Good Delegation At Sadler Banquet

A number of Brownfield citizens, along with representatives from some 15 or 20 other counties of the South Plains, now known as the north Permian Basin, attended the banquet for Railroad Commissioner Jerry Sadler at the Hilton Hotel, Lubbock, Tuesday night. In his speech, Mr. Sadler promised a square deal to the north Permian Basin field, and enlarged by saying that it was with the help of his cousin, Harley Sadler, West Texas showman, and the heavy vote of West Texas, and particularly the South Plains that put him over.

Under these circumstances, the speaker said, "I could hardly do otherwise than help you to the limit of my power. Harley told you I would give you a square deal, and I'll resign before I'll do otherwise." Chairman Lon Smith spoke briefly, and Representative Alvin A. Allison of Levelland was toastmaster, and a love-feast seemed to have developed between Mr. Allison and the Railroad Commission members.

Those attending from Brownfield were: Tom May, Dick McDuffie, Burton Hackney, M. R. Hemphill, J. M. Welborn, Grady Terry, L. L. Dean, Homer Winston, R. M. Clovis and Spencer Kendrick, Everett Latham, Dudley Repp, Will Fitzgerald, Jas. H. Dallas, Tom Cobb, Joe J. McGowan, Dave Evans, Bob Bowers, Leo Holmes, J. O. Gillham, Paul Lawlis, Red Tudor and Mayor Clyde C. Coleman.

Rotarians Sponsoring Tahoka Game

What is hoped to be the biggest motorcade so far this season will depart for Tahoka from the local high school building this afternoon. Four busses have been arranged for to carry the band and pep squad.

According to Homer Winston, who is on the committee in charge of arrangements, ten cars are needed to carry members of the football team. Those who wish to carry football boys will please meet at the gymnasium at 4 o'clock this afternoon. Those who intend to go in the motorcade are requested to be at the high school building at 6 o'clock sharp. If you do not have a way to go over, be at the high school building at this time and the Rotarians will TRY to arrange a way for you.

Young Stahler Has Chance of Commission

Twenty five young men from this section have been enlisted in the air corps of the U. S. army and have been sent to training stations, according to Sgt. Neal F. Marshall, recruiting officer, since the first of the month.

Most of the men have been sent to March Field, California, or to Hawaii.

One pilot, Robert F. Stahler, 20, of Brownfield, with 10 hours in the air and holder of an official rating as student airplane pilot, is one of the group. He went to March field. Stahler has had three years of college work. He was a member of the Texas National Guard and secured his release from that branch of military service.

Chance of Commission

Stahler has a good chance of securing a commission. With his educational training and his flying work, he can work into the army pilot ranks by diligent study, it was explained.—Lubbock Avalanche.

Pittman Dairy Installs Pasteurizing Process

A Herald representative had a look this week at the new machinery, installed at the Pittman Dairy to pasteurize milk. This was the first time we had ever witnessed the process. While simple after being seen, the machinery is a bit complicated, although easily learned, and how it should be operated.

The milk is run into a tank, which is heated from the temperature of fresh milk, about 80, and a dialed clock on the wall, not unlike those used in registering natural gas pressure, begins to operate, until it reaches 145 degrees Fahrenheit. It is then held at this temperature for 20 minutes, when the temperature lowers to bottling degree, and is further cooled if necessary in cold storage. Should there be a diseased cow in the herd unknown to the dairy, any disease germs are then eliminated, and human hands never touch the milk as it is drawn off through spigots into bottles, and capped by machinery.

Let us state just here that Mr. Pittman did not start with a large herd, but he did start with some prize winners, and has consistently built up his herd all the time. He stated that raw milk was still more in demand here, but that Denver City, in the oil field was taking large quantities of pasteurized milk. In fact, he had orders for Wednesday deliveries of 148 gallons of sweet milk, butter milk, and cream at Denver City.

Mr. Pittman also maintains a herd of thoroughbred hogs, having some 50 now and expecting three new litters in a few weeks. He has also gone in somewhat for Chucker quail, and has quite a start now. The dairy business of the U. S. is now one of the Nation's biggest.

Noted Song Writer to be Here Sunday

Mr. Kerr will conduct services at the Brownfield Four-square church on Sunday, October 29. In the morning at 11:00 o'clock he will preach on the subject, "Miracles of Faith." In the afternoon at 2:30 he will present a sacred musical concert, the program including both vocal and instrumental numbers. As a special feature a gospel song within five minutes, from a title which the audience will select.

Mr. Kerr will perhaps be remembered by old-timers here. In 1927, he was here for four weeks, assisting Mack Wyatt in an evangelistic campaign. Again in 1928 he visited Brownfield for several weeks.

He is now manager of the Angelus Temple radio station in Los Angeles. He also finds time to edit a monthly periodical devoted to sacred music. He has composed more than eight hundred gospel songs, of which many are being widely used. He has traveled widely in evangelistic work, having made more than thirty-five coast-to-coast trips. He has broadcast through more than two hundred radio stations.

At present he is making a three months tour of the entire country. The first half of his itinerary took him from Los Angeles to Maine with one-night concerts en route. He is now on the homeward half of his tour.

Truett Had to See A. & M.-T. C. U. Game

Truett Flache has not forgotten the art of working Dad and Mother. So, one day last week, he says, says he, "Ma, don't you want to visit your sister at Baird, and Pa, how would you like to see your brothers at Fort Worth and Paradise, Texas?" So the trip was arranged, but Truett, being a graduate of A. M., and knowing the A. & M.-TCU game was scheduled Saturday afternoon, there was where he was really headed for.

A stop was made at Baird to visit Mrs. A. T. Scroggins, sister of Mrs. Flache, and so on to Fort Worth to the home of a sister of Mr. Flache, Mrs. Kroll. They latter visited two brothers of Mr. Flache, Ed and Ott at Paradise. And Truett got to see the Farmers break the jinx and lick the stuffing out of the Frogs on their home grounds.

Mr. Whitmire Here From Haskell County

Mr. Whitmire, prominent citizen of Haskell county, was here this week checking up on his renter, Carl Griffith, who lives on the Whitmire place some 12 miles southwest of Brownfield. We didn't have to talk to Mr. Whitmire a minute to know that he was pleased with Carl's methods of farming. In fact, he described them as being "scientific."

Mr. Whitmire said that Carl had a good crop all over the place, but in talking about the maize crop, he stated that they got 80,000 pounds of we presume headed grain off 60 acres, and had sold it at 83c per hundred pounds. Mr. Whitmire has a good body of land, and he has a good renter, a combination that can't be beat.

J. B. Huckabee had a good dinner at a local cafe this week, and he felt so good over it that he shucked out a dollar on subscription. Thanx, Jim.

Charles Speights of Denver, Colorado spent the past week end visiting Bobbie and Claude Gore.

The "fire" here early Monday was nothing more than a local service station burning some used oil. Someone thought it a real fire and turned in the alarm.

Mr. and Mrs. Jimmy Bateman of San Antonio were recent visitors of Mr. and Mrs. Charles Green.

A Trip Through The Oil Fields Sunday

Leaving Brownfield around 2 o'clock Sunday afternoon with the old Ford containing Jack the Ist., II and III, together with the wives of Nos. 1 and 2, we took that fine newly paved highway 380 to the city of Plains, capitol of old Yoakum. Found that Tokio was still there in all its glory, and lots of people, including a lot of those soft spoken natives of old Mexico and our own Rio Grande valley, to help them get out their cotton crop. They have some mighty nice crops in the Gomez-Tokio section, with good gins at both places.

We have to kinder slip into the Yoakum-Gaines oil fields, as they are jealously guarded by Editor Hale of Plains-Denver, and Willard Bright of the Gaines County News, Seagraves, but we can slip in while those two gents are taking their Sunday afternoon siesta. Found not the largest, but one of the prettiest school buildings we have seen in some time, almost complete at Plains. It is brick with Spanish Renaissance front, that gives the building not only a dignified but a pleasing front. There were other improvements noted in the city. The other prettiest school building is just being completed at Colorado City.

Found that while its neighbor, Denver City was in the limelight over in this section, that Allred, first real oil field town in Yoakum county, was still growing, with some buildings under construction. We did not go to the Bennet field, but could see a forest of derricks from highway 380. We shall make that field in some of our later ramblings. That is the closest field to Brownfield, some 24 miles as the crow flies, or about 30 by the road.

But Denver City is the ring-tailed snorter with all manner of growing pains. We are reminded of the rapid growth of Borger and Ranger with the wild life eliminated, for Sheriff Joe Ellison and his deputies are keeping as clean town morally as is possible in a town where all kinds and classes of people are coming in daily. He also seems to have the backing of the major oil companies, as they do not wish their employees to engage in too much night life. Yoakum county, being dry, to all outside appearances Denver is also dry, but there is a well-beaten trail that leads to Wesson, just two miles over in Gaines county. That place, which a year ago gave promise of being the main oil town, is now but a bare shadow of what it was a year ago. There are one or two filling stations, the rest is made up of dance halls and beer parlors. However, Conoco keeps quite a stock of piping, etc. there yet.

But back to Denver City. There had been a radical change in the place since we were over there in August. Main street is lengthening day by day, as new business houses go in, which include about every conceivable business allowed to run there, such as groceries, hardware, drug, dry goods, and a number of each of these, and of course the usual amount of filling stations. Hotels, several of them have been built or building, and one large one has just been moved in from some other oil field. There are laundries, a light and power plant, and the Texas Utilities Co., will soon be there with their high-line to take the overload off their small plant that is having a hard time now meeting the needs of increasing customers. Then there are some 12 or 15 oil field supply houses with large and increasing stocks, as the huge Yoakum-Gaines field increases in size, which may some day rival the East Texas field.

Out in the northeast part of the city, the Shell Company is putting in a million dollar wet gas plant. They already have half a hundred homes built for employees, and the refinery is nearing completion. As we understand it, they take the wet gas out of the wells, convert it into gasoline, and put the dry gas back in the wells to life the petroleum. This plant alone will give employment to hundreds,

Killion Now Pulling Jokes at Monahans

Had a letter this week from Elder J. H. Killion, who until recently was minister of the Church of Christ in this city. That boy would joke his friends if he thought that minute would be his last. But we are glad he is recovering his health. But let him tell it in his own words:

"Am going plenty strong, and getting fat as a Christmas Turkey, have rosy cheeks and dimpled knees. Will be up before long to check over the conduct of a few of you suspicious characters." Here's one he sent in for all to practice on:

Figure it Out For Yourself

Take your age, multiply it by 2; add 5, multiply by 50; subtract 365. Add the loose change in your pocket, under one dollar—add 115. The first two figures will be your age, the last two the amount of change in your pocket. We tried it. Not having any change, there were two 00's to the right. None of your business what the other two were, but it was our age in years.

Son of Local Lady In Marine Corps

Percy C. O'Brian, son of Mrs. Anna Bailey, Brownfield, was accepted for service by the Dallas Marine Corps Recruiting Office on October 24 and transferred to the Marine Corps Base, San Diego, California, for a short period of training prior to being assigned to regular duty.

Young O'Brian formerly attended high school at Roby and was employed by the Plains Grain and Head Handling Company of Slaton.

Mr. and Mrs. Floyd Fisher of Odessa were guests of her brother W. G. Smith and Mrs. Smith, Friday.

Mr. and Mrs. Clyde Lewis visited their daughters, Vondae and El Ray and attended the Parent's Day affair in Lubbock Saturday.

B. M. Tuttle of Rt. 4 was in this week and gave us a renewal for the Herald and Dallas News, and we kept his new pencil. Call in and we will give you one.

MASS MEETING

The Townsend Clubs in the 19th Congressional District will hold an all day meeting in Brownfield at 10:30 a. m. on Wednesday, Nov. 1. Don't fail to hear J. F. Kirkland, famous speaker. Come and spend the day with us.—Townsend Committee.

and including their families, almost make a little city in itself. As time rolls on, perhaps other major companies will see fit to put in such plants in the area. They have a nice movie theatre, and Sunday, from the appearance of cars about the place, it is well patronized.

We understand that a great many in Denver City trade in Brownfield, especially for dry goods, as the stocks here are larger at the present time, and not a few are coming in for movies. We should by all means cater to this trade, as they are paid cash for their work and usually get good wages. There is fair road to Plains from Denver and a paved highway from there to Brownfield. Not a few of the drillers and their families, as well as geologists, location crews and others make Brownfield their home, and others would come if we just had somewhere to put them. Let us not forget that Denver City is completing a real nice school building. It is made of lumber, but is large, well lighted, and a beauty architecturally.

And so on to Seagraves. That city is still growing, you may tell your folks, but not quite so fast as a year ago. As the Crowe family was in Slaton, and the Roberts family seemed to be out of town, only a slight pause was made in the city at the end of the Santa Fe line. But there still seems to be something doing in Seagraves every hour of the day—and night, and so on home to the best place to live in the whole neighborhood.

Mistake in McDuffie-Mahon Conversation

While long distance telephoning these days is almost as good as face-to-face conversation, on account of costs and limited time, one is not always apt to make himself as clear as is possible in a leisurely conversation on the street or in the office. Just so, W. R. McDuffie, cashier of the First National Bank, in conversation with Congressman Mahon last week, slightly misunderstood all that Mr. Mahon implied, and Mr. McDuffie is anxious to correct the same this week.

In fact, Mr. McDuffie stated to the Herald that he believed our mutual friend George Mahon was doing everything possible for our interests at Washington, and that this cotton question was of vital interest to everyone, and especially the farmers who are holding unsalable cotton at the present. After reading the article, Mr. Mahon sent Mr. McDuffie the following telegram, which is self-explanatory:

Washington, Oct. 24, 1939
Mr. Dick McDuffie,
Brownfield, Texas:

My attention has been directed to the newspaper item regarding our telephone conversation. Apparently I failed to make myself clear as to how the cotton loan differential if announced, would work out. If cotton loan is announced by the Department of Agriculture, location differential would not overrate as indicated in news story. For example, say flat basis of 8.30 is announced, that would be rate in interior, but points nearer ports and mills would receive higher loan basis. Differential calculated not to reduce rates in interior, but to increase rates at ports and mills. Clearly this would be of vital interest to our folks if loan is announced, and I would appreciate you having newspaper carry above explanation of loan differential. As I indicated, I have been protesting any differential and have urged announcement of a loan for some time. Department promises announcement one way or the other this week.

Regards,
George Mahon

The Herald certainly agrees with Dick McDuffie that the district is fortunate in having such a man as George Mahon representing us at the nation's capital at this time. Mr. McDuffie, like Mr. Mahon, has the interests of the area farmer at heart.

Legion-Auxiliary Have Joint Meeting

A highly interesting and instructive joint meeting of the American Legion Post and the Legion Auxiliary was held here Tuesday night in the show rooms of the Tudor Sales Co., which had been graciously donated for that purpose by the above company. At this time several well-known Legion men and women from neighboring town were on hand to deliver addresses, among which was Mrs. George Berry, State President of the Auxiliary.

C. T. Edwards, post commander of the local post, was master of ceremonies, and he made one of the best. His remarks were to the point, and easily understood by all present. The principal addresses of the evening were made by Mr. George S. Berry of Lubbock, post commander in that city, and his wife, for the auxiliary mentioned above. Both addresses were highly complimented by those present after the adjournment of the meeting in the presence of the writer.

Other short talks were made by John Scott of Plainview, Harry McCain and Mrs. Watson of Lubbock. Mr. Edwards read a portion of a letter from a member, Wood E. Johnson, at Veteran's Hospital, Albuquerque, N. M., in which he stated he was getting along nicely, but lonesome for his home buddies, and appreciated any message from them. He also wants the Herald to come on out there, which is being done already. Rev. J. D. Anderson,

Cubs Down Littlefield Wildcats by 25-0

By Tom Bryant

Coming from behind early in the second quarter, the Fightin' Cubs of Brownfield put on a brilliant running and passing attack to defeat a heavier Wildcat "eleven" 25-0. After being shoved around a little roughly in the first period, in which Littlefield took the lead 6-0, the Cubs suddenly came to life and pushed over two touchdowns in quick succession and then scored once in each of the two remaining periods.

Early in the first quarter, after an exchange of punts, Littlefield gained possession of the pigskin about mid-field, and after a few plays pulled up on the Cub's nine-yard stripe. From there, Maxie Knight, halfback, drove over right tackle for the opening score. The try for extra point was no good. Littlefield then kicked to the Cubs on the fifteen yard line. After two futile attempts to advance the ball, Bryan dropped back to punt. A hard charging Wildcat lineman drove through and blocked the punt, but Bryan managed to scoop up the ball and get it back to the line of scrimmage. On the next try the Cubs' attempt to punt was successful, and with each team trying desperately to stave off a vicious offense, the quarter ended with the Wildcats leading 6-0.

With the opening of the second quarter, Brown dropped back to his own forty-five yard line and shot a pass to Bowers who took it in the clear and raced twenty yards to score. Bower's attempt at conversion was blocked. The Cubs second score came a few minutes later when Brown intercepted a Wildcat pass and raced it back thirty yards to put the Cubs in the lead. Bower's try for the extra point was good, and the half ended with Brownfield leading 13-6. The Cubes remaining scores came in the third quarter. Brown passed thirty yards to Warren, and late in the fourth quarter Brown again dropped back and passed to Bryan for the closing touchdown. The game ended with the Cubs leading 25-6.

There were really no individual stars for Brownfield; every Cub that took the field turned in a great game. For the Wildcats, McNight starred, playing an excellent game both offensively and defensively.

This week the Cubs go to Tahoka for their second conference game. The Bulldogs are expected to give Brownfield plenty of trouble with high-scoring Maxie Minor as their main threat.

Starting lineup for the Cubs:
Ends, Hill, Bryan; Tackles, Waters, Ackers; Guards, Burnett and Doss; Center, Lewis; Halves, Bowers, Warren; Fullback, Tankersly; Quarter, Brown.

Miss Meryl Sawyer has returned to her home at Cross Roads, N. M., after visiting relatives here.

L. L. Blackstock, that smiling, stockman-farmer, dropped in this week and left another dollar in the missionary box.

erson, chaplain of Plains, also made a nice talk.

Apparently the local post is going over the top in a big way in its membership quota, and the auxiliary will likely do likewise. The Howard post hardly ever falls down on the job, nor the auxiliary for that matter. A nice crowd was on hand, and we understand that several new members were secured after the meeting, as well as some transfers.

Every part of the county was represented and several from Yoakum county. Glen Akers received a Post Commander's medal. Some 400 doughnuts were at this time exposed to the crowd, and with plenty coffee and ice cream, the crowd was soon enjoying these eats.

Congressman Dies furnishes hot news items every week. His latest startling announcement is that Chicago is the power house of the American activities and the principal source of nasty and unpatriotic propaganda. Communists and Nazi leaders are being placed on the spot throughout the United States, and the Congressional Committee headed by Mr. Dies backs up the prevailing belief that these different groups are carrying on agitation that are dangerous to the democratic standards of government. Naturally those charged with the responsibility of protecting our form of government are unusually vigilant at this time because of the deep feeling that exists over the present war. While the Communists have long been recognized as a national political party not all of them were suspected as reds until the war pot began to boil. Dies is hunting all of them down and making things hot.—Lorenzo Enterprise.

Every old person drawing an old age pension is paying for the inefficiency of our state government. Each pensioner will pay \$6 per month, off his or her pension check all because of the hard headedness of those who took oath before God to carry out the will of the people as expressed in the Constitution. The poor blind people of the state should go about with big placards stating that they are the FORGOTTEN people of the state, and the poor little dependent children are getting just what old Mother Hubbard found when she went to the cupboard; the school teachers have been paying into a retirement fund which the state was to have matched dollar for dollar.

Originally, the legislature put a tax on the sale of liquor, cigarettes, and other nuisances as a means of paying the pension, and that is the last that was done. The last session of the legislature stayed in session a record breaking time, and did not meet the state's obligation in these matters. Just where should the voters of Texas place the blame for this deplorable state of affairs? We cannot place it entirely on the Governor, for no bill to raise the money ever came before him for his signature or veto. The House passed two good pension revenue bills, they were never reported out of committee in the Senate. The Senate passed S. J. R. 12, which was for the submission of a constitutional amendment, making possible the levying of a two per cent sales tax. The House steadfastly rejected this. The Governor, while stating that he was opposed to a sales tax, stated that he felt that no other measure had a chance of passage, therefore he asked that S. J. R. 12 be passed so the old folk would be taken care of. If this had been submitted to the people for a vote we would have voted for it, notwithstanding the fact that we have always opposed a sales tax. A tax on natural resources is far better for the common people, but we want the old age pension first, last and all the time. Perhaps the Governor made a mistake in not backing some other plan, rather than the one he did, but remember he

never vetoed any pension law. The Governor made his mistake last summer when he failed to tell HOW he would finance the pensions, which he advocated so strongly.—Anton News.

HARMONY

We were sorry our letter containing news of our community failed to reach the Herald office in time for publication last week. It might seem we were careless, or perhaps indifferent, but such were not our intentions.

Attendance at Sunday school last Sunday was excellent, there being 24 in the adult class. We do have a good Sunday school. Come and be with us!

Mr. and Mrs. George Murry visited his sister, Mrs. J. L. Millsap of Meadow, last Sunday.

The Harmony P.-T. A. local unit met October 14 in the afternoon for a business meeting, and the study of the first lesson of "Needs of the Child for a Well-Rounded Life," was had. This lesson was, "Study of Individuality Important." By Rebecca O. Nelson in Texas' Parent-Teacher. The five members present were Mrs. T. E. Hobbs, Mrs. George Murry, Mrs. John Garner, Mrs. C. A. Wilhite and Mrs. Joe A. Davis.

The Harmony P.-T. A. will meet next Friday, 27 at 7:30 o'clock for a State Birthday program and for enlistment of members. The program will be rendered as follows:

Song, "America" by assembly. Also Nos. 199 and 215 in State song book. Prayer, Mr. Joe A. Davis. Happy birthday to you, by primary pupils. State P.-T. A. Mr. George Long, Music, Lloyd Clark and Joe Merritt. Candle Lighting, Miss Barbara Garrett. Pay your dues, Nelson Brigrance. The endowment fund, Mrs. George Murry. Columbus on his voyage, Carol Brigrance. A Hallowe'en Acrotic, fifth and sixth grade pupils. Why I approve of sports, Mr. Ocie Murry. Hallowe'en failure, Wane-da Proctor. Two Ghosts, Maxine Hargroves.

Mr. and Mrs. T. E. Hobbs were visitors in the home of Mr. and Mrs. W. A. Smith, and Ralph Murry visited Mr. Harvey Smith last Sunday.

Mr. and Mrs. Buford Hobbs and family visited in the home of Mr. and Mrs. M. D. Smith Sunday.

Mrs. J. F. Brigrance of Big Spring is visiting relatives in our community.

The local chapter took a tour to Mr. Gore's dairy one day last week to judge some laying hens. We have been studying the culling of chickens in order that we can cull the non-layers from the layers of each member's flock. This work is turning out to be very interesting.

Teague-Bailey delivered commercial trucks to Grady Goodpasture and A. T. Pickett this week.

O. G. Cheek purchased a Chevrolet sedan from Teague-Bailey Co., Wednesday.

N. A. Newberry, one of our big melon producers has put his Herald up to Dec. 1, 1940.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending October 21, 1933 were 23,977 as compared with 23,865 for the same week in 1932. Received from connections were 7,211 as compared with 6,499 for the same week in 1932. The total cars moved were 31,188 as compared with 30,364 for year.

Hospital Notes

Miss Lucile Stokes had an appendectomy Friday. Robert Lyles of Meadow, entered the hospital for treatment Sunday. S. C. Kitchen underwent major surgery Monday. Mrs. Paul Blackstone of Plains, had an appendectomy Wednesday. T. L. Christman of Jal, an appendectomy Wednesday. Born to Mr. and Mrs. J. E. Dillard, a girl, October 19, and to Mr. and Mrs. A. R. Anderson, a girl, October 23.

TEXAS HAS MOST TURKEYS—POOREST QUALITY

College Station, Oct. 23.—For the past thirty years Texas has led the nation in total production of turkeys.

At the same time, in 1932 Texas' 3,285,000 returned \$6,866,000 or \$2.09 each, while California's sale of 2,625,000 brought \$8,348,000, or an average of \$3.19. The average United States price in 1932 was \$2.75 per bird.

On the basis of these figures, recently released by the American Institute of Poultry Industries, A. H. Demke, executive secretary of the Texas Poultry Federation, has estimated that Texas turkeys are penalized from 4 to 6 cents a pound on eastern markets. The aggregate penalty amounts to between two and three and a half million dollars a year.

Texas turkey growers began an improvement campaign in 1930 that is gradually bringing results.

The same week in 1932. The Santa Fe handled a total of 29,972 cars during the preceding week of this 188 as compared with 30,364 for year.

SARDINE PACKERS COULD GET NEW IDEAS

Sardine packers might obtain ideas from study of the manner in which itinerant Mexican cotton pickers travel, according to Herb Spence, enforcement officer of the city's anti-trailer house ordinance. Here are three items listed on Spence's report:

A large-size trailer came to a stop on a vacant lot near the edge of the city and Mexicans began unloading. The stream seemed so endless that an observer began counting. He reported that 105 adult Mexicans and a pet monkey were aboard.

Volunteer assistance was given in attempting to move two automobile and two truck loads of Mexicans who came here in one party. Aboard were 107 grown persons.

Aboard a time-worn roadster which arrived Sunday were nine Mexicans, including several children, but all of sufficient size to pull bolls if work could be found. Also on board were a goat and camping equipment, including a stove.—South Plains Farmer.

BORN OF NECESSITY

The basic tenet of agricultural marketing cooperation is a simple one. It can be expressed thus: One man, standing alone is powerless to prevent his exploitation by middlemen and other large groups; a thousand or ten thousand such men, standing together, can deal with the buyer on an equal footing.

The marketing co-operative movement was born of necessity. And its amazingly rapid growth during the past two decades has likewise been the product of necessity. The creation of the first farmer-owned, farmer-controlled marketing co-op marked the first application of proven, modern business methods to the craft of agriculture.

The marketing cooperatives have not performed miracles. They have not been able to hold prices to fair levels in times of great depression. But they have succeeded in obtaining for their members a fairer share of the final selling price of their products—which is the acid test of their work.

HOMETOWN AND BIGTOWN

Mass-distribution—a classification which includes thousands of organized independent stores, as well as chains—has been of particular service to the smaller communities of this country.

No longer do farmers and other local people drive forty or fifty miles to sizable centers of population in order to their purchases. For Hometown is as good a shopping center as Bigtown. The buyer is offered the same wide selection of goods, at the same reasonable prices. He can save his gasoline and spend his money locally. The beneficial effect of this on any town is apparent. Property owners find good tenants, at good rentals. Local people find jobs at home and spend their money at home. All business enterprises in the community benefit as trade increases. New businesses are started and old ones grow. New sources of taxation appear, and local purchasing power expands.

You see this in thousands of smaller towns and cities scattered throughout the 48 states. You see it in the steady, sound growth that is taking place in rural America. And big-scale distribution must be given much of the credit for what might be termed "the decentralization of trade centers."

Mrs. S. B. Johnson of Quinlan, Texas, has been here visiting friends and relatives. She called Wednesday to renew for her Herald, as she is leaving for her winter home today. She spends winters and springs down there and summers and falls here, thus getting all the advantages of both climates.

Mrs. Geo. Snodgrass of Lubbock, was here Wednesday visiting her parents, Mr. and Mrs. F. E. Walters and family.

Douglas Jones and daughter, Anna Lee of Amarillo visited his mother, Mrs. S. W. Jones, Sunday.

Prior to that time little attention was given to feeding and breeding programs.

Turkey demonstrators are following the recommendations of Geo. P. McCarthy, poultry husbandman of the Texas A. and M. Extension service, and are selecting their breeding flocks now.

Nelson Pledges Cooperation With O'Daniel

Stating that he believed the governor had "proposed the only logical course to pursue in temporarily settling the social security problem in Texas", State Senator G. H. Nelson, in a letter to Gov. W. Lee O'Daniel said he would cooperate with the governor in the proposed special session.

In a lengthy letter the senator explained his attitude toward the proposal, and expressed doubt as to the advisability of the call under present circumstances. He likewise expressed his opposition to a sales tax, or consumer's tax as the governor calls his proposed method of raising money.

Senator Nelson explained the reasons he had for supporting the proposed plan, considering a settlement of the pension question as a "mandate" from the people of Texas and declared that it should be gotten out of the way of other and more important problems facing the state.

90-HOUR WINTER GRIND

spared your OIL-PLATED engine

What wouldn't you give to have a weather prophet foretell all the worst 90 hours of Winter this year? ... and stop their assault on your car!

You could afford to give a lot, but all it takes is the ordinary price of an oil-change. That's all you pay at Your Mileage Merchant's Conoco station for the extraordinary change to OIL-PLATING.

You need your engine OIL-PLATED now by patented Conoco Germ Processed oil to wipe out doubts of decent oiling during starting—when unplated engines wear worst. (A scant 6 or 8

minutes of such needless bad wear, repeated a scant 6 or 8 times a day through these cold months, still mounts up beyond 90 hours!) ... 90 life-sapping hours for engines abandoned to oils that can only "flow fast" ... but not one instant of oil-starvation in 90 hours or 900 hours, when your engine's OIL-PLATED.

The "magnetic" action of Germ Processed oil gives every square inch in your engine a slippery overlay of OIL-PLATING—attached as firmly as any nickel- or chromium- or silver-plating. And could any plating ever drain down when you park in any cold, for

any length of time? Then you know why OIL-PLATING—drain-proof—naturally has to be ready to lubricate before you're even ready to get out of bed, or away from work, or up from

the card table. Long before any oil-pump could squirt a drop, your drain-proof OIL-PLATING has readied your engine for safe, easy starting. That's exactly how you get the drop on the worst of Winter by OIL-PLATING now with patented Conoco Germ Processed oil. Keeps up your engine—your battery—your oil-level, too. Change now to Your Mileage Merchant. Continental Oil Company

Next Week Is School Safety Week

AUSTIN, Oct. 24.—Widespread observance of School Safety Week, October 30-Nov. 4, was assured today as a score of state organizations threw their full support behind the program.

A coordinated program, inaugurated by the Texas Safety Ass'n in a concerted effort to reduce traffic accidents among the public school and college age group, met with instant response from every community in the state.

"The fact that in the past eight months 283 were killed and 2819 seriously injured in the school-college age group is conclusive evidence that in Texas the bumper is more deadly than the bayonet and that every effort must be made to prevent this needless sacrifice of the flower of young man and womanhood of the state," George Clarke, executive secretary of the Association, stated.

Among the state organizations participating in the program are the State Police, State Dept. of Education, Highway Division, Texas Congress of Parents and Teachers, American Legion, Junior Chambers of Commerce, and other civic groups, including over a half hundred safety councils. "Walk safely and drive sanely," is the theme being stressed by seven hundred weekly and daily papers and seventy radio stations of the state.

State Superintendent L. A. Woods has requested the 254 county superintendents, 1100 superintendents, and all the rural school field workers to stress the subject of safety during the forthcoming period.

Highway patrolmen and city traffic officers will work closely with the program mapped out by the P. T. A. in visiting as many schools as possible for chapel safety lectures.

The American Legion posts throughout the state have been requested to assist in every possible way, as have the Junior Chambers of Commerce who have circulated the Governor's proclamation throughout the state and have requested that speakers make short talks from their local radio stations.

Mesdames R. D. Jones, M. L. Howard and L. P. DuBose of the Johnson community were visitors here Thursday.

Miss Coyla Prosser of Lubbock, spent the week end with her friend, Miss Ola Belle Brown. Miss Prosser is also blind, and has a concession in the Federal building at Lubbock.

Sadler Show to be Here November 3-4

Harley Sadler

Harley Sadler, pictured above, popular Texas showman, is bringing his large tent theatre to Brownfield for a two-night engagement starting Friday night, November 3, under auspices of the Junior Chamber of Commerce. The Sadler show has been greatly enlarged since last season, with new equipment, many new faces in the cast and a new line of big time vaudeville, featuring Henry, world traveler, artist and magician, and Jesse Rogers, cowboy radio star from station XERA, Del Rio, Texas. Special scenery and lighting effects are carried for each play. The opening play for Friday night, November 3 in Brownfield is, "He Couldn't Take It," a story of father and son, with Harley Sadler as "Dad," said to be his favorite part. The big tent is waterproofed and well heated and will be located next to the Brownfield Steam Laundry.

Mr. and Mrs. Don Jordan of Lubbock were guests of Mr. and Mrs. W. R. McDuffie Saturday evening.

Mrs. J. L. Randal has gone to Austin to spend a month with her daughter, Mrs. Percy Spencer.

J. T. Jones was in recently to renew and we mentioned that he appeared to be a year in arrears. Sure, says he; we missed a crop in 1938. So he paid two years and thanked us for keeping 'er comin'.

Mr. and Mrs. H. D. Heath of Yoakum county, attended the American Legion party here Tuesday night.

We were pleased to add David P. Pinkston to our list this week. He is the new bookkeeper for the Arizona Chemical Co., and has recently moved here from Lubbock. He and his wife are occupying the Willie McDonald cottage.

Miss Twilla Graham, accomplished daughter of Mr. and Mrs. A. E. Graham, is leaving this week for Lindenwood college at St. Charles, Mo., where she will attend school this term. The Herald will keep her posted about the doings in the old home town.

Sam Davison, one of the finest Meadow farmers was in this week to drop another dollar in the slot. Sam never lets his Herald run over but a few weeks, and usually comes in just a bit ahead of time, and always pays with a smile. Wish there were more Sam Davisons.

R. W. Griffith, former Brownfield resident, but now of Tatum, N. M., spent Monday here attending business and visiting friends. Mesdames Everett Latham, Clovis Kendrick, and Spencer Kendrick were Lubbock visitors Monday.

Mrs. J. E. Vickers, Mrs. Freda Hunt and Miss Margaret Bell of Lubbock were guests of Mrs. and W. A. Bell and Mrs. Lela Toone Saturday.

IST PRESBYTERIAN CHURCH

Fred A. Walker, Pastor

Sunday School ----- 10 o'clock
James H. Dallas, Supt.
Morning Worship ----- 11 o'clock
Evening Worship ----- 7:30 o'clock
Last Sunday we again had the largest Sunday School attendance of the year, increasing over the previous Sunday. We have set new attendance goals and you are invited to help us reach our goal.

The subject of the pastor's sermon Sunday morning, "Haunted House," is based on Matthew, 23:38.

BAPTIST CHURCH

The attendance at all services last Sunday was improved with 328 in the Bible teaching service. The school and entire church regret the loss to us of the Whites, as that good family has moved to Lamesa and we commend them for their fine example of loyalty to the church while they were with us and hope they have made a profitable move for themselves.

Two were received into the fellowship of the church.

The starting of the building is only being delayed in order to secure additional pledges and cash as the undertaking is too great to undertake without the full cooperation of all of the membership with the aid of any friends of the church in the community who desire to see this worthy undertaking successful. If you have not given this project encouragement by financial aid, by all means do it now so that it may go on to completion.

Next Sunday will be Missionary Day in our church when all offerings will go to that work. It is hoped that every member may give at least their earnings for one day for the support of our mission work in a worthy manner. Our convention supports missions throughout the world and but for our aid perhaps a hundred missionaries would have to be recalled. Are you willing to recall them? We do not think that you are.

The W. M. U. will meet with the Federated meeting next Monday at 3 p. m. at the Methodist church, the program of which will appear elsewhere.

Be with us next Sunday in all of the services and if you are a stranger among us you will not be for long as we appreciate having new people come into the fellowship of the church and becoming one of us.

METHODIST W. M. S.

—Met at the church Monday, 3 p. m. A very interesting lesson on, "The Living Waters of Evangelism," and was presented by Mrs. G. S. Webber, assisted by Mesdames Linville, Longbrake and Arnett. There were thirteen members present. Since the Federated Missionary Society meets next Monday at this church, the Methodists ladies will meet at 3 p. m., and continue their study of the book, "Through Tragedy to Triumph." Program of the Federated Missionary Society will appear elsewhere. It includes all the ladies of all churches.

Mrs. Earl Jones, Mrs. Dube Pyeatt and Mr. and Mrs. Audrey Cox of Lamesa went to Dallas the first of the week, on business.

Mr. and Mrs. Bill Brown and children attended the ex-students banquet at Gomez, Friday.

FOURSQUARE CHURCH

Services as follows: Friday 7:45, regular service with the young people in charge. Four of them will be speaking and their subject will be the "Four Phases of the Four-Square Church."

Sat., 2:30, Children's Church. Sun. 10 a. m., Sunday school.

Sunday 11 a. m., Morning Worship with Rev. Phil Kerr in charge of preaching. Sun., 2:30 p. m., a special service. A sacred musical concert, with Bro. Kerr. Every church invited; don't miss this service. Sun. 7 p. m. Young People's service. Sun. 7:45. Evangelistic service, the pastor bringing the message. Subject of sermon, "God's Alarm Clock."

A hearty welcome awaits you. Pastor, Rev. Irene Lee.

FEDERATED W. M. S.

The Federated Missionary Societies will have their last meeting of the year at the Methodist church at 7:30 o'clock Monday 30.

We will be favored again with an out-of-town speaker, Mrs. Daniels of Meadow, whose husband is the pastor of the Methodist church there, will bring us a worthwhile message, we feel sure, for she comes recommended to us as an outstanding speaker and a devout worker.

We will have our yearly election of officers at this meeting so we would like to have everyone present who considers herself a member. Not only are we anxious to have our members and workers, but every woman in town interested in this work is cordially invited. If we do have a goodly number at this meeting we will feel that we are completing a very successful year of work and worship together.

We would like for those who receive the baskets on the 28th to please take them to Mrs. Daniel Perry or Mrs. Harry Longbrake. This is important for we would like a check-up before our Monday meeting.

METHODIST CHURCH

John Witt Hendrix, Pastor

Church school holds its own among the institutions of the church. It is the one abiding teaching force of modern Christianity. It opens its session at 9:45 a. m. Morning Worship is the church's invitation to you to worship. The program is so prepared as to make it easy to worship—the whole ritual is to that end. It will offer worshipful hymns, full of gospel truths. The pastor will speak, using as theme, "Fraudulent Securities." Yes, we're having some such in our day. Are Christians basing their peace on any such? Let's study this together Sunday morning.

Evening Worship comes on at 7:30 p. m. This service seeks to be of a popular nature, informal, without a church ritual. The music is such as all know and sing. Your share in this service is what you make it. The sermon will discuss a timely subject in a popular manner. The subject is, "A Silent Woman." We confess there is a bit of surprise in this subject. But the text shows a time in history when the destiny depended upon provoking a woman to speak.

Young People will meet at 6:45 p. m. In this service last Sunday evening they assembled a capacity audience. If you do not attend elsewhere, you are invited here. A big, happy and profitable occasion.

3RD ANNUAL HOMECOMING A BIG SUCCESS

About two hundred and fifty ex-students with old-time friends once more, rounded up at the old feeding pens for another Home Coming Friday evening at 7 o'clock October 20. Under a calm western sky and around a blazing campfire, once tales of the pioneer days were recalled. Men and women from west and east, north and south, traveled far to once again mix with friends of the old days and called it an omen.

With the fiddle, guitar and banjo, old ranch songs were sung by the whole assembly. The chuck wagon loaded with good things to eat and lighted to the brim with electric lights, served as a gathering place. At the sound of the old cow horn they were told to come-and-get-it. The menu consisted of barbecued chicken, gravy, potato salad, red beans, pickles, onions and peach pie. Rolls and coffee. The supper was fit for a king, with generous helpings and plenty for all.

At the ring of the school bell they entered the main auditorium for the scene of "The Old-Time School." The teacher in this program was a man by the name of E. O. Coltharpe of Nocona, Texas, one of the first teachers of a Gomez school, being sixty-two years old. Others part in this play were Lee Johnson of Canyon, Texas, Dube Pyeatt, Myra Lewis, Lee Fulton, Mrs. Lester McPherson, Mrs. Chock Hamilton, Mrs. Claud Henderson, Mrs. Charlie Moore, Mrs. Homer Winston, all of Brownfield. Miss Mary Green of Abilene, Texas. These were all ex-students of the Gomez school. A riot of laughter was brought forth with all those silly acts of school kids long ago. Two prizes went to Mrs.

Then the old fiddlers contestants were rewarded with first, second and third prizes. Talks were given by G. E. Lockhart of Lubbock, Texas and A. G. Harrison of Plainview and D. O. Coltharpe, Nocona. F. E. Ellington and wife of Tokio sang, "Bake that Chicken Pie."

The new officers for the coming year were elected as follows: President, Mrs. Ruth Key; Secretary, Ross Black; Treasurer, Miss Nellie McIlroy; Reporter, Mrs. Homer Winston.

Mr. Homer Winston acted as Master of Ceremonies with benediction by Mr. W. H. Black.

How To Relieve Bronchitis

Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Creomulsion goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

PEP SQUAD NEWS

By Katherine Speed

The pep squad plans to have a Negro minstrel booth at the Band Carnival November 10 in the high school gymnasium. This booth promises to be very entertaining with fun and excitement. There will be plenty of dancing and singing. Everyone should try to visit this booth, for we are certain you will get your money's worth.

The pep squad is going to Tahoka Friday night, and are going to do their part toward helping the boys win.

ARE YOU?
By Ruby Faye Parks

Are you the type of person that doesn't respect your teachers, parents, or who ever it might be enough to regard their rights and privileges? To respect the rights and privileges of others shows your good character and training.

Are you always giving the things you do a lick and a promise, just to get through with them? Are you not reliable, do you not do your work well? Remember the old proverb, "If a Thing is Worth Doing, It is Worth Doing Well."

Are you always getting angry

at your teacher because you made "B" instead of an "A", or a "C" instead of a "B" on your report card? Don't be angry at your teachers, just stop and think, "Did I study as much as I should have last month?" And did I have the right attitude toward my subjects? After a bit you'll confess and say, "Well, maybe I was wrong about my grades, but next month I'll study more than I have been and when my teachers find out that I am trying they will give me a better grade."

Are you always fussing and saying things that aren't nice about your opponents when you are playing some sort of a game, if the team that you are on loses? That act doesn't show very good sportsmanship on your part. The thing you should say is "just our luck, but we'll try harder next time."

Are you always running and getting your teacher, or parents to see if your work is right or wrong? Don't you have enough confidence in your work to know it without the aid of someone, or is it just too much trouble to do your work by yourself?

Are you, or aren't you this type of person?

HOME ECONOMICS CLASS SPONSORS RUMMAGE SALE
By Barbara Garrett

The Home Economics class sponsored a Rummage Sale last Saturday, October 21, on the court house lawn. The girls are planing on taking the money and using it to send the best all-around Home Economics students to the State Home Making Rally next spring.

The girls found it to be very interesting and are planning or sponsoring another one next Saturday morning.

HOME MAKER'S CLUB
By Barbara Garrett

The Home Maker's club met last Thursday, October 19, at their regular session. A business meeting featured the evening.

A discussion was made on the subject of what our club would do this year. Several suggestions were made.

The President read the Home Maker's creed.

The next meeting will be held Thursday afternoon, Nov. 2.

SENIOR CLASS MEETING

By Flaura Lee Shults

A senior class meeting was called Tuesday, October 24, at 1:15 o'clock. This meeting was for the purpose of selecting campaign managers to raise money for the football team, to be crowned November 17 and for the purpose of discussing a new plan for raising money for a senior class project.

It was decided that we select a boy and girl from Miss Maize's room and from Mr. McBrayer's room. Claudie Gore was elected. Odell Spears was the boy selected from Mr. McBrayer's room. Mary Louise Ballard, Jackie Holt and Jean Goin were the girls who were nominated for Miss Maize's room. Jackie was elected. Evelyn Jones and Joy Sawyer were the girls who were nominated from Mr. McBrayer's room. Joy was elected.

It has been suggested to Miss Maize that we should have a Chuck Wagon supper November 17 to raise money for the senior class project. The class was in favor of this.

The Chuck Wagon supper is to be given before the football game. Old-timers will appear in old-timer's clothes for a parade before the supper. Everyone will be invited to come and eat all they want of the barbecued beef at 6:30 o'clock p. m., on the school ground.

The admission will be 50c for outsiders and 25c for school children.

Mr. Hamilton, with the help of other men, will secure the beef. This will be advertised! So give your attention to the advertisements which will follow!

We are looking forward to a big time. Come on, everyone, help the seniors, and also enjoy the big supper and entertainment at the same time.

During this senior class meeting the subject of "What Shall We Have for a Class Project?" was discussed. No decision was made, but several good suggestions were made. We are also urged to be thinking of our senior trip.

SPORTSMANSHIP

Fairness and generosity in sports and games is the definition the dictionary gives of sportsmanship. Sportsmanship is a great thing to gain by playing games. It is a character quality that everybody should possess in playing the great game, that of life.

When a game has been played, the umpire's decision has been given, and the players and spectators leave. Some of them are carrying with them the thought of their team losing, others, the thought of their team winning. Those who win and are not good sports have proudly won by being sly, but not with the spirit of sportsmanship. So they will have ugly memories of the game long afterwards. Those who lose, will not have the joy of victory, but the joy of playing the game right. They can lose, but still smile and this is the sportsmanship that we should all have. We should realize that we cannot always win, but smile when we lose, the same as when we win.

Let's all stop and think what good sportsmanship is; try our best to follow it in every game we may play, or what ever we may do. It isn't whether we win or lose but the way the game is played.

MARY LOUISE BALLARD

Mary Louise was born at Anson, Texas in 1922. She started to school at Brownfield when she was seven and has been a booster ever since.

Mary Louise is one of Brownfield High's star girl tennis players. She has entered the tournament nearly every year and usually comes out a winner. Being a tennis player, naturally, tennis is her hobby. Fish is Mary Louise's favorite dish and her ambition is to be a dress designer.

GEORGE G. GRIFFIN
By Billy Phillips

Mr. Griffin was born in 1915 and his home town is Fabens, Texas. He finished high school there and went to Sul Ross college. There he received a B. A. degree and a permanent high school and special industrial arts certificate. His first year to teach was last year when he started teaching in Brownfield High School.

We hear that we are going to have to bid farewell to the three Crows; Betty Ann, Imogene, and Dorothy. They are moving to Lamesa.

SOPHOMORES, JUNIORS AND SENIORS HAVE MEETING
By Flaura Lee Shults

All members of the sophomore, junior and senior classes were called to the auditorium at 11:45 o'clock, Thursday October 10, for

a lecture by Mr. Brewer.

This lecture was for the benefit of the student body and for the purpose of having more order and quietness in halls and in assembly and having the students respect the visitors or lecturers who come to this school. Mr. Brewer also stated that we must keep the school ground clean.

This lecture was enjoyed by all who attended and who appreciated the fact that it was given for the benefit of the student body.

Yes—
This "HIGH-POWER" Range is a PERFECTION Oil RANGE

BEFORE buying a range, be sure to ask your friends who have one, how satisfactorily it cooks, and bakes, and what the operating cost is.

Ask the winners of baking contests what type of stove gives best results.

After you've investigated, we're sure you will want to see this marvelous Perfection range with its fast, clean High-Power burners and "Live-Heat" oven.

Another point you should give careful consideration is the convenience of the elbow-high oven, eliminating stooping and heavy lifting.

Come in and let us show you this beautiful porcelain enameled range and the other new Perfections, from two to five-burner sizes. Liberal trade-in allowance for your old stove, and easy terms if desired.

J. B. Knight Hdwe

Mr. and Mrs. Roy Herod spent the past week end in Cloudercroft. Tom May was a business visitor in Big Spring this week.

We thank J. R. Patton of the Meadow section for his renewal. Mr. and Mrs. David P. Pinkston moved here from Lubbock last week and are occupying the Willie McDonald house. Mr. Pinkston is bookkeeper for the Arizona Chemical Co.

Mr. and Mrs. J. B. Gray of Levelland, were guests of his aunt, Mrs. Rachael Tipton Sunday.

CARD OF THANKS

We wish to express our sincere appreciation to our many relatives and friends and neighbors for their sympathy, acts of kindness, and the beautiful floral offerings in the recent illness and death of our loved one, Luther Ray Newsom. Especially do we thank Dr. O'Daniell and all the nurses at the hospital, all tried so hard to help him live.

May God's richest blessings be bestowed on each and every one. His heart-broken loved ones, Mr. and Mrs. S. V. Newsom and family.

Mr. and Mrs. W. C. Mathis and daughter, Mrs. Brigance of Tahoka, were guests of Mr. and Mrs. H. H. Longbrake, Sunday.

Tudor Motor Co. delivered a Ford coupe to Humble Oil Co., Seagraves, Saturday; a coupe to Oil Well Supply Co., Seagraves, Monday; a Tudor sedan to Joe Heard, Monday; a four-door De Luxe sedan to Noah Lasater, Monday; Ford truck to Tom May, Wednesday; D. A. Chenault a pick-up, Thursday and C. B. Howard a De Luxe tudor Thursday.

Malcolm Timmons was down this week to renew for their Herald and have it transferred from the initials of his late, highly respected father, R. H., to his own name. Like ye editor, Malcolm is having his teeth all pulled, and we had a time talking to each other. Malcolm planted some feed late in July after he got his first rain, and says it is turning out nicely. He was eight years old during that bad drouth (1917) but says he remembers how the sand burned his bare feet.

Mr. and Mrs. Tom Carter of Lubbock, were guests of his brother, D. P. Carter and Mrs. Carter Sunday.

Mesdames J. L. Cruce, R. L. Bandy, John L. Cruce and Guthrie Allen were visitors in Lubbock Monday.
