The George Bailey Address.

The public at large and the laymen of the county in particular are hereby notified that arrangements have been made for the address of Hon. George Bailey on Sunday, the 25th inst. The address will be delivered at the Methodist church at Crockett, Rev. C. B. Garrett very kindly having offered the use of his pulpit for the occasion. And the indications are that the pastors of all the churches of the town will join in the service, waiving their own services at that time. The time will be the regular 11 o'clock service. A full program, including excellent music by the choirs of all the churches, is expected to be arranged, and the occasion promises to be a notable event of its kind. It is the earnest hope and desire of those in charge of this service that the laymen, and all others who will, from all over the county, attend. The pastors of the entire county are especially invited to be present. Let no one forget the day and the hour.

Census Is Important.

While the enumeration of the census in the rural precincts has not been completed, yet some parts of same have been covered, and we would appreciate it very much, in the interest of securing a full and complete enumeration of all the inhabitants of your county, to have you insert, in as conspicuous a manner as is possible, a notice requesting any person living in a neighborhood where the enumerator has already visited, who himself has not been enumerated, or who knows of some one or ones who have not been enumerated, to either communicate that fact directly to the enumerator of that district or to the undersigned. It is very much to the interest and welfare of this district and every county in it that we secure a complete and full census, as practically all governmental actions and appropriations affecting and applying to this district for the next ten years will be based upon the census results.

Thanking you for your former co-operation herein, I am yours very truly,
J. H. Painter,
Supervisor 7th Dist. of Texas.

Dinner Party.

One of the most enjoyable entertainments given for the seniors was a dinner party by Miss Lucy Roye DeuPree Saturday evening, January 10, 1920, in honor of her cousin, Mr. Joe DeuPree. The honoree is a new member of the senior class. At six-thirty the guests were called to the dining room where we found a very artistically arranged table set for twelve guests. Here we were served five courses by two very charming maids, Misses Alta Stokes and Inez Jones. After the last course was served, the guests were told to draw the ribbons attached to their place cards, and from a bowl in the center of the table of ferns, seemingly, came souvenirs of different kinds, which caused much merriment and laughter.

We retired to the parlor and played games of all kinds; we also enjoyed the music given by the hostess. About ten-thirty some

of the guests said something of going home; the hostess said that this being leap year the girls had to ask the boys to take them home. At first the girls seemed bashful in accomplishing this task, but soon it was accomplished and we guests bade the hostess and honoree good night, saying we had spent a most enjoyable evening.

The "victims" of this enjoyable occasion were Misses Bettie Dawes, Katie King, Effie May Lacy, Cora Phillips, Alta Stokes and Inez Jones; Messrs. John Waller, Eugene Kennedy, Robert Guinn, Robert Atmar, Madden Boone, Julius and Joe DeuPree. A Guest.

That the Plaintiff derains title to said land as follows:

Patent from the State of Texas to S. C. Collison, granting one league of land in Houston County, Texas.

Original title granting to John Edens one league of land in Houston County, Texas.

Deed of J. R. Edens, for himself and others, to J. E. Hollings-

worth, conveying the land in controversy.

Deed of J. E. Hollingsworth to Eliza Kempner, conveying the land in controversy.

Deed of Eliza Kempner to W. L. Moody & Company conveying the land in controversy.

Deed of J. E. Hollingsworth to W. L. Moody & Company conveying the land in controversy.

Deed of W. L. Moody, Jr, and Frank B. Moody to W. L. Moody, conveying the land in controversy.

The Plaintiff further alleging that he and those under whom he claims have had and held peaceable, continuous and adverse possession, under title and color of title, from and under the sovereignty of the soil, the land claimed and described in this petition for more than three years after Defendants cause of action accrued, if any accrued, before the commencement of this suit.

That Plaintiff and those under whom he claims have had and held peaceable, continuous and adverse possession, of the lands claimed and described in this petition, claiming the same under deed and deeds duly recorded, cultivating and using and enjoying the same, each and every year, and paying the taxes thereon for a period of more than five years after Defendants cause of action accrued, if any ever accrued, and before the commencement of this suit.

That Plaintiff and those under whom he claims have had and held peaceable, continuous and adverse possession of the land claimed and described in this petition, using, cultivating and enjoying the same, each and every year for a period of more than ten years after Defendants cause of action accrued, if any ever accrued, and before the commencement of this suit, all of which Plaintiff is ready to verify and pleads the three, five and ten years statutes of limitation.

That the deed records of Houston County have been twice destroyed by fire, and in consequence, a great many deeds and links in chains of titles have been destroyed and are now missing, and there does not appear of record any conveyance of the land described in this petition, by John Edens and S. C. Collison, during their life-time and no evidence of a conveyance by their heirs since their death, which occurred long years ago, and the original deeds are now lost and cannot be found after diligent search, and on account thereof, there is a cloud cast upon Plaintiff's title.

That the Defendants are asserting and claiming an interest in and to said land which clouds the title of Plaintiff, and praying on proof being heard, that he have judgment for the land sued for, quieting the title thereto, and removing all clouds therefrom, and for such other orders and decrees as may be equitable.

Herein fail not, but have before said court on said first day of next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness V. B. Tunstall, Clerk of the District Court of Houston County, Texas.

 Hon. Jesse H. Ratcliff died at his home near Ratcliff on Thursday, January 1. The remains were laid to rest at Mt. His minister, whose name and church we did not get, assisted in the funeral services.

Mr. Ratcliff was one of the oldest, best known and most beloved citizens of Houston county. He had lived many years near Ratcliff and near the old cemetery where he was buried. The town of Ratcliff was named for him. Twenty years ago he represented Houston county in the state legislature and was at that time engaged in farming and saw-milling. He cut the first lumber for the big mill that was erected at Ratcliff about that time. During later years he did not enjoy robust health and was not active in business and politics, but his influence was largely felt in church, school and lodge affairs. He leaves many relatives and friends, especially in the eastern part of Houston county, to mourn his passing.

24 GRANT WOMEN RIGHT TO VOTE

ONLY TWELVE MORE NEEDED TO MAKE AMENDMENT EFFECTIVE.

New York, Jan. 6.—Action of the Rhode Island and Kentucky legislatures Tuesday in ratifying the federal woman suffrage amendment brings the number of States which have accepted it to 24. Ratification by 12 more States is necessary before the amendment becomes effective, and officers of the national American Woman's Suffrage association Tuesday declared they would conduct an active campaign to obtain the necessary satisfactions before the presidential primaries in April.

Women of 21 States, including Rhode Island, will enjoy presidential suffrage this year regardless of whether the amendment becomes effective before the presidential primaries, according to suffrage association officials.

States which have ratified the amendment and in which presidential suffrage this year is contingent upon the amendment becoming effective include Arkansas and Texas.

The suffrage of women in Arkansas and Texas is limited to State primaries.

Special legislative sessions to take action on the amendment already have been called for the next few weeks by Oregon and Idaho. Arizona, Nevada, Oklahoma, Washington and Wyoming, whose legislatures do not meet this year, also are expected to call special sessions to take action on the amendment. Other States in which the amendment probably will be taken up in regular sessions this year are Louisiana, Mississippi, Virginia, Georgia, South Carolina and New Jersey.

KANE DECLARES HE IS POWERLESS TO CHECK GOUGERS

Handicapped by Cooke's Refusal to Reorganize Wartime Fair-Price Board, He Says

ATTORNEY'S DUTY TO STOP PROFITEERING, SAYS HEINZ

Prosecutor Has No Time to Answer Questions Concerning Action in Other Cities

With the housewives of this city clamoring for direct, vigorous action against the food gougers, whom they hold responsible for the undernourishment of their children, Francis J. Kane, United States district attorney, declared yesterday he was powerless to check profiteering.
Mr. Kane complained he was handicapped by the refusal of Jay Cooke, formerly food administrator in Philadelphia, to reorganize the fair-price board. That, in the face of public opinion, ought to be the duty of the board, he said.
But Howard Heinz, attorney for Pennsylvania, told Mr. Kane on that point.
Mr. Kane in an interview with the PUBLIC LEADER in Pittsburgh last night said Mr. Heinz, although he was making every effort to have fair-price boards re-established, that would not relieve the federal authorities from their duty to stop profiteering.
The district attorney said that the Lever food-control act would prove to be effective in cases of profiteering as distinct from profiteering. He reiterated that it would be extremely difficult to prove violations.
Mr. Kane acknowledges that prices are inordinately high. Ignoring the price of meats, regarding which Robert M. Simmers, agent of the State Food and Dairy Department and government food and drug inspector, has given him a mass of evidence, he said that "the prices of green vegetables are terrible."
Mr. Kane said that the prices of green vegetables are terrible. He said that the prices of green vegetables are terrible. He said that the prices of green vegetables are terrible.

Great Quantities of Food Seized by Federal Agents in Big Cities

INDICATIONS of the real punch behind the high cost of living were given in a report by federal agents in many cities.

In Chicago 1282 tubs of butter, 284,180 pounds of coffee, wheat and in Birmingham 160 barrels of flour.

Cooke Reiterates Refusal to Return for Food Fight

Howard Heinz, food administrator for Pennsylvania, in an interview with the PUBLIC LEADER over the long-continued fight to induce Jay Cooke, food administrator for Philadelphia, to return to this city from Philadelphia and reorganize the fair-price board here, Mr. Heinz expressed the opinion that Mr. Cooke may yet be induced to assume that burden.
Mr. Cooke, in a talk over the telephone wire last night said he was in his determination not to resign his duties as food administrator.

The United States food administration had taken the position that...

against radicals and for their deportation. While congress was yet giving the request preliminary consideration, from the temporary headquarters of the Russian soviet bureau, located less than three blocks from the department of justice building, there was issued a written statement by S. Nuorteva, who said he was secretary to Ludwig C. A. K. Martens, self-styled ambassador to the United States from the Russian soviet government, setting forth general

charges against department of justice agents. These charges were that department agents had "actively participated" in the formulation of some of the planks of the communist and communist labor party platforms which, the statement said, "now form the basis of the persecution of thousands of people." Another charge was that "the chief figures in such celebrated bomb plots were agents of a similar nature." Department of justice officials

admitting that a search was being made for Martens, carefully read the Nuorteva statement and, although refusing to discuss it officially, said privately that the situation to them was "humorous." The department of labor's request for additional funds to conduct its work in rooting out radicalism was based on a recommendation of Anthony Caminetti, commissioner general of immigration. Prediction was made at the department of justice that the hearings on depor-

tation cases, which are scheduled to begin tomorrow in several cities, will require two months. Additional time then will be required for final review of the cases in Washington.

Mexico City, Jan. 6.—Coutzlan was destroyed by Saturday's earthquake with 2000 casualties, including more than 1000 dead, according to official reports given out here Tuesday night by presidential military headquarters from advices received from officers in the Vera Cruz center of disturbance.

Only two houses are left standing in the village of Coutzlan, according to reports received here Tuesday.

Eleyen bodies have been recovered from the river at San Francisco de la Peña, Vera Cruz, in addition to 24 at Raconda.

Twelve soldiers were among those buried under the ruins of the church at Coscomateped, shaken down by the earthquake disturbance.

The entire garrison of Teocelo was killed or injured. The dead numbered 30 and the injured 60.

Virtually all the roads in the surrounding district were flooded or destroyed, according to the reports.

Three hundred dead are reported at Barranca Grande, near Coutzlan. The water level at Port Barranca del Agua rose 25 meters.

Warrants Necessary to Search Automobiles.

El Paso, Texas, Jan. 3.—Although an Austin dispatch late today said Governor Hobby had just granted the El Paso county Sheriff's request for withdrawal of State rangers from El Paso county, it was announced here as early as this morning that Colonel H. C. Smith, Assistant Adjutant General, had ordered the rangers removed from the county without delay. Colonel Smith was sent here to investigate charges

Unusual Value—In Tires for Small Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for small cars but ordinarily the first cost is found to be not greater than that of other tires; often it is less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these small sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$20.00
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$3.90

against the rangers. His announcement of the withdrawal order followed a hearing in the office of District Attorney Leigh Clark, attended by Colonel Smith, Judge W. D. Hoe, State Senator R. M. Dudley, Representatives Adrian Pool and R. E. Thomason.

Testimony of a number of citizens was taken to the effect that rangers practiced stopping cars and searching them without warrants.

It was explained by Colonel Smith that rangers who stopped cars and searched them on the highways were acting under orders from their Captain, Charles Stevens, who, the Colonel added, was under the impression that his men had the right to make searches, seizures and arrests without warrants. It was said at the hearing that rangers had no right in this connection not possessed by any other peace officer; that warrants are necessary before a car can be searched. It was also brought out that a ranger is himself not exempt from arrest or prosecution.

It was said today that rangers will be out of the county by Sunday.

And now it is the high cost of girls that is soaring. New York statisticians have figured that the average yearly cost of clothing one of the future mothers of man is \$476.50. And, with these figures staring them in the face, mothers may be pardoned if they place them on the bargain counters early in life.

A YEAR OF WHAT?

Another year is before us, with all of its possibilities for good or ill, for success or failure.

As we cross the border of 1920 how many of us are giving even a passing thought to the character of the course we are to pursue in the next twelve months?

The commander who goes into battle in pursuance of a definite plan of action has every opportunity for success, but he who plunges in at random courts disaster and defeat.

It is so in every sphere of life.

If we would enrich the world by our individual presence we must have a definite plan in view, and that plan must be adhered to in the face of all obstacles.

Accumulation of wealth is not the noblest aim in life. With prosperity we must have honor and integrity, peace and contentment, or the gold we amass becomes but dross which drags us down to the mire of degradation.

Honor and integrity go hand in hand, and peace and contentment are their twin children.

All are within the reach of every man and every woman who has the moral courage to begin the new year with a determination to do that which is right and just, regardless of what friend or foe may think or say.

It is easier to do right than to do wrong. In the one our conscience is clear and is a potent aid to us in the pursuance of an object. In the other we labor

constantly in the shadow of fear, suspicious of mankind, and with a mind warped and distorted by the dread of exposure.

For each of us it will be a year replete with something—but what will that something be?

Disposition of State Railroad Is Discussed.

Austin, Texas, Jan. 3.—A conference was held today between Governor Hobby and Prison Commissioners W. H. Pryor and Sam Low. All members of the prison commission had been invited to attend, but Commissioner Winfrey was absent. The two matters discussed were disposition of the State Railroad and the consummation of the sale of the Rusk Iron plant.

The State Railroad is a losing proposition it was reported and funds for its operation, as appropriated by the Legislature are exhausted. The Governor is expected to find some way to get funds to continue its operation at a loss or lease it to a connecting line, such as the International & Great Northern, Texas & New Orleans or Cotton Belt. The Attorney General was called into the meeting and discussed the legal phases, no decision has been made as yet.

Commissioner Pryor favors junking the property. He says it serves no purpose, now that the State has sold its interests at Rusk and has been a losing proposition. "At one time," he said, "the State was offered \$10,000 for the steel on the line

and I was in favor of selling it. I think we could get almost that much at this time."

It was further said by Mr. Pryor that the rolling stock could be very conveniently used on prison farms and at Huntsville. The two engines would come in handy for switching on the farms and at the industries while the cars would be most welcome for transporting the State freight.

Women Must Pay City Poll To Vote In Primary.

Austin, Texas, Jan. 6.—Women offering to vote in the primaries must pay their city poll tax, if they reside in cities levying special poll taxes, as well as the state poll tax, according to an opinion by the attorney general Tuesday. A number of Texas cities levy a special poll tax.

A Coffee Discovery

According to an Arabian legend, Hadji Omar, a pious Dervish, was outlawed from Mocha in the year 1285. When almost dying of hunger in the wilderness, he roasted some of the small, round berries he found growing wild in the thickets. A few roasted berries accidentally fell into his drinking water, and thus coffee was discovered.

Professional Change

Hon. J. W. Young has bought the interests of Col. Earle Adams and the lamented Joe Adams in the law firm of Adams & Young and the firm will hereafter be known as J. W. Young. Mr. Young has taken over the law books, libraries and abstracts of titles in their entirety. Col. Earle Adams, the only remaining partner in the firm, retires to engage in the law practice by himself and will have an office in the First National Bank building, Mr. Young remaining in the office lately occupied by Adams & Young. In the change Mr. Young takes over a large civil practice, in which he has had a part in building up to its present size.

For District Judge.

W. R. (Jack) Bishop of Henderson county announces this week as a candidate for district judge, subject, as are all other announcements appearing in that column, to the action of the democratic primary in July. Jack Bishop will be pleasantly remembered by many of our people, having made the race for district judge against Judge B. H. Gardner twelve years ago. While Mr. Bishop was defeated by Judge Gardner in that race, the campaign gave our people a chance to get acquainted with him, and as before stated there are yet pleasant recollections of his personality in the campaign. Following the election of that year, Judge Gardner served four years and was defeated by Judge

Prince, also of Henderson county, who has now served eight years. The home of Judge Bishop is at Athens, where he has been successfully engaged in the practice of law for many years. Judge Bishop is considered one of the ablest members of the Athens bar and in every way qualified to occupy the district judge's bench. He has many friends over the district who are encouraging and endorsing his candidacy with the hope of his ultimate success in securing the nomination and election. He expects to meet the people of Houston county during the campaign and will appreciate any good word in his behalf in the meantime.

For Tax Collector.

C. W. Butler Jr. announces this week as a candidate for reelection to the office of tax collector for Houston county. Since going into office, Mr. Butler has made some important changes in the system of taking care of the county's tax business that have resulted in more and better conveniences for the tax payers. He has succeeded in having his office more conveniently arranged than ever before, and the result is that more people can be waited upon now at one time than ever before, which is a great time-saver for the public. The duties of the tax collector's office have more than doubled since Mr. Butler went into office. During his term of office his duties have been of such an exacting nature that he is now familiar with every detail, small or large, and by reason of his experience he feels that he is better qualified and equipped to fill the position now than at any time since his election. There are few people in Houston county better known than Charlie Dick Butler and they all know that he is always overflowing with appreciation for any good deed or word done or said for him.

With Our Subscribers.

The pretty weather of New Year's week has been amply offset by the bad weather following. Roads are so nearly impassable that people have quit trying to travel over them. There are no mudholes any more. It is just one long mudhole all the way. But what's the use complaining. After a while the clouds will blow away and the sun will come out and beam on us until we wonder if it is never going to rain any more. Our impatience to see things started off for another year leads us up to

the point of complaining, but we are not going to do it.

For County Treasurer.

Willie Robison announces this week as a candidate for re-election to the office of county treasurer. Mr. Robison has served only one term, and he now feels that if his services have been of a satisfactory nature to the public he should be re-elected as a proper recognition of such services. If his services have not been satisfactory, then he should be defeated and a better man put in his place. As far as the Courier knows, his services have been most satisfying to all concerned in the administration of the treasurer's office. Mr. Robison is conscientious and painstaking in all that he does, and the affairs of his office are administered with care and precision. He is as honest as the summer days are long and will not fail to show a proper appreciation if again elevated by the people of Houston county to the official position which he now occupies.

Orange Paper Mill Sets New Mark For Day's Run.

The plant was formerly rated at a capacity of 33 tons a day. In order that all the wood available may be used for paper making, instead of firing boilers, a fuel tank with a capacity of 500,000 gallons will be erected.
