A String of Fine Pointers

Experience is a good school and ne in which even mistakes can be turned to account as lessons with a houble meaning. Mistakes are evi-dences that something is wrong, and he wise man rarely makes the same mistake twice. There are mistakes of various kinds. There are those that do not take the advantage of such circumstances as would lessen

labor by adding suitable conven-iences. It is a mistake to let the manure lie where the water from the eaves of the stable roof can leach and carry away its best fertilizing ingredients. It is a mistake for farmers to keep a cow that will make only two or three pounds of butter a week when there are plenty of dairy cows that will produce three times as much and at no extra cost

of feeding or care. It is a mistake to feed the swine late in the fall on the new corn nubbins, many of which "Ab! that I should: If he were the poorest, and plainest, and hamblest man on earth, he would still be my contain smut, and then wonder why the hogs get the so-called cholera It is a mistake not to take pains in

man on earth, he would still be my hero." "But, if you did not know he was your hero?—if he loved you madly, neither knowing you had ever met each other before—..." "Oh, if he would only love me!" sighs Miss Cheswick, clasping her hands, while a rich flush bathes her yearning face. "Loodl never never sending fruit to market, to not select it so each kind is by itself and the size uniform. It is a mistake for farmers to put off husking corn and then be obliged to work at it in freezing weather.

yearning face. _ "I could never, never mistake him." It is a mistake to postpone making ronairs when it is seen they are "Then your heart must sometimes have pleaded for-me," murmurs her companion, a strange light in his necessary until actual breaks occur, cattle pass through the fence needing attention and commit costly depredations. It is a mistake to

"For you! Oh, sir, why are you so mad? Have I not told you this story spread a certain amount of manure on twenty acros when there is only enough for half that many. Such a because I esteem you too much to al-"Miss Cheswick, your hero got the mistake necessitates more than twice letter, but after weeks of illness. The pistol shot which you heard was not fired by him, but by one of the robas much labor to secure a crop thatwould not equal either in quantity or quality that which could be produced bers at him, and it pierced his neck, placing his life in danger for ten weeks. When he shouted to you to fly, it was because he felt himself with the same manure on ten acres. It is a mistake to perform any branch of farming in a hasty mannor

when such a method means indifferont work, which is generally the

It is a mistake not to make the farm home the most pleasant, dearest spot on earth to every member of and no more. the family. It is a mistake not to take advantage of the wonderful chance always afforded on the farm to beautify the lawn and make the old homestead an object of beauty from all directions. Having half a dozen different farm operations half finished on hand at one time is a mistake that puts the brakes on the road to success. It is a mistake to feed dairy cows

by guesswork; measure or weigh their ood and see that each one gets their proper allowance at each feed.

It is a mistake to try to winter a lot of stock on a short allowance of falling: He was found alone and in-sensible by the tourists whom you sent to help him. He has never been fodder, so that none of them will be able to get sufficient food to thrive. properly. Better sell the poorest of the lot and feed the remaining strong or like a hero since, though 1 think his heart is the same, and I fear ones liberally.

he will never inspire love in any one's soul again-indeed, you yourself have Leaving the corn-stalks out in the said so." HER OWN MANAGER.

How a Chlid Dancer Got Heracif Out of name of "Little Sara," the ancer, was in the cast of "A Venice" at the Broad street Philadelphia. Little Sara" appeared at only The name of "Little Sara," Lady of Venice." at the Broad street theater. Philadelphia

But "Little Sara" appeared at only two or three performances. For some reason or other she left the company and an annualog story is told of her pudeprors to sell her photographs and thereby raise enough money to take her to Chicago. She was in a flurry in smoonent. "Why did you not tell me before? We are not prepared. How careless of you! If I had only known..." "He will be glad to take just what we have."

her to Chicago. She was told by someone that by going to see Mr. W-, a prominent officer of one of the large trust com-officer of one of the large trust com-

"I was this week with 'A Lady of

Venice," she continued, "but I have left the company. My parents are with me, but I am my own manager. I have my photos with me and I want to sell as many as I can, in order to obtain enough money to go to Chi-cago. I have lots and lots of friends there who will do anything in the world for me, but I haven't sufficient funds to go, and, as I say, I am selling my pictures. Twenty-five cants. You will buy one?"

And before the amused and aston-ished gentleman could reply, her 'own manager" had written her autograph with the date on the back of her photo, Last Days of a Great Beauty of Louis and was calmly awaiting the payment of the twenty-five cents.

FINDING OPAL MINES.

Two Valuable Pieces of Property Wa-hington. The discovery of the opal mines near Moscow, Mont. is thus described: Near the castern boundary of Washington state and only four or five mil

Where a small stream divides hills, which slope down gradually to the narrow valley, these two opakbearing properties were long ago located and in due time patented by farmers who little thought that only farmers who little thought that only a few feet from the surface were hidden away in the innumerable cells of the lava rock which underlies all that left a sum of several thousand prunds country gems of great value, which in bonds and bank notes sewn up in would enrich the possessors of the soil to an extent never even thought she had a valuable collection of paintof by those early pioneers. In digging ings by old and modern masters in her wells considerable blasting had to be done to reach the water below the lava formation, and the rock so blasted was piled about the old wells. On one great beauty in the days when Louis

the nature of the beautiful little gems ex-demimondaine's property which were imbedded in the matrix. sent the rock to experts in San Francisco and they soon determined the nature of the stones.

Repairing to the locality, these San Francisco experts soon learned where these geins came from and found others in the mock pile near the old well. They at once proceeded to "locate" the ground and prepared to open it up, but were soon shown from the other; that it is therefore, that the title of the farmer was protected by patent, and so lost all.

JAMES B. GIRAND Attorney at Law. The Young County Collecting Agency Motto: Cash or Collateral.

O MEN OF BUSINESS BRAINS:

The purpose of this Agency is the systematic collection and securing of debts-old or new; large or small, good or bad, and the protection of the trader against insolvent or dishonent debtors.

We propose doing a general collecting business and solicit the notes and occounts of Bankers, Merchants, Lawyers, Doctors, Farmers and Stockmen. As our motto implies, we propose to get Cash or Colateral Security in in all cases and will invoke the machinery of the Courts when necessary.

We will also do a general LAW AND LAND BUSI-NESS, including surveying, buying and selling Real Estate, examining titles, &c. We hope to secure your pat-MARTIN & GIRAND. Office in Beckham National Bank Building.

the jobbing business that there lived in Lewiston a woman who could beat all the strong men from Sauson to Cyr. She was in the old grocery store on the corner one day when the pro- as far back as written history goes. prietor printed to a couple of flour barrels saying: 'Mary, if you'll carry them home I'll give them to you.' 'Put them up on the counter.' she sid, 'and I'll take them both.' 'Four men lifted the barrels u and she went up to them full of confidence, and resting

the bottom of one on her right hip, circled the barrel with one of her long arms and then swung around so as, to grasp the other in the same way; and, as J live, she carried them out and along the street to a place 300 yards down the road, where one of them fell and upset her balance. You see she rested them on her him and didn't try to lift them by her back. The grocer gave her the flour."

A Queer Marriage. There is much gossip in Indian so-ciety over the marriage of the maharajah of Patiala with Miss Florrie

barajah met her at a ball and became enamored of her, but little was thought of the attachment. Three months ago his highness gave a sea picnic in the bay of Bengal, to which Miss Bryan was invited and then he proposed, protesting that he would ever since. sooner lose his state than her. The result was that the lady consented to marry him, changed her religion for the purpose, becoming a Sikh, and the

nuptial ceremony toold place accord-ing to the Sikh rite. The Locksmith's Usughter. A romantic incident that is told in connection with the visit of the sultan of Johore has given rise to fue suitan of Johore has given rise to much com-ment in Carlsbad. The suitan's naphew, who accompanied him on his visit to Europe, fell in love during his previous visit to Carlsbad two years ago, after the death of his wife, with the daughter of a local locksmith, who was famed in the district for her beauty. The nephew introduced the tocksmith's daughter to the sultan, who consented to their betrothal. After their marriage the young con-ple will return to Johore.
