# Local Man Missing After Plane Wreck

## Larry Bynum Feared Drowned At Bull Lake

A Muleshoe man is still missing as of presstime Wednesday morning and is feared drowned at Bull Lake.

Larry Bynum, about 26, was in the training seat of a single engine amphibious plane that overturned in choppy waters Tuesday afternoon. He was being instructed by Morgan Locker of Muleshoe who said Bynum had accumulated about four hours of time in the plane.

Locker and Bynum had been practicing touch and goes and were trying to maneuver the plane around to get to the sheltered side of the lake for a takeoff run when the plane capsized.

Locker reported that the cockpit started filling up rapidly with water. Bynum had already reached the surface when Locker, who was unable to open his door until the cockpit filled with water, came to the top.

Bynum was on top of the plane while Locker tried to get the life preservers from the plane.

After being unable to retrieve the life preservers, Locker joined Bynum on the surface and they stayed with the plane until it sank.

Locker reported that Bynum said he could swim alright so Locker suggested that they remove their shoes and clothing and swim to shore.

Locker stated that Bynum started swimming at a very rapid pace and he shouted at Bynum to slow down.

Locker said that Bynum was about 75-100 yards in front of him when due to the distance and waves, he lost sight of Bynum.

Upon arriving at the shore, Locker said he walked up and down the shore, looking for Bynum to see if he had made it to shore, but never found him.

Locker stated that they had only attempted two landings during the day. At one point, they got stuck on shore and by the time they got back on the water, the wind was getting up too high to attempt any more.

Dragging operations in the lake between Littlefield and Sudan were continuing at presstime Wednesday morning.

Bynum is married to the former Kay Killingsworth of Muleshoe and they have one son. He is also the grandson of Roy Bayless of Muleshoe.

# Teachers To Attend Reading Conference

Neal Dillman announces that more than 1,000 teachers and administrators from local and area public schools and colleges are expected to attend the sixth annual Lubbock Area Reading Conference Friday and Saturday, October 5 and 6.

"Reading Lab to Sky Lab" will be the theme for the conference to be held in the Estacado High School auditorium.

The reading conference is sponsored by the Texas Association for the Improvement of Reading. Locally, it is a joint effort of Lubbock and area public schools and of Texas Tech University. Approximately 1,100 teachers and administrators attended last year's meeting.

Two leaders in the field of reading instruction will give addresses at general sessions on both days.

Dr. Bill Martin has long been recognized for his work in the fields of reading, listening, creative writing and elementary education. His latest productions are Bill Martin tapes, records and films, which help expand his basic premise that language is essentially oral and that the sound of sentences is more important than the sound of individual words within the sentences. He has served as a public school teacher as well as a college professor.

Dr. Nicholas J. Silvaroli is director of reading education at Arizona State University in Tempe. He was prominent participant in the national "Right to Read" conference in Washington, D.C. in 1970. His professional experience has included serving as consultant to the United States Office of Education.

In addition to the general sessions Friday afternoon and night and Saturday morning, 14 interest group meetings are slated. Master teachers from the area schools and from Texas Tech will be speakers and leaders of these sessions.

Topics range from "Four Ways to Touch a Tiger: Motivation for Creative Writing" to "Reading for the Gifted Child" to "Using Newspapers in Secondary Reading."

Mrs. Mildred Arlis, pres-

ident of the state organization and director of elementary education, Austin Public Schools, will preside during the first general session of the convention at 2:45 p.m. Friday.

Area teachers may register Friday beginning at 1:30 p.m. or may pre-register with Denzil Minyard, Principal of Jackson Elementary School, 201 Vernon Avenue, Lubbock, Texas, 79945. The sessions will begin at 2:45 Friday and conclude at noon on Saturday.

A dinner meeting is scheduled for 5:30 p.m. Friday at Furr's Cafeteria Toreador Room, 4th and University. This "dutch treat" dinner group will hear Dr. Silvaroli discuss personal perspectives on reading.

Local leaders of the conference include the TAIR area vice president, Carroll Bert Lockett, Principal of Overton Elementary School, and secretary-treasurer, James Pipkin, Principal of Rush Elementary School. Representative of the College of Education at Texas Tech is Dr. John Rogers. Schools in Muleshoe will dismiss at 2:30 p.m. Friday in order that teachers may attend these sessions.

## TGSPB Elects New Director

Farmers in 29 Texas High Plains counties reelected three directors and elected one new director to the Texas Grain Sorghum Producers Board to serve six-year terms.

Texas Agriculture Commissioner John C. White certified the election results in which 731 votes were cast. The results were canvassed September 18 by the Lubbock County judge and representatives of the Texas Department of Agriculture, the Texas Agricultural Extension Service and the Texas Grain Sorghum Producers Board as required under the Texas Commodity Referendum Law.

Don A. Nelson of Tulia was elected to his first term on

BUS COLLIDES WITH TRUCK . . . A Muleshoe School bus, driven by James Parrish, 23, was in collision with a Steere Tank Lines truck transport Wednesday morning at 7:59 a.m. at the crossroads in Muleshoe. Driver of the truck was Charles Prescott of Big Springs. Taken to the hospital were six children on

the bus and the bus driver. Only one child, Lenette Newman, 11, was admitted to West Plains Memorial Hospital. Treated and released with minor injuries were Charles Prescott, James Parrish, Joe Bob Newman, Kevin Williams, Tommy Edmundson and Susan Head. Details from city police were not available.

# County Judge's Duties Explained In Detail

With reference to the office of County Judge, personalities have nothing to do with the

following comments. Personalities enter only when related to one's ability and willingness to serve. The official title of this office is County Judge and Ex-Officio School Superintendent. It is elective, and is for a four year term, and are all county offices. Part of the salary is paid by the State, and the remainder by the County. There is not much work as County Superintendent, but there is a tremendous amount as County Judge.

By its very nature, this office carries and attracts responsibilities and duties that vitally affect every phase of county government, and indeed, all people of the county. The County Judge is the Chief Executive officer of the County, and is naturally looked to for leadership, for important decisions, and for advice. The County Judge can set the mood for other officials and employees. He can promote good will and relationship between them. He can, and should, in a great measure, direct the movement of County Government - not by force but by influence.

Thus the personal conduct of this office is to be held on a high moral plane. It should radiate quality and friendliness. In our personal opinion, neither the Judge nor his secretary should smoke in the office. The Judge should wear a tie at all times, and a coat too, except in those rare instances when it is too warm to be comfortable. And the services of this office should be available to all people - no matter their age, sex, national origin, financial or social status.

The duties of the office are many and varied so the Judge needs a basic knowledge of law, civil, criminal, probate, of county law, and school law. He needs a basic understanding of human nature, and of human life values. He needs the quality of being firm when firmness is required, of being sympathetic under certain circumstances, and of being kind and considerate at all times. He must be honest.

As County School Superintendent, he is secretary of, and works with, the County School Board. He also as-

## David Wheat Named Player Of The Week

David Wheat of the Muleshoe Mules was named as the Amarillo Globe News Area Class AAA player of the Week this week.

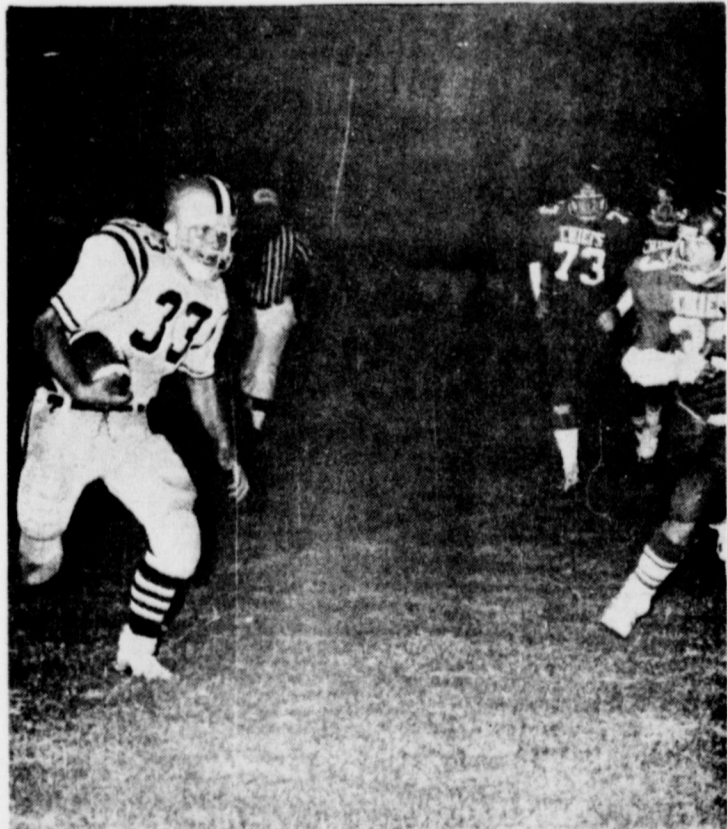

In naming Wheat, the paper reported that the running back slashed 13 times for 190 yards of Muleshoe's 260 total yards offense, scored 15 points and intercepted two passes in his team's 27-6 win over previously

unbeaten Friona.

Coach Fred Hedgecock stated that "it was his best offensive night this year. He played like an all-stater Friday night, when they're about ready to score twice and he intercepts both times and the way he ran on offense, he's got to be considered all-state caliber."

Wheat scored on runs of six and 70 yards and kicked three

WHEAT NAMED HONOREE . . . David Wheat, 33, shown gaining some of his 190 yards in the Muleshoe-Friona game Friday night, was named as the Player of the Week by Amarillo News Globe this week. Wheat gained 190 yards in 13 runs Friday night as well as intercepting two Friona passes and kicked two extra points.

## W.E. English Makes It Two Wins In A Row

W.E. English won the weekly football contest this week to make it two wins in a row. English also won the contest last week.

This puts him in the top spot with 20 big points going towards the grand prize.

English only missed one game, Kansas State-Tulsa, and was off 30 points on the tiebreakers. He also receives \$5 for his efforts.

Another previous winner, Terry Mick who placed third in the first contest, took second place this week. He also just missed one game, Oregon-Air Force, but was off 32 points on the tiebreakers. This gives him 10 points in the contest and three more dollars.

Third place this week went to Phil Brockman who just missed one game, Kansas State-Tulsa, but was off 46 points on

the tiebreakers.

He will receive \$2 and four points. There was one entry disqualified this week due to the postmark on the mailed entry being past the Friday deadline. Upon grading this entry, it was noticed that if it had qualified it would have been the winning entry.

Remember that mailed entries must be postmarked by 5 p.m. on Fridays. Entries may be brought to the Journal office before 5 p.m. on Fridays.

Others entering the contest this week and missing only two games were Dr. J.R. Putman, Clark McCamish, Hazel Gilbreath, Nona Blake Douglass, Kevin Smith, Ricky Hayes, Terry Coleman, Jim Smith, Doug Cowan, James Roy Jones, Margaret Gleason, Terry Field, Howard Splawn, Irene Splawn and Duane Lloyd.

Points in the contest will be totaled at the end of the season and the person with the

# Water, Inc. Officials Will Appear Before Water Board

Water, Inc., will present strong testimony in support of importation of water to the plains areas of West Texas and Eastern New Mexico when its officials appear before a meeting of the West Texas Water Resources Council Oct. 3. The council, one of four regional water councils created by Senate Resolution 812 and directed to study area water problems, has set its original meeting for 10 a.m., Oct. 3, at the West Texas Museum in Lubbock.

"The preliminary report of the West Texas-Eastern New Mexico Import Water Project presented to us last April has

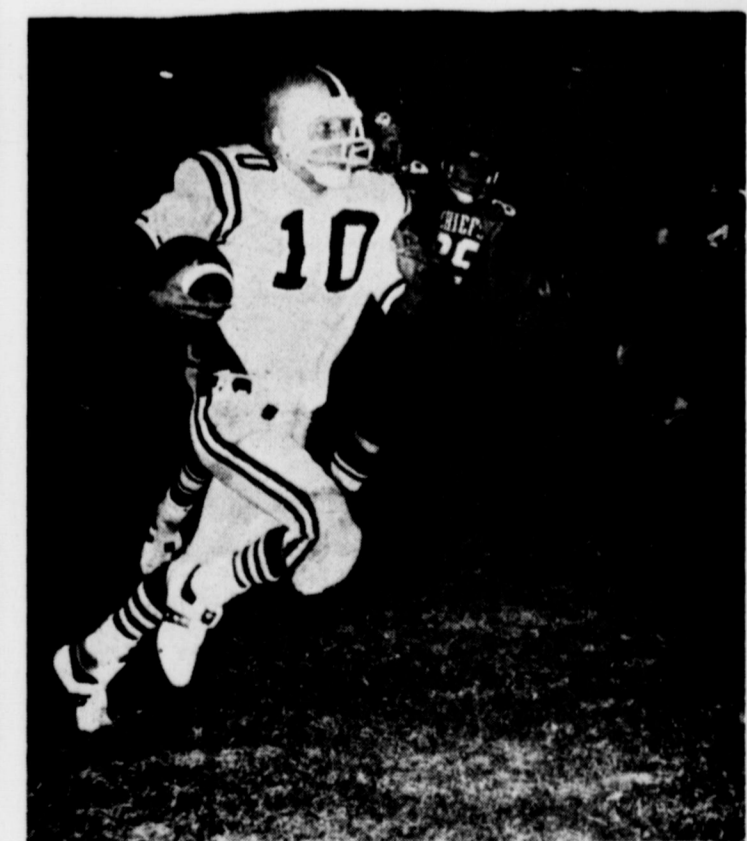

given us encouragement," said A.L. Black, president of Water, Inc., and a member of the lieutenant governor - appointed council. "For the first time, we were told that there is water in the Mississippi River that could be made available to us," he said. "Although the report indicated the project was not economically justified when evaluated under traditional standards, we were not deterred and we have developed statistical data for presentation to the West Texas Water Council showing beyond a doubt that the proposed project is indeed feasible," Black said.

One of the most glaring fallacies of the import study, Water, Inc., officials point out was the use of average 1965-69 prices received by farmers and comparing those to 1972 construction costs. Skyrocketing farm prices in recent months have completely changed the cost-benefit comparisons used in the original study by the Bureau of Reclamation and Corps of Engineers. This coupled with a worldwide shortage of food and fiber and an unprecedented demand for American farm produce plus the na-

GRADUATES . . . Local students who this week were graduated from Oklahoma State Tech, Okmulgee, look at certificates naming them as honor students throughout their course of study. Students compiling between a 3.5 and 4.0 grade point average on a 4.0 scale in all subjects are listed on the Director's Honor Roll; graduates earning between a 3.0 and 3.49 grade point average are listed on the Registrar's Honor Roll. Admiring certificates presented to them Sept. 20 during an honors and awards assembly are (from left): Robert W. Bomer, 1829 Ave. C, Muleshoe, industrial electronics; Thomas J. Wilson, 1801 Ruella, Pasadena, baking; Morgan R. Smith, 3014 Grayson Dr., Dallas, commercial art, and Bobby D. Smith, Rt. 1, Gainsville, numerical control machinist. Both Smiths were named to the Director's Honor Roll.

TOUCHDOWN . . . Don Long, 10, is shown as he made a touchdown for the Mules Friday night against Friona. The Mules won the game 27-6 for their second straight win of the season. The Mules will play Littlefield Friday night in Littlefield.

## Okla.-S. Cal. Picked As Spotlight Game

The first week the headliner was U.C.L.A.-Nebraska... the second week, L.S.U.-Colorado... last week, it was North Carolina State-Nebraska... and this week, the national spotlight is on the blockbuster between Oklahoma and

Southern California. They're ranked 3rd and 4th in that order in our top 20. The Sooners have had a week off since their impressive trouncing of Baylor in their season opener, and the Trojans have defeated Arkansas and Georgia Tech on

successive Saturdays. Both teams are capable of such offensive explosions, it should be a tremendous show. Our pick is possibly a surprise: Oklahoma by nine points. However, Nebraska is still Number One this week, challenged by runner-up Alabama. The Cornhuskers have a little easier task this Saturday than last as they play Wisconsin. The Tide meets Vanderbilt. And depending on the outcome of Southern Cal-Oklahoma, the two powers could still be on top

next week. Nebraska will dump the Badgers by 35, and Alabama will top the Commodores by - wow - 55 points! An old nemesis faces 8th-ranked Notre Dame. The Biolermakers of Purdue, thorns in the sides of the Fighting Irish in past years, meet the Irish in West Lafayette. The River-ers are much more of a dark-horse this fall, but are still figured to be an 18-point underdog to Notre Dame. The two powers in the Big Ten, Michigan and Ohio State,

are rated 5th and 7th respectively in our national rankings. The Buckeyes will clip T.C.U. by 20 points, and the Wolverines are a heavy 35-point choice over Navy. Miami, the big upsetter a week ago, goes after Florida State Saturday. The 12th-rated Hurricanes will win by 25 points. Three other members of the Big 8 Conference are in the Top 20 again... Oklahoma State is a surprising 6th, Iowa State is 13th, and Missouri is #14. The Cowboys are favor-

ed over Southern Illinois by 49 points... The Cyclones will be a 15-point winner over Arkansas, and Mizou will take North Carolina by sixteen. In the Southeast Conference, match-ups between conference title contenders and national powers occur almost weekly. This Saturday, it's Tennessee against Auburn. Last fall, the Tigers upset the Volunteers, 10-6, and this year - well, it could be the same story. Auburn is favored by just one point.

## Services Held Saturday For Wiley Grizzle

Funeral services for Wiley Grizzle of Ft. Sumner, N.M., were held Saturday morning, September 22, in the Julian Funeral Home Chapel, Ft. Sumner with his grandsons acting as pallbearers. Burial was in the Roswell Cemetery Saturday afternoon.

Grizzle, a former Muleshoe resident, died Wednesday, September 19, at 7 p.m., in DeBaca County Hospital, Ft. Sumner.

He was born in Cannon County, Tennessee on May 4, 1895 and married Mrs. Ollie Blanch Allison on March 26, 1923 at Ft. Sumner.

Before marrying, Grizzle was a petty officer in the U.S. Navy serving on the transport ship USS Lakeport from 1917 until 1919.

He was a pioneer in the field of developing water for irrigation on formerly arid land. Over the years he had done developing at Roswell, Hagerman, and Ft. Sumner, N.M. and at Muleshoe.

Survivors include the wife, Ollie of Ft. Sumner; three step-sons, Gerald, Harold and Oscar Allison of Muleshoe; two daughters, Mrs. George Diddlake of Palos Verdes Peninsula, Calif. and Mrs. F.A. Andreas of Ft. Sumner; a son, Jim Grizzle of Ft. Sumner; 23 grandchildren and 21 great-grandchildren. One son, Wyle Grizzle, Jr. was killed in action while serving as a fighter pilot in the air force over Germany in World War II.

## Resident's Brother Dies

Funeral services were conducted at 10 a.m. Tuesday, in Abilene for Shelton Davidson, 57, brother of Mrs. Buck Creamer.

Davidson died of an apparent heart attack Sunday afternoon at his home in Abilene.

The Creamers were unable to attend the funeral services as he is hospitalized at West Plains Memorial Hospital.

**ENERGY SHORTAGES**  
President Nixon has just delivered a new and urgent message to the Congress on must legislative action for the remaining few months of this year. While the Congress has made some progress this year, too much time has been devoted to such matters as the Watergate affair, and it is now time for us to get all this behind us and get on with the job we were elected to do.

I certainly agree with the urgency which the President placed in his message to the need for immediate action to overcome our developing energy shortages. There already has been considerable talk about the possibility of rationing in some areas of energy usage, such as heating fuels and even gasoline for our automobiles. As I have stated a number of times previously, we are in a very serious energy crunch, and are likely to continue in this crunch over the next two or three years. As the President said in his message to the Congress, the gap between America's projected short-term energy needs and our available domestic supplies is widening at a rate which demands immediate action.

I am in complete agreement that we cannot wait for the necessary legislation which is now pending in the Congress to stimulate the energy supplies. Action must come on these essential bills before the Congress adjourns this fall.

Over the long term, the prospects for adequate energy supplies are very good. I have an unending faith in the American people and our system to come up with the necessary technology to meet our growing needs. But in the meantime, we must now mobilize the government, the industry and the American people to avoid even more severe shortages and problems over the short term.

I have already introduced or sponsored four essential pieces of legislation which I feel will go a long way in meeting this short term challenge. And I am pleased to announce to you that my bill to remove the authority from the federal Power Commission to fix the price of natural gas will be heard by the Senate Commerce Committee on October 10th and 11th. This is one of the first essential steps needed toward the exploration and discovery of vast new sources of natural gas to meet our immediate needs.

A free market price for natural gas will not result in great, new profits for the gas industry, but it might allow industry to obtain a price which will encourage exploration activity. F-P-C regulation has resulted in eighteen years of confusion, uncertainty and unrealistically low gas prices.

We already are importing liquefied natural gas at twice the price allowed by the Federal Power Commission for our own producers. As a result of this activity by the government, there simply has been no incentive for the industry to explore for new sources of gas. While de-regulation might result in an increase in the price of natural gas over the short term, that increase should be modest -- and the price still would be lower than imported supplies.

In addition to the encouragement of the search for more natural gas, it is essential that the government encourage the industry to find additional sources of crude oil. In this area, I have introduced legislation to encourage more exploration for oil to meet our long-term energy needs. This bill would provide a 12 and one-half per cent tax incentive for funds used to explore for and develop new petroleum resources in this country.

The National Petroleum Council estimates that the rate of investment in petroleum exploration and production activities will have to double the present rate over the next 12 to 15 years just to maintain our present degree of energy self-sufficiency. In addition, it is estimated that another 70 billion dollars will be required for tankers, gas transportation, refining and port facilities.

Thus it is obvious that something must be done to encourage more investment in exploration if we are to meet our basic needs. I feel strongly that a tax incentive is one major move we can make to meet this need. Other critical legislative needs now facing us are the final disposition of the Alaskan pipeline question, and the authority to construct and operate deepwater port facilities to handle our increasing imports of foreign oil.

Hopefully, the Alaskan pipeline controversy will be settled shortly. The Senate-House Conference Committee is meeting this week to iron out differences in the two bills passed recently by both Houses of Congress. There are no major differences in the two versions, and hopefully the conferees will be able to agree on the bill within a short period of time.

My bill to construct superports to handle the increasing import of crude oil is now in the Senate Interior Committee. A hearing on this legislation was held in July, and hopefully that committee will soon take action on this important matter.

not benefit the County to discontinue them at this time. Some Teacher's certificates are registered in the County Superintendent's Office, some teachers contracts are approved by him, as are school bus and tire requisitions. Important records, for retirement, and other purposes, are furnished by the superintendent's office. As stated before, the County Judge is Ex-Officio School Superintendent. But his work as County Judge is by far the most important.

The County Judge is Presiding member of the Commissioners Court, he is Judge of the County Criminal Court, the Probate Court, the Civil Court and the Juvenile Court. But recent legislation leaves the status of the latter position in question. He is Civil Defense Director, and Budget Officer. The Judge is generally looked to for leadership. This not only includes matters emanating from local, State and Federal levels of government, but requests from individuals, and from local organizations.

For example, the County Judge is presently serving as Chairman of the fifteen County South Plains Criminal Justice Advisory Committee, is a member of the Advisory Board to the Mental Health Center at Plainview, and is Trustee. He is Chairman of the County Health Advisory Committee, a member of the SPAG Manpower Committee, works with the E.D.A. and R.C.D. Programs, and serves on the advisory board for the recently created Texas Boys Ranch at Lubbock. These are highly important functions, and are in addition to the regular duties of office. They require lots of time, work, and many miles of travel.

The County Judge tries hundreds of cases each year, Criminal, Civil and Probate, and these are important matters, affecting the lives of many people. Under his jurisdiction, wills are probated, and under his supervision guardianships, and other probate matters are administered.

He handles all cases involving mental illness and alcoholism.

He counsels with and assists people of all ages, and in all walks of life, with matters of wide and varying natures.

He works with Juveniles - to help with their problems, adjust their differences, speed their rehabilitation, and guide them in the direction of becoming good citizens - good fathers, mothers, and home-builders.

He prepares the County Budget and submits it to the Commissioners Court for their approval.

He helps coordinate the varying interests of Commissioners, and other officials, and helps integrate the several elements of County government into one objective operation. He helps program Farm-to-Market Roads, and acquire right-of-way for them, and for other state and county roads.

He receives most welfare requests, and handles the disposition of them, whatever that disposition might be.

He performs many marriage ceremonies, in the office, in his home, other homes, and elsewhere in the area.

He answers questions of all types, fills out forms for people, writes letters, and handles a tremendous amount of internal work too voluminous to detail, such as - Revenue Sharing-Summer Employment-withholding reports, Insurance records, Retirement Reports, government forms, etc.

Like other officials, he is often called out at night, on weekends, and on holidays, for various reasons.

The County Judge holds a tremendously responsible position. His is a highly important and rewarding piece of work. He can contribute immeasurably to the progress, peace, and development of the county. And it is a distinct honor to serve in this capacity.

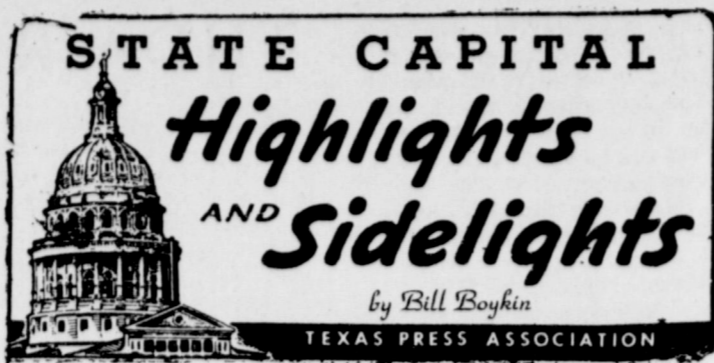

In our next article we will speak of the un-sung heroes of County Government - the appointed employees - deputies, clerks, secretaries, equipment operators, janitor, etc. They, like the ladies that prepare our meals, are indispensable, but receive so very little praise and encouragement. "We will leave no stone unturned in an effort to see that our people, the state, the nation and the world know the full truth about the import proposal," Black said.

AUSTIN, Tex. - "The way a man comes across on television says absolutely nothing about his qualifications to govern," explains Bob Hardesty, Press Secretary to Governor Dolph Briscoe and former speech writer for President Lyndon B. Johnson.

Hardesty, speaking before the Austin Advertising Club, said "On television, the way a person comes across all too often has little to do with what he is really like. What's of paramount importance is what he appears to be like. We are faced with a basic conflict - the conflict of illusion versus reality."

Hardesty defended LBJ's "illusion that he was devious and secretive," stating that "it was under his (LBJ's) personal orders that there was no press censorship in Vietnam -- for the first time in the history of American warfare."

There was the "illusion that he was a southern racist, yet he was responsible for passage of every civil rights act since reconstruction," his former

extra points for 15 of his team's total points.

"He was instrumental in each of our touchdown drives except for the punt return," said Hejgecoke.

The punt return covered 35 yards and belonged to quarterback Don Long, who also scored once on a three-yard scamper. Long rushed eight times for 70 yards, according to Hejgecoke.

Hejgecoke also lauded defensive end Jerry Hodge for his performance.

The Mules will play Littlefield this week. The Wildcats now have a 2-1 record for the season.

speech writer added.

Governor Briscoe "lives with myths that he is a businessman's governor, but he vetoed a bill which would have raised interest rates -- and the myth that he is a remote, inaccessible governor, but he is the man who is probably more accessible to members of the legislature than any Governor in recent history."

"My remarks are not directed against the television industry and the fine people who work in it; this is something out of their control and is a fact of life."

"My point is obvious. We elect our public officials to run our government honestly, effectively and compassionately -- not to entertain us. We have our Johnny Carsons for that," he stressed.

"There is the tyranny of television. The more we as a people become used to the suave, polished entertainers and newscasters, the more we expect public servants to be like them. In this day of pre-packaged candidates and edited TV campaign spots, it takes a long, long time to see through a 'snow job' the day we judge all our political candidates on style, rather than merit, we will all be the losers," he concluded.

LBJ WAS "TRICKED" INTO QUITTING?

In a UPI interview last week Sam Houston Johnson, brother of LBJ, said "If anybody tells you that he didn't intend to run for a second term, they're very badly mistaken."

"He was tricked. He was led to believe if he withdrew he'd save thousands of lives. It had the opposite effect of what he thought it would," he added.

Sam Johnson is revising and updating the book "My Brother Lyndon." He will tell in his book that LBJ "gave up politics for peace." The choice, he thinks, shortened his brother's life.

"Politics was his life. He gave up living when he gave it up. If he'd stayed on in the White House there's no telling how long he'd have lived!" NO MORE TELEPHONES

"Bend a key and bend a mind," says Uri Geller, Israeli psychic, who made an

appearance before a skeptical Capitol press corps last week.

"There are other dimensions to life than what we can see, feel and hear," Geller pointed out -- as he bent keys for reporters and explained other phenomena which occurs around him every day.

Geller gave the political reporters something to think about when he said Bell Telephone Laboratory scientists were "slightly shook" when he performed some of his experiments in laboratory conditions for them.

"Perhaps they are afraid mental telepathy will put them out of business," he said jokingly.

He successfully conducted telepathic experiments in other news rooms in Austin, but didn't succeed with the skeptical term reporters.

Some of his unusual feats as "paracomunications" -- which may very well be used in some means by the news media within a few years, Geller practices psychokinesis, telekinesis, teleportation and other unexplained uses of energy forces.

Astronaut Edgar Mitchell heard about the young man in Tel Aviv, and has helped conduct the Stanford Research Institute experiments in the lab conditions.

Explaining that some people will never be convinced that he has unusual gifts, Geller said "There are people in the world who do not think the United States has landed men on the moon. They believe what they saw on television was filmed in Texas or Arizona."

IMPROVEMENTS GIVEN FOR HOUSE -- Eighty-one recommendations to improve legislative efficiency were received following a three-month study, and House Speaker F. C.

Daniel Jr. promised early implementation of some.

The Citizens Conference on State Legislatures completed the study and handed in its report, which included such proposals as annual legislative sessions, single-member districts for all lawmakers, a new rulebook, home district offices and \$15,000 annual pay.

Daniel applauded the recommendations and announced immediate plans to begin a review of them with key House committee chairmen. Actually, the study applied only to the House, as the Senate refused to go along with the request for CCL evaluation.

Larry Margolis, CCL executive director, said implementing all the recommendations may cost as much as twice the present rate of legislative expenditures. However, he maintained, the legislature spends only two-tenths of one per cent of the state budget on its own operations, and proposed changes would lead to overall economies in other areas of government.

Among recommendations of CCL were these:

That the legislature be authorized to call itself into special session at any time and set its own agenda; that staffs be increased; that lawmakers move heavily to computerized procedures in bill preparation and record keeping;

That microphones be installed at all 150 desks of House members; that only representatives be permitted on the floor during sessions and that news reporters be restricted to the "press box" (or special conference rooms for interviews) and that a type of public relations program be set up for representatives.

more auto insurance CUTS PROMISED -- A new

competitive rate law will bring auto insurance rate cuts up to 20 per cent for many motorists, State Insurance Board Chairman Joe Christie announced.

Christie and Gov. Dolph Briscoe jointly announced rate deviations approved for 13 companies under the law which permits changes above or below state board standards.

Most of the 13 companies sought rate reductions for key classes of coverage ranging from 10 to 15 per cent.

SCHOOL FINANCE PLAN ADVANCED -- A House education committee recommendation for the state to assume \$60 million in added school costs over a six-year period went to Speaker Daniel and Briscoe last week.

"What we are trying to do is relieve the local taxpayers and shift the burden to the state," said Rep. Dan Kubiak of Rockdale, committee chairman. "The local districts are at about their (taxing) limit."

Kubiak said overhauling the school finance formulas can be accomplished without any immediate new taxes, because \$109 million in unexpended funds rests in the state treasury.

Recommendations included a reduction in the teacher-pupil ratio; limiting ad valorem taxes for other than capital facilities, equipment and debt service to 75 cents per \$100 of market value; local levy funds of from \$100 to \$200 per pupil in two-step form; increasing the transportation allocation by 50 percent; increasing the operation and maintenance cost to \$85 per average daily membership and a new teacher pay raise.

APPOINTMENTS -- Governor Briscoe named Robert C. Flowers of Austin to succeed Mack Wallace of Athens as ex-

ective director of the Texas Criminal Justice Council. Wallace was appointed to the State Railroad Commission.

Bruce Hughes succeeded William O. Bowers III as assistant secretary of state. At the same time, Secretary of State Mark W. White Jr. named Bob Lemens as chief of his elections division, succeeding Paul Wehrle; Bill Didlake counsel to the secretary, replacing Donald Ray who resigned; and Bill Zimmerman as head of the Uniform Commercial Code Division.

Robert F. Spreen is state executive director of the Agricultural Stabilization and Conservation Service of College Station.

DISASTER LOANS -- Emergency disaster loans were approved for San Patricio County residents as a result of flood losses, and Briscoe asked Cameron County be declared a disaster area following heavy summer rainfall there.

TEXTBOOKS QUESTIONED -- School textbook hearings heated up again this year with complaints of women that proposed books portray girls in stereotyped "passive" roles.

By Mrs. H.W. Garvin

Mrs. Beadie Powell spent Friday night in Levelland with her sister, Ravenell Todd.

Three Way football boys played Garden Center at Garden Center Friday night with Three Way losing the game.

The Three Way High School junior class had a car wash at Maple Saturday.

Dinner Guests in the John Gunter home Sunday were Dr. Butler from Plainview, Mr. and Mrs. Zed Robinson from Muleshoe and Mr. and Mrs. W.R. Adams from Bula.

Mr. and Mrs. J.W. House from Estelline spent Thursday night with the H.W. Garvins.

Mr. and Mrs. Andy Vinson from Clovis visited her parents, the Dutch Powells Sunday.

Cindy and Michael Wall from Big Springs spent the weekend with their grandparents, the W. L. Welches.

Mr. and Mrs. George Tyson were in Lubbock Sunday visiting their daughter, the Tommy Durhams.

Mr. and Mrs. Grady Cranford from Lovington, N.M. visited her parents, the Fred Kelleys, this past week.

Mr. and Mrs. Cecil L. Jones of Fort Worth spent from Friday until Monday with the John Blackmans.

Christopher Daniel Riley arrived Saturday afternoon Sept. 1, at 1:30 p.m. to make his home with Rev and Mrs. Eddie Riley. The little man weights

six pounds and six ounces, 18 inches long. This is the first child born to the Riley's. Maternal grandparents are Mr. and Mrs. Etchel Griffin of Childress, paternal grandparents are Mr. and Mrs. M.S. Riley of Amorillo. Rev. Riley is pastor of the Bula Baptist church.

Mrs. Griffin is here for several days helping to care for her new grandson.

**Sudan ESA Hosts District Meeting**

The Sudan ESA Chapter hosted the District meeting Sunday afternoon, the 15th of September. The theme was "Leap out for ESA". The reception table, attended by Sandra Nix and Nancy Davis, had Lilly Pads for registration booklets and a small Rock Frog Plaque decorated the table. Name tags were made in frog form duplicating the plaque. The frogs wore red Bo-ties and had little pipes. The refreshment table was decorated with a centerpiece featuring a small boy sitting fishing with worms, and a jolly frog.

The meeting was called to order by District President Linda Andrews. Tu Tu King gave the welcome and read a short story, "The Frog Who Was a Prince" tying in with the program the Leadership Workshop. Response was made by President Linda Andrews. Sandra Nix gave the devotional. Plans were made for District IX to host the State Board of Directors meeting in November 1974. There was also much discussion on District IX and X bidding together to host the State Conference in 1976.

**Coffee Held At Kindergarten**

A get-acquainted coffee was held at the Muleshoe Area Goodwill Center Kindergarten Friday, September 21 from 9 to 10 p.m.

Brother John Jaquez, pastor of the Baptist Spanish Mission spoke on the value of the kindergarten, especially for the Spanish speaking child. He discussed the school's policies and plans for the year.

Mrs. Mary Garza and Mrs. Zenon Lopez were selected as room mothers for this year. Mrs. John Jaquez and Mrs. Mickey Hernandez taught the kindergarten classes to allow the teachers, Mrs. Lois Washington and Mrs. Virginia Valle to attend the coffee.

Spudnuts and coffee were served from a table laid with a yellow cloth, centered with a bouquet of yellow flowers. The following mothers attended, Mrs. Jurnita Villarreal, Mrs. Eva Castillo, Mrs. Zenon Lopez, Mrs. J.C. Azarez, Mrs. Socorro Heredia, Mrs. Janie Saldana, Mrs. Lala Zubiate, Mrs. Olga Costilla and Mrs. Mary Garza.

the ESA motto, formerly "Aide to the Handicapped" which is now "Service to Mankind" to cover a broader area.

Pludge dues will go up as of October first and each chapter was urged to sign rushees before this date.

Following the business meeting all adjourned to various rooms for the workshop.

Refreshments were served by Mesdames Debbie Baker, Nancy Davis, Kathy Galewood, Tu Tu King, Nancy Baker, Sandra Nix, Susan Baker, and Jayellen Wilson to out of town members from Muleshoe, Friona, Tulsa, and Post.

Door prizes were given to eight lucky members that were drawn by the District officers.

**Surprise Party Honors Four**

A surprise birthday party honoring Alton Parker, J.O. Parker, Nadien Parker and Ricky Parker was held Saturday September 22 in the home of Alton Parker.

The table was laid with a blue lace table cloth and centered with a cake based on a sport theme. It was a lake with a small boat on it with men fishing from it while a woman watched from shore. Punch was served from crystal appointments.

Out-of-town guests were Mr. and Mrs. Bernard Cottan; Mr. and Mrs. Jay Wood and Becky, Donna and Pan; Mr. and Mrs. Willard Parker, Ricky, Rhonda and Royce all of Hereford.

Guests from Muleshoe were Mr. and Mrs. Elmo Owen; Mr. and Mrs. J.O. Parker, Brenda, Sandra and Bennie; Mr. and Mrs. W.H. Parker, Larry and Gary; Mr. and Mrs. Ronnie Garner, Rammie and Sheila and Mr. and Mrs. Alton Parker, Cacie and Damon.

**THDA Raises \$48,000**

More than \$48,000 went to youth and adult education during 1972 as a result of fund-raising projects implemented by Texas Home Demonstration Association members throughout Texas, according to THDA Treasurer Mrs. Joe Waggoner of Fort Worth.

In a report to more than 700 THDA members Wednesday night during the association's 47th annual meet here at the Waco Convention Center, Mrs. Waggoner described fund-raising efforts of the 1,397 Home Demonstration Clubs in Texas. "This money was raised for education through fairs, flea markets, bazaars, Chinese sales and auctions," she told delegates.

"Some clubs even acted as a catering service for local civic organizations on a regular basis in raising their funds."

"Funds have provided college scholarships in varying amounts

**WSG Hosts Speaker**

The circle of the Wesleyan Service Guild met last night, September 24 in the home of Mrs. Lola Crim. There were ten members and a guest speaker present. The meeting was called to order by the President, Miss Elizabeth Harden. Business was conducted as usual followed by Mrs. Bee Melton speaking to us on the changes in the women's society. She chose as her topic, "From These Roots." She told us that the organization was formed in 1863 as a foreign mission. In 1909, it was changed to a combination of foreign and home missions. Her talk was most informative.

Refreshments were served by the hostess, Lola Crim to Miss Elizabeth Harden, Mrs. Ruth Colbert, Mrs. Bee Melton, Mrs. Earld Gross, Mrs. Betty McNeill, Mrs. Faye Krebs, Mrs. Alpha Laney, Mrs. Hazel Billbreath, Mrs. Bess Edward and Mrs. Evelyn Johnson.

The next meeting will be October 8 with Ruth Colbert as hostess.

for 4-H and other Texas youth, as part of the THDA effort to fund college courses taken for credit."

In support of non-credit educational activities, part of the money helped send youth and adults to district, state and national meetings, Mrs. Waggoner said.

"These meetings included shortcourses, leadership labs and seminars."

"They also included workshops in such subjects as citizenship, cultural arts and recreation, health, safety and family life."

Turning to international program support, Mrs. Waggoner listed other recipients of THDA educational funds, such as the International Peace Garden, Pennies for Friendship and the International and Foreign Youth Exchange program.

"On local levels, THDA members have contributed money and volunteers to community efforts and drives by leading or supporting such projects as the March of Dimes, Heart Fund and community improvement programs."

### 4-H Parents Play Day

The Progress 4-H Horse Club wants to take this opportunity to thank all the parents, that participated in the Parents Play Day Saturday, making it one of the best yet. There were 49 parents entered, all of which we classify as great people and super sports. We hope everyone had fun, and feel sure everyone there was in the same shape Sunday morning. The participants were sore from riding and running, and the spectators were sore from laughing.

The Progress Club members enjoyed putting on this show and already look forward to next year. So parents keep up the good work.

The adult class of the First United Methodist Church a group of six members hosted a birthday party for the following one who had a birthday in September, Mr. Rogers, Mrs. Beller, Mrs. Brown, Mrs. Godwin, Mrs. Fulcher, Mrs. Whitford, Mrs. Nicholson, Mrs. Newton and Mrs. Curry. There was music and singing. Punch and cakes were served to every one, our thanks go to these ladies from the church who had charge of the program and our love and appreciation to those who have passed their "three score and ten age group". Mrs. Fulcher the oldest was especially honored it being her 100 birthday and having so many of her family present to enjoy the occasion with her. There were several who had their 90th and over birthday and we again want to say how much we appreciate them too. In all it was a lovely party with each one having their pictures made by a photographer from the Journal. Our thanks sincerely go to her who came and carefully made these pictures.

Several of Mrs. Hardin's girls came to see her today. Mrs. Nettie Weaver of McAlester, Okla. returned to her home after lunch and after being here a week or more with her mother and sisters.

Mrs. Whitford's son brought in a watermelon, which she

shared with us. It was delicious and our thanks sincerely goes to her.

Those of Mrs. Whitford family visiting her were Mrs. Alice Martin of Earth, Mr. and Mrs. Bob Bone, Mrs. O. B. Whitford and Mrs. Alvin Whitford of Springslake.

The following verses by Barbara V. Ryberg, impressed me with their simplicity and truth and I would like to share them with you hoping it will strengthen your faith as you meet each day, as it does mine. It follows: "He does not lead me year by year nor even day by day. But step by step my path unfolds. My Lord directs my way." "What need to worry then or fret? The God who gave his son holds all my moments in his hand and gives them, one by one." What a comforting and blessing these verses hold for us who will apply them to our daily lives and be more trusting in God who gave his son that we might believe in him and trust him for the tomorrows.

**Checking**  
"I sent my little boy for 2 pounds of plums and he came home with only a pound and a half. Are you sure your scales are correct?"  
"My scales are all right, madam. Have you weighed your little boy?"

-----

**Unappreciated**  
Colonel-- You say you served with the Army in France?

Cook-- Yes, sir, Officers' cook for two years and wounded twice.  
Colonel-- You're lucky, man. It's a wonder they didn't kill you.

-----

**Date Wheat Bars**  
1 1/2 c brown sugar  
3 eggs, well beaten  
1/4 t salt  
1/4 t vanilla  
1 c whole wheat flour  
1 c nuts chopped  
1/2 c pitted dates chopped

Add sugar gradually to eggs, beating well after each addition. Add salt, vanilla, flour, nuts, and dates. Pour into two 7x11 inch greased pans. Bake in an oven 325 degrees about 25 minutes.

### XI Omicron Xi Has First Meeting

XI Omicron Xi Chapter to Beta Sigma Phi met for its first regular meeting September 11 in the home of Mrs. Red Johnson.

The business meeting was conducted by the president, Mrs. Joe King. She announced that the Beta Sigma Phi area convention will be held in Hereford, Texas, October 20-21. All members are encouraged to attend.

Program chairman, Mrs. Eric Smith, announced the program for the evening: "Conversation" developed from the outline IN WORD, DEED AND THOUGHT, given by Mrs. Doyce Turner. She gave some outstanding tips of good conversation then a game was played of finding the correct meaning of some often used, or misused, words in conversation. Mrs. Eric Smith won the prize for getting the most correct.

Mrs. Max King served finger sandwiches, dips, and banana nut cake prepared by the hostess Mrs. Don Barnes to the following members: Mrs. Marcia Henry, Mrs. Joe King, Mrs. Max King, Mrs. Eric Smith and Mrs. Doyce Turner.

The next meeting will be in the home of Mrs. David Hamilton, Sept. 18.

Mrs. Baird baked her bread the old-fashioned yeast-rising way for wonderful flavor and soft texture.

Today her family still uses that baking method... because they still care about quality.

MRS. PEREZ

**New Face At MJHS**

by Shari Hartin and Shelly McGloun

We would like to take this opportunity to welcome Mrs. Perez. She is teaching sixth grade English at M.J.H.S. Mrs. Perez has her B.A. degree in both History and Spanish. She attended Pan American University in Edinburg, Texas. She graduated in 1972. She taught last year at Mercedes, Texas. Her husband is Ernest Perez and they are expecting a first child in December. She said that she liked M.J.H.S. a whole lot. We are glad to have her; and we are sure the sixth graders are lucky to have her.

**Student Council**

**Activities**

The Muleshoe Junior High Student Council officers have been very busy the first few weeks of school.

They sold tickets to the Lion's Club fish fry before the first football game on September 7. This was done outside of school on their own time. Each officer worked hard and did very well on this. There were prizes for those who sold the most.

They have also sold pickles and popcorn, something that everyone enjoys, one school day during lunch. This was very successful, and they plan to do more of it during the school year.

**Annals On Sale**

For the past few days the journalism staff has been selling '74 yearbooks. The annals are being sold for four dollars each or you can pay two dollars now and the other two dollars when the annals arrive. The annual sale will continue through October 2nd. Hurry and buy an annual!!!

Mules. The half ended and the Mules went to the locker room leading 12 to 0. Muleshoe kicked the second half off and the Colts couldn't score a T.D. and then the Mules drove the ball up the field and Curtis Carpenter scored from the three yard line. The conversion failed and the game ended with the score 18 to 0 in favor of the Mules.
