Cub Stadium to Be Dedicated Tonight -- Let's Try Some Antelope Meat

Some More Ramblings By the Herald Bunch

We have often wondered if anyone ever read our rambling tales in these columns. A week or so ago, a good lady who lives at Dimmitt, Texas, informed us she read and enjoyed them. So, we have one reader other than ourselves. Frankly, sometimes when we come in from one of these trips and don't seem to know a doggone thing to write about, we "sit" down to the old Remington (it's a Remington now instead of an Underwood) and whack away with two fingers just to practice, kill time and fill space.

Anyway, after a glorious Armistice Saturday, the Senior and Junior along with the two better halves and the Third Jack, took off to Snyder Sunday morning to visit the baby daughter, Mrs. Herman Trigg and Herman, of course.

As a late start was made, Snyder was not reached until about noon, but five or six hours of intense conversation (among the women) was well filled and all gave Snyder a real look over in the cars. Apparently the residential part of Snyder is larger than Brownfield, but we are persuaded that two, three and four families do not live under each roof as here. However, they have found oil out close to that city, and in the next few months they may be packed like we are.

While some of the highway between Tahoka and Post has been completed, we are fearful that the rest will not be hot topped until next spring, as it is getting rather cold for topping. Most of the caliche base has been laid, and in places, it is being oiled, and that oiling gave us an idea that they are preparing to hold the caliche job with a topping of oil until next spring.

Most of the crops are out along the highway, grain and bundle stuff piled high, especially on the cap, and cotton with another fair picking or pulling in places, though some fields were planted too late, and will turn out very little cotton. Where the farmer got to plant in May or early June, they have from a fair to a good yield.

Rotarians Hosts to Ex-Service Men Last Fri.

As a Pre-Armistice program, each member of the local Rotary club had as his guest last Friday, an ex-service man. Each veteran was introduced as he entered the dining room, by Jim Miller, who also gave the branch of service, division, etc., that he served under. Virtually every branch of the service, and veterans of the Civil, Spanish-American and World war were represented.

The program was turned over to C. T. Edwards, Commander of the local American Legion post. Talks were given by C. B. Quante, Ches Gore and Jack Holt, ex-service men.

Bub Smith Improving; To Be Home Soon

Late news from Bub Smith is that he is improving and it is thought now they will bring him home after today and then in 8 weeks go back for another check-up and possible treatment.

Everyone is happy to know his condition is not as serious as at first thought and if the improvement keeps up, they will not have to operate.

Cub Field Will Be Dedicated Nov. 17

The Brownfield Cubs will break a long siege of out-of-town games with a home game Friday night at 7:30, when they play the Post Antelopes on the Cub Field. This game will be dedicated to the ex-students of Brownfield High School. A short dedication program will be conducted at the half, dedicating the new stadium which will be completed at that time. Dr. H. L. Kent of Texas Technological College will make the dedicatory address.

Dr. H. L. Kent, Director of Administrative Research, is administrative assistant in Texas Tech, and comes highly recommended as an interesting speaker from the office of President Clifford Jones. He is an athletic enthusiast and has performed a similar service in many of the surrounding towns. The local authorities feel that they were very fortunate to secure this speaker for this occasion.

The Lions Club is sponsoring this game, and they are making a plea to all ex-students of Brownfield High School to attend. A special section in the grandstand will be reserved for ex-students. All ex-students are asked to register at the gate.

The Post Antelopes are coming over to win, and the Cubs are expecting to have to fight to keep their first place ranking in the south half of district 5-A. Mr. M. L. Penn, formerly of Brownfield, who is acting as superintendent at Post in the absence of Hayes Holman, assures us that Post will send a large delegation of fans with their team. The Lions Club and the members of the Athletic Council are hoping that this combination and dedication and homecoming game will draw the largest crowd of the season. Every effort is being made to complete the stadium by that time, which will, when completed, represent approximately a \$4,000 investment.

Judge Formby Expects Many Ex-Students

LUBBOCK, Tex., Nov. 13.—Judge Marshall Formby of Dickens county, president of the Texas gathering of Tech exes in the history of the college Saturday, Nov. 18. Even though Tech opened in 1925 there are now about 40,000 ex-students and graduates.

Homecoming day exercises will

Judge Marshall Formby

be started off the night before with a big rally in the Tech gym which will be broadcast over the Texas State network. President Clifford B. Jones, Formby, Coach Pete Cawthon and others will speak. A huge bonfire will climax the program.

The Tech-Marquette game Saturday afternoon will be preceded by a parade in the morning, a reception, a noon "get-together," and followed by a dance that night.

MRS. GRADY WRIGHT OPENS TIP-TOP CAFE

The Tip-Top Cafe was opened this week by Mrs. Grady Wright, as owner, in the former location of Boots' Cafe.

Mrs. Wright will run a first-class cafe and has employed a first-class cook, and asks you to call in and look her place over.

Grand and Glorious Armistice Day

Everything ran according to Hoyle here Armistice Day, and the old boys that "went across" or prepared to do so rejoiced that everything panned out so nicely. It was a bit cloudy at the break of dawn, and after day, it spit snow and sleet a bit, but by parade time it was clearing and the afternoon was clear but chilly. But it was November and we expect it to be chilly at that time of year.

To start the day off right, a great crowd of veterans and their friends were at the Legion hall early for bacon, eggs and coffee, and there was plenty for all and more. Of course there was some firing of the anvil, not to say some fire crackers. And about the only bad feature of the day was when some one threw some fireworks in the fire over which the breakfast was being cooked. Flying parts of the crackers struck two or three nearby and painfully, though not seriously hurt them.

At ten o'clock all stores in the city closed for two hours, and one of the best and most beautiful parades we have seen the local Legion put on marched down Main to Sixth, south on Sixth to Broadway, and back to the high school auditorium. The Brownfield high school band, as well as the ex-service men did themselves credit in the parade, and there was some really nicely decorated floats to lend color to the occasion. District Judge Reed of Lamesa, delivered a very stirring address to the veterans at the school auditorium.

In the afternoon, the town looked somewhat deserted, for great numbers went to Slaton to see the Fighting Cubs rub out the ambition of the Tigers, and for the second consecutive year brought honor and fame to old Brownfield. Of course the Cubs have the Post Antelopes to lick here Friday, in our homecoming game, but the way the Antelopes have been playing they will not be hard to conquer. But the Cubs will take no chances on the fact that Post has been a weak sister. That is when a strong team usually gets beat.

Returning to Brownfield after the game and a few fist fights with Slaton fans, a lot of Legionnaires who dance, attended a mighty good one with an excellent orchestra at the Venetian auditorium.

To sum the whole matter up as one Legionnaire did, we have the following: "I enjoyed the breakfast and we had fine parade; Judge Reed delivered a very fine address; we won the ball game, and most of the fist fights, and now we are enjoying a good dance." Many of the veterans and families who do not dance, attended one of the three good picture shows in town that night.

Cubs Slash Tigers In Armistice Game

A little Brownfield team, that refused to settle for less than a shot at the district title, stepped on the field at Slaton, November 11, and virtually clinched their claims of the southern division of district 5-A.

Doing their hardest work the first half, the Cubs played the Tigers to a standstill and with the arm of little all-district "Peter Willie" the Brown, the Cubs crossed the double stripe once. The pass was to Bowers who shook off several Slaton Tigers to score standing up. Bowers converted and the Cubs settled back to hold the Tigers. The Slaton lads failed to gain a first down until just before the half ended.

After kicking to the Tigers, Gene Hill, who played an outstanding game, pounced on a Slaton fumble and the Brownfield boys were on their way again. On third down Brown faded back with plenty of protection and shot an aerial that fell into the hands of James Bryan, racing down the middle of the field. The play carried fifty yards, Bowers converted bringing the score to 15-0 for the locals.

Still raging with dissatisfaction the Cubs rushed the Slaton passer and he threw the ball straight into the arms of Jiggs Tankersly who pranced down the sidelines to score as the Cubs blockers proudly displayed their ferocity. Bowers missed the conversion by inches and the Cubs led 20-0.

Only after Tankersly's fine run did the Cubs seem satisfied and that proved costly. Taking the ball on the kickoff, the Tigers displayed murderous power and drove through the middle of the Cubs' line to score. Leland Scott booted the extra point and the Tigers were back in the ball game.

A few plays later Brown attempted to pass to Bryan, but the ball fell short and a Tiger intercepted, carrying the ball to the Cub twenty. On three center plunges the Tigers scored with Gentry lugging the ball over. Scott again booted a perfect placement, and the Tigers were very much in the ball game.

The remainder of the game was a terrific uproar as the Cubs strove like little Trojans to preserve their lead and Tigers running over the middle of the Cub line in a manner that would have made Hitler's invasion of Poland look weak in comparison. In what looked like their drive to victory, the Tigers made one mistake which probably cost them the game. They passed into co-Capt. Pete Brown's territory and the mighty little general shagged the ball with less than a minute to go and the Cubs were safe with their victory.

At the suggestion of all the squad the Cubs dedicated this game to as great a little player as ever stepped on a field, Pete Brown. Playing with tears and blood in their eyes the Cubs gave their leader the game. A game they had played with their hearts. As effort goes, every man on the field was playing to their limit, but some found the going easier and they took advantage of this to turn in outstanding performances. Eugene Locke, roaring like a mighty tractor, plowed his way through the Tigers and everyone who saw him play recognized him as the outstanding ball carrier on the field.

Other men who led the way were Hill at end, Lewis at center, Akers at tackle, and Bryan, another end. In the backfield Tankersly.

Mayor Clyde Coleman Attends Convention

Mayor Clyde C. Coleman of this city, left this week for New Braunfels, to attend a meeting of mayors and other representatives of cities in Texas that own their utilities. Mr. Coleman will be gone most of the week, and we are sure he will acquire something worthwhile for Brownfield.

Dance For Benefit of The Football Boys

Citizens who have spent considerable time as well as money in helping the school get a lighted and seated field, are going further Friday night following the game with Post by putting on a benefit dance at the Venetian Auditorium to raise as much money as possible toward paying for sweaters for the team.

Those in charge of the affair explain that this may seem a small thing to do for the boys that have made "Brownfield Cubs" a well known word over the South Plains. They also say that many people don't dance, and can help some other way if they wish. After the dedication of the Cub Field Friday night to ex-students, and the game, the dance will immediately follow.

The price of admission will be one dollar. This will include either couples or stags. Some one will see you about buying a ticket sometime this afternoon (Friday) or tonight.

All home games have been well patronized, but the Cubs have played mostly away from home which has greatly reduced income from the games.

Investigate Dining Room at Post

Several of the ladies of the local P.-T. A. made a trip Tuesday to Post, Texas, to investigate the WPA dining room they have there and which is proving very popular, as those who can pay for meals seem to take care of those who cannot, although the charge is very reasonable to those who can pay for meals.

The ladies reported that 130 were being fed the day they were there, and handled successfully. Their dining room is in the basement of the high school. Some provision for the room will have to be made here, but we believe the ladies are willing to take on the project as it will be very beneficial here, and probably some WPA funds could be obtained.

The ladies making the trip were: Mesdames C. E. Ross, Tom Cobb, Frank Wier, Dennis Lilly, W. M. Vernon and D. Rentfro.

Jordans Can't Get Any New Cars

There is one firm here that we believe if they were able to reach out to Detroit or wherever Plymouth and Dodge cars are built, and get one or two strikers by the neck, they'd be glad to give them a real wringing, like dispatching a spring rooster. For several weeks strikers have tied up production in these factories, yet they are about the best paid workmen with the shortest hours in America.

In the meantime, the fall season is passing; the Christmas holidays are approaching and the Jordan Motor Co. can't get these cars to supply the demands of customers. Therefore, customers are buying elsewhere or preparing to make out with the old one another year, and the local firm is losing plenty of money.

Mrs. M. E. Brewer and Miss Juanita Tankersly were Lubbock visitors Monday.

Locke, Brown (of course) and in fact all of them.

The Cubs all-district jackrabbit when "Dunk" Warren was carried from the field early in the game with ligaments torn loose from his ankle. He will probably not be able to play in the Cubs encounter with the Post Antelopes.

Word Vibration Opens And Shuts Door

A door that mysteriously opens when the name "Cagliostro" is spoken and closes at the words "Robert Houdin," is the modern magician's answer to Ali Baba's open sesame in the "The Arabian Nights." Centuries after it described in the Oriental stories the trick is now performed in "Miracles for Sale," the fantastic murder mystery coming to the Rialto Theatre Tuesday and Wednesday. This picture is sponsored by the Brownfield Fire department. Tickets may be purchased from any of the fireboys. Thereby helping them financially.

Professional magicians, Art Director Gabriel Scognamiglio, and sound engineers at the studio collaborated to work out the device. A small microphone is concealed in the door. When vibrated, it throws a beam of light on a photo electric cell which shuttles a small ratchet back and forth, pulling at cogs in a wheel and thus revolving it. A heavy accent in a word jumps the wheel two cogs, ordinary syllables only one. The name "Cagliostro" jumps the wheel two cogs at the second syllable, which trips a series of small switches in the right combination to turn on a motor opening the door. "Robert Houdin" is accented on first and last syllables, which is the closing switch combination. Other words do not throw the right combinations and the door remains closed.

"Miracles for Sale," adapted from Clayton Rawson's novel, "Murder in a Top Hat," is a story laid among a group of professional magicians and clairvoyants. Robert Young plays the part of a young magician who turns detective, with Florence Rice the heroine. Frank Craven portrays his father, a whimsical old man from the Middle West, Gloria Holden is the weird Mme. Rapport, spirit medium, Henry Hull plays the handcuff king and appears in three unusual make-ups as other characters including one in which the of his eyes is actually changed for the first time on the screen. This was worked out by Tod Browning, the director, from an idea first developed by Lon Chaney whom Browning directed in most of his mystery pictures.

Lee Bowman, Cliff Clark, Astrid Allwyn, Walter Kingsford, Fredric Worlock, Gloria Holden and William Demarest are others in the cast.

Many elaborate stage illusions, escapes and effects mingle with apparently supernatural happenings, the trickery of which is eventually explained in the picture. A new version of the "Sawing a Woman in Half Trick," the "Headless Woman" illusion, the development of ectoplasm, or materialization of a ghost, are among these dramatic mysteries.

FARMER'S IMPLEMENT GETS TWO CARS OF TRACTORS

The Farmer's Implement Company has just received two cars of Farm-all tractors in three sizes, a type to suit your needs, and in the price range you want to pay.

Mr. Edwards has shown his faith in the future of Terry county in the purchase of so many tractors. They are things of beauty, see them. They carry a complete stock of repairs and have experienced mechanics in charge of the repair department.

AMERICAN LEGION FOUR STAR MEMBERS

William Guyton Howard Post American Legion boasts of nine four star members, those who have been members continuously for twenty years:

Clarence and Clyde Lewis, Sam Pyeatt, Mon Telford, Homer Winston, Jim Miller, Chris Quante, Raymond Simms, Geo. Alexander of Tokio and the late Earl Jones. Word was received this week that the Legion had more than filled their quota for this year.

The Sensible Way to Sell Our Cotton

Championing the cause of cotton and cottonseed products, the National Cotton Council has set up a new section on trade barriers and penalties.

The principal activity of this new section will be to increase the use of cottonseed oil, with major emphasis being placed upon efforts to free margarine from its present unjust burden of taxes and restrictions.

Margarine manufacture in 1938 consumed 170,000,000 pounds of cottonseed oil. Reliable estimates indicate that use of cottonseed oil in margarine would rise as much as 33 1/2% if state restrictions were lifted. If federal taxes were removed, it is estimated that margarine sales would treble.

The Cotton Council is going about this battle against trade barriers in the only sensible way. While successfully combatting 29 legislative attempts to further restrict margarine sales during the past year, it has laid a groundwork of economic research on the subject of margarine. Now it has established a new department headed by a widely known authority on the margarine problem.

An educational campaign is about to be launched, telling of the true virtues of this wholesome, nutritious food product. The story will be brought home to the consumer.

The injustice of the present scheme of prohibitive restrictions and trade barriers will be shown to the people and their law makers.

It will be a long campaign and a hard one. But only through such a program as the Council outlines can we hope to broaden and to hold this valuable market for American cottonseed. It is too valuable to risk slipshod methods and hurried schemes.

THE LIFE OF CHRIST ON THE SCREEN

A life-size motion picture, with sound on the film, dealing with the life of Jesus "From the Manger to the Cross" will be shown in the High School auditorium, Wednesday night, Nov. 22 at 7:30.

There will be many soul-stirring scenes, including the birth, life, ministry, trials, crucifixion and ascension of our Lord.

This picture was filmed in the Holy Land and Egypt, using the actual historic places of the birth and life of our Lord, as a background for the Story of the Cross making it all the more realistic.

This is perhaps one of the best yet produced.

A great treat awaits Brownfield. The public is cordially invited. Remember there will be no admission charge, but free to all.

FIELD OFFICE, SOCIAL SECURITY BOARD AT LUBBOCK

LUBBOCK, Tex., Nov. 13.—Establishment of the Lubbock field office of the Social Security Board for the benefit of the people of this section of the State was announced here by Lang E. Holt, who has been named acting manager of the recently opened office.

"One of the duties of this field office will be to provide employers, employees, and all other interested persons with accurate information regarding their rights and obligations under the old-age and survivors insurance provisions of the Social Security Act. The services of the staff of the Lubbock office will be available to the public at all times for interpretation of this section of the act," Holt said.

Rev. and Mrs. R. B. Freeman of Abilene were guests of her brother Rev. J. W. Hendrix and Mrs. Hendrix this week. Miss Sue Jones of Memphis, Tennessee, niece of Rev. Hendrix was also a guest in their home.

Mrs. Rayburn Knott and son of Levelland, spent last week end with her parents, Mr. and Mrs. J. H. Carpenter.

The Official Paper of Terry County and the City of Brownfield

Secretary J. E. Shelton of the local Chamber of Commerce presented the Herald with a late issue of Battalion, official publication of the A. & M. College. His son, Jim is on the reportorial staff of this three-times-a-week publication. We found it a very interesting publication, but hope Jim don't come back to Brownfield and put in another paper, bygones.

The "Ham 'n' Eggers" of California lost the last election on the 6th by a two to one majority, so that kills the idea of \$30-every-Thursday for some time to come. In Ohio, they sat down on the \$50 per month pension for oldsters even harder. Most everyone wants to see the old people get a reasonable pension, if they need it. But unless these wild-eyed promoters are stopped, the old people are going to lose the friends they have, and will have a hard time keeping the pension they already have.

Americans are credited with being the most reckless spenders in the world, as well as the best liver on an average. The average American would hardly be satisfied with the living conditions of the average European, much less the average Asiatic. On the other hand, while only one-sixth of the world's population live in the U. S., they own 70 per cent of the world's life insurance, half the radios, telephones and automobiles. From what we can get from travelers, the U. S. owns about 75 per cent of the bath tubs, and therefore have less of the unwashed of the world.

These hy-bred democrats (note the lower case "d") who are always cussing the administration and the alphabetical departments, are not always very consistent, and this is very noticeable among the newspaper fraternity. They swear and bemean until THEIR city gets a nice appropriation for street paving or school buildings and other matters, then they cross their front page with a heavy headline, announcing the appropriation, and praising their congressman or senator for getting them. Like a bunch of shoats, they want to the swill and the other pigs must stay back. Darned if we wouldn't be ashamed of such an attitude.

Editor Peter Molyneaux of The Texas Weekly devoted quite a bit of space the past week in trying to solve the "problem" of why the most of the opposition to embargo repeal developed north of the Mason and Dixon line, and for its south of it. As stated above, Mr. Molyneaux chewed the rag quite a bit with no apparent satisfaction to himself. Editor Peter is a much smarter and noted editor than this typewriter puncher, but we hope he allows us to give him a few pointers. Frankly, we believe Mr. Molyneaux is not fooled in the least, and knows as well as we. In the first place, there are quite a lot of standpat Republican congressmen in the north and east, and would naturally oppose anything FDR stands for. In the second place, they represent districts with a whale of a lot of names that sound like Bulltowsky, Cowtoski, Hamburger, Iceberg,

Catananni, etc., instead of like southern states with their Jones, Johnsons, Smiths, Thompsons, Hills, Baldwins, and we started to add Molyneaux. While Editor Peter says that name is good old Irish, it just don't sound that way, but we believe he knows what he's talking about. And let us add in passing that not a few names of northern congressmen read like a hotel register somewhere in Europe. That in a nutshell tells the tale, Bro. Molyneaux, but you know it already, but was not blunt enough to express what you knew.

And this is Los Angeles!
It all happened a bit suddenly, my being here. Because Metro-Goldwyn-Mayer is planning a big Texas oil boom picture and because this chronicler has made something of a study of Texas oil booms, there comes a long distance call from California on a Sunday, directing me to be in

Los Angeles the next morning.
There is a little matter of driving my car 200 miles from Austin to Fort Worth and then boarding a big American Airlines ship that evening—of thundering across West Texas (lights of towns winking and blinking like diamonds, rubies, emeralds and amethysts on a jeweler's black cloth, the orderly ranks of gas flares north of Odessa; a fried chicken dinner above the clouds; a few flashes of lightning, and it's El Paso.)
Of course, getting out of Texas was the biggest part of the journey (or maybe it's because we're entirely used to flying by now) but, anyway, it isn't long until Tucson and Phoenix are left behind and then half a million lights flicker below. And so, whisked as if by the magic carpet of the Arabian nights, we arrive in the Bagdad of the Twentieth Century.

It is a different land.
Chinese, Japanese, Filipinos, as well as Mexicans and Caucasians; difficult street names such as Ca-huenga, Figueroa and La Cienga; none of the beers (so I'm told) that have made Milwaukee famous and Cincinnati jealous; brands of gasoline you never heard of like Red Lion, Richfield, Blu-Green and Elixir (maybe you drink it); an Oz-like realm where there are doll hospitals, a theatre where people sit in their cars, glasses of fig and pomegranate juices im-

bibed through pastel sippers, cigarettes lighted with perfumed matches.

California's golden strand is fretted by the blue-and silver Pacific for hundreds of miles—but the cafes serve Eastern oysters. The state is famed for its citrus groves—but the stands feature Arizona grapefruit. And a visitor from the Lone Star State needn't be lonely long for there's a sign, "Texas chili", and another, "Genuine Texas tamales."

New friends poke fun at my Southwestern drawl—though I talk as fast as a tobacco auctioneer in comparison to most of my Texas associates. But folks out here say "Doyouhaveyourcar?" as though it were all one word like "Mississippi" or "Mediterranean." (I guess that's telling 'em!)

I've been in the city of Los Angeles

geles a week and have seen just one policeman—and he was handling 45,000 people. (Talk about your one Ranger and one mob!)
Have you ever seen 45,000 people at one time? They were at the U. C. L. A.-Oregon football game at the Coliseum. The place seats a hundred thousand and Chamber of Commerce envoys circulated among the visitors apologizing for the slim attendance. And when those thousands rose with a shout of anguish, rage or joy, the roar of the crowd was indescribable.
Aside from the thrills on the opposite side of the vast concrete bowl, the U. C. L. A. student body, using colored cardboard, created Donald Duck (the emblem of the Oregon Webfeet). From the loud-speaker came the delightful quacking frenzied ragings of Walt Disney's brain-child and I remarked to a neighbor:
"The fellow's good."
"He ought to be" was the answer "because he's the same guy who's the voice of Donald Duck on the screen."
The night before, I'd attended the Hardin-Simmons clash with Loyola and sat in amazement as thousands booed—not me, however, but an occurrence on the field. The act which caused the outburst was not harmful to the home team—just he reverse. A Texas player, trying to get under a pass, was tripped by a defender, who also was attempting to catch the ball. The action was entirely unintentional but an army of Tarzans could not have registered more bellowing disapproval.

It was explained to me that the native sons are far outnumbered by people who've moved to California from other states, so the visiting team—whether from Hoboken, Keokuk of Woonsocket—is the people's choice; and when California teams go out of state, of course the rooters there are also against them.
This made me feel as sorry for them as I did for Lillian and Dorothy Gish in "Orphans of the Storm."
However, the California teams won both games.
Yes, it's a different land—almost a different world but, even in Los Angeles, they play "The Beer Barrel Polka."

PLEASE PASS THE BISCUIT

Since the last gubernatorial campaign the plea "Pass the Biscuit" has become a famous utterance, and if it is placed in practice in affairs of government, local, state and national, it is due to become as popular as "Be Sure You Are Right and Go Ahead", expressed more than a century ago by that Son of the Alamo, David Crockett.

There is far more to the phrase or request than mere humor.

Just look about at public affairs generally and you will observe from year to year, the same old pie-eaters at the political counter. Elected once or employed today, the rule seems that the lucky ones appear to get into their blood and bones the idea that no one else has a right to aspire to their places and as time passes on, they even get to where they act like they think the offices and jobs belong solely to them and that the poor taxpayer has no rights whatsoever.

More happiness would accrue to the greatest number and even a higher degree of efficiency would be observed in the conduct of public business if the biscuit were passed around regularly.

There are men and women under the capitol dome at Austin who have been there year in and year out, almost since the dome was first built. Some of them act

SUGAR BEETS HARVESTED; THREE CARS SHIPPED

Local farmers shipped three cars of sugar beets last week. The beets went to the Crystal Sugar Refineries at Rocky Ford, Colo. The cars carried about 120 tons of beets. The only individual record that was available to the News was that R. O. Mayes who harvested 69 tons from five acres. We expect to give a more detailed account of the beet situation later.—Anton News.

Rev. and Mrs. J. W. Hendrix are attending the conference in Lubbock, this week. The changes in the churches will be announced Sunday night. It is hoped we will have the Hendrix's with us again.

like they owned the capitol itself. And the humorous part of their actions is in that they seem to believe that none can be found who can do as well as they can with the job.

It is interesting also to observe how many of these old political pie-eaters now on the payroll try to convince the boss that they supported him ardently in the last election; that if it had not been for them, his election would have been in doubt, and yet they pledge not to play politics to hold their jobs.—Pierce Brooks.

Hospital Notes

Mrs. Edith Whitt of Seminole is in the hospital for treatment.

H. B. Dial suffered a foot injury Monday, when a heavy piece of steel fell on his foot at the Conoco Wholesale Warehouse, and is in the hospital for treatment.

Crume Haskell underwent major surgery Wednesday 15.

Twin girls were born to Mr. and Mrs. H. V. Edwards Wednesday, November 15. Mr. Edwards is connected with Edwards' Food Store.

Mr. and Mrs. J. F. Winston returned home from Alamogorda, New Mexico, Tuesday evening.

C. D. RAY LOSES MOTHER

Mrs. W. B. Ray, 62, mother of C. D. Ray, employee of the Knight Hardware, passed away last Wednesday, 6:45 at the local hospital, where she had been carried that morning. Mrs. Ray had been in poor health for several years, but seemed no worse than usual until last Monday, when she was taken seriously ill while here with her husband, visiting her son. She has been making her home for some years with her daughter, Mrs. Edmonson of Lamesa.

Funeral services were conducted at the First Baptist church here at 2:30 p. m., last Thursday, Rev. Avery Rogers officiating. The body was laid to rest in the new Terry County Memorial Cemetery. Deceased was born in Mississippi, but came to Texas with her parents in early childhood. She married Mr. Ray 43 years ago at Alba, Wood county, and both joined the Baptist church soon after that time.

The husband and all the children were at the funeral, being as follows: C. D. Ray and Mrs. Clyde Craven, city; L. W. Ray, Marfa; M. F. Ray, Big Spring; Bryant Ray, Lubbock; Mrs. Clyde Edmonson, Lamesa; Mrs. G. O. Flournoy, and Mrs. Ennis Hamilton, Odessa; Mrs. I. C. Bynum, city.

Mr. and Mrs. A. C. Edwards, of Floydada, were guests of Mr. and Mrs. Herman Heath Thursday of last week. Mrs. Edwards is Mr. Heath's sister.

Horace Beck, linotype operator for the Herald, spent the Armistice week end with his parents at Fort Stockton, where they have recently moved from Hobbs, N. M.

HUNTERS GIVEN DATA ON GAME LAWS

With duck and geese hunters getting a twenty-four-hour jump on deer, turkey and javelina hunters, the State Game Commission Monday reminded sportsmen numerous state and federal laws regulate shooting of migratory fowl. Will J. Tucker, commission secretary, said reports showed a bigger supply of ducks than any fall the last five years and would be ready for hunters at 7 a. m., November 15.

Major restrictions pointed out by Tucker were:

Limits—(Except Ross' geese and wood ducks on which there are no open seasons) three of one species and not more than three in the aggregate of canvasbacks, redheads, ruddy ducks and buffleheads. Others, limit ten, possession twenty.

Geese and brant, four daily, eight in possession.

Coot, daily and possession limit twenty-five.

Persons over 16 years old must obtain federal duck stamps and have them attached to the back of their state hunting license which must be procured by all over 17 hunting out of the county of their residence.

It is unlawful to shoot waterfowl over baited areas and to use live decoys. The migratory birds cannot be taken from or by the aid of automobiles, sink boxes, (battery), power boat, sail boat, or any boat under sail, any floating craft or device towed by power or sailboat.

Hunting is limited to between the hours of 7 a. m. and 4 p. m. Shotguns larger than 10 gauge or holding more than three shells are illegal.

Mr. Wingo of Brownfield, father of our townsman, Ellis Wingo, was here this week. Mr. Wingo had 85 acres of watermelons at Brownfield which did well on dry land and made him good money. He plans to have 300 acres next year.

It was decided to meet 2nd and 4th Tuesdays.

ATTENTION YOUNG PEOPLE!!

We Need You!! This is not a call for enlistment in Uncle Sam's Army, rather a call for enlistment in the Baptist Young People's Union. A reorganization campaign has started under the leadership of Rev. Rogers. Plans for enlarging the Union and electing new officers are being made by a committee this week. An interesting program for the following Sunday has been planned. Virgil Crawford will have charge of the program and Henry Buell will arrange for special music.

Place: Baptist Young People's Union. Time: Sunday evening, 6:30 p. m. Be there!!

PATSY RUTH CARTER IS GIVEN SURPRISE PARTY

Misses Peggy Jean Lewis, Juanda Ruth Turner and Larry Tarpley and Mon Telford, Jr., entertained Tuesday evening with a surprise birthday party honoring Miss Patsy Ruth Carter, at the Carl Lewis home. Autumn flowers were used in decorating. After finding the gifts which had been hidden from the honoree, various games were played and refreshments of fruit punch, sandwiches and cookies were served to 22 guests.

Wednesday night, November 1, the high school students presented a play to the parents and teachers at the school building.

After the business meeting and program, an old time spelling match followed. There was a number of good spellers who participated but the two who deserve credit for being the best were Mr. Casey and Mrs. L. S. Salsar.

Refreshments were served to everybody present.

Mr. Casey's room will give the next program which will be December 5.

METHODIST CHURCH

The church has this to announce: Church at 9:45 a. m. as usual. Young People's meeting at 6:45. There is to be no 11 a. m. and 7:30 p. m. services inasmuch as the Annual conference is in session this week in the 1st church at Lubbock.

Mrs. Warner Hayhurst and son, J. Warner of Plains, were guests of her sister-in-law, Mrs. Jim Graves and Mr. Graves, Sunday.

BAPTIST CHURCH

Attendance fair at all services last Sunday with more than 300 present in the Bible study period.

The superintendent, Bro. Tipton has set a goal of attainment for the Sunday School, that is terminated a standard school during 1940 and to attain this, a training course for teachers and officers will be held next week and it is very important that every one attend as well as others in the church who will volunteer to take this work. It better prepare a teacher to perform their duties and is a requirement necessary to attain if the school is to become standard which means better teaching and more efficient officers.

The Ross Construction Co. is assembling their tools on the ground and will be busy in the construction of the new building at once, to continue if possible to completion.

The Baptist State Convention is in session this week in the historic city of San Antonio, and reports will be compiled showing the work for the year closed and it is confidently expected to be the banner year for all time in baptisms, offerings and progress of the work of this convention, and will show a greater unity now existing among Baptists of this State than at any time for the last fifty years.

We invite all Baptists who are missionary, in fact as well as name to enjoy with us the great progress of our work and pray that the next fifty years will show a much greater progress.

The W. M. U. will meet in circles next Monday afternoon for industrial day. The Blanche Rose Walker circle will meet with Mrs. Howell, Lockett Circle with Mrs. McPherson. Others to be announced Sunday morning.

Next Monday night, 7:30 p. m. will be the regular meeting of the Brotherhood, and it is hoped that the men will have a good attendance as program will be in the hands of the proper people. All of the men of the church should be members but at least pay them a visit and give them encouragement.

NORTH SIDE BAPTIST CHURCH

We cordially invite all those who are not regularly attending some Sunday School to come and visit us next Sunday morning at ten o'clock, when we shall study the eighth chapter of Matthew for our morning lesson in each department.

We use the Bible only, and our method of study is to consecutively take each chapter, verse by verse, and thus we find that a knowledge of the books of the Bible and their theme is more quickly learned by old and young. So come and bring your Bible.

At the close of the teaching period, the pastor, Jno. R. Denning, will lead us in an interesting Bible Drill and memory work.

The preaching hours are 11 a. m., and 7:30 p. m., and you will enjoy the messages and the spirit of fellowship and friendliness.

FOURSQUARE CHURCH

Friday, 7:30, regular service and also our monthly candle light service for the young people. If you come you are sure to enjoy a service of this type. It is expected that the pastor will be back in church by this time as she is recovering from a very severe cold. She has been confined to the bed for several days.

Sat., 2:30: Children's Church. A very important service for all children, with the pastor in charge. Sun., 10:00: Sunday School classes for all ages. Sun., 11:00: Morning Worship. Subject of Sermon, "Stop and Go". Sun., 6:45: One Young people's service. They will be having an illustrated service; one of interest to all. Sun., 7:30: Evangelistic service. Subject of sermon, "None Left Out".

Welcome to one and all. If you like old-time preaching, come and hear this girl evangelist and pastor. Never a stranger but once. Let's get acquainted.

Pastor, Irene Lee.

WHY DRUG STORES BRANCHED OUT

Some wise person has figured out that drug stores were forced to install soda fountains, lunchettes, jewelry and other lines in order to keep the wolf from taking over.

He points out that if a drug store depended on prescriptions alone it would require mighty few drug stores to serve even the larger communities since the health of our citizenship is so good that the average is one and one-half prescription per year per person.

The Fashion Frock Of The Week

A TWO-COLOR ONE-PIECE STYLE worn in Hollywood by WENDY BARRIE
Hollywood Feature Player

As the new season unfolds its style trends, more and more, women will realize that one color dress or suit isn't enough. The important Parisienne collections show two, three or more colors all in one ensemble. That's definitely the newest style note for Fall and Winter. This one, as worn by Wendy Barrie, is a one-piece dress, but because of the dual color scheme and jacket effect, has the appearance of two pieces. The style details of this fashion are worthy of special mention; the self-button flap simulated pockets; elbow length sleeves; smart and simply cut skirt; novel self buckle. The right color combinations are all important. This one, as worn by Miss Barrie is a Burgundy bodice with a Turquoise skirt. Other harmonious colors are Rustic Red bodice with Kelly Green skirt. A very becoming outfit for any woman.

SLATON SERVED LUNCHEON BY HOME EC CLASS

By Barbara Garrett
 Late Wednesday, November 8, when Slaton's Student Council, and orchestra visited Brownfield High School, they were served at the noon hour sponsored by the Home Economics II, cooking class. The luncheon was served in the Clothing Lab. The tables had white table cloths, with the center piece being a vase full of fall flowers, consisting of white and yellow and purple chrysanthemums. The head table was decorated with a vase of large white chrysanthemum.

Eleanor Gillham, president of the Student Council ate at the head of the table.

Thirty-two people, including Mr. Vernon Brewer, principal of Brownfield High School, and a teacher from Slaton were served the following:

MENU

Roast Gravy
 Fruit Salad with Cheese Dressing
 Candied Yams Green Asparagus
 Cherry Tarts and Whipped Cream Rolls Butter

Cocoa

The Luncheon was said to be very successful.

PEP SQUAD GIRLS WENT TO SLATON
 By Katherine Speed

The pep squad rode the Tokio school bus to Slaton, November 11, to yell for the Cubs, when they played the Tigers. This is a very interesting organization and they are always at the games, ready to work. They plan to be out at the game Friday night, November 17 when Post comes over to play the Cubs. If you have never heard this pep squad yell, just come out to the field Friday night, and they'll show you what they can do.

The pep squad wants to thank all of those who visited their booth at the carnival, and hope they enjoyed it.

IDEAL COMBINATIONS

Our idea of the perfect Brownfield high school girl:

Her hair would be something like Joy Sawyer's. Her face would resemble that of Virginia Stroupe. Her eyes would favor those of Doris Cain. Her smile would have that certain radiance that makes Mary Lees so attractive. Her personality would have that certain sparkle of Bobbie Bowers'. Her figure would resemble Mary Jean's. Her voice would contain that delightful poise of Virginia Stroupe's. She would have Jo Peete's sense of humor which is most essential. Her ability to please would be as great as Eleanor Gillham's.

GIRLS P. T.

We, as the girls P. T. classes of B. H. S. have had an excellent idea advanced to us by Miss Huff. She is interested in organizing a play club for the girls, which would include basket ball, volley ball, tennis, bicycling, skating, tumbling, etc., and the club would probably be conducted after school hours. We are very interested in it and are going to contribute to her planning in any way we can. We as the girls ask Miss Huff to call on us at any time and we will help all we can. We are studying a unit on re-

creation at school and other places this six weeks and have enjoyed it very much, and have also learned many valuable things which we will be able to use always.

Mrs. P. R. Caraway, of Lubbock, recently visited her brother, Herman Heath and family.

Mrs. Chas Randal, of Seymour, sister of Mrs. J. L. Randal (and their husbands were brothers) was up last week visiting her sister. Mrs. Chas. says she enjoys the weekly visits of the Herald to her Baylor county home.

WEST TEXAS STATE

Tahoka News: Charlie Guy, who writes the Plainsman column in The Lubbock Journal, like all other newspaper men sometimes runs out of something to say. Such must have been the case Monday when he spent about a column of space belittling the West Texas State Teachers College for dropping the word "teacher" from its name.

Now, Charlie was writing on a subject about which he knew very little. As we see it, there's not a great crime involved, but knowing some of the facts of the case we had a big laugh when we read his column of harangue.

The fact is that the Lubbock Avalanche and Journal is owned principally by the Amarillo Globe News, or the stock company which publishes both papers, headed by Gene Howe of Amarillo. The Amarillo Globe-News, a part of your own organization, Charlie, unofficially started calling the Canyon institution West Texas State. West Texas State Teachers College did not institute the so-called new name at all, but your own partners were responsible.

Officially the college uses its full name for all purposes, just as does Texas Technological College. But, it's much easier to say West Texas State just as it's much easier to say Texas Tech, and many people prefer the shorter designation. But why the Texas Technological College, we would like to know. Does the greater per cent of its graduates enter the field for which the school was established?

We have been watching to see when Sharley attempted to answer the above. We didn't believe from the beginning that he would attempt to answer it, because there is no answer. Charley just got one of his prejudice spells on and socked the W. Texas College. He sometimes socks the church schools too. Our idea is that there is a place in West Texas for every state or denominational school, and we're for all of 'em, teeth and toenails.

Mrs. G. S. Webber visited her sister, Mrs. Key in Lamesa this week.

Vondee Lewis, Tech student, spent the week end with her parents, Mr. and Mrs. Clyde Lewis.

Ralph Carter transacted business in Fort Worth and Dallas this week.

Mrs. May Jones of Alvarado is the guest of her daughter, Mrs. J. M. Welborn, this week.

Bonnie Bell Groce, daughter of Mr. and Mrs. Clyde Groce is quite ill.

In 1930 the average American farmer, after providing for himself, three persons in his family and a hired laborer, furnished food and fiber for 12 Americans living elsewhere than on farms and two or more persons in foreign countries.
