WASHINGTON, March 8. - After five days of debate the pension appropriation bill, carrying \$151,000,000, was passed yesterday without division. Throughout the debate there has been no criticism of the amount carried by the bill, the debate being on the one hand confined to an assault on the manner in which, the present commissioner of pensions had administered the office and his alleged unauthorized suspension of pensions, and on the other to a defense of the attempt of the commissioner to purge the rolls of those who were not entitled to a place upon States. them.

Taiked Railroad.

WASHINGTON, March 13 .- Yesterday in the house was devoted entirely to the consideration of a bill relating to the extension of the time for allowing a street railroad company in this city to change its system of motive power. According to an act passed several years ago the street railroads of the District were required to change their motive systems from horse power to either cable storage battery or up, the bid. Afterward the Cherokee to either cable, storage battery or uncouncil accepted the bid of R. L. derground electricity. All but the Metropolitan railroad complied with the provisions of the law.
