never forget it and when I am forced to tell a funny story, it always comes to mind.

It was back when the deadline was Wednesday noon instead of Tuesday noon like it is now. I was rushing to get copy back to the linotype operator. That was back when we set the type for the paper on the linotype.

It started with the ringing of the telephone, this in itself is not unusual, as the phone rings constantly after the deadline, usually it's someone who forgot the deadline. However, this time it was a woman with absolute fury in her voice. She didn't identify herself, but must have known who I was. She said "I can't stand that (censored) column you write." A little shocked, I asked who twisted her arm every week and made her read it. She said "none of your (censored again) business," and hung up in my ear.

In the years that have followed, I have always wondered who would be mean enough to twist someone's arm and make them read this column. I guess I'll never know. Unless, of course, the old girl is still around and decides to call and tell me. Oh well.

kk
I've had a big disappointment this week. After weeks of turning on television, only to see the two heavy-weight contenders jawing at each other. Even on commercials yet. And picking up my newspaper to see a full-page spread of the two hurling insults at each other, the big fight is finally over. And, I am sorely disappointed that the two didn't knock each other out. After having to listen to all this, I got just as repulsed when I saw one as when I saw the other.

Frankly, I wouldn't have walked across the street to see it, but I am sure there will be post mortem upon post mortem and I'll probably be exposed to at least some of it. So if it couldn't end the way I envisioned it, it at least ended the next best way. At least old "what's his name" will be keeping his mouth shut for a spell.

I do have one parting word. If I had anything to say about it, there would not be an American boy drafted until Muhammad or Cassius Clay or

Ozona Lions Eye Track Meet Sat.

Coach John Richey's Ozona Lions will be loaded for bear at the Iraan track meet this Saturday after walking away with their own meet last Saturday.

The Lions chalked up 190 points to win Division I of the 19th Annual Ozona Relays. The nearest competitor was San Saba, coming in second with 52 points while Junction had 50 for third place. The Ozona Junior Varsity placed fourth in Division I.

Sonora edged Mason in Division II with a 97 point total and Mason was second with 83.

Wall won the Division III championship with 94 points, followed by Bronte with 60.

Athletes were hampered by the wind all day long. Times might possibly have been much faster but the wind with gust of up to 30 miles an hour, seemed to be a big factor in the meet.

The Lions' Chuck Womack set a new record in the pole vault with a jump of 13-9 and 3/4, which won him a first place and edged him from seventh in state to sixth.

Two more records were set in the meet, making one for each division. Wall's Benny Holik set a 22-4 record in the

Dr. Lewis Cole To Open Medical Practice Here Monday, March 15

A welcome to a new doctor was extended when the Hospital board met Thursday night at the hospital in regular meeting. Unanimous approval was given for Dr. Lewis Cole to become a member of the Crockett County hospital staff.

Dr. Lewis Cole, who has had a general practice in Ballinger for the past six years will arrive in Ozona March 15, next Monday, to take up his duties at the hospital. Dr. Cole has checked out favorably and has been approved by the credentials committee of the hospital.

He is a member of the Tom Green Medical Association and is presently a member of the staff at St. John's Hospital in San Angelo. His appointment to the staff of the local hospital was approved unanimously by the hospital board.

Dr. Cole's wife and two children will move to Ozona at the end of school. He has a son who is a senior in Ballinger High School and a daughter who is an eighth grader.

He will open his medical practice here shortly after his arrival.

In other business, three of the board members whose terms expired were reappointed by the commissioners court for two-year terms. They are Joe Couch, chairman of the board, W. T. Stokes, and Sam Perner.

Mrs. Huey Ingram has been appointed to serve the unexpired term of Tommy Albertson, who resigned. Board members with another year to serve are Frank McMullan, Jr. and Jim Peck.

The board approved a change in the contract between the county and Medica Diversified, having to do with the management agreement under which the hospital is operated, subject to approval of the commissioner's court.

Members discussed two doctors who were here over the weekend to look over the facilities for possible relocation in Ozona. One, a Dr. Adams of Brooke Army Medical Center who will be released from the service in May, has expressed a desire to practice in Ozona and is considered a good prospect. He has been practicing 20 years. The other, a Dr. Fannin from Crosbyton who was here Saturday, informed the board by letters to Fred Greer and Joe Couch, that he had decided against moving here at this time. Both letters expressed the doctor's appreciation of the courtesies extended to him and his wife over the weekend and he thanked both men for their interest in having him come to Ozona. He gave no reason for his decision.

A letter from the Tom Green 8-county Medical Association was read which recommended that all member hospitals discontinue the cigarette vending machines. The recommendation is backed by the American Medical Association and the Texas Medical Association. However, the recommendation was tabled by the board for the time being.

Spring Cleanup Set For Week March 22

The annual Spring Clean-up, sponsored by the Ozona Garden Club in cooperation with the Commissioners Court, has been set for the week of March 22.

County trucks will pick up rubbish, trash, unwanted items etc. from local residences and vacant lots throughout the week. There will be no need to call and there is no fee for this service.

However, refuse must be piled or stacked near the curb or where it is easily accessible to men and trucks.

High winds have scattered trash all over town, and seldom has a citywide clean-up been so necessary in Ozona. Club members urge home-owners and businesses alike to help with the clean-up.

Many out-of-towners will be in Ozona for the District Woman's Club Convention March 26-27, and Ozona's reputation as one of the loveliest and cleanest towns in West Texas is at stake.

Civil Defense Traffic Safety Man Is Speaker

John Lukert, field consultant with the Division of Civil Defense and Traffic Safety of the Texas State Health Department, will bring the program at the meetings of the Rotary Club at noon March 30 and the Lions Club at noon April 1.

Mr. Lukert will encourage community awareness and concern toward the life-death importance of well-coordinated Local Emergency Medical Services.

He will show a film "Before the Emergency" which dramatically illustrates the value of good emergency care to individuals involved in all-too-common emergencies. The film points out that an estimated 20,000 accident victims die unnecessarily each year as a direct result of inadequate emergency care and at least another 25,000 are permanently disabled from the same cause.

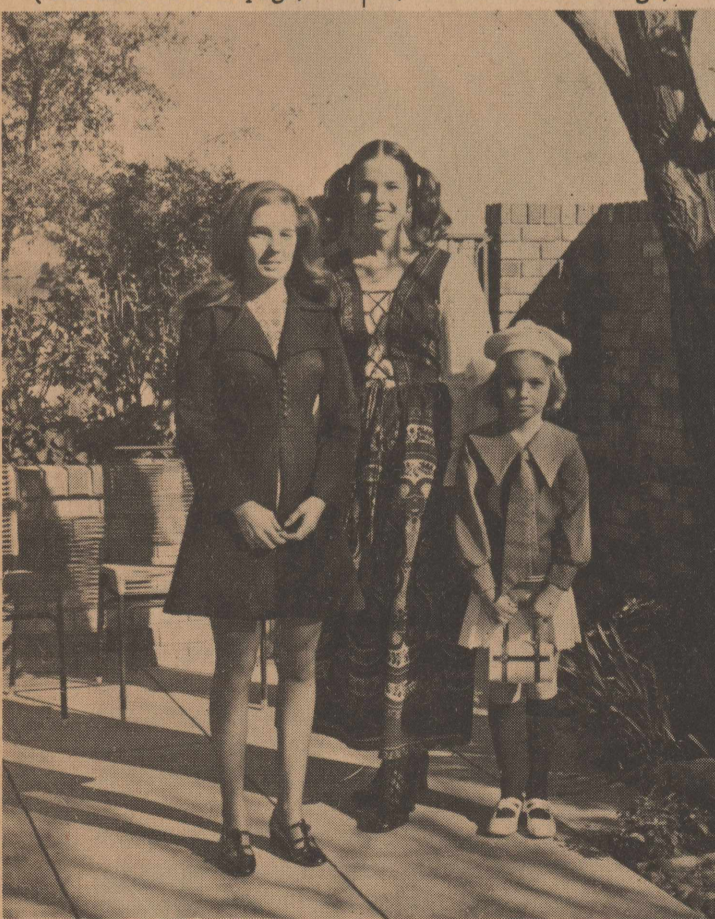

The film shows how a Wisconsin town set up outstanding rescue, ambulance, and hospital services and how these saved the lives of many school children in a mock bus accident. The film ends with specific suggestions as to how a city or town can bring its emergency care system up to a similar level.

SOUTHWESTERN UNIVERSITY CHOR TO PERFORM HERE

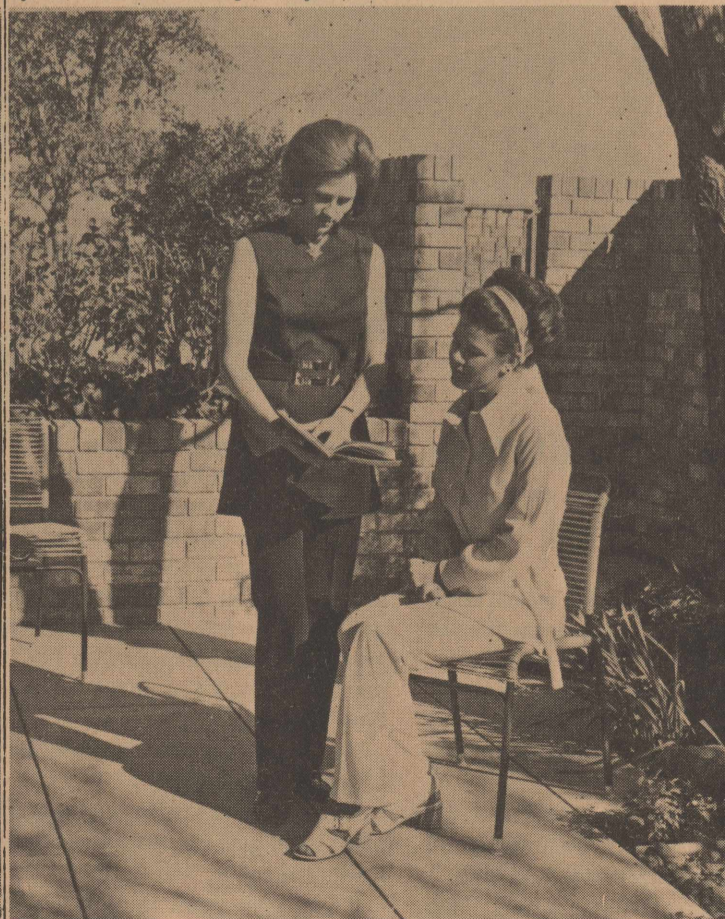

Rev. John Berkley, pastor of the Ozona United Methodist Church, announced that the A Cappella Choir of Southwestern University of Georgetown will present a "Service in Song" at the Ozona United Methodist Church Sunday, March 14, at the morning worship hour.

The group, which features 30 voices, will be guests of the church for the noon meal.

The public is invited to attend the service.

FASHION FAIR is the theme of the Forum's Style Show-Tea this year and it would be hard to find a fairer trio than the three sisters shown above. Debra Arledge, Lara Sue Arledge and Leanne Arledge, left to right, pose in the styles they will model in the show Saturday. Besides a full line of women's fashions, junior's and children's styles will be shown in abundance, including toddlers through teens.

PANT SUITS ARE THE "IN" THING - Mrs. P. L. Childress, III, and Mrs. J. L. Barbee discuss the Style Show format while wearing the outfits they will model in the annual affair Saturday at the Civic Center. They will join with around 75 other models in the Ozona Woman's Forum's annual Style Show-Tea which will feature a full line of spring and summer fashions for women and children.

WINTER WONDERLAND was created in the park last week when workmen left the sprinkler system on one warm afternoon. The temperature dropped to below freezing during the night and the park was covered with ice the following morning. Bright sunlight made a dazzling display. The above picture is the rose garden in the center of the park. The unusual ice formations lasted throughout the day, in spite of the sunshine.

WHY DON'T THEY ATTACK THE ENEMY?

Recently, when the freedom-fighting forces of South Vietnam crossed over the Laotian border to cut off the so-called "Ho Chi Minh trail," a few raucous voices were raised in Washington to sharply criticize the move. The attacks—by four U.S. Senators in particular—were leveled against our President, our armed forces, our Vietnamese allies and friends, and against the frightening thought that we might abandon our long-standing "no-win" policy. But nowhere have we read the slightest murmur of complaint or criticism, on the part of the four leading critics, against the communist enemy. The unavoidable question is: "Why not?"

The South Vietnamese forces found tons upon tons of communist military supplies, weapons and ammunition stashed away in caves, bunkers and tunnels, not more than 20 miles inside the border of Laos from free Vietnam—but hundreds of miles away from the Red supply bases in Communist North Vietnam and Red China. For reasons which we cannot understand, the noisy critics in Washington seem to have forgotten completely that in Geneva, Switzerland, on July 23, 1962, an international pact was signed by the official delegations of 14 nations, to guarantee the freedom and neutrality of Laos. The fourteen nations were the United States, the USSR, Britain, France, Canada, Communist China, Burma, Poland, North Vietnam, Cambodia, India, South Vietnam, Thailand and Laos.

The agreements, solemnly signed by North Vietnam, China, and the USSR, specifically stated, among other things that:

"They will not establish (in Laos) . . . any foreign military base, foreign stronghold or other foreign military installation of any kind," and

"They will not use (Laotian territory) . . . for interference in the internal affairs of other countries."

It is bad enough that the Red enemy is using the territory of Laos to set up supply bases for their weapons of death to be used against the peaceful nations of Cambodia, Thailand and South Vietnam. It is worse that they do so in complete and cynical violation of their own promises not to do so, made only nine years ago. If the noisy complainers in Washington are truly concerned with the preservation of world peace, why do they not attack and condemn the Communists who are not only "endangering world peace, but who are at the same time violating their own international agreements? Let the carping critics take their complaints to Hanoi, to Peking, to Moscow, and to the United Nations—and not to the White House or the Pentagon.

Now there's a new, small Pontiac with a small-car price for small-car lovers.

Upper left, Ventura II Coupe with special Sprint package you can order. Foreground, Ventura II Coupe (4-door Sedan also available).

Wouldn't you know it would be fun to drive, stingy on gas, quick to service and built to last.

Of course you would. We wouldn't build a small car unless we figured it would give you more of what you want a small car for.

Take that low price. Ventura II is a small car, so it has a low, small-car price. But it's what you get for that small price that makes Ventura II worth a close look.

Ventura II is fun to drive. It should be, it's from the Wide-Track people. Which means you get a smooth, comfortable, Wide-Track ride.

The handling's quick. There's a nifty 111-inch wheelbase for easy parking. And both the 250-cu.-in. six and available 307-cu.-in. V-8 respond beautifully in city traffic or on the expressway.

Ventura II is stingy with your gas money. Both the standard six-cylinder engine and the V-8 you can order run beautifully on regular gas or the new low-lead and no-lead fuels. The carburetor on the six is an economical one-barrel, and the transmission for both six and V-8 is a practical 3-speed manual.

Ventura II is quick to service. If you're a do-it-yourselfer, you'll like fiddling around with the new Ventura II.

New twist-lock lamp sockets let you make changes in seconds.

The engine is uncomplicated, and there is plenty of engine-compartment space, especially with the six.

If you ever need to have somebody else work on your car—well, you'll like Ventura II, too. Both the standard six and available V-8 are tough, time-tested designs. Same goes for transmissions. The standard 3-speed manual and the available 2-speed automatic, Turbo Hydra-matic or floor-mounted 3-speed are all rugged, dependable units.

Ventura II is built to last. There's nothing lightweight about this car. It's welded—not bolted—at hundreds of strategic points to help keep it tight and quiet.

The body is heavy-gauge steel. And it has double paneling in the deck lid, hood and doors. You could probably sum it up best with three little words. Body by Fisher.

So, come on. If you're a small-car lover, stop by your Pontiac dealer's today. Tell him you want to see the new Ventura II. It's the small car that gives you more of what you want a small car for.

Ventura II — It's Pure Pontiac!

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section 49-d-1 to read as follows: "Section 49-d-1. (a) The Texas Water Development Board shall upon direction of the Texas Water Quality Board, or any successor agency designated by the Legislature, issue additional Texas Water Development Bonds up to an additional aggregate principal amount of One Hundred Million Dollars (\$100,000,000) to provide grants, loans, or any combination of grants and loans for water quality enhancement purposes as established by the Legislature. The Texas Water Quality Board or any successor agency designated by the Legislature may make such grants and loans to political subdivisions or bodies politic and corporate of the State of Texas, including municipal corporations, river authorities, conservation and reclamation districts, and districts created or organized or authorized to be created or organized under Article XVI, Section 59, or Article III, Section 52, of this Constitution, State agencies, and interstate agencies and compact commissions to which the State of Texas is a party, and upon such terms and conditions as the Legislature may authorize by general law. The bonds shall be issued for such terms, in such denominations, form and installments, and upon such conditions as the Legislature may authorize.

(b) The proceeds from the sale of such bonds shall be deposited in the Texas Water Development Fund to be invested and administered as prescribed by law.

(c) The bonds authorized in this Section 49-d-1 and all bonds authorized by Sections 49-c and 49-d of Article III shall bear interest at not more than 6% per annum and mature as the Texas Water Development Board shall prescribe, subject to the limitations as may be imposed by the Legislature.

(d) The Texas Water Development Fund shall be used for the purposes heretofore permitted by, and subject to the limitations in Sections 49-c, 49-d and 49-d-1; provided, however, that the financial assistance may be made pursuant to the provisions of Sections 49-c, 49-d and 49-d-1 subject only to the availability

of funds and without regard to the provisions in Section 49-c that such financial assistance shall terminate after December 31, 1982.

(e) Texas Water Development Bonds are secured by the general credit of the State and shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

(f) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on Tuesday, May 18, 1971, at which election all ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to authorize the issuance of One Hundred Million Dollars (\$100,000,000) bonds to provide financial assistance to cities and other public agencies for water quality enhancement purposes, providing for the improvement and continuance of the water resources program, and establishing an interest ceiling on Water Development Bonds at 6% per annum."

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be by the Legislature deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of State funds for such purposes; provided that the maximum amount paid out of State funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of State funds paid for assistance grants for needy dependent children and the caretakers of the children shall not exceed Fifty-Five Million Dollars (\$55,000,000) during any fiscal year.

"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the State for these purposes, then and in that event the

(1) Needy aged persons who are citizens of the United States or noncitizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years;

(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;

(3) Needy blind persons;

(4) Needy dependent children and the caretakers of such children.

"The Legislature may prescribe such other eligibility requirements for participation

in these programs as it deems appropriate.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of State funds for such purposes; provided that the maximum amount paid out of State funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of State funds paid for assistance grants for needy dependent children and the caretakers of the children shall not exceed Fifty-Five Million Dollars (\$55,000,000) during any fiscal year.

(3) Needy blind persons;

(4) Needy dependent children and the caretakers of such children.

"The Legislature may prescribe such other eligibility requirements for participation

Legislature is specifically authorized and empowered to restrict such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this section shall be construed to amend, modify or repeal Section 31 of Article XVII of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this State."

Install gas air conditioning now?

Installing GAS air conditioning now means you'll beat the rush that always comes with the first hot or dusty spring day. While everyone else is waiting for the overworked installers you'll be cool, calm, and collected.

GAS air conditioning cools your whole house quietly and efficiently. You'll save on repairs, too, because there is no compressor to break down or wear out. And, GAS air conditioning cools your whole house for what you might have been paying to cool just two or three rooms before.

So, be foxy. Call Pioneer and tell them you'd like to find out more about installing GAS air conditioning in the winter. A representative will tell you what it will take to include it in your present forced air heating system. You may be able to use the same ductwork for heating and cooling. It costs nothing to get a complete survey of your home or business.

Tips For Gardeners

From The Ozona Garden Club By Mrs. Bailey Post

Again when the strong and unwelcome March winds hit us full blast, they discourage gardening, but let a beautiful calm day arrive and the windy days are forgotten. While driving around out city, observe the beautiful flowering fruit trees, shrubs, and rebuds. Too, make notes of some of the plants, bulbs, trees etc. that you want for your own garden.

Now that the little catkins are beginning to show on stems of the pussy willow, you can cut branches to root or cure in clycerin mixture. The catkins will remain attractive while new roots are forming. After a few weeks when roots are strong plant your cuttings outdoors in a sunny place where they can get plenty of water. Pussy willow is one of the easiest shrubs to root and also one of the fastest growing. It is hardy in the middle and upper south, if you plan to buy one of the plants, the shrub which grows to about 15 feet is Salix cinerea and the tree is Salix caprea. They grow satisfactorily in any fairly good soil containing average moisture.

The clematis vine is becoming more popular in our area, for they prefer a slightly alkaline or neutral soil. Plant them where their roots will be shaded from the afternoon sun. An east or north exposure may be best, but they do need some shade.

The urge to plant is exceeded only by the great variety of things available for planting. If you don't believe this, get a new catalog and turn the pages or go to a nursery.

When planting shrubs, don't forget they grow, so don't plant too close to the house where they will become crowded and ill-shaped. Another fault is planting too many, especially if they are small. The landscape will look a bit barren the first few years, but can be filled in with bulbs, perennials and annuals while the shrubs are growing.

From now until the 15th of March, pruning of roses should be finished except for the climbers.

Perhaps you read the article that noted roses are one of the easiest plants in the world to grow and thrive in every state in America. According to arboriculturists, the rose has been with us 35 million years. An amusing tale of commercial rose growers is the use of herds of sheep to defoliate the plants prior to harvest. The nimble sheep delicately chew away the leaves without damaging the canes. No machine or chemical has been found as yet that can improve upon them, better not try goats though.

Feed pansies liquid fertilizer now for many early blooms.

Finish thinning and pruning evergreens and soon the cuts will be concealed by new foliage.

If you plant by the moon, it is time to plant vegetables that produce food above the ground. Wait until dark of the moon to plant your potatoes, radishes, beets etc.

We congratulate the Girl Scouts in their interest and promotion of a national, state and local problem everywhere, their anti-litter campaign. Our community needs everyone to become involved in this effort for Spring Clean-up.

WOULD A FENCE HELP?

If we could build a fence around the world, would we respect our limitations and live happily with one another? Would we stop wars? Probably not!

You can fence in physical objects but not the minds and hearts of mankind.

Nor can we be forced to live in peace. Peace comes through practicing love, faith and tolerance — an understanding of God and His Church. Then, remember World Day of Prayer. Determine not to build a fence around yourself, or around anyone else. Instead, enlarge your horizons through the common voice of prayer.

What better place to start than in the Church?
