CONGRESSIONAL NEWS.

No More Night Sessions in the Senate While the Repeal Bill is Pending.

THE SENATE COMES TO A DEAD LOCK.

The President Will Accept No Compromise Under Any Circumstances—The McKinley Bill Passes, Yeas 107, Nays 9.

WASHINGTON, Oct. 17.—There will probably be no more night sessions in the senate while the repeal bill is pending. The silver men clogged the wheels effectively for two hours last night and would probably have continued to do so but for the understanding brought about in the entanglement which was inaugurated between the opposing forces to check filibustering on a promise from some of the leaders of the repeal side to attempt to so arrange matters as not to make another effort to secure a night session. This agreement, while not perfect, had the effect of causing the silver men to cease their call for a quorum and permitting Mr. Peffer to continue his remarks without interruption from the call bell. If the arrangement is completed, as now seems probable, there will be no more night sessions.

Passion Statistics.

WASHINGTON, Oct. 11.—Secretary Smith has sent to the senate the report of Commissioner Lochman on the number of pensions granted for the period ending Sept. 1, 1893. There were 9187 under the general law, 46,057 under the law of 1890; the number rejected, 8357 under the general law, 56,702 under the law of 1890. The average monthly awards is \$7.17 and \$9.43. The number of suspensions from September, 1892, to April, 1893, inclusive, are: September 31, October 35, November 42, December 34, January 52, February 68, March 102, April 136. From that time until Sept. 1, 1893, the suspensions under both laws were as follows: General law, May 293, act of 1890, 12, June general law, 464, act of 1890, 1222, July, general law 266, act of 1890, 3707, August, general law 65, act of 1890, 5641. Total suspension under the general law for the year ending June 30, 1893, 10,782. Under the act of March 1, 1893, the pensions of 83,856 persons residing outside the jurisdiction of the United States were suspended since July 1, 1893. Also in the 10,782 cases suspended under the act of 1890 payment has been resumed in 6972 cases up to Oct. 7, 1893.

Continuous Session.

WASHINGTON, Oct. 12.—The test of endurance on the silver question is daily on in the senate. At 6 o'clock, yesterday as per notice given by Voorhees a few days ago, the matter of a continuous session came up. The anti-repeal men, through Senator Dubois, announced that they would ask for no adjournment. Dubois has not been speaking. It was known some time ago that he would be the spokesman. He is a young man with fine physique and is understood to be the selection of his side to the speaker's chair. He has a confidence in this fight which is a relative of Voorhees, who leads the other side, and Voorhees and Dubois' father were the very closest friends. The young senator is bright, with a good flow of language but he indulges more in sarcasm than flights of oratory, and he is especially fitted for the work before him, which consists of enduring and at the same time annoying the other side. He has prepared himself for the occasion.

The Compromise.

WASHINGTON, Oct. 14.—The room of the senate committee on appropriations was the scene of many conferences yesterday, and Senator Crockett, chairman of the committee on appropriations, has rapidly come to the front as the moving spirit in securing a compromise. It has been in this work had the active co-operation of Gorman, Vest and Faulkner. Their object has been to find a means of settling the question so as to preserve the autonomy of the Democratic party and grant such recognition to silver, as money, as may be possible.

No Compromise.

WASHINGTON, Oct. 17.—If there has been any doubt heretofore as to the position of the administration in regard to compromise on the matter now before the senate, it has been brushed away from the public mind. The administration will not talk compromise, and it has in one way or another, every member of congress know it. More than this, it is at present perfectly willing to see the senate go along as it is going until December and December again.

No Quorum.

WASHINGTON, Oct. 13.—There were indications yesterday morning that some members of the house "stayed away" with the senate part of Wednesday night, as there was plainly no quorum present, but no point was made. The house passed a concurrent resolution authorizing 2000 copies of the hearings before the committee on ways and means for the use of the house.

Party Expenditures.

WASHINGTON, Oct. 11.—The annual report of B. Morton, fourth auditor of the treasury for the fiscal year 1893, shows the total appropriations by congress for the increase of the navy during the last ten years amounting to \$90,945, leaving \$7,730,184 unexpended.

Election Bill Passed.

WASHINGTON, Oct. 11.—The Tucker bill to repeal all the existing federal election laws was passed by the house yesterday afternoon by a vote of 200 to 70, the party lines being strictly drawn for and against.

The Messrs. Duggs, locomotive builders at Glasgow, have in hand a monster express locomotive, designed by Michael Reynolds, consulting engineer of Wolverhampton, which constitutes "a complete departure from modern practice. The horsepower is 2000 and the speed 100 miles an hour. The driving wheels are twelve feet in diameter; there are three cylinders of forty inches, twenty-eight inches and thirty inches in diameter, and the boiler pressure will be 200 pounds. It is proposed to run from London to Edinburgh, 500 miles, in ten hours. The boiler is believed to be the largest in the world.

Senator Manderson has introduced a resolution in the senate directing an investigation of the rumor that the Union Pacific railroad has gone into the hands of a receiver, and if so, by what action and under what circumstances and what steps are necessary to protect the interests and secure the indebtedness of said railway company to the United States, reporting by bill or otherwise.

General Wado Hampton, commissioner of railroads, in his annual report recommends the appointment of a commission having full power to settle the indebtedness of the bonded Pacific railroads to the government. The commissioner also recommends that the Thurman act be amended so as to apply to all Pacific railroads which have gotten bonds from the United States.

The gross earnings for the first week in October compared with 1892 of certain railways are as follows: International and Great Northern, \$467,000; increase, \$14,000; Mexican Central, \$120,863; decrease, \$18,406; Mexican National, \$80,051; decrease, \$3,000; Missouri Pacific, \$442,000; decrease, \$132,000; Rio Grande and Western, \$108,100; decrease, \$75,300.

The first wedding in Perry, Cherokee strip, occurred a few days ago, Justice Clayton performing the ceremony, the parties being Mr. George A. Marshall of Illinois and Miss Mary Wagner of Texas. A large crowd assembled and congratulated the couple and then went off and bought the bride a handsome present.

At Oklahoma City, Ok., M. E. Krausnick has been convicted of assault against John Brogan for \$5000 damages, alleging alienation of his wife's affections. Both are prominent citizens of that city, and the defendant, Brogan, is a candidate on the Democratic ticket for the new town of Perry, in the Cherokee strip.

Nathan Robinson and Mrs. Curtis Robinson, the brother and wife of Curtis E. Robinson, of Chicago, who died in April, 1892, leaving an estate valued at \$1,000,000, have had proceedings to break the will left by Curtis. They claim that the will is never legally married to his first wife.

At Memphis, Tenn., the name of Uriah W. Miller, a prominent attorney and politician, and one of the charter members of the Tennessee bar, has been stricken from the roll of practicing attorneys in circuit court. The charge was the failure to turn over certain money collected for a client.

At San Francisco a big combination of street railroads has been completed with a capital stock of \$18,000,000. Of this the Southern Pacific company controls 76 per cent. This combination includes sixteen street car lines and controls nearly all the travel of the city.

An experimental boring has been made in one of the Southern Pacific fields to a depth of 2500 feet, and a mining expert figures out that this boring has developed the presence of about \$7,890,000,000 worth of auriferous ore.

Thomas C. Crap, reported to be a citizen of Chicago, was recently found dead with his skull fractured in a by-street of Birmingham, England. It is supposed he was murdered in a cab and the body thrown where he was found.

One third of the engineers and conductors on the East Tennessee, Virginia and Georgia railway system will on November 1 be laid off indefinitely for refusing to accede to an order of the receivers reducing their wages 10 per cent.

The Wagner sleeping car conductor of the Missouri, Kansas and Texas through train to Chicago was robbed recently at the Moberly, Mo., depot of forty-eight tickets, with return coupons to Texas points, and one annual pass.

It is believed that a petition has been sent in secret to Rome from Montreal asking that a papal ablegate be appointed for Canada who shall have the same power as Monsignor Satoli exercises in the United States.

A mysterious epidemic of diarrhoea prevails in the workhouse at Greenwich, England. Two inmates are already dead, and others are in a dangerous condition. The symptoms in many respects are similar to cholera.

Near Kerrville recently Henry Baker rode up to a field where Newt Merritt was plowing. Henry asked Merritt if he had been telling it over the neighborhood that he, Baker, had stolen and killed one of Merritt's cows. Merritt wanted to know what he was going to do about it if he did say so. Baker replied that he would have to take it back or he would kill him. Merritt said that he had nothing to take back, whereupon Baker leveled his Winchester and fired twice, when Merritt fell dead. Baker escaped.

At Corpus Christi recently Misses Severa Leeson and Amelia Leeson were sitting near a lamp reading when one of them shook the lamp to make it quit flickering. In an instant there was an explosion and the girls were covered with burning oil, which ignited their clothing. They ran screaming into the yard, but before friends could come to their rescue and smother the flames with blankets their bodies and faces were burned in a horrible manner. Their recovery is doubtful.

At Greenville recently the Syrian woman, Marie Jeanne Nichols, who is charged with infanticide, was given a preliminary hearing before Judge Wood. J. Davis of Dallas acted as interpreter. She confessed that she gave birth to the child and put it to death, but strenuously denies that she had an accessory in the crime.

A girl about 15 years of age passed through Fort Worth a few days ago going back to Dallas, from where she had been enticed by a man and his wife, who wanted, they said, to take her to Chicago to see the fair. They took her to Waco instead, and tried to force her into a disreputable house. She resisted, fled from them, and was helped home by charitable people.

In 157 counties the rolls show an increased valuation of \$33,091,056 and fifty-eight counties show a total decrease of \$7,215,241, leaving a net increase in the 214 counties of \$26,875,815. The rolls of thirty-two counties have not yet been audited.

At Galveston recently Jim Taylor, a white man who is under bond for having emptied a pistol at a barkeeper who called him a nigger a few weeks ago, was seriously cut in the neck by Fred Redding, a negro, who was arrested and jailed.

FRIDAY, OCTOBER, 20 1893.

A KILLING frost last Sunday.

Shoot the man who says he has seen it dryer than it is now.

The populists in congress all voted for the repeal of the Federal Election Laws.

The man who says he has seen it dryer in Texas than it is now should be taken out and pilloried.

Gov. Hogg will move to Fort Worth and go into the practice of law after the expiration of his term.

The democrats in the United States Senate are simply showing the republicans how they can defeat a tariff bill.

The Iowa State Alliance declares against free-silver. Now, what is the Texas State Alliance and Third Party going to do about that?

ONE class or other of our citizens has been after Senator Mills' scalp for years. They will continue to reach for it with the same results.

WHAT has become of the sub-treasurer? We never hear anything of it these days. Has it been dropped or only got lost in the shuffle?

How can democrats ever hope to repeal the Election Laws or pass a Tariff Bill, if the republican minority choose to use the same tactics the democrats are now using?

Now, let the Third Party leaders put their great think-thinks to work and explain why the Iowa State Alliance declared against free-coinage of silver and in favor of honest money.

The democratic party seems hopelessly and eternally "busted" on the financial question. We doubt if they will ever get together again as they have been. The republicans seem to be split also but the cohesive power of plunder will bring them together again.

If Chairman Baker issue a call for a state convention and Chairman Matlock also issue one, will some one tell us how under such circumstances the factions are to get together? We repeat it again, that the welding process must be burnt at the top and come down. The vice versa won't work.

The democrats in the United States Senate who are delaying a vote on the repeal bill are simply playing into the hands of the republicans and repudiating their pledges to consummate the great reforms to which they and their party are solemnly and sacredly committed in a hundred platforms and by a thousand speeches.

In a few places there is agitation in favor of abolishing the U. S. States Senate. Even if such a reform were desired, it couldn't be done by even a constitutional amendment unless unanimously ratified by all the states as the Constitution of the United States explicitly says "that no state shall ever be deprived of its representation in the United States Senate except by its own consent."

Houston county has had to bear the expense of litigating several big suits brought here under change of venue. They are civil cases. The expense of such litigation should be borne by the county from which it comes and if there is no provision in the laws for such contingencies an appeal should be made to the sense of justice and right which should prevail between counties. The County Judge and Commissioners Court should look to this.

The following dispatch is from Des Moines, Iowa, where the Farmers' Alliance State Convention has been in session:

Des Moines, Iowa, Oct. 12.—The State Convention of the Farmers' Alliance adopted resolutions to-day favoring the anti-option bill and the Corger land bill. A resolution favoring the free coinage of silver, and another favoring the free coinage of American silver, were voted down by a decisive majority. The money resolution, as adopted, favors sound and stable currency of sufficient volume for the business of the country.

THE United States Senate should vote or come home.

CLEVELAND declares against any compromise on the repeal question.

The contest in the United States Senate has resolved itself into one of physical endurance.

Houston county is filling up rapidly and Crockett its County seat, is growing as it never grew before.

Just think of it! The Farmers' Alliance of Iowa declaring against free-silver. Would you have thought it?

The fact that the demand for residences in Crockett keeps away ahead of the supply shows what the town is doing.

The increase in the taxable wealth of the state amounts to thirty million dollars. Houston county leads all East Texas in the increase.

WHEN the Farmers' Alliance of Iowa declare against free-coinage of silver, isn't it time that the farmer democrats of Texas should think over this matter?

Houston county is the best county in East Texas. This fact is shown by the heavy increase in taxable values in spite of hard times.

It has been nearly a month since Governor Hogg sounded the alarm about the condition of the state's finances. Bill Wortham still continues to meet all demands on the treasury.

They are predicting an extra session of the legislature for January. That depends. If the McCormick decision be sustained, there will be one. If not, there will not.

If the republicans sweep Massachusetts, New York, Ohio and Iowa next month it will be a terrible rebuke to that filibustering element in the United States Senate. Such a thing is not improbable. In fact it is altogether probable.

The democrats in congress should beware lest the voice of the people on the morning of November the 7th, should ring out in clarion notes against them in those states holding elections on that day. If so, the responsibility for such disaster should be placed on the leaders of the party.

If the issue before the United States Senate were a party one in which one party were seeking by the aid of federal legislation to get some advantage of the other, then there would be justification for all this filibustering. Parties are divided on it. Even the Third Party split on it in the vote in the House.

The people of the south want the United States Senate to come to a vote on the repeal bill. They want this regardless of how they stand on the question of silver coinage. They are tired of suspense. If we are to have a repeal we want to know it and if we are not to have it, we want to know it. The senate should vote and let the responsibility of such vote rest where it belongs. The idea of a minority defeating a vote on a purely non-partisan proposition is simply monstrous.

EVERY Democratic State Convention so far has endorsed Cleveland's Administration and demanded the repeal of the Sherman law. If there are two state conventions in Texas, as a matter of course the Matlock wing will endorse Cleveland etc. What will the Baker wing do? Will they endorse the president and his policy or not? Can they afford to kick out and not do it? These are interesting features in the vista of speculation. They may not come up in just such shape. But they are going to come up and the sagacious democrats of the state are already contemplating with no little apprehension the consequences of meeting them.

Clinton, Missouri. A. L. Armstrong, and old druggist, and prominent citizen of this enterprising town, says: "I sell some forty different kinds of cough medicines, but have never in my experience sold so much of any one article as I have of Ballard's Horehound Syrup. All who use it say it is the most perfect remedy for cough, cold, consumption, and all diseases of the throat and lungs, they have ever tried." It is a specific for croup and whooping cough. It will relieve a cough in one minute. Contains no opiates.

Sold by J. G. Haring. The malarious summer will soon be here. Buy a bottle of Chamberlain's Chill Tonic and fortify your self against chills and fever. It is absolutely guaranteed to cure and pleasant to take. Put up in both tasteful and bitter styles. Sold by French & Chamberlain.

THIEVES "SNAP" STOPPED.

They Robbed Jersey City Tradesmen Through a Tunnel.

Six little boys have been enjoying lately free access to the stock of two tradesmen on Exchange place, Jersey City.

When the building was put up a tunnel that began away up in the railroad yards was extended under tracks and under the buildings and under it. With the purpose of eventually fitting it with steam pipes to heat the building, the tunnel opened into Gullberg's place and into Ramsey's.

A little gang of street arabs copied the hole in the ground and explored it for the quarter of a mile or more of its length, and learned that it afforded easy access to the jewelry and cigar stores. And the little fellows had been helping themselves nightly to whatever they coveted in both places. Neither of the storekeepers noticed the thefts.

The boys might have continued their nightly raids through the underground tunnel indefinitely if one of their number had not thought the scheme too good a one to keep to himself. He began to boast about the treasures that the tunnel placed at his disposal, and the story reached the ears of Policeman Bickelrich. The result was the arrest of six of the boys, who were revealing in what they described as "one of the softest snaps."

He Was Not Killed. A man registered at a Madison, Ga., hotel a short time ago. He engaged a room and retired, and after sleeping for some time had a dream. He dreamed that he was on a railroad train that was going at good speed, and that he discovered that another train was coming toward him on the same track and a collision was inevitable. The conductor called out "jump" and at that moment the dream stopped, but the dreamer did not jump. He fortunately escaped serious injury.

OFFICE OF S. CHERRY, 21 Drayton St. SAVANNAH, GA., Dec. 16, 1891. MESSRS. LIPPMAN BROS. SAVANNAH, GA. DEAR SIR:—I would like to add my testimony to the almost miraculous effort of P. P. P. in the case of Mary Ingraham, a woman living on my place; she had a constant cough, sore throat, debility, etc., and was emaciated to a degree that she was unable to get out of bed, being given up by physicians; she had taken the ruinous so-called Blood Medicines without the least effect, until being put under the P. P. P. she immediately began to improve and is now in as good health as ever in her life. You can refer to me at any time as to the effects of P. P. P. in the foregoing case.

Your truly, SAMUEL CHERRY. A Marshal Saved Life and Hair. For the last eight year I have been in bad health, suffering with Malaria, Rheumatism, Dyspepsia, Dropsy. My digestion was bad, and my hair all came out, in fact I was nearly a wreck. I had taken kidney and blood medicines, which did me no good. When I began taking P. P. P. about three months ago, I was as weak as a child. I have only taken four bottles (small size), and to-day I am a well man and my hair has "come again." I cannot recommend P. P. P. too highly.

TO THE PUBLIC. For nearly four years now the COURIER has been laboring with tireless zeal and energy for the good of Crockett and Houston county. Not an issue of this paper during this entire period can be shown in which can not be found good words "fitly spoken" for the promotion of the town's and county's welfare. Every enterprise established or suggested for the upbuilding of Crockett or the development of the county has received generous and loyal support and many of them their first inspiration in the columns of this paper. Except during Christmas Holidays the paper has never failed to appear and to visit the homes of its patrons and friends. The proprietors and employers have labored hard, unceasingly and with out murmuring to place the county and town in the front rank of East Texas counties. This hasn't and couldn't be done without expense. It has cost money and the expenditure of no little brain energy to do this. To expect them to do all this gratuitously is expecting them to do too much. To say that these efforts have met with adequate material appreciation on the part of the public, the business men and the professional men is to state what we can not conscientiously do. There are a few exceptions and we regret that they are not sufficiently numerous to constitute the rule instead of exceptions. To be frank we must say that the reading and advertising clientele of the county have not rendered that generous support which should be accorded a county paper. To be more candid we will say that during the late spring, summer and fall months receipts have barely been sufficient to meet bills for paper, to say nothing of other expenses. This is not a creditable commentary on the public spirit and intelligent appreciation of Crockett and the county. Such, however is the case and as such we present it to the public. There are those who seem to think that stationery, ink, printers, house rent and the various other expenses which enter into the makeup of a paper are without cost. We could name several hundred who have been taking the paper for nearly four years and never paid a cent; we could even name a few who took it for three years, never paid anything for it and then ordered it stopped, "regretting that they couldn't take it longer." And thus it goes. These are plain statements but facts. We fear the people of Crockett and the county don't deserve a first class county paper because they don't support it as it should be supported. Speaking candidly, we are constrained to say what we have said because of the exigencies with which we are confronted. During the stress of financial panic through which we have passed the editor has become personally responsible for a great many of the bills which have been contracted and which were necessary to be contracted. These have got to be met and unless the public respond with that generous support which we think we have earned and deserved they just can't be met from the receipts of this office. In writing this we do not seek to manufacture sentiment in our favor or to secure patronage through sympathy. We are confident that our own experience is the experience of every other paper which has been published in Crockett. We have felt like saying what we have for a year or more but have not done so hoping for better results.

Speaking candidly, we are constrained to say what we have said because of the exigencies with which we are confronted. During the stress of financial panic through which we have passed the editor has become personally responsible for a great many of the bills which have been contracted and which were necessary to be contracted. These have got to be met and unless the public respond with that generous support which we think we have earned and deserved they just can't be met from the receipts of this office. In writing this we do not seek to manufacture sentiment in our favor or to secure patronage through sympathy. We are confident that our own experience is the experience of every other paper which has been published in Crockett. We have felt like saying what we have for a year or more but have not done so hoping for better results.

LOVELADY.

Ed. COURIER.—Light frosts here the last two mornings but no damage to the cotton reported. Rev. S. F. Tenney preached at this place to a fair audience. About 1200 bales of cotton have been shipped from this point up to date. Col. W. J. Murchison and daughter, Miss Mary Belle, left for the World's Fair last Sunday morning. Miss Blanche Adams who has been quite ill we are glad to say is convalescent. Doc Wooters paid our town a visit to day in the interest of the Oil Mill. Lumber: Lumber. Will deliver in Crockett or elsewhere on short notice lumber of any dimension and best quality at very reasonable terms. In a short while will have a planer running and will furnish dressed lumber. Eight miles west of town on Hall Bluff Road. R. T. MURCHISON.

Bill McConnell Says:

As the young twig is bent so it groweth. A man makes his own destiny. Your every avocation in life is just what you make it, either prosperity, from hand to mouth or a complete failure. Being cognizant of these facts we have from the beginning transacted our business with the greatest carefulness giving 36 inches to the yard 16 ounces to the pound and meeting all our obligations at 100 cents on the dollar, accompanied by an indomitable will, a sleepless energy and untiring industry. The result has been in peace and harmony, unalloyed success and an achievement of trade that the gates of the combined competition can not prevail against. Special—Certainly we will never grieve, so long as trade we can achieve.

Crowded.

We have been rushed and crowded until we were compelled to employ clerk No. 3, Mr. John Miller who wishes his friends and acquaintances to give him a call and Mr. John Butts, clerk No. 1. I want his friends to know that he is hard at work in the Racket Store and ready to sell goods cheaper than ever before. Our stock is complete and we are not here only to compete but to undersell. Those who pay cash for goods will please remember that money talks at the Racket Store. We offer special inducements to those who come with their family and buy large bills at one time. AS EVER, RACKET STORE. A Great Success. The Galveston-Dallas Weekly News stands pre-eminent as a journalistic success. It does nothing by halves. It believes that whatever is worth doing at all is worth doing well. It is ever on the alert for matter that will interest, instruct and benefit its readers. Last spring the editor of the Weekly News organized a Columbian class, known to the youthful readers as "Mr. Big Hat's Summer School," the object of which was to awaken in the mind of the young an interest in the early history of America and its discoverer. The scheme has proven wonderfully successful, and hundreds of children have been led to investigate with renewed interest historical works bearing upon the subject; and their well written letters to the Weekly News bear unmistakable evidence of great benefit and mental improvement to themselves. The Weekly News also contains an exceedingly interesting department for its lady readers. The articles on fashions, housekeeping and general miscellany are unsurpassed in interest to intelligent lady readers everywhere, and to farmers wives in particular, who enjoy a good, practical, homelike paper. To the farmers themselves The Weekly News devotes a great deal of space, giving many valuable and timely articles on practical agriculture in the south, a page of interesting "news notes," all the leading political and general news of the world, and well written editorials on all leading questions of the day. No intelligent farmer in Texas can afford to be without The Weekly News. It costs but one dollar a year, or less than two cents a week. The Dallas or Galveston Weekly News and The COURIER will be sent to your address one year for only \$2.25. SHOE SHOP. Having leased the Zimmerman building, I propose to establish a first-class boot and shoe shop. All the latest styles of shoes and boots made. All kind of repair work done. TIM O'CONNOR. The flowers that bloom in the springtime to be. "Found him sick in bed with the chills, poor bab. But Cheatham's Chill Tonic got him up on his feet. And he now daily sings, while walking the streets. It undoubtedly cured his chills, ha, ha!"—Put up in both tasteless and bitter styles. Sold by French & Chamberlain.

We Want to Borrow Your Ear. Just long enough to whisper in it that we are headquarters for every thing in the line of Fall and Winter Goods. The Fireside: What a world of comfort and happiness is wrapped up in that word, "as winter approaches, with its long evenings and cheerful, social customs you begin to think of the Necessary Home Furnishings. They are not range down to the good, old fashioned rates. These must be bought and on terms at J.S. Shivers' House Furnishing Store. THE BUCKSKIN BREECHES.

The best Jeans Pants on earth are called "THE BUCKSKIN BREECHES." Ask to see them and read the Warranty in the pocket. There is probably no item of family expenditure that causes more annoyance and vexation than the selection of shoes. Everybody knows how vexatious it is to buy a shoe, apparently good in every respect, and to find it to be a complete fraud.

FARMERS!
