## SENATOR CHAS. A. CULBERSON'S NOMINATION CARRIES DECISIVE INDORSEMENT OF WILSON.

**Culberson Says It Is Beyond His Power  
to Fully Express Thanks to  
Loyal Friends in  
Texas.**

Washington, August 27.—Sunday night Senator Culberson gave out the following signed statement:

**To My Democratic Friends in Texas:**

"The result of the primary election held yesterday naturally appeals to me from two points, one in its relation to national affairs and the other personal to myself. It gratifies me, therefore, to know that my nomination for the senate carries with it a decisive indorsement of the national democracy.

"As to the personal aspect of this splendid victory it is beyond my power to express more than that I am intensely proud of your friendship and profoundly grateful for your confidence.

**"C. A. Culberson."**

The afternoon Washington Times contained the following reference to the Texas primary: "Texans hailed the nomination of Senator Charles A. Culberson over former Governor O. B. Colquitt as a victory for President Wilson in telegrams to the White House today."

Senator Culberson was kept busy Sunday reading the great number of congratulatory telegrams received from friends and supporters in Texas.

Washington and eastern newspapers in their comment upon the nomination of United States Senator Culberson for another term construe it as a victory for the Wilson administration.

The White House was silent on the subject today, but Saturday night Secretary Tumulty spent an hour in the senior Texas senator's office reading the primary returns that were wired from the Dallas headquarters.

"It is a splendid victory. I could

stay all night reading telegrams like these," was the comment of the president's secretary just before he departed for his home.

As indicative of the national importance which was attached to the run-off primary in Texas, Congressman F. E. Doremus, chairman of the democratic national congressional committee, was an early caller at Senator Culberson's office Saturday night and he remained until it had been definitely ascertained that Culberson had been nominated.

Doremus expressed his pleasure over the outcome and said: "This will force the republicans to throw away a large quantity of the Colquitt interview pronouncing the Wilson administration 'the worst failure in the history of the presidency,' which they had printed and were prepared to distribute throughout the Northern States in the event of the nomination of former Governor Colquitt. Senator Culberson's victory shows the Texas democrats understood the situation."

### James Holleman Dead.

James Holleman, the 16-year-old boy who was shot by R. T. Kent at Mr. Kent's cotton pen on Tuesday night of last week, died Thursday, Friday morning Mr. Kent, already under bond for assault to murder, came to Crockett and made bond under a charge of murder. Mr. Kent claims the killing was accidental, he having mistaken the Holleman boys, who had come to the cotton pen at night to get their picking sacks, for parties who were enemies and had threatened him. The Hollemans had picked cotton for Mr. Kent on Tuesday, but had decided after supper to pick for another neighbor on Wednesday. Luther Holleman, the 18-year-old brother, has a chance for recovery, his wound being in the shoulder, while that of the younger boy was in the breast and lung. Mr. Kent fired with a shot gun. The Hollemans were renters in the neighborhood, and were picking cotton for their neighbors while their own cotton crop, which is late, was maturing.

### Pennington Road Work.

Farmers living along the line and adjacent to the Pennington road are certainly to be commended for the unusual interest they have taken in the work of repairing this highway, which has been going on during the past two weeks under the auspices of the Crockett Commercial Club.

Up to Friday night of last week one hundred and thirteen days' work with teams had been donated, and it looked as if there would be forty to fifty days more team work offered, in case it was necessary to see the work through to a finish. All of the men in the district cheerfully responded to the call of the overseer and contributed their full eight days in a manner that showed they were deeply interested, and the results have been of the most gratifying character.

From Pennington westward about five miles of the road has been thoroughly ditched and graded in suitable manner, and from that point through the White Rock bottom all of the bad spots have been repaired, and preparatory work done for the new bridges and culverts that are to follow.

The county has provided two steel bridges, two wooden bridges and fifteen corrugated steel culverts for this piece of work, and they are due here this week and may be in place by the time this paper goes to press.

Overseer J. C. Arnold is in charge of the work, and has handled it admirably throughout, and is not going to quit until he has the highway in satisfactory condition up to the point where Overseer John B. Satterwhite takes hold, and he will carry it forward to the road district limit. H. A. Fisher, Secretary.

## CULBERSON LEADS COLQUITT NEARLY TWO TO ONE IN RUN-OFF FOR TEXAS U. S. SENATORSHIP.

**Returns From Several Localities Which  
Had Been Counted Strong for Col-  
quitt Show a Marked Change  
Since July Primary.**

Dallas, Texas, Aug. 26.—Charles A. Culberson has overwhelmingly defeated Oscar Branch Colquitt for United States senator in the run-off primary election held throughout Texas Saturday.

Returns received by the Texas Election bureau and tabulated up to 10 o'clock tonight indicate that Culberson has received nearly two votes to one by his opponent. These returns have come in from correspondents in every section of the state. While it is not thought the final tabulation will disclose this wide a difference, it does appear that the senior senator's nomination has been attained by anywhere from 75,000 to 85,000.

The vote all over the state seems to have been unusually light and the total likely will fall considerably below 300,000. It is probable 270,000 will be the outside figure.

The total vote from about two-thirds of the counties, most of them complete, at 10 o'clock was:

Colquitt, 74,384.  
Culberson, 129,749.  
This shows Culberson leading by a majority of 55,364, but the ratio was even greater earlier in the night. It now looks as though Colquitt has not polled as many votes as he did in the primary election July 22.

Travis county, with two small boxes out, gave Colquitt 1293 and Culberson 2604, or a little better than two to one.

Returns from Bexar county, counted to be strong for Colquitt, give Culberson 2503 and Colquitt 1582. It was believed by Colquitt's friends that he would carry Bexar county by from 3000 to 5000. The

story told by Travis and Bexar counties seems to fit pretty well for all sections of the state.

Culberson carried Galveston county three to one, according to early returns. Eleven city boxes gave Culberson 1570 votes to Colquitt's 517.

### A Card of Thanks.

To the Democrats of Houston County:

You did yourselves proud in Saturday's primary, and we both commend and congratulate you. Great interests were at stake and you sustained them all. The democratic party, in both state and nation, has been made sounder and better by your votes, and it will go into the pending contest with renewed energy and stronger purpose. This contribution to clean politics and good government is beyond computation, and the world has been made better thereby.

For those who voted with the minority we have no harsh word. We must assume that they did what they thought best for their country. It is to be hoped that we are all patriots and all inspired by the highest motives.

Now let us, one and all, forget our differences of recent origin and join in a common effort for the success of our great party and for the advancement of everything that is good for our common country.

We again thank you for this vote of confidence in our United States senator, Charles A. Culberson, and assure you that he, too, appreciates what you have done beyond the power of any words to express.

**Selling Farm Crops.**

It is believed that there will be more business in marketing crops this fall than formerly in the Southwest. From reports it seems that farmers are thinking and inquiring regarding the supply and the demand. Doubtless many will make better use of what facilities they have for getting fair prices for their products.

There is no such emergency for dumping farm products upon the market this year as existed in 1914 and even in 1915. Cotton growers for the most part are more independent this year than usual. Few of them will be forced to sell as soon as the cotton is picked. There is money in the country and most banks and merchants will be in a position to extend credit. As a matter of fact many will not need credit.

Those who have feed crops doubtless will find a fair market for the surplus. Quotations for staple feeds are very encouraging. Good prices are likely to prevail for most farm products and this is unusual. Generally some crops bring very low prices while others may be fair. Surely the outlook at this time is encouraging.

Let us make the best use of our opportunities. To do this we must keep in close touch with the market, gather in the best manner possible and sell when our judgment convinces us that we should. Surely we will not neglect this when there is such opportunities for good prices.—Farm and Ranch.

**The Zone System.**

That all things come to the grandchildren of those who wait may be eventually verified with regard to the adoption of the zone system in its entirety by the United States postal department. A start in this direction has already been made in the parcel post section of the service and an effort is being made to have it extended to second-class matter, which includes the periodicals published and circulated throughout the country. It has been often repeated that the zone system would have long since been made to apply to this class of mail matter had it not been for the determined opposition of the big magazines. The owners of these publi-

cations see in the proposed zone system an increase in their expenses and a consequent curtailment of their profits, and very naturally they do not welcome any suggestion that would disturb the existing satisfactory condition.

But the daily and weekly newspapers are finding out that the big magazines are reaping profit at the expense of other patrons of the postal service. The first-class mail is called upon to make up a deficiency brought on by the tremendous weight of the weekly and monthly publications that circulate all the way from Maine to California at a rate of postage that causes an annual deficiency in the postal revenues. The demand now is that there be a most equitable adjustment of the postage rate so that those to whom the greatest service is rendered should be called upon to contribute more largely to the expense of that service.

The argument is made that local newspapers, the publications that are most truly a necessity to the people, and which circulate more generally within a radius of 300 miles from their place of publication, are compelled to pay the same rate as do the magazines carried all the way across the continent and which, because of the aid given by the postal department, are enabled to invade the field of the local newspaper and accept advertising properly belonging to the home publication. However, it is not on the ground of loss of advertising patronage that the newspapers are protesting against a perpetuation of the existing system, but upon the basis of justice—the more service, the higher pay—and this basis, they claim, has already been recognized by the postoffice department in arranging rates covering the parcel post service.—Galveston Tribune.

**State Starts Year With Cash.**

Austin, Tex., Aug. 25.—The state of Texas will be more prosperous in its finances on September 1 next than on the first day of any previous fiscal year in some time. It developed today that the general revenue fund will have over \$3,000,000 to its credit a week from today and the available school fund will have approximately \$1,000,000.

The fiscal year begins September 1, as does the appropriation period, hence all new appropriations, that is, those for the year 1916-17, become available on that date. There will be ample cash on hand to meet the obligations and it is now evident there will be no deficiency in general revenue this year. State tax money commences to come in during December and in January and February it is heaviest. With the usual collections and the healthy cash balance on hand there will be ample funds to carry the state until the new state taxes come in.

The heavy balance in the available school fund is fortunate in that it will enable the state board of education to pay out the new apportionment without a deficit. The board made an apportionment of \$7 per capita for the ensuing scholastic year. Since there are some 1,240,000 scholastics, the board will be able to pay 75c per capita in September, the very first month of school.

**Public Dinner Eaters.**

Back in the hills of North Carolina and Georgia there is a race of people known as the "dirt-eaters." These people know where all the good eating dirt in a large area is located, and they are drawn to it pretty much as the wild deer were drawn to salt places in the early days, which the old deer hunters called "deer licks." In East Texas we have a race of public-dinner eaters, or picnic goers. It is of common knowledge that the picnics in East Texas are noted for victuals that are not excelled in America for the delicious manner in which they are prepared, as well as quality and variety, and each community, with each recurring summer, has its picnic. These are community picnics, and it is expected that each member of the community will conform to all the rules and regulations, long and well established, which mean a contribution of the edibles and presence at the dinner. It is a distinctive pleasure to be a guest at one of these picnics.

There one enjoys a hospitality as old as our country, and as real and genuine as ever abided in the hearts of our people. Hence, it is not strange that out of a large and heterogeneous population there should develop professional picnic-goers. And right here is the beginning of a system that lays heavy burdens upon hospitality, and in all countries where it has multiplied in a large ratio it has forced a circumscription of the blessed, wholesome community dinner to a family dinner. In this country yet the number of professional picnic-goers is so small that it has made no perceptible inroads upon community hospitality, but if the time ever comes that community hospitality shall cease, and the neighborhood dinners, conducive as they are to a spirit of loyalty, love and devotion to the neighborhood's welfare—if that time ever comes, and we pray that it may never—it will be because of the fact that the professional dinner-hunters will be so large in number that they will force hospitality to take a back seat.—R. T. Milner in Rusk County News.

**SOME BASEBALL STARS**

THE FARM AND SMALL TOWN FURNISH BEST MATERIAL FOR BIG LEAGUE TIMBER.

Looking over the roster of the big league ball teams you will find name after name of men who only recently were boys on the farm or in the village or small town. On the other hand, surprisingly few hail from the big cities. And yet, this is not so surprising after all. Even laying aside our knowledge of the big part that the so-called country boy has always played in the great affairs of business and the nation, the country is the place to lay the foundation necessary for athletes.

The photographs shown are familiar to all lovers of the great National game. In addition to their being representatives of their type in the baseball world, all of these stalwart athletes are great endorsers of that beverage you know and like so well—Coca-Cola.

**Short Histories of the Players.**

**JONES, Fielder Allison**, Manager of St. Louis Browns. Born August 13, 1871, at Shingle House, Pa. Last season he came within one-half game of winning Federal League pennant, finishing nearer the top than any team in major leagues since the Browns in 1889.

He says Coca-Cola is his favorite beverage.

**ALEXANDER, Grover Cleveland**, Pitcher Philadelphia Nationals. Born in St. Paul, Nebraska, February 26, 1887, and lives on a farm there now.

Alexander is one of the greatest pitchers in the game today, being practically responsible for the Philadelphia National League team winning the pennant last year. Drafted by Philadelphia in Aug-

ust, 1910, with whom he has since played. He warmly endorses Coca-Cola as a drink for athletes.

**DOYLE, Lawrence**, Captain New York National League Club. Born at Caseyville, Ill., July 31, 1886. Second baseman.

He has played with the New York Nationals since 1907, and was appointed Captain in 1912, which position he has since held with them. Leading hitter of the National League for the season of 1915. Like all the best of them he is a staunch believer in Coca-Cola.

There is, by the way, a wonderful similarity between the origin of these ball players and that of the beverage which they endorse. Coca-Cola might be called an agricultural drink, both from the materials it is made of and because of its great popularity in the country as well as in the city. For Coca-Cola, if ever there was a natural, wholesome beverage, is such—it itself is a gift from Nature. Made from Nature's pure water, flavored with the juices of fine fruits and things that grow and sweetened with Nature's purest, finest sugar—and please particularly remember this last—Coca-Cola contains no artificial sweetening matter but just the best of pure cane sugar. It is this fine combination that gives Coca-Cola its deliciousness of flavor, its distinctively refreshing and thirst-quenching qualities and great wholesomeness. That's why ball players, athletes, fans—all classes and kinds of men and women drink and endorse Coca-Cola. Drink a glass or a bottle and you will be just as enthusiastic about it.

Carlton, by making publication of this Citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Houston County, to be holden at the Court House of said Houston County, in the town of Crockett, on the fifth Monday after the first Monday in September, A. D. 1916, the same being the 9th day of October, A. D. 1916, then and there to answer a petition filed in said Court on the 7th day of August, A. D. 1916, in a suit, numbered on the docket of said Court No. 7653, wherein T. J. Routen is plaintiff, and the unknown heirs of Jacob Perkins, deceased, the unknown heirs of John S. Carlton, deceased, the unknown heirs of E. J. Carlton, deceased, the unknown heirs of John W. Foster, deceased, the unknown heirs of Bart Chandler, deceased, and Mary C. Marsh, E. N. Marsh, Bart Chandler, Shadrack Carlton, and J. M. Carlton are Defendants, and said petition alleging that plaintiff is the owner in fee simple and is lawfully seized and possessed of the following described tract of land, situated in Houston county, Texas, being the Jacob Perkins 160 acre survey, about 15 miles S. 67 E. from the town of Crockett, and described by field notes as follows: Beginning at a stake 1470 vrs. N. 172 E. from the N. E. Corner of D. Ashworth's pre-emption survey a P. O. 18 in dia. brs. N. 28 W. 7 vrs. Thence N. 10 W. 950 vrs. to a stake a Pine brs. S. 54 W. 72 vrs. stake a Pine brs. S. 2 E. 2 2-10 vrs. Thence N. 80 E. 950 vrs. to the place of beginning. Plaintiff alleges that he and those under whom he claims title to said land have had and held the peaceable, continuous, and adverse possession thereof, cultivating, using and enjoying the same, under deeds duly registered, paying all taxes due thereon for a period of five and ten years, respectively, and plaintiff specially pleads the five and ten years statutes of limitation in bar of any claim asserted by the defendants or any of them to said tract of land.

The fact that there is no title out of John S. Carlton, the grantee of Jacob Perkins, the original grantee of said survey, to any part of said survey, and that there is no title of record out of J. M. Carlton in whom was vested title to a part of said survey, and the deed from Mary C. Marsh and E. N. Marsh is lost and not of record, casts a cloud upon plaintiff's title. That the other defendants assert some claim to said tract of land, which is unknown to plaintiff. Wherefore plaintiff prays for citation in the terms of the law, and that upon the trial hereof, he have judgment for the title and possession of said land, removing all clouds therefrom, and for costs and general and special relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

VIII.

In addition to the foregoing, plaintiff will offer tax receipts and redemption certificates to show the payment of taxes on the land herein sued for, as well as parcel and other evidence to show occupancy, use and enjoyment of said premises.

Wherefore, premises considered, plaintiff prays for citation herein to defendants, requiring them to appear and answer herein; that upon the trial hereof he have judgment against said defendants and each of them for the title and possession of said land, and that the cloud cast upon plaintiff's said title by the pretended claims of defendants be cancelled and held for naught, for his said damages, writ of possession, costs of court, and for such other and further relief, special and general, in law and in equity, to which he may show himself entitled.

Herein fail not, but have before said Judicial District Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, John D. Morgan, Clerk of the 3rd Judicial District Court of Houston County, Texas.

Given under my hand, and the seal of said court, at office in Crockett, Texas, this 3rd day of August, A. D. 1916.

JOHN D. MORGAN,  
(SEAL) Clerk of the Third Judicial District Court of Houston County, Texas.

I hereby order this writ published in the Crockett Courier for the time hereinafter specified. This the 5th day of August, A. D. 1916.

Sheriff of Houston County, Texas.

The State of Texas, To the Sheriff or Any Constable of Houston County, Greeting: You are hereby commanded to summon Francisco Perez, the unknown heirs of Francisco Perez, the unknown heirs of H. H. Edwards, deceased, Peyton F. Edwards, the unknown heirs of Peyton F. Edwards, Sarah M. Edwards, the unknown heirs of Sarah M. Edwards, Emily Smith, joined by her husband James F. Smith, the unknown heirs of Emily Smith and James F. Smith, Belle Raguet and husband Charles M. Raguet, the unknown heirs of Belle Raguet and Charles M. Raguet, Sarah Ellen Edwards, the unknown heirs of Sarah Ellen Edwards, Hayden H. Edwards, Jr., the unknown heirs of Hayden H. Edwards Jr., Sarah E. Sparks and husband James R. Sparks and the unknown heirs of Sarah E. Sparks and James R. Sparks, by making publication of this citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the nearest county to your county, to appear at the next regular term of the District Court of Houston County, to be holden at the Court House of said Houston County, in the town of Crockett, on the fifth Monday after the first Monday in September, A. D. 1916, the same being the 9th day of October, A. D. 1916, then and there to answer a petition filed in said Court on the 5th day of August, A. D. 1916, in a suit, numbered on the docket of said Court No. 7651, wherein J. M. Thornton is Plaintiff, and Francisco Perez, the unknown heirs of H. H. Edwards, Peyton F. Edwards, the unknown heirs of Peyton F. Edwards, Sarah M. Edwards, the unknown heirs of Sarah M. Edwards, Emily Smith and her husband James F. Smith, the unknown heirs of Emily Smith and James F. Smith, Belle Raguet and husband Charles M. Raguet, the unknown heirs of Belle Raguet and Charles M. Raguet, Sarah Ellen Edwards, the unknown heirs of Sarah Ellen Edwards, Hayden H. Edwards Jr., the unknown heirs of Hayden H. Edwards Jr., Sarah E. Sparks and husband James R. Sparks and the unknown heirs of Sarah E. Sparks and James R. Sparks are defendants, and said petition alleging that on the first day of January, 1916, he was lawfully seized and in possession of the hereinafter described tract of land, claiming the same in fee simple, to-wit: Being a part of the Francisco Perez legacy of land, situated in Houston county, Texas, about seventeen miles S. W. from Crockett, and bounded as follows: Beginning at the S. W. corner of Block No. Three (3) of a subdivision of said league. Thence N. 45 E. with the line of block number three 513 7-10 vrs. to corner in prairie from which Butler's well bears N. 45 E. 4-10 vrs. Thence N. 45 W. 1080 vrs. to N. W. line of block number four, to stake, from which a Black Jack 7 inches brs. S. 22 E., another 8 in. brs. S. 28 W. 4 6-10 vrs. Thence line to N. W. 7-10 vrs. with said block line to 45 W. corner of block number seven. Thence S. 45 E. with the line of block number 7, 1080 vrs. to the place of beginning, and containing 98 1/2 acres of land.

The record fails to show any deed from Francisco Perez to any one, and certain parties who have made transfers of said land show the grantors to have claim thereto, by virtue of a will said to have been made by Hayden H. Edwards, and there is no will of record in Houston County, while other transfers purport to have been made by their attorneys in fact, and no such power of attorney is of record in Houston County. That the same casts a cloud upon the plaintiff's title, which he herein seeks to remove.

Plaintiff says that he and those whose title he has, claiming the same under deeds duly registered, has had peaceable, continuous and adverse possession of the land and tenements claimed in plaintiff's petition, cultivating, using and enjoying the same and paying all taxes due thereon, for a period of more than five years after the defendants' cause of action accrued, if any they ever had, and of this he is ready to verify.

For further plea in this behalf he says that he, and those under whom he claims, claiming to have good and perfect right and title to the land herein sued for, has had, and held peaceably the land claimed, and adverse possession of the same, cultivating, using and enjoying the same for a period of more than ten years after the defendants' cause of action accrued, if any they had, and before the commencement of this suit, of which he is ready to verify.

Wherefore he respectfully prays, that citation be issued for the defendants in terms of the law, requiring the defendants or either of them to appear at the next regular term of this court, and show cause why all cloud may not be removed from plaintiff's title, and that plaintiff have his judgment for the same clearing his title, and for general and special relief. Herein fail not, but have before said

Tyler, Lucy Ann Sharpes, B. T. Sharpes, B. F. Sharpes, Theresa Harvey, J. W. D. 1916, the same being the 9th day of October, A. D. 1916, then and there to answer a petition filed in said Court on the 7th day of August, A. D. 1916, in a suit, numbered on the docket of said Court No. 7652, wherein T. J. Rouden is Plaintiff, and the unknown heirs of Peter Tumlinson, deceased, the unknown heirs of J. L. Monroe, deceased, the unknown heirs of R. W. Gibson, deceased, the unknown heirs of G. W. Tumlinson, deceased, the unknown heirs of B. D. Dashiell, deceased, the unknown heirs of Lucy Ann Sharpes, deceased, the unknown heirs of B. T. Sharpes, deceased, the unknown heirs of B. F. Sharpes, deceased, the unknown heirs of E. L. Angier, deceased, the unknown heirs of W. E. Tyler, deceased, the unknown heirs of Theresa Harvey, deceased, and the unknown heirs of J. W. Harvey, deceased, and J. L. Monroe, R. W. Gibson, G. W. Tumlinson, B. D. Dashiell, E. L. Angier, W. E. Tyler, Lucy Ann Sharpes, B. T. Sharpes, B. F. Sharpes, Theresa Harvey, J. W. Harvey and the Louisiana and Texas Lumber Co. are defendants, and said petition alleging that plaintiff is the owner in fee simple and is lawfully seized and possessed of the following described tract of land, situated in Houston county, Texas, being a part of the Peter Tumlinson 640 acre survey, about 16 miles S. E. from Crockett, Texas, and being 40 acres out of the S. E. corner of said Peter Tumlinson 640 acre survey, in a square, said 40 acres being 475 varas square.

Plaintiff alleges that he and those under whom he claims title to said land have had and held the peace-

able, continuous and adverse possession thereof, cultivating, using and enjoying the same, under deeds duly registered, paying all taxes due thereon for a period of five and ten years respectively, and plaintiff specially pleads the five and ten years statutes of limitation in bar of any claim asserted by the defendants or any of them to said tract of land.

The fact that there is no title out of Peter Tumlinson, the original grantee of said survey, to any one for any part of said survey, that there is no title out of J. L. Monroe, R. W. Gibson and G. W. Tumlinson to undivided one-fourth of said 640 acre survey, and that the Louisiana and Texas Lumber Company is asserting some sort of claim to a part of said tract of land sued for herein, casts a cloud upon plaintiff's title.

That the other defendants herein are asserting some sort of claim to said land, the character of which is unknown to plaintiff.

Wherefore, plaintiff sues, and prays that defendants be cited herein, and that upon the trial hereof, he have judgment for the title and possession of said tract of land, removing all clouds therefrom, and for costs of suit and for general and special relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, John D. Morgan, Clerk of the District Court of Houston County.

Given under my hand and the Seal of said Court, at office in Crockett, this the 7th day of August, A. D. 1916.

# The Crockett Courier

Issued weekly from the Courier Building.

W. W. AIKEN, Editor and Proprietor.

## PUBLISHER'S NOTICE.

Obituaries, resolutions, cards of thanks and other matter not "news" will be charged for at the rate of 5c per line.

Parties ordering advertising or printing for societies, churches, committees or organizations of any kind will, in all cases, be held personally responsible for the payment of the bills.

In case of errors or omissions in legal or other advertisements, the publishers do not hold themselves liable for damage further than the amount received by them for such advertisement.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Courier will be gladly corrected upon its being brought to the attention of the management.

## THE NATION'S DEMOCRACY ENDORSED.

The Courier is glad of the fragmentary part it had in the re-election of Senator Culberson.

The victory was a party one. Governor Colquitt, in his antagonism of the national democratic administration, helped to bring about his own defeat. The people saw that his election would be construed as an endorsement of his antagonism, and the people, believing in the principles and policies of the national democratic government, defeated him.

A thing contributing in no small measure to Governor Colquitt's defeat was his distasteful pandering to the German element—a thing so distasteful to a part of the German citizenship that it turned against him. There were other and minor contributing causes of defeat.

It was a party victory in that it was an endorsement of the national democracy. Such is the national construction of Senator Culberson's re-election.

## SUPPLY IS ADEQUATE.

Anticipating the predicted paper famine and the freight tie-up as a result of the threatened railroad strike, the Courier has this week received a shipment of paper that will be adequate for its needs for some time to come. This shipment was bought at an advance of the price paid a year ago and, as we expect to stay in business, our prices on all printing orders will have to be revised. It is not generally known that the United States is to-day practically out of white news print paper. The shipment received this week by the Courier is part of a carload shipped from the factory at Powell River, British Columbia, and distributed to its customers by a Texas wholesale house. The wholesale houses are all out of stocks and only distribute carload shipments as they can get them. But the Courier has an adequate stock on hand and will be able to take care of all orders for some time to come. Our advance in price will be no more than is absolutely necessary to prevent loss.

## TAKING A DOUBLE CHANCE.

Crockett people who make the habit of crossing over to the left hand side of the street to stop their automobiles and other vehicles should hold only themselves to blame if they get run into. They take a double chance, for the law not only gives the left side to those coming from the front, but also to those overtaking from the rear. All vehicles should stop on the right hand side, and it is better to walk across the street after getting out than to violate the rule by stopping on the wrong side.

## MAKE IT PLAIN.

Matter written for publication should be as-intelligible as it is possible to make it. Subscribers ex-

pect a newspaper to be well printed and well edited, which they have a right to expect, and the Courier must insist that all articles handed in for publication be well written and prepared with the same care that is expected of the newspaper. Too much time is lost by editors and printers in trying to decipher unintelligible "stuff"—not all of it poorly hand-written, but some of it dimly and poorly type-written. Some writers evidently think that editors and printers are gifted with an insight that no other human beings possess. Well written "copy" is as pleasing to the printer's eye as is the well printed paper to the eye of the reader.

## A STIMULANT TO LAGGARDS.

The community fair held Thursday at Wesley Chapel should be a stimulant to agricultural laggards. Finer corn was never shown in Illinois or Iowa, Louisiana never produced finer sugarcane nor Mississippi finer cotton, Maryland never produced a better sample of preserves and canned goods and no state ever produced better dairy products or other products of the farm and garden. From a financial standpoint the fair lost money, but from an educational standpoint the fair was a great success. And as an incentive toward the accomplishment of better things, the fair took a long stride. The premium awards will be published in this paper next week.

## Trinity the Objective Point.

S. M. Bridgewater of Trinity was in Crockett Saturday arranging for the entertainment of a party of automobile excursionists which will be in Crockett Friday morning, September 8, from 9 until 10 o'clock. The party, starting early Friday morning from Palestine, will be joined at Elkhart and Grapeland by other automobilists. Passing through Houston county, stops will be made at Grapeland, Crockett and Lovelady. The party will be further augmented at Crockett and Lovelady by automobile owners with Trinity as the objective point. An agriculture and good roads meeting, in which the whole of east Texas is invited to take part, begins at Trinity Friday morning, September 8, continuing until Monday. The purpose is to improve farming, promote the general welfare and formulate plans for better roads in east Texas. To this end farm exhibits will be displayed, together with poultry and livestock; national and state departments of agriculture will be represented and practical demonstrations, including canning and preserving, made; moving picture demonstrations of road building will be a feature. A special feature will be that Senor Zeferino Dominguez, the world's corn king, will lecture and illustrate in moving pictures his wonderful methods of corn production.

From the other way a party of automobile excursionists will come from Houston, being joined at Conroe, Huntsville and intervening towns. The Houston party will be headed by Mayor Campbell, who will deliver an address. Hon. J. W. Young of Crockett, as secretary of the Palestine to Galveston good roads association, will have a prominent part on the program.

## British Prose Wage Determined Fight.

London, August 23.—Prominent prohibitionists in this country have been for a considerable time past carrying on a determined campaign against the drink traffic.

They point to the success of the suppression of alcoholics in France and Russia in an early period of the war. Restrictions of hours in the saloons has not affected the desired end, as excessive drinking still obtains in many quarters.
