## Banks Show Excellent Summer Statements

The two local banks, the Brownfield State and the First National show one of the best, if not the best summer statements on record. Indeed, the First National informed us that their June 30th statement was the best they had ever had except at the beginning of the year 1938, just after the harvesting of the bumper crop of 1937.

Taken together, the two banks show more than \$41,000 more assets and \$33,134.51 more deposits than their call of March 31, this year showed. We may imagine that the condition of the country is not the best, but the financial condition of the local banks seems to refute this imagination. At least some people in this community have around a million and a quarter dollars on deposit.

Below we give you for quick comparison of the total resources, loans, cash and deposits of the two banks combined:

Resources	\$1,392,764.26
Loans	423,405.73
Cash	931,864.53
Deposits	1,239,643.78

Yep, that's a lot of money, and even if our account is always on the verge of the disappearing act, or is actually that way, we are glad that our neighbors and friends are in better shape.

## Plains and Tennessee Need to Swap Some

This Terry Weekly Cornductor and General roustabout had a letter from his eldest brother's wife back in West Tennessee this week, which stated that they had not had two days of sunshine in a row since April, and that they had planted cotton three times, and still not a good stand. Water had stood over their crop most of the time. Too late for corn.

Up on the Tennessee river where bumper corn crops are usually raised, the people were using mowing machines to cut and harvest the grass. And all that time, here we are out here almost praying for rain part of the time, and the sun beaming down from day to day with melting fury.

But if the people here will make up money and send us back there, we'll guarantee that it will stop raining when we get back there, and will come a young flood when we return home. It always has. Did it in 1934 when it was dry as a bone here, and repeated the trick in 1936. It did.

## Lady Teaches Telegrapher New Machine

Miss Marge L. Nichols, of Hot Springs, Arkansas, came in late last week to instruct and help Henry Breneman get started on the new teletype or teleprinter, which has recently been installed by the Western Union down town office in the lobby of the Hotel Brownfield. Miss Nichols says Henry is an apt pupil.

However, as Miss Nichols is not only a good looker, but brilliant as well, Henry's friends are accusing him of being unusually dull and dumb in order to keep the lady as long as possible as his instructor. But Miss Nichols says she will know when he has learned the machine, then she'll pull stakes and head for home.

Anyway, this does not go for Mrs. Breneman sees it. Fact is Henry is getting onto that machine fast, but he says that he's goin' to keep that old Morse ticker just in case.

## Many People Got to See Tony, Friday

Thursday afternoon and Friday morning, many people got a view of the little dun pony, Tony, on which Miss Fern Sawyer rode to victory at the Stamford cowboy reunion last week, as well as the fine handmade saddle given her as first prize winner. While Miss Fern appeared to be rather worn out from the several hot days grind at Stamford, Tony with the fine saddle on his back, and standing in the trailer, appeared to be as complacent and fresh as new mown hay. The excitement of the contest was out of his mind, and perhaps he was day dreaming of the pasture over in New Mexico to which he was on his way.

Miss Fern, representing Brownfield, won this contest over 36 girls from as many towns in Texas, second, third and fourth place winners and address were, Walter Faye Cowden, Midland; Mrs. Christine Northcutt, Colorado City; Mrs. Ad Jones, Justiceburg. Miss Fern stood second last year, and the judges were tied up for quite a while to make their final decision.

At this time we take the opportunity to explain why Miss Sawyer represents Brownfield instead of some New Mexico city. In the first place, to quote Secretary Ed Shelton of the local Chamber of Commerce, "they just ain't here." True, Ed says, we have some fine riders here, one especially good, and a first cousin of Fern, but she's afraid she'll get jittery. Then it takes time and patience to train a horse such as Fern's mount.

So, the Chamber of Commerce, as well as the people as a whole are pleased that Miss Fern is willing and able to represent the old home town of her childhood, and where most of her close kin, the Sawyer and the Lewis families live. In a way, Brownfield will always be home to Fern, as well as her dad, mother and sister, Miss Myrl.

## One Hundred Recruits Is Band Objective

The summer band school that closes this week has been a step toward the desired goal of a real band. However, the second session that begins the 21st of August, an intensive campaign to greatly enlarge the band, begins. With the help of a rental system for horns, and the help of local organizations, the goal should not be an impossible one.

The summer band boasts a class of fifteen beginners, who have done excellent work, and accomplished as much as the junior band did all last year, even though they are much younger. A new class of beginners will be started in August, and be continued through the year. See that your child is given an opportunity to enroll.

Every possible help that the town and school can give, will be offered these members to encourage them, and make the activity popular. Registration for band members for all subjects will be compulsory on August 21st.

## Jaycees to Hold Banquet Tuesday Night

The Junior Chamber of Commerce will hold a banquet next Tuesday night at the high school gymnasium, at which time the ladies will be invited as guests. Mrs. Mabel Treadaway heads a committee to ask all the newcomers, and some not so new to come out and get acquainted with Brownfield people.

Burton G. Hackney will act as master of ceremonies, while Mr. J. O. Gillham, president of the Senior Chamber of Commerce will be the main speaker of the evening. He will be introduced by Ray Christopher, President of the Junior Chamber of Commerce.

You are cordially invited to come out, whether you are a member or not. Get acquainted with your neighbor.

## Trying to Secure Cotton Laboratory For West Texas.

WASHINGTON—Request for a Cotton ginning and Fiber Laboratory for West Texas was brought directly to Secretary Wallace of the Department of Agriculture by a Committee of Texas Congressmen on Saturday. Those conferring with the Secretary were Representatives George Mahon of Colorado, Ed Gossett of Wichita Falls, and Bob Poage of Waco, composing a Committee appointed by the Texas delegation several weeks ago to cooperate with the State-Wide Cotton Committee of Texas in sponsoring the Laboratory for the western cotton area.

The work sought for West Texas would be done in cooperation with the Department of Agriculture's Cotton Ginning and Fiber Laboratory now existing at Stoneville, Mississippi. The Laboratory there was established in 1930 and has done considerable valuable work in the improvement of cotton fiber and ginning methods in areas characterized by damp atmospheric conditions. It was pointed out to Secretary Wallace that an altogether different situation exists in the western cotton area where atmospheric conditions are dry and often result in static electricity, which is a serious handicap in the operation of gins and at the same time is a serious fire hazard. The Texas Extension Service has estimated that gins in the West Texas area lose an average of four days per month during the ginning season from this cause, and also that 59 out of 3,498 gins in Texas burned last year.

The greater benefit from experimentation under such a project would be expected from the improvement of the cotton fiber, thus enabling the individual farmer to benefit directly from the higher prices paid for the better staples. Importance of improved ginning methods was stressed as a necessary part of the cotton improvement campaign sponsored by the Department of Agriculture through one variety cotton communities, etc. The Department has estimated that cotton staple last year was increased by 1-32 of an inch, which added approximately three million dollars to the cotton farmer's income through increased staple value. The committee urged Secretary Wallace to give special consideration to the proposed Laboratory as a means of bringing greater benefits of the cotton improvement campaign to the farmers of the western cotton area.

Several weeks ago various conferences were held with the Department of Agriculture officials by members of the Texas Delegation Committee and the State-Wide Cotton Committee of Texas, including Hon. Burris Jackson of Hillsboro, Chairman, and Professor Earl Heard of the Textile Engineering Department of Texas Technological College. The meeting with Secretary Wallace Saturday was for the purpose of emphasizing directly to him the need for the project and urging his recommendation of the project in the Department's budget for the next fiscal year.

Representative Mahon, Chairman of the Texas Delegation Committee, explained that no new legislation would be necessary since the Act establishing the Stoneville Laboratory authorized establishment of branch laboratories when their need was evident. He also pointed out that the availability of the facilities at Texas Technological College for cooperation with the Stoneville Laboratory would enable the Department to conduct the project without extensive allotment of funds. The Department estimates that approximately \$75,000 would be required for the first year's work.

Mrs. Abe Lincoln received a lovely vase of Vancycle Pottery this week from the Southwestern Life Insurance Agency, as a favor she would have received had she attended their convention. Mr. and Mrs. Lincoln didn't get to attend this year on account of illness and death of a relative.

## A Garden That Looks Like a Picture

All of us at some time or another have looked at the pictures in seed catalogues, with their ripe, red tomatoes hanging on nice green vines and other garden vegetables staring you in the face to make your mouth water. You've done it—so've we, and all of us get a kick out of it. But we've often wondered if those pictures weren't a bit overdrawn.

But we saw a garden Sunday afternoon that would make a good original for any seed catalogue. We had spent the day at the home of Ed Thompson, and they have a near neighbor, Mrs. Jim Draper, who had the garden they wanted us to see. No, Jim had very little to do with the garden. It was Mrs. Draper's garden. Why Jim was off down to Lahey to a baseball game, while the Mrs. stayed home and minded any stray bugs or beetles out of the garden.

There were squash, cucumbers, tomatoes, beets, Kentucky Wonder beans, and we brought home a bountiful feed of the latter, not to mention many other vegetables which she has in another garden. And Mrs. Draper informed us that she had not only plenty of beans for the table and canning, but was bringing in a large amount twice weekly to the local stores. You can get a bushel basket of beans there without going very far, and they are as tender and well flavored as you ever saw.

Yes, sir, it looks like the Drapers are living and boarding at the same place. We wouldn't mind being a close neighbor to that garden.

## Mrs. Queenelle King Buys Beauty Shop

A deal was negotiated this week, wherein Mrs. Queenelle King, recently of Wichita, Kansas and Oklahoma City became the owner of the Ruth Beauty Shop. Mrs. King took charge Monday morning. Mrs. King is not an entire stranger here, as she is a sister of Mrs. Arthur Sawyer, and has visited here often. In fact she lived here quite some time several years ago before she was married.

Mrs. King is not an operator, and may never become one, as she feels that it will take most of her time keeping the business going, keeping books, and looking after the business of the place. This is one of the newer and more modern of local shops, put in just a few months ago. All equipment is new, and located in a new building in the 200 block, east Main.

Mrs. King has retained the services of Mrs. Ruth Lewis, former owner, as operator, and another operator will be employed probably by the time this paper is in the mails.

The Herald congratulates Mrs. King on becoming one of the property owners of Brownfield and commends her to the ladies of the Brownfield trade area.

## Big Spring Capitalists In Town Tuesday

J. L. Hudson and Will P. Edwards, prominent Big Spring cattlemen, were in our city, Tuesday, as they are prominently connected with the Brownfield State Bank. In late years, discovery of oil on their ranches has added wealth to these old time specimen of West Texans. Mr. Edwards has been in the Big Spring section for some 45 years.

Mr. Hudson is chairman of the board of directors of the Brownfield State Bank, and Mr. Edwards is the President. Our understanding is that they are well pleased with their bank holdings in Brownfield, and anticipate a steady growth of the city with its almost matchless trade area of fine farms, ranches and oil fields.

Mr. and Mrs. Joe Patterson and Bobbie Joe, are vacationing in Tennessee.

Mrs. Jack Stricklin, Jr. and Mrs. Clovis Kendrick, were visitors in Lubbock, Tuesday.

## To Be Less Red Tape In Parity Payments

College Station, July 14—Administrative affairs of the AAA this week took a turn toward simplicity.

B. F. Vance, assistant state administrator, announced distribution of an application blank for 1939 cotton price adjustment payments which is hailed here as the simplest form ever used for this purpose.

It will cause a substantial reduction of errors and corrections in applications, Vance said.

"Undoubtedly the form will save time and money," he predicted, "as almost any sixth-grader could fill it out without much trouble. Fewer errors will mean fewer suspensions of applications for payment and smoother distribution of cotton price adjustment checks."

Sometimes referred to as a "parity" payment, this reward for planting within cotton acreage allotments, which is 1.6 cents a pound on the normal yield of the allotment, is expected to add approximately \$22,500,000 to buying power of Texas cotton producers.

It is in addition to the conservation payment of 2 cents a pound on cotton, and is scheduled to begin flowing around September 1, or soon after compliance with cotton acreage allotments has been checked.

## Collins Has On Real Reduction Sale.

The big sale now on at the Collins Dry Good Co., store is a reduction in two ways, they aim to greatly reduce their big stock of spring and summer wearing apparel of all kinds, and at the same time in order to do this, they are greatly reducing the price on all these items in order to get ready for the fall and winter stocks. It is not often that in mid-summer that the buyer is able to obtain such rare bargains.

While the sale is scheduled to start today, (Friday) there is no limit placed on its endurance. The idea is to run the sale till the stock of goods are cleared and the room made for fall stocks. But here's a hot tip. Be sure to attend this big sale as soon as possible, for you know you will then get the pick and choice of the lot. There is no hokey about this sale. Not just a special sale. There are hundreds of items in every line in plain figures for your approval.

There is a great amount of hot weather yet to come. So take advantage of this sale and get real reasonable merchandise at real bargain prices. And remember, Collins has trade-marked, nationally advertised goods.

## Tokio Decides to Send High School Here

The trustees of the Tokio Independent school district, which is a Terry-Yoakum county line district, met recently and unanimously decided to send their high school pupils to the Brownfield school. For the past few years they have been attending the Plains school.

This makes seven rural high schools that are either sending their juniors, seniors or both to Brownfield for the last year or two of school. The others are, Lahey, Gomez, Johnson, Harmony, Challis and Pleasant Valley.

## McMurry President Guest Speaker

Is to be guest speaker at the local Methodist church next Sunday. He took office last fall after the session of the Northwest Texas conference. He is an able educator, a fine gentleman, and able speaker. He is a new man among the Methodists of this section of the country. He has been a member of the Central Texas conference, and came to his present position from the pastorate of our church at Ballinger. As a field man traveling in the interest of the college he has achieved for himself great popularity. You will want to hear him.

## Sending Money Out of Town Bad Policy

"I got 'romped on' by a Brownfield man who said I wasn't painting a very pretty picture of Seagraves 'trade-at-home' spirit by boasting of the fact that twice as much money was spent in Money Orders from the Seagraves Post Office, as was with the Terry county office. The way I see it is that the difference lies in the fact that the reason we sold more money orders is that more Seagraves folks had the money to buy 'em with! This is America, the great country of an installment-fashion, and we've been sending that money to finance companies each month to pay on our car, radio, trailer house, refrigerator, etc. Some folks working here send money back to their home town banks for deposit. If you haven't got the money, it's a cinch the Postmaster isn't going to write you a money order!"

We guess Willard Bright's paper, the Gaines County News, Seagraves, refers to us in the above. But we didn't romp—just gave him a little "fatherly" advice. In an article the week before, Bright had referred to the matter, and then made a remark that we had a big \$75,000 postoffice building as if it was setting here idle. But if Editor Bright could see the amount of mail that is distributed here not only for Brownfield and its five routes, but other towns such as Plains, Bronco, Tatum, Roswell, etc., as well as Seagraves and others in that direction, he would have occasion perhaps to change his mind. Uncle Sam usually knows what he is doing when he puts up a building, and men to keep it going.

We will just grant that Mr. Bright was right about Seagraves sending money orders to the tune of \$65,000 for the past quarter while Brownfield sent only \$30,000, and we'll state that Brownfield sent out to mail order houses a whole of a lot too much money—and Seagraves—but that's their business. But we imagine that a comparison of stamp sales and permit sales would show Brownfield up in a more favorable light.

However, we cannot be sure just how much money went out of Brownfield to other towns, Seagraves included, in the form of checks on the two banks here, which at the present time are carrying deposits of nearly a million and a quarter dollars, or some eight times the amount of the Seagraves bank. Lots of money orders a lot of times show that the bank is not getting its share of business in the town. Perhaps, though, there are a lot of small accounts the Seagraves bank is not making any effort to get, as the accounts might be like ours, more bookkeeping than money.

In times past we have written long articles about the amount of corn being shipped out of Brownfield, which is one of the largest inland corn shipping points in Texas. But we have just about decided that this is poor advertising for the town. Now, if we could write articles and show pictures of ten of thousands fine white faced cattle, good lambs and poland china hogs being prepared for market on Terry and Yoakum county corn, then we'd feel that we were really advertising the country. In the raw state, the corn last season brought around two-bits per bushel, but perhaps would have netted three times that much in the hides of livestock.

So, even after re-writing the above article, we don't think Willard did a heavy job of advertising his town.

Mr. and Mrs. Tom Cobb and two children returned last Friday from Houston, where they spent several days.

Miss Margaret Mathis, daughter of J. M. Mathis, Wellman had an appendectomy at the local hospital Monday.

Mr. and Mrs. Menard Smith of Kansas City, Mo., are here the guest of his father, Mr. I. M. Smith.

## American Legion and Sons Meet a tWaco.

WACO—One of the big jobs of putting on an American Legion convention these days is providing entertainment and care for up and coming youth organization known as the sons of the Legion. It has been conservatively estimated that 1000 members of that branch organization will come to Waco when Legion members hold their state convention here August 26-29. They will arrive on Saturday, opening day of the convention, and remain through Tuesday, the closing date.

During their stay here, the youngsters will be camped, army fashion, on the Cotton Palace grounds. Tents for housing the various squadrons will be furnished by the national guard here.

Col. W. C. Torrence, Waco's city manager, will be in charge of the encampment. The registration fee, to cover housing, care meals and entertainment for the Sons of the Legion corps will be \$2 for each member. Any further information may be obtained by writing Col. Torrence at Waco's municipal building.

An expert dietitian to see after the feeding of the youths and a nurse to care for those needing medical or first aid attention will be on the grounds throughout the convention, it was assured by the convention city corporation here.

Prizes will be awarded to winners of various athletic contests and other contests to be held for the Sons of the Legion during their stay here. Various other forms of entertainment, including band concerts and participation in the Legion convention parade, are being planned, it was understood.

## Plains to Get Two Mails Daily

Mrs. Read, the postmaster is a lucky woman. She has been relieved of two mails daily, while at the same time the government has given her a postal clerk. Mrs. Kit Morris is acting in this capacity. But Mrs. Read says she will have the same amount of mail to handle but all comes at once.

The new mail service began the first of the month with mail arriving here as usual in the morning from the east while evening mail comes from Roswell about 6 o'clock.

On Sunday the mail from the east does not go through Roswell but turns back here. This service may somewhat upset the Bronco community, but it will mean but little to Tatum since they receive mail through Clovis.

It has now been 14 years since Mrs. Read took charge of this post office and this is the first time that the government has thought there was work enough for two — Yoakum County (Plains) Review.

## Stone Says That Herald Ads Pay

W. E. Stone, one mile south of the city on the Lamesa road, is a witness to the fact that Herald ads pay good dividends. Two weeks ago he inserted a small ad in these columns that he had plums for sale at his orchard. After the paper went out in the mails Friday, W. E. says he had a time supplying the demand.

In fact, so many came Saturday, that he could not take his regular Saturday in the city, but had to stay on the farm and wait on customers. He will have some peaches ripe before long and will tell the people about them in these columns.

Mr. and Mrs. Joe Chisholm and children left Monday for Oroville, California, where they will visit Mr. Chisholm's sister, Mrs. Jack Latham.

Mrs. Jack Johnson of Tyler, Texas is here the guest of her brother, Roy Jenkins. She and Mr. and Mrs. Jenkins went to Lubbock Sunday for a picnic with other relatives at that place.

Ed Speegle of Albuquerque, N. M., was here last week visiting relatives.

The Official Paper of Terry County and the City of Brownfield

After a careful check, we find that all our people showed up following their Fourth of July holiday. In other words, they were all alive after the Fourth. It is true that one car was turned over, but all escaped with their lives.

A recent Gallup poll among low income Americans revealed that 40 per cent of them believed that they paid no taxes. About this time the National Consumer's Tax Commission disclosed the fact that 56 per cent of the 1938 tax bill was paid by the public in indirect taxes. But the old saying is, "what people don't know won't hurt them."

Headlines tell us that money in circulation in the United States has topped the seven billion dollar mark for the first time since the bank holiday in March, 1933. The best we can figure, based on a population of 130,000,000 people, gives us a per capita amount of around \$53.84, for each man, woman and child in the Union. And continuing our bruising around in mathematics, we find further that some other guy has \$53.80 of our part, as our trial balance shows 4c.

Senator Tom Connally has introduced in the U. S. Senate and will urge the passage of a proposal for the Federal government to pay two-thirds of the old age pensions up to \$15 per month, and above that figure match dollar for dollar. Senator Connally stated that in some states like Arkansas, the state only pays \$3 per month, while the richer states like Colorado and California, the state pays \$15. This makes it very hard for old people who only get around \$6.00 per month from both state and federal governments. For this reason, Senator Connally states, there is an inequality of funds given to each state because of unwillingness or inability of some states to make substantial payments.

Freedom of the press and freedom of speech, as well as peaceful assembly of people is one of the priceless heritages given us by the makers of our national constitution. However, Mayor Hague of Jersey City decided that he wanted no speakers in his city talking up any foreign isms. But the U. S. Supreme Court held otherwise, recently. At the time our constitution was made we had no such riff-raff as we now have in our large cities, preaching against our government, and we sometimes think that we really need a lot of Mayor Hagues to keep foreigners in their place, or send them back to the kind of country they like, be it soviet, nazi or what not. Either that, or make an amendment to the constitution that will take care of that part of the matter. Yet, when we begin to tamper with the instrument that guarantees freedom of thought and speech, we are treading on dangerous ground.

**"Behind The Scenes In American Business"**

By John Craddock

NEW YORK, July 10—BUSINESS—Millions of Americans enjoyed a four-day holiday last week and total business volume suffered accordingly. There were, however, such June highlights as: A decrease in unemployment to below the 10,000,000 level for the first time since October, 1938; a gain of 15,720 in telephone subscribers, new airline traffic records; a sudden spurt in stock and bond financing by industry, and a rise of 18 per cent in en-

gineering construction contracts. These give reassuring evidence that business is continuing to take on new vitality.  
In addition, officials of three major industries last week aligned themselves with those who believe the months ahead will see further extension of these business gains: (1) Public utility men look for a new electric power output record this quarter. (2) Consensus of the country's rail officials is that freight carloadings, a time-honored trade barometer, will register a more-than-seasonal pick-up this summer and fall. (3) Rayon and cotton textile manufacturers, with a substantial business already booked for July, are expecting an excellent third quarter.

**TAKE A PINCH OF SALT WITH DRINKING WATER**

AUSTIN, Texas—"The beating Texas sun of these July days is beginning to take its toll in heat prostrations, from the reports reaching the Texas State Department of Health. A simple precaution to help prevent heat cramps and prostration is to add a pinch of ordinary table salt to each drink of water you take.  
Laborers, mechanics, farmers and white collar workers whose work causes them to sweat profusely, and are in danger of having their body salt content become deficient with resulting heat cramps or heat lag. Salt is a prominent constituent of sweat; the body loses large quantities of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.  
Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be used. Milk is a source of salt, and will help to make up for the deficiency caused by sweating. Alcoholic drinks should be avoided.

Heat cramps are characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency then various muscles begin to cramp.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Terry County, Greeting:

YOU ARE HEREBY COMMANDED to summon Frederick Schwan, and if he be dead, the heirs, executors, administrators and/or legal representatives of the said Frederick Schwan whose names are unknown; and Charles F. Schwan alleged to be the administrator of the Estate of Frederick Schwan, Deceased by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Terry County, to be held at the Court House thereof, in Brownfield, Texas, on the Fourth Monday in August A. D. 1939, the same being the 28th day of August A. D. 1939, then and there to answer a petition filed in said Court on the 3rd day of July A. D. 1939, in a suit, numbered on the docket of said Court as No. 2533, wherein G. E. Spinnler and J. J. Gaston are Plaintiffs, and Frederick Schwan, and if he be dead, the heirs, executors, administrators and/or legal representatives of the said Frederick Schwan whose names are unknown; and Charles F. Schwan alleged to be the administrator of the Estate of Frederick Schwan, Deceased are Defendants, and said petition alleging

That on or about July 1, 1939 plaintiffs were lawfully seized and possessed of the following described property situated in Terry County, Texas, holding and claiming the same in fee simple, to-wit:

All of Section Number Forty-nine (49) in Block D-14, Certificate 239, C. & M. Ry. Co. Survey and containing 640 acres of land, more or less. That on said date defendants unlawfully entered upon said land and premises and ejected plaintiffs therefrom and unlawfully withhold from them the possession thereof to their damages \$4,000.00. That the reasonable annual rental value of said land and premises is \$640.00. Plaintiffs further allege that on or about May 4, 1936 Happy Independent School District of Terry County, Texas filed suit in Cause No. 2073 in the District Court of Terry County, Texas against the defendants herein for taxes owing to said school district for the years 1925 to 1934, both years inclusive; that the defendants and each of them were duly cited to

appear and answer said suit; that on August 16, 1936 Happy Independent School District recovered judgement against said defendants and each of them in said cause for said taxes due and owing to it for the years sued on, and for a foreclosure of its tax lien on the land hereinbefore described; that the clerk of the district court of Terry County, Texas, in compliance with said judgement, issued an order of sale directed to the sheriff or any constable of Terry County, Texas, directing him to seize and sell said above described land as under execution in satisfaction of said judgement; that the Sheriff of Terry County advertised said land and premises for sale in the manner and for the length of time required by law to be sold within the legal hours on the first Tuesday in February, A. D. 1937; and on said date between the legal hours thereof sold said land and premises to the plaintiff, G. E. Spinnler and executed to him sheriff's deed under foreclosure of tax liens to said land and premises; that the purchase of said land by the plaintiff, G. E. Spinnler was for the use and benefit of himself and the plaintiff, J. J. Gaston; that the defendants, and each of them, have not since the date of the purchase of said land and premises by these plaintiffs offered to in any manner redeem the same as provided by law or otherwise, and that such right of redemption is now long since past; that any and all things necessary to be done in said Cause No. 2073 above mentioned were legally and regularly done for proper foreclosure under a tax lien, that the plaintiff's title is as follows: Patent from the State of Texas to Wesley Lawrence; deed from Wesley Lawrence and wife to Jesse C. Toll; deed from Jesse C. Toll and wife to Frederick Schwan and Norman D. Perry; deed from Norman D. Perry and wife to Frederick Schwan; tax judgment as hereinbefore alleged; order of sale as hereinbefore alleged; sheriff's deed to G. E. Spinnler, agreement between G. E. Spinnler and J. J. Gaston. Plaintiffs pray for judgement for title, possession, damages, rents and for such other and further relief as they may be entitled to.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.  
GIVEN UNDER MY HAND and the Seal of said Court, at office in Brownfield, Texas this 3rd day of July A. D. 1939.

Eldora A. White, Clerk, District Court, Terry County. 51c

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Terry County, Greeting:

YOU ARE HEREBY COMMANDED to summon Mrs. Fannie Stevens, and if she be married, her husband whose name is unknown, and if she be dead, then the heirs of Mrs. Fannie Stevens and the legal representatives of Mrs. Fannie Stevens whose names are unknown by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Terry County, to be held at the Court House thereof, in Brownfield, Texas, on the Fourth Monday in August A. D. 1939, the same being the 28th day of August A. D. 1939, then and there to answer a petition filed in said Court on the 14th day of December A. D. 1938, in a suit numbered on the docket of said Court as No. 2279, wherein R. C. Kennedy, is Plaintiff, and Mrs. Fannie Stevens and her husband if she be married, and her unknown heir and unknown legal representatives if she be dead are Defendants, and said petition alleging that on or about December 1, 1938 plaintiff was lawfully seized and possessed of the following described property situated in Terry County, Texas, holding and claiming the same in fee simple, to-wit:

All of the Southwest Quarter of Section Twenty-six (26) in Block D-14, C. & M. Ry. Co. Survey. That on the day and year last defendants unlawfully entered upon said land and premises and ejected plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage \$500.00. That the reasonable annual rental value of said land and premises is \$250.00. Plaintiff further alleges that Lee Perry acquir-

ed said land from the State of Texas; that he sold the same to Pat Wolfarth; that Pat Wolfarth sold the same to John S. Powell; that John S. Powell and wife sold the same to C. H. Goodwin et al; that H. A. Warren et al conveyed their interest to C. H. Goodwin; that C. H. Goodwin conveyed the same to S. B. Caldwell; that S. B. Caldwell et ux conveyed the same to A. F. McDonald; that A. F. McDonald conveyed the same to May C. McDonald; that May C. McDonald et al conveyed the same to George C. Wolfarth; that George C. Wolfarth et ux et al conveyed the same to W. E. Pool et al; that A. E. Pool et al conveyed their interest to W. E. Pool; that W. E. Pool conveyed the same to Pope Pool; that Pope Pool and wife conveyed the same to plaintiff, R. C. Kennedy; that by contract dated January 7, 1936 plaintiff entered into an agreement whereby the defendant, Fannie Stevens, agreed to purchase said land, take possession thereof, farm the same and to deliver to the plaintiff at least ten bales of cotton per year beginning with the year 1936, and that failure to do so plaintiff had the right to declare said contract forfeited and at an end; that the defendant, Fannie Stevens, went into possession of said land and premises and occupied the same for about two weeks at which time she abandoned said land and has never cultivated or farmed the same or any part thereof, and has never delivered to the plaintiff the cotton called for during the years 1936, 1937 and 1938 and that plaintiff has declared said contract forfeited and the defendants interests therein fully terminated. Plaintiff prays for judgement for title, possession, damages, rents and cancellations of said contract and cost of suit.  
Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.  
GIVEN UNDER MY HAND and the Seal of said Court, at office in Brownfield, Texas this 3rd day of July A. D. 1939.

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Terry County—Greeting:

YOU ARE HEREBY COMMANDED to summon W. A. Melson, Mrs. Jessie Johnson, B. J. Johnson, Ray Johnson, Doss Windham, Clarie Melson, and the heirs and legal representatives of each of said defendants; and also the heirs and legal representatives of Mrs. E. M. Windham Melson; by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, in the nearest County where a newspaper is published, to appear in the next regular term of the District Court of Terry County, to be held at the Court House thereof, in Brownfield, on the fourth Monday in August, A. D. 1939, the same being the 28th day of August A. D. 1939, then and there to answer a petition filed in said Court on the 16th day of June, A. D. 1939, in a suit numbered on the docket of said Court No. 2627, wherein Jesse Ferguson and Leah Ferguson, husband and wife are Plaintiffs, and W. A. Melson, Mrs. Jessie Johnson, B. J. Johnson, Ray Johnson, Doss Windham, Clarie Melson, and the heirs and the legal representatives of each of said defendants, and also the heirs and the legal representatives Mrs. E. M. Windham, and the heirs and the legal representatives of Mrs. E. M. Windham Melson, are Defendants, and a brief statement of plaintiff's cause of action being as follows:

That, heretofore, on the 1st day of June, 1939, they were lawfully seized and possessed of, and did own by fee simple title, that certain tract or parcel of land situated in Terry County, Texas, being Lot 6, in Block 1, of the A. M. McBurnett Subdivision of part of Block 6, of the East Addition to the town of Brownfield, in Terry County, Texas; that on the date aforesaid the defendants unlawfully entered upon said premises and ejected said plaintiffs therefrom, and do continue to withhold from them the possession hereof, to their damages, \$5000.00.

That the defendants, and each of them, are or may be asserting or claiming some adverse estate or interest in and to the real estate involved in this suit, and this suit is brought for the purpose of determining such estate or interest and canceling and removing the same and granting the title and possessions to plaintiffs.  
Prayer that all defendants be cited and that plaintiffs have judgement for the title and possession of the land, for all costs of suit, and all other relief to which they are entitled, including a decree for removing and canceling all adverse estate or interest of the defendants, and each of them, in and to said land.  
HEREIN FAIL NOT but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.  
GIVEN UNDER MY HAND and seal of said Court, at office in Brownfield, Texas, on this 16th day of June, A. D. 1939.

Dr. A. H. Daniell and family have returned from their vacation of several weeks spent on the west coast and the northwest. They report a great time.

G. W. Hicks and wife were in from the Pleasant Valley section, Saturday.

Mr. and Mrs. J. A. Loyd of the Gomez community were in Wednesday shopping.

Mrs. T. J. Upton of Clovis, N. M., is here the guest of her daughter, Miss Elizabeth.

Com. Tom Warren was in Saturday complaining of the tummyache. Cut down on your rations this hot weather, Tom.

While returning from their vacation in New Mexico, Mr. and Mrs. Glen Webber turned their car over near Vaigan, N. M. Both were rather badly bruised and skinned up, but are recovering nicely.

W. H. Hight and family were in Saturday. W. H. says that he got in too big a hurry to get his stuff planted this year, and raised his plows and threw his tractor in high, and as a consequence got pretty badly blown out. A weedy crop looks bad, but it appears that those who left their weeds this year still have a crop.

### POOL

"Attention", young people. Be present at the local Baptist church next Sunday night, July 16, as the Intermediates are rendering a short program after B. Y. P. U. class period. There will also be preaching services the 4th Sunday in July, with new pastor, Bro. Gueste from Lamesa in charge.

### HARMONY

At this report our part of the county is still dry. Farmers are still working. Crops are spotted, in some places there is good feed and cotton, while in other fields there is practically nothing.

Well, we don't like to talk about crops, let's change the subject to

visiting—that sounds better. Mr. and Mrs. John Garner had as their guests the past week her sister, Mrs. Fred Doty of Fort Worth, and an aunt and her husband, Mr. and Mrs. Astor MeKeever of Sulphur Springs. Mrs. Garner and her sister visited Mrs. Garner's daughter Mrs. Clem Carter of Plainview last Sunday.

Mr. and Mrs. G. W. Luker of the Union community visited in the home of their son, Mr. and Mrs. Dean Luker last Sunday.

Mr. and Mrs. Luther Garrett and family of Wichita Falls visited his brother Mr. C. G. Garrett and family the past week.

Mr. and Mrs. Harvey Davis had as their guest Mrs. Jessie Coe of Lubbock this past week.

Mr. and Mrs. Wm. Emmerson of Roswell, New Mexico were guests this past week in the home of her parents Mr. and Mrs. T. E. Hobbs.

Mr. and Mrs. W. C. Thompson spent last Sunday with her parents at New Home, Mr. and Mrs. Loyd Evans.

Mr. and Mrs. Joe A. Davis were dinner guests in the home of Mr. and Mrs. C. A. Wilhite last Sunday, and in the afternoon they attended the singing in Challis. Others attending were Mr. and Mrs. John Garner, Happy, Cieta, and Avenell Garner, Claudine Garrett, Joe Merritt, Mr. and Mrs. T. E. Hobbs and Ruth.

Mrs. R. J. Hastings of Brownfield visited her daughter Mrs. T. E. Hobbs last Sunday.

The Harmony Quilting club met in the home of Mrs. A. W. Fore Wednesday, July 5. Miss Arline Fore and Mrs. T. E. Hobbs as

## SOCIETY

Phone your Society items next week to Mrs. A. D. Repp, No. 280.

Some time while you are out driving, drive by the Grandmother Lewis home in northeast Brownfield and see her lovely cannas. She just moved in this spring and has one of the loveliest lawns in town. It is bordered with the cannas—all in bloom and the grass is like a heavy carpet.

Were we to hazard a guess at what the King said to the Queen out of the corner of his mouth while they stood at attention at the Fair in New York as the bands played the English and American National Anthems it would be, "Gosh, but my feet hurt" for whose doesn't at a Fair.

### TRIO OF LADIES HOSTESSES HONORING MRS. CLYDE BOND

Honoring Mrs. Clyde Bond who left Tuesday to make her home in Seagraves, Mesdames Ralph Carter, Dube Pyeatt and Shorty Forbus, entertained Monday evening at the home of Mrs. Carter, with a lawn party.

Mrs. Bond was presented with Fiesta pottery and linens.

Friends enjoying this jolly affair were Messrs and Mesdames Glenn Akers, Ray Christopher, Garrett Daugherty, J. B. and O. D. Huckabee, and Clyde Cave and Sawyer Graham.

### ACE HIGH BRIDGE CLUB

Members and guests of the Ace High Bridge club were very delightfully entertained in the home of Mrs. L. Nicholson, on last Friday afternoon, when she was hostess, with four tables of bridge.

Prizes were awarded to Mrs. Ray Christopher for high and Mrs. Cecil Smith for second high.

Those enjoying this lovely affair were Mesdames Allen, J. Bailey, Noel, Clovis Kendrick, Herod, Price, Taylor, Smith, Heath, Sawyer, Self, Telford, Parish, Daugherty, Christopher and R. M. Kendrick.

### PLEASURE CLUB

Mrs. R. L. Bandy entertained the Pleasure Club Wednesday at 3:30.

Enjoying the afternoon were Mesdames Guthrie Allen, P. C. the Pleasure Club Wednesday at Primm, Spencer Kendrick, Dell Smith, Wilson Collins, Jim Graves, John L. Cruce and Miss Virginia Mae.

A delightful salad course was served with iced tea followed with cocoanut ice cream and cake.

Mrs. Spencer Kendrick won high during the afternoon and was presented with a lovely vase of RedWing Art pottery.

Mr. and Mrs. Earl Denton are having erected in the south part of town a nice home. This part of town will have several new homes in the near future, so we are told.

### MRS. ARTHUR SAWYER HOSTESS WED. MORNING

Sixteen members of the Ace High, Kolonial Kard and I-Deal Bridge club, were entertained with a morning bridge party at the lovely suburban home of Mrs. Arthur Sawyer on Wednesday. Dainty candies in gay wrappers that the hostess purchased on her recent trip to Canada were served throughout the games.

Assisted by Miss Queenelle Sawyer, the hostess served a salad course, fruit punch and fresh peach parafait.

Mrs. Cecil Smith and Mrs. James Harley Dallas were the high scorers each receiving dainty embroidered linen pillow cases.

Those attending were Mesdames Nicholson, Christopher, Graves, Daugherty, Bailey, Allen, McDuffie, Akers, Dallas, Herod, Taylor, Stricklin, Heath, Smith and Price.

Mr. and Mrs. Mon Telford, accompanied by Ms Ouida Butler of Dekalb, Texas, who has been their guest the past two weeks, went to Lamesa, Sunday to visit Mr. Telford's sister, Mrs. Stafford Day. Miss Butler will remain over there a week before returning to her home.

Miss Janice Thompson left for her home in Plainview, Texas, Sunday. She had been the guest of Miss Queenelle Sawyer for several days. She and Miss Queenelle were roommates at Tech the past term.

## THE PALACE DRUG STORE

"If It's in a Drug Store, We Have It."  
PHONE 76

Mr. and Mrs. C. E. Horne of approval. He stated that if the Sacramento, Calif., spent last week with her sister, Mrs. W. F. Banks, of Gomez. This was the first time they had seen each other in 17 years.

### METHODIST M. S.

Both circles met together last Monday afternoon in the church auditorium for a Business Session and World Outlook Program. Subject of the program, "Beyond National Horizons—International Friendships." Program was led by Mrs. J. W. Hendrix, assisted by Mesdames Crump, Bradbury, Arnett and Seale. Vivian and Evelyn Seale, accompanied by Marie Eckhart, sang, "Follow the Gleam."

Mrs. Roy Moreman left Tuesday for a few days vacation in Sweetwater and Albany, where she will visit relatives.

Mrs. E. C. Davis who with her two children, Janet and Sonny are visiting relatives in Union City, Pa., writes that it is really hot in Penn., the damp, sticky kind of heat. She stated that folks up there laughed at her for being from what they considered hot Texas, to complain with the heat. It's really funny how people in other states think Texas is so hot, but we have comparatively few deaths from heat compared to other places.

### SCOUTS LEAVING FOR WEED, NEW MEXICO

Dr. Jno. R. Turner will be Scout Camp Director when the boys enter Camp Wimbirpay in Potatoe Canyon in Eastern N. M., July 16th at Weed. Dr. R. B. Parrish is Scout Master, and Harmon Barnwell will be cook.

We understand several parents will go out for a few days in the camp. Boys who will enjoy this grand outing are:

M. J. Craig, Robert Lee Craig, Marvin Bowers, Harold Simms, LeJune Lincoln, Harold Jones, LeRoy Miller, LeRoy Thomas, Billie Hinson, Raymond Hauchens, Deuville Lewis, Bill Price, Sammy Jones, Walter Morris, Bobby Jones, Andy Griffin and Ray Longford.

### REVIVAL AT NEEDMORE

Beginning Sunday evening at 3 o'clock, there will be a meeting of the Needmore Church of Christ, lasting through the week at night only.

Bro. John Freeman of Lubbock will do the preaching. Everybody invited.

### CLYDE BONDS MOVE TO SEAGRAVES

Mr. and Mrs. Clyde Bond and children left Monday for Seagraves, where Mr. Bond is employed by the Tripp-Starnes Ford Agency. The Herald will follow them to their new address.

Mrs. Virgil Haskin of Amarillo, Texas, came in Sunday for a ten days visit with her sister, Mrs. Dudley Repp.

R. L. Stallings was in this week and said he had a rain ordered from Rears & Sawbuck, subject to

Dr. T. H. Mellroy of Lubbock, former prominent chiropractor of this city, was in to renew this week. The doctor says he will likely move back to Brownfield soon, as he still owns his home here and has a good practice.

### GIRLS LEAVE FOR CAMP

Four girls, Patsy Ruth Lewis, Eldora Lewis, Minnie Lee Walton, Emma Jean Colman, accompanied by Mrs. Clyde Coleman left early Monday morning for Lubbock where they will join a larger delegation en route for Ceta Canyon. The Intermediate camp for the girls will be in session this week in that popular Summer Camp Ground. This Camp is held under the auspices of the Intermediate Department of the Methodist church. Quite a program of worship and recreation has been arranged.

Miss Beryl Chesney spent the week end in Clovis, N. M., with friends.

Mrs. J. M. Steele and Miss Elizabeth Steele of Lubbock, were guests of Mrs. Raymond Taylor Saturday.

Vernon Brewer says he has a call for a four or five room furnished house—must have electric ice box.

### BAPTIST CHURCH

The pastor returned and preached morning and evening last Sunday and all the services were well attended with two additions to the church. A good meeting was reported with the church at Honey Grove with twenty additions. The Stewart family is at Honey Grove and are happy and busy in their church life and active in that field and we are glad to send out such a worthy family who cast their lot with the church without any waiting. It is a fine recommendation for any family moving into our community.

The attendance at the teaching service was improved Sunday morning but much improvement can be made yet and it is especially urged upon the teachers and officers of the school that they attend the teacher's meetings on Wednesday evening of each week as they are falling in attendance and we can never have an ideal or standard school without the attendance at these meetings.

The W. M. U. met in circles last Monday and 27 were present at these meetings and they will meet in circles again next Monday afternoon in what is termed Industrial Day. Annie Long, with Mrs. Mosier; Lockett, with Mrs. Sherman; Lottie Moon, with Mrs. Hunter, and Reagan, with Mrs. Bond.

The Brotherhood, met in regular meeting with thirty-five men present and five new members which runs the enrollment to eighty. Especially every man of the church can be of service in this work of the Brotherhood and should come into it and any man of the community is eligible as an associate member and is welcomed by these men who acknowledge that there is a lot they are anxious to learn, so if you are staying out, why do so? Our lesson for Monday evening was, the "Christian Citizen" and would be helpful to most men.

All organizations in the church are intended to give each member a place of service where they may do some humble work in honoring Christ.

The church plans are just about finished by the architect and right soon the contract will be let for the completion of the building and many of you will want to do a worthy part by this improvement which will be of great use to the congregation as well as a source of pride to every civic-minded citizen as this city measures very low as compared with other cities of the same size.

If you believe the great commission of the Lord is to "Go into all the world and preach the gospel, baptizing and teaching them, and are a Baptist, we need you and want you with us and visitors have a warm welcome here.

### METHODIST CHURCH

John W. Kendrick, Pastor  
There's always an opportunity to learn something at Church School. This is open to you each Sabbath morning at 9:45 o'clock. If you are a man about town you might drop in at the Wines Hotel any Sunday morning at the above hour, have coffee or tea with a group of men and the Bible lesson.

This coming Sunday offers a

program of unusual interest and profit. At both hours we have guest speakers. Dr. Frank Turner, the new president of McMurry, will be guest speaker at the morning hour, and Dr. O. P. Clark, the district superintendent, will speak at the evening hour. After the service Sunday evening we will have the session of the Third Quarterly conference. What could be offered for a better day than this? You are invited to each of these services.

Dr. Turner is a new man among us, having been elected to the presidency of McMurry at the last Annual conference, and transferred from the Central Texas conference. He has gone in and out among us these months and has been gladly received everywhere. He is an excellent Christian gentleman and a man of distinct gifts as a preacher and a public speaker. This is our first opportunity to hear him. Young people will meet, one group at 6:30, another at 7:30, each in the evening.

### EAT PLENTY OF EGGS

Eggs are richer than most foods in some of the minerals and vitamins the body needs. Since much of the mineral and vitamin content is concentrated in the yolk, this part is especially valuable.

Eggs are particularly valued for their iron, vitamin A and for their protein, which is in a readily available form. They are also rich in phosphorus and are a good source of calcium. Besides vitamin A, eggs are an excellent source of vitamins G and E, and the yolks are one of the few relatively good natural sources of vitamin D.

Nutrition workers consider eggs

# NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN—State officials and employes, whose compensation is dependent upon the biennial appropriation bills, were in a state of jitters this week end, as the dead line for signing the appropriation bills approached, and Gov. O'Daniel notified department heads that he intended to make some healthy slashes at the appropriations set up by the legislature to operate the state's departments and the state institutions. For the first time in years, the appropriation bills are itemized, each job and the salary being listed separately. This will permit the Governor to cut out any that he sees fit, by veto, but he cannot alter the amount fixed in the bills for any particular job. Thus, he may eliminate the jobs entirely, but not cut their pay. Department heads reported, after being called into conference with the govern-

nor, that he apparently is seeking to reduce the total appropriations for departments and institutions by 10 per cent. He gave some department heads the option of making suggestions for eliminating jobs and employes, or of submitting to an arbitrary elimination decided by himself. Nobody knew what jobs and which employes would be abolished, and the working forces were in a demoralized state, with many expecting to "walk the plank" on September 1.

### Who Wants Special Session?

Political observers here were surprised at the statement of Gov. O'Daniel on the radio that a special session is being sought by three groups, namely, race horse gamblers and liquor dealers, newspapers, and members of the Legislature. The real pressure for a special session is coming from the old folks, who didn't get any money for pensions, and it hasn't gotten up a full head of steam yet. The real pressure from this group will come when enlarged pension rolls and decreasing revenue force a reduction from the present average of \$13.85 per month pension payments to half that, or less. That will probably happen within the next 90 days, and that is when the squawk is going up from the old folks. The race horse gambling sentiment is at a low ebb in Texas. The gambler's lobbyists found out when they sought to enact a bill re-legalizing that form of "sport" at the regular session. They not only lost, but they barely avoided getting a constitutional amendment adopted by the House which would forever have prohibited race track betting if okayed by the people.

**Special Interests Happy**  
Certainly, the governor, who never talks to newspapers or reporters, and presumably doesn't read them either, is mistaken about the newspapers seeking a special session. Editorial sentiment, as expressed in papers throughout the State, both daily and weekly, so far have given no indication that the editors think the governor ought to call a special session.

So far as the legislators are concerned, it is likely a good many house members would like to see a special session. And since 94 of the latter went down the line with the Governor, on his tax pro-

### BUYS JERSEY HERD SIRE

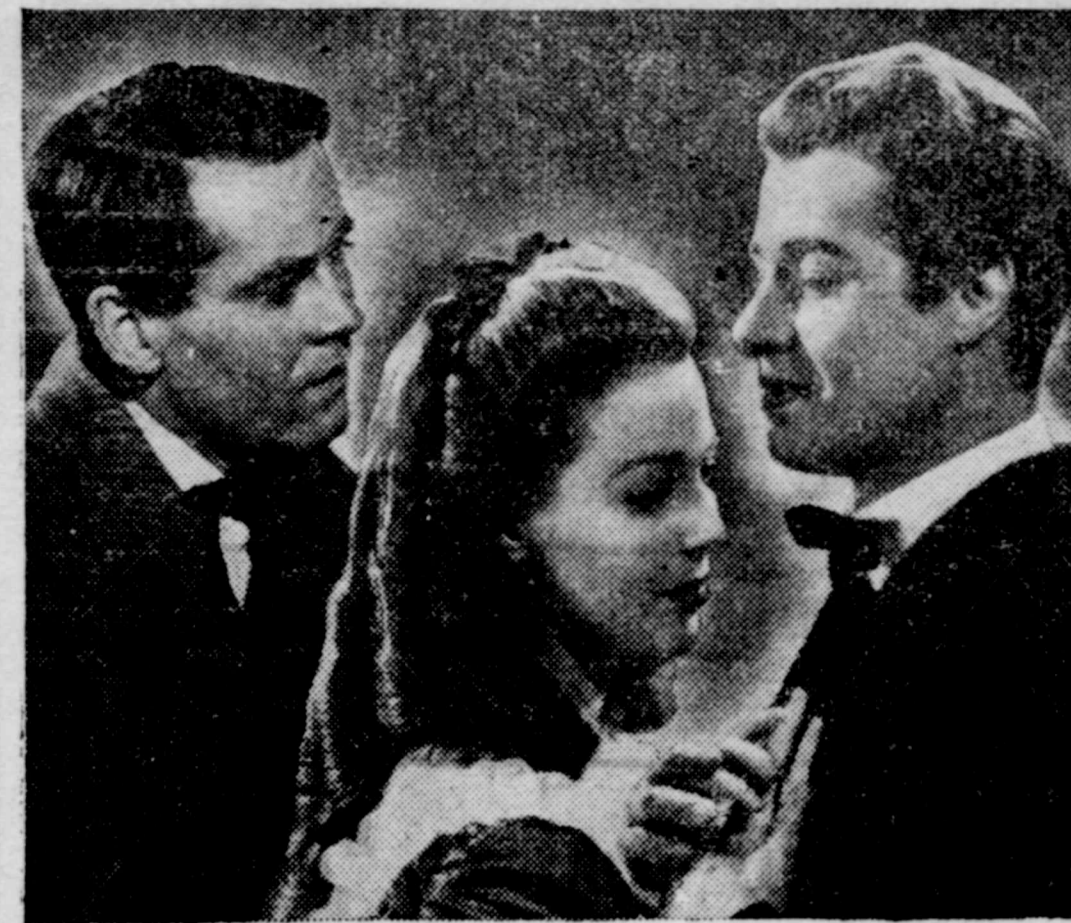

A registered Jersey herd sire has been purchased by J. C. Hopper of Meadow from R. L. Burdette, Lubbock.

The animal is Meadow Design Pride 398809, according to The American Jersey Cattle Club, 324 W. 23rd Street, New York, N. Y. gram, and were beaten, and now are "on a spot" with the old age pension seekers, it is reasonable to believe the Governor, if he has any sense of gratitude, will eventually listen to their pleas.

The special interests, which fought so hard for S. J. R. No. 12, the sales tax constitutional amendment backed by the Governor, are certainly not seeking any special session. They had an ace in the hole all the time, figuring that if the Governor's program lost, they would escape any further taxes, and they still feel very happy at the outcome. They are now not paying one penny of taxes for social security purposes—it all comes from liquor and amendment taxes. The O'Daniel program calls for raising at least another \$25,000,000 for pensions. The special interests know that they will have to pay some of that, and they fought hard to make their share as little as possible. Certainly, having escaped for another two years unless there is a special session, they aren't seeking a special session.

### Austin Notes

Rep. Manor Westbrook, of Fairdale, who stood right by the microphone at every O'Daniel broadcast during the session, and was given a "plug" by O'Daniel so often that his name became a part of the announcer's formula for the O'Daniel program, knows how we do it in business now. O'Daniel vetoed Westbrook's main legislative achievement of the long session—a local bill providing for a rural school superintendent for Sabine and San Augustine counties. The governor explained the bill was against "sound business principles" . . . Another bill by G. C. Morris, of Greenville permitting cities to fund improvements by second lien obligations, was killed by the governor because it wasn't sound business, O'Daniel thought . . . Morris was floor leader of the successful fight to block O'Daniel's sales tax amendment . . .

**ALEXANDER GRAHAM BELL**  
HENRY FONDA and LORETTA YOUNG share top billing with DON AMECHE, who plays the inventor of the telephone in Darryl F. Zanuck's production of "The Story of Alexander Graham Bell," opening Sunday at the Ri-

alto Theatre. Fonda is seen as Bell's assistant, Thomas A. Watson, while Loretta Young plays the woman who inspired the inventor in this Cosmopolitan production for the 20th Century-Fox.

Earlier in the session, the Governor vetoed a local bill by Leighton Cornett, of Clarksville, another anti-sales tax leader . . . The fair trades act, found unfair and in violation of the anti-trust laws by Attorney General Gerald Mann, also fell under the veto axe, and the O'Daniel broadcast is not being tuned out in many a rural drugstore . . . A joint committee of House and Senate, named to rural aid fund, which has been notoriously infested with politics supervise administration of the for years, met and organized at Austin . . . The State Prison System cannot legally bid for the State's printing work, a contract that runs into thousands of dollars a year, Attorney General Gerald Mann held, since the prison system is not a "responsible bidder", under the law. The printing contract is a fat, fat plum which has built up fortunes in the past for several Austin firms which have enjoyed a monopoly on it for years . . . A conflict in the near future between old age and youth, is seen by Dr. Homer Rainey, new president of Texas University. Dr. Rainey in an open forum talk, pointed out that in

1850, there were 890 adults to every 1,000 youths; today there are 2,200 adults to every 1,000 youths. "In 1930" he said, "we had 6,500,000 people in the U. S. over 65; in 1960, we shall have 23,000,000. The situation already is acute in Texas. We are at the beginning of the old age problem. It will be increasing insistently for the next 20 years.

**IT'S A LONG TIME BETWEEN PUMPS. WHEN YOU DRIVE AN OLDS!**

**RECORDS PROVE OLDSMOBILE ONE OF AMERICA'S LEADING ECONOMY CARS!**

YOU'D NEVER THINK a car as big and powerful as Olds would be a gas miser. Yet, that's just what Oldsmobile is—a fuel saver if there ever was one. With Olds, you spend less time (and money) in gas stations and more on the open road. The big 90 H. P. Econo-Master Engine of the Olds Sixty gives you a wealth of live, eager power to master any kind of going. Yet, because it is precision-built and pressure-lubricated, because it embodies such advanced features as a high-efficiency cylinder head, completely cooled cylinders and pressure-cooled valves, it gets the utmost out of every drop of gas and oil. That's why an Olds Sixty was able to win first in its class in this year's Gilmore-Yosemite Economy Run with an average of 21.4 miles per gallon over a tough 315-mile course. Come in and let us prove to you that Olds gives you quality plus economy!

**YOU'LL GET A BETTER DEAL FROM OLDSMOBILE!**

That's what our customers are saying all over town. Bring your present car in for appraisal and more than it is today, so why not get top value for it in trade on a big, new, money-saving Olds!
