It is to be presumed that he has sophomoric knowledge of the tariff, but that is all To promote him over the head of Mills, who is a recognized authority on political economy, especially as it affects the tariff would at one mean that the old Randallite faction had again taken control. Springer, as heretofore noticed in these dispatches, unqualifiedly informed the members of his delegation that Mills was his second choice for the Speakership, him self being his first choice. On one occasion he addressed the members of his delegation in these words: You must support me. I am the nominee of the Illinois Democracy. I have been indorsed by the State Legislature. Its advantages and Attractions for the Man of apital and the Home-seeker:

The Canner County of East Texas,

For variety and fertility of soils.

A vast foof native woods, adapted to the manufacture of all grades and styles of furniture, vehicles and agricultural implements. Walnut, ite Oak, Linu, Ash, Hickory of every variety. Post Oak. Cypress, Long and Short Leaf Pine, Curley Fine, Holly, Beach, Cherry, Magnolis and every other for cies of timber found in the woods of East Texas.

Houston County Took the Gold Me

at the Fort Worth Spring Palace in 1890 for its magnificent display of timbers. The North-eastern, Northern and North-western sections of the County are rich in iron Laminated and Brown Hematite varieties. Soils of every variety to be found in the state are to be found in Houston County, from the black waxy to the light sandy.

The Ralroad Facilities of the CountA

are splendid. The International & Great Northern runs through it directly North and South. The Trinity & Sabine belts it on the South, the Houston, East & West Texas on East and the Kansas & Gulf Short Line on the North, thus affording to every section of the County casy and rapid means of transportation to an from market. Besides these ther lines are surveyed and projected through the County, running in a North-westerly and South easterly direction.

Rivers, Creeks and streams of living water abound, furnishing through the dryest summers an abundance of pure, fresh water. The Trinity River is the County's boundary or the West and the Neches on the East.

The County School fund is perhaps

eaching the splendid sum total of \$70,000, from which is annually derived for available use in maintaining the schools of the County from four to five thousand dollars. The added to the amount raised by local taxation and that bestowed by the State farnishes the princely sum of thirty thousand dollars spent annually on the free schools of the Count pulation of the County is

are unsurpassed by any in the State, in respect of efficiency and competency of teachers, standard of scholarship and duration of free term.

Its own unsurpassed permanent School Fund supplemented from other sources enables us to come nearer fulfilling the constitutional requirements of a six-months term than any other county. The debt and tax-rate of the County are almost nominal. Its climate is mild and healthful, the temperature never reaching extremes in either Summer or Winter.

Its water supply for both domestic use and manufacturing purposes is unexcelled. Springs and streams of never failing water are to be found in every section of the County. Running through the County in every direction are ever-flowing streams of water of the finest kind, and of such volume and power as to be very valuable for mannfacturing purposes. No County in Texas can boast of as many such streams. The medical qualities of some of these springs are highly prized by the invalid and health-

The area of the County embraces nearly seven hundred thousand acres of land, of which not more than one hundred and twenty-five thousand are in cultivation. We have as stated above every kind of soil to be found in the State. The black waxy, the chocolate, the red the loamy, the sandy and quite a number of others.

...-The Products Of the County-...

are cotton, corn, oats and other small grain, sorghum, ribbon-cane, fruits and vegetables of every vriety, hay, and in some places, rice&c. &c. &c.

The County produces on an average every year fifteen to twenty thousand bales of cotton, ‡ smillion bushels of corn, a hundred thodsand gallons of ribbon-cane syrup.

Crockett the County Seat

of Houston County, is situated on the I. & G. N. R. R. It has a population of 2000. The people of the town have recently voted to take charge of its schools and support them by taxation, nine months in the year. The City Council have assumed control and established graded schools for both white and black. Handsome and commodious brick school buildings with all the modern appointments will scon be under construction. The town is destined to become the educational center of East Texas The society of the town is excellent. The town has two weekly newspapers and churches of nearly every denomination.

on the L. & C. N. R. R., is an enterprising town of 500 people, good society, several churches and a splendid High School maintained all the year in on of the finest high school buildings in Eastern Texas. The country surrounding this town is fine and thickly settled.

GRAPELAND TOTHE NORTH

is another enterprising town of several hundred people, fully alive to the demands of the hourand supported by a superior section of country. They have in course of erection a very fine high school building in which the public spirited citizens of that place propose to sustain during the entire year a high school second to none in the County. The country to the East of Grapeland is noted for its

Extensive Beds Of Green Sand Mark

Porter' Springs, Creek, Weldon, Holiv, Coltharp, Ratliff, Tadmor, Weches, Augusta and Daly are other villages in the County with stores, post-offices, schools and churches

The Lands of The County:-

re cheap and can be bought on easy terms.

Houston county needs and invites immigration and offers as inducements rich soi cheap lands, good society a low tax-rate, rapid transportation facilities for all products, good schools free forx months in the year and a combination as above set forth, will no doubt prove beneficial to your a generous hospitable welcome to all who will come.

Houston county needs and invites capital to develop its great resources in the way of ores, clays and timber sufficient to supply the demands of the entire state for furniture, vehicles and agricutural implements
