Cotton Harvest In Full Swing Here

City Council Votes To Install Traffic Breakers At School

The Muleshoe City Council met Tuesday morning at 8:30 a.m. in the council chamber at City Hall. Present for the meeting were Mayor Irvin St. Clair, councilmen Lyndal Murray, Clarence Christian and Max King, City Manager Albert Field, City Secretary Mary Watkins and City Attorney Don Clark.

The council considered the electric service agreement from Southwestern Public Service on the city electric rate increase. The discussion was tabled until

the next meeting of the council.

The council then passed a resolution authorizing a new street light on 21st Street across from the Muleshoe Church of Christ.

A resolution authorizing investment of the Water and Sewer Revenue Bond Fund Reserve monies was also passed.

Members of the council considered a request from the Muleshoe Independent School District for permission to install three or four speed breakers on West Avenue A between Third and Fifth Streets. A motion was made to put traffic breakers on that particular street on a trial basis as the city is the custodian of the streets and if it doesn't work, the city council can remove them.

Chief of Police Harold White met with the council and gave a report concerning policemen wearing uniforms. A decision was not made to require patrolmen to wear uniforms at this time.

The council discussed the

Weather Helps Farmers

With the past few days of sunny, warm weather Bailey County has experienced recently, the 1972 cotton harvest is beginning to come in.

Earl Richards at the Muleshoe Co-op Gin reports that the cotton is just now beginning to come in at an even rate. As of the last of last week, this gin has ginned over 470 bales.

The harvest is just in the opening stages and with a few more drying days, the harvest should get into full swing.

Richards also reported that the wet, cold weather experienced in the past has not hurt the cotton crop too much yet.

At the Progress Gin, Jimmy Presley reports that the harvest is slow due to the wet weather, but is picking up gradually.

He also stated that the cotton farmers needed some dry weather for their cotton to mature and to allow them into the fields.

He reports that they have ginned just over 50 bales but the harvest is just now beginning.

On Monday, after a few days of warm weather, cotton trailers were stacked up at some of the gins in Muleshoe and across Bailey County.

If the weather permits, the cotton harvest should get in full swing next week and continue as long as the weather holds out.

Bailey County has had the best prospects this year then best prospects this year than they have had in a number of years. Early forecasts showed that over 50,000 bales were expected in Bailey County this year.

What effect the wet weather has had on the crop is not known yet.

COTTON HARVEST BACK IN SWING . . . The local cotton harvest got back underway this week after a few sunny, dry days on the crop. The harvest had been at a standstill due to the past several weeks of snow and rain that kept farmers out of the fields. Now with this drying weather, strippers are back in the fields and

the harvest is picking up. Pictured with a load of cotton at the Needmore Co-op Gin are Antonio Pena, left, and Renaldo Primavera pictured in the trailer. They are both employees of the gin.

Conrad Williams Receives "Safe Pilot" Award Ruth Malone Wins Football Contest

Washington, D. C., -- President A. Rubus Aplegarth of the National Pilots Association today presented to Conrad W. Williams, of Goodland, NPA's highest award -- the Safe Pilot Certificate granted to its members by the nation's largest non-profit pilot organization in recognition of skill and flying ability represented by 500 hours or more as pilot-in-command "without major accident involving damage to property or injury to person".

Williams, whose pilot career began in 1945, accumulated a total of 2857 accident-free hours to qualify for the coveted NPA recognition. Williams started flying at the end of World War II, because, he says, "I enjoyed it greatly and needed an airplane in my farming business."

Ruth Malone won the annual Football Contest this year with 20 total points. She will receive two tickets to the Cotton Bowl in Dallas in January and \$50 expense money.

Mrs. Malone was tied with Steve Van Zandt and was declared the winner after the tiebreaker on the last game was used to break the tie. She missed four in the last contest so she did not win any points or money, but was only 11 points off of the tiebreaker

score. Steve Van Zandt missed six in the contest this week, but was off 26 points on the actual tiebreaker score.

Mrs. Malone won the weekly contest twice to receive the 20 points and also won \$10 for her efforts. Van Zandt had also won first place twice in the contest.

This week's winner was James Whitson who missed only two games, the Alabama-Auburn game and the Georgia Tech-Georgia game. He was off 10 points on the tiebreaker. He will win a check for \$5 for his first place win.

Mike Perez, Jr. came in second also missing two games, but being off 18 points on the tiebreaker. He missed the Auburn-Alabama game and the Rice-Baylor game. He will win \$3.

Coming in third this week was Wayne Malone who missed three games. He missed the Alabama-Auburn game, San Diego State-Iowa State game and the Army-Navy game. He was off seven points on the tiebreaker. He will win a check for \$2. This is the second time Malone has won third place this year.

Others missing three in the

last game of the contest were Mary Watkins, Mrs. E. E. Engelking, Buck Wood, Mark Long, Irene Splawn, and Gary King.

Others entering the contest this year and winning money and points were:

Earl Richards, 16 points; J. E. McVicker, 14 points; Amelia Gonzales, 13 points; W. E. English, 11 points; Jim Small, Morris Douglass, Donnie McDonald, J. B. Stevenson, Gary Stancell and James Whitson, 10 points; Buck Wood, seven points; Mike Van Zandt, Mark Long, Mrs. J. E. McVicker, Judy Brockman, Glen Watkins, Pat Malone, Kenneth R. Congressman Bob Price

Congressman Bob Price has called on Agriculture Secretary Earl Butz to consider every possible alternative in the attempt to stabilize the cotton program and market before taking action reducing cotton acreage allotments and price support payments.

Price said he has visited with numerous cotton producers and bankers in cotton producing counties in an effort to establish the impact of any reduction of allotments and the elimination of set-aside acreage.

In a letter to Sec. Butz, Price said, "In view of the fact that farmers in my district are suffering from adverse weather conditions which have continually hampered harvest efforts and lowered the grades of cotton resulting in low prices on the current market, I strongly recommend that you reconsider those adjustments in the cotton program which you announced November 15.

"I feel such a drastic change at this particular point of time would create an undue hardship on our cotton producers.

"The elimination of the set-aside requirement will free about 2 million acres of crop- and on cotton farms for any crops that producers choose. This step will sid some cotton producers in irrigated areas but at the same time could create new problems for those farmers engaged in the production of feed grains. Overproduction in feed grain could very well cause a price situation similar to that facing the cotton producer today. There must be some other method of achieving the same desired result other than such a drastic cut in the program during a period of depressed prices.

Price said, "I agree with your concept of allowing this nation's farmers the flexibility necessary for a stable supply and demand market. However, I do not feel this should be done at the expense of our nation's farmers."

How many people do you know who give more than they receive?

"B" Team Mullettes Beat Friona

Coach Flowers also commented that both teams showed a lot of enthusiasm and mixed emotions over the games. Considering this was their first games, both teams did very well.

We congratulate these girls on their outstanding playing and hope they do as well as in hope they do as well in their next game against Littlefield.

Watt reminded potential exhibitors at the Stock Show, that entry deadline is Dec. 15 for cattle, horses, sheep, and swine. Exhibitors of pigeons, rabbits and poultry have until Jan. 15 to enter.

Auction hammers should bring down more than \$1 million gross at the 1973 Stock Show," Watt said. "The animals being consigned to these sales are of extremely high quality and top breeding. We look at it as a once-a-year buying opportunity for foundation and replacement stock."

Starting off the 1973 auction series will be commercial

Hereford females set to sell at 1 p.m. Sunday, Jan. 28, in Auction Arena 6. About 800 heifers from reputation herds in the Southwest will be on the block.

"The outstanding thing about our commercial Hereford heifer sale is that these cattle are not offered any other time in an auction," Watt noted.

On Monday, Jan. 29 at 1 p.m. 75 performance tested Angus bulls will be sold. The consignment will be the top 1971 bulls of over 200 tested by the Texas Angus association.

The Golden Anniversary American Polled Hereford Association sale will begin at 3 p.m. Wednesday, Jan. 31, in Arena Barn 8.

Set at 7 p.m. Thursday, Feb. 1, is the First National Gelbvieh Sale. This German breed is termed a hearty beef and milk cattle, according to the national association based in Tulsa, Okla.

Two exotic breeds also have planned sales at the Stock Show. Limousin cattle will be

tioned at 6 p.m. Friday, Feb. 2, and Simmental cattle will go on the block at 6 p.m. Saturday, Feb. 3.

After judging at 7 a.m. Saturday, Feb. 3, Charolais pen bulls will be auctioned at 1 p.m. In past years, this has been a high average sale.

Candlelight Ceremony Unites Local Couple

A candlelight ceremony in the Immaculate Conception Catholic Church at 2 p.m. on November 25 united in marriage Miss Ana Berta Elizarraraz and Edmond Esparza.

Parents of the couple are Mr. and Mrs. Joe T. Elizarraraz of Muleshoe and Mr. and Mrs. Roman Esparza of Ralls.

Rev. Father Robert O'Leary read the double ring vows before an altar decorated with seven branch candelabra entwined with greenery, mums and white satin ribbon. Baskets of plum and white mums, gladiolus and carnations flanked the candelabra.

Musical selections included "Our Father" by Mrs. Jane Burrows, soloist, accompanied by Marshall Cook, organist.

Escorted and given in marriage by her father, the bride wore an old fashioned style gown with a lace and ruffle trimmed bodice and chapel length modified organza train. The modified Mantilla veil fell from an "Azares" headpiece which was made especially for the bride. The bride carried a bouquet of pale yellow roses shaped in a Christian cross with pale yellow and white ribbons.

Maid of honor was Mary Garcia of Canyon. She wore a formal length lace trimmed white velvet dress and wore plum colored bows and bells in her hair. She carried a nosegay of roses and baby's breath.

Proper Care Necessary For Tasty Wild Game

Understanding and cooperation between the hunter and the cook are two ingredients for tasty deer.

A good flavor is characteristic of wild game, but the undesirable "gamey" flavors of meat ruined before it hits the kitchen is another matter, Mrs. Robin Teylor, county Extension agent observed.

Flavor is a result of three factors--condition of the game, handling in the field and cooking procedure.

Old, poor animals will be less tender than young ones, but range conditions are reported good throughout Texas this year, so likely game will be in good condition.

Proper handling in the field centers on proper cleaning and quick cooling.

Hunters generally agree that proper cleaning demands a well-placed shot in a vital area that doesn't rupture intestines

or paunch.

Quick cooling delays spoilage, so the animal should be drawn at once. Move the animal so its head is uphill. Make a ventral cut from the base of the tail to the breast bone and roll out the viscera. Avoid slashing the intestines or stomach. Wipe the body cavity with clean cloths or paper towels, but don't use water.

Hanging the carcass will hasten cooling. Protect meat from flies and dust with muslin or cheesecloth bags which let air circulate. Heavy tarpaulins and airtight game bags keep body heat in and slow down cooling.

Proper loading and transporting the animal is essential to handling, most hunters caution. Carrying the animal--still wrapped in the protective cloth--on top of the car is recommended. Also, on cool days, the car trunk offers a safe place.

Avoid carrying animal on car or truck hoods and fenders,

as heat from the sun and the motor can ruin all previous good care.

Once the animal has been handled properly in the field, the cook should remember some basic rules for preparation," the agent advised.

Dry heat, such as oven roasting, broiling, pan-broiling and frying, is suitable for young and tender game. Basting with additional fat may be necessary if the meat is lean.

It's best to cook older and less tender game by moist heat, such as braising, stewing or

simmering. Swiss steaks and pot roasts are cooked by braising--add a small amount of liquid to meat cooked in a covered container.

Hunters and cooks can obtain more information by re-

questing a copy of the bulletin, "Wild Game--Care, Cooking" (B-987), and a copy of the leaflet, "Field Dressing A Deer" (L-634), from the county Extension agent. There is no charge for single-copy requests.

WEDDING PLANS REVEALED . . . Mr. and Mrs. Murray Simmons of Roby announce the engagement and approaching marriage of their daughter, Deborah Jane, to Terry M. Youngren, son of Mr. and Mrs. David Youngren of Ft. Stockton. Miss Simmons is the granddaughter of Mrs. J. M. Moore of Muleshoe. Miss Simmons is a 1970 graduate of Roby High School and is a senior student at Angelo State University in San Angelo. Youngren, a 1970 graduate of Ft. Stockton High School, is also a student at Angelo State. The wedding has been planned for January 6 at 6 p.m. in the United Methodist Church of Roby.

Miss Adams, Lackey Pledge Vows

Miss Patricia L. Adams of Albuquerque and Randy M. Lackey of Albuquerque were united in marriage in double ring vows read October 19 in the Grace Church in Albuquerque, N.M. Ron Miller, pastor of the church, officiated.

Parents of the couple are Mr. and Mrs. Len Adams of Albuquerque and Mr. and Mrs. O.M. Lackey of Muleshoe.

Given in marriage by her father, the bride was attired in a floor length gown of sata peau trimmed with Alencon lace around a high neckline. Floral

motifs accented the Bishop sleeves, skirt and detachable chapel length train. The bride carried a cascade of white carnations and pink baby's breath centered with an orchid corsage.

Attending the bride as matron of honor was her sister, Pam Whitehead of Albuquerque. Maid of honor was Peggy Baker of Albuquerque and bridesmaid was Rhonda Hill of Albuquerque.

Robert F. McFadden of Albuquerque served as best man. Groomsmen were the groom's

brother, Dean Lackey, and Randy Whitehead, both of Albuquerque. Glenn Fox and Ken Fachini of Albuquerque were ushers.

Following a wedding trip to points of interest in Texas and Oklahoma the couple will be at home in Albuquerque. The bride is employed by the Bank of New Mexico and the groom is employed at Ed Black Chevrolet.

Selfish individuals contribute very little toward a better world.

MRS. RANDY M. LACKEY, the former Patricia L. Adams

By Mrs. C.A. Watson

Birthday greetings to: Melanie Gallman, Darren McKinzie, Alfred Hicks, Lavonne Hinkson, Glen Morris, Monica Shadden, Joe Moore, Darlena Burnett, H. W. Moore and Dalores Dalagado.

Members of the senior class of Lazbuddie met in the home of the Preston Cargiles Wednesday evening to work on the school year book.

Words are inadequate to express our thanks for all the acts of love, for the food, the flowers and the help in our time of need. Sometimes it is hard to say thy will be done, but life keeps books on all of us, and the Lord knows best, May the Lord abide with each of you every day is our prayer. The Family of Jimmy Dale Black

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. -- Most homeowners are expected to get a big break on insurance rates next year.

Exceptions will be those who live in the 27-county Gulf Coast area.

The industry-oriented Texas Insurance Advisory Association recommended the State Board of Insurance reduce by 17.7 per cent extended coverage (hall, windstorm, vandalism, etc.) rates and by 16.2 per cent homeowners' rates in the North-Northwest area. That includes most of the Panhandle and South Plains.

Association recommendations for the big Central Inland territory (Dallas, Fort Worth, San Antonio, El Paso, Austin areas) included a 12.1 per cent decrease in extended coverage and 10.9 per cent reduction in homeowners' premiums.

The Seacoast territory (Beaumont-Port Arthur, Houston, Galveston, Corpus Christi and Brownsville areas) would get a 17.5 per cent hike in extended coverage premiums and an 8.3 per cent increase in homeowners' policy rates. All territories would benefit from an Association proposal to reduce fire insurance rates statewide by 7.7 per cent.

An Association spokesman estimated total savings of \$6 million for extended coverage and \$9.8 million for homeowners' insurance in the Central Inland

territory. He calculated increases of \$8 million for extended coverage and \$5.9 million for homeowners' rates in the Seacoast territory.

About 500 insurance agents who attended the Board hearing on the proposals expressed approval but loudly protested another recommendation by the Association to standardize their commissions.

The Board staff is awaiting directions as to whether to calculate new rates on its own formula or the new recommendations.

COURTS SPEAK -- Texas Supreme Court agreed a retrial is in order for a lawsuit against Union Carbide Company as a result of an explosion which killed two and injured two.

The Court of Criminal Appeals held the Court of Criminal Appeals held property owners in Wylie County School District should have the right to join the Abilene School District.

The Supreme Court threw out a district court injunction preventing a State Bar grievance committee investigation of complaints a former Hill County district attorney.

A Houston Court of Civil Appeals decision that heirs of a

man who died in a Waller County Hospital after an auto accident should get a full trial of a malpractice suit against a doctor who treated the wreck victim was upheld by the State Supreme Court.

AG OPINIONS -- Deputy constables are authorized to carry guns only after they have completed a minimum amount of training, Atty. Gen. Crawford C. Martin held.

Martin's opinion, requested by Brazos County Attorney W. T. McDonald Jr., also stated that reserve deputy constables serve without pay at pleasure of the constable within the period of time authorized by the county commissioner's court.

Martin reached these conclusions in other new opinions: *Harris County can operate a mental health center for the state but cannot change it into a county department by commissioners court resolution.

*Parks and Wildlife Department can spend other money for park expansion than that set out in Item 10B of the appropriations bill.

*A beauty operator may offer cosmetology services in a barber shop and may operate a barber shop under general supervision of a Class A barber, but a barber may not operate a barber shop under generate a beauty shop without a cosmetology license.

*A district attorney who applies for retirement on a certain date fixes the date his office is vacated.

GAS PROBLEMS TOLD -- Natural gas supplies are dwindling and producers are not meeting agreements, the Railroad Commission was told in a hearing last week.

The Commission is studying the possibility of setting priorities for gas distribution when there is short supply.

One pipeline company claimed

a chief supplier delivered little more than half the gas it agreed to provide. A company spokesman suggested homes and schools get first priority on the gas supply available, with second priority allocated to generation of electricity for domestic consumers.

HORSE RACING REVIVAL? -- A Senate committee is conducting a survey, results of which admittedly may be used to bolster a new drive for pari-mutuel horse race betting.

The Senate Horse Racing Study Committee sent out 5,000 questionnaires to assess the horse industry and its economic impact on Texas.

Among questions asked of the horse owners and riding equipment suppliers is whether pari-mutuel wagering would expand their operations and how local lawmakers would vote on the issue.

The Committee vice-chairman said results of the survey "could be used to build economic case" for wagering on horse races. A meeting of the panel is slated here December 14 to hear opponents of racing and pari-mutuel gambling and to receive a report on potential state revenue from legalized wagering. Committee heads said a constitutional amendment would be necessary to revive pari-mutuel betting on the races.

HOW TO PICK UP 45 MILLION -- Texas could gain \$5 million a year in delinquent sales taxes by changing collection procedures in the comptroller's office, a Senate interim study committee has been told.

Actually, an Illinois tax expert estimated, the state could collect \$8 million more each year, but hiring of an additional 200 state sales tax auditors would take about \$3 million of the gain.

An attorney general's representative said Attorney General Martin intends to require Texas businesses to post bond to insure payment of the sales taxes they collect.

POLLUTION MONEY MAY BE LOST -- Texas may get only half the federal funds it counted on to help build new sewage treatment plants, State Water Quality Board Chairman Gordon Fulcher stated.

A new federal act, said Fulcher, would cut Texas' allocation to \$55.4 million for fiscal 1972.

Fulcher said the loss would "hurt a whole lot of cities and towns in the state," particularly smaller communities which depended on federal help (up to 75 per cent) to finance the plants.

SHORT SNORTS

WIVES AWARDED \$300,000

Houston -- The families of astronauts White and Chafee, who died in an Apollo capsule fire at Cape Kennedy in January, 1967, have received monetary awards totaling \$300,000 from the builders of the spacecraft. Col. Grissom's widow (who has not remarried) and family received \$350,000 earlier this year.

Mrs. Baird baked her bread the old-fashioned yeast-rising way for wonderful flavor and soft texture.

Today her family still uses that baking method... because they still care about quality.
