## BRIDE OF A DAY TELLS POLICE OF SAD FLIGHT

### Lured to Ruin and Deserted by Man She Married—Deprived of Clothing in Which to Escape.

A bride for a day, lured to Houston, then deserted by her husband and forcibly detained in the restricted district, is the pathetic story of a young girl who has appealed to the police for assistance. The girl adds that while she was detained in a house on Hobson street her long curls were cropped off, she was denied the privilege of communicating with her father and when she attempted to leave the place her wearing apparel was hidden.

The police are searching for the husband who is alleged to have been responsible for the girl's plight, and as soon as he is located a complaint charging pandering will be filed against him. The police of Houston and Galveston are working on the case.

According to the story told the police, the girl, who is the daughter of a Galveston longshoreman, was ardently wooed by a man who called at her home every night and sometimes visited her during the day. He told of his great love. He would jump into the sea if she refused to listen to his entreaties. The girl was young, inexperienced and without a mother. Caution only comes with experience and it was too late when knowledge came to her.

The child spent three whole days in getting her trousseau ready. Then the couple left the little cottage on the shore front and went to the office of a justice of the peace in Galveston. A trip to Houston and back was the wedding trip promised. She felt that she was the happiest girl in the world when they boarded an Interurban car for Houston and she had confidence in the big man beside her. Now it all seems like a nightmare.

It was after night when the couple arrived. A cab was waiting nearby. Into this they entered and in a moment were whirled away

across the city. They stopped in front of a brightly lighted house and went in.

Her husband left next morning and she has not seen him since. The girl was distracted and tried to communicate with her father, but, she told the police, this privilege was denied her by the women in charge of the place. Then she started to leave and her clothes were taken from her. Then, one night, while she slept, her long hair was cut off.—Houston Chronicle.

## Many Social Affairs This Week.

A round of social pleasures is occupying this week's calendar in Crockett. The occasion is the number of visitors in the city. Monday evening Mrs. C. L. Edmiston entertained with a theater party in honor of her visitors, Misses Hillie Hart and Seawillow Johnson of Marlin, and also Miss Grace Denny's visitor, Miss Janette Sebring. Seats were reserved for eleven couples at the Airdome and, after the show, refreshments were served at the Edmiston home, completing a most enjoyable evening. On Wednesday evening Misses Grace and Sue Denny entertained most delightfully for their visitor and the other visiting young ladies in the city and also for Miss B. Denny, who leaves Thursday for Carthage. Other affairs have been planned for the week, and every evening, as well as some afternoons, will be taken up with some form of entertainment.

## Objectionable Dances Cut Out.

The board of directors of the Crockett Club have bulletined a notice in the club rooms to the effect that no dances other than the two-step and waltz will be permitted. The object of the bulletin is to keep out the new dances characterized as objectionable. The objectionable dances have never gained a foothold here and the club thus places itself on record in advance as being opposed to them.

## A. & M. MAY HAVE TO CLOSE THIS WINTER

### E. B. Cushing Says Governor's Action in Cutting Appropriation Liable to Have That Effect.

That the Agricultural and Mechanical College may be compelled to close during the winter months because of the lack of funds for heating the buildings was the substance of a statement made by E. B. Cushing of Houston, one of the directors of the college, to a representative of the Houston Post Sunday.

"I do not understand why, above all things else, the governor vetoed the appropriation for the operation of the power plant," said Mr. Cushing. "It means that we may have to close the institution during the winter months because there will be no available funds for heating the buildings."

The \$35,000 asked for the hospital was also vetoed. That means that the problem of properly caring for sick students will be a serious one. The items for the development of the agricultural branches of the school were also slashed.

"To say the least, I was greatly surprised and shocked to learn how severely the Agricultural and Mechanical College appropriations were blue penciled by the governor. We were as conservative as we could possibly be in making our demands for the proper support and maintenance of the institution."

"Governor Colquitt's action means that the Agricultural and Mechanical College will be set back two years."

"It seems strange that the governor should reduce the appropriations for the educational institutions so much more in proportion than he did those for the other departments. The reductions on the educational sections of the appropriation bill amounted to 50 per cent, while the appropriations for the other state departments were reduced only 20 per cent."

## Improve Your Sidewalks.

G. W. Woodson is having a cement sidewalk laid in front of his residence property on Public avenue, completing a break that will extend an unbroken cement walk for quite a distance out that thoroughfare. Now if others on that street and on other streets will fill in the breaks as Mr. Woodson has done, the desirability of Crockett as a residence city will be largely added to. Our people are beginning to show commendable pride in these matters of public improvement. We take it that no citizen will be long content to use his neighbor's sidewalks without extending in return the same privilege and courtesy to his neighbors.

## Charming Hospitality.

Mrs. Ben Janes recently gave one of the prettiest of the midsummer entertainments. The ladies of West End and a few other friends were invited to spend the morning with her, and as the guests arrived, they were cordially received by Mrs. Janes and carried immediately to the punch table. It was here that the beautiful little daughter, Jewell, presided and, with the cool, delightful drink, the intense heat on the outside was forgotten. Mrs. Janes' house is admirably

adapted to entertaining, as the rooms are all easily thrown into one.

A most interesting game of "rook" and of "42" kept the guests amused until eleven-thirty o'clock, after which delicious refreshments consisting of ice cream and angel-food cake were daintily served by the charming young ladies, Misses Myrtle Haring and Mamie Valentine.

Mrs. Janes was most ably assisted in entertainment of her guests by her sister, Mrs. Mangum, and Mrs. Robt. Spence. The morning was thoroughly enjoyed by those present; and all united in wishing that we may soon have another invitation to Mrs. Janes' delightful, lovely, little home. Mrs. Corinne Cory.

## Music.

To my patrons and all others who are interested in music and desire to study with me, I hereby announce that after taking a complete Teacher's Summer Normal Course, including special work in Piano, Harmony, Ear Training, Sight Singing, Musical History, and Round Table Talks, on teaching problems, methods, studies, and pieces from Mr. Chas. D. Hahn of Dallas, Texas, late of Leipzig, Germany, and New York, I will open my fall term September 1.

Thanking you for past liberal patronage, I solicit a continuance of same. Mrs. Lewis Meriwether, Adv. 1t. Crockett, Texas.

## Baptists to Have Revival.

Beginning Sunday the First Baptist church of this city is to have a protracted meeting that will last a week or ten days or possibly two weeks. A noted evangelist has been secured. They say he is an Irishman and a most interesting speaker. A great revival of religion is expected and extensive preparations are being made in the matter of choir service, etc. The auditorium of the Baptist church is about the largest in the city.

## Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

## How the Trouble Starts.

Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Tablets, keep your bowels regular and you will avoid these diseases. For sale by all dealers.—Adv.

## MAURY DIGGS FOUND GUILTY

### Each of Four Counts Carries Penalty of Five Years.

San Francisco, August 20.—In eloping with Marsha Warrington from Sacramento, Cal., to Reno, Nev., Maury I. Diggs, former State architect of California, was found guilty of violating the Mann act, which makes it a felony to transport women for immoral purposes from one state to another. This was the verdict tonight of the jury that tried him.

There were six counts in the indictment and the jury found a verdict of guilty on the first four. Each count carries a maximum penalty of five years and a minimum of one year in a Federal penitentiary.

## Rivalry at a White Heat.

The Crockett baseball team went to Lovelady Tuesday and defeated the Lovelady team by a score of 7 against 5. This game was the fourth of a series of five, three to be played at Lovelady and two at Crockett. Of the four games played Crockett has won twice and Lovelady twice. The fifth and deciding game is to be played to-day (Wednesday). The Crockett team has been defeating all comers this year with the exception of Lovelady and the series now being played will decide the championship. Rivalry between the two teams has reached a slow white heat. An umpire was secured from Conroe. Eighteen automobiles, carrying an average of four people each, went from Crockett to Lovelady Tuesday on account of the ball game. Besides those going in automobiles, many went down on the morning train. The deciding game is to be played at Lovelady.

## Notice to Old Soldiers and Widows.

## To the Public

We are now doing business and are prepared to handle your laundry wants as good, if not better, than any other laundry in the state.

We have nothing but new and up-to-date machinery and our work is guaranteed to please all, both young and old. We will always appreciate anything you may say about us and now extend this invitation to the public in general to call around and inspect our plant and see for themselves that everything done in this laundry will be right up to the minute in WORKMANSHIP, QUALITY and PROMPT SERVICE.

We realized how bad the people of Crockett and Houston county needed a laundry and have endeavored to give them what they needed.

We will at all times be ready and willing to do our part towards anything that will help this town and county and expect the people here to give us their laundry business.

Thanking you in advance for the business you are sure to give us, and again asking you to call around and inspect our plant, we are yours for business,

D. 1913 the same being the 6th day of October A. D. 1913 then and there to answer a petition filed in said Court on the 28th day of July A. D. 1913 in a suit, numbered on the docket of said Court No. 5462, wherein Bettie Erwin and J. B. Erwin, and Tobe Pruitt are plaintiffs, and the Unknown Heirs of Martin Lacy, dec'd, the Unknown Heirs of C. L. Wall, dec'd, the Unknown Heirs of W. F. Wall, dec'd, the Unknown Heirs of H. W. Burtis, dec'd, the Unknown Heirs of James F. Ford, dec'd, the Unknown Heirs of Eliza F. Heard (alias) Mary E. F. Heard and husband S. A. Heard,

both dec'd, are Defendants and said petition alleging that plaintiffs are owners in fee simple of the following described tract of land, lying and being situated in Houston County Texas, about 20 miles S. W. of Crockett, the same containing about 296 acres of land, out of the Arthur Henrie headright, and bounded as follows: Beginning at the S. E. corner of M. J. Chamar labor. Thence North 67 East 100 vrs to corner of James Murphy and Arthur Henry. Thence S 23 E 860 vrs to Arthur Henry's S. E. corner on J. Durst north boundary line. Thence South 55 West with J. Durst line 1770 vrs. to corner on Alligator Slough to pin oak mkd X for corner. Thence North 27 West 500 vrs to M. Bromberg's S. E. corner. Thence North 15 East with Bromberg's E. B. line 930 vrs. to M. J. Chamar S. W. corner. Thence North 67 East with Chamar's S. B. line 1000 vrs to the place of beginning. Plaintiffs allege that they and those under whom they claim title to said land have been in the actual, continuous, peaceable and adverse possession thereof, under title, and deeds duly registered for periods of five and ten years, respectively, and specially plead the five and ten years statutes of limitation in bar of any adverse claim to said land by the defendants or any of them.

Plaintiffs claim title to said land under certain deeds, conveyances and transfers, which are fully set forth in plaintiff's original petition. The fact that there is no deed or transfer out of Martin Lacy to any one of any part of said 1-3 of a league of land, that the records do not show any authority in the Adm. of C. L. Wall's estate to make deed to Milton Gary, that there is no authority shown in the Adm. of the Estate of W. F. Wall to make deed to Milton Gary, that there is no authority shown in D. M. Coleman and H. W. Beeson to make deed to James F. Ford guardian of Mary E. F. Jacobs after the death of said Milton Gary, that there is no deed or order of court transferring the legal title from James F. Ford to his ward Eliza F. Heard (nee Jacobs), that the deed from Eliza F. Heard to Mattie Hopkins is not signed by S. A. Heard husband of the said Eliza Heard, and that the acknowledgement to same is defective, that there is no release of the deed of trust from G. A. Floyd to C. T. Burtis, that there is no deed or transfer out of G. A. Floyd to any one of said tract of

land, that there is no judgment, order of sale or sheriff's return to support the sheriff's deed from A. D. Roper to H. W. Brown, that there is no deed from H. W. Brown to any one of said tract of land, that the acknowledgments to deed from W. R. Brown, J. Q. Brown, and Amelia Musson and John Q. Musson to Bettie Erwin, Jim Erwin, Birdie Allee and S. T. Allee is defective, and that the claims of all others of the defendants are unknown to plaintiffs, create and cast a cloud upon plaintiff's title, which plaintiffs would show should be cancelled and held for naught. Plaintiffs would show that none of the defendants have any right, title or interest in said land.

Plaintiffs would show that there has been no deed of partition between plaintiffs of the interest of each in said land and that they are authorized to join herein as plaintiffs. Plaintiffs pray that citation issue, and for judgment for the title and possession of said land, quieting plaintiff's title to same, removing all clouds therefrom, substituting all missing links, and for such other and further orders and decrees, both in law and in equity, as plaintiffs may be entitled to, for costs, and for special and general relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, John D. Morgan, Clerk of the District Court of Houston County.

Given under my hand and the Seal of said Court, at office in Crockett, this the 28th day of July A. D. 1913.

The "Schuttler" Costs Less Per Year Than Any Other Wagon Made. The cheapest priced wagon is the one which will save you the most money—there is far more than the first cost to be taken into consideration with the most wagons. But with the "Old Reliable Peter Schuttler" it's different. With it, the first cost is practically the only cost. It's built right and stays right. It's than the average repair bills; it avoids break-downs; it reduces the after-purchase expense that is penes—and it wears longer than any other wagon built. And with and sue all its cost-reducing, time and trouble-saving features, the first cost as to its value is only slightly more than that of the inferior makes. And every cent of the extra cost goes into extra quality apparatus. There's no more profit on a "Peter Schuttler" wagon than on the so-called other standard makes. The difference in price is due entirely to the difference in material and the difference in the way this material is put together. It is this difference which makes the "Peter Schuttler" by far the cheapest priced of all wagons in the long run. And the very highest grade, specially selected Hickory and white oak is good enough for the "Peter Schuttler" wagon. And even it does not come up to the Schuttler which all standard until it is seasoned by natural air-dried process for three to five years in sheds specially built for the purpose. Great pains are taken by long-experienced wagon makers for the "Peter Schuttler" wagon. The best of refined iron is used, and the spokes are shrunk on hot, thus charring and preserving the wood and making a perfect fit. Every wheel is measured and its tire welded to exact size, then brought to a cherry heat, and shrunk into place by being plunged into cold water, in the same way that the old

### Carer Ended.

Walter S. Gard is the Washington correspondent of the Fort Worth Record. The Record in its Washington dispatches of Monday said expressions of surprise and sorrow marked the opinions of political leaders in discussing the Sulzer impeachment case, and that all admit that the New Yorker's political career is forever ended. Mr. Gard says that among his colleagues in congress Mr. Sulzer was at him as a man of giant intellect or as particularly level-headed. Newspaper correspondents have known this for years. The visit of newspaper boys like "Billy" Sulzer. Newspaper flattery was "Merrie" and drink for him. He was regarded as a good fellow, free with his money, with a craze for the center of the stage. Authority makes most men mad. To be elected governor of New York must have made Sulzer mad. He never injured others; he just destroyed himself. Few men are crucified by their enemies. They crucify themselves by their own acts. At times a man's enemies are his best friends. They put him on his mettle. They inspire him to do his best. They make him cautious. They put a lock on his lips. They compel him to keep his own counsels. He

makes no false steps. A man should praise his enemies, for if he measures up to the full standard of manhood he can put his enemies to fight. To do this he must be a fair player. He must be just as well as get "merciful and charitable and confine his line as near the golden rule line of living as it is possible in this pulsating world.—Fort Worth Record.

### Costly Treatment.

I used them for some time and am now all right." Sold by all dealers.—Advertisement.

original Peter Schuttler did it sixty-nine years ago. That is why the tires never come loose on a "Peter Schuttler Wagon." Every piece of wood in the "Schuttler" gear is given a bath in boiled linseed oil, thereby closing the pores and protecting it against moisture. The paint is ground in linseed oil and then spread on smoothly and evenly with a brush—not dipped. It takes three years to get an axle in right condition for a "Peter Schuttler Wagon," and even then it must pass the regular rigid inspection to which every "Schuttler" part is subjected before it can be used. These are only a few of the many reasons why a "Peter Schuttler" is the most economical wagon you can buy. Come in and inspect it.

Like a towering giant, the Woolworth building, at Broadway and Barclay street, New York, rising to a height of 750 feet, the tallest building in the world, stands, in all its majestic splendor and architectural beauty, a monument to the enterprise from which it emanates and a mute but awe-inspiring manifestation of man's genius and handiwork. This building is 55 stories above the ground and the foundation consists of caissons 19 feet in diameter, sunk to a bed rock 110 to 130 feet below the ground. The total cost is estimated at \$15,000,000.00. The planning of this building was a gigantic task and was done by the most expert men in the world.

Disclaiming any reflection whatever upon living gentlemen who have been honored in recent years by having newly-formed counties named for them, we think nevertheless that it would be good policy to refrain from giving the names of the living to new counties. It is after a man's death, when we can obtain a better perspective of his character and public service, that we can best decide whether such a distinguished honor should be bestowed. At any rate, we can better judge the measure of honor to be bestowed. It is true that many of our great men of the past, probably most of them, have had their memories honored by having counties named for them, but not all by any means. We might at least permit the living to wait until such names as Guy M. Bryan, John W. Stayton, John Ireland and Sul Ross have been thus remembered. Nor is it necessary to confine these honors to those prominent in statesmanship and war. T. V. Munson, the greatest viticulturist the world has ever known, was a Texan deserving of the highest honor. Stringfellow, a horticulturist, is a name that deserves perpetuity. D. C. Giddings and George B. Zimpleman, heroic figures of the dark days, are entitled to the eternal gratitude of the State. We might likewise mention such names as DeMorse, Richardson, Belo and Rosenberg. The point is, let's be sure our county names shall be truly historical. The only way is to wait until our great men are dead and their public services and careers can be accurately appraised. Suppose in the enthusiasm of last January the New York legislature had divided St. Lawrence county and given the name of Sulzer to the cut-off. That would have been a pickle, indeed.—Houston Post.

## THE GOVERNOR'S BLUE PENCIL.

Having destroyed about all the constructive work of the special legislative session convened by his own order, Governor Oscar Brahm Colquitt exhibits unlooked-for intelligence in seeking refuge in a place of such distance and seclusion that he will be undisturbed by the well-deserved storm of criticism that his unwarranted use of the blue pencil can not help provoking. His ruthless exercise of the veto power, especially with reference to appropriations, can not be regarded otherwise than as a masterpiece of spitwork.

His cruel injustice to our great educational and eleemosynary institutions, after having posed as

their friend, can not be construed otherwise than as a disgusting exhibition of political hypocrisy.

His arbitrary withdrawal of funds from the state university and the Agricultural and Mechanical College, after having advocated vast expenditures in their behalf, can not be viewed otherwise than as an amazing example of illogical inconsistency.

During the campaign preceding the special election held in July, Governor Colquitt pretended that he was only advocating measures of relief for state institutions. He argued that the University of Texas, the Agricultural and Mechanical College, the insane hospitals and schools for defectives all needed funds immediately. On this ground he urged the voters of Texas to grant the legislature power to issue bonds in their behalf.

The voters of Texas rejected all propositions advocated by the governor, not so much because they were opposed to the purpose of those propositions as that they were inclined to doubt the wisdom of the methods for carrying them out.

The legislature came to the rescue of the various state institutions by authorizing sufficient appropriations to be raised by direct taxation. The sum total of these appropriations ran into enormous figures, yet not a word was heard from the people of Texas.

Not so with the governor, however, for, notwithstanding the fact that he had posed as a champion of charity and education, no sooner did he get the opportunity than he cut to pieces every commendable effort of the legislature along this line.—Houston Chronicle.

## School Notes.

The board of trustees at a recent meeting set September 15th as the date for opening the 1913-1914 session of the city schools.

Preparations for the coming session are well under way. The rooms in the Winfree building have been enlarged, repapered and painted. Additional windows have been put in, thus improving the lighting of the rooms. The floors, glass, furniture and woodwork in the main building have been cleaned and scrubbed. Both buildings will be fumigated and put in a thoroughly sanitary condition before the opening date. City water and sanitary drinking fountains are to be installed at the Winfree building, and the health and comfort of the children are being looked after as well as conditions will allow.

A \$100 shipment of pictures, the generous gift of the Mothers' Club of Crockett, has been received and will be hung before the session begins. This selection comprises some of the very best pictures obtainable for school room decoration and, when properly placed, will offer a pleasing relief to the otherwise barren appearance of our walls.

The school library is also being overhauled, re-catalogued and enlarged. A list of new books to be added to its shelves is now being prepared.

The board at its last meeting adopted a new course of study for the schools prepared and presented by the superintendent. The new course is practically identical in scope and subject matter with the old; the change being confined almost solely to the use of different text books. This change was necessary in order to comply with the provisions of the new text book law which goes into effect on September 1. The changes made this year by the Text Book Board are more far reaching than ever before, because the new law prescribes texts for most of the high school subjects in addition to texts prescribed for

use in the grades, as under the old law. The new course makes practically no change in texts in those subjects not affected by the new law. Parents should remember that all books adopted under the new law have an exchange price which is considerably lower than the regular price, thus affording an opportunity to dispose of old books at a reasonably fair price.

The outlook for the coming term is very flattering. Conditions are favorable for the best session in the history of the schools, and with the continued good will, help and co-operation of patrons, such a result is to be confidently expected.

## County Commissioners Reconvene.

The commissioners' court of Houston county reconvened in regular session Monday, August 18.

P. B. Beard was donated \$15 to assist him in caring for his invalid daughter.

H. W. Beeson was appointed U. S. agricultural demonstration agent in Houston county for another year.

The court rescinded an order passed August 14 limiting the number of teams to be worked on any crew to eighteen.

Other routine business was transacted.

As published in the Courier last week the county rate of taxation is 35 cents on the \$100 property valuation. The state rate was last week at Austin fixed at 45 cents, divided as follows: State revenue 23, state school 17 and pension 5.

The county tax rates for last year and this year are as follows:

For general purpose, last year, 20; this year, 17.

Road and bridge current fund last year, 8; this year, 8.

Road and bridge sinking last year, 5; this year, 2½.

Special jury fund last year, 5; this year, 4.

Court house and jail fund last year, 2; this year, 1.

Jail building fund last year, none; this year, 2½.

Crockett road district last year, 57; this year, 50.

Grapeland road district last year, 28; this year, 33½.

## A New Kind of Graft.

Here's a new kind of graft, as related by the Rushville, Mo., News: The other day a man and his ten-year-old son boarded a southbound Rock Island train at Weston. The father placed the boy in a seat at the front of the car and took the seat just behind him. When the conductor came through the car, the boy told him he had neither ticket nor money. He said he had run away from his home in Weston and was going to visit his grandmother in Kansas City, whereupon the father of the boy jumped up, took off his hat and placed a dollar in it, after which he passed it among the other men passengers in the car. When several dollars were collected the father gave the money to the boy. Presumably there was another division later.

## Card of Thanks.

We desire to publicly express our profound thanks to our friends for the many acts of kindness shown us during the sickness of our little daughter, Mary. We are proud to know that we live among a people who are so neighborly and kind and we can never express the real gratitude that we feel.

H. M. Gary,  
Mrs. H. M. Gary.

The daughter of A. Mitchell, Bagdad, Ky., had a bad case of kidney trouble and they feared her health was permanently impaired. Mr. Mitchell says: "She was in terrible shape, but I got her to take Foley Kidney Pills and now she is completely cured." Women are more liable to have kidney trouble than men and will find Foley Kidney Pills a safe, dependable and honest medicine.—I. W. Sweet.—Adv.

## Labor Agents Must Not Interfere.

Hempstead, Texas, Aug. 19.—The labor agents from North Texas points, here for the purpose of securing pickers for the northern cotton fields, were waited upon by a committee of citizens Friday afternoon and requested to cease their efforts to induce labor to leave local territory. To this they readily acceded and presumably left town immediately. This is the second instance of the kind this season, but very few, if any, negroes have left here so far. Cotton has opened unusually fast and pickers are much in demand.

## City School Teachers.

The teachers for the Crockett city schools (white) for the term beginning September 15 are as follows: Donald McDonald, superintendent; J. L. Dickson, principal; Miss Lena Bronberg, high school mathematics; Miss Dollie Farris, English; Miss Norma Frels, German; Miss Abrah Cary, from Missouri, science; Mrs. A. R. Spence, Mrs. Maude Pence, Mrs. Theresa Archibald, Miss Emma Craddock, Miss Bunnie Arrington, Miss Minnie Craddock, Miss Leita Lawrence.
