The Crockett Weekly Courier.

GILES M. HALTOM, PUBLISHER. ENTERED AS SECOND-CLASS MATTER AT CROCKETT POST OFFICE. SUBSCRIPTION PRICE \$1.50 PER ANNUM. VOL. 3. CROCKETT, HOUSTON COUNTY, TEXAS, FRIDAY, MAY 27, 1892. No. 17.

J. G. HARRING, DEALER IN—Drugs and Medicines, Perfumery and all kinds of Toilet Articles. Physicians Prescriptions Carefully Compounded.

A FORTUNE

Inherited by few, is pure blood, free from hereditary taint. Catarrh, consumption, rheumatism, Scrofula, and many other maladies born in the blood, can be effectually eradicated only by the use of powerful alternatives. The standard specific for this purpose—is Ayer's Sarsaparilla, the compound, concentrated extract of Honduras sarsaparilla, and other powerful alternatives.

SAVED

Several hundred dollars' expense, by using Ayer's Sarsaparilla, and would strongly urge all who are troubled with humors or rheumatic pains to give it a trial. I am sure it will do them permanent good, as it has done me.—Mrs. Joseph Wood, West Pittsburg, N. Y.

By Taking

about a dozen bottles, was restored to perfect health—weighing 20 pounds—and am now a believer in the merits of Ayer's Sarsaparilla.—James Pease, Mine Boss, Brooksville Coal Co. (Lambert), Victoria, Ky.

Ayer's Sarsaparilla

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1, six bottles, \$5. Cures others, will cure you.

Who's Guilty of Falsehood?

Senator W. H. Pope in the magnificent speech made at McKinney, Texas a few days since, said that during the season of the 21st legislature Governor Hogg, then attorney-general, told him that Governor Robert's argument against the constitutionality of the commission law would defeat it, and he (Hogg) said in same conversation, that there was no necessity for a commission, that if the trust law was passed, and what was known as the railway general office law bill, requiring railroads to have their general offices in the State, and if he could keep his force of office assistants, that he would regulate the railroads. Corroborative of this assertion, Judge Sherrill, one of the leading citizens of Hunt county, telegraphed to Col. Pope as follows: "In the spring of 1889 in his office in Austin Hogg said to me: 'Give me a law that long (measuring on his forefinger) that will make combinations impossible, competition will do the rest. We want no commission.' When Governor Hogg's attention was called to this he said 'that he could not afford to pay attention to such fellows,' and added: 'I have always been for a commission.' In addition to the evidence of Col. Pope and Judge Sherrill, we know Senator H. D. McDonald, in his speech during the 21st legislature, quoted Attorney-General Hogg as declaring that with very little legislation his office could regulate the railroad and no commission was necessary. When the commission question was under discussion in the house of the 21st legislature Attorney-General Hogg came into the house went to the seat of one of the members, Hon. E. L. Dunlap, of Victoria, and said to him in substance, that if the legislature would pass one little law as long as his finger no railroad commission was necessary. Here is the testimony of four of the leading citizens of Texas, conclusively showing that the assertion of Gov. Hogg, 'I have always been for a commission,' is not true. And Gov. Hogg now assails the integrity and sincerity of Judge Clark and his adherents because they declare that the commission and an effective commission shall be sustained. 'Oh shame, where is thy blush!'

Answer This Question.

Why do so many people we see around us seem to prefer to suffer and be made miserable by indigestion, constipation, loss of appetite, coming up of the food, yellow skin, when for 75c. we will sell them Shiloh's Vitalizer, guaranteed to cure them. Sold by J. G. Haring.

SHILOH'S CATARRH REMEDY.

A marvelous cure for Catarrh, Diphtheria, Canker mouth, and Headache. With each bottle there is an ingenious nasal injector for the more successful treatment of these complaints without extra charge. Price 50c. Sold by J. G. Haring.

THE BEST REMEDY FOR GRAY HAIR

is Ha's Vegetable Sulfur Hair Renewer.

Letter From Weldon.

WELDON, TEXAS, May 16, 1892. Ma. Editor:—In looking over the political state of our county one can not but be impressed with the rapid tendency to socialism and paternalism. A single glance at the platform as set forth by that morge concern, at St. Louis, shows an effort in that direction as worthy disapprobation.

Why He Supports Clark.

DALLAS, April 25, 1892. Col. R. E. Parrott, Waco, Texas. I support George Clark and elective commission because I know that George Clark is a pure patriot and a broad-gauged statesman, whose every impulse, desire and hope is the perpetuation of pure Democracy and the freedom of man; whose every aspiration is the glory of Texas, and the peace, prosperity and the happiness of all her people; because if elected, I believe that he will do everything that a conservative, prudent and thoroughly balanced executive could possibly do to secure to every citizen and every interest even-handed justice; because I am sure that Judge Clark would never deceive the people for the sake of an office; because I believe that Judge Clark's election would do more to restore Texas to the condition of her former prosperity than that of every other man in the state; because I believe his election will do much toward eliminating all ill feeling and jealousy between the people of the county and the people of the towns, engendered by office-seekers and demagogues; because, if elected, Judge Clark will oppose the investment of the permanent school fund in railroad bonds. There is about 30,000,000 of acres common school land to be sold and the proceeds invested in interest bearing securities, that, if properly managed, this fund will yield in money about \$100,000,000, which Judge Clark is in favor of leading to our farmers on long time, at reasonable interest and on real estate securities, which, if done, will, in a great measure, supply the place of the money driven from the state by the hasty and ill advised legislation of the past two years; and will, in a great measure, relieve our farmers from the oppressions of the banks; because the present administration has pursued such policies and adopted such methods as to chill and freeze out all property and progress in the state, and which has resulted in fully impressing the outside world with the belief that our people are unstable, and investments here unsafe.

What Will It Cure.

Dr. John Bull's Sarsaparilla will cure scrofula, syphilis, pimples, boils, sore eyes, ring-worm, scabby-head, bone-aches, aching joints and muscles, sore lungs, sore kidneys, sore liver, lame back, the after effect of mercury and potash, dyspepsia, asthma, nervous debility, female complaints, general weakness, unnatural fatigue, etc. It is strange that anyone will continue to suffer from any of the above complaints when the use of Dr. John Bull's Sarsaparilla will restore perfect health and strength. It stands unequalled as a vegetable tonic and blood purifier, and no other remedy has as sure curative virtue. It is highly concentrated and never fails to have a good effect on the system, and has proven itself in thousands of instances a cure for all forms of weakness, sores and pain. You have only yourself to blame if you remain an invalid when this remedy will restore your health. Large bottle (192 tea-spoonfuls) \$1.00. Sold by druggists.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

FRANK J. CHENEY makes oath that he is the senior partner of the firm of F. J. CHENEY & Co., doing business in the City of Toledo, County and State aforesaid and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATTARRH CURE.

FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1888.

A. W. GLEASON, Notary Public.

Daily Letter.

Mr. Editor:—Agreeable to a call of the Chairman, the democrats of Daly met at Daly May 14th, at 4:00 o'clock. At 4:30 the hammer of President Hill fell calling the club to order. President Hill then explained that the object of the meeting was to reorganize. As he very feelingly remarked that it was with sincere regret that he announced that some of our best men, those who had stood with us in all our struggles for the principles of democracy, had seen fit to desert us for the Peoples party. Then an invitation was extended to any who felt like making any remarks to do so. Mr. J. H. Beary made a short talk in favor of the Peoples party. Mr. B. B. Edens asked the privilege of reading the Peoples party platform which was granted, after which Mr. W. P. Kyle made a short but forcible speech in favor of democracy at the close of which he said 'the democratic party is my party. I fell at home in it, and so I expect to die in it.' which was greeted with cheers by nearly all the house. After some further discussion on the leading issues of the day, on motion of Mr. Kyle the meeting was called to order to proceed with the business for which the meeting was called. President Hill then extended an invitation to all present who felt like enlisting in the cause of democracy to come forward and enroll their names and the following gentlemen came forward and enrolled.

Consumption.

Ballard's Horehound Syrup. No single disease has played such sad havoc with the human race as Consumption. No other disease approaches so stealthily. Its early symptoms are ignored because it is thought only a Cold or hacking Cough, which is neglected until this grim monster has such a hold that nothing but death can relieve it. Ballard's Horehound Syrup has removed the grip of this grim monster from many a throat. If taken in time it will effect a permanent cure and in the worst stages it will give surprising relief. Try its soothing and healing virtues. Do not put it off until too late. I. G. Haring, Agent.

Democrat's Club Organized.

Democrats of Jones' School House community met Saturday, May 14, and organized a democratic club with B. S. Hearn president and C. T. Driskill secretary. The following resolutions were adopted: 1st. We favor nominating all officers from ballot to governor by primary; 2nd. We earnestly contend that we the democrats of Houston county hold a second county convention to select delegates to the state convention at Houston, the last county convention to be held the last of July; 3rd. We favor two primaries for county and beat officers that we may get the choice of the democrats; 4th. That we will use every effort to unite and harmonize the democratic party; 5th. A copy of these resolutions be sent to each of county papers.

Selling Goods on Sunday.

Be it ordained by the City Council of the City of Crockett. That any merchant, grocer or dealer in wares or merchandise, or trader in any business whatever, or the proprietor of any place of public amusement, or the agent or employee of any such person, who shall sell or barter, or permit his place of business or place of public amusement to be open for the purpose of traffic or public amusement, on Sunday, shall be fined not less than twenty nor more than fifty dollars. The term place of public amusement shall be construed to mean circuses, theaters, variety theaters and such other amusements as are exhibited and for which an admission fee is charged, and shall also include dances at disorderly houses, low dives, and places of like character, without fees for admission. Passed the 9th, day May A. D. 1892.

GRAPELAND.

May 16, 1892. CROCKETT COURIER:—The season continues very favorable for crops of all kinds. The outlook is splendid and promises an abundant yield. Mr. Lane, Sunday School Evangelist, was in town to day and says the Sunday School Convention will meet here, on or about the 1st of July, next. Our new school building will be finished about that time and we will be ready for them with a royal reception. The Masonic Lodge will install their officers on 24th June next. St. John's day, at which time a basket dinner will be served in the lodge. All masons, wives, widows, daughters and sisters are entitled to the ladies' degrees and will have an opportunity at that time of obtaining them. This will be for masons and their families only. Politics are still waxing hot here and it is up and tuck between Hogg and Clark, with the dark horse or 4th party man in the lead. Quite a crowd of our leading politicians visited your city last Saturday to hear the speeches of Messrs Faulk and Gregg. They returned convinced that each one was about right in his views and "didn't believe a word the other fellow said."

Ballards Snow Liment.

This wonderful Liment is known from the Atlantic to the Pacific and from the Lakes to the Gulf. It is the most penetrating Liment in the world. It will cure Rheumatism, Neuralgia, Sprains, Bruises, Cuts, Wounds, Old Sores, Burns, Scalds, Sore Throat, Sore Chest and all inflammation, after all others have failed. It will cure Barbed Wire Cuts and heal all wounds where proud flesh has set in. It is equally efficient for animals. Try it and you will not be without it. Price 50 cents. Sold by J. G. Haring.

Mr. Mart Ellis of your city is here visiting relations.

The health of our community is now very good, the doctors having nothing to do but talk politics, whistle pine boxes or hoe in the garden. Keynotes: Dyspepsia has driven to an early and even suicidal grave many a man who, if he had tried the virtues of Ayer's Sarsaparilla, would be alive to-day and in the enjoyment of health and competence. Sufferer, be warned in season, and don't allow the system to run down.

Here is Hogg's Policy Being Carried Out.

The following clipping shows the trouble brewing for nearly every county in the state if Hogg is kept in office. Let the farmers of Houston county read this and ponder over the situation: Harold, Texas, May 15.—Harold was thrown into excitement yesterday by the news of the suit brought by the State against the Houston and Texas Central Railway company for 167,000 acres of land in Hardeman, Wichita and Wilbarger counties, of which 54,000 acres are that by which Wilbarger and all the railroad land adjacent to Harold is affected. Lawyer James J. Holmes has a list of the lands affected in this county and his office was crowded by farmers to see if their land was included in the railroad suit. There is much feeling over the matter and Hogg was soundly rebuked by the farmers tonight, as the railroad has disposed of 90 per cent of the land to farmers, who have improved it and are living on it.

Preston's Red Ake

is a certain cure for headache. It will cure headache only, and is guaranteed to do that. It won't cure anything else. It never fails. Don't suffer when you can get relief in 15 minutes.

PROTECT OUR BREAD.

The machinery of the law has not been put to work too speedily against the fraudulent use of ammonia and alum in Baking Powders. Both health and the pocket of the people are demanding protection. The legislatures of New York, Illinois and Minnesota have taken this matter of adulteration up, and especially that of Baking Powders. It will be in the interest of public health when their sale is made a misdemeanor in every State in the UNION, and the penalties of the law are rigidly enforced. There is no article of human food more wickedly adulterated than that of Baking Powder.

Dr. Price's Cream Baking Powder is the only pure cream of tartar powder having a general sale that is free from ammonia, alum or taint of any kind of impurity. It makes the sweetest and lightest bread, biscuit and cake that are perfectly digestible whether hot or cold. It costs more to manufacture Dr. Price's than any other baking powder. It is superior to every other known and the standard for forty years.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.

Letter From Marlin.

EDITOR COURIER:—I have a letter from Rev. Thos. H. Litch, of Charleston, S. C., stating that he will conduct a camp meeting in Houston county in August, and I wish to urge upon every one to attend that possibly can, go prepared to stay, for I assure you after you once hear him you will want to. Bro. Litch has held two meetings here and no man ever came nearer getting the co-operation of the Christians of all denominations. His sermons are simply grand and are the plain message of Christ and him crucified. No one can find any objection to his teachings and a more thoroughly consecrated Christian gentleman I never knew. I hope and pray that he can and will be secured to hold a meeting in Crockett after the camp meeting. You cannot recommend him too highly as a man whom all denominations will sustain. I feel that the Lord will pour out his spirit on the meeting and those who attend will be greatly benefited. J. M. FOSTER.

Mr. Mart Ellis of your city is here visiting relations.

The health of our community is now very good, the doctors having nothing to do but talk politics, whistle pine boxes or hoe in the garden. Keynotes: Dyspepsia has driven to an early and even suicidal grave many a man who, if he had tried the virtues of Ayer's Sarsaparilla, would be alive to-day and in the enjoyment of health and competence. Sufferer, be warned in season, and don't allow the system to run down.

SHAW VERSUS SHAW.

Editor Shaw, of Texas Farmer, was at Austin during the regular session of the 22d. legislature. He had splendid opportunities of judging as to the extent of the railroad lobby present during such session. The following is from Texas Farmer of April 18, 1891, immediately after the legislature adjourned. Farmer Shaw knew the facts and stated them correctly when he wrote the following:

Texas Farmer promised the people to go to Austin and tell them the truth. It has done so thus far. Another truth: The governor's charge that there was a lobby at Austin is imaginary and a cheap bid for the people's plaudits. There was no lobby at Austin to defeat the commission bill. It was necessary to continue the political agitation that one should be there on this special issue. As the railroads whatever they may have done in other directions, were too smart to fight the commission any longer. Gov. Hogg and his immediate following built a lobby to suit themselves, including in it every man and paper working for the people rather than following blindly Gov. Hogg and his small clique he admits to his counsels. The leading railroad man present (Judge Clark) announced publicly that he came there by authority of the railroad for a mission of peace purely. The railroads had given up the fight, he said, and were there to demand nothing and to suggest nothing. As far as the commission bill was concerned there is no evidence that this programme was not followed, and Gov. Hogg is hereby challenged to produce any. A committee composed of Messrs. M. Cunningham, B. F. Rogers, J. L. Goodman, W. L. Moody and Judge A. W. Terrell solicited an interview with Judge Clark. The report was that he talked plainly and conservatively, and that the case of Travis declined to discuss his propositions with him. The Farmer scribe afterward asked Judge Clark to point out the defects in the commission bill from the railroad standpoint. He did so and this paper printed them—it having been its rule to give both sides. The alliance committee present, so much abused as the "steering committee," favored a more conservative bill, in some respects, than the one presented in the house, and worked to this end. The bill as adopted is much more conservative than the original bill compiled by the joint efforts of Hogg, Brown and Terrell, a number of concessions being made in order to hold the governor's one pet, the appointive office. This is the full extent of so-called lobbying against the bill. Gov. Hogg cannot prove his assertion to the contrary. Texas Farmer knows that railroads and other corporations are capable of any unfairness, but also believes that they are entitled to have the truth told about them.

Texas Farmer brands as false any assertion that the railroads were at the bottom of the contention over the elective feature. Texas Farmer man knows this, as he himself responsible for considerable of that "racket," having soon after Gov. Hogg's message appeared discussed the elective idea fully with a member who agreed to introduce it. And the member was "an original Hogg and commission man." Not only was the Farmer man in favor of the elective theory but would have had no objection to electing the first commission by joint ballot. The fact is Texas Farmer was not disposed to politically trust a man who, being elected upon a principle mainly by the farmers, went squarely back upon that principle in his first message, and in almost all subsequent acts to date has ignored the farmer element entirely in favor of a bunch of corporation lawyers between whom and the people there is no affinity. The strongest supporters of the commission bill were for the elective feature. The railroad and anti-commission men of course enjoyed what they termed "the split in the Hogg ranks," and some of these may have advocated the elective idea for this reason, but the assertions that it was "a trick of the railroads," a "Trojan horse," etc., are entirely void of foundation. There is indeed no truth in the assertion that a railroad lobby was on hand "against the commission bill," whatever else a railroad lobby may have attempted. There was a lobby on hand to force Gov. Hogg's ideas of a commission upon the legislature, and it was the strongest lobby that ever worked upon any legislature. Its headquarters appeared to be in the governor's office, and he himself was seemingly the main lobbyist. It may have been here that the miserable slanders against every man who dared differ with him had their birth and found subsequent publication in the Fort Worth Gazette, and which were so libelous and indecent that even the best friends of that paper were ashamed of them. No such undignified lobbying has ever been indulged in by any other governor of Texas, and it is to be hoped that common decency and good taste will never again be thus officially outraged.

THE following dispatch from Weatherford shows the number of land titles actually involved in Parker county by the proposed acts of Governor Hogg: PARKER COUNTY TITLES. WEATHERFORD, TEXAS, May 20. As there has been considerable confusion here as to the lands in this (Parker) county which were affected under the "siding" decision of the supreme court, The News reporter called on Messrs. J. B. Price & Co., land agents, who kindly furnished a detailed statement, which was furnished Attorney General Hogg by Land Commissioner W. L. McLaughlin April 11, 1891. The News herewith gives the same in condensed and aggregated form: Buffalo Bayou, Brazos and Colorado railway company, 139 abstracts, aggregating something over 8850 acres of land. The Texas and Pacific railway company, 581 abstracts, aggregating a little more than 50,250 acres. The Galveston, West Texas and Pacific railway company, one abstract of 135 acres of land. The whole aggregates somewhat more than 68,000 acres of land, or 855 separate clouded titles.

The Third Party Demands.

The Republic is in receipt of so many inquiries concerning the Third Party platform adopted at the February convention in St. Louis that we can best answer them by reprinting the demands of the platform itself. The section demanding that all who enlisted in the Federal armies during the Civil War be paid the difference between the gold and the greenback rate of that period as it affected wages and bounties is the twelfth of the platform. To make this difference good to survivors and to the heirs of deceased soldiers would require between \$500,000,000 and \$1,000,000,000. The sum is too vast, and the drain on the labor of the country would be too immense in its possibilities, to admit of an exact estimate. Those who made the demand had no idea of its meaning.

This is equally true of some other planks of the platform, which are simply a result of yielding to the clamorous demands of a cranky minority. But while this is the case, the platform in all its practical and common sense parts is identical with that of the Democratic party. In considering it, it will be well to consider those portions of it which are drawn from Democratic platforms or are not antagonistic to Democratic principles, in connection with other portions drawn from Socialist or Republican sources. To facilitate this, we give the demands entire, italicizing the un-Democratic and anti-Democratic portions:

1. We declare the union of the labor forces of the United States, this day accomplished, permanent and perpetual. May its spirit enter into all hearts for the salvation of the Republic and the up-lifting of mankind.

2. Wealth belongs to him who created it. Every dollar taken from industry without an equivalent is robbery. "If any will not work, neither shall he eat." The interests of rural and urban labor are the same; their enemies are identical.

3. We demand a national currency, safe, sound and flexible, issued by the General Government only, a full legal tender of all debts, public and private, and that without the use of banking corporations a just, equitable means of circulation, at a tax not to exceed 2 per cent as set forth in the sub-treasury plan of the Farmer's Alliance, or some better system; also by payments in discharge of its obligations for public improvements.

4. We demand free and unlimited coinage of silver.

5. We demand that the amount of circulating medium be speedily increased to not less than \$50 per capita.

6. We demand a graduated income tax.

7. We believe that the money of the country should be kept as much as possible in the hands of the people and hence we demand that all national and State revenues shall be limited to the necessary expenses of the Government, economically and honestly administered.

8. We demand that all postal savings banks be established by the Government for the safe deposit of the earnings of the people, and to facilitate exchange.

9. The land, including all the natural resources of wealth, is the heritage of the people, and should not be monopolized for speculative purposes, and alien ownership of land should be prohibited. All lands now held by railroads and corporations in excess of their actual needs, and all lands now owned by aliens, should be reclaimed by the Government and held for actual settlers only.

10. Transportation being a means of exchange a public necessity, the Government should own and operate the railroads in the interest of the people.

11. The telegraph and telephone, like the post office system, being a necessity for transmission of news, should be owned and operated by the Government in the interest of the people.

12. We demand that the Government issue legal tender notes and pay the Union soldier the difference between the price of the depreciated money in which he was paid and gold.

ADVICE TO WOMEN

If you would protect yourself from Painful, Profuse, Scanty, Suppressed or Irregular Menstruation you must use BRADFIELD'S FEMALE REGULATOR.

CANTONVILLE, April 26, 1892. This will certify that two members of my immediate family, after having suffered, for years from Menstrual Irregularity, being treated without benefit by physicians, were at length completely cured by one bottle of Bradfield's Female Regulator. Its effect is truly wonderful. J. W. STRANGE.

GRAPELAND, TEXAS, May 14, 1892. EDITOR COURIER:—I have thought best to send you copy of the preamble and resolutions that I introduced—and it was tabled—at what was called the Democratic Club meeting on the 14th inst., and if any sane man, except where the shoes pinch can object to these resolutions, I should like to know it. Some object to the word "isms," but the speakers all on that day used the word "isms," and the great Imboden wanted everybody to quit "isms" and be as one man for Hogg. They did not want that laid on the table. The meeting was virtually a Hogg rally and I think pulled the wool over our good people's eyes and I think they are willing to "comp" and send three delegates as Hogg men to one Clark to the county convention. Some seemed to want to misrepresent all the time and said I had introduced similar resolutions four years ago in the county convention and it split the democracy all to pieces. I can say truthfully that I never introduced similar resolutions in life. I am a Simon pure democrat without any of the "isms" as all to the grand old party and think that if every body will with real support Clark for governor all will be well.

Yours truly, R. S. PRIDGEN. [We regret that we can't find space for resolutions owing to press of matter just now for publication.—EDITOR.] OFFICE OF S. CHERRY, 21 Drayton St., SAVANNAH, GA., Dec. 16, 1890. MESSRS. LIPPMAN BROS., Savannah, Ga. DEAR SIRS—I would like to add my testimony to the almost miraculous effect of P. P. P. in the case of Mary Ingraham, a woman living on my place; she had a constant cough, sore throat, debility, etc., and was emaciated to a degree that she was unable to get out of bed unaided, being given up by physicians; she had taken the ruinous so-called Blood Medicines without the least effect, until being put under the P. P. P., she immediately began to improve and is now in as good health as ever in her life. You can refer to me at any time as to the effect of P. P. P. in the foregoing case. Yours truly, SAMUEL CHERRY.

For sale by all druggists. P. P. P. A wonderful medicine; it gives an appetite, it invigorates and strengthens. P. P. P. Cures rheumatism and all pains in side, back, shoulders, knees, hips, wrists and joints. P. P. P. Cures syphilis in all its various stages, old ulcers, sores and kidney complaints. P. P. P. Cures catarrh, eczema, erysipelas, all skin diseases and mercurial poisoning. P. P. P. Cures dyspepsia, chronic female complaints and broken-down constitution and loss of manhood. P. P. P. The best blood purifier of the age. Has made more permanent cures than all other blood remedies.—Sold by French & Chamberlain.

Shiloh's Consumption Cure. This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it. Price 10c, 50c and \$1. If your lungs are sore, whoop, or back lame, use Shiloh's Pectoral Plaster. Sold by J. G. HARRING.

Oh, What a Cough. Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourself if you can afford for the sake of saving 50c, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a Million Bottles were sold the past year. It relieves croup and whooping cough at once. Mothers do not be without it. For lame back, side or chest use Shiloh's Pectoral Plaster. Sold by J. G. HARRING.

Shiloh's Consumption Cure. This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it. Price 10c, 50c and \$1. If your lungs are sore, whoop, or back lame, use Shiloh's Pectoral Plaster. Sold by J. G. HARRING.

Oh, What a Cough. Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourself if you can afford for the sake of saving 50c, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a Million Bottles were sold the past year. It relieves croup and whooping cough at once. Mothers do not be without it. For lame back, side or chest use Shiloh's Pectoral Plaster. Sold by J. G. HARRING.

GRAPELAND, TEXAS, May 14, 1892. EDITOR COURIER:—I have thought best to send you copy of the preamble and resolutions that I introduced—and it was tabled—at what was called the Democratic Club meeting on the 14th inst., and if any sane man, except where the shoes pinch can object to these resolutions, I should like to know it. Some object to the word "isms," but the speakers all on that day used the word "isms," and the great Imboden wanted everybody to quit "isms" and be as one man for Hogg. They did not want that laid on the table. The meeting was virtually a Hogg rally and I think pulled the wool over our good people's eyes and I think they are willing to "comp" and send three delegates as Hogg men to one Clark to the county convention. Some seemed to want to misrepresent all the time and said I had introduced similar resolutions four years ago in the county convention and it split the democracy all to pieces. I can say truthfully that I never introduced similar resolutions in life. I am a Simon pure democrat without any of the "isms" as all to the grand old party and think that if every body will with real support Clark for governor all will be well.

Yours truly, R. S. PRIDGEN. [We regret that we can't find space for resolutions owing to press of matter just now for publication.—EDITOR.] OFFICE OF S. CHERRY, 21 Drayton St., SAVANNAH, GA., Dec. 16, 1890. MESSRS. LIPPMAN BROS., Savannah, Ga. DEAR SIRS—I would like to add my testimony to the almost miraculous effect of P. P. P. in the case of Mary Ingraham, a woman living on my place; she had a constant cough, sore throat, debility, etc., and was emaciated to a degree that she was unable to get out of bed unaided, being given up by physicians; she had taken the ruinous so-called Blood Medicines without the least effect, until being put under the P. P. P., she immediately began to improve and is now in as good health as ever in her life. You can refer to me at any time as to the effect of P. P. P. in the foregoing case. Yours truly, SAMUEL CHERRY.

For sale by all druggists. P. P. P. A wonderful medicine; it gives an appetite, it invigorates and strengthens. P. P. P. Cures rheumatism and all pains in side, back, shoulders, knees, hips, wrists and joints. P. P. P. Cures syphilis in all its various stages, old ulcers, sores and kidney complaints. P. P. P. Cures catarrh, eczema, erysipelas, all skin diseases and mercurial poisoning. P. P. P. Cures dyspepsia, chronic female complaints and broken-down constitution and loss of manhood. P. P. P. The best blood purifier of the age. Has made more permanent cures than all other blood remedies.—Sold by French & Chamberlain.

The undersigned is a candidate for County Treasurer for Houston county subject to the action of the democratic party.

We are authorized to announce M. B. BAKER as a candidate for County Treasurer subject to the action of the democratic party.

We are authorized to announce the name of J. J. HULL as a candidate for County Attorney subject to the action of the democratic party.

THE PEOPLES PARTY

Of Houston County Meet in Convention.

QUITE A NUMBER OF DELEGATES PRESENT.

Fator Gains of the Comanche Exponent Makes a Lengthy Address—Organization Perfected.

At 10:00 o'clock on Saturday last, The People's Party Convention for Houston county met at the courthouse and was called to order by W. L. Driekill.

A. M. Kenner was elected temporary chairman and J. M. Selkirk, temporary secretary. Committee on Permanent Organization was then appointed as follows: W. L. Driekill, Mat Mills, J. H. Beasley, J. F. Garrett, J. D. Bruton, Joe Gilbert, B. F. Boykin, D. J. Knox, Turner High, J. B. McPaul, J. H. Sallis, J. W. Bartee, Jordan Spencer, Laz Holly.

The above committee reported in the afternoon as follows: "We recommend J. M. Selkirk of Grapeland as permanent chairman and J. L. Childs of Daly as permanent secretary. As chairman of the several voting precincts we recommend the following: Lovelady, Nick Sandlin, Freeman, L. D. Hays, Weches, J. E. Christian, Porter Springs, DeWitt Scott, Crockett, J. D. Bruton; Coltharp, J. H. Brent; Dodson, M. B. Matchett; Grapeland, Robert Orens; Daly, Poik Taylor; Weldon, W. B. Holliday, Boggs, Bob Boggs; Holly, W. L. Driekill; Creek, J. W. Gilbert.

We recommend that the county chairman call a meeting at each precinct in the county on 4th day of June to elect delegates to county convention at Crockett on 11th of June to transact such business as he may deem necessary.

We recommend that party put out full county ticket from constable up and that each precinct convention send their delegates properly clothed with credentials and instructed as to their action. We recommend the adoption of the Peoples' Party platform as adopted at St. Louis, Mo., Feb. 22-24, 1892.

J. M. W. BARTER, chairman, J. S. GILBERT, secretary.

Thos. Gaines, editor of Comanche Exponent addressed the convention at length in which he took occasion to rap the old parties, and especially the democratic party.

Annual Meeting of County Sunday School Convention.

By arrangement of the Executive Committee, the Second Annual Meeting of the Houston county Sabbath school convention will be held at Grapeland, beginning on Friday, July 1st, and continuing three days. All Sabbath schools are invited to send delegates, five from each school, exclusive of ministers and superintendents, who are ex-officio members of the convention, and so need not be elected as delegates. A program of the exercises of the meeting will be published soon. W. F. MURKINSON, President.

E. A. PACE, Ch'm'n. Ex. Com. Notice, Stock Raisers!

I have one of the finest Jersey Bulls ever brought here and will breed him anywhere within a few miles of residence on Letory farm 2 miles south of Crockett; heifer calves \$5.00, males \$2.50.

E. T. JOHNSON.

CASH! CASH!! CASH!!!

Do you ever come to town? If you do call at the CASH STORE and see the elegant line of ladies and gents Furnishing Goods. Dotted Swiss, at all prices for commencement. Lawns, black, white and dotted. Persian mulls with polka dots, curious dots and love knots. Underwear for men, shirts of all colors and all prices. I head the list on CLOTHING and defy competition. My beautiful line of PANTS, like "Joseph's coat of many colors" catches the eye of all who call. My three styles of tobacco for 25 cts. per lb. each. Also my three styles shoes, ladies, button, school shoes and double sole brogan \$1.00 each. I have plenty of time to wait on all that will call, in fact more time than money, and no one waits for their turn like going to mill. R. M. ARKISSON.

Wm. Mabie, wife and daughter, of Peekshille, N. Y., a cousin of Dr. Jno. B. Smith, are visiting the latter family this week.

We print this week an analysis of the Peoples' Party platform or St. Louis demands which our readers will find interesting.

Let harmony, peace and good will prevail at the democratic precinct convention next Saturday. Democrats cant afford to do otherwise.

L. M. CAMPBELL has a full line of the Dodson-Hills Pickles and Sauces which he will sell at the lowest market prices all goods delivered at your door.

I now have, and will keep all summer a big lot of ice which will be delivered at door of customers Call and leave your order.

Rev. S. F. Tenny has been absent from Crockett the past two Sabbaths, but expects to preach at the Presbyterian church next Sabbath morning; also at Cedar Point church next Sabbath night.

To the farmers of Houston county:

Can you support a man for governor who proposes by his radical policy to cloud the land titles of the entire state?

I have in stock the celebrated 4 Ace Hams and Globe Hams, Oat Meal, Grits, Hominy and everything kept in a first class family Grocery.

Col. D. A. Nunn and Hon. W. M. Imboden of Cherokee had a joint discussion on the gubernatorial issue at Augusta on Friday last. Col. Nunn also spoke at night at Weches and on Saturday at Colthop.

The Economist has changed hands, Speece & Lacy retiring, Dabney White, for some time connected with the Houston Post as travelling agent, succeeds Speece & Lacy as managing editor of the Economist.

The friends of Dr. Jno B. Smith will rally to his support on next Saturday and re-elect him chairman of the democracy of this box as a vindication from the slurs and reflections of the Hoggites who have been uttering them.

It is to be hoped that the democrats of the county on Saturday next will work harmoniously in their precinct conventions. They can't afford to tear each other to pieces in the face of the enemy confronting the party to-day in the county.

The election of Governor Hogg is an advertisement to the outside world that Texas doesn't want outside capital to come in and invest in Texas enterprises. By the defeat of Governor Hogg Texas invites out side capital to come in and aid in the development of the state.

The family of Col. S. A. Miller were sorely grieved on Tuesday last, by the receipt of a telegram announcing that James Miller had been killed in Cotton Belt Railroad wreck near Goldman, Ark. on Sunday last. The wreck occurred in the overflowed district in ten feet of water.

Attention Democrats: Democratic Precinct Conventions meet, Saturday, May 28th; County convention, Friday, June 3rd.

Mrs. Curry and Miss Mary Nunn will close their music term with a concert at Crockett Opera House Tuesday evening, May 31st. The programme will be varied and interesting. Among the principal features of the evening's entertainment will be the greatest musical invention of the age, entitled the "Organum Humannum," an instrument entirely new in Crockett, and has been procured for this special occasion. This alone would repay an audience for their attendance. The programme will close with a cantata, "The Rebellion of the Danites," in which the whole school will participate. Doors open at 8 o'clock. Admission 25 cts.

Bill McConnell Says:

"Never get weary in well doing." With the well doing part, we never tire, yet with the tremendous amount of goods that we are daily selling and the close application and ceaseless labor it requires to accomplish these sales, we can't but welcome with unbounded joy the shades of night and the sweet rest it brings. This present summer is proving one of excitement, vexation, agitation, appellation, indignation, condemnation and prevarication, but notwithstanding this third partyism, Clark and Hoggism, that is stirring this state from center to circumference, all, yes, repeatedly all, is silenced and sinks into insignificance when the mind quietly turns to the beautiful line of goods which we are carrying, constantly receiving and keeping here for your inspection.

SPECIAL—You people who live in town, and upon the old plantation, keep your equilibrium in every agitation.

Attention People's Party.

In obedience to resolutions passed at Crockett, Saturday, May 21, 1892, I am authorized to request each club to meet at their respective voting boxes on Saturday, June 4, 1892, and select delegates to county convention to meet in Crockett, Texas, June 17, 1892. The object of the convention is to select delegates to the various conventions and other business that may come up. Basis of representation 1 delegate for each 50 votes of total vote cast at last general election at your box. Each box not casting 50 votes shall be entitled to 1 delegate. Delegates without credentials will not be seated until action of body can be had.

J. M. SELKIRK, County Chairman.

Call for Peoples' Party Precinct Convention.

By virtue of the authority vested in me, as chairman of the Peoples' Party of Prec. No. 1, I hereby call a meeting of the same to be held on the 28th, inst., at the court house, I want every member present, as important business has to be attended to. Remember that "eternal vigilance is the price of liberty." We have been lying "supinely upon our backs listening to the siren songs" of the two old parties, until we can hear the chains clanking behind our backs, that the plutocrats of the Babylon of America, "Wall Street," have been forging to bind us in slavery.

T. R. TUNSTALL, Ch'm'n. P. P. Prec. No. 1. Crockett, Tex., May 24, 1892.

Lost, Strayed or Stolen.

Two mare colts, one year old past. One a sorrel with bobtail and main, a little white in face, the other a roan or iron gray mixed, with blaze in face, one or two white feet. Last seen at Elkhart station. Any information will be thankfully received by W. J. CHAFFIN, Grapeland Texas.

The World's Fair.

The South may claim, without prejudice, to have more than its share of the world's fair. The acknowledged beauty of the ladies of the South is due in a degree to the use of Creole Female Tonic, the ladies' friend and favorite, and sure cure for all female sickness. It cures prolapsus uteri and all organic diseases.

Lumber! Lumber!

Call on Mart Ellis for first class longleaf, yellow-pine lumber. He is selling cheaper than the cheapest. Yard near the depot.

Wilson Adams & Co.

Have on hand a full line of ladies dress goods in all of the latest styles. In gents furnishing goods, we have puffed shirts, plain shirts, fancy plain shirts, work shirts, in fact every kind of a shirt. Collars, cuffs, handkerchiefs, ties, men's, youths, and boy's clothing. Boots and shoes for every body. In the grocery line, we have the four-ace hams, pie n'c hams, lard, bacon, flour, rice, grits, hominy, sugar, coffee, baking powder, meal, mackerel, pickles in keg and bottles and many other things. A full line of leather goods, that we will sell at very low prices. Also a full line of farm implements. We deliver goods on shortest notice.

J. F. SKINNER, J. W. TOWNSEND, T. L. CARTER, F. J. HARRIS, Com. Lampasas, May 19, 1892.

Billiard and Pool Parlor.

We have just opened in the N. E. Albright stand an elegant Pool and Billiard Parlor. Tables new and first-class, furnished in first-class order, no rowdyism or disorder tolerated. A pleasant place to pass the evenings.

OREEK LETTER.

The Sunday school barbecue was a success. Rev. Wash Lurie gave the school a speech; also Prof. Hackney. There were some visitors, and all passed off pleasantly. Your scribe helped barbecue, or at least sat up all night and ate a much barbecued meat that his appetite was gone at dinner time, but he fasted on looking at the pretty girls.

We have had a good deal of rain lately. Corn is being laid by and cotton chopping is at hand. The prospect is fine for corn this year. Oats will soon be ready to cut. Rev. Wash Lurie preached here Sunday. Creek will send a singing class to the association to be held at Porter Springs in the near future.

We hear so often that the democratic party has done nothing. I know three things they have done lately. A democratic house has just passed a free wool bill in order to give the people cheaper clothing; they have just passed a free binding twine bill for the benefit of Western farmers; just passed a bill to give Southern farmers cheaper bagging and cotton ties. The party has done all it could; the democratic platform contemplates all the relief and reform the people want. If the people will rally to the party, support and enable it to carry out its principles, all will be well. If they divide, the result will be to perpetuate republican misrule and republican oppression.

When the people hear the democratic side of the question, I can not but believe that honest as they always are, they will rally to the democratic banner and help it to victory.

O. LEARY.

THE SADDLE SHOP.

We have just finished 27 sets Buggy harness, several styles and prices. All hand made and warranted in every respect. Remember this when you go to buy, and remember we can and will sell as cheap or cheaper than any where else in Eastern Texas. We are receiving new goods all the time in our dry-goods and notion department. All new, novel and cheap. We will have new bargains for you every time you come to see us. Always read what the Saddle Shop has to say and we will keep you posted our leading bargains and prices. We are not afraid to give prices for we sell to all alike. Low prices, small profits and a big business is our idea of business. Don't forget to visit the saddle shop every time you come to town, whether you want anything or not.

Attention Delegates to the Lampasas Convention!

The Gulf, Colorado & Santa Fe Railroad will make prompt connections by special train for Lampasas with trains of the M. K. & T. reaching Temple at 1:30 and 2:10 a. m. on June 5th and 6th, leaving Temple at or about 2:30 a. m. for Lampasas; and the regular 3:40 p. m. G. C. & S. F. train will bring through without delay all passengers from both the North and South bound M. K. & T. and G. C. & S. F. trains, and extras will be put on to handle the delegates from time to time, leaving Temple direct for Lampasas as often as may be necessary, thus insuring prompt connection with all trains arriving at Temple.

The citizens of Lampasas have made arrangements to comfortably take care of all who may desire to attend this important convention and no one need stay away on that account. The town has been thoroughly canvassed and the capacity is 3000 and upwards. Let all who can attend. The usual reduced rates for conventions of this kind will be made by all railroads in the State, and the same will be advertised in the daily papers of the State, or furnished you on application to your local ticket agent.

J. F. SKINNER, J. W. TOWNSEND, T. L. CARTER, F. J. HARRIS, Com. Lampasas, May 19, 1892.

Billiard and Pool Parlor.

We have just opened in the N. E. Albright stand an elegant Pool and Billiard Parlor. Tables new and first-class, furnished in first-class order, no rowdyism or disorder tolerated. A pleasant place to pass the evenings.

W. A. HALL & Co.

Let those opposed to Hogg look out for tricks on Saturday.

J. F. Duren announces this week as a candidate for county attorney.

A nice little scheme is that of a few Hoggites to endorse a certain candidate for senator from this county.

We regret to know that Dr. Goolsbee has been confined to his room for a week or more on account of trouble with sores on his face.

The Cedar Point Presbyterian church is nearing completion. \$40. were raised last Sabbath for the purchase of an organ for the church.

To-day Hon. Gustave Cook, Hon. F. B. Sexton and Hon. S. B. Cooper are addressing the democrats at the court house, the former for Clark and the two latter as candidates for congress.

The remains of James Miller accompanied by his wife from Memphis came in on the midnight train Wednesday. The remains were taken to his father's and will be interred to-day (Thursday.)

A Sunday School Institute will be held at San Pedro church on Saturday and Sunday June 4th and 5th, 1892. Work to begin at 10 o'clock, on Saturday morning. Sunday schools at Augusta, Evergreen, Grapeland and Jones' school house, together with all others within reach are requested to attend. On Saturday there will be dinner on the ground. Everybody come. W. F. MUNCHSON, Supt. San Pedro Sunday School.

Attention Democrats: Democratic Precinct Conventions meet, Saturday, May 28th; county convention, Friday, June 3rd.

At 4:00 o'clock Monday morning Dick Baker who sleeps in the bank was aroused by a noise over-head in the Opera House. The footsteps of some one were plainly heard as well as a hammering noise. Conjecturing that it was some one trying to break into the bank room through the upper floor, he got up prepared to shoot. As he did so the man left the opera room through the rear entrance and escaped. It was probably some drunken fellow who had gone there to sleep and waking tried to get out through the front door of the opera room from which he knocked off the door knob in his efforts to get out.

The Nacogdoches Chronicle of recent date has the following complimentary notice of Col. Earl Adams:

Hon. Earl Adams, of Crockett, candidate for congress, was in the city last Saturday. He made an able speech in answer to Mr. Pardue, the peoples' party lecturer, and made many new friends here. He left Sunday for Orange where he had an appointment to speak Monday. Mr. Adams is 44 years of age, and as the war between the states ended on the 9th day of April, 1865, he can boast of no war record—only as a private soldier in the latter part of the war. As a boy he placed himself on the altar of his beloved country, and to-day in the vigor of manhood he places himself before his countrymen as an aspirant for the position in their hands. He is a high toned, Christian gentleman; a man that stands at the topmost round in the estimation of his neighbors, a learned and able lawyer, and if the people, citizens and voters want their rights vigilantly guarded, no better, purer, braver, nor patriotic trust could be placed than on the shoulders of Earl A. Adams, of Crockett.

Augusta Letter.

May 23rd, 1892.

Editor Courier:—Friday has come and gone and with it many fond memories have passed. Early Friday morning Mr. Imboden came in from Grapeland. Col. D. A. Nunn came up Thursday evening. Directly after dinner Col. Nunn opened in a speech of two hours which was sound and to the point. Mr. Imboden followed in a speech of the same length, he was strictly for Hogg and "re-mission." Then Col. Nunn replied in a speech of about thirty minutes, he was cheered from beginning to end. The day passed off pleasantly, Friday night the young people assembled at the school house where they tripped the light fantastic toe till after midnight, everybody seemed to enjoy themselves and everything passed off pleasantly. Our Clark club has increased its membership from twenty-six to thirty-five, which makes a good showing for this part of the county. Crops are in the grass, and farmers are busy.

Retorts.

French & Chamberlain for drugs.
M. D. Steed was in town Sunday.
Coffee 5lb for \$1.00, at L. M. Campbell's.

D. S. Williams and family have moved to Lovelady.

Tucker and Henry Baker went to Lovelady Saturday.

W. F. Breiting has been seriously ill, but is better.

Jno. B. Long announces as a candidate this week.

Mrs Cummings of Lovelady is the guest of S. E. Jensen.

M. M. Baker announces this week for county treasurer.

J. H. Green and F. C. Curry were in to see up last week.

There was a moderately large crowd in Crockett Saturday.

E. Winfree announces this week as a candidate for county clerk.

R. T. Payne announces this week as a candidate for justice of Peace.

W. B. Page spoke at Weldon on Saturday and at Creek on Tuesday.

Outcaries in excess of 20 lines will be charged for at the rate of 10 cents per line.

Dr. S. J. Collins and Aron Speer were in town last Saturday as spectators of the third party convention.

Tom Foster has opened up an ice-cream parlor. He will serve ice-cream every day. Call and see him.

Miss Myrtle Mainer and Miss Ella Murchison are expected home soon from college, the former from Waco and the latter from Belton.

The Modern Highwayman Considers Them Too Antiquated For Use.

"You hear a great deal about 'sandbagging' just now," said a Central station detective. "The sandbag is no longer used by a professional criminal; there are better ways of robbing a man than by knocking him over the head with a weapon which, if found on the possessor, would make it pretty hard for him to escape the rough hand of the law."

"The sandbag, anyhow, is an ancient weapon. If the pounding into insensibility of a victim is desired, a 'billy' is far handier than a sandbag. Nowadays the crooks carry a few evidences of their calling as possible. A vast number of them go entirely unarmed. As for the highwaymen, many of them have neither revolver nor 'billy' when pursuing their peculiar business."

"The old, old system of garroting is the favorite method in vogue, and this is invested with certain modern details. The victim, instead of being pounded into insensibility and hurt so as to be permanently disabled, is left with a temporary feeling of distress, while the safety of the highwaymen is as assured as it was under the old plan. The modern highwaymen travel in twos, threes or fours. Usually they go in pairs. It is late at night, and the moon is shining brightly. The victim is walking along. He sees ahead of him two men, walking slowly, almost side by side.

"As the fellow in a hurry nears them they separate to let him pass between. When you see this move made you can gamble the fellows are highwaymen. As our friend passes between them an arm deftly under his chin, and the grip on his throat prevents any outcry. The other fellow punches him in the breast basket. You know how a man feels when he's hit in the stomach. In a minute they have rifled his pockets, have disappeared, and the victim, dazed and distressed, is lying on the ground recovering from the shock.

"With an occasional variation to suit circumstances this is the favorite method of the highwaymen. A few try the plan of holding a revolver under a man's nose. Some still use the 'billy,' sneaking up to their victim from behind. But they are bunglers. If two men are walking ahead of you, or are coming toward you, and separate to let you pass between them, don't pass. Take the middle of the street and be prepared to run.

"When highwaymen travel in fours they work this way: The quartet stands at a corner waiting for a victim. They see him in the distance approaching. Two of the crooks walk ahead. The pedestrian, unconscious of danger, walks toward them. Behind him fall in the other two robbers. The man is surrounded—two crooks half a block ahead of him, two half a block behind. This procession is kept up till a favorable spot is reached. The men ahead slacken their pace. The man behind hastens. The victim is hemmed in. The chances are that he will meet with violence, for these fellows are desperate. They use a revolver or 'billy' and drag their victim into an alley if one is near. It is a bad trap to fall into.

"A man who is held up generally doesn't care about the valuables he loses so much as about the slugging. Some highwaymen are unnecessarily brutal; the expert resorts to no needless violence."—Chicago Tribune.

The Dress Suit in Kansas. See a Kansas man in his first dress suit! Gaze on him! Feast your eyes upon his tout ensemble! Observe his hands! He is a real man, a real hands! So undetachable—so obstinate! He knows them, but he cannot place them. His trousers have no pocket at the side; one leg feels longer than the other and his feet are in the way. This is his first appearance in a swallowtail. His mortal frame has never before been docked in a toggery like this. Upon his face he wears a smile—a wan, appealing smile—a smile that budded and then froze to death and stuck fast where it did. Look at that smile and then go west—Topeka Lance.

Policemen and firemen are frequently called into private houses to put out exploding lamps or clothing that has caught fire from an accident of the kind. When a lamp is blazing ceiling high it requires considerable nerve to take hold of it and hurt it out of the window, but that is the simplest and best way to prevent disaster. If that is impossible, or if the burning oil has got on the carpet or table cover, a shower of water, or falling sand, or common soil will generally do all that is necessary.

The same applies to any one whose clothing is covered with oil and on fire. If he can lie down and have some soil shoveled on his clothes the fire will go out instantly, whereas a dozen buckets of water would hurt him much more than the fire. A bucket of sand standing in a cupboard in a room where a coal oil lamp is burned is a good precaution, and may check at the start what might otherwise be a most disastrous fire.—Interview in St. Louis Globe-Democrat.

The Undersnow Class. The first man who used the expression, "Don't be a clam," should be credited with a bit of advice clock full of wisdom. Somebody is after the clam in season and out, day and night. It is devoured in soft shelled infancy by fishes, sea fowl and crows, and is soaked in cans, made into stews and chowders, baked in big pieces on the seashore, boiled in fish lunch barrels and dug for fishermen's bait.

The clam furnishes food for many men of many lands, and also for snails, polar bears, the walrus, foxes, crows, gulls and fishes, and there never was a bait, with the exception possibly of porgy clam—I. e., ground up porgies—that equaled the clam for sea fishing. The clam is at home on the Maine coast, thriving in the mud of shallow beaches between high and low water marks.—Cor. New York News.

GOETHE'S ENGLISH POEM.

Thou know'st how happily thy Friend Walks upon earth's ways; Thou know'st how heaven's benevolent hand Leads him to golden days.

But hark! a cruel enemy Destroys all that blest In Moments of Malacholy Flies all my Happiness.

Then fogs of doubt do fill my mind With deep obscurity; I search myself, and cannot find A spark of Worth in me.

When tender friends, to tender kin, Run up with open arms, I think myself that bliss, That like a kiss me warmeth.

Hark! when my child, I love thee, said And gave the kiss I sought;— Then I forgive me, tender maid— She is a false one thought.

She cannot love a peevish boy. She with her smile deceives; O could I, friend, that thought destroy, It leads the golden days.

And other thoughts is misfortune, And other thought is grief; I am no supportable man, I can no poet be.

When to the Altar of the Mine I tried to raise I bring, I am no supportable man, I can no poet be.

O Sisters, let me sing. But when they then my prayer not hear, Then from my eyes runs down a tear. Extinguishing 't I ceased fire.

Then curse I, friend, the fated sky, And from th' Altar I fly; And to my Friends aloud I cry, Be happier than I! —Goethe.

Clam Digging in Maine. Hundreds of men and boys on the Maine coast make their living by digging clams. They use a heavy rake with teeth ten inches long, and when the ebbing tide exposes the little holes which indicate the presence of clams they begin to dig. In winter great quantities of clams are dug for bait, the diggers sometimes working during the night tides and in the coldest weather. The catch is taken to a little shanty on the shore and "shucked" with astonishing rapidity by means of long peaches, and is then ready for market.

Four barrels of clams in the shell will make one barrel in bulk or in meat, and that is worth from five to six dollars. The digger, however, has to pay fifty cents for a bushel of salt, so that he realizes only from four to five dollars for his labor. In the fall great quantities of clams are packed at the canneries along the coast, and then the clam digger who is smart and can find a good boat makes fair wages.—Cor. New York Sun.

Santo Domingo Mahogany. It is true that Santo Domingo mahogany, which was the earliest used, and is perhaps the richest in color and figure, is comparatively scarce in this market, and comes only in small lots seldom over twelve feet long and fifteen inches in diameter. The Santo Domingo forests have been yielding mahogany ever since Sir Walter Raleigh's ship carpenters admired the wood 300 years ago, but the drain has been considerable for less than 200 years. Even yet, however, there is plenty of large mahogany in the interior of Santo Domingo, and in time it will be brought to market. Capitalists of New York have several times been interested in schemes to build railways into the interior of the island in order that the untouched forests of mahogany may be reached.—Exchange.

A Remarkable Case. Few college classes have contained so many men destined to be distinguished in after life as there were in a class that was graduated nearly half a century ago from an unpretentious and now unknown academy in Frankfort, Ky. In that historic class were B. Gratz Brown, G. G. Vest, T. C. Crittenden, Joe B. Ferguson, W. C. P. Breckinridge and John Mascon Brown. They all lived within a few miles of Frankfort, were brought up as boys together, and were taught by the same quaint old schoolmaster, a man named B. B. Sayer, who had more than a local reputation as a disciplinarian.—New York World.

What They Would Do. One day in Middle St. Charles Bonomo was playing cards with two of his priests, when the talk turned on the moment of death and on what each would do if he, then and there, heard the last summons. "I would flee to the church," said one. "I would call on the name of the Lord," said another. "And I," said St. Charles, "would go on with the game."—San Francisco Argonaut.

THE NORWEGIAN SKI. Novel Method of Traveling Which Beats the Best Trotter. The new northwest is a land of long winters and intense cold. Fortunately for its people, however, the air is still and dry, and a temperature of 20 degs. below zero is not prohibitive of outdoor labor and sports, as it certainly would be in more humid climates.

The long winter, which in some sections of the Union would be regarded as a great calamity, is justly held by the residents of the new northwest to be the best season of the year. The tobogganing industry, a very extensive and profitable one, is carried on principally in winter, and the list of winter sports is a long one. In addition to the coasting and skating that are indigenous to all northern climates, the snowshoe of the Indians, the toboggan of the Canadian, the curling of the Scot and the skis of the Norwegian have been pressed into service to afford recreation in the long interval between November and May. The toboggan, the snowshoe and the curling rink are not unknown in the east, but the ski (pronounced skay) is seen only in the northwest and among the mountains of Norway. The snowshoe, Norwegian, so called, used in the Rocky mountain districts is very similar to the ski—a little longer, and half an inch wider.

The ski is a stick of well seasoned hard wood, preferably ash, 8 1/2 feet in length, 2 1/2 inches wide, with the forward end curved upward. A strap nailed on the sides at the center allows the toe to pass under for a foothold. Under the toe it is 1/4 inch thick, but the thickness decreases to half an inch at either end.

Armed with an 8-foot staff, one end shod with an iron spike, the skier performs marvelous in the way of shooting down hills that from the tops appear almost perpendicularly, and skims along the level surface with a peculiar gliding thrust, totally unlike the motion of skating, yet at a rate that would puzzle an ordinary trotting horse to keep up with. The more expert users of the ski dis-

posed with the staff, even in sliding down the sharpest hills and taking the longest leaps. In every Norwegian settlement in the northwest one or more pairs of skis will be found. Large clubs have been formed at Red Wing, Stillwater and Minneapolis, Minn.; Eau Claire and La Crosse, Wis., and at Ishpeming in the upper peninsula of Michigan. For several winters past ski tournaments have been held in some of these towns.

In a ski contest a steep hill is selected, and not closer than 300 feet from the top of the slide a "jump" is built, which consists of logs and branches piled up and covered with a solid layer of snow. The aspirant for fame comes down the slide, body bent forward, feet parallel, every muscle rigid and every sense alert. The "jump" is reached, and from a downward career he suddenly strikes a part, which consists of logs and branches piled up and covered with a solid layer of snow. The aspirant for fame comes down the slide, body bent forward, feet parallel, every muscle rigid and every sense alert. The "jump" is reached, and from a downward career he suddenly strikes a part, which consists of logs and branches piled up and covered with a solid layer of snow.
