NUMBER 30

### Kitty's Korner

By Kitty Montgomery

Texas voters have turned down pay raises for their legislators enough times in the past years that it comes as a surprise in November the voter will find Amendment Number 1, is the same song, second verse. Even more of a surprise is the number of individuals and associations endorsing the passing of the proposed amendment to raise legislative salaries from \$4,800 per year to \$15,000, and provide for annual sessions.

It is the opinion of this newspaper that annual sessions are not necessary and that a pay increase for members of the legislature would further increase the costs of state government when it is already overburdened in meeting the needs of the people.

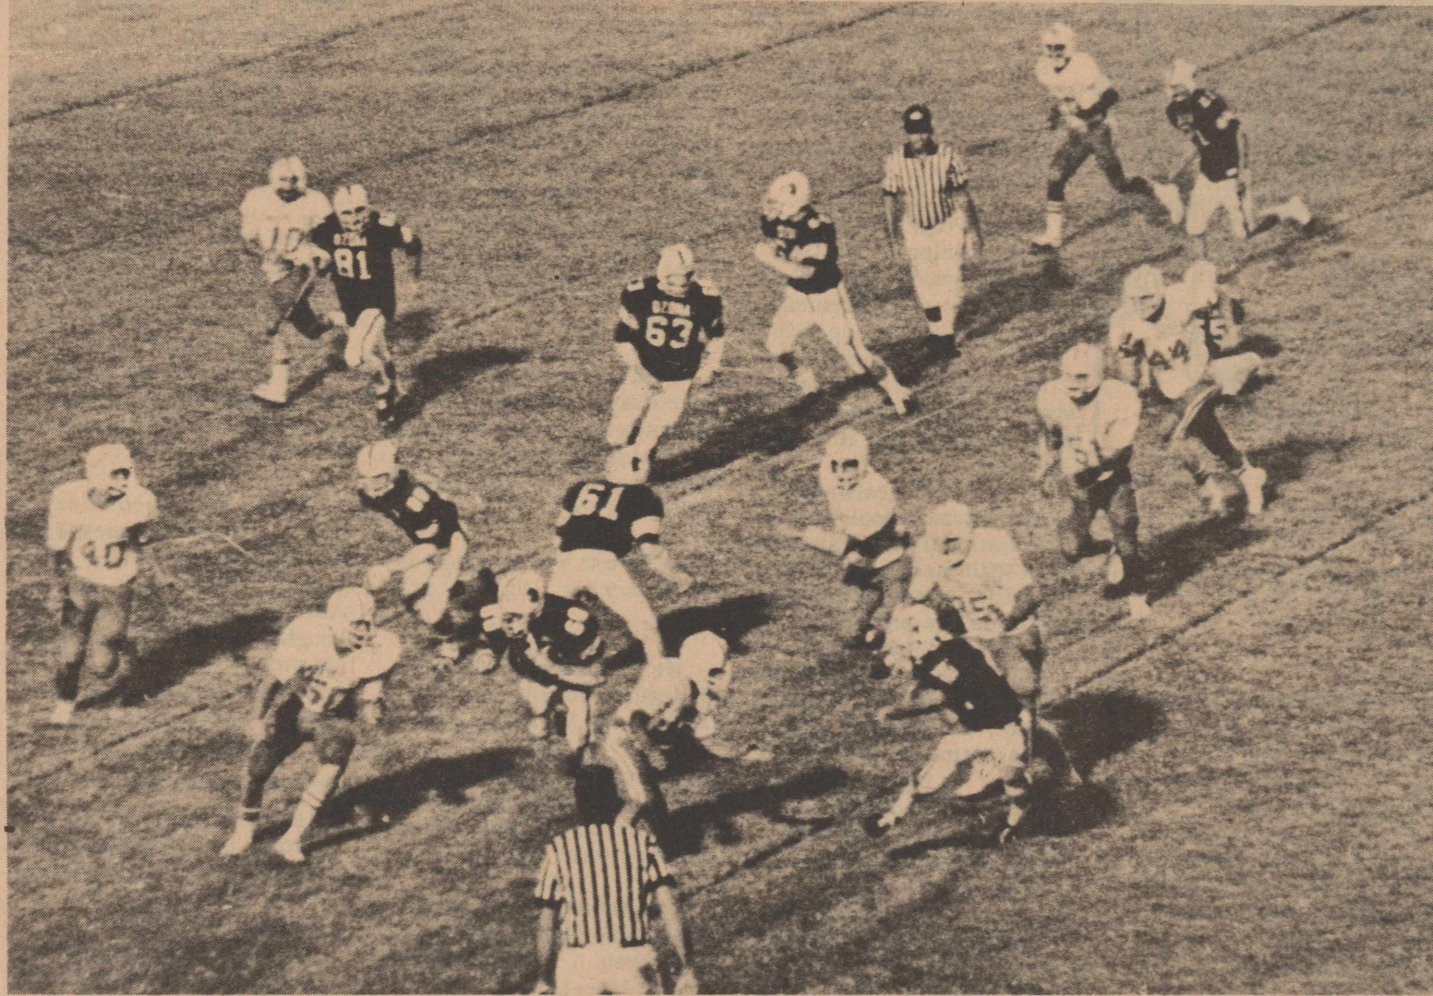

Every legislator in this state knew what the salary was when he ran for office. The job is not a full time job. When pay raises for legislators are mentioned, nobody ever mentions that besides the \$4,800 annual salary, state representatives receive \$875 and senators \$2,400 per month in expense accounts.

Raising the salary to the proposed amount would be such an incentive for private gain that there would be more candidates than you could shake a stick at. There seems to be a concentrated effort to brainwash the people of Texas into believing that the more the salary the more efficient the state government, also that a salary raise will buy honesty. This is simply not true. Honesty is not a commodity to be purchased in the marketplace.

Far more dependable is the man who serves his state as an elected official not because of monetary gain, but because he desires to serve, than the man who will go after the job for the \$15,000 plus expenses. The latter, no doubt, the man who is unable to make \$15,000 per year in private industry. Most of our legislators, or perhaps the best of our legislators, have other sources of income and do not depend on their state salaries or expense accounts for their livelihood.

As for higher salaries attracting more competent candidates, that's just a lot of hogwash. Nobody worth his salt is going to give up a lucrative business, professional or otherwise, to go after a \$15,000 a year, plus expenses, political job. This is just wishful thinking. If this amendment is passed, it will be the first of many and the taxpayers in this state will be at the mercy of the merciless.

A more efficient government in Austin with less waste of the taxpayers' dollar would be a greater incentive than anything else to give legislators their oft asked for pay raise.

A BIRD'S EYE VIEW of the Ozona Lions putting it on the Sonora Broncos during Friday night's game which ended in a 14-8 victory for the Ozona Lions. The boys played to a packed-house so to speak, as almost every seat was filled on both sides. Feeling always runs high when the two teams meet, and fans saw an

exciting contest. A spectacular half-time show was presented by the Ozona Lion Band under the direction of Lane Scott and Miss Jan Peltó was crowned homecoming queen just before the kick-off. The Lions, 2-2 for the season, take on the Iraan Braves tomorrow night in Lion Stadium.

## Lions Down Sonora 14-8 In Exciting Contest, Iraan Fri.

The Ozona Lions made it four losses in a row for the Sonora Broncos Friday night and sent the Broncos home still hunting for their first victory of the season. The Lions struck early in the first quarter, scoring on their first two possessions.

The Lions take on the Iraan Braves tomorrow night at Lion Stadium. The Braves will be up for Ozona as in past years and it will be no time for the Lions to rest on their laurels. The Braves are big and tough, and an upset could be pulled off should the Lions relax.

A fired up bunch of Lions took the ball and drove 72 yards to score on three plays. Romaldo Cervantez hit paydirt from six yards out, after Craig Taliaferro hit Rick Hunnicutt with a 54-yard pass to set up the score. Lessley Russell booted the extra point.

Sonora was forced to punt after making no yards on their first series of downs.

The Lions took the punt and scored again five plays later. Taking the ball on their own

20, the Lions drove 80 yards in five plays to cross the goal line again. Taliaferro hit Mark Kerby for a 24-yard pass play and

### Bud Harrison

### Sells Gulf To

### Terry McPherson

Terry McPherson purchased the Gulf Station on Hwy. 290 from Bud Harrison and took over there Monday morning. Harrison, who has owned and operated the station for the past ten years, has no immediate plans for the future but plans to remain in Ozona.

McPherson, a native of Andrews and a 1965 graduate of Sul Ross, moved to Ozona with his family two and one-half years ago. He has been associated with an oil company here. He has a wife, Anita, and two young children.

Cervantez ran it over for the score. Again Russell added the PAT.

That ended the scoring for the Lions, but it was enough to gain a 14-8 victory. The Sonora score came in the third quarter after a penalty proved costly to the Lions.

The Lions had 173 yards rushing and 83 yards passing for a total offense of 256. The Broncos managed 103 on the ground and 53 yards in the air for a total offense of 156 yards, most coming in the second half. The Lions had six penalties for 60 yards and the Broncos had 6 for 65 yards. Chris Reeves punted 6 times for a 39 yard average and the Broncos punted 6 times for a 41 yard average.

Cervantez was the leading rusher with 77 yards on 15 carries. Hunnicutt had 38 yards on 9 carries and caught a pass for 54 yards. Maldonado had 31 yards on 9 carries and caught a pass for 5 yards. Taliaferro rushed for 27 yards and passed for 83 yards, being 3 out of 4 in the passing department.

## Two Local Girls Get Scholarships Awards

Bridget Bell Dunlap and Darolyn Wilson of Ozona are among 50 students who received Presidential Scholarship Awards this fall to attend Angelo State

## Wildcats Are Slated For Crockett Co.

Texas Oil & Gas Corp., Midland, will drill a 9,800-foot Ellenburger wildcat in Crockett County, 16 miles west-southwest of Ozona, eight miles north-northwest and the same distance north-northeast of Ozona. Southwest field and 10 miles northeast of the Perner Ranch (Simpson and Devonian gas) field. It is the No. 1-6 University.

Location is 1,980 feet from the south and 660 feet from the east lines of 6-32-University.

It is also 1 1/4 miles south of Humble Oil & Refining Co. (now Exxon Corp.) No. 1-X failure, abandoned Dec. 20, 1953, which topped the Strawn at 8,440 feet and the Ellenburger at 9,186 feet on elevation of 2,317 feet; and two miles northwest of Humble 1-BW University, a 9,858-foot failure, abandoned Aug. 18, at 8,500 feet; Fusselman, 8,760 feet; Montoya, 8,850 feet; and Ellenburger, 9,330 feet on elevation of 2,307 feet.

University in San Angelo. A 1973 graduate of Ozona High School, Bridget is the daughter of Mr. and Mrs. Basil Dunlap of Ozona. At OHS, she was on the basketball team three years, entered the UIL science and slide rule contest and was in the horse club four years. She is majoring in business at Angelo State.

Also a 1973 graduate of Ozona High School, Darolyn is the daughter of Mr. and Mrs. Chester Wilson of Ozona. She has not declared a major.

The Angelo State University Honorary Alumni Association provides funds annually for the recruitment of faculty and students and for the development of the University. The Presidential Scholarship Awards are provided through this fund.

This is the third year that the University has made these awards. During this period, the fund has provided \$15,100 to attract students from throughout West Texas.

## County Gains Oil Location

Texas Oil & Gas Corp., Midland, will drill the No. 1-17 ARCO as a 3/8 mile north-east outpost to the two-well Double R (Crinoidal) field of Crockett County, 15 miles southwest of Ozona.

Location is 2,173 feet from the north and west lines of 17-YZ-EL&RR. Contract depth is 7,800 feet.

## Antique Cradle Donated To Crockett Co. Museum

Mr. and Mrs. L. B. Cox, Jr. recently loaned an antique cradle to the Crockett County Museum. The cradle belonged to Mr. Cox's mother, and has been used by many of the Cox children, George Bascomb Cox being the last.

## Church of Christ Gospel Moot Set

SYD B. WYATT, Evangelist

Bill Morrison, minister of the Church of Christ, announced a Gospel Meeting will be held at the church October 7 through Oct. 12.

Evangelist will be Syd B. Wyatt of Post, Texas.

The public is cordially invited to attend. Services will be held at 7:30 week nights and at 10:45 a.m. and 6:00 p.m. on Sunday.

The cradle was made of walnut by a note-worthy cabinet maker in Gonzales, Texas. The cradle was expressly made for Zaidee Parker, daughter of Capt. Horatio Samuel and Cornelia McCluer Parker.

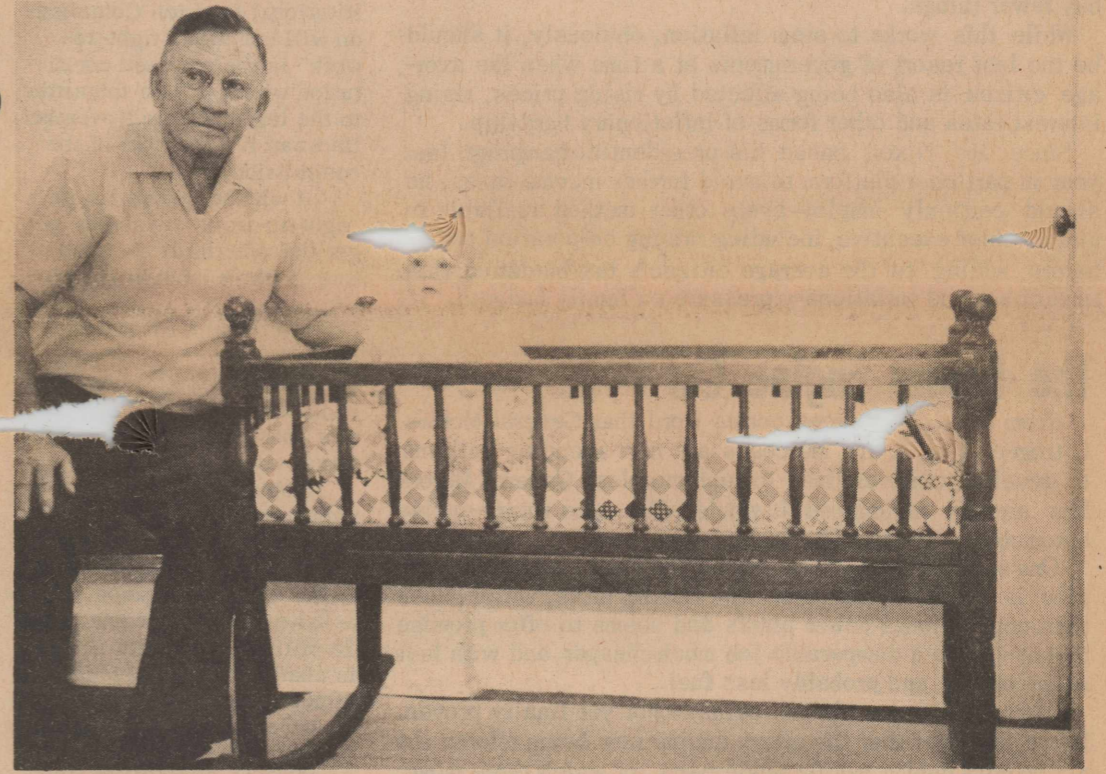

Capt. Parker, though a native of New York, cast his lot with the land of his choice and joined the Confederate Army under Major Ward of Gonzales before the birth of his daughter, Zaidee, on July 27, 1892. She was two years of age when he returned in 1864 to his family and law practice in Gonzales. His wife and baby daughter lived with her sister and brother-in-law, the Samuel Watkin Smiths, who established the pioneer newspaper, The Gonzales Inquirer.

Zaidee became the wife of Lemuel Bascomb Cox, the parents of L. B. Cox, Jr.

## Ozona JV Edged By Big Lake

The Junior Varsity Lions played Big Lake last Thursday only to be edged 6-0 by the Owls. The Lions will host the Sonora Bronchos today at 6:30 p.m.

The Lions played well against the Owls, but found it impossible to move the ball past the tough Big Lake defense. Larry Beard and Frankie Garza were outstanding defensive players for Ozona.

ONE OF THE MUSEUM HIGHLIGHTS next week will be this antique cradle, handed down for years in the Cox family. Donor L. B. Cox, Jr. sits by the cradle while his great granddaughter, Chris Haire, tries the cradle for comfort. The quilt is also an heirloom, having been handmade by Mr. Cox's aunt at the age of eighty years.

## Museum Week Is Scheduled For Next Weekend In Ozona

The Crockett County Museum will be one of the museums in the area to host a four-day tour of Permian Basin Museums scheduled for October 11-14.

The museum will be open all day Thurs. through Sunday, Oct. 11-14. One of the highlights will be a collection of articles from the Hoover family, a pioneer Crockett County ranching family.

The Permian Basin Museum Association is also urging local people to visit neighboring museums during the weekend. Ozona will be one of the stops on the tour.

Copies of a sketch of the City Park done by the late Mahlon Couch Robertson for the Jubilee Celebration, were given to the Crockett County Museum in her memory this week.

One copy is framed and will be hung in the museum. The others are for sale at the museum for \$2.00. Proceeds from the sale of the prints will go to the Museum Fund.

Mrs. Robertson was devoted to work at the museum and spent much of her time there.

There are around 100 prints, and they are available at the museum, while they last at \$2 each.

## Director For SCS To Be Elected Oct. 9

Qualified voters of subdivision 5 of the Crockett County Soil and Water Conservation District will meet in the S. C. S. office Tuesday, Oct. 9 at 7:30 p.m. to elect one member to serve on the Board of Directors. The member must be qualified by owning land in the subdivision.

Subdivision #5 consists of all lands in Crockett County lying west of county road following Howard's Creek and South of highway 290.

To be eligible to vote in a Soil and Water Conservation District Directors election, a person must own agricultural land within the subdivision where the election is being held, must live in the county, all or part of which is in the Soil and Water Conservation District. The voter must have attained the age of 18 years. No poll tax is required. Under the community property laws

of Texas the wife of a landowner also owns land and is entitled to vote and hold office.

Soil and Water Conservation District Directors serve a term of five years, the term beginning the day after he is elected. State law requires that a Soil and Water Conservation District Director take an oath of office and execute a loyalty oath before he is officially a Director.

## Rainfall In Sept. Is Up

September was a good rainfall month for these parts, recording a total of 4.36 inches, including .66 of an inch which fell on the final day of the month.

The September rainfall brings the yearly total to 15.58 inches, a bit of a surprise after a dry spring.

PRE-SPAGHETTI SUPPER - Members of the Alpha Alpha Mu Chapter of Beta Sigma Phi prepare for the annual spaghetti supper Friday afternoon at the Civic Center. The supper has become an important part of homecoming the past few years and Ozonans eagerly look forward to it. From left to right members are Mrs. Johnny Myer, Mrs. Johnny Hughes, Mrs. Floyd Hokit, Mrs. Jimmie Lott, Mrs. Tommy Wilson, Mrs. Jack Bentley, Mrs. Eddie Hale, Mrs. Terry McPherson and Mrs. Joe Boy Chapman.

THE SINGING CRUSE FAMILY will hold the annual fall revival at the Ozona First Baptist Church beginning Sunday and running for a week. Services will be held each night at 7:30. The singing evangelists will also appear at the weekly Lions Club meeting, Rotary Club and will be at assembly at the high school next Wednesday morning.

CLASSIFIED RATES — 6 cents per word. Minimum charge \$1.00 per insertion.

Laird's Balloon

Presidential aide Melvin Laird recently told reporters President Nixon is considering an increase in the income tax, as a means of combatting inflation.

Since this is a move the President has publicly pledged an all-out effort to avoid, the Laird statement was considered a trial balloon by many. While the President has ordered a study of the proposal, and others recommended by Arthur Burns, chairman of the Federal Reserve Board, he said there would be no tax increase this year.

Economists tend to view the inflationary scene with a professional, mathematical eye; they therefore often propose taxing personal incomes as a means of checking inflation in a somewhat dispassionate way; the reduced income leaves the average citizen less money with which to buy fewer things.

While this works to stem inflation, obviously, it should be the last resort of governments at a time when the average citizen is also being affected by rising prices, rising interest rates and other forms of inflationary hardship.

Since Mr. Nixon based his presidential campaign last year in part on a platform to avoid further income taxes, he should certainly employ every other method available to him as chief executive, including raising corporation taxes, before adding to the average citizen's tax burden at this time of serious inflationary pressure on family budgets.

The Rotary Engine Car

From industry sources comes word that General Motors, Citroen, Toyota and Mercedes are now spending millions to develop rotary engines for automobiles. General Motors has already announced it would offer some rotary-engine automobiles (through Chevrolet) next year.

One of the intriguing features of the rotary automobile engine is that it contains so few moving parts, weighs less than conventional power plants and seems to offer promise that it can do a comparable job much cheaper, and with less maintenance and probably less fuel.

These are major claims, perhaps not yet finally proven. But it is a fact that the rotary engine now being offered the automobile public has 67 basic parts, of which three move, compared to the conventional engine's 230 basic parts, of which 166 move.

Obviously, such a simple engine is more quiet, and if it can help toward solving the air pollution problem also, the rotary engine seems to have much to offer, and one suspects—despite a recent blunt remark by one U.S. automotive giant—the rotary engine could be the automobile engine of tomorrow.

School & Discipline

It is well to take stock of our local schools every so often, and the new school year now underway is a good time to review local conditions.

In the first place, capable school administrators, from superintendent and principals on down, are not as easy to find as some imagine. The really good officials in this field are the objects of much competition.

Parents of children—many of whom have been raised on progressive theories which are now largely discredited—have an obligation to cooperate with school authorities in every way possible and to make their task easier as they attempt to guide, train and educate the children of this community.

Children must be disciplined, as well as educated, for if they are not disciplined they cannot be educated. This is one point parents must keep in mind. Also, it should be remembered that proper disciplining never hurt anyone, and is a prerequisite in our social order, a lack of which is responsible for much of our juvenile delinquency.

As the school year gets underway, we urge all parents to cooperate with teachers and school officials, and encourage their children to approach school with the proper attitude.

Jamming Stops

The announcement by State Department officials in Washington that Russian jamming of Voice of America broadcasts had ceased as of the second week of September is of considerable significance.

The major thrust of most of President Nixon's critics, in discussions of the new detente between Russia and this country, is that Mr. Nixon has not achieved much in the way of a freer flow of information between the peoples of the two countries in return for technological aid and massive grain sales to Russia.

The Russians have been jamming Voice of America broadcasts for decades. They now seem to have stopped jamming British Broadcasting Corporation programs and West German broadcasts also. This, coupled with the increasing boldness of prominent Russians to speak out for more individual freedom, gives hope that the average citizen in Russia will become better informed, less susceptible to the anti-American line of Radio Moscow.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

BY BILL BOYKIN Texas Press Association

"There'll be no 'right-to-work' law in the proposed new Texas constitution," predicted Lt. Gov. Bill Hobby and Bill Hartman, Beaumont Enterprise Journal, at a meeting of the Texas Daily Newspaper Association last week.

Answering a question from a newspaperman at the summer meeting of the Texas Daily Newspaper Association in Guadalajara, Mexico, Hobby and Hartman said the Texas Constitutional Revision Commission will not have "right-to-work" in the proposed constitution which will be submitted to the legislature in November. Hartman is a member of the commission.

"It will be impossible for 'right-to-work' advocates to get the two-thirds vote necessary to get it back in the constitution at next year's Texas Constitutional Convention," Hobby added.

The convention—beginning in January—will be writing a new constitution to present to Texas voters in 1974.

Hobby also told the Texas publishers that the most important change for the commission and Concon is reorganization of the executive branch. "Texas state government now spends \$5 billion a year with no one in charge," he concluded. "Under our present constitution we have the weakest 'office of governor' in the nation."

SPECIAL SESSION URGED—Atty. Gen. John Hill has joined in the demand that Gov. Dolph Briscoe call a special legislative session on a wide range of civil welfare matters and school finance laws revision.

Briscoe, who heard of the recommendation while attending the Southern Governors Conference in Alabama, said he has not changed his mind about need for a special session at this time. He made clear that means he doesn't intend to call one.

Hill also released his report on licensing of Artesia Hall, the East Texas child care facility, which was closed last summer after reports of serious mistreatment and even a murder charge there.

While he, in effect, said W. Kendall Baker of Houston, a former State Welfare Board chairman, and House Speaker Price Daniel Jr., did nothing wrong in serving as attorneys for the Artesia Hall owner, the attorney general advised a law curbing legal practice before state boards by former members. He also suggested restrictions on legislators practicing before state agencies.

Hill concluded there were no improper payments or inducements to get Illinois children placed in Texas child care institutions by that state's welfare officials.

The attorney general conceded, however, that there appeared to be a certain amount of "wining and dining" of the Illinois officials.

He criticized hiring out of Texas Welfare Department employees part-time to private child care facilities. The Welfare Board, meanwhile, voted to fire its former director of social services, who had been on the payroll of private institutions.

YOUTH COUNCIL SHAKEN UP—Leadership of the Texas Youth Council was shaken up in the wake of recent "semi-

riots" at Gatesville Boys School and a court finding that discipline is too harsh at several state institutions for youth.

Dr. James A. Turman resigned as TYC executive director, a post he has held since 1957, and Robert Kneebone quit as chairman.

The board named W. Forrest Smith of Dallas as new chairman of TYC and Ron Jackson, 33, of Brownwood as acting executive director.

Smith told the House Committee on Human Resources TYC "needs a little settling time and a little of the pressure taken off" before it can move toward new goals. Smith said the council will comply fully with the rulings of Federal District Judge William Wayne Justice at Tyler that it end certain disciplinary practices used against youth school inmates.

THE NEWS REEL

A re-run of "The Ozona Story" as gleaned from the files of "THE OZONA STOCKMAN"

A fire in the operating booth of the Palace Theater in the Mexican settlement caused \$400 damage, but the fire was brought under control before it could spread to the rest of the building.

Sgt. Clifton W. Taliaferro won his pair of silver wings after graduation in Harlingen from the Aerial Gunners class of the Army Air Force.

Sheriff Frank James announced the opening of the 1944 taxpaying period and reminded Ozonans that early payment will mean discounts up to 3%.

Mr. and Mrs. Ralph Jones have purchased the Perner home from Mr. and Mrs. Hugh Childress.

The Ozona schools will observe National Fire Prevention Week with special exercises, fire drills, poster making and themes on fire prevention.

Carl Conklin, who has been under treatment in a Houston hospital, has returned home and has started to school.

Christmas packages for servicemen overseas should be mailed between September 15 and October 15.

One case of sleeping sickness has been reported in Crockett County. A horse on the Jake Young ranch is suspected of having the dread disease.

Cpl. Charles Williams, son of Mrs. Charles Williams of Ozona is here this week for a visit. He is stationed at Aloe Army Air Field at Victoria.

The telephone company urges subscribers not to make unnecessary calls and to be brief. Overloaded lines can cause delay in vital war calls.

THE TEMPORARY RATE MAY PREVENT or mitigate gas shortages to the public during winter heating months, the Commission order said.

COURTS SPEAK—A Dallas man sentenced to death for murder during armed robbery won a reversal of his conviction in the Court of Criminal Appeals on grounds his arrest was not based on sufficient information and conflicted with court-set standards.

The Texas Supreme Court refused to hear the appeal of a military captain's ex-wife that she was entitled to part of his future retirement benefits.

THE LION'S ROAR

NEWS FROM OZONA HIGH SCHOOL BY TERESA SHAW

Last week a donation of \$50.00 was given to the Senior Class by Mr. Armstrong. Thank you so much for your thoughtfulness.

Monday night the Speech II class had a dress rehearsal for the play they put on Tuesday. After much embarrassment, it got under way and became a great success. At the first of the play a bucket full of water was supposed to fall on Harvey Weant, but he ducked and a few seniors and juniors got wet. What happened to the confetti?

Word was received that Mike Clayton sure does love the sandwiches the junior class made at the game Friday. It seems that he likes the ones with no filling.

ACT tests will be taken in the library Sat. Oct. 20, at 8 a. m.

We are now registering for College Board which will be taken in the library on Dec. 1.

Everyone except seniors took their school pictures Wednesday, Oct. 3. Seniors take senior portraits Oct. 4.

Congratulations go to Jan Pelto on being selected football queen.

Personally, this was the best homecoming the Ozona fans have ever attended. Beat-ing Sonora, our biggest rival, was the best thing we could ever ask for.

The Lion Band put on a great half-time show and everyone was let down that the lights weren't turned off.

The football boys played a terrific game. We were determined to win and the spirit of the Ozona fans was backing the Lions all the way.

It was good to see and talk to all the Ex's. It seemed everyone was home except boys having to play football. Sorry you all couldn't come home. You missed a great night! It seemed so strange after the game to see so many people riding around and having someone to honk at.

The Singing Joe Cruise family will be in charge of assembly before the High School and Junior High Wednesday morning, Oct. 10.

I would like to thank everyone, from myself and the other seniors, for buying mums and donating money. If you failed to receive your mum, please notify us and we will

refund your money.

The civics class section III reached and exceeded a goal by selling \$1,129.50 worth of mums. Each civics class had a goal of \$700.00.

Friday night we play Iraan here. Let's have a large crowd and a good game by winning. You can do it, Lions, you are GREAT!

Last Friday at the Pep Rally, the senior boys dressed up as cheerleaders and twirlers. Jimmy W. seems to make a good drum major and Mark K. seems to make a good girl.

After asking her what she bought, she discovered it was her money.

At the Poco Taco Friday night, Suzanne W. picked up her trash before leaving and yelled "someone left 50¢." After asking her what she bought, she discovered it was her money.

How much greater our country would be if everyone was as concerned with national interest as with self-interest.

Lives are like money; most people spend them; wise people invest them.

Gossip always travels faster over grapevines than are slightly sour.

I shot a golf ball into the air. It fell to earth I knew not where. I only knew with woe immense, that I had lost my fifty cents.

Foolishness is not always wicked; but wickedness is always foolish.

The reason that worry kills more people than work is that more people worry than work.

Ever notice how the straight and narrow path gets more wear along the edges?

How well most people like hard work is whether they are doing it or paying for it.

If you spare the rod you may get a beat generation.

Drink may not keep you young, but it will likely keep you from growing old.

A LIFT FOR THE WEEK--If you would like to build a better world start with your own community.

Public Notice CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 4,961 miles of Gr. Srs., Base and Surf. from 5.0 Mi. S. of SH 163, Southwest 5.0 Miles on Highway No. RM 1973, covered by S 2855(2)A in Crockett County, will be received at the Highway Department, Austin, until 9:00 A. M., October 16, 1973, and then publicly opened and read.

The State Highway Department, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the U. S. Department of Transportation (15 C. F. R., Part 8), issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that the contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the ground of race, color, or national origin, and further that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

TIPS FOR OUTDOORSMEN by Vern Sanford Preparedness Is A Requisite Of Every Good Bass Fisherman PART I "On your mark—get set—GO!" That's the attitude of most bass fishermen in Texas. In other words they don't have to be in a tournament to make ready for a run to the lake. They are always ready, be it for a day's angling, a weekend, or a two-week vacation. Bass fishing is serious business to them. Every detail for the upcoming launch is planned to perfection and completed before they ever hitch up their bass fishing rig to the car. Then it's checked and double checked. Many of these fellows have lost more and bigger fish than you and I have ever seen, and certainly more than we have ever caught. That's why they are cautious. Landing the Jumbos Through their many and varied experiences they have learned the wily ways of the lunker bass. It took hundreds of outings and thousands of casts to master the method of landing the jumbos. They know that catching bass is one thing but bringing them into the boat is something else. To the master bass fisherman there are just as many tricks to landing a bass as there are to locating the ani-

**Crockett Cancer Society Meets For New Year**

The Crockett County Unit board of directors of the American Cancer Society met at the Methodist Church Monday evening for the first meeting of the new year, with Mrs. Charles Williams presiding.

Mrs. Williams welcomed new members Mrs. James Weant, Dr. W. B. Robertson, and Ted Cotton. Also answering roll call were Mrs. C. E. Davidson, III, Mrs. Huey Ingram, Mrs. Glenn Sutton, Mrs. Savannah Wright and Mrs. M. E. Nicholas. Mrs. Ray Valadez has also accepted membership on the board.

Mrs. Williams discussed the importance of saving lives through education and services available to local cancer patients. Mr. Cotton expressed his appreciation for the special film furnished by the Society for in-service teacher training prior to the commencement of school.

Mrs. Nicholas reported on the annual state meeting and the fact that \$1,700,000 is presently being utilized in ACS research projects in Texas.

Arrangements were made for the fall Rummage-for-Research sale to be held Nov. 6 in the Martinez building across from the El Sombrero. Crockett County residents are asked to save their household items and clothing and bring them to the building November 5 (Monday)

where they will be gratefully received. For information or assistance, please call Mrs. Davidson, chair, (392-2094) or Mrs. Weant (392-2141).

**Savings Bond Sales Up For August**

Series E and H United States Savings Bond sales in Crockett County during the month of August totaled \$1,297, according to County Bond Chairman Lowell Littleton. Sales for the eight-month period were \$15,249 for 51% of the 1973 sales goal of \$30,000.

Texas purchased \$17,913, 390 in Savings Bonds during the month while the year-to-date sales totaled \$155,083, 171 compared to \$142,833, 527 for the same period a year ago, an increase of \$12,249, 644.

**NOTE OF APPRECIATION**  
I would like to take this means of thanking all my patrons for my successful ten years in the service station business here. I plan to remain in Ozona and take up a business which will allow me to spend more time with my family. We do not plan to leave Ozona. Having been here for thirty years, this is "home", and we wouldn't consider living elsewhere. Again, my appreciation for ten pleasant years in business here.

Sincerely,  
Bud Harrison

## Tips For Gardeners

From the  
Ozona Garden Club  
by  
Mrs. Bailey Post

Though we have had only cloudy, misty mornings for several weeks, they have given us the courage and urge to continue gardening. For me the fall months are the most colorful and enjoyable of the year.

Summer-growing bulbs that rest in the winter but have not already died down naturally, should be encouraged to do so by gradually reducing the water supply and finally withholding it. Some of these are the amaryllis, caladiums, tuberous begonias, etc. If caladiums have been grown in pots, they may now be dried off, and the pots stored in a cool, dry place where they won't freeze.

Sweet peas planted in September may be expected to bloom from Christmas on for some time.

A lawn of seed mixtures or Bermuda may be sown this month. Keep moist for seed to germinate and get started before cold weather.

Young plants of snapdragons, pansies, stock and calendulas may be planted now, but if very hot, shade them lightly for several days.

Continue to water azaleas and camellias regularly during dry weather. Also fruit trees that are now making buds for next year should be watered freely if dry weather continues.

Pick off all dead leaves and rake all litter from beneath plants. This may prevent over-

wintering of insects and disease organisms.

If you want to fill in vacant spaces with blooms, you may move well-budded chrysanthemums into pots or spaces. Do this in cloudy weather if possible, or place in shady space, and soak plants the day before transplanting, then again for several days. Stake if needed.

## Lion Freshmen Down Sonora, Play Here Sat.

The Ozona High School freshmen downed Sonora 34-12 Saturday morning in Sonora. There will be a re-match here Saturday at 9:30 a.m.

The Lion Freshmen scored almost at will. Gary Warren got the first two touchdowns with 8 and 3 yard runs. Orlando DeHoyos got the next two touchdowns and passed to Clifford Crawford for the final score. DeHoyos hit Galvan for the first two-point conversion and ran it in himself after the fourth TD. --0--

Can a dirty rug look clean? Yes, it's true that a rug can hold its own weight of dirt and still the surface may look clean. Some colors and styles of carpet show soil less than others. Unseen ground in dirt can cut the pile and increase wear and tear.

Surface dust, like threads, cat and dog hair can be picked up by a vacuum cleaner or carpet sweeper. Embedded gritty dirt, sinks into pile, out of sight, and is ground deeper with traffic over the rug. Agitation and suction are required to remove harmful hidden dirt.

Shaking small rugs removes dirt, but it is hard on rugs. Do not beat rugs; this loosens the pile and breaks the backing. Vacuuming the back of the rug helps get deep dirt. Professional rug cleaning will also remove the deeply embedded dirt.

Remember these special hints on taking care of your rug:

1. Don't ever get a rug too wet. Water alone can sometimes cause a brown or yellow stain.
2. Never use soap to clean rugs. Soap is hard to rinse out and will hurt the rug if left in.
3. If you spill something on the rug, clean the spot immediately. Be ready when accidents happen. Keep some cleaning supplies handy.

Here's what you can use:

- White vinegar and dry detergent--make a solution of 1 tsp. dry detergent, 1 tsp. white vinegar, and 1 qt. warm water.
- Dry-cleaning fluid--the same kind you would use to get rid of spots on clothes.

4. Use a spoon or table knife to "pick up" as much of what is spilled as possible. Blot the liquids up with a paper towel.
5. If you don't know what the spot is, use the detergent-vinegar-water solution first. Use only a little bit.
6. Use a clean cloth and wipe gently. Work from the edge towards the center of the spot. Then you won't spread the spot.
7. Never rub or scrub too much. It won't help. Wipe the spot gently.
8. When you think you have taken the spot out, put a clean towel over the spot. Put a couple of books or a heavy flat object over the towel to weight it down. Let it dry overnight.
9. After the spot is dry, vacuum or brush the rug.

**Billy Mills**  
Sheriff, Crockett Co.

## Orientation For Volunteers In Cancer Work

The American Cancer Society is presenting its second annual Basic Orientation for volunteers and the public in San Angelo. The first session was held yesterday.

The second session, it is felt, will be of great interest to the public, and will be held on Wednesday, October 10 at 6 p.m. at the Central National Bank in the St. Angelus Room, at which time "Cancer, What Is It?" will be discussed.

A panel of three specialists will participate in explaining the different methods that are used to combat cancer. Robert N. Grant, M.D. will speak on the control of cancer by surgery; Samuel Chunn, M.D. will discuss radiation; and Johnny French, M.D. will speak on chemotherapy.

Questions and answers will follow each talk. This panel is intended to help the community understand more about the treatment of cancer.

Several Ozonans attended last year's sessions. "It was highly gratifying to learn," Mrs. Nicholas commented, "that as a result of this education, several members of the public attending realized that they or family members were showing symptoms of cancer, and followed up with appointments with their physicians and actual cases were caught in the early stage of this disease."

There is no admission charge.

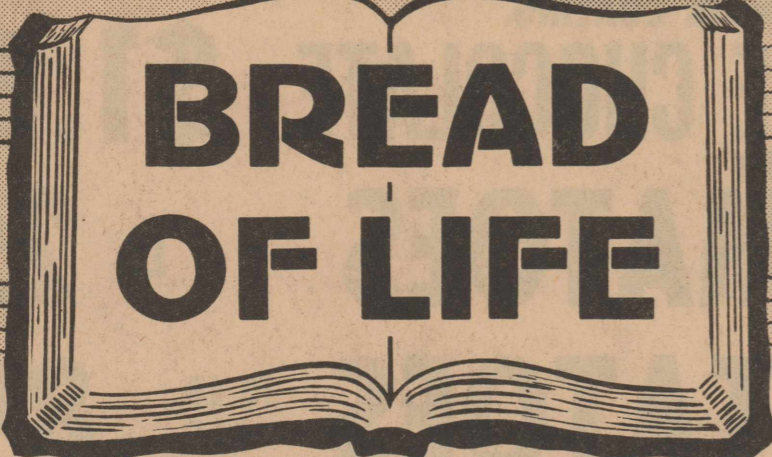

## Social Security Visit For Oct. 15 Scheduled

Ken King, social security representative for the San Angelo Social Security Office, has scheduled his October visit to Ozona. He will be at the County Courthouse on Wednesday, October 17 from 10:30 a.m. to 12:00 noon. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo. Residents of Ozona may call toll free by dialing "Operator" and asking for "Enterprise 2058."

Mr. and Mrs. Tommy Parker and Mr. and Mrs. Lawrence Moiola of California were entertained in the homes of Joe Tom Davidson and Mrs. Joe T. Davidson over the weekend. --0--

Break Thou the bread of life, Dear Lord, to  
Bless Thou the truth, dear Lord, To me - to  
Thou art the Bread of Life, O Lord, to  
O send Thy Spirit, Now un - to

As Thou the i  
As Thou ho - sav - eth  
Thy ho - may And make me

Sunday, all over the world, Christians will unite in Holy Communion. They won't all agree on the meaning of this sacred act. Nor will they all worship in the same way.

Yet they will draw close to the Lord whose truth and blessing they share. They will come to Him. And in their hearts He will come to them.

No one knows how this communion is possible. Yet each, according to his own faith, believes that it happens. Mystically, symbolically, miraculously, spiritually—men use these different words to express the SOMEHOW that enflames their hearts.

At a Table that spans the centuries, girds the globe, we partake of the Bread of Life—as ONE.

# natural energy HOME

## CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource... natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

PIONEER NATURAL GAS COMPANY

# New Outbreak of VEE Threatens Horses

It has been two years since the tragic outbreak of Venezuelan equine encephalomyelitis which claimed the lives of hundreds of horses in Texas. During that 1971 crisis, more than a half million horses were vaccinated in Texas. Since then, the disease and its attendant publicity have died down. This, in turn, has given rise to the threat of a

new outbreak of VEE. The Texas Animal Health Commission reports that continuing studies show that the very effective vaccine against VEE does not offer permanent protection.

The TAHC has joined with the Texas Veterinary Medical Association in urging revaccination of all horses in the state. Studies indicated that the vaccine's protection begins to dwindle after a year. Consequently, it is recommended that horses be revaccinated every year.

In addition, the veterinarians recommend that colts and horses brought into the state since the epidemic be vaccinated. Of course, horses also should be vaccinated against the Eastern and Western strains of encephalomyelitis which have been in the U.S. for years.

As the name implies, VEE was first noticed in Venezuela in the mid-1930's. It was confined to South America until 1969 when an epidemic struck in Guatemala. Since then, it swept through Central America and Mexico where inadequate immunization programs allowed VEE to invade Texas.

The virus is spread by mosquitoes, which are seasonally in greater numbers during the late summer and early fall months.

Since we are in the middle of this high-risk period, it is especially important that horse owners insure that all their animals are vaccinated as soon as possible.

Although the disease is seldom fatal to humans, about 90 persons were afflicted during the 1971 epidemic. However, the fatality rate among horses that get VEE is very high.

The symptoms horse owners should look for include drowsiness, loss of appetite, depression, stumbling, drooling, and diarrhea.

Thanks to a 19-state vaccination program, the VEE epidemic was confined to Texas in 1971. The U.S. Department of Agriculture cautions, however, that the virus has not been eliminated. New outbreaks can be expected.

We Texas horse owners bear a special responsibility to protect our animals and thus insure that they do not help spread VEE to the rest of the country.

Middle age is when you had rather not have a good time than have to get over it.

MRS. TERRY DICKERSON  
...nee Miss Peggy Sue Hayes

# Hayes-Dickerson Vows Said Here Saturday

Miss Peggy Sue Hayes and Terry Wayne Dickerson were married Saturday in the First Baptist Church with the Rev. Nelson Lanham, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Jerry L. Hayes, and the bridegroom is the son of Mr. and Mrs. W. T. Dickerson of Granbury.

Mrs. John Kenley provided wedding music.

Mary Jo Hayes was maid of honor and Mrs. Bob Kenison of Tempe, Ariz., was matron of honor. Bridesmaids were Karen Cody of Edinburg, Donna Dickerson of Granbury and Louise Perner.

The bridegroom's father was his best man. Groomsmen included Frank McComas of Grapevine, James Russell of Hurst, Pat Collins of Granbury and Alton Everett.

A reception in the home of the bride's grandfather, W. W. West, followed the ceremony. Houseparty included Mrs. Wesley West, Mrs. Frank McComas, Mrs. Bud Coates, Miss Wilda West, Mrs. Mike Wellman and Mrs. Joe Logan.

Mrs. Dickerson is a 1972

graduate of Ozona High School where she was valedictorian of her class. Her husband is a graduate of Granbury High School, Lub-

bock Christian College and Weatherford Junior College. He is a fireman in Euless.

After a wedding trip to San Antonio, the couple will live in Grapevine.

The bridegroom's parents hosted the rehearsal dinner in a local restaurant.

# League Has Style Show

The Ozona Woman's League presented a style show Sept. 25 in the Methodist Fellowship Hall. The program, "Stepping Out in Style", was a preview of fall fashions coordinated by Mrs. Bob Childress and modeled by Mrs. Jess Marley, Mrs. Tommy Wilson, Mrs. H. O. Hoover, Jr., Mrs. Tony Allen and Mrs. Nancy Miller. Fashions from a San Angelo dress shop were presented as Mrs. Charles Spieker commented.

Hostesses were Mrs. Pleas Childress III, Mrs. Bruce Mayfield and Mrs. Johnny Hughes. Refreshments were served and a business meeting was held after the style show.

# Electric Skillet Is Great Power Saver

With the growing emphasis on power shortages, prepare one-dish meals in an electric skillet.

"The average electric skillet uses less power than a range element--and far less

than an oven," according to Mrs. Doris Myers, home management specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Besides conserving electrical power, it saves "homemaker energy" too. A meal cooked and served in the same container saves clean-up time, she noted.

"Unfortunately, many homemakers' electric skillets take up valuable storage space without getting used.

"It's pretty costly to own and not use such an appliance," the specialist said.

"It's also expensive to mistreat it. Proper care and maintenance play important roles in conservation of resources--by avoiding unnecessary breakdowns, repairs and expenses."

Remove acid and salty foods as quickly as possible to avoid pitting the cooking surface. Let the skillet cool to room temperature before washing it, Mrs. Myers continued. "Cold water in a hot pan causes warping."

"For best performance, wash skillet after each use with hot sudsy water. Also clean the outside and underneath to avoid burned grease build-up."

Steel wool can be used on stainless steel or aluminum pans--but only plastic or rubber scrubbers on teflon-coated ones, she added.

Never immerse a heat control in water. Simply wipe clean with a damp cloth, then dry.

"As a reminder to use it often, store skillet in an easy-to-reach spot," the specialist suggested.

"Efficient use adds to the quality of living."

### Cubs Play In Sonora Today

Coach Tommy Wilson's junior high Cubs will be in Sonora this afternoon for a double-header with the Sonora Colts.

The seventh graders will be looking for their first win after losing 20-6 in Big Lake. The eighth graders struggled to a 0-0 tie with the Big Lakers.

Joe E. Borrego scored the only Cub touchdown on a 45 yard run.

Outstanding on defensive for the eighth grade were Dwayne Smith and Sammy Gutierrez.

Mrs. Stephen Permer is in Friendswood this week visiting with her son, Chris Permer, and his family.
