Flying Queens Defeat Parsons College, 54-50

Record Crowd Sees Top-Ranked Teams

Special Sale; New Library Discussed

Wall-to-wall people jammed the Muleshoe Junior High School gym Tuesday night and from all indications it was SRO (Standing Room Only) when the world-famed first-ranked Hutchinson Flying Queens from Wayland Baptist College, Plainview, tangled with the second-ranked woman's basketball team in the nation, the Wildkittens from Parsons College, Fairfield, Iowa.

The crowd, estimated at from 1,200-1,500 people, included the President of Wayland College, Dr. Roy McClung. They saw the lead switch many times before the Queens finally defeated the 'Kittens in the last three minutes of the game, 54-50. Beaming Rotarians, who sponsored the game in Muleshoe Tuesday night watched the crowd pour into the gym, not only from Muleshoe and the enthusiastic basketball crowd was thought the largest crowd to ever attend a sports function in the Muleshoe Junior High School gym.

Wistful variety players from the Muleshoe Mules watched the people streaming in for the game, and expressed many times the wish that one-third or one-fourth as many people would attend the hometown games.

They mentioned basketball homecoming for Muleshoe, which will be held here Friday night. The A girls will play Canyon and the A and B Mules will play the Canyon Eagles.

First-ranked Queens did not find it an easy task to down the hard-playing Wildkittens and the action was at a fast and furious clip from start to finish.

CH Lamb introduced the players for both teams and Susan Earth-Springslake, brought a tremendous round of applause as did Mary Williams, who was remembered from a Tulsa team. Both are now members of the Flying Queens.

An indication of what was to come throughout the game was indicated at the end of the first quarter, when the Queens managed only a slim one point lead, 17-16. At halftime, the score was all tied up, 23-23 as tight defensive action kept the scoring low.

The Queens watched the scoreboard round out to a five point deficit at the end of the

third, and they trailed by five points, 30-34. A wild fourth quarter, full of technical fouls and fast action, saw the lead switching back and forth until the final three minutes. With three minutes on the official clock, the Queens pulled out to a 50-47 lead, and maintained that lead. With one minute to play, the score was 50-47, and finally ended, 54-50.

Pacing her team with 17 points was Cheri Rapp, a junior forward from Estelline. Wanda Row, a senior center from Atascosa, was second with 10

points, and they trailed by five points, 30-34. A wild fourth quarter, full of technical fouls and fast action, saw the lead switching back and forth until the final three minutes. 'Raiders' Defeat Morgan's Marauders

By Prisca Young

The annual faculty basketball game was held in the Jr. High gym on the afternoon of January 27. High school students and Jr. High students attended. "Schroeders Raiders" was coached by "Sizzling" Schroeder and was the Jr. High team. Morgan's Marauders was coached by "Manglin" Morgan and was the High School team. High pointer for the Raiders was "Yackin" Moore with 16 points. Their final score was 53. The Marauders high pointer was "Manglin" Morgan with 20 points. Their final score was 43.

The highlight of the game itself were the cheering leaders. The Jr. High cheerleaders were dressed in the style of the times with their long hair, sunglasses, high-top shoes and corny yells. The high school cheerleaders came clad in their football jersey

tops. They also came with their corny yells.

To get back to the thieving part. The game consisted mainly of them fighting over the ice bucket in which there was ice for the players.

Again, the final score was Raiders 53, Marauders 43.

An exhausting game was played by all the men teachers who played, and a fine job of yelling was done by some of the lady teachers of the school system.

Susan Murray Outstanding Girl At MJHS

By Trent Stewart
 The outstanding girl for MJHS is Susan Murray. The teachers chose this student on the basis of grades, her ability, her over all attitude and personality.

Susan said that it is a really great honor and she is very proud to receive it. Susan is 13 years old. Her birthday is on July 3.

Her hobbies are collecting today's hit records, playing the piano, reading and swimming. Her special interest is mostly her piano but she is also very interested in psychology. Therefore she wants to be a psychologist.

Susan has lived in Muleshoe all of her life. She has one sister named Pat who is 17 years old. She is a Junior in MHS. Susan and her family attend the First United Methodist Church. Susan has two dogs: Red who is a Pekingese and Penny who is an English Pug.

Susan gave a few study hints for students. She said to get your mind off of everything but your subject. After that really get down and read the book or study notes. Then think about what you've read and ask yourself questions over it.

The way Susan studies is that when she first gets home she watches herself a snack, then she watches T.V. until she gets through eating. Then she does her homework.

Seventh Grade Class Favorites

By Judy Dearing
 Donann Harmon and Tom St. Clair are the seventh grade class favorites.

Donann is twelve and was born in Lubbock on March 16, 1958. She has one brother, Mark, and one sister, Connie. Her favorite classes are English and Reading and her favorite food is Mexican food. She attends the Church of Christ and likes to read. She has a dog named Sweetie.

Tom is twelve also and was born May 31, 1958 in Green Memorial Hospital in Muleshoe. He likes to water ski and his favorite classes are Reading and Athletics. He attends the First Baptist Church and his favorite food is steak. Tom has lots of pets. He has one dog, Rebel, one cat, Little Loo, a baby calf, Whiskey, a show calf George, and a horse, Joe. He also has three sisters, Karen, Janice, and Brenda. Congratulations to the seventh grade class favorites.

Miss Patterson Is Introduced By MJHS

By Prisca Young
 For the paper this week we interviewed Miss Leona Patterson.

She attends the Baptist Church. When asked her special interest she said, "I enjoy growing flowers and doing all kinds of needle work". Miss Patterson teaches sixth grade Math after teaching 17 years of seventh grade History and Math.

She has lived in Muleshoe for 18 years. Miss Patterson was born in Francis, Oklahoma. Also raised in Francis she had four sisters and four brothers all of which had college training.

Other places taught in were Oklahoma, New Mexico, and California. She got her B.A. at East Central State College in Ada, Oklahoma.

Being one of Junior High's most faithful teachers she has taught a lot of her students parents. We appreciate her and the fine job she's doing, for it is through teachers such as she that we get the kind of education we need.

Tim Sooter Outstanding Boy At MJHS

By Carey Sudduth
 The outstanding boy for MJHS is Tim Sooter. Tim was chosen by the teachers for his grades, ability, over all attitude and personality.

Tim said he was very proud to have been selected for this position. He believes a person can always improve himself and that this is the goal that he is always working for. He said a person who is constantly working for improvement of himself will be outstanding in almost anything he does. Tim is 14 years old. He was born in Clovis, New Mexico on October 28, 1956. He has two brothers Roy, 34 and Dwight and one sister Nicky who is 25. His horse's name is Buck and he has two dogs named Sandy and Chere.

Tim has lived most of his life on a farm. He attends the Church of Christ. His special interests are 4-H work, basketball and football.

His hobbies are horseback riding, riding a motorcycle and snowsking.

Sixth Grade Class Favorites

By Judy Dearing
 The sixth grade class favorites for this year are Kim Smalland Gary Gunter.

On interviewing Kim we found out that her favorite food was steak. She goes to the St. James Episcopal Church in Clovis, New Mexico and is especially interested in riding horses, reading, and cooking. Her favorite classes are P.E., Band, and Math. She has one dog Cleo, and one cat, Toy. She was born in Muleshoe where she has lived all of her life. Kim is 12 and she was born December 24, 1958. She has one brother David and one sister Jamie.

Gary's favorite food is also steak. He attends the First Methodist Church and his special interest is riding horses. His favorite classes are P.E., Band, Math, and Geography. Gary has one dog, Bitzi, and one cat, George. He was born September 30, 1958 in Lubbock and has lived in Muleshoe most of his life. He has two brothers, Brent and John. Congratulations Kim and Gary.

Eighth Grade Girls Second In S-E Tourney

By Prisca Young
 The eighth grade A girls were entered in the Springlake-Earth tournament the 28th, 29th, and 30th.

They played their first game against Hale Center on Thursday. In that game Lavern Carpenter scored 11 points, Anne Tyler scored 8, and Jan Harlin 7. The final score was Mulettes 27, Hale Center 20.

The girls returned the next day to play Happy. Happy is what the Mulettes were when they walked away with a 39 to 10 victory. High pointer in that game was Lavern Carpenter with 17 points.

Saturday the Mulettes went back to play Olton for the first place trophy. They lost 22 to 16. High pointer was again Lavern Carpenter this time with 11 points.

Even though they didn't get first they came back with a beautiful second place trophy.

a new issue of a Houston underground newspaper. He said that the headlines were large, bold and black and said, "MULESHOE TROUBLE."

According to Kirk, the underground newspaper quite viciously attacked Father Robert O'Leary of the local Catholic church, who had refused to go along with the demands of intruders in the Center of the Church, as well as other alleged incidents outlined in the article. (Note: A copy of the article is in The Journal office.)

The speaker said that when an underground newspaper wrote as specifically as the Houston paper did, it was a declaration of war on the town or city they discuss.

"And, how do I know this?" he asked, "I trained with them, I joined their activities during the four years I worked as an informer for the Federal Bureau of Investigation, and I know what I am talking about."

Kirk continuously urged support of the local police officers and said continuing police protection is a large problem, but people should support the police now before it is too late. He advocated good working conditions for the officers and adequate pay to support their families.

"Communists destroy belief in God, destroy family units, and Communist revolutionaries are liars, cheats, thieves and murderers," he avowed.

"They are a group of criminals who continue to commit criminal acts. They attempt to brand the police as racists, bigots and reactionaries, and too often get away with it," he continued.

Freely using names of persons and organizations he branded as either Communist, left-wing or 'extremely liberal' he said the well-known Students for a Democratic Society (SDS) was started by liberals, and the members are not poor people, but to the contrary are well-to-do youths from a liberal background. He listed at least 11 such organizations and told some of their background and activities.

"Brown Berets and Black Panthers will fight together in the streets," he asserted, "as they have the same aims. Even the black people and some of the more liberal white people get together sometimes."

"They are not interested in your betterment, or my betterment," he continued, "but in the overthrow of the Democratic government of the United States. Communists even run the peace movement and if people don't take sides, they have two choices. They can be a 'quick' victim and die; or they can be a 'slow' victim and become a slave. The only other choice is to fight the revolutionaries. There is no other choice. The Communist revolutionaries, who back all the militant groups are taking full advantage of the apathy of people who say 'it won't happen here.'"

"The Communist groups often kill many people who think if they are not involved, they will be saved. This is a terror tactic that works and the only 'peace' for Communists is to remove all resistance to their beliefs," he added.

"An overall aim is for the people of the United States to be frightened into total government, controlled by the Communists and federalized police

and accept the Communists beliefs," he said.

Kirk spoke of his personal experiences while a member of a number of Communist organizations while working as an informer for the FBI and told of a training camp he attended.

He explained the raised clenched fist and said it has been the official Communist salute since 1919. "To use this salute is absolute insanity," he avowed.

Kirk concluded, "Keep your police off the merry-go-round of employment. Respect your local protectors and support them. They may mean the difference in your life in the future, the near future."

Paul Burch has returned to preaching at the Lariat Church of Christ. Burch and his family are former residents of Lariat where he preached at the church several years ago. He is presently attending Eastern New Mexico University.

Mr. and Mrs. Randy Lackey visited in Muleshoe last week with their parents, Mr. and Mrs. J.R. Otwell and Mr. and Mrs. O.M. Lackey. They are both students at Oklahoma State Tech at Okmulgee, Oklahoma.

Mr. and Mrs. Harold King and Mr. and Mrs. Woody Lambert spent last weekend in Ruidosa, New Mexico. They reported that there was no snow in Ruidosa at that time.

Preceding the Queens-'Kittens game, the Wayland Queen Bees dropped the Muleshoe Mulettes in a one-sided tilt, 81-27. The Mulettes proved to be no match for the junior varsity Queens squad, although they gamely attempted to get on the scoreboard.

Preceding the games, the Rotary served several hundred people a chicken dinner in the Muleshoe High School cafeteria. Comments heard from surrounding tables at the dinner were highly commending the 'delicious' chicken. Rotary President Harry Bass complimented Larry Hall, who was in charge of the food committee, and added that Rotary was fortunate to have him as a member.

Rotarians said they hoped to make the game an annual event, and said they will be working on plans to bring them back to Muleshoe in future years.

She reminded that the four-county Bookmobile will also be included in the plans with shelving, offices and a carport for storage of the Bookmobile.

Two meeting rooms and a patio will provide adequate meeting places for relatively small groups.

Mrs. Hall explained in great detail the step-by-step process of the proposed new library, beginning with the bond election on September 10, 1968, and said bids will be opened for the construction on Tuesday, Feb. 16 at 2 p.m. at the Muleshoe City Hall.

The FOL president also told of the Mexican Dinner which will be held on Friday, February 12; the mixed bridge tournament; the membership drive and the Study Club book fair which will be held in the near future.

All of these projects are underway to help acquire funds for equipping the new library. She also told the BAC that the present library building,

which is owned by FOL, will be for sale when it is vacated.

BAC chairman Bob Stovall reported that 291 persons were served at the annual Chamber of Commerce banquet and thanked everyone who had a part in coordinating the banquet.

Russell also reported on the upcoming Jaycee Volleyball Tournament. He is also chairman of that event and said the Texas State Champions and New Mexico State Champions have been invited to compete in Muleshoe. He said he would like to remind people that invitations were sent to 40 out-of-town teams and varied news personnel. He said that would represent a lot of out-of-town money spent here.

Also discussed briefly was the Father's Day Promotion which will be held in June. Stovall asked everyone to be thinking of a special gift to be presented in the drawing this year.

J.P. Winn reported on the Wayland Flying Queen-Parsons College basketball which would be played Tuesday night. He said 1,500-2,000 people could possibly be in town for that game.

Muleshoe Area Industrial Foundation Chairman Harmon Elliott reported on activities of the MAIF and said things look good for an increase in vegetable acreage for the county this year.

"We have had a fellow in the Valley doing missionary work and it has been productive for us."

He spoke on the excellent climate, water and quality of vegetables here; and reported that several good prospects have checked into the old cotton compress sheds for possible use later.

Speaking as president of the Ladies' Auxiliary of the Chamber of Commerce, Pat Keesee said attendance at the monthly meetings is urged.

Jerry Hutton, manager of the Chamber of Commerce, gave a brief rundown on projects for the BAC this year, and other suggestions were asked for at

the meeting or subsequent meetings of the group.

Chairman Stovall commented, "I challenge everyone--if there is something you see that needs to be done--get the organization together and get something done about it."

Rotarian Jeff Smith spoke of the four men from Chile who will be here on a Rotary Exchange basis and asked everyone to help show them what life is like in Muleshoe. The men will be here February 11-12 for a two-day tour of Muleshoe and the surrounding area.

Eighth Grade Mulettes Win Friona Game

By Prisca Young
The eighth grade A and B girls played Friona here on the afternoon and night of January the 25th.

The B teams battled it out first. Sorry to say the Mulettes lost 39 to 26. High pointer in that game for Muleshoe was Diane Dale with 18 points.

The A teams then took over the court. The Mulettes had the game from the very first. The final score of the game was Muleshoe 24, Friona 13. High pointer for the Mulettes was Jan Harlin with 9 points.

Congratulations to both Muleshoe teams for well played games.

Third Degree
All morning little Richard had been asking questions and all morning his mother had been patiently providing the answers.

Finally, the long-suffering woman wamed, "You'd better keep still or something will happen to you. Curiosity once killed the cat, you know."

Richard lapsed into blessed silence, and mother was congratulating herself upon her strategem, when out of the blue came the eager question, "Say, mother, what was it the cat wanted to know?"

A very small honor can puff up a very small individual.

Market Tips

COLLEGE STATION, To get the most from your food dollar, follow these marketing tips, suggests Gwendolynne Clyatt, Extension consumer marketing specialist.

Vegetable supplies are adequate, but weather could alter the supply overnight. Green cabbage, turnips, russet and red potatoes, rutabagas, yellow onions, carrots, celery and cooking greens are economical choices.

Apples, grapefruit, Navel and juice oranges are in ample supply with their prices unchanged and attractive. Look for No. 88 and No. 113 size oranges. Tangelos and tangerines are decreasing in supply, while Temple oranges are in heavier supply. Shop for 5-pound bags of grapefruit, and look for fresh strawberries now on the market.

Using cottage cheese is an excellent way to provide good nutrition on a small food budget. The cheese combines well with plentiful citrus fruits, especially grapefruit and oranges in salads.

You can also stretch your food dollars by using dry and canned milk along with fresh milk. Dry and canned milk make good hot chocolate and cocoa.

Prices of frying chickens may vary from store to store, but the poultry items remain one of the best protein values. The lowest price per pound is on the whole bird, which you can cut the way you like then save the remainder.

An assortment of pork cuts, both fresh and smoked, are featured in many markets. Good values will be found on Boston butt roasts, shoulder steaks, fresh picnic roasts, center rib chops and smoked picnics.

The most thrifty buys in beef include chuck roasts and steaks, round steak, ground beef, stew meat and brisket.

Early Training Footbal Coach (to new player) You're great! The way you hammer the line, dodge, tackle your man and worm through your opponents is simply marvelous.

New Player (modestly) I guess it all comes from my early training sir. You see, mother used to take me shopping with her on bargain days.

Quick Guess The young man sneaked up behind her, covered her eyes with his hands and announced: "I'm going to kiss you if you can't tell who this is in three guesses."

"George Washington, Thomas Jefferson, Abraham Lincoln," she guessed.

Mrs. Dillman Gives Book Review For University Women

Mrs. Neal Dillman reviewed "The Three Daughters of Madame Liang" by Pearl Buck for the Muleshoe Branch of American Association of University Women Monday, February 1, in the Mary DeShazo Library.

"The Three Daughters of Madame Liang", the latest of Mrs. Buck's novels, portrays the contrast between the old and the new China. Madame Liang, once a fiery revolutionist under Sun Yat-sen, and now sustained through a new revolution by her faith in the Chinese people, is the elegant proprietress of a fashionable Shanghai restaurant patronized by the highest Red Chinese officials.

Throughout the book runs the theme that time is of little essence when looked at in the great sweep of Chinese history, because the great common people of China will always prevail for their's is the Eternal Way," Mrs. Dillman began.

"In pre-Communist days, Madame Liang had made friends among the Americans. She had sent her three daughters to America to be educated. Now of course there were no Americans left in China and a whole generation of young Chinese was growing up without ever having seen an American face or heard an American voice.

The first of the three daughters, Grace, returned to the land of her birth, settled into laboratory life in Peking trying to bring the best of the old and new together, hoping it would bring reason into her return.

The second Liang daughter, Mercy, the singer, was the strongest perhaps, more volatile, more talkative, more emotional. She, too, felt compelled to return to China and convinced her fiancée John Sung, a scientist in nuclear physics, that their duty lay in returning.

Joy Liang, the quiet one, the youngest, the dreamer, the artist, felt too, the deep longing for the country of her birth, but she became a pupil of a great Chinese artist - and so she remained in America - eventually to marry her tutor and fellow countryman.

The wise and beautiful Madame Liang, her faith in the old enduring values of China, had prophetic vision but her life ended in tragic error," Mrs. Dillman concluded.

As Pearl Buck once again penned a fascinating story of the country she knew and loved so well, Mrs. Dillman reviewed this haunting struggle of an ancient country trying new ways, and dramatically showed the forces of the past and present that have formed the China of today.

Mrs. Robert Hooten, Program Development Chairman, briefed the Branch concerning the four new program topics; namely, "We, the People", "This Beleaguered Earth", "A Dollar's Worth", and "Crisis in Public Education."

The architect's drawing and plans of the new Muleshoe Area Public Library were presented by Mrs. L.B. Hall. Tickets for the Mexican Supper were available for purchase. The Supper is sponsored by the Friends of the Library.

Hostesses were Mrs. Mabel Wolfe and Mrs. Addie Mae Spence. The Raggedy Ann motif was used and Bells of France, nuts, candy mints, and coffee were served to the following members: Mrs. Joe Costen, Mrs. Neal Dillman, Mrs. Wayne Gilliland, Mrs. John Gunter, Jr., Mrs. L.B. Hall, Mrs. Robert Hooten, Mrs. Ed Johnson, Mrs. Charles Lewis, Mrs. C.E. Moore, Mrs. W.O. Rudd, Mrs. Robert Sanders, Mrs. Jim Shafer, Mrs. Eric Smith, Mrs. John Watson, Mrs. Ben Gramling, Mrs. Glen Harlin, and Miss Virginia Bowers.

Enochs News

By Mrs. J.D. Bayless

The Enoch Baptist Women met at 9:30 a.m. Tuesday with Mrs. Harold Layton in charge of the business meeting. Mrs. L. E. Nichols brought the devotional on the professional Women of the Bible, and prayer was led by Mrs. J. O. Dane. Mrs. Rose Nichols read the Minutes and treasurer's report, Mrs. L. E. Nichols gave the Call to Prayer and dismissed in prayer.

There were 10 present: Mrs. Harold Layton, Mrs. J. W. Layton, Mrs. J. B. Vanlandingham, Mrs. H. B. King, Mrs. C. R. Seagler, Mrs. Rose Nichols, Mrs. J. D. Bayless, Mrs. W. M. Bryant, Mrs. J. O. Dane and Mrs. L. E. Nichols.

J. D. Bayless celebrated his 66th birthday Sunday, January 31. At the beginning of the song services at the Enoch Baptist Church, the Song Leader Chester Petree said there was a guy having a birthday today that wasn't as young as he used to be so would everyone stand and sing Happy Birthday to J. D. Bayless.

Mr. and Mrs. Terry Turner and children of Las Cruces, N. M., spent Saturday night with her parents, Mr. and Mrs. C. R. Seagler.

Mrs. G. R. Newman was a hostess to the World War I Veterans of this area last Thursday with a dinner at their home. The table was covered with a linen cloth decorated with two flags and a yellow rose to represent the yellow rose of Texas. Mrs. W. R. Adams helped with the serving.

The Veterans present were W. R. Adams, W. A. Woods of Morton, J. J. Watts of Morton, R. J. Parkinson of Portales, n. m. and G. R. Newman. The men visited and talked of their veteran experiences and played several games of 42 and dominoes. Coffee, cake and ice cream were served to the guests in the afternoon. It is a possibility that they will meet once a month if enough of the World War I veterans are interested.

Beta Sigma Phi Makes Final Plans For Hayloft Social

Beta Sigma Phi Sorority met in the home of Mrs. Benny Splawn Monday, February 1. It was reported by social chairman, Mrs. Doyce Turner, that the trip to the Hayloft in Lubbock was scheduled for February 13. This is the social for February in honor of the Valentine Girl, Mrs. Wayne Gregory. There will be a ceremony in which Mrs. Gregory will be crowned the new Valentine Girl for 1971. Crowning Mrs. Gregory will be Mrs. Doyce Turner, the past Valentine Girl. The reservations will be made by Mrs. Doyce Turner and members and husbands and prospective rushees and their husbands are invited to attend.

Mrs. Max King presented a list of prospective rushees to the chapter. She then presented the agenda for the spring rush as follows: Hay Loft, February 13, for prospective rushees and husbands; spaghetti dinner, February 23, for prospective rushees; open meeting for prospective rushees, March 2; informal come and go coffee, March 24.

A general review was presented on parliamentary procedure. It was then decided to add a parliamentary to the slate of officers for next year, and to purchase a book of "Robert's Rules of Order" for the club. It was reported by President Mrs. Tom Flowers that in

Mrs. Nix Speaks To WSCS On Topic Of Alcoholism

The WSCS of the First United Methodist Church met Tuesday, February 2, at 1:30 p.m. in the chapel.

The vice-president, Mrs. Robert Hooten, opened the meeting with the poem "The Art of Joy".

Twenty-two members and one guest were present. It was announced that the Joyce Hill Circle will have the birthday party for February at the Muleshoe Nursing Home. A report was given on the prayer and self-denial offering. The WSCS and the Wesleyan Guild combined contributed \$129.10. The treasurer reported on the budget for 1971 and a total budget of \$1356.50 was approved.

There will be a covered dish Valentine banquet, with husbands invited, on Tuesday, February 9, at 7:00 p.m. in the Fellowship Hall of the church.

Mrs. Oscar Allison gave a report on a new reading program for the members to consider.

The speaker for the meeting was introduced by Mrs. Oscar Allison. Mrs. Mickey Nix gave an informative talk on alcoholism.

Mrs. Robert Hooten closed the meeting with prayer.

The general WSCS meets the first Tuesday of each month at 1:30 p.m. in the chapel of the church.

Bridal Shower Honors Miss Patsy Smith

Miss Patsy Smith, bride-elect of Tom Byars, was honored with a bridal shower Saturday, January 30, in the Glenn Lowe home from 2:30 until 4:00 p.m.

Mrs. Nadene Parr registered the guests and Mrs. Karen Keating, sister of the bride-elect, registered the gifts as they were opened by the honoree.

The refreshment table was covered with a beige lace cloth and a brown ribbon runner across the table with the names "Tom and Patsy" in glitter. The centerpiece was a spring bouquet of garden flowers, pink punch, white cake squares, peanuts and mints were served by Mrs. C. P. Price.

Guests included Mrs. Nadene Parr, Cindy and Pat; Mrs. A. M. McBee, Mrs. Guy Sanders, Mrs. Louise McCall, Mrs. L. E. Nichols, Mrs. Louise Newton, Mrs. J. D. Bayless, Mrs. J. O. Texas Legislators Face Major Decisions

AUSTIN, Tex. -- Legislators face a week of major decisions. Before the House are key portions of Gov. Preston Smith's finance plan. House followed the Senate in hurrying to a vote the proposal to lift the \$80 million a year welfare spending lid.

An emergency \$48.4 million deficit spending bill to avert a welfare crisis is perhaps their biggest problem today.

A four-fifth vote of both houses is required to suspend the Texas constitution's "pay as you go" requirement and permit lawmakers to go into the red for the balance of this fiscal year ... which ends in August.

If legislators decline to take this route, they must pass a tax bill to raise the money by March 1. To place a revenue-raising measure into immediate effect would require passage by a two-thirds majority.

Alternative is reduction in welfare benefits by early spring.

Another matter being moved to an early showdown is Governor Smith's proposal to float a \$450 million state bond issue secured by income from permanent school fund revenue diversion. Both bond issue and

tapping of school land lease money require constitutional amendments.

Regardless of the House vote on the bond issue, Lt. Gov. Ben Barnes sizes up Senate sentiment toward it as "old, mood of both houses appears to favor early passage of code of ethics legislation."

If Governor Smith's finance program doesn't fare better than he anticipates, Barnes says, he will ask House Speaker Gus Mutscher to join him in urging the Governor to submit some alternatives.

COURT SPEAKS--Third Court of Civil Appeals here turned down the plan of the Fredericksburg Community Savings and Loan Association to provide mobile service to Burnet, Bandera, Kimble, Llano and Mason counties via trailer.

Third Court also affirmed the savings and loan commissioner's decision to grant a charter to Matagorda County Savings and Loan Association in Bay City.

An April 7 hearing is set in the Third Court on the Sharpstown Bank of Houston dispute with an insurance company over a performance bond to insure repayment of a loan. Mustang Island park pur-

chase--whether State Parks and Wildlife Commission has authority to spend \$4.2 million in state and federal funds for the property--has been the subject of a lengthy hearing in the federal district court at Austin for two weeks.

NEW CAR INSURANCE PLAN OFFERED--Auto insurance agents in a hearing before the Insurance Board proposed "a much better insurance package" at reduced cost.

But a spokesman acknowledged no actuarial studies have been made to back up their claim.

While their plan keeps present liability coverage, it also would extend unlimited medical expense benefits to the insured regardless of who is at fault in accidents. It would replace up to 60 per cent of wages lost due to accident injuries to maximum of \$250 a week, and provide death and dismemberment coverage.

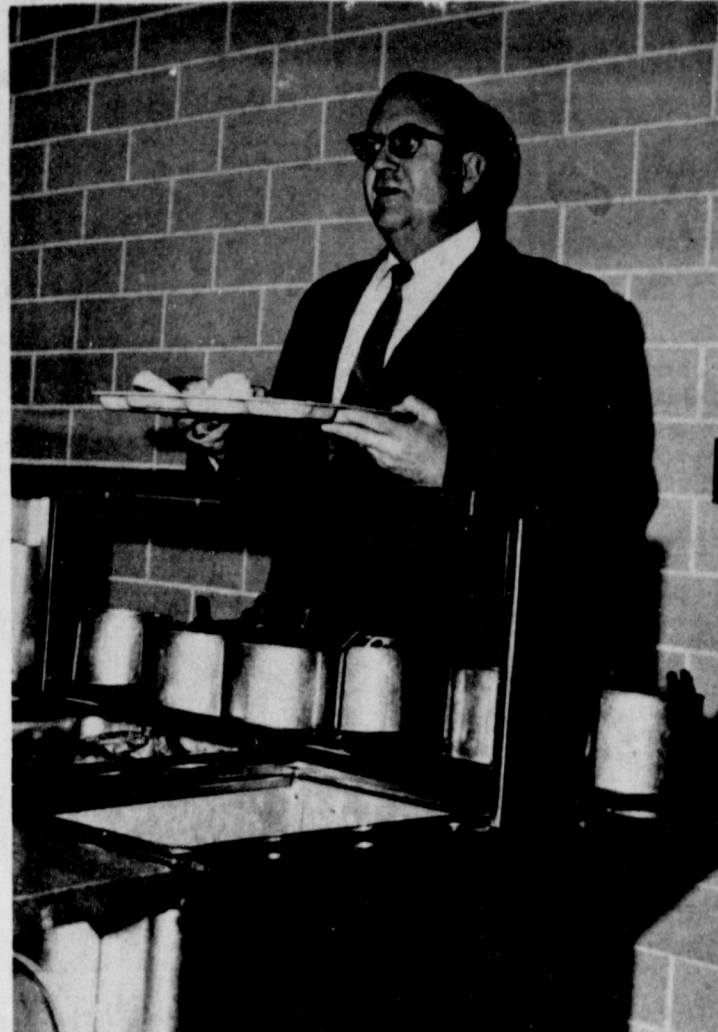

Although all of the above (proposed as mandatory coverage in each policy) would increase costs, agents claimed the overall premium would be reduced if \$150 deductible damage coverage was substituted for \$50 and \$100 deductible.

AG OPINIONS--A Justice of the Peace is not authorized or required to present the state's case, or undertake representation of the state's interest, in any matter before him, Atty. Gen. Crawford C. Martin has held.

In another recent opinion, Martin concluded that the El Paso county treasurer is duty bound to countersign checks signed by the county auditor when the commissioners court orders money transferred from the general fund to a special bank account for disbursement by check to welfare recipients. However, said Martin, the treasurer may refer checks to the commissioners court for direction.

Martin obtained a \$1,000 judgement against Proter Steel Corporation of El Paso as the result of an air pollution suit. FEDERAL HELP LAUDED--Word that the Secretary of Interior has announced the availability of more than \$2 million to the State of Texas for fish and wildlife research in 1971 was greeted with enthusiasm by E. A. (Gene) Walker, director of Wildlife Services for the State.

Texas has participated in the Federal-State wildlife program since 1937 and the Sport Fish restoration project since 1950. "This is the backbone of the program in Wildlife and Fisheries," said Walker, "and the results of this basic research has provided tremendous increases in hunting and fishing

opportunities for the people of this state."

As an example Walker cited the fact that Texas has more deer than any other state; larger bag limits and longer seasons on quail...just to mention a few of the benefits made possible by Federal financial assistance.

The Lone Star State will receive \$1,538,500 in wildlife funds and \$653,750 for fish restoration.

Money for wildlife research is derived from the 11 per cent excise tax on sporting arms and ammunition. Funds for fish projects come from a levy of 10 per cent on sport fishing equipment.

Appropriation is made available through the Interior's Bureau of Sport Fisheries and Wildlife. Formula for appropriating hinges on the number of hunting and fishing licenses issued in the State.

Money also can be used for purchase of land and water for wildlife and public use.

TREASURE DISPLAY URGED--An interim committee advised the Legislature in a written report to direct permanent display of treasure recovered from ancient Spanish galleons off Padre Island.

Actual ownership still is the subject of a dispute in court.

Platoro Inc. of Gary, Ind., which recovered the artifacts, won a decision in the Fifth Circuit Court of Appeals that it had a valid contract with the state for a 50-50 share of the treasure.

House interim committee on housing the treasure concluded it should become the property of the permanent school fund, and transferred around the state in a mobile unit occasionally, so school children can see it in their own communities.

REGISTRATION EXTENSION VOTED--A bill to extend voter registration through February sailed through the Senate 27-1 but ran into a delay in the House.

Another Senate bill passed to the House would provide for precinct-by-precinct reporting of statewide election returns to the secretary of state.

Still another would change the name of Pan American College, Edinburg, to Pan American University.

MJHS Enjoys Magician In Assembly

By Jan Harlin

The first assembly for the second semester was held Monday, January 25, 1971. This assembly was held at the High School auditorium and was titled "Magic Can Be Fun."

The performer was Al Lampkin from Hollywood, who also gave the show to High School. The show was a magical show including Mike Bland and Cindy Kimbrough as his assistants.

Al Lampkin, the magician, had performed for various groups such as the United States Navy.

It was a very enjoyable show.

Greenbug Control Research Is Aired

The key to keeping greenbug damage in grain sorghum to a minimum is to keep the insect population below damaging levels until natural enemies of the greenbug can take over.

That's been the findings of research conducted by James R. Cate, Jr., research entomologist at the Texas A&M University Agricultural Research and Extension Center north of Lubbock. Cate is working with other entomologists at the Center in a long-range research program on greenbug control.

"Generally, greenbug infestations occur in grain sorghum about two to three weeks before populations of beneficial insects can build up to ward off the aphid pests," explains Cate. "So, producers often have a resort to insecticidal control to prevent crop damage. However, we've found that the use of reduced rates of certain insecticides when greenbug numbers reach damaging levels not only controls the greenbug but also allows the buildup of beneficial insects."

Materials used in test plots included demeton (Systox), trithion, ethyl parathion and disulfoton (Di-Syston). Demeton and trithion were applied at one-fifth the normally used rate while the other two insecticides were applied at one-half the normal rate.

"There was no reduction in the degree of greenbug control with these reduced rates," points out Cate. "In fact, the four materials provided 95 per cent or more control for three weeks after application."

Of special interest in the tests was the selectiveness of the insecticides. Demeton, in particular, had only a slight effect on two types of lady beetles and green lacewings, the major predators of the green-

bug in grain sorghum. Parasitic wasps also survived the treatment of these low rates of insecticides.

"The key to using these low rates of insecticides is proper timing," the entomologist emphasizes. "In all the tests, insecticides were applied to sorghum in the preboot stage (18 to 24 inches tall) only after enough greenbugs were present to kill more than the two lower leaves of the plant. Last year, this occurred on July 18 in our field tests."

According to Cate, greenbugs present in the sorghum before spraying did not affect the plant enough to reduce yields. Furthermore, by delaying treatment until greenbug numbers were approaching damaging levels, one treatment provided sufficient protection until the beneficial insects could eliminate the pests.

"Our research to date has pointed out several important aspects," says Cate. "First of all, effective control of any insect does not mean that the insect must be eliminated from the field. Instead, it involves keeping the insect pest population below a predetermined damaging level. When pests are present in low levels, a close watch is necessary so that treatment can be initiated if populations increase. The longer an application is delayed, fewer applications will be needed and expenses will be reduced."

A producer's managerial ability is knowing when to apply an insecticide is of utmost importance, adds the entomologist. Often he may be tempted to spray as an "insurance" treatment. This practice can be detrimental in more ways than one, especially with the current public opinion on pesticide usage and pollution.

Two FHA Bills Are Introduced By Bob Price

Panhandle Congressman Bob Price introduced two bills Monday which are the remainder of a package designed to upgrade the operations of the Farmer's Home Administration. The legislation follows that introduced during the last Congress by Price and recently signed by President Nixon. One of these would transfer funding of the FHA operating loan program from direct appropriations of tax funds to the agriculture credit insurance fund which allows private investors to provide these funds with government guaranteed repayment. The second bill would increase the present operating loan ceiling from \$85,000 to \$50,000. "I would like to stress that if both of these bills are adopted and funding of the operating loan program is transferred to the private money markets, then raising loan limits would cost the taxpayer nothing," Price said. "Transferring the funding of the operating loan program from the federal budget to the private money market has the full support of the Nixon administration. Increasing the outside limits on operating loans would give the FHA greater flexibility in meeting the credit needs of this nation's hard-pressed farmers," he added. Price noted that the chairman of the House Agriculture Committee has promised early hearings on these proposals.
