Number 41

Mrs. Wood Entertains.

Mrs. John B. Wood entertained a number of ladies on June 24th, complimenting her mother-in-law, Mrs. John H. Wood.

The pretty cottage was decorated with living plants as well as a profusion of cut flowers.

The occasion was Mrs. Wood's sixty-fifth birthday and was a surprise to the honoree. The hostess had only asked guests nearing or past their sixtieth year.

Everything had been beautifully planned for the pleasure of the participants. Convenience to and from the party had been arranged so that each one had no thought only to go and enjoy Mrs. Wood's hospitality, which is proverbially charming.

Mrs. Wood received her guests, ushering them in to where Mrs. Walter Douglass served refreshing punch, from a table decorated in pink and white, with an electric bulb shining through graceful green vines. Mrs. Finch then took charge of the guests, assisting in the removal of hats and escorting them to the hall where Mrs. Tidwell numbered each one, registering both name and numbers; when she had pinned a pretty bouquet of white oleanders on each one they were received at the parlor door by Mrs. Widmayer, and all who were not acquainted were introduced. Then each one was comfortably seated either near a cool window or in the breeze from the electric fans which were in both front and back parlors.

When all had arrived baskets were passed, one containing thimbles, the other quilt-pieces cut in the "nine-patch" pattern in blue and white, a needle all threaded pinned a sufficient number of pieces together to piece two squares. Each lady finished as many as she could in the allotted time. Some who worked rapidly finished three. Assistants kept plenty of thread and assisted in needle threading. The numbers were taken from the dress and fastened on the finished squares as they were taken up and later the names which corresponded to the numbers will be outlined on the squares.

When all had finished Mesdames Garrett, C. W. Johnson, Fields and W. I. Tidwell were asked to judge the squares for neatness. This resulted in a decision for No. 13 which was Granny Washburn's square. The fortunate lady was given a dainty apron of swiss and lace of which she was very proud. Mrs. Tidwell then sang "Better than Gold" to appreciative hearers.

Immediately following this pencils and papers were passed the papers bearing a list of thirty things in common use now, which were not known fifty years ago. At the conclusion seven contestants had nineteen correct answers. In a cut with other ladies Mrs. Jeff Robison was the fortunate winner and received a dainty apron an exact counterpart of the one given in the quilt contest. Mrs. Bills sang "When You and I Were Young, Maggie," which was so much enjoyed, both for the sweetness of the singer's voice and for the associations of the song, having been a very popular one, some forty years ago. Mrs. Wood and the accompaniment for Mrs. Tidwell and Mrs. Mills.

Refreshments were then served, consisting of pimento sandwiches, iced grape juice and angel food in pink and white. Coffee was also served. When plates had been removed

the birthday cake, an immense angel food iced in white and bearing sixty-five burning candles was brought in and presented to the honoree. The tears were very near, but were banished for the brightest smile when a bit of humor was brought out in the little "speech" Mrs. Widmayer made by way of presentation.

The toast given to the mothers, grandmothers and great-grandmothers was appropriate and then the hostess was surprised by this toast: "To our hostess in her character of daughter-in-law may the kind Fates send to us who have sons such gracious and charming ladies to be their wives that we may have such daughters-in-law, may we rear our own daughters to emulate her example," which was given by Mrs. Finch.

Mrs. Bills then presented the finished quilt blocks to Mrs. Wood, with this graceful little speech: "We present you the result of this afternoon's labor and hope that you may always have some one to prepare pleasant surprises for you." Mrs. Wood responded in a charming way for both the cake and the quilt. Mrs. Bills was requested to sing again and responded with the "Old Gray Bonnet with the Blue Ribbon on It." Mrs. Wood playing the accompaniment.

Little Francis Miles of Dallas gave a requested reading in a dear little baby voice.

Shadows were beginning to fall and adieus were in order, though each guest was loth to leave.

Mrs. Wood was complimented and thanked by each departing guest for the charming afternoon. Some pretty and useful gifts were brought though the hostess had not intended a "gift party."

Those who assisted with the serving and with the program were: Mesdames Edgar Matthews, Douglass, Tidwell, Finch, and Widmayer. Guests were: Miss Ida Leach, Mesdames Dolman, Brown, Fields, Virginia Bell, Mosely, W. M. Matthews, Kramer, W. I. Tidwell, B. B. Garrett, John E. Morrison, Bill Johnson, Vaughan, Washburn, Lynch of Dallas, Eichelberger, Short, S. B. Street, Flint, C. W. Johnson, Scarborough, McCain, Robison, John H. Wood, Gant, Manning and A. M. Graham.

U. D. C. Meeting.

Mrs. Sam Dowdle was hostess to the Daughters of Confederacy June 11th.

As there was no programme prepared the evening was spent socially, talking and planning how to obtain money for the monument fund.

Mrs. Lewis Wheat of Memphis, Texas, was a pleasant visitor to the Chapter. She gave us many interesting items about the U. D. C. work.

Little Misses Maude Norris and Dale Dowdle served refreshing iced grape juice and cakes to all present.

The next meeting will be with Miss Annie Lewis July 16th. Historian.

JUDGE OCIE SPEER.

Judge Ocie Speer of Montague county, presents his announcement this week for reelection as Associate Justice of the Court of Civil Appeals at Fort Worth.

Judge Speer was elected to this office in 1902 and has served continuously since. He points with considerable pride to his record and solicits your support for re-election.

Mrs. M. K. Graham left Wednesday morning for Dallas to spend a few days.

Benefits of Buying Trademarked Merchandise.

What does a "Trade-Mark" mean? In the world of business there are magic names whose signature is never questioned. The goods they represent are bona fide. The quality represents the best endeavor of some honest, tireless, worker, who has won the recognition of the buying public by his superior goods and the purchase is made in absolute faith—faith in the quality of the purchased ware because of faith in the man behind the "trade-mark." His "trade-mark" is his passport into the world of finance; it spells honesty. Today as never before dishonesty is a disgrace. This wide-spread revolt at dishonest dealing was manifest in 1904, when the Pure Food and Drugs Act was passed by congress to protect the buying public. Consumers insist on honest deal-

ing. They demand it. The days of hood-winking and chicanery were the days of blatant ignorance. They are past. Today, an educated people, free-thinking and clear-eyed, demand just dealing. When the world goes to shop today, with keen intelligence, they select goods bearing a "trade-mark." Associated men in trade have adopted a "Truth Emblem," this seal upon their advertisement is mute testimony that it is genuine—that every word in that advertisement means exactly what it says. Customers realize it and there is a mutual understanding and confidence between the merchant and shopper which is good to see. Both work for each other in mutual sympathy, and thus is engendered an uplifting spirit which revolutionizes the very life of trade.

Community Co-Operation

COPYRIGHTED FARM AND RANGE-HOLLAND'S MAGAZINE

The Shreveport Ad Club of Shreveport, La., recently held in that city a celebration known as "Made-in-Shreveport Week." This celebration is said to have accomplished more than all else in the city's history to ward arousing the citizens to the importance of patronizing home industry.

While very few of the small towns in the Southwest have manufactories, they all have retail stores which, if properly patronized, constitute a powerful force in the growth and development of their communities.

If a few of the more progressive citizens in and around our smaller cities and towns would start a movement in favor of "home trading," much good would be accomplished, as it is a proven fact that the gen-

eral prosperity of a community is dependent upon the prosperity of local mercantile establishments.

The community in which you live cannot possibly be any better than your stores and you cannot hope to have good stores unless you and your neighbors patronize them.

Civic pride is a most valuable asset, and while all of us are desirous that our respective localities possess those things that make it a pleasant as well as a profitable place in which to live but few of us realize that the securing and maintenance of these advantages depend upon local commercial activities.

Retail stores are the backbone of the town and community and should be supported at all times—price and quality being equal.

LES HIBOUX

The Les Hiboux met with Mrs. Fred Arnold last Friday afternoon, honoring her sister, Miss Mizzell. Rook and forty-two being the amusement of the afternoon.

Four games were played and Mrs. Lewis Wheat of Memphis, Texas being the fortunate winner of a beautiful sterling pickle fork as high score prize. Mr. B. W. King won the guest prize, a dainty fan, and Miss Eula Logan won a dainty hand-painted plate as the consolation.

A delicious ice sherbet was served with white cake. Those assisting in serving were Mesdames Bruce Street and Luther Clark; Misses Dorothy Graham, Beulah Bell, Kate Arnold and Mizzell. Others present besides those mentioned were: Mesdames M. K. Graham, F. Parrish, R. Fowler, John Gay, C. Hutchison, J. F. H. Crabb, Chas. Widmayer, H. Wadsworth, Q. Street; Misses Nina Hall, Dixon of Longview, Eula and Allie Logan, Bladen Garrett, Stroud, Pauline McJimsey and Zella Allen.

Presbyterian Church.

Sunday morning will be our regular quarterly communion service. Every member of the church, not providentially hindered, is urged to be present, especially all new members and any who expect to unite with the church. The public is cordially invited to both morning and evening services.

Gaines B. Hall, Pastor.

Picnic at Eliasville.

On last Thursday the W. O. W. and Odd Fellows of Eliasville gave a joint picnic, which was attended by people from all over Young county and a great many from Stephens county.

Cars, buggies, hacks and other conveyances left, Graham throughout the day Thursday, some leaving as early as 6 o'clock a. m. and by 9 o'clock a large crowd was on the ground.

In all there were possibly seven hundred and fifty people present. The dinner was fine and more than enough to go around.

Dr. J. L. Williamson of this city made an address on Odd Fellowship and Judge R. H. Buck of Ft. Worth an address on Woodcraft. Both were well received.

One of the most interesting features of the day was the music furnished by the Eliasville Band. The boys had only played together about a half dozen times, it being the first experience of some of them as musicians, yet they played excellent music. A large portion of the credit for this, no doubt, is due Mr. Dillard Davis, who instructs and leads the band. Many nice compliments were passed on the boys during the day.

PRISCILLA CLUB.

The regular semi-annual business meeting of the Club had been arranged for Tuesday afternoon, and it was too bad to lack just one of having a quorum, but some Priscilla could not leave her spinning and weaving at home we guess, or possibly her work had made so many appearances at the Club she decided to stop at home and finish it so she could bring something new next time.

All who were present enjoyed the balmy breezes on the veranda at the home of Mrs. M. K. Graham, though the heat seemed oppressive other places. It was cool and inviting, but not quiet after the arrival of several very much interested members of the club, neither did it grow more quiet when the guests arrived.

Many new patterns of crochet were shown, some so pretty yet simple, in execution. One wishes they could copy each design and make yards and yards of it. The "idiot" stitch is a rather popular one at the present, so called because no weak-minded person can make it and talk at one and the same time. Almost all the Priscillas have learned it, and so have proven their brilliance of mind, for of course, they talk.

Perhaps those who failed to come are the ones who are just learning and wish to be experts before risking it at the Club. We shall expect them next week.

Mrs. Graham served delicious ice cream and small cakes, assisted by Mrs. Crabb, Mrs. A. A. Morrison and Mrs. Trafton. Guests who enjoyed Mrs. Graham's hospitality outside the membership were: Mesdames Wheat, of Memphis, Wilson of Memphis, John Dowdle, who was a member before her removal to Ft. Worth, S. B. Street, H. B. Street, Q. Street, Harry Wadsworth, A. A. Morrison, B. B. Garrett, I. T. Gilmer of Mississippi, H. P. Rose, A. M. Graham and Trafton; Misses Dorothy Graham, Bladen Garrett and Mazelle Morrison.

Clark Knight, of the Graham Steam Laundry, is preparing to move his family to Dallas about the first of August. We regret to lose this good family from our town.

STRANGE DISEASE KILLS LIVESTOCK

QUARANTINE ORDERED BY COUNTY HEALTH OFFICER.

No Shipment of Cattle Will be Allowed in Precinct No. 1 Till Further Orders.

On account of the fact that so many cows, horses, mules and other live stock have died in this county recently from a disease that has baffled the veterinary surgeons so far, Dr. J. L. Williamson, the county health officer, has ordered a quarantine against the shipment of cattle either in or out of Precinct No. 1.

The State Health Officer, at the request of County Judge E. W. Fry, is sending an expert here to investigate the disease and to render whatever assistance possible to combat it.

Those who have lost stock, or have sick stock, are requested to send in their names to Dr. Williamson at Graham, in order that help may be given them.

Clean Town Contest.

The following letter has recently been received by Mayor S. Boyd Street, in regard to the contest:

Dallas, Tex. June 23, 1914.
Hon. S. Boyd Street, Mayor,
Graham, Texas.

Dear Mr. Street:
Referring to your favor of June 15, answer to which has been delayed on account of my absence from the city, I beg to advise that we have not, so far, decided to hold a Clean Town Contest this year. Should we decide to hold another one, due announcement with forms for application will be published in Holland's Magazine.

Yours very truly,
Walter B. Whitman,
Editor Holland's.

A big basket picnic will be given next Saturday, the 4th, out north of town on the picnic grounds. This picnic is under the auspices of the W. O. W. and every one in the town and country is cordially invited to come and enjoy the day. Bring baskets of "eats" with you and be "jolly and sociable." Let's all go and have an old-fashioned July 4th picnic.

Cards are out announcing the coming marriage of Jesse P. Tackett and Miss Willie Garvin, both of this place. The ceremony will be performed next Sunday, July 5th, at 3 o'clock, at the home of the bride's mother, Mrs. Rachael Garvin.

CLEAN-UP

A ribbon red or a ribbon blue? I must surely choose between the two
For on this day as sure as fate
One will be swung on my old front gate.
The ribbon red is a sorry sign
It spells "taboo" for this yard of mine,
It means tin cans and rags and strings
And weeds, and other debarr'd things.

But the ribbon blue from the U. D. C's
Shows you have watched your q's and p's,
That your place is neat and free from flies
And you're in line for the Holland's prize.
Then let me strive for the ribbon blue
And rake and burn the whole day thro'
That when the trio decorate
They'll put the blue on my old front gate.

The editorial force of The Reporter was augmented this week when on Tuesday night a son came to the home of Mr. and Mrs. F. A. Kessler. By the time he is old enough to help us, Graham will be a city of 10,000. The Reporter will be a daily and weekly, and have at least 20,000 subscribers. Come to Graham.

The West Texas Reporter is loaded to the brim with the

latest news from everywhere in Young and surrounding territory. Is always ON-TIME and read by more than nine thousand, five hundred people each and every week.

Teddy III, the newest scion in the noble tree of Roosevelt, made his appearance in New York a few days since. Poor little dear, to think there are no other new worlds for him to discover.

With the English militants burning churches, just think of the risk some people run who persist in sleeping throughout the sermon.—Atlanta Constitution.

Vacation time is here. Leslie's weekly declares we cannot keep up the twentieth century pace fifty-two weeks in a year without a rest. This is true. The delicate human anatomy demands change and recreation, no matter how smooth the groove may be in which he spins. Railroad folders offer great temptations to mountain, lake-side and shore, with appropriate descriptions. State Press avers that the most soul-satisfying vacation can be had at home, with the family; the freedom and relaxation yielding more genuine pleasure than a tearing tour across the continent to seek for new pleasures. Emerson insists that "Traveling is a fool's paradise." Anyhow, philosophy is cheaper than railroad tickets.

The glorious Fourth is upon us—sizzling hot. This Independence Day witnesses picnics galore throughout the Union, where shoals of people quench their July thirst at the "lemonade stands" and listen to that matchless instrument of democracy, the Declaration of Independence. About a century and a half ago, serried hosts of grim, undaunted, war-scarred, Colonial veterans declared themselves free American citizens, with the inalienable right to pursue their own happiness and enjoy the inherent rights of life and liberty. Time was, though, when Texas, "the biggest pancake on the griddle of North America," considered the inalienable right to pursue happiness to consist of a wide sombrero, silver spurs, an automatic revolver, and a wild carouse. Her July 4th picnic was a mid-year revel, where the border beau swung corners and called "Balance all!" amidst a profusion of eloquence and perspiration. Now the cowboy togs have been displaced by the Palm Beach, the spotted mustang by the motor car, the hand that erstwhile dealt the sure swinging lasso is an adept at lawn tennis. The frontier days of Texas possessed joys all her own, but the onward sweep of sure-footed civilization has metamorphosed the land of the buffalo into a flowered product of the modern age and her Independence Day, once punctuated by fancy rifle shots from a practiced trigger finger, is quiet and conventional,—safe and sane.

The paragraphs are plying a rose colored pen; painting the glories of grand old Texas, with her fifty-seven varieties of climate, her scope of limitless prairies, her wooded dales watered by limpid rivers choked with fish, her stretch of coast line where the breakers boom sweet lullabies to the July summer tourist. All in a sweet refrain, the crescendo reverberating from the Red River at the north down to the Rio Grande, from the cane brakes of the Louisiana border to the land beyond the Pecos, with one swell anthem: "Come to Texas!"

Only by whole-hearted cooperation can the Holland's prize be won. While scores of homes in the town are in perfect sanitary condition, easily scoring 100 per cent, yet there are others that will off-set this mark of excellence. The U. D. C.

Committee will inspect this week and remember these ladies have given sufficient warning that the time has expired for actual cleaning-up; it should be finished already; and your premises should be in order for inspection. Stagnant water should be oiled; refuse burned or carted away; weeds disposed of. This is first of all your duty to yourself and family—to be sanitary for health's sake; it is your duty as a citizen of Graham to possess a spirit of pride in your home town; it should be a source of civic pleasure to be able to help, these tireless workers to erect a monument to the Confederate dead. If the blue ribbon swings from your gate, be justly proud and do not let your place deteriorate in attractiveness until graded by Holland's inspector himself—and if the red ribbon be your lot, do not take offense but with renewed vigor, resolve that your place of residence shall not cause Graham to lose this high honor.

Graham Teachers.

We are glad to give the names of the teachers who will teach in the Graham Public School next session. Several of the teachers for the past session did not accept for next year. Great care has been exercised in selecting the teachers for next session. All the teachers named below hold first grade certificates or certificates of higher rank, and every one has had successful experience in the school room.

Edgar McLendon, Graham, Mathematics; E. L. Howell, De Leon, History and Science; J. E. Burk, Center Point, English; Miss Ima Culley, Austin, Latin; Miss Mary Cope, Justin, 8th Grade; Miss Virginia Egan, Denton, Fifth Grade; Miss Jessie James, Graham, Fourth Grade; Miss Nannie Thomaon, Justin, Third Grade; Miss Iertie Davis, Denton, Second Grade; Mrs. Lucy K. Isaacs, Graham, First Grade.

Transfer Notice.

Parents desiring to transfer children to the Graham Public School should make the transfers during the month of July. Only High School transfers can be made after the 31st day of July. Any one interested should see County Superintendent B. W. King, and attend to the matter at once as the time is short for making transfers of children from one district to another.

Edgar McLendon,
Supt. Graham School.

Open Air Service

Last Sunday evening all the ministers in town, wit their congregations, assembled on the Court House lawn to her Rev. Atticus Webb, of Fort Worth, district superintendent of the Anti-Saloon League, in its address in the interest of temperance and the submission question. The evening was beautiful and a vast throng of people enjoyed this open air service.

The W. C. T. U. marched in a body to the Court House lawn and were greeted with applause. They presented the speaker with a beautiful bouquet of June roses.

Rev. Webb, who is a minister in the Methodist church took a reading from the Bible as the foundation of his address. This scripture was Prov. 29:2: "When the righteous are in authority the people rejoice; but when the wicked beareth rule, the people mourn." His talk was characterized by a fair presentation of his subject, impassioned and logical.

Rev. Atticus Webb distinguished by his public services, having been president of schools in his church, both in Granbury and Blooming Grove in the eastern part of the state.

The Graham Band furnished delightful music, and quartet of male voices composed of Messrs. Lynch, Rea, Rickman and Hutchison used the service. A free-will offering for the Anti-Saloon League was taken.

Resolutions of Respect.

Whereas, on the 17th day of March, 1891, in the town of Graham, a company of men, who believed in the brotherhood of man, and felt that it was their duty to do something for one another, met and organized a lodge known as the Knights of Pythias, and when above said lodge was organized one of its charter members was Brother Jonas Ely.

And whereas, on the 8th day of June, 1914, by death, Bro. Jonas Ely was removed from our midst and now no longer tabernacles in the flesh.

Therefore be it resolved by Corinthian Lodge No. 143 that we realize that in the passing of Bro. Ely from our midst, the lodge loses one of its most loyal members. One that loved his fellow man and was devoted to the principles for which our order has always stood.

And we do now assert that it is with pain that we contemplate the sad fact that we shall see his familiar figure among us no more or hear on earth the sound of his cherry voice. But to the will of He who rules the universe, we submit.

And now be it further resolved that we now tender to the widow and daughter our sincere sympathy in this trying days of their lives, and deliver to them a copy of these resolutions. Also that we spread same upon the minutes of our lodge and furnish a copy to each of the Graham papers for publication.

Birthday Party.

Eula Fay, the little daughter of Mr. and Mrs. Will Mayes, entertained a few of her little friends last Thursday afternoon, celebrating her fourth anniversary.

Games of various kinds were played on the lawn; the most fascinating was that of hunting nuts which were concealed about the yard. A prize of a box of animal crackers fell to Ethel Trout for succeeding in finding the greatest number; a second box of these interesting cakes fell to Irene McLaren for getting the next highest number. After playing to their

heart's content the little ones were served iced punch and ice cream cones and cake, by Mrs. Mayes.

The following enjoyed Eula Fay's delightful party: Irene McLaren, Ethel Trout, Lois Cunningham, Winnie Fawkes, Kathleen Carmack and Cornish Cunningham.

Last Sunday, two weeks ago, at 7 o'clock the death angel came to the home of Mr. W. M. Gibbs and took from that home the loving wife and mother, and from our community a true Christian woman, one who will be greatly missed in the home, and by the neighbors. She was laid to rest in the Proffitt cemetery Monday afternoon at 2 o'clock, in the presence of a number of friends and relatives, Rev. Lowrance conducting the funeral services. May God's richest blessings rest upon the bereaved family, and may we all live just such lives as she did, and at last meet one another in the bright and beautiful city in the New Jerusalem where death, sorrow and separation is no more.
I will close and hand my pencil to Beauty as I like to hear from down there, for I know all of those people.

If you hear no more from Pat you may know I am spending the hot summer months in Colorado, looking at the beautiful snow-capped mountains and enjoying the nice, cool breeze. SORGHUM FLAT

Here I come again. News is as scarce as ever. I'm not much of a writer but there is one thing I can do, and that is to read all the good letters the others write.

I think the last Reporter is about the best one we have gotten in a long time. Seemed as though there wasn't as much spitting as common.

Well Beauty I noticed in the paper you said something about Dreamy Eyes and of course, that caused me to put on my thinking cap, and if I'm not mistaken I have you pictured out. Seems like I can almost see you before my eyes.

Say, did you notice about the doctor seeing the rattlesnake at the Set ranch. That almost makes me afraid, you know I live so close. Of course, rattlesnakes are poisonous, but still I'm not quite so afraid of them as I am the snakes you read about in the Bible. When this kind of snake bites you I don't believe there's much of a cure. But, if I get rattlesnake bit I will send for a physician.

Homeite I think you are mistaken about your chickens dying with that disease you spoke of. If you will notice I think you will find out it is gnats killing them, for they killed some chickens for us.

Miss Roxie Burgess and Mrs. Sam Copeland and three children visited Mr. Eugene West and wife last Sunday.

Mrs. Letha Rickles and little son visited the Hughes ranch last Sunday.

I notice we have a new Correspondent on Cedar. Hope they will write again soon so we can tell who they are. June Roses we welcome you.

If any one can tell any bigger snake stories than I can let them come across, for I'm posted.

Misses Mae and Willie Valentine of Merkel came in Saturday to visit their sister, Mrs. Bob Deaton, of this community.

Mr. Bill Bunger and family visited J. K. P. Hughes' family last Saturday night and Sunday.

Roy Barron has been down with rheumatism. Had the doctor with him last week and he is some better now.

Look out Rabbit Twister, I may come over to go fishing some time. I don't know very much about twisting rabbits, so you can give me a lesson. Maybe so you wouldn't know me since you have moved so close to town.

As the Editor still wants forty letters I guess I had better quit and give room for the thirty-nine others and sign, Dreamy Eyes.

LAKEVIEW

Hello Mr. Editor and all. Here I come again. Crops are fine in this part of Hall county.

Most all of the cotton is chopped out. Maize is fine but will need rain before long.

Guess old Young county is going to the front this year, but say, it is time.

For cheap money on land apply to Arnold & Arnold.

MOUNTAIN HOME

My, my, we are having some hot weather now. Every one is needing rain. Most of the farmers are up with their work until it rains.

Mr. and Mrs. Will Moore have moved to their home in Tonk Valley. We hate to see them leave, but guess every one will be glad to welcome them back to the Valley.

Mr. and Mrs. Newman made a trip to Graham Tuesday.

Messrs. Bill Bunger and Mack Rose and Master Milton Bunger took in the picnic on the Clear Fork. All reported a nice time and a good dinner.

Beauty I enjoy reading your letters, as I know most all the people over there. I can't imagine who you are. Maybe we know each other. I hope we will get together and have a group made, for I would like very much to have one of all the Correspondents. Maybe I will get to see some of you at the picnic the 4th, at Graham.

Mr. Bill Bunger and family visited Mr. and Mrs. J. K. P. Hughes Saturday night and Sunday.

Mr. Bob Williams of Ming Bend visited his old friends at Mountain Home Saturday.

There was a crowd of young people who spent Sunday eve with Mr. R. D. Owen and family.

Mr. Sparks and family took dinner Sunday with Mr. and Mrs. Carl Newman.

Miss Valerie Bunger spent Monday with Mrs. Harriet Owen.

Silver Bell I think there are rabbits down there as well as weeds, for I was down in there last Saturday evening.

Dreamy Eyes letter was in the paper last week so you will have to write one this week.

Mr. Walter Burns of Graham was in this community Monday.

Mr. Bud Owen and family took dinner with Mr. and Mrs. Frank Sharp Sunday.

Well I will let you have my pencil Goose. Homeite.

KEYSER

Hello Mr. Editor, how are you enjoying this hot weather? Cotton chopping is the order of the day.

Several of the Keyser folks went to the picnic at Bryson Wednesday. Certainly had a nice time.

Health is good in this community, with the exception of Mr. Jim Beasley.

Rev. S. J. N. Martin and family went to Mountain Home Sunday. They report a nice time, as there was lots of good preaching and fine dinner.

Hello Blondie, I saw you there too, but I had the advantage of you; I knew you and you didn't me.

Mr. Nelson Martin and Miss Clemmie Nicklas went to the show at Bryson Wednesday.

Well Pansy, I guess you enjoyed yourself at the old soldiers' re-union at Eliasville.

Mrs. S. A. Myers spent Monday morning with Mrs. H. A. Bryson.

Mr. Edd Sanders went to the working at Mr. Jim Busby's Tuesday.

Blondie, if I am not mistaken I saw you take a car ride Wednesday, how about it?

Well Kid, I think most of the Correspondents have the money to pay for the picture and I certainly would like to have them taken also. How about it Mr. Editor?

Mr. Fulcher took dinner with S. J. N. Martin and family Thursday.

Mr. Hurd says he is afraid to clean the grass out of his cotton, the rabbits would have nothing else to eat on but his cotton and he hasn't any to spare.

My, my, isn't The Reporter growing fast.

Well Jolly Girl take my pencil and I'll go eat dinner.

Red Wing.

We want your subscription.

Yes, Madam, it tastes good clear down to the last drop, and is so good and pure that two or three cups are really enjoyable. If your husband hasn't been satisfied with the coffee you make, just try this can of Folger's Golden Gate, and he'll say it's the best coffee he ever drank.

And remember this, the LAST bit in the can will be just as good as the FIRST.

Good Things to Eat

ORTH

Hello Mr. Editor and Correspondents, how are you all?

How did you like the rain? It was sure fine here. Just what the doctor ordered.

Corn is sure fine up here. There is some cotton that you can see and the rest is out of sight.

Threshing has begun, hands are scarce, wages are from \$1.25 to \$1.75, man and team \$2.50 per day.

Henry Gibbs, Tom Rux and Drue Farmer spent Wednesday with the Clark boys.

I hear some complaining of the grasshoppers.

T. J. Routon has done some work on his gin tank at Orth. Geo. E. Leberman and Dr. Coop made a flying trip to Ft. Worth this week.

I see Dan Keith and Andrew Gibbs are riding new saddles.

Mr. Henry Gibbs was hoeing for Mr. Foreman this week.

Jno. and Elmo Clark are hoeing for Mr. S. R. Jeffery this week.

Geo. E. Leberman and daughter, Miss Fay, went to Olney the 20th.

As this has been a busy week I haven't collected any news so will turn my pencil over to some one else.

As I did not get to mail the news of last week will endeavor to write some more.

We are having some fine weather now, and the people are taking advantage of it both farming and threshing. They are pushing things to the front.

I can see the smoke of four threshers.

Geo. E. Leberman, Ed Gadberrry, Bill Hustage, Mr. Wagon and Corda Fox went to Olney the 23rd.

Wheat is threshing out from ten to fifteen and oats twenty-five to thirty bushels to the acre. Not so good as some had guessed them.

With another good rain corn will be fine.

T. J. Routon has commenced his tank for his gin.

Mr. Haggard, Dee James, Henry Rogers, Bill Hustage, Mag Farmer, Sam Waters, Jim Stafford and several others spent the day Sunday at Uno's and they had a big time, too, playing croquet. The boys have a new set, ha! ha! what do you know about it?

Geo. Jones went to Wichita Falls and bought a brand new Ford car.

Gander those wild men came from up here. I know I run two out of my field and they drifted south, like they always do. They can't call me cockle-burr up here, it's ticklegrass.

Hurrah for Red Wing and Gray-eyed Girl!

Gander don't get scared the Lord knows those who are his. It is all through life as the Irishman said when the snake bit him.

There is some sickness in this neighborhood at present, but hope to report none next week. Uno.

MIDWAY

The Children's Day service at Midway Sunday was quite a success. At 11 o'clock Rev. Milt Graham of Farmer preached an excellent sermon to a large and attentive audience.

The crowd was then dismissed and dinner was spread. After ample justice had been done the bountiful repast the house was then called to order and a profitable and interesting program was rendered.

Every number was enjoyed and we wish to make special mention of the short but interesting Sunday school talk made by Mr. Rube Loftin. A collection was taken. Little Zedie Drum, Varda Cox and Cleo Woodrome passed the baskets through the audience and then brought the offering to the little flower girl, Arnold Cox, who was standing on the stage, beautifully bedecked in lovely flowers.

In this locality we have three Sunday schools within the radius of three miles. Two in the Hawkins Chapel community and one at Midway.

Mr. Earl Hazard and sister, with several more young people from near Antelope attended the Children's Day service Sunday; also the Misses Courtney of Shearer, and quite a number from Farmer, Jean, and other places were in attendance.

Quite a number of young people gathered at Mr. Tom Loftin's Sunday afternoon, among the number, Mr. and Mrs. Elzie Tedrow, who are visiting in this community.

The young people enjoyed a singing at Mr. Loftin's Sunday night.

Mr. and Mrs. Joe Wootton from Murray are visiting at Mr. Loftin's, Mrs. Wootton's father.

Miss Minnie Porter of near Farmer was in our community Sunday and spent the night with Misses Hettie and Lillie Drum.

Misses Cecil and Kate Courtney spent Saturday night at Mrs. John Cox's.

Mrs. Loftin will entertain her Sunday school class at her residence Monday night, July 29.

Mrs. Bagley's mother, Mrs. Cogburn, left Sunday morning for Weatherford.

Everybody is hard at work this (Monday) morning.

Live News from our Correspondents

BRYSON

Hello Mr. Editor and Correspondents, how are you enjoying this hot weather?

We are sure needing rain over in this part of the country.

Mr. Editor of there was not forty Correspondents last week I hope we will make it this week.

Dago I just happened to think when I read your letter why the roads have been so full of candidates. The fields are so full of weeds that they are afraid of them and they just stay in the big road to keep safe.

A crowd went fishing down on Rock Creek last week and being such a large crowd will only mention Mr. Louis Moore being the driver on the front wagon. Wonder how many fish they caught.

Bro. Reed filled his regular appointment Sunday at the Baptist church.

Mr. Pink Rhoades of Keyser attended church Sunday.

Mr. Jim Kinder filled his regular appointment at Mr. Bill Henderson's Sunday.

Mr. Watkins filled his regular appointment at Mr. Stuart's Sunday evening, taking Mr. Travis Raley with him.

Miss Lottie Taylor is visiting her uncle, Mr. Stuart.

Mr. S. J. N. Martin of Keyser was on his way last Friday evening up here to get on the train to go to Graham and was about fifteen minutes late. He said the conductor would have waited for him had he known he was coming. Whistle the next time Mr. Martin.

Red Wing says that the two brown-eyed girls are hunting for their yellow buggy pony. Some one saw him about one and a half miles southeast of here in Mr. Hurd's corn patch one day last week.

Miss Bessie Holman and little niece of Union Ridge were shopping here Monday.

The farmers near the city are just about to get the weeds thinned to a stand.

Dr. Ben McCloud spilled some

poison medicine tablets on the floor at his home Sunday night and thought he had found and picked them all up, but sorry to say his baby found some of them and ate them next morning before any one knew of it. It was very sick but better the last report. We hope it a speedy recovery.

I will lend Daisy Flat my pencil, hoping my letter will escape the waste basket. Trixie.

(Well, Trixie, your letter escaped the waste basket by a wide margin and we are sure that the Correspondents and many readers of The Reporter will enjoy your news letter. Don't fail to be regular with your news from your little city. —Editor.)

The sick in the Valley are all up and about again. Every one ought to feel very thankful.

Grandpa and Grandma Youngblood were at Graham one day during the week.

Say Happy Ben, you have one on me, for I don't think I know you unless I knew your true name. The next time we both happen to be at Medlan Chapel just let yourself be known.

The Primitive Baptists will hold a three days' meeting at Medlan Chapel the fourth Sunday in July, starting on Friday before.

The Baptist protracted meeting will commence at Lower Tonk on Friday before the 2nd Sunday in July. The services will be conducted by the pastor, Rev. F. E. Suttle.

Yes, Jolly Girl, I know how to sympathize with you, but we all will be reminded what to do and what not to do some time in life.

Oh, my, it sure is warm, with not much of a breeze stirring.

Yes, it sure would be fine to have the Editor and all of the

Correspondents' pictures made at the next re-union.

I hope that it won't be until we all get caught up with our work a little better so our minds would be on having a good time and not on chopping cotton.

Mesdames Sneed and Bill Wadley and daughter, Miss Effie, were shopping in Graham one day last week.

FLAT ROCK
It has been almost hot enough the past week to wither June Roses, Pansy, Honey-suckle and Violet, run Plow Boy to the shade and melt a Candy Kid, but nevertheless, we are hoping that none will be absent this week.
It would have been almost impossible for me to have been with you last week. You girls who live on the farm know something about that, don't you? Not that I've been working in the field, for I haven't had much time for that either.
Move over X. Y. Z. and let me sit by Jolly Girl. It seems ages since I've chatted her.
And so you wanted to know who I thought should know that little "happening," Jolly Girl. Well, I'll say the one who should know was an eye witness and didn't have to be told about it did she? And I just know the Prof. laughed in his shoes to know that Rex took a young lady from town when he went to Tonk Valley, but I'm sure his feathers fell when he read your letter in last week's Reporter.

same time will be helping you with your crop.

FLINT CREEK

We are ready for more rain.

This hot weather is drying the ground and the feed stuff is needing rain. If it doesn't rain the farmers will get up with their work in a week or two, then they will be ready to go to meeting. But we just haven't time to take in these shows. Only a few boys go you know. It's hard to keep a boy away from shows, even a picture show, but they are funny and that's what I'm after.

We are intending to have a glorious meeting, I mean some of the people are, on the hill between Mr. I. N. Farmer's and Mr. A. C. Smith's, to start Saturday before the 3rd Sunday in July. People are welcome to come and camp but be sure and bring lots of grub for the people are awfully sociable here. They will eat with a fellow without having to ask him.

Sunday school was slim Sunday afternoon. Only thirty present. The secretary was absent.

Singing was fine at Mr. Will Nored's Sunday night. We are having some of those Sunday night singings now and I think they are fine, but the boys and girls like to sing too well to sit around and talk. I guess that's the reason.

Mr. John Taylor of Loving came down one night last week and got some of our cotton choppers. Bring them back John.

Well I guess all the Correspondents are going to take in the re-union the 4th. No, that is a picnic, but I guess you will all be there. If I am not there it will be just because, but I'll be there I suppose.

Silver Bell my letter didn't look anything like yours but Mr. Editor chopped a little off. But that's all right Mr. Editor, I don't object. Cut more off if you want to save it.

Wasn't that Kid's letter a great big whopper last week, a length and words both? Fight 'em, yes fight 'em, that is a very good excuse, so some say, but whew!

MT. PLEASANT

These hot days makes a fellow think of cold drink stands, cool bubbling springs, running, sparkling brooks full of gliding fishes, with banks lined with moss and flowers, and over-hanging trees. Oh, please pass the ice cream.

Goose I think that idea of yours about grafting things into the mesquites is, to say the least, an advanced one. In fact, I guess about forty years ahead of time, and a good idea.

Rev. Gaines B. Hall of Graham preached for us last Sunday night. The attendance was rather small, owing to it being Sunday night, together with the fact that everybody is so busy and need all the sleep they can get. Brother Hall preached a real good sermon from St. John 12:32, which was well received.

Mr. F. A. Kessler, editor of The Reporter, accompanied the Rev. Hall and played the organ for us.

It fell to the lot of this writer to entertain, or rather to be entertained by, Mr. Editor Sunday evening, and then to try to "fill him up" at supper. Fortunately we had roasting ears, and if a fellow comes to see me and I feed him on roasting ears and he should go off and tell that he didn't have anything good to eat I shouldn't like it a little bit. But I am not

a bit afraid of our editor telling that kind of a tale, because he ate—well I will not say how many, and then wanted to know "where is the patch?" Editor Kessler is a good mixer. "Fits in" anywhere, from presiding over a Correspondents' re-union dinner at a first-class hotel to being served at a clodhopper's supper table. Come again Mr. Editor.

Well Jack o' Diamonds I am sure glad to see your "smiling" signature in its proper place in The Reporter again. Keep coming Jack o' Diamonds, you don't know how much you are missed. I am sure glad to have you take care of me Jack, now that my "old master" the Kid is dead.

That ear-splitting noise we heard from Indian Mound last week was Kid's dying wail. Don't know whether he died from loss of sleep or a broken heart. But from the best I can guess it was a complication of the two ailments, either of which is fatal. Just think of it. He wrote a volume after 11:30. He was awfully hurt at Plow Boy because he asked Kid to "do unto others as he would have them do to him." It is simply awful for a fellow to have to die such a horrible death on account of his own folly. They say as he passed out he whispered something about "Plow Boy" and "affidavit." Poor fellow, he didn't

know that Plow Boy's plain statement is taken in the United States, and anywhere he is known beyond the seas, as to that matter.

Just before he expired he had a consoling vision—all the Correspondents stood round his bed, weeping tears of sympathy, and abusing Plow Boy, with Gringo as their captain, then he smiled and "passed them up."

In conclusion will say, if I ever meet Kid's spirit wandering about the streets of Graham I will offer it a hearty handshake.

Finally, as I do not think his last write-up warrants preaching him into heaven, and as I do not like to send the poor fellow to the bad world I will simply say "Peace to his ashes."

The Straight Tip on Men's Clothing

Few people know anything about the works of a watch, yet they don't select a watch on its appearance only, they look at the NAME on the watch and see what kind of store sells it—whether it is a fair store. You ought to do the same thing with your clothing. See that YOUR clothing carries this trademark:

S. M. & S.

You will admit it is easy to make a poor suit look well, as it is to make a poor watch look as though it were good. But carry a poor watch a few weeks and you will find the difference. So it is with clothing, the TEST comes in the WEAR. The clothing with this trademark:

S. M. & S.

is as good as it looks, inside as well as outside, there is nothing false about it, and nothing that will go wrong. If you've never tried an

S. M. & S.

Suit, we'll be glad to show the styles to you—prices are right, so are the wear, the fit, the tailoring. Slip into a suit—walk up to the mirror, and you will see how full of life and beauty it is. You will find S. M. & S. Clothing in our stores in

Crops in good shape now. Cotton is making very rapid growth and early corn will soon be in roasting ear. More rain will be necessary to make out a full crop of corn.

Steadman Carter lost a fine horse last week and Mr. Sadberry lost a good span of mules. Both mules and horse were affected with some disease and it is supposed to be anthrax that is killing them. One of the Sadberry mules lived only 36 hours after it was attacked. Four other animals, two horses and two mules, are now down with the disease, two of these are on Mr. J. H. Carter's farm and two on W. I. Gilmore's.

John Kisinger lost a cow last week and W. I. Gilmore a fine Durham bull, so we are all somewhat out of luck here just now.

I claim that every animal that dies should be burned at once, for the flies are very bad and they undoubtedly carry this disease. Then there is the filthy buzzards; they feast on the carrion and then go and wallow in the tanks and thus pollute the water the stock has to drink.

Rev. S. D. Cook filled his regular appointment here Sunday.

Geo. Gilmore and family spent Saturday night with G. G. Smith and family and attended church Sunday.

Mrs. Mary Henderson spent last week with Mrs. Archie Martin, who has been in poor health for a long time.

The singing at Mrs. Maggie Gilmore's Sunday eve was well attended and enjoyed by all present.

D. G. Hinson and wife spent Sunday at the home of John Kisinger.

Q. B. Nelson and family attended church here Sunday.

Mesdames Carter, Sadberry, and Gilmore spent Wednesday with Mrs. Hatfield, who has been quite sick.

Goose, if they jump the wild man out of Joe Parsons' weeds do your level best to point him up the river, for if he gets down here in the lambsquarter in Marion Henderson's oat field we never can get him out.

Archie Martin killed a rattlesnake a short time ago in the Lynch pasture that had twenty six rattles and a button. I have killed a lot of rattlers here in the past, but this is the longest string of rattles I have yet seen.

We are glad to hear from Bono again and hope he will not stay away so long next time.

We are keeping the Ball in motion here and the object is to roll the Ball clear out of the ring and roll the Hon. J. E. Ferguson in, for the farmer who stands and lets a lot of professional politicians put the harness on him this time is not worthy of the profession to which he belongs.

There is much uneasiness here this (Monday) morning over the loss of work stock. One of J. H. Carter's mules died last night and there are six cases now on hand.

Will Pickard started his threshing machine on T. K. Criswell's farm Saturday, but had a break down and it will be a few days before they get started again.

Rob Henderson and Jean Kisinger stayed up last night assisting Mr. Carter, in an effort to save his mule. Salemite.

INDIAN MOUND

Yes, Miss Burnette, I think it would be wise to make arrangements with the photographer or editor one. I was expecting the editor to furnish us a barrel of whitewash for that day so as we could whitewash our faces red.

Salemite would it be out of order for me to answer your question before the house? If not I'll try and answer it next

time I write. I have been working with a threshing crew since last Thursday and I haven't any time for writing now and may not have then, but hope I will. I think you are a little bit wrong about we two saying we had said it all. You might have heard us thinking something of that kind. If you are wrong I believe you are honestly wrong.

Rev. R. E. Boyle failed to fill his appointment here Sunday owing to his mother being very low.

Misses India and Ruby Newman and brother, Frank, from Hawkins Chapel visited their sister, Mrs. H. H. Stevens, here Saturday and Sunday.

The Misses Fields visited their sister, Mrs. Charley Dollins, one day last week.

Mr. G. M. James and children called at Mr. Borchardt's Sunday afternoon.

Mr. Emmet Ramsey of Red Top called on R. G. Taylor Sunday morning.

Mr. John McCommas went to Graham Sunday.

Mr. Earl Brewton of Graham is cooking for the thresher crew.

Sunday school was very well attended Sunday, also the prayer meeting Sunday evening. The prayer meeting was conducted by Miss India Newman of Hawkins Chapel.

Our protracted meeting is to begin Friday night before the third Sunday in July.

KOMO

Mr. Lon Evans and family have been on the sick list but am proud to say they are all up now and getting better.

Mrs. Ida Brooks and daughter, Miss Hester, have been sick, but they are better.

Hot weather is the cry now, instead of rain.

Wheat stacking is the order of the day in this community.

Several of the people from Komo attended the picnic at the re-union ground on the Clear Fork. They report a fine picnic and a dandy time.

Misses Florence Griffin and Lottie White have been chopping cotton for Mr. W. E. Lynch.

Mrs. Lucinda Odum has been on the sick list.

Come on Gray-eyed Girl with the Mountain Home (Jack county) items. I know you also.

Rev. D. J. E. Clark of Dakin preached here Sunday.

Mr. G. R. White and daughter, Miss Lottie, W. E. Lynch and family, J. A. Bower and family, ate cream with Mr. W. H. Burnett and family Saturday night. All report a good time and plenty of cream.

Mr. Roy Pardue and family of the Mount Pleasant community spent Saturday night with Mr. and Mrs. J. T. Townsend and attended church Sunday.

I guess I better quit and give more space to some good writer so I will get my bonnet and gloves and go.

Pansy.

MING BEND

After a week's absence I will come again, for you know the old cat always comes back.

Health in this community is better at this writing. Some few have been puny but glad to say they are better.

Misses Ettie and Millie Roark took dinner with Misses Mary and Ethel Cunningham Sunday.

Mr. Newby and family visited at R. E. Sims' Sunday.

Marjorie was inquiring about Moses Sunday. We would have thought she would have asked of the whereabouts of Chester; suppose she knows.

Threshing has been the order of the day this week.

W. A. Pickard threshed at home and at W. L. Newby's and R. A. Kutch's. They moved to Mr. Knox Criswell's. Earl, Everett and Joe say they like to go with the thresher for they get to see the pretty girls.

Misses Mary and Ethel Cunningham, Millie and Ettie Roark, R. A. Kutch and wife and Mrs. Mattie Dalton and two children called at the Newby home Sunday afternoon.

We suppose the reason Walter likes Gooseneck so well is because they feed him wax and candy.

Say Goose what is so attractive for John up there. Some pretty girl I guess.

Mrs. Lily Gibbs of Graham is visiting her parents Mr. and Mrs. O. D. Lisle.

Jim Ferguson and family, Herman Johnson and wife, Oscar James and family visited at Mr. James' Saturday night and Sunday.

Mary says she sings the "Lost Sweetheart" all the time when she is chopping cotton. Wonder if she has lost one—I hope not.

Ettie says: "I don't think fleshy girls ought to have to walk this hot weather."

Reuby had a call Sunday. She claimed it was her brother but don't think it was the way she talked.

Anyone having sick chickens would do well to call Mrs. Newby, as she is the chicken doctor.

Everett says he enjoys going to town on Saturday and eating cream.

Mrs. Newby visited Mrs. Owen Tuesday.

Little Ethelyn Ribble swallowed some coal oil Tuesday and has been right sick, but is better.

S. L. Ribble went to town Saturday.

Cecil Ribble has been visiting relatives in the bend the past few days.

Mr. E. J. Ribble visited his son, Frank, who lives in Stephens county, Saturday and Sunday.

Thank you Johnnie for your invitation. I think I shall try and come some Sunday. You must come up to Ming Bend some Sunday. You and Beauty both.

As I have told all of the news will go and give my pencil to some good writer.

Rainy Day.

BUNGER

Mr. H. A. Driver, manager of the Bunger Gin Co, has received two new gin stands and cleaner outfit. He will do up-to-date ginning this fall.

Charlie Parsons and Walter Rehders and others were down at the Whittenbergs Sunday night fishing.

Messrs. Henry Driver and Joe Upham cemented the big cistern here today.

Mr. Jim Price was called to Mr. Kelley's this afternoon to kill a dog.

Dago I am so sorry for those candidates that got lost in the high weeds last week. They must have strayed off down on Devil's Hollow. Uncle Jesse Rickman knows how easy it is to get lost in that part of the woods. Uncle Jesse camped out all night down there with a lime rock under his head and overcoat under his feet.

Mr. Floyd Smith is trying the old bachelor life today, Sunday, while Mr. and Mrs. G. G. Smith went to church and took dinner with Aunt Maggie Gilmore.

Mr. John Lasater and family from Mt. Sinai went to Graham, Saturday.

Next Saturday is the picnic day at Graham. I want to go if I can get off and would like to see as many Correspondents there as can come. Why would not that be a good day for us to celebrate? All come and let's take an auto ride, kill an egg and have a good time all around.

Say Gander you give the Goose some dots if you don't like for her to scatter her news so bad next time.

Mr. Joe Gibbs has reached Burk Burnett, where the fritters grow on trees and the streams flow with honey and he said there was two men to every job so he was going on to Oklahoma.

Mr. and Mrs. O. D. Lisle and Mrs. Lily Gibbs of Graham visited Mr. and Mrs. Jim Price Sunday.

Charlie McLaren and son, Royce, visited R. L. McLaren Sunday night and Monday.

There seems to be quite an epidemic among the stock in Salem and Gooseneck. Mr. Sadberry of Salem has lost two mules, Mr. Carter one horse, J. A. McLaren one cow, Joe Parsons lost a good mule Sunday and Mr. Rose has one sick at this writing.

Here Dago boost them up. Goose.

JEAN

We are having some very hot, dry weather; the kind Salemite has been wishing for. I don't think you need to be kicking about wet weather Salemite, you will get all the dry you are looking for.

It looks very much like we are going to get to vote on the wet and dry proposition again soon, if submission carries, which I believe it will. If that comes to a vote once more it will be good-bye to uncle Bud "Wheezzer" and Aunt "An Hizer". Now, wouldn't that be an awful state of affairs, that one would not be allowed the "personal liberty" of getting on a high lonesome and making a fool of himself.

Mr. W. F. Grubbs has purchased a new Case thresher and is moving, along nicely with his work since he got his new repairs. He had some hard luck when he first fired up but is losing no time now.

There were several loads of wheat brought to market today. This wheat tested fairly good. I did not learn how many bushels per acre it was making. We are glad to have this thresher brought here as it will encourage the farmers to sow more grain and raise less cotton. In fact, a good many farms have been run in cotton so long it is lessening the fertility of the land.

Rev. Mullins of Jack county filled his appointment here Saturday night and Sunday. A good congregation met him at all of the services. Rev. Mullins is a forceful speaker.

Lee Sartan and family of Jackboro visited in our community Saturday and Sunday. Mr. Sartan taught a very successful singing school here two years ago.

Mrs. W. F. Kilpatrick boarded the train Saturday morning for a visit with home folks near Perrin.

D. W. Whitt is reported on the sick list.

J. H. Veach and family were shopping in Jean Saturday afternoon.

Leslie Willis returned Friday from Bowie, Texas, where he has been in commercial school.

Mr. Herrndon of Fannin county is visiting G. L. Nicewarner and family.

J. B. Downey is able to be out after being confined to his room for several days from a hurt he received loading rock.

Mr. and Mrs. W. A. Fraser gave the young folks an ice cream party Saturday night.

Miss Maude Thompson leaves for Weatherford Sunday morning to attend the summer normal. Miss Maude will teach the Shearer school next term. We feel safe in saying that the people at Shearer will not be disappointed in Miss Maude's work.

Mr. E. P. Tatum came in on the train Saturday from Perrin where he has been working the past few weeks.

Mr. Jim Wallace was in our berg Saturday looking pleasant at the voters and handing out a few cards.

I always heard competition was the life of trade but competition is going to be the death of a square lot of candidates July 25th.

Colorado Springs, Colo. June 23, '14.

West Texas Reporter.

Dear Sirs:

I am trying to break in. Well I left home on the 4th of June, sick. Missed the train at Bowie on account of being twenty minutes late. I was taken very sick and was removed to a hotel where I remained two days, after which I took up my trip again. I got along fairly well until I reached Pueblo, Colo., and it looked like I would have to stop again, but they told me it was only an hour run so I gritted my teeth and went on. My children met me and was doing fairly well until I took a severe cold and settled in one of my ears and had to have a specialist to lance it. Will tell more of the specialist later.

I will drop back on my trip about a thousand miles and come up again. The Texas country looked good to me. Bellevue crops looked fine and Henrietta wheat and oats fine. Some binders running near Wichita Falls, the big city on the Denver, which was a busy place. Then on up the road to Quanah, wheat and oats were fine and at Memphis the best prospects I ever saw. Great fields of maize, kafir and fetireta. After seeing Hall county

I knew why Memphis, Texas is the largest shipper of maize, kafir and other seeds in the state. Cotton and corn also looked nice. Soon after passing Memphis night came on and I soon turned into my bed. When day came we were at a small town, I asked what town it was and they told me Folsom, N. M. I thought of Capt. L. P. James, my old neighbor, who built the house W. T. Finch owns. He came to Folsom many years ago and went into the sheep business and has made quite a fortune. He is still in the business. From there on I never saw a farm clear to this place.

Little stations, scattering bands of sheep and cattle on the range. About 10 o'clock I saw a large herd of cattle, three thousand or more, rounded up, and the boys were cutting out what they wanted; it carried me back to my old round-up days. No change in country and little baby with Mexicans and Dagoes tending sheep (not Dago in Young county.) I did not see any chance for one to live there unless they were in the cattle or sheep business, unless he could eat grass like an ox. The range was fine. The next place was Ludlow. There is where you first see the Rocky Mountains and we were in sight of Pike's Peak from there here. Ludlow is where the great coal strike was. I saw the burned mining town and how they made the fight against the state troops. They were building the town up and everything was quiet. Saw several United States troops. Twenty United States men can keep the peace better than three hundred state troops. From there on there is nothing but mining towns and United States troops. Next place was Pueblo, an old Mexican town, but a fine city. When I got in sight of Pueblo I saw great volumes of smoke and had I been from Pittsburg would have thought I was nearing home. The great steel company have extensive works here and it seemed as though I saw a hundred large smoke stacks, 6 to 10 feet in diameter, pouring out smoke.

I am going to quit and you can publish this or keep it for a keepsake. I thought I would sign Sugar Stick but Candy Kid might think I was trying to break into her circle and then thought of Farmer, and then old Brother Gander and Plow Boy would object as they knew I never farmed a place bigger than a garden.

R. E. Mabry.

A Guaranteed Laxative

Rexall ORDERLIES

WE honestly believe we have the best bowel remedy ever made—the most pleasant to take, most permanently beneficial laxative for relief from the miseries and dangers arising from constipation.

Rexall Orderlies

taste like candy. They are soothing and very easy in action. They do not cause griping, nausea, purging or excessive looseness. They tend to tone and strengthen intestinal nerves and muscles. They promptly relieve constipation, and help to permanently overcome it.

Rexall Orderlies promote better spirits and better health. In all of these things they are vastly superior to old-fashioned, harsh salts and other purgatives, which are not only unpleasant to take but which usually leave the bowels in worse condition than before.

We particularly recommend Rexall Orderlies for children, aged and delicate persons. In vest-pocket tin boxes: 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c. Sold only at

CITY HEALTH DEPT.

The city health department is glad to find such great interest manifested among the business men in trying to clean up and keeping clean their places of business.

The U. D. C. have arranged to place a blue ribbon upon the front door of each place of business that has complied with the sanitary requirements of Graham, that the public will know these requirements have been complied with. These committees will also visit the residence sections at different times and place a blue ribbon upon those premises that have complied with the requirements as set forth in the health notice of which we tried to place in every home in Graham.

Those who have not such notices can obtain them by applying to the U. D. C. or City Health Officer.

Don't expect the blue ribbon unless your premises are rendered thoroughly sanitary.

We are laboring for the purpose to prevent an outbreak of an epidemic of diseases which are prevalent in the summer and fall. The fly and mosquito are the carriers of such diseases, and this being a fact, we want to eliminate all conditions responsible for breeding places for these pests.

We ask the co-operation of every citizen of Graham, which is necessary, in carrying out this clean-up campaign.

Respectfully,
W. H. Logan,
City Health Officer.
