### Kitty's Korner

By Kitty Montgomery

Wow, when summer arrived, it came with a blast. Blast of heat that is. And with no rain in sight, it's liable to be a long, hot one.

When one watches the news on the boob-tube this week, featuring boys with long, flowing hair and girls in tight jeans and sweat shirts creating so-called civil disobedience in the nation's capital, one is forced to conclude that the silly season is indeed upon us.

Silly applies to the liberal legislators who try to reason with the dirty, unreasonable mob and sillier yet are our nation's lawmakers who allow rubble to sleep in the mall, loiter around on the senate office buildings and disturb the gallery while the Senate is in session.

If these people, the protestors, have a right to do the things they are doing in Washington, D. C., then every taxpaying American should have the right to refuse to pay taxes for the upkeep and repair to public buildings and grounds which are being wrecked by this unsavory element.

The war is at its lowest ebb, yet this group of people is shouting louder than ever. And, believe me, when the war ends, they will find another cause. They are revolutionaries pure and simple and their voices will not be stilled until they have wrecked this country and everything it stands for. And it does look like we are silly enough to stand by and allow them to do anything they are big enough to do while the networks go right along with them.

The only sensible words spoken by a national figure this week have come from Vice President Agnew, and we get his quotes from a cynical, tongue-in-cheek newscaster, who obviously disapproves.

The Democratic presidential hopefuls have fallen right in step and are busy voicing the radical line. If you didn't know that the war was escalating during two Democratic administrations and de-escalated by the present Republican administration, you would think for sure that President Nixon and his administration started the whole thing. Oh well, politics make strange bedfellows. This true, tis true.

Drama was enacted at Stuart Motor Co. last week, after officers were alerted that a bank robber was on the noon bus to California.

John Harris and Lavon Parker were disguised to appear as a couple of bus-riding passengers. John had his uniform covered up with a pair of white coveralls and a Dodge jacket, donated by Stuart, and Lavon's lawman hat and six-shooter belt were removed. After this transformation was complete, things got tense. The bus was fifteen minutes late and officers knew that the suspect was armed.

However, the bus arrived and John and Lavon got aboard. John spotted the suspect and took up a position behind him while Lavon made himself as comfortable as possible in the front of the loaded bus. With lightning speed, Harris had the man up and out of his seat before he knew what was going on and he was on the ground being frisked before most of the passengers were aware that anything out of the ordinary was taking place.

At least one man on the bus was overjoyed at the result and that was the driver. By some means he had been alerted about the suspect and expected officers in Sonora to apprehend him. After waiting around there as long as possible without creating suspicion, he got behind the wheel of the bus and drove to Ozona while keeping an eye on the suspect in the rear-view mirror. The old rear-view mirror. (Continued on last page)

## OHS Golf Team, Two Track Stars Represent Ozona In State Meet

The Ozona Lions Golf Team, winner of the Regional Class AA Golf Meet at Lubbock last weekend, will compete at the State Meet in Austin May 7-8 against three other Class AA regional winners for the state title in golf.

In Austin for the State Track Meet will be David Pagan and Chuck Womack, the two lion trackers who qualified for State at the Regional Meet in Lubbock. Pagan won the discus event and set a new record in Class AA with a throw of 159'9-3/4" and came in second in the shot with a throw of 51'6". Womack, with a pole vault of 14'2" set a school record in the event and broke the existing record, but came in second behind the winner, Larry Peatrel of Idalou, who had a vault of 14'6".

The golf team won the Regional title by one stroke up on Brady. At the end of the first day's play in Lubbock, the Lions were eight strokes behind Brady and ten strokes ahead of Big Lake, the district winner. In the final round of play Friday, the Lions pulled up on Brady to finish with a one-stroke lead and beat the district winner by 25 strokes.

The team score was 633. Individual scores were David Williams 151, Mike Williams 154, Rick Webster 159, Jim Montgomery 169 and Lesley Russell 177. The same five boys will make up the team at the State Meet with the lowest four scores counting.

They will tee-off at 8 a. m. both Friday and Saturday mornings at the Morris Williams Municipal Golf Course in Austin. Golf teams from all over the state, Class B to Class 4-A, will compete with four regional winners in each division.

The regional medalist from Floydada had a two-day total of 147. David Williams was third and Mike Williams, fifth in the competition for low medalist.

The team is coached by Charles Spieker. The Lion Track team took fourth place at the Regional Meet with 26 points. The only other individual winner besides Pagan and Womack was Mike Wellman who finished seventh in the 330 hurdles with a time of 41.4.

Ozona's sprint relay team failed to qualify when they dropped the stick in the prelims. David Sewell ran a 15.4 flight of 120 high hurdles and Robert Maldonado ran a 10.1 hundred and a 23.0 220 dash, both boys turning in their fastest times. Dean Shaw failed to show in the mile run.

Track coach John Richey was pleased with all performances, since most boys still have two years on the team.

**WASHINGTON NEWS LETTER**  
By Congressman O. C. Fisher

Many Americans applaud Martha Mitchell's reaction to the Supreme Court's recent ruling against the neighborhood school concept.

The wife of the Attorney General was appalled by the high court's action in holding that local public schools may be forced to bus youngsters away from their own schools, and make them attend schools across town for the sole purpose of achieving a better racial mixture.

The ruling applies only to southern schools (including Texas). The court declined to pass on whether this concept must also apply to New York, Chicago, Boston, and other cities where today there are a good many schools in which as many as 90% of students are black.

About the same time the court ruled, Senator Abe Ribicoff of Connecticut offered an amendment to a bill which would require the same integration rules to apply to all schools alike, throughout the country. The amendment was defeated.

Following the Supreme Court ruling I joined with others in offering a proposed constitutional amendment which would eliminate race as a factor in the assignment of students to schools. The same amendment would also prohibit the consideration of race as a factor in obtaining jobs.

In other words, the purpose is to assure that all Americans, of all races, be treated alike -- regardless of race.

## The News Reel

A re-run of "The Ozona Story"

as gleaned from the files of

"THE OZONA STOCKMAN"

Thursday, April 30, 1942

Under the supervision of the Crockett County Selective Service Board, a group of hard working registrars Monday registered a total of 287 men in the 45 to 65 age group in the national manpower survey of oldsters for possible non-military duties in the all out war effort.

Monday will be sugar sign-up day in Ozona. The day has been declared a school holiday in order that the populace may sign up for the first rationing book at one of the school buildings.

Seventy-five checks, totaling \$73,023.92, representing payments from the federal government to ranchmen in this county for range improvement work completed in 1941 under the AAA, have been received to date.

## Tips For Gardeners

From The Ozona Garden Club By Mrs. Bailey Post

Though it took courage and plenty of work to present a worthwhile flower show after the late freeze and hail, members were surprisingly repaid with the effort of everyone to have the best show possible. Visitors too, seemed to be pleased and interested in the exhibits, even though the horticulture specimens were marred from hail damage.

To have an extra special show, all feel there must be a fine section of roses, which are still considered the queen of flowers, but no Hybrid Teas were shown and very few others. A few lovely ones were used in artistic arrangements by Mrs. John Berkley. They were a gift from Mrs. R. A. Harrell--grown on her ranch south of town. We are grateful for all the non-members who brought their best specimens.

Now that you can see where the hail damaged plants, the shattered leaves, stems and debris should be removed. With warm weather the slow developing flowers should burst into bloom with a beautiful display of color. It may be safe to put tender plants and those in pots outside now, but be prepared to protect if a forecast of hail is given.

Some may have to replant their vegetable gardens; do so at once.

For good and quick results advertise in the Stockman.

## THANK YOU

Wouldn't you think after all the time I talked at the Masonic-Eastern Star party last Saturday evening, I had talked enough for a lifetime, but Oh My! I forgot to thank some people who contributed to the success of the party. Forgive me. I am speaking for my Chapter, as Worthy Matron, and for myself.

Would you believe C. O. and Fred, that you were included in my notes, but if you have never been before a Mike and lost your place in a jumbled series of notations, it is not easy to start again. I'm not that good and get sort of befuddled.

To you C. O. Spencer, thank you so very much for making stands for the Brave Bull and the Matador that were on our stage as part of the decorating scheme. We appreciate it more than words can tell. To you Fred Jones, the deepest appreciation for the Gay Caballero, or Spanish gentleman that you sketched and painted for us. You may not know it Fred, but your troubles may have just begun. With Gail as Worthy Matron next year, you might stay pretty busy. I personally

appreciated all the husbands who helped us with the party. Fred Baker, we thank you for the loan of the picture that hangs in your office. How nice of you.

I say thank you again to my Chapter who worked so hard for this event, and other things that you have done. I love you for it. I regret that some could not attend.

Grateful appreciation to Gene Williams, Larry Arledge and John Hunnicutt, for we certainly could not have had the party without the delicious food you prepared.

Richard Armistead, thank you for being so nice to us. If I have left anyone out, we wish to thank you also. Last, but not least, Master Masons of Ozona 747, you are just Great.

With these young pups, that worried look isn't real. You might call it a physiological illusion. The whole problem is that their heads haven't grown enough to fill out the wrinkles in their brows. But with people a worried look is usually real. It reflects the deep concerns that trouble our world and lives. Yet worry isn't going to improve the world. Its only real value is that it encourages us to seek solutions where they can be found. The best thing to replace worry with is FAITH. Through the centuries man has found hope and courage in the truths of religion. God never meant us to solve our problems alone. Perhaps our most perplexing problem today is that too many people have been trying to do just that!
