## CORRECT DATE OF SECOND PRIMARY

Second Primary Election August 26—Election Law Has Been Amended.

To the Democratic Voters of Houston County:

You are hereby advised that the SECOND primary election will be held on the FOURTH Saturday in August, the 26th, instead of the SECOND Saturday, the 12th, as heretofore supposed.

The law regulating the TIME of holding the SECOND primary has been changed in the last few years, and is now fixed for the FOURTH Saturday in August, which, this year, will be August 26th.

All democratic voters will please take notice of this correction so as to avoid confusion as to the TRUE date of such election. I have submitted this question to the Attorney General's Department at Austin, and have just received a RULING on it, which ruling is in harmony with the above statement. And I notice that other counties are following the course above outlined. So let us not MISTAKE THE DAY, and go to the polls on Saturday, August 12, and vote in the SECOND primary.

J. W. Madden,  
County Chairman.

### City Ordinance.

Be it ordained by the City Council of the City of Crockett, Texas, that from and after the passage of this ordinance, it shall be unlawful for any hack driver, jitney driver, hotel or boarding house runner, solicitor for any trade or business, when plying their respective vocations as such within the corporate limits of the City of Crockett, Texas, to approach any nearer than 19 feet of any moving or standing freight or passenger train.

Any person violating the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding ten dollars.

All conflicting ordinances are hereby repealed.

It appearing that an emergency exists, it is hereby ordered that the usual three readings be dispensed with and this ordinance shall become effective immediately.

Passed this the 10th day of July, A. D. 1922.

C. L. Edmiston,  
Mayor.

Attest: C. A. Hassell, City Secretary.

### Dance Monday Night.

Owing to the large number of visitors in the city this week, a dance was given by some of the young men of Crockett Monday night. "Jimmy's Joys," a dance orchestra of wide reputation, was imported for the event, coming from Palestine to Crockett and leaving for Lufkin. The

music was declared to be the best yet for dancing and the usual good time is reported. Among the visitors in attendance and for whom the dance was given were noted: Misses Grace Revelle and Mary Jane Upton of Paris and Miss Frankie McKinney of Cooper, guests of Miss Hilda Burton; Misses Leona Angley, Ola Mae Fallwell and Elizabeth O'Connell of Palestine, guests of Miss Alta Stokes; Misses Grace Smith and Jessie Northcutt of Longview, guests of Miss Florence Arledge; Miss Clara Byers of Madisonville, guest of Miss Wilma Shiver; Miss Jennie Lacy of Lufkin, guest of Miss Katy Lacy; Miss Pansy Peabworth of Palestine, guest of Miss Lottie Kleckley. In all about forty couples, properly chaperoned, participated.

### Goes to Market.

Mrs. C. P. O'Bannon will leave at the end of the week for St. Louis to select her fall and winter stock of goods. Mrs. O'Bannon is anticipating a good trade this fall and winter and is making the necessary preparations to care for that trade. The O'Bannon store has always done a good business, hard times or no hard times, for O'Bannon prices are always right. Having a thorough understanding of the desires and needs of her customers, nothing will be overlooked in the matter of supplying the needs of the people of Houston county in her line by Mrs. O'Bannon. The new stock will begin to arrive soon after her return from St. Louis and the people of Houston county are asked to call and make an early inspection.

### Card of Thanks.

I wish to extend to my friends and supporters my sincere thanks for the most substantial vote accorded me in Saturday's primary. The memory of your kindness and staunch support will live as long as memory lives.

I wish to call your attention to the great necessity for your continued interest in the second primary which will be August 26th.

I warn my friends against unfair campaign methods, and rumors, which without foundation would tend to withdraw from me the support of my friends.

Thanking you for your continued support I am

Sincerely,  
It. Mrs. Gertie Sallas.

### Card of Thanks.

I take this method of thanking you for the liberal support you gave me in the primary of the 22nd, and to respectfully request your further support in the next primary of August 26. In this connection I want to say that I am making the race on the same high plane that my opponents and I maintained throughout the first primary, and if you were not for me last Saturday, but supported my honorable opponents who were eliminated, I earnestly solicit your support and influence, and if finally nominated, I pledge myself to give the very best that is in me to a faithful discharge of the duties of the office. Again I thank you, one and all.

It. John L. Dean.  
Mr. and Mrs. L. B. Wootters and two children of Houston spent Saturday and Sunday with relatives and friends in Crockett.

## JUST A WORD WITH OUR SUBSCRIBERS

Callers at the Courier office during the last week report improved prospects for a cotton crop except for the damage from worms.

Among the number calling to renew or subscribe or sending in their renewals and subscriptions since last issue are the following:

George McLean, Crockett.  
Ben Speer, Lovelady Rt. 1.  
W. H. Lakey, Crockett, Rt. 4.

### I Thank You.

I wish to thank the voters of Precinct Number Four for the liberal vote given me in the primary election on the 22nd inst. and will be highly appreciative of your vote in the second primary which will be held on August 26.

I am indeed very grateful for the interest manifested by my friends throughout this precinct and, if elected your commissioner, will express my gratitude to you in a whole-hearted service for the interests of our precinct. Very respectfully,  
It. J. C. Merriwether.

### Card of Thanks.

I desire to express my appreciation for the splendid vote I received throughout the entire county on July 22, and as neither of the aspirants for the office of county treasurer received a majority vote it will be necessary for Mr. Robison and myself to run the race over and let the voters settle the matter on August 26; and I desire to express my thanks and appreciation for the anticipated vote that I shall receive on the 26th of August.

Yours very truly,  
It. Frank H. Butler.

### To the Voters of Houston County.

I take this method of thanking the voters of Houston county for the splendid support given me in the primary of July 22. Especially do I thank those at my home towns, Kennard and Ratcliff, also Crockett, Weldon and the other places, for their splendid support. I was defeated fairly, and now I will give old Houston county the very best as a citizen.

It. Joe Green.

### A Word of Appreciation.

I desire to express, to my friends and supporters, my thanks and appreciation of their support in my race for tax collector last Saturday. I trust that you and others who voted for the candidates eliminated in the first race will support me in the second primary run-off, August 26. Gratefully,  
It. Harry Long.

### Card of Thanks.

We wish to express our sincere thanks to the many, many friends, who extended their kindness doing the short illness and death of our precious one. May God bless each one and keep you holy.

It. J. A. DAVIDSON.

### Still Your Friend

To those who supported me in the past election, I thank you sincerely. To those who voted against me, I am still your friend, and shall continue to do my best for you.

It. Mrs. J. A. Connell.

### To My Friends.

I am deeply appreciative of the loyalty and substantial support of my friends in Saturday's primary and will no less appreciate the same loyalty and support in the second primary.

Yours for economy in county affairs,  
It. J. A. Beathard.

### Cotton Worms.

Reports come in of cotton worm depredations. Paris green kills cotton worms and boll worms. We have received a fresh shipment ordered for the use of our farmers friends.

It. Beasley Drug Co.

### For Sale.

A good cord-wood saw for sale, also 7-horse power gasoline engine (Economy) in A-1 condition. A bargain if taken in thirty days. Wood contractors take notice.

It. pd. E. W. Hart.

### For Sale.

The Elgin five-passenger automobile, owned by Tom Aiken and driven by him until leaving Crockett on account of his health, is for sale. See me for price and condition of car.

It. W. W. Aiken.

### Card of Thanks.

I wish to thank the people for their support given me in Saturday's primary and to solicit the support of all in the second primary. If elected, I promise the same faithful service as in the past.

Willie Robison. It.  
Mr. Roy Tucker, who has been employed in Huntsville, has accepted a place in the Courier office. He will bring his wife to Crockett and make his home here.

## SOME NEWS OF THE CROCKETT OIL FIELD

Except that the drill in the Porter well at Crockett has gone beyond the 2000 feet depth, there is very little of interest to report that has not been hitherto reported. Indications continue favorable in this well and the 3000 feet level is reached. An oil sand is expected before we have a report from the other four wells in Houston county.

### Card of Thanks.

I take this mean of thanking my friends for their support in last Saturday's election and will appreciate any help in the coming election on August 26.

It. V. B. Tunstall.

Miss Elizabeth O'Connell, Miss Leona Angley and Miss Ola Mae Fallwell, all of Palestine, were guests of Miss Alta Stokes and Miss Bess Jordan from Saturday until Wednesday.

### ANOTHER GOODYEAR MASTERPIECE

Like the All-Weather Tread Cord which leads in quality and value, the new Cross-Rib Cord perfected by Goodyear embodies features which make it another Masterpiece giving to the public again the greatest value in its price class.

This Cross-Rib Cord has a long-wearing semi-flat tread—with the tread rubber extending from bead to bead.

The carcass is made of long staple Arizona and Egyptian cotton built up on the exclusive Goodyear "Group-Ply" principle.

The Cross-Rib Cord is cured on air—reducing to a minimum chances of hidden defects.

We have these new tires in all popular sizes at these prices which are unusually low for a standard recognized brand.

# Why Shoes Wear Out

The average step is 26 inches. This means 2,437 steps to the mile, or 12,185 in a five-mile day. A person weighing 160 pounds, in a day has pounded into his shoes 974 tons and 1,600 pounds of meat, bone and troubles, and all this he carries above his shoes. A steel hammer weighing 160 pounds coming down at that rate for four months would have to be renewed each day and would have to be fished out of the deepest hole in the earth at the end of four months.

We know the construction of every shoe we sell. We have shoes for light dress wear—the medium weight as well as those which require the hardest possible service. We carry the stock and know the shoe; for this reason we handle your shoe problems efficiently and to your interest. Needless to say, the price is right.

**What the Former A. & M. President Writes in the Rusk County News.**

Senator Borah continues to make democratic speeches, write Jeffersonian articles, and vote as he pleases.

The senate is now pestered over the method of selecting candidates for primary election. Both parties are divided on the question, and it is safe to say that no change will take place in our primary system of nominating candidates for many days.

That fellow LaFollette has broken out on the tariff question, and declares that the republican taxation bill is a monstrosity. This is no time to attempt to pass a tariff measure. The country needs to sober up a little before undertaking to fix tax rates on a few thousand items, especially since the senate is divided in a hundred ways on the bill. It is almost impossible for the senate to hold a quorum, so little is the interest in the debates.

These strikers, if not cured permanently, will break down the whole order of things. Civilization is on a poor foundation when justice takes a back seat. The way things are tending the time will come when it will take one soldier to keep two men at work. It seems that our labor board is another fifth wheel in the structure. One report is that the men would be willing to take lower wages, but their wives and daughters are not willing because they would have to curtail in fine clothes. All is vanity and vexation, saith the prophet.

Senator Heflin has W. H. P. Harding, or whatever his name is, on the run. Mr. Harding is at the head of the federal reserve board and has been circulating a speech a senator made in defense of the board. The speech severely criticised Heflin, and, therefore, the Alabama senator got mad, and for four or five months he has been lambasting Harding, and finally got through the senate a resolution investigating the acts of the board in printing and distributing the speech. In the meantime one of the senators from Arkansas has been showing Attorney General Daugherty up in a light that is despi-

**FREE RAW MATERIAL EXPLAINED.**

Hides and wool are raw material. There are many other raw materials. In fact all material that must be manufactured before it is ready for use is raw. But for the sake of an illustration we will take hides and wool. Wool and hides are of no use until manufactured into cloth and leather. Free raw material simply means that no tariff, or duty, is placed upon those articles. It means that wool and hides are allowed to come into our country free of duty. South America, Mexico and other countries produce a vast amount of wool and hides. Hence it is to the interest of those countries and to the interest of our manufacturers of woolen goods, shoes, etc., for wool and hides to be imported free of a tariff. It is double protection when a high tariff is placed upon goods that are manufactured from free wool and hides. But when hides and wool are admitted into our country they come in competition with hides and wool raised in the United States and force down the prices of those articles, and mean ruin to the American producers of wool and hides. Now, is it fair to admit wool and hides from other countries free of duty, and at the same time allow the manufacturers of wool and hides a protective tariff on the finished product? Is it just to force the farmers of the United States to sell their wool and hides in competition with free wool and hides and then compel them to pay to the American manufacturers a high protective tariff on the shoes and clothes which they are forced to buy? Is that the good old democratic doctrine which our fathers taught us?

It never was the democratic doctrine until after the civil war, and then it was forced on the democrats of the south by New England that threatened us for years with force bills and other vicious legislation. Here is the history of the whole thing: There were democrats in the north who believed in a protective tariff, or free material as they termed it. They were opposed to force bills, or any other bills that encroached upon local self-government. That group of democrats at the north were, for a long time, led by Bill Morrison of Illinois and Abram S. Hewitt of New York. And in order that the democrats might have more representation in congress, so as to be able to maintain southern institutions, the democrats of the south joined the democrats of the north, thus surrendering their time-honored policy of a tariff for revenue only, and voted and spoke for free raw material. R. Q. Mills took it up, carried the fight to New England where it was popular, since New England had factories, but were not interested in raising wool and hides. New England wanted then, as she wants now, free raw material and a high tariff on the finished products.

Those of long memory will recall that New England stood by Mills in his memorable contest for the speakership against Crisp of Georgia. Both were democrats, but Mills was the stronger of the two in favor of free raw material. The first convention in Texas to adopt a genuine democratic tariff plank in the platform was in 1896, in Austin, held June 23, 24. Reagan was chairman of the platform committee. The plank read as follows: "We favor a tariff for revenue only, but in a sufficient amount supported by other taxation to meet the expense of the government economically administered, so as to render it unnecessary to increase the public debt in any manner whatever. And we believe that the present tariff law lets into the country raw materials free of duty, and levies heavy duties on manufactured products, thus subjecting our agricultural and pastoral classes

to competition with the world, while it enables the rich manufacturers by means of combinations and trusts to extort their own prices for their products from the people, violating the Federal Constitution as well as the fundamental principles of the Democratic party that tariff duty should be levied and collected for the purpose of revenue only."

Judge Reagan made a strong speech in favor of his plank, in which he reiterated much of the history outlined above.

The plank was adopted by the committee after a hard fight, was carried to the convention and adopted there.

**STATE'S TAX RATE  
MAY BE INCREASED**

Estimates of Valuation By the County Assessor's Show Decrease.

Austin, Texas, July 20.—That the state automatic tax board will be compelled to increase the ad valorem tax rate several cents, and maybe as much as 8c, appears likely, as a great majority of estimates of valuations received from the county tax assessors show a decrease under last year's valuations. Only the larger counties, which include Dallas, Bexar, Harris, Tarrant, Jefferson, El Paso, have reported any marked increases, it was learned today. At the controller's department it was stated that all but a few county tax assessors have submitted estimates of valuations. Under the law all of these estimates should have been filed with the controller by July 15. All estimates are expected to be in the controller's office by Monday.

The total tax rate last year was 62c, of which 22c was ad valorem, 25c for schools and 5c for confederate pensions.

The law provides that the state automatic tax board, composed of the governor, controller and treasurer, shall meet on July 20 of each year for the purpose of fixing the state tax rate. At today's meeting Controller Lon A. Smith was the only member of the board present. Governor Neff and Treasurer C. V. Terrell being absent from the city. The meeting was postponed until Monday, when it is expected that all three members of the board will be present and that the tax rate will be fixed.

Tell him that you saw his ad in the Courier.

**PROTESTANT TICKET  
WINS IN DALLAS**

Dallas, Texas, July 22.—Practically every candidate in Dallas county running on the Protestant ticket has been swept into office by the heaviest vote ever polled, it was indicated by incomplete returns at 10 o'clock tonight. The Protestant victory apparently will be a landslide. The only office that appears doubtful is that of district clerk, held by John Cullom, who is running for re-election. Mr. Cullom has a slight lead over his Klan opponent, J. H. Finks. Partial and complete returns from 35 precincts give the Protestant candidates a lead of two to one. A local afternoon paper which has bitterly opposed the ticket throughout the campaign practically conceded a victory in an election extra early tonight. The paper declared that "a landslide for the Protestant candidates is indicated."

## MUSCLE SHOALS PROPOSALS ARE ALL LAID ASIDE

Senate Committee Rejects Henry Ford's Offer by Vote of 9 to 7.

Washington, July 15.—Henry Ford's offer for purchase and lease of the government's projects at Muscle Shoals, Ala., was rejected by the senate agriculture committee Saturday by a vote of 9 to 7.

Those voting for rejection were Senators Norris, Page (by proxy) McNary, Keyes, Gooding, Norbeck, Harreld, McKinley, all republicans and Senator Kendrick, democrat, Wyoming. Those voting for a favorable report were Senators Capper and Ladd, republicans, and Smith, Ransdell, Harris, Heflin and Caraway, democrats.

The bill introduced by Chairman Norris calling for operation of the projects by the government owned and controlled corporation also was rejected, the vote being nine to five. Voting for rejection were Senators Capper, Keyes, Ladd, Smith, Ransdell, Kendrick, Harrison, Heflin and Caraway, and for acceptance were Norris, McNary, Gooding, Norbeck and McKinley.

The other offers including those of the Alabama Power Company, Frederick E. Engstrum and Charles L. Engstrum and Charles L. Parsons, also were rejected without a record vote. The sub-committee also voted down without a record vote the bill introduced by Senator Norris at request of former Representative Lloyd of Missouri proposing a semi-governmental corporation.

proposals of Henry Ford and Senator Norris will be presented to the senate for final decision through minority reports, it was explained by Chairman Norris.

Senator Ladd, republican, North Dakota, who introduced the Wright bill calling for unconditional acceptance of the Ford offer was authorized by committee to submit one minority report urging the senate's acceptance of the Ford proposal.

The second minority report will be drafted for the senate by Senator Norris proposing his bill for development of the shoals properties by the proposed government owned and controlled corporation.

Senator Ladd said he would begin preparation of his report at once and he believes it would be endorsed by Senator Capper and all democratic members with the exception of Senator Kendrick.

Senator Norris' report already is in tentative form and will be completed for preparation and publication early next week probably on Wednesday, the senator said. The Nebraska member expects his report to be signed by Senators McNary, Norbeck and McKinley with a possibility that Senator Harreld, republican of Oklahoma also might sign.

## SENATE VOTES LIMIT COTTON GLOVES TAX

Most Decisive Defeat For Finance Committee in Three Months.

Washington, July 20.—In voting today 38 to 17 to limit the duties on cotton gloves to a maximum of 75 per cent ad valorem, the senate administered to the finance committee majority the most decisive defeat it has sustained since it brought in the administration tariff bill three months ago. Twenty republicans, including Senator Lodge of Massachusetts, the majority floor leader, voted against the committee. The other nineteen were: Borah, Idaho; Capper, Kansas; Cummins, Iowa; Hale, Maine; Harreld, Oklahoma; Jones, Washington; Kellogg, Minnesota; Keyes, New Hampshire; Ladd, North Dakota; Lenroot, Wisconsin; McCormick, Illinois; Moses, New Hampshire; Nelson, Minnesota; New, Indiana; Newberry, Michigan; Phipps, Colorado; Rawson, Iowa; Warren, Wyoming, and Willis, Ohio.

One democrat, Broussard, Louisiana, voted with the committee majority. Senator Lenroot led the fight for the maximum limitation. He estimated that in the case of some gloves the committee rates which remained, in the bill would equal 119 per cent ad valorem, in the case of others 104 per cent, and in the case of still others 92 per cent. He declared congress should not impose a greater duty than 75 per cent ad valorem on any article of such general use to stimulate domestic production.

Senators Wadsworth and Calder, republican, New York, led the opposition to the Lenroot maximum amendment, contending that, unless the domestic manufacturers were protected Germany would monopolize the American business and then charge every cent the tariff would bear.

Senators Pomerene of Ohio and Simmons of North Carolina and Hitchcock of Nebraska, democrats, argued that the facts show the committee rates were too high.

## WIZARD PRO TEM CLARK ANSWERS COURT'S CHARGES

EXPLAINS OATH FOLLOWING ATTACK BY TEXAS JUDGE.

Atlanta, Ga., July 15.—According to Edward Young Clarke, imperial wizard (pro tem) of the Knights of the Ku Klux Klan, the oath of an officer of the law or that of a public official does not conflict with his oath as klansman in any way.

Mr. Clarke made this statement today in answer to the charge made by a Texas judge, who held that an officer of the law who had also taken the klan obligation was bound to keep a secret of a klansman, even though he knew his fellow member had committed highway robbery.

The portion of the klan upon which the court based a decision unfavorable to the organization is as follows: "I swear to keep secure to myself, the secret of a klansman when same is committed to me in the sacred bond of klansmanship. The crime of violating this solemn oath, treason against the United States of America, rape and malicious murder, alone excepted."

That section was taken by the court to mean that if a klansman confessed to an officer of the law who was also a klansman, that he had committed any crime not specifically mentioned in the paragraph quoted, that the law officer would be morally bound to keep it secret.

Mr. Clarke, in his statement, had this to say: "It is true that a klansman takes the obligation to which the court refers, but he also assumes another one in which he swears to uphold the constitution of the United States and the laws of the state in which he resides. It is this section of the klan oath which our opponents prefer to overlook.

"If a klansman, who is an officer of the law, knows that another member is guilty of a crime of any nature, it is his duty to act against the offender, for he has broken his obligation in not observing the law," said the imperial wizard. "It is clearly stated in the obligation objected to, that a member is not required to keep secret any violation of the oath upon the part of any member."

Would You Believe It?

Sunday afternoon a peculiar accident occurred in front of Will Stevens home, west of here on the Jefferson highway. A big touring car was speeding along between fifty and sixty miles per hour, going east, when a rear 40x6 casing slipped off and began "chasing" the big car for several yards, and at the highway curve, the tire kept straight on and ran into the house belonging to Charlie Woods, mounting the front steps, passing through the living room and into the dining room, striking a corner of the dining table, scattering dishes about the room, and ran out of the rear door, badly frightening Mrs. Woods.

After the casing had spent itself, Mrs. Woods recovered it and rolled it to the front lawn, where the travelers found it after discovering their loss.

The tire traveled fully 300 yards before stopping.—Longview Times-Clarion.

## PRIORITY ORDERS IN COAL ARE EXPECTED

Harding Indicates Administration Is Ready For Drastic Action.

Washington, July 20.—President Harding, before taking drastic steps to bring an end to the coal strike will give the contending parties time to think matters over. This was indicated in a statement issued from the White House late today, which included the day's telegraphic correspondence between Governor Sproul of Pennsylvania and the president.

If the miners and operators can have time to sense the obligations involved, says the president, drastic steps may be avoided and if executive interference becomes necessary it will be justified in the public's opinion.

Further the president indicates that he will propose a new plan for a commission to study the whole situation with a view of reporting methods to be followed in the future which will be just and equitable to all concerned.

The correspondence follows: "To the President: I wish to report strong public sentiment supporting your invitation to operators and miners to resume production. I trust, however, that you are merely withholding the appointment of your commission long enough to determine whether satisfactory production will result. If this does not occur within a reasonable time I respectfully urge the creation of your commission, either as originally proposed or in modified form. If voluntary production fails Pennsylvania will welcome exercise by you of full executive authority. Meanwhile I renew my pledge of hearty co-operation.

"William C. Sproul, "Governor of Pennsylvania." The president replied: "Governor William C. Sproul, Harrisburg, Penn.:

"Your telegram relating to appointment of coal commission, notwithstanding mine workers and a minority of mine operators declined to accept such an arbitration, is received. Matters are temporarily in suspension because when arbitration was denied there was but one consistent thing to do, as I saw it, and that was to invite production.

**May Expect Commission.** "You may expect the selection of a commission, because American welfare will not permit those who assume to serve it to deny for any reason the supply of such a necessity as fuel, and thereby jeopardize American life and health and happiness. Moreover, there was a third party to submit its case to the commission—the great American public.

"The primary object was the prompt and just ending of a dispute. The broader purpose was a searching inquiry into the coal industry, to learn all the causes of dispute and find a way to avoid them in the future. It may be desirable to modify the form of the commission as originally proposed, because it was first designed to meet most promptly the exigency then existing. I wished a settlement at the conference table where all could be heard and all be represented on the commission.

"It has seemed to me that time to appraise the situation, the opportunity to measure the unquestioned fairness of the proposal

and sense the obligations involved, and a period which to resume production, would either avoid drastic steps on the one hand or clearly justify them on the other. The commission will come in due time. There is an authority above all workers and operators, and that authority—the American public—must have an agency of effective expression.

"Thank you for your renewed pledge of co-operation and be assured of like cordial pledges from the executives of most coal producing states.

"Warren G. Harding."

## NEFF FAR AHEAD OF ALL OPPONENTS FOR GOVERNORSHIP

Mayfield for Lieutenant Governor, Bentley Over Mars and Smith Over Woodall.

Incomplete returns from Saturday's democratic primary from 103 of the 251 counties gave Earle B. Mayfield a lead of 12,223 votes over Senator Charles A. Culberson for the United States senate. As the county returns slowly came in, they indicated that Mayfield was maintaining about the same lead shown for him in the incomplete reports from scattered towns earlier in the evening.

The figures were: Mayfield, 40,005; Culberson, 27,782; Ferguson, 32,06; Thomas, 24,011; Ousley, 16,157; Henry, 11,401.

For governor Pat M. Neff had a lead of more than 34,000 over Rogers, his nearest opponent. Neff's vote was 79,253, Rogers 44,946. Harry T. Warner of Paris polled 13,308 votes in the counties heard from and King 3,346.

The lieutenant governor's race was somewhat closer in those counties than that for governor. Mayfield had 34,472 votes, Davidson, 30,034, Johnson 15,326, Edmundson 11,366, and Jamison 7,053.

C. V. Terrell for state treasurer had 25,364; Garrett had 21,035; Carroll, 10,927; Christian, 8,342; Kerr, 7,010; Tennison 5,842 and Kirgan 4,269.

For railroad commissioner Mayfield was running almost two to one, having 53,697 to Mason's 27,896 votes.

Robinson for commissioner of the land office had 45,126 to Thompson's 33,386.

Ed Bentley and Marrs were running close together for superintendent of public instruction. Bentley had 36,641, Marrs 33,172, and Smith 15,391.

For judge of the court of criminal appeals Morrow had 49,529 and Harper 34,790.

For controller, Smith had 48,069 and Woodall 35,424.

For congress, from the seventeenth district, Thomas L. Blanton, incumbent, according to unofficial returns, had 803; Oscar Calloway, his nearest opponent, 487; while the others were W. J. Cunningham 263, J. B. Dibrell Jr. 192, and N. S. Holland, 42.

In the First District, Congressman Eugene Black was trailing his opponent, J. H. (Cyclone) Davis. Mr. Davis had 664 votes and Black 380.

### SHERIFF GARNER IS AGAIN WINNER IN BEAUMONT

#### PROTESTANT TICKET ALSO SWEEPS JEFFERSON COUNTY

Beaumont, Texas, July 22.—The citizens committee at midnight conceded defeat at the polls. Sheriff Tom Garner will be nominated by 2,000 votes, Judge George C. O'Brien for district judge and B. B. Johnson for county judge close on his heels.

Pat Neff and Earle Mayfield also are running far ahead with their nomination a certainty.

Interest in the outcome of Sheriff Garner was intense. A hard fight had been made on this office owing to the recent developments around the sheriff's office.

Only a short time ago the so-called "Citizens Committee" brought ouster proceedings against the sheriff claiming that his alleged connection with the Ku Klux Klan made him unfit for office. Charges of misconduct in office were brought.

After the trial had been postponed once, Judge McDowell relinquished his bench to Judge Robert G. Street of Galveston, while the case could be heard. Then came the famous "instructed verdict." Judge Street ordered the jury to return a verdict of guilty and remove Garner. Garner made staying execution of the verdict until appeal could be heard and the Ninth Court of Criminal Appeals gave him an injunction against the district court. He is still in office with indications that he will stay there for some time.

**BROAD MINDED PHILANTHROPY.**

As an example of a spirit with charity for all and malice toward none, consider that of Louis A. Piraes, Dallas banker, who passed away in that city a few days ago.  
In his will it was necessary for the aged financier to dispose of more than \$2,000,000. Having never been married and having, therefore, no direct descendants to inherit his estate, its disposition was no doubt a matter of serious thought for him.  
And the way he went about it surely ought to cause the people of Texas to think. After providing liberally for a relative in

another State, the banker divided the remainder, which was the bulk of the fortune, among the Methodists, the Baptists, the Masons and the Catholics. Each of these bodies will receive approximately half a million dollars. The Methodists' share will be applied on the endowment of Southern Methodist university and thus in support of higher education in Texas.

The money the financier left will thus continue to be of service to the people of Texas, even though used in different channels. Each of these organizations remembered by him is doing a good work in their own way, and it was the evident desire of the philanthropist to sow his seed in different fields in order that the harvest might be as comprehensive as possible. There is no doubt but that there will be various fruits, and all good.

But the most noteworthy thing about this method of bequeathing a fortune in Texas at this time is its first bid for harmony among the people. It is as fine a rebuke to factionalism as has been given by any advocate of good will and peace in Texas.

The late financier is to be commended not only for his philanthropy, but for the broad spirit in which he practiced it. Texas is in urgent need of that spirit today. His example is full of healing.—Houston Post.

**EAST TEXAS GETS THE IDEA.**

As proof of keen interest in co-operative marketing methods, East Texas towns and cities are rival bidders for the first manufacturing plant that will be established to serve the ribbon cane producers in that section. The organization of producers in several counties is progressing at a rate and with such thoroughness that the establishment of not only a first plant, but of other plants in the near future seems assured.

No more promising sign of the future of East Texas as a prospering productive region could be sighted than this belated awakening to the commercial value of ribbon cane syrup, and to the importance of establishing standards of quality, of distributing the graded product in containers bearing attractive labels, and of adopting a marketing system that will keep the product moving to the consuming centers at the most favorable seasons.

There isn't a doubt that East Texas ribbon cane syrup will make its way steadily in competition, for there isn't a doubt of its unrivaled quality. If the organized marketing plans succeeds, East Texas within a few seasons of operation under a correct system will be launched upon the most remunerative business it has ever undertaken. Ribbon cane production may well prove to be a most important enterprise in that section which nature has fitted for diversified farming.

That East Texas should have waited so long to undertake the handling of this product in a businesslike way is surprising enough. But the fact that provokes commendation is that East Texas has awakened to her own possibilities and is preparing to realize upon them.—Dallas Journal.

**WATCH 'EM.**

It is worth while watching the performances of young men who have completed their education and are just starting on their business careers.

You will note that some go quietly to work, continue faithfully at their tasks, and are often surprised when it is time to knock off for the day.

Others don't start until the last stroke of the clock and quit at the first.

One class of these youngsters

will get along in the world and rise as they go.

The others will never set the world afire. They won't even create a smudge.

**"NO MAN CAN SERVE TWO MASTERS."**

He that is not with me, is against me; and he that gathereth not with me, scattereth abroad.—Jesus.

No spiritual thought is a bad thought, and no bad thought is a spiritual one.

We cannot deposit worthless paper in the bank of life and draw out gold.

One had as well undertake to go east and west at the same time as try to hold to God with one hand and to the prince of darkness with the other.

There is no truce between vice and virtue, no compromise between right and wrong, no agreement between good and evil.

We cannot fritter away our time and demand the fruits of the time well spent by others. Paul tells us, "Whatsoever a man soweth, that shall he also reap." The emphasis here should be upon the word "that." "Each thing sown produces of its kind."

We cannot sow tares and reap wheat.

We cannot sow thorns and reap fruit.

We cannot sow frivolity and reap spirituality.

We cannot sow hate and reap love.

It is a beautiful and useful life which begins each day with

the loving thought expressed in these lines:

"If I can dry one tear away, Hold back one soul that wants to stray,

Or show to some one the higher way,

My life will better be."

Such a life is satisfying to the inner, or real man, and no other can be. It is one which the still small voice approves and sanctions. It is the kind of life which is constantly engaged in constructive work. No matter how hard we try to camouflage our conscience, when we do not live up to the best we know there will remain the realization that we have neglected opportunities, frittered away time, prostituted our talents, and to a greater or less degree suppressed the best that is in us. For this we are responsible, and there is no evading the responsibility.—Galveston News.

**Taking in a Partner.**

A mountaineering gentleman had come down into the lowlands of northern Alabama on court business. On his way down out of the hills, as was plain to see, he had looked upon his native moonshine when it was white. Now he was seeking trouble and he didn't care how soon he found it, either.

In a gait that was a happy compromise between a swagger and a stagger he projected himself into a grocery. The place was fairly well filled. Lurching up to the bar he slammed his fist down upon it and in a loud voice introduced himself to the assem-

bled company after this fashion: "I'm a tall sycamore from the mounting. I measure thirty feet to the first limb. I'm free from eat-faces, shakes, knots or wood-pecker holes. I don't bend before the roarin' storm and I ain't never been afeard of the jagged lightnin'. Hear me and tremble! I can lick airy six men in this county!"

There was a sudden flurry, a thud of opposing bodies coming into violent collision, the sound of a blow and then the sound of a fall. When the dust cleared away, the tall sycamore of the mountain was flat upon the bar room floor with the local champion seated astride him.

"Do you still think you can lick airy six men in this county?" inquired the champion softly.

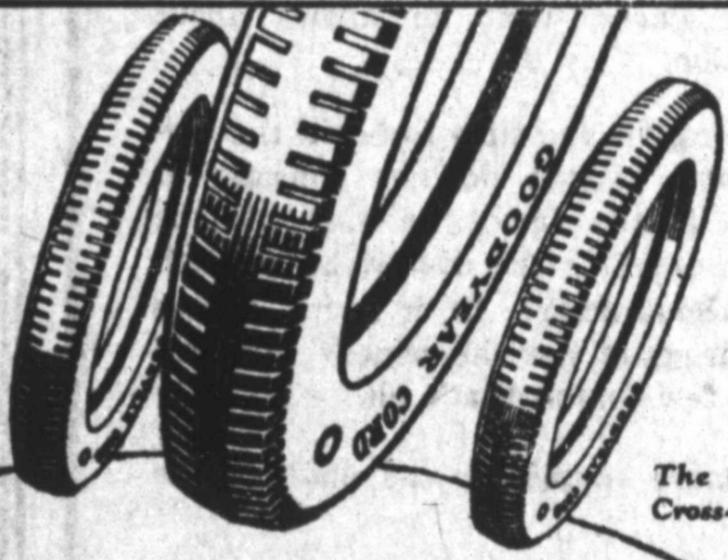

"Well, you and me both can lick airy six men in this county," stated the fallen monarch of the forest.—Ex.

The new Goodyear Cross-Rib Tread Cord

## Did You Get the Bottom Price, After All?

The man who buys a "long discount" tire usually finds himself troubled by the above question.

Did he pay less for the tire than his neighbor might have paid, or actually did he pay more?

Did he get the bottom price, when all is said and done, or could he perhaps have driven a sharper bargain?

Was the net price really more than he might have had to pay for a tire of established reputation and value?

In the belief that the average motorist prefers a frank and open transaction, we built the new Goodyear Cross-Rib Tread Cord and discounted the "discount" in advance.

Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can.

We build it of high-grade long-staple cotton, using the patented Goodyear method of group-ply construction, and sell it at a lower price than you are asked to pay for many "long discount" tires of unknown worth.

If you want a quality tire, and a reliable value, call today on any of the Goodyear Service Station Dealers listed here.
