## Kitty's Korner

By Kitty Montgomery

Permissiveness is solely responsible for the prison riot in Attica, N. Y. and also responsible for the deaths which occurred as the result. Had action been taken immediately lost lives might have been saved.

We've gone pretty far down the road when we refer to murderers, thieves, robbers, and rapists as "political prisoners" and try to negotiate with them. It was obvious to most any television viewer that the prisoners who led the riot were on the level with a pack of mad dogs. Sending William Kunstler and Bobby Seale into the prison to talk to the rioters only added fuel to the fire and gave the two radicals national television exposure again.

It was a tragedy for the families of the nine white hostages, but the 28 dead prisoners only got what they were asking for. Had force been shown in the beginning, the hostages might well have been saved.

Nobody with a grain of sense would go up to a mad dog and try to placate him. Why in the name of goodness do our public officials attempt to negotiate with people of the same ilk?

Permissiveness and leniency on the part of officials at the prison created the atmosphere for the riot, and for this, the head man should certainly be removed.

This should also be a lesson to those pseudo liberals who think we should turn this nation's prison system into country clubs and speed rehabilitation. Most of our prisons are full of hardened criminals who are beyond rehabilitation. The facts in the most recent case bear this out.

Received a letter from former Ozonan Carl Conklin, changing his address in Houston. He is presently working with the District Attorney's office and enjoys his work, he says. "We handle 80 to 100 cases a day so spend most of our time in court," he writes, Carl says he likes it in Houston, but there is no place like Ozona.

We were showered with news Tuesday and things got pretty hectic around here. If something came in after noon, chances are you might not find it. We just ran out of space. I won't mention our Tuesday noon deadline again, but I will urge you to get your news in as soon after it happens as possible. Please and thank you.

STRONGEST BEAR --

## Gary Sutton Co-Captains Baylor Openr

Waco -- When you're accustomed to bench pressing 300 pounds and hoisting 260 with the military press, tossing around a 200-pound enemy fullback isn't considered a day's work.

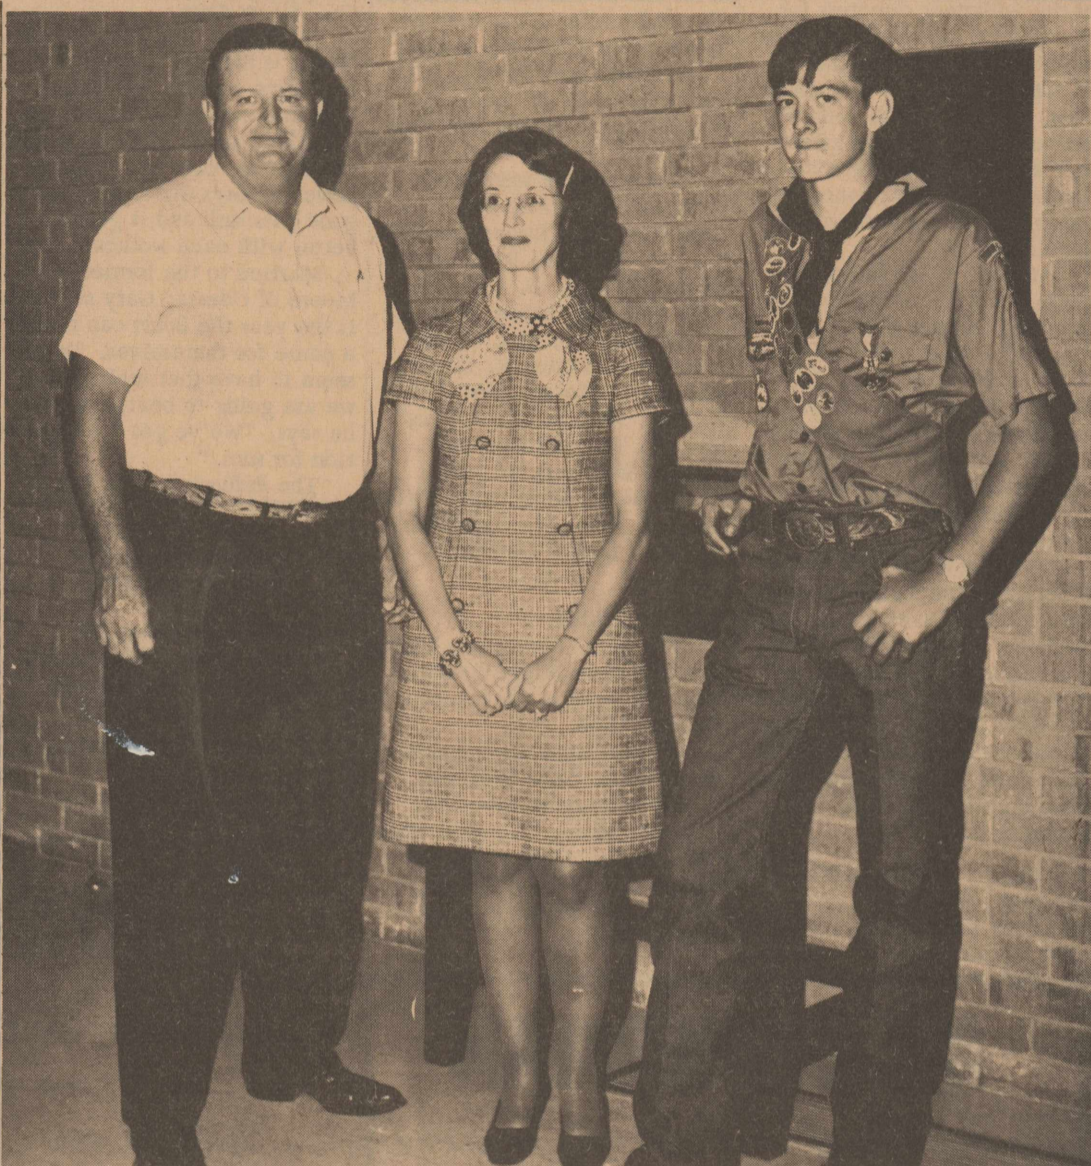

At least that's the thinking of rugged Gary Sutton, 6-1, 234-pound defensive tackle for the Baylor Bears who is one of the four co-captains for the opener against Kansas at Lawrence next Saturday.

Sutton says he's been bigger and stronger than other people his age since the days in the Ozona school system when he was the eighth grade fullback as a sixth grader. "That's when I found out I wasn't a runner," he grins.

The weight rooms at Baylor Stadium and in Martin Hall on the campus are credited with the increase in strength for the senior performer who got his first big start against the Texas Longhorns in 1969 and, according to defensive line coach Bill Hicks whipped his man most of the day.

Sutton spent the summer "doing everything but getting taller." He added 15 pounds to

## Open House to Observe Hiway Week in Texas

Governor Preston Smith has proclaimed September 19-25 as "Highway Week in Texas." By official memorandum Governor Smith pointed out that the Texas highway system encompasses some 70 thousand miles of the nation's finest roads and highways.

"These vital travelways are essential to the continued growth of the Texas economy and form the 'Backbone of Total Transportation' in the Lone Star State," the memorandum said, setting the theme for the annual observance.

Governor Smith cited the Texas Highway Department for more than 40 years of leadership in highway beautification and safety, service and efficiency of the highway system.

He described the Highway Department as "The State's Largest Gardener" which plants more trees, wildflowers and ornamental shrubs than any other organization in the State.

Governor Smith urged "all citizens to lend their support to the highway program and the Texas Highway Depart-

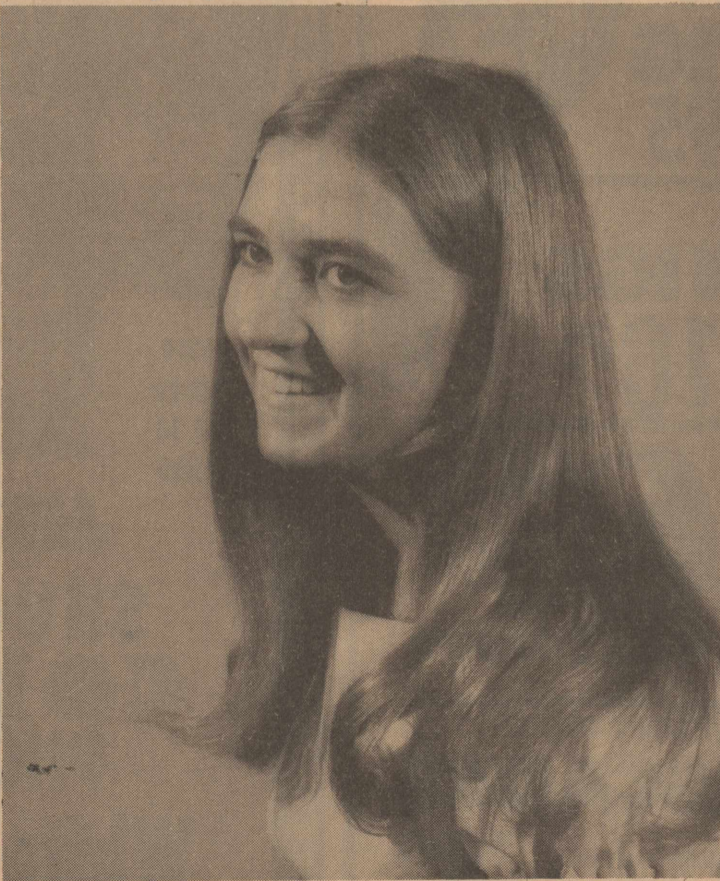

ment."

Highway Department installations across the State will stage special open house and other special ceremonies to mark the observance.

The Ozona Engineering Office and Maintenance Section will hold open house at the Maintenance Section in this area on Friday, Sept. 24, from 1 to 5 p.m. Everyone is cordially invited and urged to attend these ceremonies which will include showing of equipment, demonstrations of its use and displays of methods in construction and maintenance of highways, Scotty Houston, maintenance foreman, and W. F. Dixon, resident engineer, announced.

Highway Week in Texas has been under sponsorship of the Texas Good Roads Association since the first such observance a decade ago.

Mr. and Mrs. J. B. Cutright and family will leave Monday for their new home near Granada, Ariz. Mr. Cutright has been promoted and transferred by his company, El Paso Natural Gas.

**FFA SWEETHEART** - Stacy Dockery, daughter of Mr. and Mrs. James T. Dockery, was elected FFA Sweetheart by local chapter members to serve for the current year. Stacy is a junior in Ozona High School. She serves as head cheerleader, is a member of the Lionettes basketball team, and a member of the tennis team.

## Double Header Opens Season For B Team, Cubs

Football gets underway for the Ozona High School Junior Varsity and the Junior High Cubs tonight with a double-header here for the Cubs with Sonora and a game at Sonora for the junior varsity.

The games here will start at 5 p.m. with the seventh graders and the eighth grade game will follow.

The junior varsity game is scheduled to kick off at 6:30 in Sonora.

The junior varsity is coached by Bob Hinds, assisted by Gene Hood. Managers are Tommy Hoover and Rex Parker.

Probable starters tonight against Sonora are Armando Reyes, freshman, at left guard; Dan Crowder, freshman, left tackle; James Knox, sophomore, left end; Leslie Russell, sophomore, center; Craig Taliaferro, sophomore, right guard; Richard Perez, freshman, right tackle; David Bean, freshman, right end. The backfield will see Jeffrey Stuart in the quarterback slot, a junior; Lionel Cervantez, sophomore, at wing back; Richard Gonzales, freshman, at fullback, and Romaldo Cervantez, freshman, at tailback.

The same boys will start at defense with the exception of Robert Perez, who will take Dan Crowder's place at end.

There are a total of 26 players on the junior varsity roster, 16 freshmen, 9 sophomores and a junior. Average weight for the team is 136 pounds a man.

## Stacy Dockery FFA Sweetheart

Stacy Dockery, daughter of Mr. and Mrs. James T. Dockery, has been elected sweetheart of the Ozona FFA Chapter. Stacy will represent the local chapter at the Concho District FFA Banquet to be held in San Angelo November 29. She will also present ribbons, banners and trophies at the FFA Livestock Show.

Stacy, a junior in Ozona High School, is head cheerleader, on the girls basketball team and on the tennis team.

FFA officers elected for 1971-72 are Chuck Womack, president; Mike Jenkins, vice president; Ricky Crawford, secretary; Gary Mitchell, treasurer; Dan Davidson, reporter, and Rick Webster, sentinel.

## Screwworm Situation In Texas Worsening

College Station -- Livestock producers over the state are urged to be on the alert for screwworms as numerous cases continue to spread over the Hill Country, Edwards Plateau, Big Bend and South Texas areas.

Officials of the Mission Screwworm Program report that 19 cases were confirmed during the week ending Sept. 3, making this the worst week since the last week in December, 1968. Furthermore, 16 cases were confirmed during the Labor Day weekend, Texas thus far has recorded 138 cases with the U. S. count at 161.

And the situation could worsen, according to officials. Screwworm outbreaks traditionally occur in late summer and fall, so producers should check their animals periodically and treat any wounds found. Spraying of herds is also recommended and operations such as de-horning and castrating should be delayed until cooler weather sets in. All man-made wounds, such as those resulting from shearing, should be treated.

Pets, such as dogs and cats, should also be kept under constant watch, and officials.

Any larvae collected from wounds should be sent to the Mission Screwworm Laboratory for identification. The mailing address is Box 969, Mission, Texas. Collection kits and vials are available from local county agricultural agents.

Counties in which screwworm cases were confirmed last week include Presidio, Mavrick, Crockett, Terrell, Bowie, Kinney, San Saba, Uvalde, Lampasas and Val Verde. Two cases were also recorded in Little River County, Arkansas.

## T. A. Kincaid, Jr. Named To TAHC

Austin -- Gov. Preston Smith has appointed T. A. Kincaid, Jr. of Laverna and Ozona to a six-year term as a member of the Texas Animal Health Commission.

Kincaid is being appointed as a representative of the Sheep and Goat Raisers Association. He replaces Robert W. Hodge of Del Rio, whose term has expired.

The appointment is effective immediately and extends until Sept. 6, 1977.

Also appointed to the commission was Don G. Brothers of Paducah.

COUNTRY-WESTERN JAMBOREE SATURDAY

Another Country-Western Jamboree will be held Saturday evening at the Civic Center, according to Jamie Knox, master of ceremonies for the weekly events.

Several local and area musicians and bands will be featured and festivities will begin at 7:30. The public is invited at no charge.

## Teletype Network Is Operational In Area

The Concho Valley Council of Governments Law Enforcement Teletype Network became operational last week. Crockett County is a member station of the network.

Crockett County's teletype is assigned to the Sheriff's office, but is located in the Department of Communications Building and is operated by DPS personnel.

With the teletype network becoming operational, there should be considerable improvement in communication between law enforcement agencies in the Concho Valley area. Until now, only the Sab Angelo Police Department has had teletype communications in the 14-county region. Under certain atmospheric conditions and during certain peak traffic loads, radio communications has been extremely unreliable.

## Vaughn Multipay Field Gains 2nd Queen Producer

The Vaughn multipay field of Crockett County gained its second Queen producer and a location northwest extension to that pay with completion of M. C. Vinson, Midland, No. 1-18 Shannon, 12 miles northwest of Ozona, for a daily pumping potential of 50 barrels of 32 gravity oil, plus 14 barrels of water.

Production was through perforations at 895-1, 093 feet, which had been acidized with 250 gallons and fractured with 5,000 gallons.

Location is 467 feet from the south and east lines of 18-UV-GC&SF.

The discovery, his No. 1-4 Shannon, was finished April 28 for 27 barrels of 26.4 gravity oil, plus 40 barrels of water, with gas-oil ratio of 3,500-1, through a 1/2-inch choke and perforations at 1,093-98 feet.

## Pedro Vargas, Jr. Wins AF Medal

T/Sgt. Pedro Vargas, Jr., was in Ozona last week visiting his parents, Mr. and Mrs. Pedro Vargas.

He has recently retired from the U. S. Air Force, and in ceremonies at Nellis AFB, Nev. received the medal for meritorious service and the Air Force Commendation medal.

He and his wife, Phillis, and daughters, Valeria and Vivian, are presently making their home in Albuquerque, N. M.

While in Ozona he was given a welcome party by Armando Ramirez and family at the Vargas home.

## RIFLE CLUB SHOOT

The Ozona Rifle Club held its first shot-gun shoot of the new season Sunday afternoon at the rifle range. Good attendance was reported.

Bob Wallace took first place with Jim Leach taking the number two spot.

Anyone interested in joining the Rifle Club should call Tommy Sanders or George Glynn. Regular meetings will be held the second Tuesday of each month.

The combination on the gate to the rifle range will be changed Oct. 1.

## BAND OFFICERS ELECTED

New band officers for the 1971-72 Spirit of Lion Country Band were elected Monday.

George Allen was elected president, Rita Welty, vice president; Teresa Shaw, secretary, and Janette Berry, reporter. Beth Crowder will serve as Sergeant at Arms for juniors and seniors and Harvey Weant will fill the post for freshmen and sophomores.

Mrs. Maude Couch is in Michigan visiting with her grandson and his family, Mr. and Mrs. Roy Glenn Sutton and family.

## Lions To Eldorado Seeking Second Win

The Ozona Lions head for Eldorado tomorrow night for their second game of the new football season. The Lions will be trying to make it two in a row after winning their first one with Junction last Friday night 7-0.

Eldorado beat Rankin last Friday night 20-19 in the final few minutes of play. The Eagles won it on the passing of highly touted Archie Nixon.

The Lions' secondary will have its work cut out for it and if they can contain the Eagles in the air, they have a good chance to pick up their second straight win.

Ruben Tambunga and Gerald Huff were injured in the Junction game, but will be ready to go against the Eagles tomorrow night. Tambunga received a bruised knee early in the game and left the field early in the second quarter. He was replaced by Timmy Evans, who did a fine job of filling in.

Coach Sewell was pleased with his Lions' first effort, considering the inexperience. The majority of the Lion starters were playing their first game in the starting lineup for the varsity, many with B-team experience.

Tambunga got the only score in the game on a 4-yard power sweep with David Sewell kicking the extra point, and it proved enough for the victory.

## Students See Atomic Energy Demonstration

Atomic energy and its applications will be demonstrated Sept. 20 at Ozona High School.

A program titled "This Atomic World" will acquaint Ozona students with basic principles of nuclear energy, its sources and role in agriculture, industry, medicine and research.

Orlan L. Ihms will conduct the program, part of the Atomic Energy Commission's extensive traveling educational series.

Ihms (sounds like seems) will use student terms to explain the structure of atoms, nuclear reactor operation and concepts such as radiation, fission and fusion.

He will use special equipment to demonstrate sources

of radiation and how nuclear energy is harnessed to generate electricity. Use of radioisotopes for learning more about life processes and disease diagnosis and treatment also will be graphically portrayed.

A chalkboard talk to Ozona High science classes will give more detail on atomic structure, radioactivity, radiation biology and nuclear science careers.

Texas A&M University will present the program in cooperation with Oak Ridge Associated Universities, a non-profit educational and research corporation of Southern colleges and universities.

Ihms trained in AEC and ORAU labs at Oak Ridge, Tenn. He has bachelor and master's degrees from Texas A&M.

THIS ATOMIC WORLD

ATOMIC DEMONSTRATION -- Locating harmless trace radiation in a prepared plastic ball is part of a "This Atomic World" demonstration to be given Sept. 20 at Ozona High School. Orlan L. Ihms conducts the program sponsored by Texas A&M University.

**CANCER SOCIETY OPENS SEASON**

Crockett County Unit Board of the American Cancer Society met for the first meeting of the new year Wednesday, Sept. 8, at the Methodist Church with Mrs. Charles Williams presiding. Others present were Mrs. Vic Montgomery, Charles Womack, Rev. John Berkley, Bud Meinecke, Mrs. Savannah Wright, Mrs. M. E. Nicholas and Frank Graham of San Angelo.

Guest speaker, F. L. (Steve) Stephens of San Angelo, one of the volunteer directors for the district, presented the unit with the Society's certificate of authorization for the coming year. He praised the county's successful fund raising efforts and stressed the importance of continued effective cancer education for all segments of the population.

Mrs. M. E. Nicholas, Crockett County campaign chairman and District 4 director, reported a total reached by the close of the year, Aug. 31, of \$5,686.00, \$2,503.00 over that of last year. Of this amount \$1,572 was contributed in memorials and tribute was paid to Mrs. Charlie Black for a job well done.

Reporting on the 26th Annual Meeting of the Texas Division held recently in Houston, Mrs. Nicholas said that Texas leads the nation in fund raising and that District 4 is second highest in the state for per capita giving. Cancer research investment in Texas and the nation has reached an all-time high, Mrs. Nicholas said.

Hicks says that one-on-one is Sutton's long suit. "That's his game, bone on bone, meat on meat. Gary just manhandles people. He's the strongest lineman I've had from the waist up," Hicks says.

Sutton says that his lack of height is his only concern. "I can come in with my hands high but somebody like Napper (Charlie Napper of Texas Tech) can still see over me," Hicks, however, says that Sutton has a good pass rush and is getting better with each workout.

Married to the former Ellen Moore of Odessa, Gary says this is the year the Bears can make a name for themselves. "We seem to have that feeling that we are going to beat people," he says. "We've got the dedication for sure."

### Tips For Gardeners

From The  
Ozona Garden Club  
By  
Mrs. Bailey Post

If you notice sturdy buds on summer annuals and perennials, this promises a second blooming. And that tinge of autumn you feel early mornings and after sunset is a reminder that fall planting season is about over.

In the meantime, there's some garden uncluttering to be done for your place and our city to look well groomed.

To me, this is the most beautiful and enjoyable season of the year. With very little wind or dust to blight the roses, many lovely varieties are in bloom now, and will be on into cooler weather. They should be fed and given plenty of water for fuller better blooms and rich green foliage.

Repeat plants that have spent the summer outside and need new soil or a larger pot. They will get a good start of new growth before taking inside two or three weeks before time to turn the furnace on. Many vacant lots are covered with high weeds which will be a fire hazard later on, if not mowed soon. Too, they detract from the better views of our city and the good name we have of being one of the cleanest small towns in Texas. I understand the county will mow lots if asked to do so by the owner.

Since the bagworms are so prevalent over town, the leaves and litter from under them should be raked and carried off to prevent over-wintering of insects and disease organisms. This will be a real chore, but may prevent another such siege next year.

Success with sweetpeas and snapdragons depends on early sowing of seed. Sweetpeas do best if planted in a trench where the soil has been prepared at least 18 inches deep and enriched with processed manure, well-rotted barnyard manure or rich compost. Place seed 5 to 6 inches deep in trench and cover with 1 inch of soil. You may hasten germination by soaking seed in water for 18 to 24 hours before planting.

# BRIDGES CAN HAPPEN!

Not all bridges are built. When the sea pounds its relentless waves against a wall of rock . . . when the icy crust of a glacier spans a mountain chasm . . . when a giant of the forest falls across a stream . . . bridges simply happen.

Here perhaps is the parable of God's kind of engineering. Seemingly there are no calculations, no blueprints, no construction equipment. But results man can behold with awe and reverence.

Yet some men are so wrapped up in their human projects they simply forget that God accomplishes anything . . . until their errors begin to show . . . their bridges start to crumble. Then they need Someone to stop the collapse.

It makes better sense to work with God in all that we build — and in all that happens. The Church has been man's greatest source of help across the span of centuries.
