Heager Murder Trial Underway

Council Discusses Present Problems

Several major items were discussed in the bi-monthly meeting of the Muleshoe City Council Tuesday morning with Mayor Irvin St. Clair; Councilmen Alex Williams and Kenny Heathington; City Manager Albert Field and several other persons present for the meeting.

around muleshoe with the journal staff

Gil Lamb of KMUL attended the Saturday night gathering of approximately 830 people at the \$50-per-plate Republican fundraising dinner honoring US Rep. Bob Price of Pampa, Sen. Barry Goldwater of Arizona, 1964 GOP Presidential nominee, spoke following the dinner, expressing concern for the country, for need of backing President Nixon ("rather than Muske or any other very liberal candidates now in the running").

The Youth Center Adult Board met at 8 p.m. Thursday September 16 at the Ranch House Cafe for a business meeting.

The Youth Board of the Muleshoe Center was to meet Tuesday, September 21.

Muleshoe Rotary Club held its weekly meeting on Tuesday. Con't on Page 10, Col. 5

Edd Edmiston, commander of the American Legion Post and two members, Morris Nowlin and J.M. Hefner, met with the council regarding a paving assessment outstanding against the Legion building on West Avenue B.

Mayor St. Clair told the council, "I realize the needs of the youth center. Also I would hate for the American Legion to lose the building out there. We (the city council) will help the Legion with the Texas Securities Corporation in paying the \$1,600 assessment against the Legion for paving."

Another case which was determined to be a 'hardship' case was discussed and City Manager Albert Field was instructed to purchase the property of Ola and Della Seales to satisfy a paving lien on the property.

Meeting with the council members was Bailey County Judge Glen Williams, who explained the plans to open a

Mental Health-Mental Retardation Center Referral in Muleshoe, which has been announced previously in Journals' news stories.

Conservation Awards Given Here Monday

Representing Goodyear Tire and Rubber Company, James Crane of James Crane Tire Company, made a special presentation to the board of directors of the Blackwater Valley Soil Conservation Service Tuesday night.

Crane made the presentation of plaques during a meeting of the Blackwater Valley Soil and Water Conservation Service as their second place win for outstanding achievement in conservation for activities they have engaged in during the past year. Charles L. Glover, Muleshoe, was named the outstanding cooperater.

The winning districts were selected by a committee of conservation leaders on the basis of planning, leadership and accomplishments in resource development last year. The contest, now in its 25th year, is sponsored by the Goodyear Tire and Rubber Company in cooperation with the National Association of Conservation Districts.

Two representatives of each winning district will be guests of the rubber company in December on a four-day visit to the 10,000-acre Goodyear Farms and the Wigwag, a desert resort, at Litchfield Park, Ariz. They will join representatives of other first-place districts for the vacation-study tour.

The awards program, begun shortly after the organization of the National Association of Conservation Districts.

Jaycees Change Annual Crane Hunt Contest

The annual sandhill crane hunt dates have been changed by the Muleshoe Jaycees for this year. Weekends only are in the schedule with the new change. The dates will be October 30-31; November 6-7 and November 13-14. Additional information will be released as details are worked out by the committee coordinating the popular annual hunt.

Also discussed at the Monday meeting were the Youth Football Inc. games which were changed last weekend due to inclement weather. The Chiefs and Cowboys played at 6 p.m., Tuesday and the Saints and Packers will play today (Thursday) at 6 p.m. at Babe Ruth Park. Regular games will be Saturday, September 25 at 3 p.m. due to the Jaycee special meeting during the evening on that date.

A program for restocking pheasants in area fields was discussed and more information was requested. A representative from the Soil Conservation Service was asked to attend the October 4 meeting to discuss the program.

Attending the Monday meeting was State Vice President Pat George of Tulsa who reported on area clubs. Other Tulsa Jaycees attending the meeting with the state vice president were Fuzzy Reager and Sam Sadler. Jaycees at the meeting at the XIT Steak House Monday were Derrell Oliver, Jeff Smith, Leon Wilson, Curtis Walker, Doyce Con't on Page 10, Col. 7

AWARD PRESENTED CONSERVATION SERVICE--James Crane, left, of James Crane Tire Company, represented the Goodyear Tire and Rubber Company Monday night in a special presentation of plaques to the board of directors for the Blackwater Valley Water and Soil Conservation Service. Pictured receiving the plaques are, from left, Carl Pollard, W.L. Welch, Lewis Scoggin, Douglas Bales and E.N. McCall. The local unit of Soil Conservation Service was a second place winner in the annual Goodyear contest for outstanding achievements in the field of soil conservation.

Baptists To Host Vietnam Veteran

Pastor of the First Baptist Church in Muleshoe, Rev. D.C. DuBose, said a guest speaker will be at the First Baptist Church Sunday night at 7 p.m. Rev. DuBose said the speaker will be Clebe McClary, who is a nationally known speaker, having spoken on the three major television networks, and with Billy Graham.

Sunday night will be his only

appearance in Muleshoe, and Rev. DuBose said several churches will not be open Sunday night in order for the various church people to be allowed to attend the special session.

Clebe McClary is a native South Carolinian, born and raised on a farm in Georgetown County, He attended Winyah High School where he excelled in all

high school sports and was active in a wide variety of school, church and community activities, commented Rev. DuBose. He attended Clemson University on a track and football scholarship and graduated from Ernsie College in 1966. In September, 1966, McClary volunteered for service in the U.S. Marines and as a lieutenant was seriously wounded on March 3, 1968. According to his account: "Vietnam isn't the big rice paddy you see on Huntley-Brinkley. It reminded me of the 10,000 acre plantation on which I was born 28 years ago near Georgetown.

"About midnight on the third night out, I thought I heard 'Charlie' and left my foxhole to check with the men on my right when the first grenade hit. I tumbled back into my hole and called for air support."

His platoon then recounted, "The North Vietnam Army suicide squads squarped up the hill, boys with grenades, strapped to their waists and in their hand, pins pulled, exploding even before they reached the top. Clebe shot one whose momentum carried him into the foxhole. A satchel charge exploded, blasting Clebe and the dead soldier out of the hole. When Clebe reached for his rifle, he discovered that his left arm had been torn off.

"As Clebe leaped to find cover, another grenade landed, blowing out his left eye, most of his nose, both eardrums, knock-

Back The Mules Second Contest Won By Woman

This year must be 'ladies' year for the Annual Back the Mules Football Contest. With the contest two weeks old now, again a woman has slipped into top spot in the weekly guessing game.

This week, Mrs. Glen (Mary) Watkins second-guessed the fellows and won with a three miss, 12 point spread contest entry. Mrs. Watkins failed to predict the two tie games, Vanderbilt vs. Louisville and Wisconsin vs. Syracuse and missed one other game.

Mrs. Watkins shouldn't feel badly though, as every other entry failed to predict the two tie games Vanderbilt and Louisville tied, 0-0 and Wisconsin and Syracuse tied, 20-20.

Also, again this week is a tie for second and third place, with the two contestants splitting the tie money and the points. Paul Wilbanks and Bob Nickels both missed three games and had a Con't on Page 10, Col. 7

Prosecution Ends, Defense On Stand

A jury of five women and seven men in 154th District Court here expected to complete proceedings Wednesday in the trial of Willie J. Heager, 17, charged with murder with malice in the fatal shooting of Nathaniel Williams, 31, here early on the morning of Feb. 15.

Testimony began Tuesday morning following jury selection in the trial of the youth. Courtroom evidence indicated that Willie Heager obtained the gun used in the slaying from his mother, Mrs. Annie Mae Heager.

The prosecution before it rested Tuesday afternoon at 5:07 had called to the witness stand during the Tuesday court session Joe Young and Gene Sisemore, State Highway patrolmen; Forrest Williams, Muleshoe city patrolman; Dr. B.O. McDaniel; John Blackwell, mortician; Justice of the Peace Morris Nowlin; Charles (Beamon) Holmes, brother-in-law of the defendant; LeRoy (Bud) Medlock, step-father of Charles (Beamon) Holmes; Robert Finch, Jr.; Leonard Johnson, "a Muleshoe resident for maybe a year"; and Sheriff Dee Clements

Law enforcement officers testified as to being called to the scene of the shooting and finding lying near the front door of the residence of Mrs. Annie Mae Heager the body of a man later identified as that of Nathaniel, "Geechee", "Mr. Geechee" and "Deeje" Williams.

City Patrolman Williams, as did other witnesses, testified that the back screen in Lillie's Cafe, which is located about a block from Mrs. Heager's residence where the shooting occurred about 1:30 a.m., appeared to have been hit by shotgun charge. Other witnesses testified that shotgun blast went through the cafe's back door.

Blackwell in his testimony when asked if an autopsy was performed on Williams' body and if blood tests were made for alcohol content answered "No." He said wounds on the body appeared to have been made by a small caliber gun. Justice of the Peace Nowlin testified that he arrived at the scene about an hour after the shooting and could find no breath or pulse in the victim's body.

"The body was lying on its back just inside the door," witness said, "He was dead."

The prosecution rested at 5:07 p.m. Tuesday following testimony by Bailey County Sheriff Dee Clements, District Judge Pat Boone, Jr. recessed proceeding until 9:30 a.m. Wednesday. After the jury had left the box, Defense Attorney James D. Durham, Jr. of Amarillo, filed three motions, all of which were overruled by the court.

Durham moved for dismissal of the indictment against Heager on grounds that no testimony showed that the wounds in Williams' body were the cause of death. The second motion was to dismiss the charge of murder with malice and the final motion was for dismissal because the state had not made a prima facie case.

Sheriff Clements, questioned by Durham, testified as to going to the home of the defendant's Con't on Page 10, Col. 4

'Booming Bargains' Coming To Muleshoe

"Booming Bargains" time is coming to Muleshoe in October. What promises to be the biggest rummage combination garage sale ever held in this area is billed as a "civic-wide garage sale to finish outfitting the new library," ESA member said.

The Muleshoe ESA plans the rummage sale Oct. 22-24 for benefit of the new library. The sale headquarters will be the old Poyner building on Main Street.

The sale sponsors are urging

a garage and clothes closet "clean-out" for articles to go on rummage counters and racks. Anything salable can be left at the old library, or donors may call radio station KMUL and leave their address and items will be picked up. Mrs. Corkey Green or any other ESA member will give assistance or information.

Clubs, individuals and businesses are invited to participate with donations of items Con't on Page 10, Col. 6

September Meet Held By School Board

MULESHOE INDEPENDENT SCHOOL DISTRICT REGULAR BOARD OF TRUSTEES MEETING SEPTEMBER 20, 1971

1. Heard Current Financial Report
 - a. Heard Tax Collection Report as of August 31, 1971. (6.10% of Taxes have been collected for the 1970-71 year.

1970 Taxes collected	\$565,875.21
Less Discounts paid	12,196.79
Penalty & Interest	6,346.01
Delinquent taxes collected	25,214.64

TOTAL TAXES COLLECTED \$585,240.07
b. Reviewed bank balances of all funds as of September 20, 1971.

2. Reviewed price-wage "Freeze" as it affects School Personnel wages and salaries. If school personnel were working under 1971-72 Contracts until after August 15, 1971, they will be under the 1970-71 pay scale. (As stated in letter received from the Texas Education Agency, September 15, 1971)

3. Approved the borrowing of money from Muleshoe State Bank, if necessary, to pay September bills and September payroll. The schools do not received State moneys until last week of September and cannot collect local tax money until October 1st.

4. Reviewed guidelines for National School Lunch Program including free lunch policy, things that can be served in Snack-bar, and the purchase of miscellaneous equipment including a juice dispenser and soft ice cream dispenser

5. Approved the dismissing of school at 2:30 p.m. on Monday, September 27, 1971 in order to give students and parents an opportunity to attend the Lubbock Fair. The Muleshoe High School Band will march in the Parade.

6. Four members of the Local School Board will attend the Annual Convention of the Texas Association of School Boards, at San Antonio, September 25, 26 and 27th.

- House of Delegates meet Saturday, September 25. Featured speakers at the Convention will be Dr. Kenneth McFarland of Topeka, Kansas and Dr. Charles E. Allen pastor of the First Methodist Church, Houston, Texas. There will be 23 different topic workshop sessions that Board Members may attend.

7. Heard Current Enrollment Report and comparison with last years enrollment:

	September 17, 1971	September 18, 1970
High School	575	556
Junior High	455	472
Mary DeShazo Elementary	495	445
Richland Hills Primary	455	404
Special Education	27	23
Migrant Kindergarten	10	40
GRAND TOTAL	2017	1940

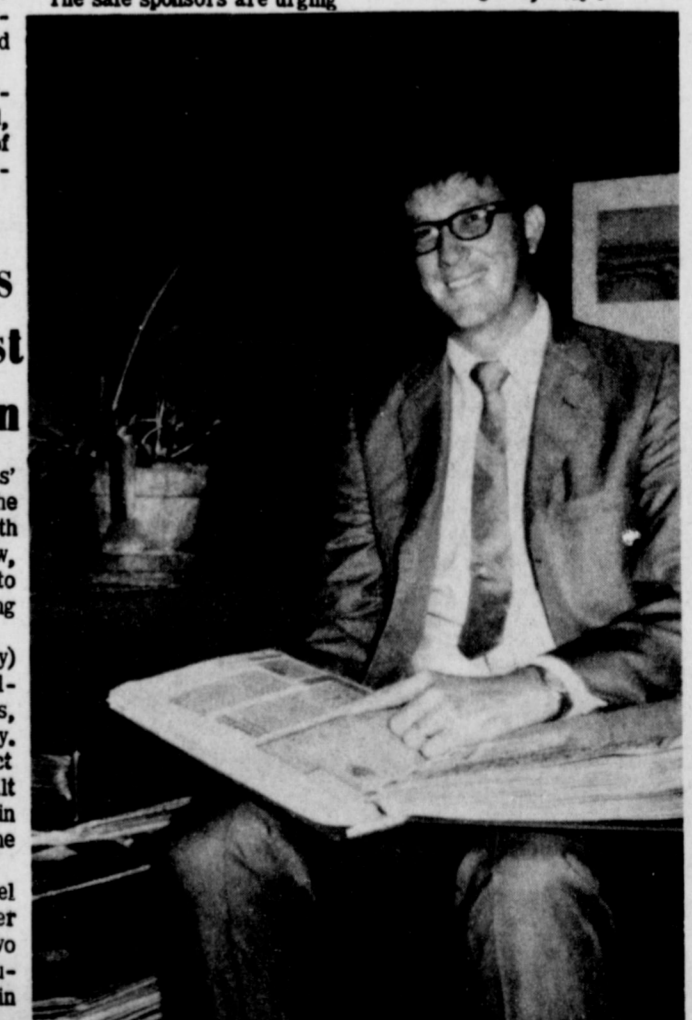

8. Approved request to have High School Band Christmas Concert on Sunday, December 19, 1971 at 3:00 p.m. at the High School Auditorium.

9. Approved the request to dismiss school, Friday, October 15th at 2:30 p.m. in order to allow teachers to attend the Area Reading Conference at Lubbock, to be held October 15 and 16.

10. Approved the purchase of windbreakers, caps, and golf balls for the Golf Team.

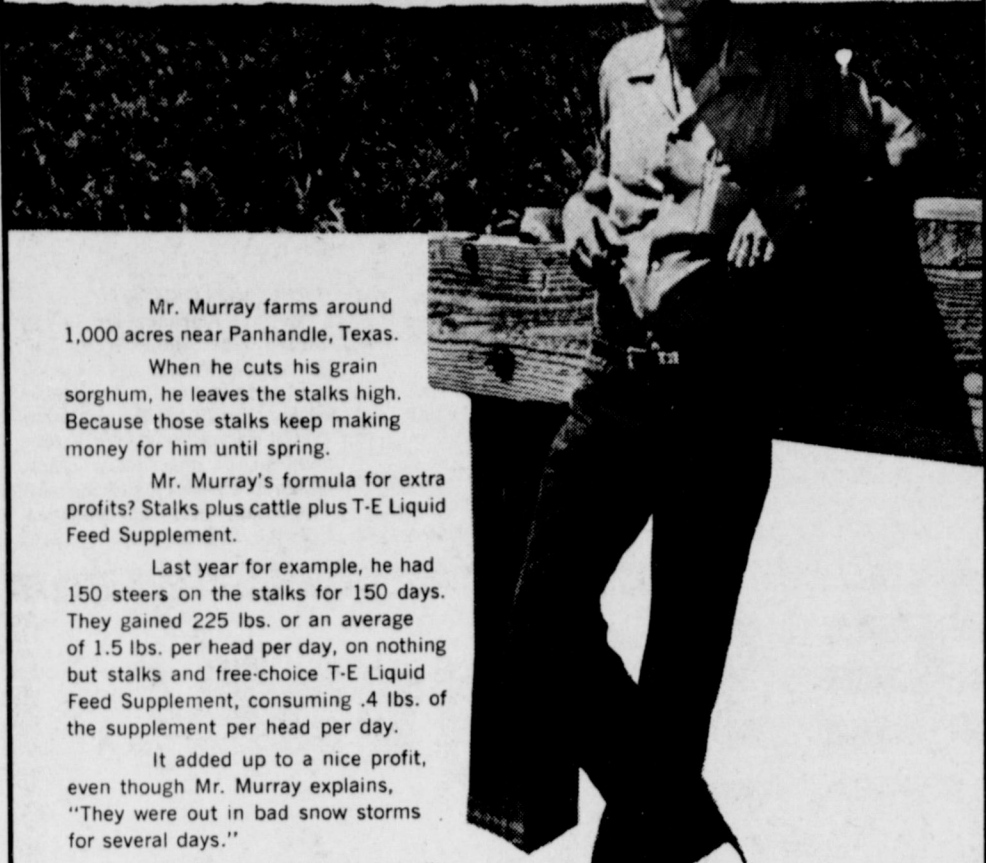

11. Read and discussed a "Letter to the Editor" of the Muleshoe Journal criticizing the schools dress policy. The Board reaffirmed the present Policy by a unanimous vote.

12. Adjourned 11:30 p.m. - Next Regular Board Meeting, Monday, October 18, 1971.

NEW ASSISTANT CITY MANAGER EMPLOYED--John Martin of Lubbock assumed the position of assistant city manager in Muleshoe Monday. He attended school in Lubbock and received a BBA in management said he is married, and he and his wife, Annice, have no children. Martin is interested in snow skiing and fishing. He said his duties in Muleshoe will include assisting City Manager Albert Field in administering city government.

Bill Murray will get a second cash crop off this milo field.

Mr. Murray farms around 1,000 acres near Panhandle, Texas.

When he cuts his grain sorghum, he leaves the stalks high. Because those stalks keep making money for him until spring.

Mr. Murray's formula for extra profits? Stalks plus cattle plus T-E Liquid Feed Supplement.

Last year for example, he had 150 steers on the stalks for 150 days. They gained 225 lbs. or an average of 1.5 lbs. per head per day, on nothing but stalks and free-choice T-E Liquid Feed Supplement, consuming .4 lbs. of the supplement per head per day.

It added up to a nice profit, even though Mr. Murray explains, "They were out in bad snow storms for several days."

Mr. Murray buys his steers in August, keeps them on pasture until harvest, turns them in on the stalks and puts them on wheat pasture in the spring. He keeps T-E Liquid Feed Supplement in front of them the whole time; because he knows self-rationing T-E provides whatever supplement they need, whatever the grazing conditions.

Considering his experience with T-E Liquid Feed Supplement over the past few years, Mr. Murray concludes, "It seems to me a farmer has just got to run some cattle."

Jones Farm Store, Muleshoe, Texas
Dwayne Avery Liquid Feed, New Mexico

Law Support Group Featuring Speaker

Members of the Support Your Local Police Committee in Muleshoe issue a special invitation to each and every parent and teenager to attend a special meeting at the Muleshoe High School auditorium on Tuesday, September 28.

Mrs. Gene Lowe, president of the organization, said David E. Gumaer will be guest speaker and will speak about "Revolution Underway—America's Youth at the Crossroads."

Tickets are presently on sale for the special evening, which is designed to honor the local law enforcement officers. Advance tickets are \$1.50 and will be \$2 at the door. They are available from Mrs. Lowe or any member of the Support Your Local Police Committee in Muleshoe.

Gumaer will speak during a day assembly to Muleshoe High School students, then speak again at 8 p.m. Tuesday in the auditorium.

According to Mrs. Lowe, "In 1965, David Emerson Gumaer joined the W.E.B. DuBois Clubs, the youth arm of the Communist Party."

"He rose rapidly within this organization and was soon welcomed into various anti-war groups, civil rights organizations and the SDS. He participated in marches, protests and demonstrations from coast to coast, oftentimes sitting in on planning sessions and with veteran revolutionaries fresh from training in Moscow, Prague, Havana and Hanoi."

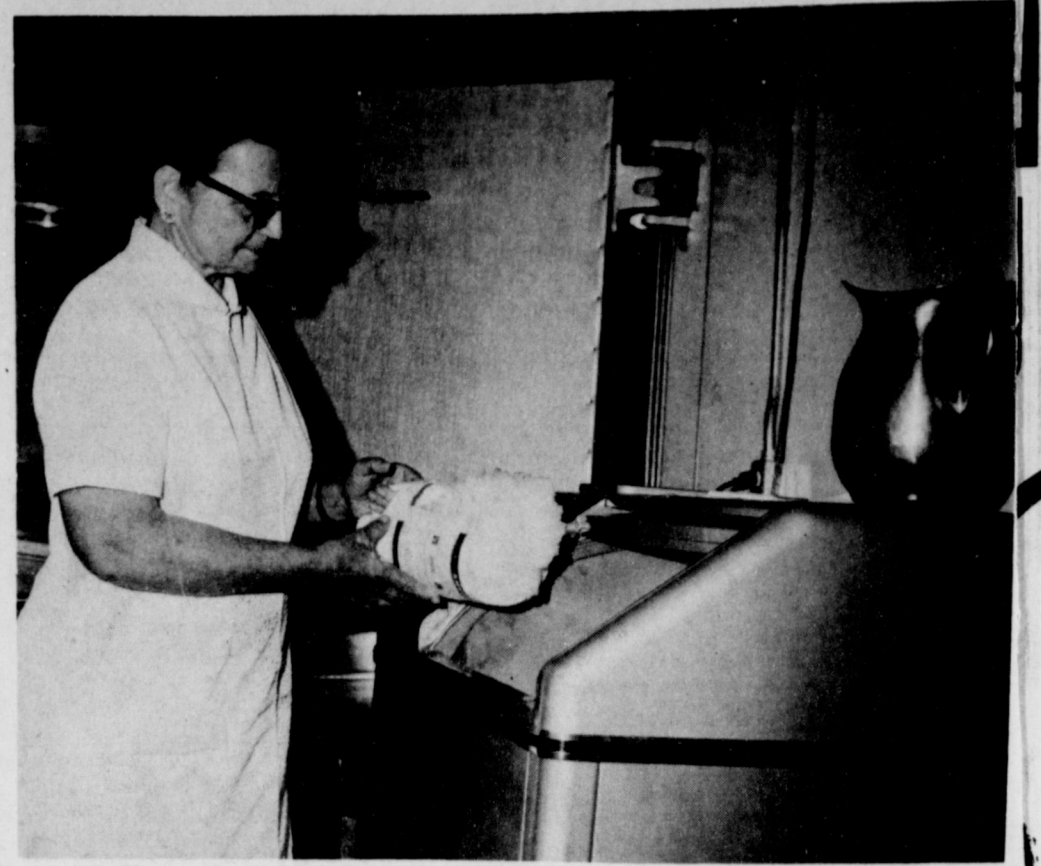

"During all this activity with the New Left, he worked as an undercover operative for police intelligence units, supplying detailed information about those who would destroy our nation. His services were also called upon by the FBI and Committees of both Houses of the U.S. Congress," she added.

and The Review of the News magazines -- exposing subversion in churches, in the military and among the young; His reputation as a research specialist was justly earned with his reports on the Anti-Christ 'Peace Symbol' and the Communist Clenched Fist salute."

Mrs. Lowe concluded, "Dave Gumaer has always stressed the need for students to be prepared for the barrage of propaganda aimed at them from both the campus and the media. He knows from first-hand experience of the attention given by the left to our youth, and he has personally seen normal Americans converted into militant revolutionaries."

"His message is for the young—and the parents of the young. We don't think that you can afford to miss this program, and we urge each and every one of you to attend this meeting, and hear this gifted speaker."

Students in Maine test 4-day school week.

ICE MAKER EASES PROBLEM AT CAFETERIA--Mrs. Jewell Blackwell, supervisor of the Muleshoe High School cafeteria, looks at the new icemaker and checks progress of the machine. She said the new icemaker will alleviate a problem of keeping enough ice for meal-times at the school. Mrs. Blackwell said that even with the new machine, ice nearly runs out at mealtime, but said the machine, along with other new equipment recently installed, makes things easier for the lunchroom workers. New equipment was also installed in Richard Hills Elementary School cafeteria.

Field Research Results Are Given

Results from field research demonstrations in Wheeler, Hall and Collingsworth counties will be presented at a series of meetings September 28-30.

Night programs and daytime field tours will show results of work being done in the Northwest Texas Demonstration Program, which was begun in 1956 by the Texas Agricultural Extension Service and the Agricultural Experiment Station.

The activities will begin with a free barbeque slated for 7 p.m. on September 28 in the Kelton School Gym, according to Max W. Hatter, Wheeler County agricultural agent. The program will concentrate on the results of demonstrations with Ermelo Weeping Lovegrass. Hatter will first explain how cows can be wintered without hay or supplemental protein on properly managed, standing cured Lovegrass. He will also tell of research results from three-year studies that show gross returns of more than \$250 per acre from the forage.

A question and answer period will conclude the program. Participants will include a rancher, an economist, a soil conservationist, a local rancher and Dwane L. Scott, who is a farm demonstration assistant for the program.

The emphasis the next day will be on Hall County and a variety of crop and fertility studies. Dryland and irrigated cotton, along with fertility projects and grain sorghum varieties, will highlight the program, scheduled for 9 a.m. at the county courthouse in Memphis. Program speakers will include a range specialist, agronomist, entomologist, economist and a soil chemist, according to W.B. Hooser, Hall County agricultural agent. A lunch will be served.

The last part of the annual event is in Wellington on September 30, Don Reeves, Col.

It is better to pay a creditor than to give up a friend. —Aristotle.

lingsworth County agricultural agent, reports that the tour will begin at 9:30 at the county courthouse. Busses will take visitors to minimum tillage cotton plots where tests are being conducted in cooperation with the U.S.D.A. research station at Bushland. Will-tolerant cotton and the accompanying nematode problem will also come under discussion. Aphid-tolerant alfalfa and new grasses that are being tested for cold-hardiness and forage quality will round out the program. The tour is slated to end at noon with a free barbeque.

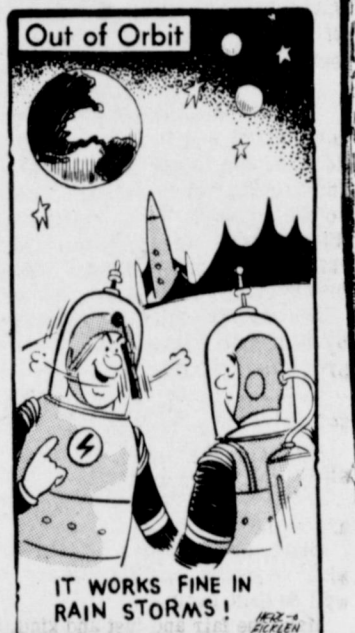

The three programs are being

Tit for Tat
 Mrs. Brown was complaining to her doctor that his bill was too high.

"Don't forget," he reminded her, "that I made 11 visits to Tommy when he had the measles."

"Don't you forget," she replied, "that Tommy made you wealthy by giving it to the whole school."

jointly sponsored by such diverse groups as the Extension Service, Experiment Station, county program building committees, the A.S.C.S. offices, the Farmers Home Administration and the Soil Conservation Service.

What Do We All Do?

(Editor's Note: From the Editor's Forum, official publication of the Georgia Press Association. Reprinted from the Cartersville, Ga., Daily Tribune News and written by associate editor Lewis C. Justus.)

Many are confused by the variety of titles newspaper people have. There are titles like Publisher, Assistant to the Publisher, General Manager, Associate Editor, Managing Editor, Women's Editor, Sports Editor.

But what do these folks do? As a public service, we reveal some of their duties and their functions:

Publisher: Publishes.

Assistant to the Publisher: Helps the publisher publish.

General Manager: He manages the general. Some newspapers don't have a general; in which case, he manages the colonel.

Associate Editor: He associates with things. And, on occasion, with people.

Managing Editor: He manages. He manages to do this and he manages to do that. Sometimes he manages to manage things quite well.

Women's Editor: She edits all womenfolk who come to the newspaper office. She edits out all ladies who have unpleasant news, complaints, those who can't spell or who don't have all the facts correct. She edits all the ladies who do.

Amusement Editor: Goes about telling funny stories, playing practical jokes and keeps everybody amused.

Advertising Manager: Looks intelligent, talks a great deal and manages the advertising.

Classified Manager: Tells people who ask a question: "Sorry... that's classified."

Outdoor Editor: Works only outside; primarily because he doesn't like to bathe.

Sports Editor: Walks through the office calling out, "Hey Sport!"

Garden Editor: Specializes in cultivating turnips, radishes and onions. (Not to be confused with Farm Editor, who specializes in corn, beans and cotton.)

Make-up Editor: Checks everyone's make-up and informs anybody whose eyebrows are painted on crooked. Also spot-checks mascara and lipstick.

Business Editor: Gives everybody the business.

Circulation Manager: Makes sure that everybody's blood is circulating properly and if not, prescribes a remedy.

Chief Photographer: Photographs the chief.

Now you know what all these people do and we certainly hope you won't have to ask any more of those stupid questions.

A Parent's Prayer

(Editor's Note: This reprint of an old Ann Lander's column was submitted by Lee Pool as an appropriate story to be read by all parents, teachers and administrators with the beginning of the new school year. The Journal heartily agrees with Ann Landers and personally feel happy that she was able to dig it out. We hope Ann will understand our reprinting of her "Parent's Prayer.")

A PARENT'S PRAYER

O heavenly Father, make me a better parent. Teach me to understand my children, to listen patiently to what they have to say, and to answer all their questions kindly. Keep me from interrupting them or contradicting them. Make me as courteous to them as I would have them be to me. Forbid that I should ever laugh at their mistakes, or resort to shame or ridicule when they displease me. May I never punish them for my own selfish satisfaction or to show my power.

Let me not tempt my child to lie or steal. And guide me hour by hour that I may demonstrate by all I say and do that honesty produces happiness.

Reduce, I pray, the meanness in me. And when I am out of sorts, help me, O Lord, to hold my tongue.

May I ever be mindful that my children are children and I should not expect of them the judgement of adults.

Let me not rob them of the opportunity to wait on themselves and to make decisions.

Bless me with the bigness to grant them all their reasonable requests, and the courage to deny them privileges I know will do them harm.

Make me fair and just and kind. And fit me, O Lord, to be loved and respected and imitated by my children. Amen.

LETTERS EDITOR

(Letters to the Editor are welcomed by readers who wish to bring to the reading and general public's attention certain

problems or items of interest. This newspaper will publish letters to the editor as long as they are signed with your legal, correct name, but will not be accepted for publication if they have an incorrect name or fictitious address.

Names will be withheld upon request if the policy above is followed, and all legal, proper inquiries have been made to satisfaction of this newspaper.)

Dear Mr. and Mrs. Hall:

Your support through your business, the Muleshoe Publishing Co. Inc., of the West Texas Chamber of Commerce as a member is appreciated, valued and very necessary for a better West Texas for everyone. We are counting on your continued support of the West Texas Team.

Probably now, more than ever before, West Texas Business needs the most powerful, united and effective organization in Austin and Washington that it is humanly possible to muster.

As you well know, certain elements in our society are daily mounting increasing pressures for all types of ridiculous governmental spending, both federal and state. They could care less where the money comes from as long as it comes from taxes on business. If we are to counter this irresponsible attitude in any degree we must have a strong, well financed, viable West Texas Chamber of Commerce.

We must have a West Texas Chamber of Commerce whose major efforts and resources can be committed to the work at hand:

First, Representing business in Austin and Washington, before the act preferably, not in a salvage operation;

Second, Implementation of the Texas Water Plan;

Third, Industrial Development of West Texas, and Agricultural Economic Improvement;

Fourth, We must work on improvements in the Oil, Gas and other mineral business climate.

"No government ought to be without censors; and where the press is free none ever will."

... Thomas Jefferson

preservation and improvement; Urban problems solution; and Informed, reasoned and realistic approach to pollution and environmental management;

The West Texas Chamber of Commerce has been beset by the rising cost of doing business, just as your business. As an example, we are dependent on a strong communication program and you are well aware that our mailing cost alone has practically doubled since 1963.

All forms of business in West Texas need a strong, common, unifying, all inclusive business organization which the WTCC can provide. But, it won't happen automatically as you and I well know. That's why your help to build a strong West Texas Team is necessary and will be appreciated.

Sincerely,
(s) Harry W. Clark
Vice President - Finance & Membership; West Texas Chamber of Commerce; First National Bank, Midland.

Congressman

Bob Price

Congressman Bob Price took the opportunity the first day following the August Congressional recess to introduce legislation permanently extending the authority of the Farmers Home Administration to insure loans made to farmers and rural residents by private investors.

"It is vitally important that the Farmers Home Administration be able to continue insuring loans to farmers and groups in rural areas if adequate credit is to be available in rural America," Price said.

The Congressman noted that the growth of Farmers Home Administration can be linked almost directly to the authority to insure loans rather than make them directly from government funds.

"This loan guaranty program has worked well, producing maximum effectiveness of FHA programs at minimum cost to the taxpayer. If this authority is allowed to expire it will mean irreparable damage to rural America," Price said.

He urged quick action on the bill since the present insurance authority expires on October 1. The House Agriculture Committee member has also introduced legislation to bring the FHA Operation Loan program under the insured authority.

The People's Column Letters To Editor Policy Is Outlined

The Journal's policy on the Letters to the Editor Column is that they should be of reasonable length, should be signed preferably with a pen, and should bear the correct address of the writer. The address, unless rural, should be a street and number, not a post office box.

A Letters to the Editor column is a public forum if it is used correctly and to the advantage of the general public. It should help point out items of interest, not "hut" the problem or its solution. Readers can express their personal opinions about anything and everything, provided their statements are factual, non-libelous, "in good taste"; preferably dealing with a situation at hand rather than attack or criticism.

This column is designed to allow readers who are interested in expressing themselves and opportunity to identify feelings, as well as an opportunity for The Journal's readers and this newspaper to recognize the writer's wishes and recommen-

dations and/or problems; and to acknowledge the writer's opinions whether "we," "they" or "you" agree or disagree with the letter-to-the-editor writer's opinions or not.

Through the Letters Column, as well as through Journal editorials, (both of which are ideally but a reflection of public opinion) community leaders, representatives and statesmen, as well as other out-of-town interested readers become informed of the wishes of the public they represent. As a result, elected or appointed leaders are better able to follow or understand the dictates of their constituents.

The shorter the letter, the better its chance of publication. Due to lack of space, we reserve the right to condense and edit letters. Letters must be written exclusively to the Journal for publication.

In most cases letters will be run without the name and address if the writer makes such a request, and the letter will

be signed "Name and address withheld by request".

Letters to the Editor generally are not run because of excessive length, lack of legible signature and address, or if possible libelous phrases or standard with general news-bad taste. However even in paper policies elsewhere.

"And though all the winds of doctrine were let loose to play upon the earth, so Truth be in the field, we do injuriously by licensing and prohibiting to misdoubt her strength. Let her (Truth) and Falsehood grapple; who ever knew Truth put to the worse in a free and open encounter?"

Selected: Written by John Milton (Areopagitica, 1644)

Welded Togetherness reaches its ultimate when the husband and wife in a two-car family both try to turn into the driveway at the same time.

-Times, Chattanooga.

CHILDREN & OBESITY

Bethesda, Md.--Dr. Jerome L. Knittle, a researcher at the National Institute of Health, says it's now possible to determine as early as age two if a child is going to be obese.

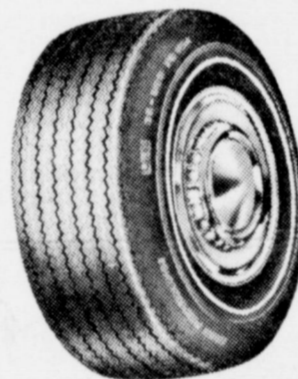

In general, the obese people have a higher number of fat cells and they are larger than the nonobese.

AGREEMENT SIGNED

Berlin - Ambassadors of the United States, the Soviet Union, Britain and France have signed a treaty governing the status of West Berlin. It is their hope that the long-awaited agreement - under negotiation since March, 1970 - would prevent any future East-West confrontations over the isolated city.

Gran Torino 2-Door Hardtop

Gran Torino.

One of nine all-new Torinos. Only Ford, among all U.S. car makers, brings you a completely new line of mid-size cars.

Newest mid-size value. The new Torino is the best built, best handling mid-size Ford we've ever made. New engineering. Better ideas like a steering system insulated against vibration.

Rugged because Torino's new computer-tuned body-frame gives excellent support and rigidity.

Smooth riding because Torino has a new coil spring suspension system that offers sure handling and road-hugging stability. Comfortable because you get extra riding room in all nine new Torinos for 1972.

Quiet because it's a Ford.

Ford LTD.

World famous for its quiet ride... now one of the world's most luxurious cars.

Ford LTD is quiet...plus.

LTD Brougham 2-Door Hardtop

Quiet... plus luxury. You get a 351 V-8. Automatic transmission. Power front disc brakes. Power steering. All standard. Quiet... plus engineering. Rugged S-frame is computer-tuned to place body mounts precisely for comfort, quiet. Quiet... plus durability. Aluminized mufflers, zinc-rich primer and galvanized key underbody parts all help fight rust and corrosion.

Cars shown with vinyl roofs, white sidewall tires and other options. Boys 8-13 register now at your participating Ford Dealer's 1971 Paint, Pass, and Kick Competition. Hurry, registration ends October 1.

Better idea for safety... buckle up.

Thunderbird. Ford. Torino. Mustang. Maverick. Pinto. See the 1972 Better Idea Cars at your Ford Dealer's.

MULESHOE, TEXAS

CELEBRATES BIRTHDAYS . . . Pictured to right are Mrs. Annie Nicholson and Mrs. Pearl Gooden who celebrated birthdays in the month of September at the Muleshoe Nursing Home. The Esther-Dorcas Circle of the Women's Society of Christian Service of the First United Methodist Church sponsored the party held Tuesday at the home.

Market Report

COLLEGE STATION--A key to wise food shopping is making careful selections. So make the most of your food dollar and follow these marketing tips, suggests Gwendolyn Clyatt, Extension consumer marketing specialist.

At retail meat counters, look for best values on round steaks and roasts, arm and blade pot roasts, chuck steaks, ground beef and liver. Also check for several types of boneless beef roasts—just right for the ro-tisserie.

In pork sections, look for these cuts at economical price levels: Boston butt roasts, shoulder steaks, center and loin chops. Picnic and canned hams are featured in many markets.

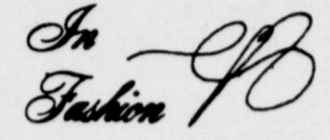

Poultry products worth consideration, price-wise, include

frozen turkeys, fryers and chicken hens. Egg prices are about the same to fractionally lower than last week. Egg production is expected to continue being high; on August 1, the rate was 2 percent higher than a year ago. Grade A large size eggs are generally the best choice, according to the specialist.

With the wide variety of seasonal fruits on the market, you'll have no problem satisfying the brown-baggers. Mrs. Clyatt points out, Fresh prunes, pears, plums, nectarines, white seedless grapes, new crop apples and bananas are excellent choices for the lunch bag. Cantaloupe, honeysuckles and avocados generally have attractive price tags.

Vegetable items in good supply at the most economical prices include potatoes, celery, hardshell squash, yellow onions

and corn. Cabbage continues to be in good supply from several areas, and the harvest of carrots, eggplant, green peppers and sweet potatoes has increased.

Turtleneck dresses are very much in the picture this fall. Dresses and sweaters are featured with this type of neckline.

Diamond prints, checks and other colorful designs are popular in fall fabrics. Tartan designs and colors are used in suits and wraps.

Fordresses with tight skirts, a split up the side or in the front may give it a new look.

ESA District Nine Seminar Held Sunday

The District Nine Seminar of the Epsilon Sigma Alpha Sorority met Sunday, September 19, in Lubbock with a luncheon and

Progress 4-H Horse Club Has Play Day

Reporter: Joie Carpenter
Progress 4-H Horse Club held an open Play Day Saturday in Muleshoe. The results are as follows: Pee Wee Girl, Stephanie Coleman of Morton; Pee Wee Boy, Curtis Wheeler of Muleshoe; Young Junior Girl, Debora Polvado of Morton; Young Junior Boy was a tie between Curtis Carpenter of Muleshoe and Sandy Coleman of Morton; Senior Girl, Connie Floyd of Muleshoe; and Senior Boy, Jimmy Henderson.

The trophy was awarded to Morton for being the out of town club accumulating the most points.

Progress Horse Club wishes to thank the following merchants for their donations of buckles and trophies: Mack's Fina Station, Ford Motor Company; Shook Tire Company; Ford Tractor Company; Ready Mix Concrete and Progress Gin.

We also appreciate the publicity given us by the Bailey County Journal and KMUL.

seminar at the Johnson House Restaurant.

Sorority members attended from Lubbock, Sudan, Tullia, Muleshoe and Plainview.

The Seminar covered rushing, scrapbooks, education and parliamentary procedure.

Mrs. Mac Brown, local president and district vice-president, gave the response. Mrs. Leon Wilson, district parliamentarian, gave a workshop on parliamentary procedure.

The district members voted on the philanthropic project for this year. Each chapter will donated funds to purchase a show cone machine for the Lub-

YL 4-H Club

Elects Officers

Reporter: Pam Brown
The YL 4-H Club had a meeting Monday, September 20, in the YL Methodist Church. Preceding the meeting, games were played.

The meeting was called to order by Kirk Lewis at 8 p.m. The minutes were read by Paul Harbin and were approved as read. He also called the roll and gave the treasurer's report for the club.

Reports were given on various projects as follows: a four day horse club trip by Kelly Head; an announcement of the fair was given by Jay Harbin. The fair will be held Saturday, September 25, in the old Poyner's White Auto store building.

Following the reports, an election of officers was held. New officers for the coming year are as follows: President, Ross McKillip; Vice-President, Grady Free; Secretary, Kelly Head; Reporter, Paul Harbin; Historian, Karen Head; and 4-H Queen, Belinda Throckmorton.

The meeting was adjourned and refreshments were served.

bock State School. Last year's project will soon be completed. Gold Bond stamps were collected to purchase a television for the school.

The next district meeting will be in Tullia in January.

Attending from Muleshoe's Epsilon Chi chapter were Mrs. Mac Brown, Mrs. Jerry Harrison, Mrs. Gary Smith, Mrs. Leon Wilson and Mrs. Dick Howard.

Upholstery Protection Against Spots

COLLEGE STATION--Sticky-fingered children and spill-prone adults—possible hazards for your upholstered furniture.

But they need not be, says Pat Bradshaw, Extension housing and home furnishings specialist at Texas A&M University, if you choose a fabric specially treated to repel spots. Stain and soil-repellent finishes are well worth looking for when you are buying upholstered furniture or selecting fabric to reupholster an older piece, reminds the specialist.

Check the label or hangtag for information stating water-based or oil-based stains will bead up on the fabric surface. Then, they can be easily blotted with a soft cloth.

And, if you're considering velvet for upholstery fabric, a spotted treatment is also available. According to the specialist, it makes liquids, such as syrups, inks, ketchup and soft drinks, easy to remove from the surface with a clean cloth and water. Oil or grease stains will respond with a little cleaning fluid.

Remember these finishes are not miracle workers, Miss Bradshaw cautions. If you let stains set for a period of time, you may have a hard time removing them. So wipe up spills immediately to take advantage of the special finishes.

BIRTHDAY HONOREES . . . These ladies were among 10 residents of the Muleshoe Nursing Home who celebrated birthdays in the month of September. Left to right, they are Mrs. Claudia Lite and Mrs. Kadie Newton. Others not pictured are Mrs. Bess Curry, Mrs. Lillian Fulcher, Mrs. Florence Parham, Ike Robinson, and Mrs. Eula Whitford. A party was held Tuesday, September 21, at the nursing home, sponsored by the Esther-Dorcas Circle of the WSCS.

Lazbuddie United Methodist Church To Have Revival

The Lazbuddie United Methodist Church will begin its revival September 26 to continue through October 3. The Amarillo District Superintendent Dr. Clifford Trotter will conduct services. The Rev. Oran Smith of Oklahoma Lane Methodist Church will be in charge of the song service.

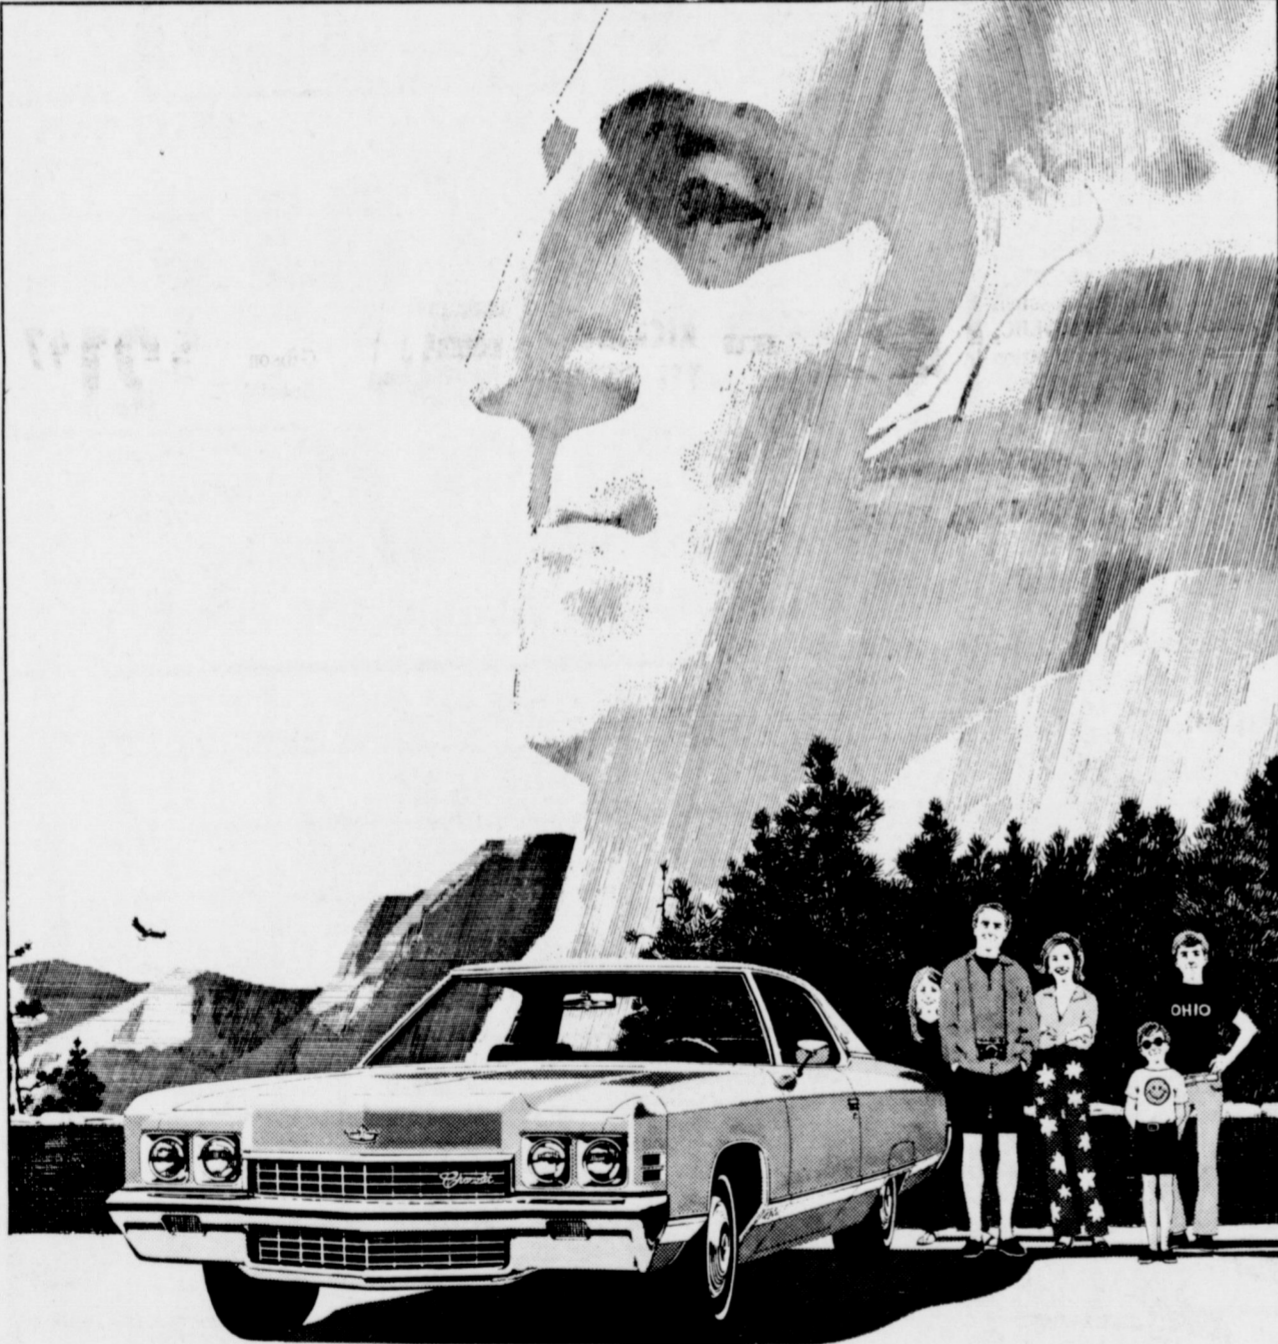

Services will begin each morning with breakfast at the church Fellowship Hall at 7 a.m. and evening worship will be at 7:30 p.m. There will be no services on Saturday. Youth night will be Thursday, September 30. All area youth are invited to attend.

Carl Oglesby is the pastor at the Lazbuddie Church.

SWEET FOOD--Honey, the sweetest tasting of all sweets, contains some fructose, according to Extension foods and nutrition specialists. This is one-fifth sweeter than granulated sugar.

1972 Chevrolet.

Building a better way to see the U.S.A.

Caprice Coupe illustrated at Mt. Rushmore in South Dakota.

We want your new Chevrolet to be the best car you ever owned.

The best. No qualifications. No reservations. We want it to be the most beautiful, most trouble-free, most comfortable car you ever owned.

So we've given the 1972 Caprice (above) power steering, power front disc brakes, refined power ventilation and an improved front bumper to provide added front-end protection.

Plus a 400-cubic-inch V8 engine and Turbo Hydra-matic automatic transmission.

All standard, as you expect with a luxury car. And Caprice is but one of the new Chevrolets. There are 45 in all: pictured below (left to right) are the 1972 Monte Carlo, Chevelle, Nova, Camaro and Vega.

Altogether, a lot of diversity. So there's bound to be a Chevrolet just right for you, your family, your budget and your kind of driving.

Whatever your choice, we want your new Chevrolet to be the best car you ever owned. No less.

Comfort is...

Fresh, warm air gently circulating from floor to ceiling . . . down-to-earth dependability . . . easy-on-the-budget operating costs. Comfort is gas heating. There's no heat more comfortable. And there's no heat cleaner than gas. Gas burns clean. It's one energy source that doesn't dirty the air.

Air-circulating gas heating systems also give you the first-half of a built-in gas air conditioning system. Adequate heat ducts can carry cool

air to your whole house too — so you can add-on gas cooling right away or later if you prefer. Together, gas heating and gas cooling are an unbeatable combination for year 'round total comfort.

If you're building a home or planning to replace an out-dated heating system, choose thrifty gas heat. Check with your heating contractor.

PIONEER NATURAL GAS COMPANY

AUXILIARY DUTY . . . Shown performing one of the various duties of the Ladies Hospital Auxiliary are Mrs. Haney Poyner, left, and Mrs. Jerry Hutton. Serving juice to patients in West Plains Memorial Hospital is just one of the many duties of these volunteer workers.

Nixon's program stirs steel optimism. U.S. seizes food products as recall lags.
Agnew says he isn't worried about Connally. Chrysler is planning growth overseas.

The Journal's Files

TEN YEARS AGO
SEPTEMBER 1961
Albert Field, city manager at Friona, has accepted a position as city manager of Muleshoe, Mayor Arthur Crow stated Wednesday.

Field accepted the job Monday night at a meeting of the City Council. He has been city manager for the past three and one half years.

Mrs. Lula Gorrell returned from Austin Tuesday where she attended the ceremonies of the State Bar Association where her son, Roger, was admitted to the bar for the practice of law.

Frank Ellis of Singleton Funeral Home was elected new president of the Muleshoe Chamber of Commerce this week.

Other officers elected to serve with Frank Ellis in terms beginning January 1, 1962, are James Jennings of Jennings Insurance, vice-president; and Harold Allison, farmer as treasurer.

In unusually heavy mail balloting directors were elected to three year term of office.

Directors are Bobby Airhart,

Muleshoe State Bank; Roger Albertson of Cobb's Department Store; Spencer Beavers, Beavers Flowerland; Harmon Elliott, First National Bank; and John Smith, Corner Drug.

Retiring officers are Robert Alford, president; Norman Thomas, vice-president; and Roy Whitt, treasurer.

Retiring directors include W.B. Le Veque, John Crow, Roy Whitt, Norman Thomas and Robert Alford.

20 YEARS AGO
SEPTEMBER 1951

Members of the Muleshoe Lions Club and of the Rotary Club this week heard programs based on the coming election to decide on the creation of High Plains Underground Water District Number One decision as to which will be reached in the election scheduled for Saturday, September 29. Jesse Osborn, Muleshoe banker, who is temporary director of the district to conduct the election and Homer Sanders, Sr., emphasized the reasons why everyone should interest himself in this important election. Both have studied the Plains Water situation for many years and

figures to point up their talks. The Muleshoe Order of Eastern Star chapter number 792 will celebrate its 25th anniversary with a silver tea immediately following the regular meeting of the chapter Tuesday evening in the recreation hall of the Masonic building. Seven chapter have been invited, Earth, Bovina, Friona, Sudan, Littlefield, Hereford and Clovis.

Lester Douglas Stevens, 50, and Thomas Livesay, 29, are being held in Bailey County jail in Muleshoe on a charge of murder in connection with the

Dallas Hosts National Extension Homemakers

the Texas Agricultural Extension Service, who is assisting state and national planning committees with arrangements for this meeting.

The Dallas Convention Center and Baker Hotel served as headquarters. Theme for the Homemakers Council was "Priorities for Progress".

Pre-conference meetings of the NEHC Board were held September 18 and 19. Registration for state presidents, state leaders and board members began at 1 p.m. on the latter day. Registration for all delegates was on September 20.

Mrs. Keith Blackner, national president for the homemakers organization from Lyman, Wyoming, opened the meeting at 9 a.m. September 21. Director John E. Hutchison of the Texas Agricultural Extension Service welcomed the group and Mrs. A.E. Hodges of Hereford brought greetings from the Texas Home Demonstration Association which she heads.

Seven workshops ranging from citizenship to cultural arts, family life, health, international safety, and public information were held, along with panel discussions, rap sessions, an awards luncheon, regional dinners, and speakers at general conference sessions.

Featured speaker on September 23 was Edwin L. Kirby, administrator, the Extension Service, Washington, D.C. He was introduced by Mrs. Low. Election of a national secretary, treasurer and Central director took place that afternoon at the business session. The Texas counterpart of NEHC, the Texas Home Demonstration Association will meet September 24 in Dallas as the con-

A & M Specialist Talks Of Futuristic Foods

COLLEGE STATION -- Foods made from fungus, swamp gas, auto exhaust gas, oil molds and algae?

Although they may sound far out, we may actually be eating such foods some day, says Sally Springer, Extension foods and nutrition specialist at Texas A&M University.

Food technologists and nutritionists at the Western Hemisphere Nutrition Congress held recently in Miami, Florida, discussed some of these possibilities, the specialist explains.

One possibility may be single cell protein, an edible food product, made by bacteria, yeast or molds. Some microorganisms have the ability to turn gas and oil, for instance, into edible, valuable protein foods. Protein is the food element most needed by the world's malnourished populations, Miss Springer reminded.

Other researchers are work-

cellulose -- the most abundant organic substance on earth -- to food. If the experiments are successful, such bacteria might be able to convert a bag of household trash into a meal as healthy as a thick steak.

According to the specialist the basis of these experiments is this: A cow eats grass, mostly cellulose, and it becomes protein and steak. Various scientists believe that bacteria in controlled operations, may be able to do the same, thus supplying cheap, virtually endless protein for the world's growing population.

The specialist also reports the National Aeronautics and Space Administration is developing methods to make food human breath. They hope to use this to supplement food supplies on long space voyages.

So, Miss Springer concludes, as we look to the future, foods will be different for our chil-

Board Outlines School Policies

DRESS POLICY

In the interest of an educational atmosphere, dignity of the individual, decency and pride in our schools and community, the following Dress Policy for students will be followed:

1. NO SHORTS or CUT OFFS of any kind are to be worn by either boys or girls.
2. NO "MINI SKIRTS" are to be worn.
3. Girls' skirts and dresses may be worn no shorter than four inches above the top of the knee cap when measured from the standing position. Longer skirts are more desirable.

4. Boys' Haircuts
a. At least one half inch above the eye in front.
b. Trimmed in back so that hair does not lay on shirt collars.
c. Trimmed on the sides so that hair does not touch or overlap the ears.
d. Sideburns, trimmed no lower than in line with bottom of ear.

5. Boys will wear belts on trousers tailored with belt loops.
6. Blouses and shirt tails designed to be worn inside of skirts or trousers must be worn in that manner. Blouses and shirt tails designed to be worn on outside of skirts or trousers must cover the "midriff" and backs, in the standing, sitting or bending position.

7. No conspicuous or ridiculous costumes can be worn that will distract other students attention and detract from a learning environment.
8. This policy is not designed in an effort to make everyone look or dress alike. It is written in the belief that young people should be encouraged to take pride in their personal appearance, for it has been demonstrated many times that there is a direct relationship between dress and behavior. If young men and women take pride in their personal appearance, they will also take pride in their personal behavior habits and achievements.

9. The factors that should be considered in selecting clothing and determining over all good grooming that will contribute to a good learning atmosphere are:
Neatness, cleanliness, comfortableness, trimness, modesty, discretion, and non-embarrassment to the wearer or others.

Approved by Board of Trustees August 21, 1967, Page 41-Paragraph 11 of Board Minutes. Amended-June 15, 1970, Page 83 - Paragraph 8 of Board Minutes.

all Professional Personnel. THE FOLLOWING SETS ARE NOT APPROVED:

1. Slacks with a sweater.
2. Slacks with a jersey knit blouse.
3. Western type slacks or western blouse.
4. No Levi Type Slacks.

Approved by Board of Trustees February 15, 1971 - Page 94 Volume 5 Paragraph 10. - Board Minutes.

DISCIPLINE

We believe that a learning atmosphere is ONLY possible where the teacher has the attention and respect of the pupil. Where other methods are used and fail, we have no objection to physical punishment, as long as good judgment is used and the principal consulted, prior to the application of punishment, ALWAYS in the presence of a faulty witness. Gum chewing in classes is definitely frowned upon throughout the system.

DRUG, ALCOHOL AND MARIHUANA ABUSE CHARGES
Pupils who are charged with a narcotics, or alcohol or marihuana offense (ie. illegal possession, use or sale) may be suspended temporarily by the principal by submitting to the Superintendent immediately in writing a statement of the suspension.

If the pupil or his parent or guardian appeals the decision of the administration, the Board of Trustees shall hold a hearing. After the hearing the Board may reinstate the pupil, may continue the suspension indefinitely, or may expel the pupil. The suspension or expulsion will not extend beyond the current school year.

Ref.: Article 2904, School Law Bulletin 1964, page 364.

7. Contract - signed by teacher and Board Member.

It is the responsibility of each individual teacher to furnish the above necessary credentials. A paycheck will not be issued unless the above credentials are on file or proper application made.

DUTIES
A teacher's assignment in the Muleshoe Public School is not covered by classes as listed on the schedule alone. Sponsoring of many activities must be done by teachers in a modern school in order to carry out a full educational program. These duties will be held to a minimum and distributed as equally as possible by the Principal of your building.

PROFESSIONAL ORGANIZATIONS
Muleshoe teachers need to strive for one hundred per cent in membership in the T.S.T.A., C.R.A., and N.E.A. You are encouraged to check and see what these organizations have done for you in the past, and what they are attempting to do for you now. Joining and taking an active part in these organizations will benefit you to a great extent.

We believe that membership in local, state and national professional organizations is an obligation and responsibility of the professional teacher.

NOTICE: ALL NECESSARY FORMS MAY BE OBTAINED AT YOUR PRINCIPAL'S OFFICE.

REQUESTIONS
All purchases are to be made by filling out a standard requisition form properly and submitting it to your principal. It is forwarded to the Superintendent's Office, if approved by the principal. A purchase order is made out, and the order sent in. The signed requisition is returned to the teacher. Blanks may be obtained from your principal. Requisitions for materials to be paid for by students should have notations to that effect. ALL school bills of any description are paid through the Superintendent's Office, by CHECK ONLY.

SCHOOL FUNDS
(DO NOT LEAVE MOENY IN DESKS, FILE CABINETS, ETC.)

Every penny of funds collected for any phase of school activities from any source must be turned in to the Superintendent's Office via the Principal. School accounts are paid by CHECK ONLY. All funds must be accompanied by a Money Turn In Form, completely filled out. Any money collected should reach the Superintendent's Office not later than 2:00 p.m. If checks are given for fees, notebooks, etc., the teacher making this collection should NOT carry checks longer than five days. A receipt must be given each student for money collected.

MEDICAL CONTRAINDICATIONS
The student must present an affidavit signed by a physician, duly registered and licensed under the Medical Practice Act, in which it is stated that, in the physician's opinion, the immunization required would be injurious to the health and well being of the applicant or any member of his family or household.

News of Our SERVICEMEN

Keith Turner

San Diego--Marine Pvt, Keith W. Turner, son of Mr. and Mrs. Darrell E. Turner of 523 W. Ninth St., Muleshoe, has graduated from recruit training at the Marine Corps Recruit Depot, San Diego.

Turner is a graduate of Muleshoe High School, Muleshoe.

Dannie Parsons

San Diego--Marine Pvt, Dannie M. Parsons, grandson of Mr. and Mrs. Scott Morris of 216 E. Fourth St., Muleshoe, has graduated from recruit training at the Marine Corps Recruit Depot, San Diego.

Parsons is a graduate of Muleshoe High School, Muleshoe.

Edmund S. Muskie, Senator (D-Me):

"I did not support, and I never will support, a program like the Nixon plan."

Bobby Burge

San Diego -- Marine Pvt, Bobby A. Burge, son of Mr. and Mrs. Alvis W. Burge of Route 2, Muleshoe, has graduated from recruit training at the Marine Corps Recruit Depot, San Diego.

Burge is a graduate of Muleshoe High School, Muleshoe, and attended Texas Technical University, Lubbock, before entering the service.

Billy Collier

COLLEGE STATION, Tex.-- Billy C. Collier, son of Mr. and Mrs. W.J. Collier of 303 E. Harding, Morton, has returned to Texas A&M University after completing his four-week Air Force Reserve Officers Training Corps field training encampment at Eglin AFB, Fla.

During the encampment, cadets become familiar with life and activities on Air Force bases and have the opportunity to examine career fields in which they might wish to serve as officers.

Other highlights include survival training, aircraft and aircrew indoctrination, small arms training and visits to other Air Force bases.

Cadet Collier, a member of the class of '72, is studying for his B.S. degree in wildlife science.

Harmon Highlights

Ratings Reflect Shades Of 1970

Our first ratings for 1971 definitely have a 1970 flavor. For that matter, you could say they also have a 1969 flavor, a 1968 flavor, etc. Any strange faces? Not really. They've just been shuffled around a bit. Notre Dame takes over the Number One spot, starting the season with a power quotient of 122.7. Nebraska and Texas are second and third respectively with P/Q's of 117.3 and 116.0.

Top honors for games that will be real coronary provokers Saturday have to go to two in particular. Sixth-rated Auburn meets eighth-ranked Tennessee, and Colorado, number seven, clashes with Ohio State, number 10. Of the four, the Buffaloes provided the most fireworks two weeks ago when they upset L.S.U. To accomplish the same feat in Columbus would blast skyrockets all the way back to Boulder. However, we're going to light a very small sparkler and pick the Coloradoans as one. The winner of the Tiger-Volunteer struggle will, as usual, have an inside track to the Southeast Conference title. And we think Auburn will be on that track. . . the Tigers by eight points.

The high-flying Georgia Bulldogs, ranked 11th, go after win number three against Clemson. After clobbering Oregon State and whipping Tulane, it doesn't look as though the Tigers can slow them down. . . Georgia by 33!

And if Pittsburgh's recent upset of U.C.L.A. means that the Panthers are loaded, 12th-ranked Oklahoma will provide part of the answer Saturday. The Sooners meet Pitt in Pittsburgh. . . Oklahoma's favored by 21 points. On paper, Alabama shouldn't have too much trouble from Southeast Conference foe Florida. However, when upsets occur, it's that "friendly" conference opponent that'll do it. The 13th ranked Tide will stop the Gators of Florida by 24 points.

The two apparent West Coast powers (at least for the moment), Stanford and Washington, will pass their tests Saturday. The ninth-rated Indians run into stubborn Oregon, still smarting from their drubbing at the hand of Nebraska. The Huskies, #19, meet T.C.U. Stanford will dump the Ducks by 19, and the Horned Frogs of T.C.U. will tour the exhibit buildings, livestock barns and other areas, including the Texas Wildlife Exhibit in the Agriculture Building and the Children's Barnyard.

The special day was scheduled at hours when Fair Park is not crowded with regular fair visitors.

South Plains Fair Begins September 27

LUBBOCK -- Students, residents and chaperones of children's homes or special schools in the Lubbock area will have their day at the 54th annual Panhandle South Plains Fair thanks to the Lubbock Firefighters Association, Gene Ledel Shows Inc. and the board of directors of the big exposition.

A "special day" has been set aside Sept. 30 for the youngsters from Lubbock State School, Ballenger School, Children's Home, Gristown USA, Milam Children's Training Center and other homes and organizations for handicapped children.

Several hundred children will be treated to free rides on the midway through the courtesy of Ledel and his carnival crew. Refreshments will be provided by several of the concessionaires.

The Lubbock firemen and other chaperones will assist the youngsters and will serve a picnic luncheon of hot dogs, potato chips, cold drinks, etc. The food will be prepared by the firemen at their concession adjacent to Fair Park Coliseum.

All of the students and residents and their chaperones will be admitted free to the grounds by the fair association. Groups are urged to arrive at the Broadway entrance to the fairgrounds between 10 a.m. and 10:30 a.m.

The midway will be the center of attraction from 10:30 a.m. until noon. Lunch will be served just inside the Broadway Avenue gate at noon. From 1:30 p.m. until completion, the children

are 14-point underdogs to Washington.

Taking a quick look: fifth-ranked Michigan will beat U.C.L.A. by 21 points. . . Texas will clip Texas Tech by 24. . . Notre Dame will rap Purdue by 27. . . Nebraska will add another scalp, whumping Texas A & M by 37. . . and Arkansas, number four, will tie up Tulsa by 42.

Congressman Proposes New Amendment

Noting that it appears that the Federal courts are not going to retreat from their decisions requiring busing to achieve racial balance in schools, Congressman Bob Price has introduced a proposed Constitutional Amendment to prohibit assignment of pupils on the basis of their race, color, or creed.

"I have hesitated to introduce this resolution previously because of a continuing hope that the Federal courts would see the fallacy of their decisions," Price told the House. "It is now obvious that the courts have refused to recognize the actions of Congress in the form of numerous laws forbidding the use of busing as an instrument to achieve racial balance. For this reason, I feel compelled to introduce this proposed amendment."

Price pointed out that his purpose is not to prevent massive school busing and its inherent disruptive effects. "Since I have been in the House, this body has always maintained its opposition to achieving racial balance simply for the sake of achieving racial balance. Nevertheless, the Supreme Court has refused to recognize our action and has gone ahead with its busing edicts."

"I believe this amendment will go a long way toward re-establishing the policy of local school boards and parents running our schools instead of the Supreme Court," Price said.

Fair To Offer Varied Display At Lubbock

LUBBOCK -- Recruiting officers of the Army, Air Force Marines, Navy and Coast Guard will establish exhibits and will compete for cash awards as banners in the 54th annual Panhandle South Plains Fair here Sept. 27-Oct. 2.

Mr. George Morris, chairman of the armed services committee of the Lubbock Chamber of Commerce will be in charge of the judges who will select the most outstanding display. First place will receive \$20; second \$15 and third \$10 cash awards. Banners will go to a five recruiting units.

All displays will be in the foyer of Fair Park Coliseum. Other military exhibits due to be on display throughout the weeklong fair include a Minuteman missile, Pershing missile with carrier-launcher, a Coast Guard van, Marine Reserve and Texas Tech Army ROTC exhibits.

The military area always attracts large crowds and is one of the most popular fair features. A sway pole act and large wildlife exhibit also are free.

Tennessee Ernie Ford, singer-comedian Glen Ash and The Celebration will open the week-long fair with performances on Monday, Tuesday and Wednesday.

Lucha Villa, Jose Alfredo Jimenez and the Guadalajaras will appear on stage Thursday. Merle Haggard, Bonnie Owens and The Strangers will close out the fair with shows Friday and Saturday.

Show times are 5:30 p.m. and 8:30 p.m. daily. Tickets are priced at \$2.50, \$3.50 and \$4.50. All seats are reserved. Tickets purchased prior to Sept. 27 will be accompanied by free gate admission passes.

Tickets may be purchased at the coliseum box office, Luskey's Western Wear, Montgomery Wards, Sears and TG&Y Continental.

Cox Drive In Theatre

Thur. Fri. Sat. Sept. 23, 24, 25

Sun. Sept. 26

Will be closed Mon. Tues. & Wed. Sept. 27, 28, 29

"VISIT OUR SNACK BAR"

SHOW TIME 9:00 p.m.

New look. New luxury. New protection.

New 1972 Pontiacs!

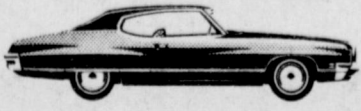

1972 Grand Ville. Our most luxurious Wide-Track ever. . .

with a new front bumper that "gives" on minor impact and then returns to position.

1972 Grand Prix. You'll have to decide what's better . . . the style or the ride.

1972 Luxury LeMans. All the luxury you want without buying more car than you need.

1972 Firebird. Pontiac has taken the rough ride out of the road car. For good.

1972 Ventura II. The new small Pontiac with the small-car price.

They're all at your Pontiac dealer's now.

That's what keeps Pontiac a cut above.

Don't forget to buckle up for safety.

Council...

Con't from Page 1

City officials pledged cooperation with the county. They will consider assistance in the matter of funds for rent and utilities on the new office. The new office will open October 4. Judge Williams told of the enthusiastic endorsement of doctors in Muleshoe and said, "All of us are interested in improving health in Bailey County," as he explained how the pilot program was set up.

Bailey County's share in the mental health-retardation center, Plainview, is \$100 a month, Williams stated. The commissioners' court, Criminal Justice Council, South Plains government coordination body, with \$196,000 federal funds by state grant for the staff's salaries, are all cooperating. He asked the city to join in the effort to provide funds needed to furnish the office, with a filing cabinet and help pay the utilities. Dr. B.E. Sanderlin has offered the county furniture items to set up the new office.

Members of the Muleshoe Area Library Board met with the council to discuss the functions of the Library Board of Trustees. The resignation of Board Chairman Vic Benedict was accepted, due to his ill

health. Joe Harbin was appointed by the council to the position of Chairman of the Muleshoe Area Library Board of Trustees. The council advised Harbin that the library board should meet to elect a member to fill Benedict's place on the board; that following the selection of a new board member that the board is to elect a board member to fill Harbin's now vacant vice-chairman's position.

Discussion was held on the legal and cooperative library official agencies, including city, county, board of trustees and their appointment by city and their responsibilities as a board. Also discussed were the needs of Texas State Library Laws. Also discussed were the responsibilities of city, county, library board and friends of Library, which is a consisting of library supporters from Muleshoe, its neighbors and the four-county Bookmobile area officials and supporters.

Dog problems were next on the agenda, with Muleshoe Police Chief Harrold White meeting with the council to discuss the possibility of hiring a full-time dog-catcher.

Mayor St. Clair said that a concentrated effort will be made within the next two weeks to rid the city of as many stray dogs as possible in order to get the problem under control. Chief White had explained the difficulty of city police officers handling the dog problem due to a lack of facilities, time and too many other obligations, such as traffic, wrecks and school crossings.

The mayor said that in a recent meeting with members of the park and recreation board, an offer was made by the park board to assist with the dog problem here.

White said that Roy Bayless informed him that he would be willing to accept the dog catcher job if he would be provided a pickup with a cage. The request was taken under advisement by the council. Following a question by a

member of the city council, City Secretary Marcie Henry said it was not known definitely how many dogs were vaccinated and wore tags as required by Muleshoe City Ordinance 54A, but around 300 or more dogs had been vaccinated by Dr. Jerry Gleason the last time a dog vaccination clinic was held here.

It is suggested that explanations of the dog ordinance, No. 54A, should be made again, in order for the public to be fully aware of the requirements, including the \$3 per day fee charged after dog impounded and requirements for vaccination and tags before a dog can be released from the pound.

Full cooperation by city officials was promised in an effort to alleviate the dog problem in Muleshoe by a concentrated effort for two or three week period to get the dog problem under control. Chief White stated that a dog catcher was needed, with a pick-up truck and other facilities, in order to assist the city police in the enforcing the "Regulation and Keeping of Dogs in the City Limits" (Ordinance Number 54-A, pages 1-6, approved by the city April 23, 1965.)

When Durham questioned Sheriff Clements about the statement, Clements said there was "quite a bit in it that is not true." He cited the reference the defendant made that he threw the gun away between Mrs. Heagar's house and the cafe. Previous testimony was that the gun was found between rabbit hutsches at the northwest corner of the Heagar's residence.

Clements said Heagar did not appear "shook up" at the scene. According to Heagar's statement he obtained the gun from his mother a few minutes before the shooting.

District Attorney Jack Young offered as exhibits 17 to 20 photographs of the scene of the slaying. The court sustained a motion by defense counsel for withdrawal of six of the photographs on grounds of irrelevancy.

mother, Mrs. Annie Mae Heagar, which was at 309 W. Cedar Street, a short time after the shooting. He told of seeing Williams' body near the front door and of informing young Heagar of his constitutional rights.

Sheriff Clements testified that Heagar told him he threw away a gun some distance from the house where the shooting occurred, but that a search did not produce the weapon.

Sheriff Clements said that later while still at the scene, he was given a 9-shot, 22 caliber revolver by Highway Patrolman Sisemore.

The witness said the defendant was placed under arrest. Asked by Durham if Heagar made a statement the witness said he did, but that he did not sign it, immediately afterwards the sheriff said: "On second thought, he did sign it."

Mr. and Mrs. Bob Rivers and daughter of Lawton, Okla. visited her parents and son, Mr. and Mrs. Jack Lee and Matt, over the weekend.

Mr. and Mrs. W.B. Jones of Arnold, Calif. are visiting in the home of Mr. and Mrs. Clyde Krebs, Jones and Mrs. Krebs are brother and sister.

Due to a typographical error in last Sunday's Bailey County Journal, the date for the Golden Wedding Anniversary reception for Mr. and Mrs. H.L. Lowry was not correct. The reception will be this Sunday, September 26, at Wellington.

Phenomenon! Men are funny—pat them on the back and their heads will swell.

—Duty Call, San Diego.

The defense rested at 11:10 a.m. Wednesday following more than an hour of testimony by the defendant.

Counsel for Heagar asked the defendant: "Did you go to the house with the intention of killing Nathaniel Williams?" Heagar's reply was "No."

Judge Boone was to present his charge to the jury at 1 p.m. Arguments by state and defense attorneys were to follow. Indications were that the jury would be considering a verdict by mid-afternoon. In case of a guilty verdict the defense would have the choice of leaving the sentence to discretion of the court or the jury.

or time. Sponsors say they want the fund raising effort to be community wide, pointing out that the new library is a facility of which the community may be proud.

"Muleshoe has worked so hard for this library through the years. Now this in one way that EVERYBODY can help. Just bring us your old white elephants, whatever size, color, shape, type or furniture, clothes, old toys, kitchen gadgets, books, antiques, or out-grows. . . . Start cleaning out your closets, basements, garages, sideyards, right now," The ESA spokesman said.

Anyone, a club or individual, interested in helping by donation of time during the marking, preparation and actual sale is asked to contact Mrs. Corkey Green or any member of the local Epsilon Sigma Alpha chapter.

Baptists...

ing out his teeth on the left side and immobilizing his right hand. He tried again to reach a large crater when another grenade knocked him down for good. At the same time, a Negro soldier smothered a grenade with his body, saving the lives of the others in the crater.

"Cleb lay exposed. His radio man was dead, the medic unconscious, and 'Charlie' ran by and shot him in the right arm and another planted an NVA flag 15 feet from his head before withering gunfire cleared the hill.

"After 15 operations, he had a glass left eye, tissue from his temple had repaired both eardrums, he successfully fought amputation of his left leg, his right arm's usage came back and plastic surgery restored the looks to his face."

He was awarded the Silver Star, Bronze Star and three Purple Hearts after Vietnam, to become the most decorated soldier from the Vietnam War.

At this time he is active in the Fellowship of Christian Athletes and Teen Crusade. He presently resides with his family in Georgetown and is probation officer for the county.

Rev. DuBose said McClary will speak in October before 50,000 persons in the Houston Astrodome and issues a special invitation to everyone to hear this speaker.

Too much money is as bad too little.

Conservation Districts, provides recognition for first and second place districts and for the outstanding cooperators of all competing districts in the 50 states and Puerto Rico.

Board members attending the presentation Monday night were Carl Pollard, W.L. Welch, Lewis Scoggin, Douglas Bales and E.N. McCall, each of whom were presented plaques by Crane.

Contest...

Con't from Page 1

15-point spread in the tie-breaker Texas Tech, New Mexico game.

Edging in close, but barely out of the money and points were Ernest Perez, three games and 17 points; George Washington, three games and 18 points; Ernest Kerr, three games and 20 points; Kim Smith, three games and 21 points; Hattie Ray Jones, three games and 26 points and Ken Henry, three games and 26 points.

This week marked the second of eleven weeks to conduct the contest for cash prizes and points. Point accumulation will determine the winner of two tickets to the Cotton Bowl game on January 1 in Dallas and \$50 expense money.

In the event of a tie, such as has occurred during the first two contests, winners will split the points and cash prize.

Almost everyone above the age of 12 years is eligible to enter the popular weekly contest and entries should be in The Journal office or post-marked by 5 p.m. each Friday preceding the Saturday games.

A speech written but not delivered does little harm.

Jaycees To Host Amarillo Guest Area Relations

Steve Stevens, treasurer of the Amarillo Chamber of Commerce will be a special guest speaker for the Muleshoe Jaycees on Saturday, September 25. Stevens is head of the Area Relations Committee of the Amarillo Chamber of Commerce and will speak on that subject.

He will speak at the XIT Steak House. Tickets for the dinner meeting are presently on sale for \$2 for the meal per couple and \$2 per couple for the dance which will follow.

Regional visitations have been held by the Muleshoe Jaycees throughout the area during recent meetings to boost the special Muleshoe meeting.

Mules...

Con't from Page 1

Chieftains, they will attempt field goals if they get into a fourth down situation and are in field goal range, so the action Friday night may include some attempts for the extra three points by the Chieftains.

Last Friday night, the Mules slipped and slid around without making a lot of headway on the rain-slick field, but marked improvement was noted in pass defense all during the game. Slingin' Steve Stockdale found it rough going as his pass coverage throughout the game and he didn't really get his passing game started.

With the Mules hungry for victory, and the Chieftains longing for revenge, the action should be fast and furious in Friona Friday night.

Muleshoe Athletic Director Fred Hedgecock expects his team to be in good playing shape for the Friday night contest.

The '72 Oldsmobiles are here.
 You'll like the changes you see in the showroom. The ones you feel on the open road. And one you may discover in your local supermarket parking lot.

DELTA 88 ROYALE There's more built-in toughness. A new front bumper absorbs minor parking lot impacts: it flexes, gives a little—then returns to position. On the road, its "G-Ride" System helps deliver exceptional ride and handling, with Supershocks, computer-matched springs, and other interrelated components. And Delta 88 now includes more standard equipment: power steering, power front disc brakes, power ventilation, automatic transmission—and a long list of GM safety features. Delta 88: Strong. Tough. Smooth. Not just another pretty car.

CUTLASS SUPREME You want real luxury, comfort and room—but not a big car. You want handling and maneuverability, but not a compact. Cutlass Supreme gives you what you want on a 112-inch wheelbase. Formal roofline. Room for six. Deluxe interiors. Under the hood, a Rocket 350 V-8. A "little limousine"—priced within your reach... that's Cutlass Supreme. What a step-up, holy cow! If your friends could see you now.*

TORONADO The one personal luxury car that puts it all together in quite a different way. Toronado's Rocket 455 power goes to the front wheels to pull the car over the road with superb traction, ride and handling. Inside, Toronado is spacious and comfortable. There is ample room for six, including their feet—for there is no hump on the floor. In luxury, in styling, in quality, it is uniquely Toronado. There's nothing common about it.

AMC COTTON HARVESTER
 be versatile!

Now you can harvest 20 inch rows, 30 inch rows, two rows of plants on a bed, or stay with traditional planting methods and still have the capability of changing in the future.

Picking with an AMC machine is the closest thing you'll find to non-stop cotton harvesting. Short cotton, tall cotton, AMC features keep you going. Tough, flexible steel fingers reach down and get the lowest bolls, two aggressive feeders move the cotton into BIG nine inch augers with split-second timing.

AMC gives you the capacity to harvest big yields... FAST!

Stop in and see **Muleshoe Ford Tractor Co.**

They can show you the way to fast, economical cotton harvesting.

CAN BE INSTALLED ON MOST BRAND TRACTORS.

Patented, flexible steel stripping fingers that get all your cotton, regardless of stalk size.

WHAT'S HAPPENING . . .

At Muleshoe Junior High Junior High Mules Kick Off Season

On Thursday, September 16, the Muleshoe Junior High Mules kicked off a new football season against the Morton Indians at the Muleshoe High School football stadium. The season started off on a sour note with neither team winning their opening game.

The "B" team played first and battled hard all the way but had to settle for a 0 to 0 tie.

Next came the "A" team. They started their season off with a loss, 16 to 8. The Mules scoring was done by Robert Shafer who caught the Indians for a safety. Hector Pasados ran back a kick-off for a touchdown for the Mules last score.

Members of the 8-A football team are:

Carey Suddath, Larry Puckett, Eddie Mardis, Joe Bell, Frank De Leon, Dick Pena, Billy Balderas, Ricky King, Robert Shafer, Ray Bara and Hector Posados.

Also, Jack Barber, David Smith, James Ray Clayton, Ricky Grogan, Rickey Claybrook, Larry Sexton, Gary Wrinkle, Mark Gregory, Gary Werring, David Crow and Tom St. Clair.

Student Council Sold Tickets For Fish Fry

The Junior High Student Council sold tickets last week to the Lion's Club fish fry. The supper was held at the High School cafeteria. The members of the Lion's Club started serving the food at six o'clock, and served until eight o'clock. After the supper was the Muleshoe High School Varsity football game against the Olton Mustangs. The Junior High Student Council sold tickets. This was the first money-raising project of this year. The Lion's Club gave the Student Council 25¢ for each of the 143 tickets sold. It was a profitable deal for both Lions and Student Council. Star salesman was Patty Pena who sold 38 tickets. The Lion's Club presented this energetic representative with a prize.

NANCY PEWITT
Nancy Pewitt New Teacher At Junior High

JH Pep Rally Boosts Spirits For First Game

Thursday, September 16, Muleshoe Junior High had a pep rally. Student Council President Robert Shafer, led the student body in the Pledge to the American flag followed by Marilyn Black, who led the students in prayer.

The cheerleaders started off the pep rally with an enthusiastic cheer on to victory. Next, the band played as the twirlers did their routine to the band's music. The cheerleaders followed with two cheers.

Coach Hayes gave a speech to the student body on "Spirit." The cheerleaders accompanied the band while they played the Alma Mater. The band played as the students proceeded to return to their classes.

The students really displayed a lot of spirit.

Is Muleshoe Going To The Cycles?

Is Muleshoe Going to the Cycles? Not only Muleshoe but the whole U.S. is being invaded by cycles. Is America going to the cycles? Honda, Yamaha, B.S.A., Ducati, Triumph, etc. Will cycles put cars dealers out of business? Already Muleshoe has one cycle shop, will there be more? What is America coming to? The "N" thing this day and age is cycles. Will the youth go to the cycles? Will the youth be called Cycomaniacs? Then will the adults be struck by the disease? Then will the U.S. be called Cycle U.S.A.? Then will the disease spread to other nations? What will the world come to? Most likely, this won't happen, but it is something to think about.

OFF TO A FINE START--Kicking off the 1971 football season for the Muleshoe Junior High School Mules provided excitement when the Junior Mules tied the Morton Indians 0-0 in the B game and the A team Mules lost to the A team Indians 16-8.

Riches are chiefly good because they give us time.
 -Charles Lamb.

For the price of a new Skylark 350 you can own a Buick.

You'll find Buick's Skylark in a price class you're very used to. But with a lot of things that might be very new to you. Like Buick comfort. The rich cloth seats standard in our new Skylark 350. Thick carpeting. Even a deluxe steering wheel. And the Buick ride. Smooth and quiet. Plus Buick engineering and performance. A standard 350-cubic-inch V8 that's responsive, yet economical. With Buick technical advances like nickel-plated engine exhaust valves and a semi-closed cooling system. This year, perhaps more than ever before, you ought to consider getting all this Buickness. Especially when you can get it Skylark-priced.

1972 Buick Skylark. Something to believe in.

See all the 1972 Buicks now at your Buick dealers.
