# Rough Weather Hits County Sunday

## Murder Charges Filed In Shooting

### Suspect Arrested, Now In County Jail

Elias Gonzales Avilez, 21, of Weslaco, Texas, was charged Monday morning with murder around muleshoe with the journal staff

New telephone directories were mailed this week to Muleshoe residents. A spokesman for the telephone company said that the directories would not become effective until October 28.

One copy was mailed this week with extra copies for extensions to be mailed a few days later.

Roger Albertson of Cobbs and Olan Burrows of St. Clair left Sunday for Dallas, where they will attend a men's and boy's fashion market. They will return to Muleshoe on Wednesday.

The reorganization of the West Texas State University Buffalo "T" Club (Lettermen's Club) will hold a noon day luncheon October 23, at 1 p.m. in the East Dining Hall on the campus prior to the Homecoming parade at 3 p.m. and the game at 8 p.m. All ex-lettermen and wives are invited to attend.

There will be no school in Muleshoe Friday, October 22, so the teachers can attend the annual state convention of the Texas State Teachers Association in Lubbock.

Mr. and Mrs. Lacy Hardage just returned from Hubbard Lake near Breckenridge. Bad weather prevailed there also so they just visited in Fort Worth and Abilene accompanied by his sister, the H.T. Edwards of Farwell.

## Halloween Carnival Shaping Up

A.V. Wood, booth chairman for the annual Halloween Carnival, sponsored by the Fine Arts Boosters, reports that ten groups have confirmed booths for the carnival to be held Saturday night, October 30, at the Muleshoe High School bus barn.

Wood urges all civic groups and other interested groups who are planning a booth at the carnival to rush their confirmations to him. He also encourages out of town people to get their booths soon.

Fifty percent of all proceeds from the booths will go to the Fine Arts Boosters.

## American Education Week October 24-30

The Muleshoe Public Schools will be open to visitors during American Education Week, October 24-30, according to Neal B. Dillman, superintendent.

On Monday, October 25, from 7:00 - 9:00 p.m. the Senior High School and Junior High School will host open house on each of the campuses.

Fred Mardis, principal of the high school, announces that parents any visit with teachers and observe students work during these hours.

Wayland Ethridge, junior high principal, stated that a history fair will be held in conjunction with the open house. American history projects from the 8th grade, Texas history projects from the 7th grade, and geography projects from the 6th grade will be displayed in the foyer of the gym. First, second, third and grand prize ribbons will be awarded the winners.

Bill Taylor, principal of Mary DeShazo Elementary School, and Milton Oyler, principal of Richard Hills Elementary School announced that open house for these campuses will be Tuesday, October 26, from 7:00-9:00 p.m.

"Help Schools Bridge the Gap" is the theme and challenge of this year's American Education Week observance.

Dillman explained that American Education Week has been held annually since 1921. It is under the auspices of the National Education Association, the American Legion, the National Congress of Parents and Teachers and the U.S. Office of Education.

In announcing local participation in the observance, Dillman calls upon the entire community to join in a reassessment of the school's role in bridging the gaps that threaten the unity and strength of the nation.

## Mules To Play Dumas Friday

The Muleshoe Mules will play the rival Dumas Demons Friday night at Dumas, starting at 7:30 p.m.

Dumas, who for the past several years has led the district, have a season record so far of two wins and three losses. The Demons lost last Friday to the Hereford Whitefaces by a score of 21-7. This puts Dumas in fourth place in the district standings. Tullia remains in top position with Muleshoe second and Canyon third with a 3 to 2 record.

Muleshoe, with a 4 and 1 record, won their last game on October 8 at Portales. Last Friday was an open date for the team.

This will be the first district contest for the Mules. The next four district games will be played against Tullia, October 29; Levelland, November 5; Canyon, November 12; and Perryton, November 19.

## United Fund Executive Board Meets

The executives of the Muleshoe Area United Fund had a board meeting Monday night, October 18. Plans were made for the fund drive and another meeting was scheduled for October 26 at 10 a.m. in the Bailey County Electric meeting room, reported publicity chairman, Clarence Christian.

WORK CREW REPAIRS TORNADO DAMAGE . . . Work crews from Bailey County Electric were out Sunday repairing damages to electric lines between Circleback and Needmore following a tornado which dropped down in that area around 4:45 p.m. Sunday afternoon. Other damages from the tornado included a storage building and fences on the F.W. Wall farm southeast of Needmore.

## Board Approves \$5,000 Payment to Band Uniform Fund

The regular Board of Trustees of the Muleshoe Independent School District met Monday, October 18. Members heard, studied and discussed the audit report for the 1970-71 school year which was presented by Dave Sudduth, representative of Williams-Merriman, C.P.A.'s. It was approved by the board and copies mailed to Texas Education Agency and Bailey and Lamb County Clerks.

The current financial report heard included: operating fund, checked amount spent in each category; reviewed bank balances, all funds; heard report on football game receipts, have taken in \$812, more than last year; heard current tax collection report, 18.54 per cent of current taxes collected from October 1 to October 18; approved request by Muleshoe State Bank to withdraw \$25,000 of pledged securities. This leaves a balance of \$595,000 of bonds pledged to cover school funds.

The board reviewed and discussed the estimated official budget for 1971-72 and final approval was made. Copies were mailed to the Texas Education Agency and to the Lamb and Bailey County Clerks.

The current enrollment re-

port and ADA report for the first six weeks of this school year were heard. Reports showed 98 more students in Average Daily Attendance than a year ago at the end of the first six weeks period. The enrollment was up 91 as of October 8, 1971 over last year.

Members studied the school bus inventory and discussed requisitioning buses for 1972-73 school year. Buses have to be requisitioned earlier than usual because of the demands for new buses caused by forced desegregation bussing. They approved the purchase of three new buses for the 1972-73 school year.

The following application reports and questionnaires that have been completed were also heard and discussed: preliminary application for foundation funds, approved and mailed;

reviewed 1971-72 school calendar, approved and mailed; principals assignment report, approved and mailed; personnel assignment report, approved and mailed; race survey report by grades, personnel and campuses, mailed to the Department of Health, Education and Welfare; pupil transportation Race Survey Report, mailed; Supplement I and III Race Survey Report, mailed; heard current report on textbooks furnished by the State of Texas, the Muleshoe Schools are charged and have on hand 26,434 state adopted textbooks of which the total cost is \$81,066.17.

The board approved a policy to meet requirements for compliance with Title VI Civil Rights Act of 1964.

Con't on Page 3, col. 1

## TSTA District XVII Convention Thursday

"Muleshoe teachers will attend the fourth, annual, district XVII, Texas State Teachers Association convention, Friday, October 22, in Lubbock," Neal B. Dillman announced. He added that the Muleshoe schools will be dismissed for this meeting and all students will have a holiday.

The House of Delegates and banquet will be Thursday, October 21 at 6:30 p.m. in the Coronado High School cafeteria. Dr. Delwin Webb, president of District XVII from Abilene, will preside and reports from the standing committees will be given. James Jennings, Elizabeth Watson, Wilma Smith, Mary Mardis and Wayland Ethridge, local president, are the delegates from the Muleshoe local unit.

The first general session will be Friday, October 22, at 9:30 a.m. in the Lubbock Municipal Coliseum. Charles D. Holleyman, Superintendent of Schools, Mustang, Oklahoma, will deliver the keynote address. Holleyman's school district has been

termed "one of the nation's five most modern school systems". He has been referred to as "the American's American" because of his impassioned statements on patriotic and spiritual matters which he frequently finds to be inseparable.

Dr. M. Dale Baughman, professor of education and psychology at Indiana State University, and Dr. Edward C. Frierson, lecturer, from the University of Tennessee, Nashville, Center, are the two speakers for the afternoon general sessions.

Special luncheons with speakers are scheduled from 12:00 noon until 1:30 p.m. These luncheons are planned for administrators, guidance personnel, educational secretaries, business education teachers, retired teachers, principals, supervisors, librarians, lunch room personnel, and personnel in the areas of art, social studies, music, science, foreign language and special education.

Archie A. Roberts, state president of T.S.T.A., chose the theme for the year - "Professionalism: Commitment."

## Tornados Reported, Damages Moderate

A sunny autumn day turned into a wild stormy night Sunday with various amounts of rain and hail being reported along with several tornados being spotted in the county.

Mrs. C.G. Damron, a half mile east of Needmore, reported to the Journal that a tornado was on the ground for about 10 minutes one and a quarter miles east of their home. She reported that it crossed the highway onto their property at about 4:45 p.m., tearing down electric lines. Mrs. Damron also reported moderate winds, no hail and 1.45 inches of rain.

Mrs. R.W. Hall, one mile east and a half mile south of Needmore reported the same tornado hit their property about 4:45 p.m., tearing down a small storage building and some fencing. She reported 2.2 inches of rain and no hail.

Bailey County Electric sent out repair crews for lines broken by the tornado between Needmore and Circleback. Three poles were damaged and

electricity was cut off temporarily, reported Harold Cowan. Bailey County Electric was informed of another tornado around 10 p.m., three miles north of Morton, but did not do any damage to the lines in Bailey County.

Four miles west and one south of Stegall, Mrs. D.P. Brinker reported about two inches of rain and hail varying in size from marble size to the size of a hen egg. The hail broke out their rain gauge when it measured 1.30 inches. Mrs. Brinker said that the crops looked battered in the area.

Jack Lane at Stegall reported .65 inches of rain and "lots of hail" at his home starting between 4 and 5 p.m.

Mrs. Wayne Pinkert, six miles southwest of Amherst reported three inches of rain, some little hail and high winds between 8:30 and 12:00 p.m. The course of the hail and wind damage apparently started

Con't on Page 3, col. 2

## Water Inc. Officers Attend Lubbock Meet

Officials of the Bailey County Unit of Water, Inc., were in Lubbock Saturday, October 9 for the launching of the organization's 45-day drive for new members. Attending the session at the In Town Inn were Joe Harbin, Secretary; and Jeff Smith publicity Chairman.

During the month of November and the first half of December special membership solicitation teams will canvass Bailey County in search of new members for the County Unit and for the parent organization,

At the present time there are more than 2,500 active members in Water, Inc., and a 3,000-member goal has been set by officials. Officials at the membership drive launching expressed confidence that the goal can be reached.

## Hereford Man Wins Contest

Ben Lopez of 611 Blevins, Hereford, won the football contest last week by missing only one game, Rice and SMU, and missing the tie-breaker by 23 points.

Alice Gonzales won second place, missing only the Washington-Oregon game and the tie-breaker by 31 points.

Gary King missed two games, Alabama and Tennessee and Washington and Oregon and was off 16 points on the tie breaker to win third place in this week's contest.

So far, the contest is all tied up, with none of the top winners repeating themselves by winning any of the top three positions again. First place winners include Mrs. Dudley Malone, Mrs. Glen Watkins, John Ortiz, Andres Gonzales, Mrs. Cecil Burhman and Ben Lopez, all tied up with 10 points each.

Those with six points in the contest are George Washington, R.W. Jones, Nora Gonzales, John Gentry and Alice Gonzales. Paul Wilbanks and Bob Nickels both have five points; Gene Bray, Kenneth King, Marilyn Engelking and Gary King all have four points and David Carter and Clark McCamish both have two points.

## Lazbuddie Will Host Nazareth

Lazbuddie will play host to Nazareth Friday night, to open it's conference play for the 1971 season.

The Longhorns will be trying to up their season mark to 5-1. Nazareth will be trying to boost it's record to 3-2-1.

Lazbuddie will again see Loy Dale Clark at the quarterback spot. Clark who turned in an outstanding performance last week, in the 39-0 victory against New Home, will try to lead his team to another victory.

Clark will depend on halfbacks Jerry Barber and Arthur Graves to help keep the Longhorn offensive threat alive. He will also depend highly on big Jim Noland, Larry Cox, Dean McGee, Thomas Kervin, Doyle Weir and Mike Fred these boys will be trying to open holes in the Nazareth defense.

When asked to comment on the up coming game said, "Nazareth's defense should be one of the toughest we've faced but if our execution of offense continues we should break some long ones. Our defense is one of the toughest against the run, Lazbuddie has had in a long time, if we tackle more consistently we can stop the Nazareth offense. We have the personnel to go a long way."

Nazareth's strong defense has seen only 13 points on the opponents side of the boards this season. The mighty Longhorn defense has allowed only 19 points thus far this year, Friday nights battle should see a great defensive ball game.

## Conservation Directors To Attend Meeting

W.L. Welch, Lewis Scoggin, Douglas Bales, J.R. Carter and Henry Stoneham left Tuesday, October 19, for the 31st annual statewide meeting of conservation district directors in McAllen.

Welch, Scoggin, Bales and Carter are directors of the local Blackwater Valley Soil and Water Conservation District. Stoneham is the district conservator for the Soil Conservation Service and is attending as a guest of the conservation district.

The scheme of the meeting, October 19-21, is "The Districts Role in Environmental Improvement".

MYSTERIOUS HOLE AT NEW PARK SITE EXPLAINED . . . Several people driving down West Avenue D have noticed this huge hole and pile of dirt at the new Muleshoe City Park site and wondered what it was to become. City Manager Albert Field reported to the Journal that the city is digging the hole and using some of the cliche out of it for general road repairs in the city. Some of the cliche will also be used for paving roads on the park site and other construction work there. The city plans to develop the hole later into a small pond on the park site.

## Speeding Leads JP Activity

Speeding led offenses in the Justice of the Peace office again this week with county officers giving six speeding tickets.

Two persons were issued tickets by the county for passing a school bus while it was stopped. One was charged with assault and one for running a stop sign.

The city police department issued tickets to two persons for being drunk; one for failure to yield the right of way; one for failure to control speed; one for turning without safety; and one for failing to pass to the right with safety.

# Boll Weevil Weapon Now Under Study

The historic "roundup" by the cattle rancher is being studied as a possible new weapon in the continuing fight against boll weevils.

The method is a combination of practices called "selective control strategies," which is aimed at controlling boll weevils in heavily-infested areas of the Rolling Plains before they can get to the High Plains. These would work in conjunction with the reproductive-diapause boll weevil control program, which has been used every year since its beginning in 1964, according to Dr. Don R. Rummel, area Extension entomologist at Lubbock.

The studies on selective control strategies are being conducted by a team of scientists at the Texas A & M University Agricultural Research and Extension Center at Lubbock, under the direction of Dr. Dale G. Bottrell.

Under this program, insecticide is applied by airplane each fall to infested cotton in the High Plains and the western Rolling Plains. These applications control weevils that would otherwise go into hibernation, or diapause. This prevents buildup of damaging weevil populations the next season.

"During the spring following an effective diapause control program the preceding fall, the weevil population occupies only a small percentage of the cotton acreage in the High Plains control zone," Bottrell said.

The weevil population is broken up into "patchy" areas, with the heaviest infestations near good winter habitat such as shinnery oak or other woody broadleaf vegetation, Bottrell explained. The weevils resurge rapidly during the summer and spread to the unfested control zone by the end of the cotton season.

"This rapid resurgence from the weevil occupying 10-15 per cent of the control zone in the spring results in most of the zone becoming infested by the fall months," the researcher added.

Selective control strategies involve controlling weevils in the patchy areas in the spring before they spread. One of the best techniques seems to be the use of grids of pheromone traps to "corral" the weevils into restricted breeding areas. In the studies, the grids were placed near favorable overwintering areas to attract the weevils as early as possible in the spring.

"The traps were baited with grandure, a synthetic material, which attracts weevils out of hibernation to the trapping area," Bottrell said. The traps were placed on about 10-15 per cent of the total acreage soon after the cotton had emerged.

Bases on this regional research and other studies throughout the Cotton Belt, Bot-

trell projected that the traps may be able to attract 75-80 per cent of the weevil population into about 10-15 per cent of a field.

"If these weevils are controlled once in this restricted area, the overwintering population surviving the diapause control program that fall could be reduced by another 75-80 per cent the next spring," he added. This would mean that only about 10-15 per cent of the total cotton acreage would require treatment. In addition, this would delay the need for treatment during the reproductive-diapause program at the end of that season.

The researchers are planning on making the traps even more efficient by trying to use early-fruited cotton varieties in the trapping area. Weevils are known to seek out first-squaring cotton in a field, so if a certain part was intentionally chosen as the restricted area, the early variety ought to further insure attraction of the insects.

Several methods are available to control the weevils once they are lured to the restricted area, Rummel reports. The current most feasible method seems to be seed-furrow treatments of aldicarb, a systemic insecticide that is absorbed by the cotton plants and then kills the insects when they feed.

Bottrell says that plans are underway to test the selective strategy principle on a large-scale in the Rolling Plains in 1972. Pheromone traps, early-fruited cotton and aldicarb treatments will be applied to fields near favorable overwintering areas for the boll weevil.

# White Team Wins Senior Bowl Game

The Youth Football Inc. Senior Bowl game was played Friday night at Benny Douglass stadium.

The White team consisting of the sixth players from the Cowboys and Packers team scored 20 points and the Black team consisting of the Chief's and Saint's sixth grade players made six points.

The game started as a defensive battle but a 33 yard pass play from quarterback Markus Beversdorf to end Dean Northcutt put the first six points on the scoreboard for the Black team and the PAT failed. On the next series of plays the White team tied the game when Mike Windham, quarterback, ran 45 yards around the left end, the PAT failed.

In the third quarter, Mike Windham connected on a pass to Martin Nowlin for the final five yards for the White team's second score with the PAT failing.

In the fourth quarter, Ernest Vela, half back, ran three yards for the final touchdown for the White team, and also carried over for the two point try.

The players and coaches were introduced before the game by announcer George Washington who also did the play by play announcing throughout the game.

Proceeds from donations amounted to \$57.79 and will be used to purchase additional uniforms and equipment.

Representing Youth Football Inc., Ken Henry said "All players have performed very well all year and they can be proud of their improvements in playing the game of football. The players and coaches completed a very successful season with a great football game."

## Weather...

Cont'd from Page 1

in an area around Stegall going through the Lackey and Bernard Phelps farms west to Coyote Lake then on through the Locker and Ed Little farms continuing through Progress in a northeasterly direction.

The damage apparently was from two to five miles wide. The tornado that did damage in the Circleback area was reported to have moved to the northeast continuing to do crop damage through the northeast corner of Lamb County.

One farmer in the path of the storm estimated 50 percent crop damage and noted that some of the milo heads were completely white on the south side of the head where the storm had struck.

Other varying rain reports included Julian Damron, one mile north of Circleback, one and three quarters inches of rain, no hail; Wanda Legan at the Claunch Gin in Bula, two inches of rain, no hail, but some high winds that damaged the feed in some places; Tommy Galt, one and a quarter mile west of Goodland and two miles north, one half inch of rain, no hail, and high winds; John Gunter at Enochs reported 2.2 inches, some wind but no hail; Bert Blair at the Muleshoe Wildlife Refuge measured 1.73 inches in his gauge Sunday night; and Elton Gulley, one mile south of Lariat reported .3 inches of moisture Sunday.

On Tuesday, rain again came to Bailey County, but this time in the form of a steady, soaking rain. The weather reporter in Muleshoe reported .44 inches Tuesday.

## Murder...

Cont'd from Page 1

were called to the party several times after receiving reports of fighting, but found no trouble either time. Clements said that the men apparently left the party and went to an apartment on East Third St. in Muleshoe. After another argument, Villarreal ran out into the alley where he was shot.

Villarreal was born January 22, 1951 in Lamesa. He was trucking for his father who was employed by Hill Produce at Hart. He had moved to Plainview about a month ago where he attended school and was a member of the Baptist Church. Surviving are his parents, Mr. and Mrs. Reynaldo Villarreal, Sr. of Hart; five sisters, Ada, Yolanda, Irema, Alicia and Vil-Yolanda, Irema, Alicia and Viola Villarreal, all of the home at Hart; six brothers, Arnoldo and Armando Villarreal, both of Washington; and Isidro, Marino, Rene and Reynaldo Villarreal, Jr., all of Hart.

## Board...

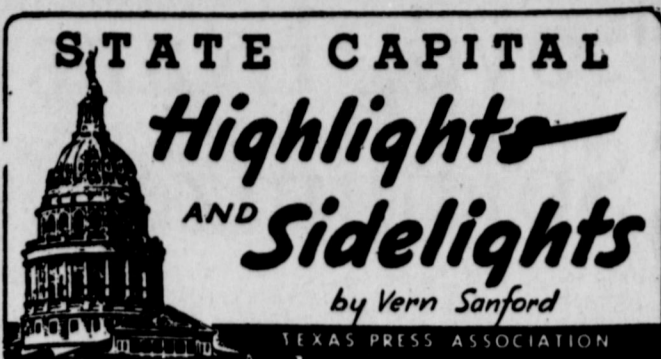

Cont'd from Page 1

The assignment of Muleshoe High School to Conference AAA for the next two years by the University Interscholastic League was announced. The following teams will be in District I AAA: Dumas, Canyon, Levelland, Muleshoe and Perryton. Tulia went down to Conference AA.

The board discussed maintenance needs for the school system that need to be started which include, roof repair at high school, junior high and Richland Hills; check all heating units in high school, junior high and Richland Hills; get bids for installing ceiling in junior high gym; panel more classrooms in high school; classroom lighting in high school and junior high.

The Board of Trustees approved the payment of \$5,000 to the Band Uniform Fund.

The next regular meeting will be Monday, November 15, at 8 p.m.

By Bill Boykin  
AUSTIN, Tex. --Organized labor leaders of Texas have set as political priorities for 1972 the defeat of President Nixon and support of former U.S. Senator Ralph Yarborough for any office he seeks.

## New Army Recruiter In Clovis

The United States Army Recruiting Office in Clovis welcomed an additional recruiter for Clovis and the surrounding area this week. Sergeant First Class E7 Marvin (Marv) Maddocks assumed recruiting duties on the 1st of October 1971. Sergeant Maddocks, a 14 year veteran, entered the United States Army from Salt Lake City, Utah and has since served with the 1st Cavalry Division (Infantry) in Korea, 7th U.S. Army Support Command in Germany, 11th Air Assault Division at Fort Benning, Georgia, 1st Air Cavalry Division in Vietnam, the Overseas Replacement Station at Oakland, California; and just recently returned from the United States Army, Pacific Command (Hawaii). Sergeant Maddocks and his wife, Carol reside with their two children at 109 Dennis Place, Clovis.

borough is a candidate. He noted a two-thirds majority of delegate strength is necessary for endorsement in a COPE convention.

Lt. Gov. Ben Barnes and Dolph Briscoe of Uvalde are announced gubernatorial candidates.

Evans listed the lieutenant governor's race as the No. 3 priority of labor; the House Speaker's race No. 4 and congressional, state Senate and House contests No. 5.

He unveiled a voter registration goal of six million by the 1972 general election.

In a September poll of AFL-CIO convention delegates, Evans reported 210 felt Yarborough should run for the U.S. Senate, while 120 preferred that he run for governor and 26 for neither office.

He said 298 labor delegates would prefer Yarborough to 33 for Barnes in a governor's race between the two, while 294 would pick Yarborough to 47 for Briscoe.

The labor delegates liked Sen. Hubert Humphrey for president, giving him 313 straw votes to two for Alabama Gov. George Wallace and none for President Richard Nixon. A random poll of rank and file union members showed 87 for Humphrey to 51 for Wallace and 38 for Nixon.

AFL-CIO convention delegates gave Yarborough 350 votes for senator to three for Sen. John Tower, and the former senator 316 to 13 over Democratic senatorial hopeful Harold (Barfoot) Sanders of Dallas in the poll.

State newspapers honored the 1971 "Carrier of the Year" at the state capital Friday. Joseph Gamble, 15, Bridge City, who delivers the Orange Leader,

was named the first annual "Carrier of the Year" by the Texas Circulation Managers Association.

Gamble was taken on an official tour of the state capital, visited Gov. Preston Smith, Secretary of State Bob Bullock and other state officials.

Friday noon he was guest at a picnic given at the LBJ Park by Lady Bird Johnson for the outstanding highway beautification winners of the year.

The young newspaper boy was given an autographed book, "A White House Diary" by Mrs. Johnson.

He was a guest of the Texas Press Association for the day.

AG OPINIONS -- Texas' nepotism laws are applicable to regional planning commissions and their employees, Atty. Gen. Crawford C. Martin has held.

In other recent opinions, Martin concluded:

\* Tax due on natural gas production is calculated on the basis of the total proceeds of the sale of all component parts, less allowable transportation and processing costs. Tax is then borne ratably by various interested parties. The formula is spelled out in the opinion.

\* Texas Real Estate Commission must transmit half real estate broker and salesman renewal license fees to Texas A & M University for a new research center. Half must go to the State Treasury.

\* County commissioners may purchase or lease and maintain two-way radio equipment for the sheriff and his deputies, but not for a Parks and Wildlife Department game management officer.

\* Nueces County domestic relations court has concurrent jurisdiction with county courts at law over misdemeanor wife and child desertion cases, while the county court has no jurisdiction over them.

\* New law did not change the duty of the Upshur County clerk to write warrants in payment of the salaries of county employees and county bills authorized by law and approved by the commissioners court.

\* A bill providing that county

commissioners courts of each county shall fix the amount of compensation, office expenses, travel expenses and all other allowances for county and precinct officials and employees paid wholly from county funds is valid.

FEED LOT SHUT DOWN--Texas Water Quality Board ordered a cattle feeding operation near San Marcos shut down when it found a "constant threat of pollution" to underground water in the Edwards Aquifer.

The Edwards Aquifer is a major source of water for a large area of South Central Texas.

Attorneys for the feedlot, Hill County Feeders, said the decision will be appealed to state district court.

COURTS SPEAK -- The widow and mother of a Mexico air crash victim are entitled to collect \$36,579 on his life insurance policy though he had requested it be discontinued five days before his death, the State Supreme Court held.

Court of Criminal Appeals held a 1967 U.S. Supreme Court decision guaranteeing defendants the right to subpoena accomplice witnesses to testify for them can be applied retroactively. The finding may provide a new way to freedom for prisoners convicted before 1967 and denied testimony of accomplices to the offense for which they were charged.

Criminal Appeals Court upheld a 1,000-year prison sentence for a repeat-offender convicted in Dallas of robbery by assault, but the Court suggested such sentences are "impossible" and should not be assessed.

Same Court credited a prisoner with time he did not serve behind bars when he was earlier released by mistake, OYSTERING REOPENED -- A large part of Lavaca Bay which was closed last year to oyster harvesting due to mercury contamination has been reopened.

However, the State Department of Health said blue crab should not be taken for human consumption until further notice.

Excessive mercury densities are still found in some blue

crab collected from the bay, the Health Department reported.

There has been a steady reduction in mercury densities found in oysters (which can cleanse themselves as the quality of their environment improves), according to the Department. Maps showing approved oystering areas and those still closed are available from the Health Department division of marine resources, 1100 W. 49th St., Austin.

SCHOOL FOOD PROGRAM CURBED -- A free breakfast program this year due to lack of money. About 115 schools have had to be turned down. Schools participating last year increased from 298 in September to 474 in May. Schools receive 15 cents per breakfast or the cost of each meal, whichever

is less, through U.S. Department of Agriculture allocations.

DRAFT CALL SET -- The Texas draft call for the rest of 1971 is 588 men.

None will be ordered for induction in October, 363 in November and 195 in December. All are from extended first priority groups.

Glantz said the RSN cut-off for 1971 would be 125 men in the first priority group.

Orders for induction for the call were mailed by local boards throughout Texas, with 30 days notice required in all cases. About 6,400 men will be ordered for pre-induction physical examinations in October and November.

U.S. study links violence to television.

Saying it is possibly the only means to save the family farm and ranch in the southwest, Congressman Bob Price has introduced legislation to reinstate the bracero program.

The House Agriculture Committee member said his bill will renew the law which was in effect from 1951 to 1963 to allow Mexican Nationals to work in the United States.

"Wages are typically low because farmers and ranchers do not make enough money themselves to pay industrial wages to laborers," Price noted. "However, the amount they can pay means a great deal to the Mexicans who make much less for the same kind of work in their country."

The Congressman said the present welfare and unemployment compensation system also has contributed to the farm labor shortage. In some cases individuals receive more money from these two items than from working in agriculture.

"Looking back, the bracero program had substantial appeal for those involved. It provided

is less, through U.S. Department of Agriculture allocations.

MRS. JIMMY EVANS the former Miss D'Linda Loyd

# Miss Loyd, Evans Rites Solemnized

An impressive ceremony October 16, in the Muleshoe Church of Christ united in marriage, Miss D'Linda Loyd and Jimmy Evans, Royce D. Clay, minister, officiated at the double ring service.

Parents of the couple are Mr. and Mrs. Bill Loyd, 1724 W. Ave. C, and Mr. and Mrs. J.D. Evans, 716 Ave. E.

The couple exchanged vows before an altar lined with three brass candelabras trimmed with white peacock fern. The five-tiered, center candelabra was flanked by two arch candelabra. Each of the three aisles was lined with white candles trimmed with English ivy and white satin bows. The rail was covered with white tapers and foliage. Guests registered before a white covered table, which was trimmed by a white bow and pink roses.

Music selections, sung by a group from the Lubbock Christian College a'capella choir, were "Whither Thou Goest, My Own True Love and The Twelfth of Never." Doug Perrin, soloist from Lubbock, sang "Because".

The bride, given in marriage by her father, wore a gown of ivory dulcette satin accented by pearls and Peau d'ange lace. The fitted bodice featured an oval yoke of lace outlined in seed pearls with a high bonded neckline of lace petals. The long, lantern sleeves were gathered to lace caplet sleeves and were striped in vertical rows of pearls. The high waistline

was marked with beaded lace with natural scallops. Vertical streamers of pearls striped the entire skirt, while the hemline was bordered in jeweled lace scallops. A garland of lace held double tiers of veiling which trailed over the chapel-length train. The bridal bouquet contained a white orchid encircled with pink rosebuds and white leaves. White satin streamers completed the cascade.

For something old and borrowed, the bride wore a ruby ring belonging to her paternal grandmother. The wedding gown was her something new, and she wore a blue garter and a penny in her shoe.

Attendants to the bride were groomed identically in pink chiffon featuring tucked bodices, high cuff necklines and long bishop sleeves. They wore matching pink garlands in their hair with tendrils tipped with pink petals. The maid of honor, Miss Linda Smith of Lubbock, carried a nosegay of Burgandy button mums highlighted with burgandy. The bridesmaids were Miss Pam Loyd, sister of the bride, Miss Deborah Wagon and Miss Karen Mayhugh, all of Muleshoe.

Flower girl, Kristi Macon, cousin of the bride from Brownfield, wore a floor-length gown of pink chiffon trimmed with pink velvet. Candelighters were Mark West of Wink and Joey Shaw of Big Spring. Both are cousins of the bride. Sonny Bennett of Muleshoe, nephew to the groom, was ring-bearer.

Jearl Petree, Plainview, served as best man, and groomsmen were Terrell Ott of Earth, Kerry Wagon and Rick Bomer, both of Muleshoe.

A reception following the wedding was held in the home of the bride's parents. As Miss Terri Crane played piano selections, Miss Kathy Mardis and Miss Cynthia Wrinkle served from the bride's table which was covered in white satin with a white lace overlay. A silver candelabra centered the table, decorated with white tapers and mums. The white, four-tiered wedding cake was trimmed with white rosebuds and topped with a miniature of a bride and groom. Pink punch was served from a crystal punch bowl.

Serving red velvet chocolate cake from the groom's table, were Mrs. David Gueterslow, Plains, and Mrs. Alton Macon of Brownfield. The table was covered by a white linen cloth topped by two pink tapers and an arrangement of pink mums.

Other members of the house party were Mr. and Mrs. John West, Wink; Mr. and Mrs. Jim Shaw, Big Spring; Mr. and Mrs. Don Harmon, Mr. and Mrs. Bob Blackwood, Mrs. Bob Blundell and Mrs. James Crane, all of Muleshoe.

After a short wedding trip, the newlyweds will be at home at 433 Knight Circle in Wichita Falls, where the groom attends Aero Technical Institute. For travel, the new Mrs. Evans wore a pink, crepe dress with a matching sleeveless coat. An orchid, lifted from the bridal bouquet completed her ensemble.

Attending the wedding from out of town were Mr. Frank Smith and Marilyn, Mr. and Mrs. Lee York, Lubbock; Alton Macon and Steve, Brownfield; Mr. and Mrs. Richard Grisham, Kansas City, Missouri; Mr. and Mrs. Jim Story, Mrs. Buddy Hanna and Jane, Mr. and Mrs. Q.B. Carpenter, Mr. and Mrs. R.M. Carothers, Mrs. W.L. Cornhan, Mrs. Alma McGinty, all of Plains; Mr. and Mrs. J.C. Grisham, Edmonson; Mrs. Jeanne Orsiny, Plainview; Mr. and Mrs. W.T. Smith and Leola Smith, Roswell, New Mexico; Mr. and Mrs. Paul Odell and Pauline of Roscoe.

A bridesmaid's luncheon, hosted by Mrs. Bill Loyd, was given October 7 at Furr's Cafeteria in Lubbock.

A rehearsal dinner for the wedding party was held at the Corral Restaurant, Friday, October 15. It was given by the groom's parents, Mr. and Mrs. J.D. Evans.

## TOPS News

The local TOPS club met Thursday, October 14, in the Bailey County Electric meeting room.

June Vinson called the meeting to order and roll call by Evelyn Harris was answered with 24 members weighing in. Queen for the week was Ann Newman and first runner-up was Lillie Baker. Ernestine Vernon was named as second runner-up. Tana Holmes gave the pep talk to the members and one visitor, Gertie Kirk Hospital, He weighed seven lbs, of Brownwood. A Halloween and ten ozs, and is the first party for members and guests child for the couple.

The grandparents are Mrs. Lois Austin and Mr. and Mrs. E.T. Lambert, all of Muleshoe, the goodnight song.

## David Lamberts Parents Of Son

Mr. and Mrs. David C. Lamberts are the parents of a baby boy, Eric Keith, born Monday, September 27 at West Plains Hospital. He weighed seven lbs, and ten ozs, and is the first child for the couple.

The grandparents are Mrs. Lois Austin and Mr. and Mrs. E.T. Lambert, all of Muleshoe, the goodnight song.

## Miss Morton Shower Honoree

Miss Marilyn Morton, daughter of Elmer Morton, Sudan, was honored at a bridal shower, Wednesday, October 14 in the home of Mrs. Carlton Newell. Miss Morton is the bride-elect of Dickie Shaw, son of Mr. and Mrs. Seth Shaw of Muleshoe.

A garden flower arrangement centered the table which was covered with an orchid cloth, overlaid with white lace. Cake and punch were served from cut glass appointments. Hostesses, in addition to Mrs. Newell were Mrs. Bob

Hardaway, Mrs. Luskey Green and Mrs. Alton Carpenter. They presented the honoree with a bedspread and pillow cases.

In the receiving line with the bride-elect was the mother of the prospective groom.

\*\*\*\*

Breakfast was judged by 46% of adults queried in a nationwide poll as the easiest meal to go without. But without a good breakfast these same adults will likely feel more nervous, be inefficient, and have slower mental reactions.

TAMRA JENNINGS

## Miss Jennings Given Shower

Miss Tamra Jennings, bride-elect of Eduardo Gonzales Ortega, was honored with a bridal shower in the fellowship hall of the Lazbuddie United Methodist Church, Thursday, October 14.

Guests were registered by Mrs. Joe Bryan Jennings, sister-in-law of the honoree. Gadget corsages were presented to Miss Jennings, her mother, Mrs. J.B. Jennings, and her grandmother, Mrs. O.M. Jennings.

Mrs. A.E. Redwine introduced the honoree and dedicated a poem by Helen Steiner Rice to

the couple. Miss Jennings was assisted at the gift table by her mother, and her aunt, Mrs. C.D. Gustin.

The bride-elects chosen colors of azalea pink and white were carried out in the decorations. Refreshments of raspberry sherbet punch and assorted cookies were served to approximately 35 guests. The table was laid with a white lace cloth and crystal and silver appointments were used.

Hostesses for the occasion were Mrs. Redwine, Mrs. W.G. Harlan, Mrs. JeDon Gallman, Mrs. John L. Seaton, Mrs. Frank Hinkson, Mrs. Truman Gleason, Mrs. Jimmie Seaton, Mrs. J.T. Mayfield, Mrs. Glen Lust, Mrs. J.D. Carpenter, Mrs. Jimmy Briggs, Mrs. Roy Farley Mrs. E.T. Ford and Loraine Gallman. The hostess gift was a set of Club aluminum cookware.

## Lazbuddie WMU Plans Workshop

A W.M.U. Workshop will be conducted at the Lazbuddie Baptist Church at 9:30 a.m. on November 2. There will be conferences for all age levels with lunch and a nursery provided.

Mrs. Charles Caldwell will be leading the conference for Baptist women. A member of the WMU reports that Mrs. Caldwell has been referred to as the "Phyllis Diller" of WMU because of her vitality and wit in calling to attention spiritual values. She has authored a book on charm and leads classes on charm and poise. Mrs. Caldwell has a TV spot in Houston and also serves of Texas Women's Missionary Union.

Sheryl Churchill, state Acteen director will be leading the conference for Acteen leaders. She has several published articles to her credit and works on the team at the Baptist Building in Dallas.

## Slides Shown To Study Club

The regular meeting of the Muleshoe Study Club met Thursday, October 14 at 4:00 p.m. in the home of Mrs. Doyle Turner.

The conservation program, Our Irrigation Age, was presented by director Mrs. John Agee. She introduced Joe Harbin who presented "Our Dwindling Water Supply". He showed slides and discussed the California state water system. He then discussed the possibility of Texas transporting water from the Mississippi River through Louisiana into the eastern part of Texas on to the plains area.

Upon completion of the program, Mrs. G.L. Splawn, president, opened the business meeting. Mrs. Walter Bartholf called the role which was answered with water waste practices.

Members present at the meeting were Mrs. Joe Costen, Mrs. John Farley, Mrs. George Johnson, Mrs. Mervin Witherling, Mrs. Wilson Witherling and Mrs. R.F. Wright; also Mrs. Agee, Mrs. Bartholf, Mrs. Splawn and Jewel Griffiths.

## Gatlin Family Reunion Held

The children, grandchildren and a nephew of the late Mr. and Mrs. L.H. Gatlin met in the home of Mr. and Mrs. Merle Barnhouse Sunday, October 17.

Attending from Muleshoe were Mr. and Mrs. Ernest Gatlin, Mr. and Mrs. Charlie Gatlin, Mr. and Mrs. Bill Wilkins and daughter, Mr. and Mrs. D.L. Vernon and children and Treva West and children. Also Mr. and Mrs. N.L. Bain, Edmonson Mr. and Mrs. Leslie Gatlin, Mrs. L.C. Johnson and granddaughters, Lubbock; Mr. and Mrs. C.H. Gatlin, Hillsboro; Mr. and Mrs. Frank Thomas and sons, Amarillo; W.M. Clark, Plainview.

GOOD FISHING AT TOLEDO BEND . . . R.L. Kimbrough of Muleshoe is shown holding one of the largest fish he caught on a recent fishing trip to Toledo Bend. Lynn Stephens, a former pastor of the Richland Hills Baptist Church, arranged the trip with three of his church members of the Immanuel Baptist Church of Camden, Arkansas, Rufus Parnell, Harold Russell, Carol Porter and Kimbrough met them on Monday evening, October 11. Fishing from 6 p.m. until 1 a.m., their catch was Monday night - 144; Tuesday night - 242; Wednesday night 298; and Thursday night, 292. One man, Carl Porter, caught 137 crappie one night, Kimbrough reported that they "were all caught with a rod and reel and that the secret was that the Arkansayers fished barefoot."

# Agriculture Undergoing Revolutionary Change

LUBBOCK, Texas--For the fourth time in this century American agriculture is undergoing a revolutionary change. Texas Tech University's Dean of Agricultural Sciences Anson R. Bertrand says agriculture has been reshaped by massive mechanical, technological and managerial changes. Now, he says, it is "coming to grips in an economy in which the service sector supersedes manufacturing as the dominant element and complexities of marketing are almost overwhelming.

"And the voices of the environmentalists are having an impact on agriculture that stands to reshape the entire structure of the industry," Dr. Bertrand, who this year took over duties as dean of the College of Agricultural Sciences, quoted Washington economists to the effect that by 1980 agricultural products will likely be the only products in the U.S. which will be competitive in world trade.

The U.S., he says, has the land, climate and the technology to produce food for sale

more efficiently than any other major area in the world.

"Although some countries are trying to play 'catch up' in food production ability, we will continue to have the edge for a long time if we can keep our production, marketing, processing, storage and transportation systems intact and functioning." He places emphasis on "transportation."

Only six per cent of our people are required as primary producers, Dean Bertrand points out, leaving 94 per cent of our people free to do things that make life better for us. These primary producers provide gainful employment for 30 per cent of the nation's population who process, store and market agricultural products.

The Tech dean pays tribute to the revolution in mass communications which has resulted in ordinary people all over the world recognizing the importance of agriculture and "its race with the empty plate." Agriculture as a result is gaining support -- "Even the environmentalists are beginning to recognize the importance of production agriculture."

Dr. Bertrand, in a recent discussion of "Agriculture in Transition," answered with a qualified "No" the question of whether the family farm is on its way out.

"We shall still have farm and ranch families living close to the land," he said. "They will be fewer in number and some may reside in small towns, but the family-owned and managed agricultural production and processing unit will remain dominant for many years, although those units are likely to become more specialized. The substitute type farm is not very feasible today."

Elaborating on the issue of environmental quality, the educator said, "We stand in danger of having a major road block thrown in our paths" as agriculture develops its po-

tential to provide food and shelter and many of the raw materials for clothing and other things.

The roadblock is coming in the form of stringent regulations and restrictions fostered by "overzealous self-appointed protectors of the environment."

Harm has been done to the environment, he said, but "only minor damage" has been caused by agriculture. "After all, it is the agriculturalist who stands to lose most if he contaminates his land, his water and his air that are so vital to production and livelihood."

Combined state and federal education and service pro-

grams have decreased the sediment load in streams; shifts in land use, conservation farming and better grazing management have reduced air pollution by dust, and progress is being made in pollution control by industries that process and handle agricultural products.

"The overzealous, extremists and self-appointed environmental protectionists have pointed the finger of guilt at agriculture without the facts," Bertrand said. "They have claimed that agriculture's use of insecticides and herbicides and fertilizers is doing permanent damage. The facts do not sustain the arguments."

He said insecticides and

herbicides are now largely short lived and bio-degradable. The shift to organic phosphates, away from chlorinated hydrocarbons largely removed the basis for criticism. The phosphate residue is quickly fixed by the soil and goes nowhere unless soil erosion occurs. Except in isolated cases, ground water has not been contaminated with nitrates, he said.

The greatest responsibility resting on agribusiness is to "set the record straight" and

to convince the public and the regulating agencies that agriculture can produce and process with safety to the environment, but that it must be permitted to make the changes required in an orderly fashion and not in panic.

"I predict that agriculture will survive this revolution and continue to thrive in the U.S. because the other segments of the economy in the U.S. and world can't afford to do without us."

## Texas Food And Fiber Week Set For November 15-21

COLLEGE STATION.-- Texas is a giant in the agricultural industry and Texans have much to be proud of and to be thankful for regarding the food and fiber produced in this state. Thus the state's agricultural products will receive special notice during Texas Food and Fiber Abundance Week, November 15-21.

"Special observances are planned to emphasize that the people of Texas have a large stake in the vast amount of food and fiber produced by those in agriculture," explains Charles K. Baker, agricultural economist with the Texas Agricultural Extension Service which is assisting in promoting the week-long event. "Texans benefit both as consumers and as residents of this state due to the tremendous contributions of agriculture to the overall economy."

Agriculture in all its phases adds almost \$10 billion annually to the Texas economy, points out the economist. Cash receipts from farm marketings during 1970 were \$3.1 billion and are expected to reach the \$3.76 billion mark by 1976. Every dollar produced by agriculture has a multiplier in effect of 2.7. This means that a \$1 million increase in agricultural income

results in an increase of \$2.7 million in the total Texas economy.

Texas is the leading state in the production of cotton, grain sorghum, beef cattle, sheep and wool, and goats and mohair, and is second in rice production and third in peanuts, pecans, and citrus. The state generally ranks third after California and Iowa in total crop and livestock cash receipts.

Baker emphasizes the fact that agriculture is one of the most efficient sectors of the overall economy. In 1970, each farm worker supplied himself and 46 other persons with food and fiber needs. Output per man-hour of farm work has increased 223 percent since 1950 due to improved technology and management. The benefits are passed on to the consumer who now spends 16.5 percent of his disposable income for food-- a drop of 19 percent in the past 10 years. Per capita food consumption increased six percent during that same decade.

The economist urges all Texans to participate in the observance of Texas Food and Fiber Abundance Week the week prior to Thanksgiving. "This is an excellent opportunity for

all of us to reflect on the bountiful harvests that agricultural producers over the state reap each year to provide for us high quality, yet economical food and fiber products," judges, and local townspeople are involved in planning special observances in each county of the state.

## Halfway Mark Reached In College Football Year

We've reached the halfway mark in another college football season . . . six weeks down, six weeks to go . . . and it seems to us football nuts that it just started yesterday! However, whether it's one week or 12, there are four undefeated ball clubs that are very much in control of the college football scene: Nebraska and Oklahoma from the Big Eight, Ala-

bama in the Southeast Conference, and Big Ten power, Michigan.

The four are rated 1, 2, 3, and 4 respectively, and it appears that until the Nebraska-Oklahoma confrontation on Thanksgiving Day, they'll remain the Big Four. We're not forgetting that Michigan has a little date with Ohio State while Alabama has a couple of quiet chats a-

head, one with L.S.U. and one with Auburn.

However, looking to the immediate future - this Saturday, for example - all four are strong favorites. The potent Cornhuskers meet Oklahoma State, and though the Cowboys have been fired up occasionally, they will lose to Nebraska by 28 points. The co-power in the Big 8, Oklahoma, is match-

ed against Kansas State. The Wildcats showed power earlier in the season, but have faded . . . the Sooners will win by 39. Alabama runs up against the strongest competition of any of the four as it plays Houston in Tuscaloosa. The Tide is favored by 21 points. And in the Big Ten, in the 62nd renewal of the battle for the Little Brown Jug, the Wolverines will jug the Gophers of Minnesota by 26 points.

There are three strong challengers to Alabama's race to the Southeast Conference title. Georgia is #8, and the Bulldogs are expected to romp over Kentucky by 29. 9th-ranked Auburn goes outside the league to meet Clemson . . . Auburn will win by 22. L.S.U., #10, is idle.

There're people who don't think it's wrong to beat the Government.

## Youth Football Inc. Senior Bowl Game

The Sixth Graders closed out their career in the Youth Football Organization this past Friday with the Senior Bowl game. The Black team, composed of the Saints and Chiefs, started the scoring in the second quarter. Dean Northcutt caught a

pass from Marcus Beversdorf broke a tackle and ran 30 yards for the TD. Shortly before the half the White team, composed of the Cowbys and Packers, QB Windham faked into the line and a fourth down try then bootlegged around left end and stirred the crowd with a 45 yard touchdown romp. This ended the first half with a score of 6-6. The third quarter ended with the same score after the Black team held the White team away from the goal line on a 4 yard line fourth down attempt. The Whites came back strong as the fourth quarter started with a touchdown pass from QB Windham to Martin Nowlin. Whites recovered a fumble on the kick off after the TD and found themselves knocking at the goal line door again after a long pass gain by Nowlin. The Whites made their third TD on a run by Ernest Vela off right guard. Vela added the PAT. The game ended with the score Blacks 6 and Whites 20 to win the game.

## New Coach At Jr. High

There is a new coach at Junior High this year. He is Mr. Robert Hayes, Coach Hayes was born in McCamey, Texas and lived there throughout his childhood. As a High School football player he played half-back and linebacker. He then went on to the University of New Mexico. Coach Hayes has been coaching for four years. He has coached at Plainview, Hart, and Levelland. Coach Hayes wife's name is Karen, she is a teacher at Lazbuddie. His hobbies are fishing, skiing, and reading. He also teaches 6th grade P.E. and 7th grade Texas History.

MR. ROBERT HAYES

## B Team Beats Morton

The Muleshoe eight grade B team won a hard fought victory over the Morton B team. Reuben Gonzales made two touchdowns along with Dan Ellis making two. The final score was Muleshoe 32, Morton 16. The Muleshoe A team lost their game 19 to 0.

## Carey Sudduth Goes To Dallas

Carey Sudduth, an Eighth grade student, of Muleshoe is going to Dallas by jet, Friday. He won first place here, in the Punt, Pass, and Kick contest. He went to Lubbock and won first place there. He has to go to Dallas to compete in the contest there. He will be flying on Braniff and Continental Airline jets. Let's wish him a lot of luck!

## Seventh Grade Intramurals

Seventh grade football continued this week with two more exciting games in the series. Thursday's game resulted in the Lions defeating the Vikings with a score of 6-0. The lone touchdown came when Randy Whalin intercepted a pass and ran it back for the score. On Friday the Rams came out on top of the Colts 8-6. For the Rams points Julian Dominguez took the handoff, followed two good blocks through the line, and rambled 20 yards for the goal. Julian followed this up with a run for the PAT. Gary Gunter put the 6 points up for the Colts. Gunter took the pitch-out from QB Ricky White and whizzed 50 yards to gain the touchdown.

## Annual Sales

The Journalism staff will be going around to the classes selling annuals in the morning and at activity. October 18 through November 5. The price will be \$3.50 plus tax. You may pay full amount then or you can pay \$2.00 and the rest when the annuals are delivered in April. Save your money!

## History Class Studies Ecology

"Pass the glue."  
 "Hey, I need the scissors!"  
 "Alright, who got my toothpicks?"  
 What's everybody talking about? The History Fair! This year, the Jr. Historical Society is sponsoring a history fair in Jr. High. Sixth, seventh and eighth grade students may enter a project. October 25, when Junior High has it's first open house, the projects will be on display. Money prizes will be given to the winners. But remember, when your glue is missing, or you can't find one single toothpick, or your scissors are a gone, remember, it's for a good cause.

 Thursday, October 21, at 5 o'clock

## BEFORE AFTER

## Enochs News

By Mrs. J.D. Bayless

Dean Waltrip and Dock Boleyn left Thursday for a weeks fishing trip to the coast at Corpus.

Mr. and Mrs. Harold Dean Nichols of Idalou visited his Mother, Mrs. L.E. Nichols, and his brothers, Dale and Quinton Nichols and families last week.

Bruce Angel of Lubbock visited his mother one afternoon last week.

Dinner guests in the Chester Petree home Sunday were their son, Mr. and Mrs. Kenneth Petree and son of Lubbock, and Rev. and Mrs. Charlie Shaw. Their other son, Mr. and Mrs. Dannie Petree of Lubbock, also were guests in the afternoon.

Mr. and Mrs. Norvil Roberts and son of Plainview, Mrs. Bertha Roberts of Morton, and Mr. and Mrs. Burley Roberts were all dinner guests in the home of Mr. and Mrs. Arnold Archer Sunday.

Mr. and Mrs. Lawrence Hall of Anaheim, Calif, arrived Tuesday for a visit with their parents, Mr. and Mrs. J.B. Vanlandingham, his father, Carl Hall, and other relatives.

The Bula and Enoch's Methodist Churches had their conference at the Enoch's Church Sunday. Dr. Butler of Plainview District Superintendent brought the message, then they had dinner at the church.

Mrs. Gracie Millasp and daughters were guests in the home of her mother Sunday, then they visited in the home of Mr. and Mrs. Kenneth Coats in the afternoon.

Debbie Adams is able to be back in school since her illness.

Mr. and Mrs. Royce Lane of Canyon are the parents of a baby daughter, Jennifer Renee, who was born Oct. 11, 1971. This is the first child for the Lanes. Grandparents are Mr. and Mrs. C.R. Berry of Sweetwater, and Mr. and Mrs. C.R. Seagler of Enoch's.

Company over the weekend in the home of Mr. and Mrs. D.J. Cox were her sisters, Mr. and Mrs. Bobbie Cooper of Lovington, N.M. and Mr. and Mrs. Leo Wallace of Plainview.

Dinner guests in the home of Mr. and Mrs. J.E. Layton were her relatives, Mr. and Mrs. Bill Burris and children, of Wellman, Mr. and Mrs. Johnnie Mercer of Brownfield, Mr. and Mrs. Lawrence Hall of California, Carl Hall of Enoch's, Mr. and Mrs. J.F. McGennes and son, Mr. and Mrs. Eddie McGennes, Mr. and Mrs. J.T. Burns and son, Mr. and Mrs. Ronald Burns, all of Lubbock, and friends, Mr. and Mrs. J.B. Vanlandingham.

Mrs. C.R. Seagler has spent over a week with her daughter, Mr. and Mrs. Royce Lane to do the work and take care of her new granddaughter.

Mrs. Clifford Snitker has been staying with her sister, Mrs. Carrol Peck at Levelland, who has been ill the past two weeks.

Mrs. Guy Sanders received word last Sunday of the death of her niece Imogen Cole of Dallas, funeral services were Monday October 4th at Dallas, Rev. T.J. Sullivan was in charge of the funeral service.

Visiting in the home of Mr. and Mrs. J.B. Vanlandingham most of last week was his brother and wife Mr. and Mrs. H.C. Vanlandingham.

Mrs. Blanche Cash of Muleshoe had been a patient in the West Plains Hospital in Muleshoe, she was able to leave the hospital Saturday, she then came to her daughters for a day or two.

Dollar trading is calm in European markets.
