A BOOSTER FOR TERRY COUNTY FOR THIRTY-FIVE YEARS—"BELIEVE IT OR NOT."

PRINTED IN TERRY COUNTY, ON THE SOUTH PLAINS, THE IDEAL DIVERSIFIED FARMING SECTION FOR THE FEEDER-BREEDER OF LIFE STOCK—WHERE THE ANIMALS AND ABUNDANCE OF FEED CONVERGE

VOLUME THIRTY-FIVE

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, DECEMBER 1, 1939

NUMBER 17

## Welcome Stranger but We're For the Cubs--Win, Tie or Lose

### LAST MINUTE ANNOUNCEMENTS

The annual Southwestern District Scout banquet will be held at Wines Hotel, this city, Thursday night, December 7th. A good program is being arranged.

Remember that next Monday is Tradesday in Brownfield. Come!

There will be another Christmas Party Celebration and parade here Friday, December 15, with all children in the area invited.

### If Eligible, Vote In Cotton Referendum!

College Station, Nov. 28.— If you produced cotton in 1939, you are eligible to vote in the 1940 cotton marketing quota referendum December 9, George Slaughter, chairman of the state Agricultural Conservation committee, announced at a state committee meeting this week. Slaughter pointed to the instructions for holding marketing quota referendums which set out that landlords, tenants and sharecroppers are all eligible to vote if they produced cotton in 1939.

"They are not only eligible to vote but are urged to vote," he declared. "The important thing is to get as many eligible voters as possible to the polls, so the results will be really representative of the cotton farmers' wishes."

"Any cotton farmer who fails to vote on cotton marketing quotas is not as interested in his own business as he should be. The outcome of the referendum means a lot to individual farmers as well as farmers as a whole, and each vote will have its effect on the result."

For cotton marketing quotas to be in effect in 1940, he pointed out, two-thirds of all farmers voting must favor them.

### Bygones We Have Another Ramblings Fan

J. B. Burke, that good farmer and poultry fancier, told toward Gomez was in Saturday to shell down another dollar on the Herald, and he acknowledged without any quibbles or quams or hickering or hawing that he kept pretty well up with our rambles, and he got a great kick out of the last one, as he was reared at Gorman and lived there until he came to the best county in the world.

Well, he told us much of that country said we almost made him homesick. Guess it was our mention of squirrel, possum, quail, etc. Remember now that we saw a big black oak near Gorman with a hole near the ground. Bet J. B. caught a possum in that tree one time.

Speaking of possums, (O'possums perhaps to you) we'll bet those critters are fat this year with all those 'simmons ripening on the trees. Old "Brer Pos" sure dose love 'simmons as well as black and red haws that grow down in that section. Kyle Graves is another mighty nimrod who originated down in that section.

J. W. Hogue and family are entitled to a pass to the—**RIALTO THEATRE**—to see—**'Lady of the Tropics'** Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto and Herald

### Cubs Expecting Battle of Their Lives

When the Fighting Cubs tangle with the huge team from Olton who have not lost a game this year, but tied Hobbs, N. M., in one game, the Cubs have the battle of their lives. But while small

Co-Captain C. Brown

in stature and weight, they have most everything else that a bunch of football players are expected to have. The first string from both teams will probably show an advantage of some 40 pounds per man for Olton. School authorities here state that Olton has the largest schoolboy football team in Texas, including Class A and Class AA. On the other hand, Brownfield has among the lightest. They haven't played a team this year that was not heavier, unless it was Tahoka.

For instance, Olton has three men who weigh over 200 pounds, one 240, one 220 and another 215, and their line is filled with men ranging from 165 to 190, while the best Brownfield can do is about 180 and from that on down to about 115, the average being somewhere around 140. But the Cubs have the spirit of the fighter, and beat Olton last year when there was almost the same difference in weight, by pulling a fast game right at the beginning, running up about three touchdowns before Olton hardly realized what it was all about. But when the Olton team did come alive, it was just too bad, but the score was then too high for them to overcome.

However, we had a badly crippled

Co-Captain J. Bryan

lot of Cubs to try to meet Rolan in the bi-district contest. The Cubs will have to depend a great deal on passing and kicking, as we see it, and despite their lightness they are fine blockers. Here is what Coach Dibrell of Post had to say about the Cubs: "The Brownfield team has everything, speed, power, weight, good passers and good kickers. Brown-

### Behind the Scenes In American Business

By John Craddock

NEW YORK, Nov. 20.—BUSINESS—There was some slackening last week in the broad general advance of business that has been going on since early summer. This doesn't mean that trade declined, but simply that increases in sales and production are becoming less pronounced. This must be expected, however, unless investors begin to loosen their purse strings and provide funds for industry to expand its production facilities. The case of the steel industry explains why. Since early September the rate of operations has been leaping ahead by operations rose only one point, reaching 93.5 per cent of capacity. It is therefore going to be difficult for steel mills to expand their production much higher and take on more workers, unless new plants are built and new production equipment made available.

TRADE—Reports from retailers in various sections of the country indicate that retail activity will be well maintained over the coming holiday season. For this reason it is likely that relatively small amounts of surplus stocks will be available for the customary January clearance sales, and the "bar-gains" generally available after Christmas and New Year's Day may be few and difficult for Mrs. American Housewife to find in early 1940. Retailers handling radios seem to be doing a particularly fine business this year, with reports current that there may be a shortage in some models within another week or so.

### 16,307 Bales Ginned Up To November 14

According to information given us Tuesday by R. D. Copeland of the Census Bureau, Agricultural Department, he found that 16,307 bales of cotton were ginned in Terry county up to Nov. 14, compared to 5,979 to the same date in 1938, or almost three times as much. Well, we still say that Terry county will gin 20,000 bales off the 1939 crop. We're willing to go a coke on it.

Mrs. Ed Bookout and children of Seymour, are visiting Mr. and Mrs. Bruce Hancock this week.

field has by far the classiest team in the south half of the district, and I am pleased at the showing the Antelopes made against the strong team."

Make the Visitors Feel Welcome But enough about the two teams. Supt. Emmitt Smith is urging everyone including the business men of the city to go to a bit of trouble to show visiting people here a royal time. Make their stay as pleasant as possible, so that they'll long remember Brownfield and want to come back here again. Invitations have been sent to the schools in both the north and south half of the district, and Mr. Smith expects a large delegation from each town to see this battle between the champions of the north and south half.

A couple thousand programs of the game, as well as the line-ups are being printed to be distributed free at the game. They were gotten out by the Student Council of Brownfield High School, with the help of local merchants, who have been supporting the Cubs 100 per cent. But don't forget to stick out your hand to visitors and say WELCOME like you meant it, and don't give them a cold, "froggy" handshake.

Have Won All Conference Games In passing, let us state that the Cubs have won all their conference games. We lost to Kermit early in the season and tied Crane, both with heavy teams. In the area, they have defeated Littlefield, a north half team in a non-conference game, as well as Levelland, Post, Tahoka and Slaton in the south half.

Scene of the crowning of Miss Elenor Gillham, Senior, as Football Queen, Recently.

### Weather Variable—Mostly Doggone Cold

The weather has been rather whimsical for the past several days, but most of the time was plenty cold to kill the pigs or a beef, but this is the first year we can remember when we were unable to eat anything except ground up meat. But we have been promised a set of teeth by Christmas—maybe. This week we'll just tell 'em to pass the dressing, gravy, and maybe some cranberries—no celery.

But we started to tell about the weather, and not our lack of teeth, but will say we can write plainer than we can talk. Coming downtown last Saturday morning we would see an occasional car with a bunch of snow on its back. They were mostly from Yoakum, Gaines and south Terry. Mighty little snow fell here, but we understand there was quite a bit from Wellman to Odessa, and from Odessa to Big Spring east. Lamesa also had snow.

Today, (Tuesday) the weather has moderated some, and a drizzling rain is coming from the southeast. Some say we don't need it, but we have seen few times in the 31 years we have been here that a rain was not needed.

### Moxley May Add Story to Hotel

In conversation with Bruce Hancock, he informed a reporter that the Brownfield Hotel was being remodeled throughout by its owner, Mr. Moxley of Lubbock, giving every bed room a shower, and otherwise thoroughly modernizing the plant. If business justifies, Mr. Moxley will add the third story, giving the building an additional 15 rooms.

When architects, decorators, carpenters and painters are through with the remodeling of the coffee shop, Mr. Hancock who is to lease the place, states that it will be the nicest place of its kind this side of Fort Worth.

When the cafe is reopened, Mr. Hancock states that while he will handle all kinds of food, he will specialize in sea foods. At this time we are not able to announce just when the place will be reopened.

### J. T. HARDY DIES OF HEART ATTACK

J. T. Hardy passed away Sunday morning at 8:30 o'clock following a heart attack. He was 61 years old. Funeral services were held at the Foursquare Gospel Church, with Rev. Irene Lee officiating, Monday afternoon at 2:30 o'clock. Survivors are his widow, one daughter Mrs. J. E. Bryant, and three sons, J. T. and Ted Hardy of this city and Bill Hardy of Big Spring. Burial was in Brownfield Cemetery with the Brownfield Undertaking Co. in charge.

Herald Want Ads Get Results!

### Pipe Line From Wasson to Big Spring

In the next few weeks a six-inch pipe line and necessary booster stations will be under construction from the Wasson fields in Gaines county to the Cosden refinery at Big Spring. The line is to cost around \$560,000, and it is believed that it will be tapped by the new Cedar Lake fields. The Cosden refinery finds that it is a bit shy of enough crude to run at capacity.

In the meantime, the offset wells of the first producer in the Cedar Lakes fields are drilling away, one below 4000 feet, and oil men tell us that the formation is running nicely for both to be producers. One of the wells is out in the lake.

Two towns are trying to build about this field, Cedar Lake and Liles City, but one of them will likely be settle on in time and make the town. Brownfield and county officials are doing all they can to get a road to this field, which is about 22 miles south of Brownfield.

Another well being watched by Brownfield, Terry county and northeast Yoakum county, is the lease on the Fitzgerald place, just over the line in Yoakum. In conversation with Bill Fitzgerald, local business man, Tuesday, he informed us they are now drilling around 4845 feet, and that the formation looked pretty good. Changing from rotary to standard rig.

### Herald Issuing Early For This Week

On account of it being Thanksgiving and a big football game on hand, we are printing the Herald a day early so that the hands as well as the cooks can attend the game if they wish. While it will be turkey day in most households, the Herald will not pulverize their "bird" till Sunday, as that is the day most convenient for some of our expected company.

So, if your article did not appear in the Herald this week, you will know the cause if you mailed late. And if the Herald don't come up to your expectations this week, use it for stovewood of gunwadding and we'll try to do better next week.

### SCOUT FUND DRIVE TO START MONDAY

The Annual Boy Scout Finance Drive for funds will be held here Monday and Tuesday of next week December 4 and 5, according to J. O. Gillham, District Finance Chairman here.

### ATTEND BIG SPRING P. O. DEDICATION

Postmaster James Harley Dallas, J. H. Carpenter, Will C. Brown, Jess Ferguson and L. A. Greenfield attended the dedication service of the new Big Spring post office Saturday night.

### Cub's 'B' Downed 14-6 By Cowhands

By James Bryan

A little Brownfield team of reserves found hard competition in a much larger team of Lubbock Cowhands and they dropped the game 14-6. The local boys fought with the spirit that has carried their bigger brothers to the district play-off but they couldn't stop the greater power of the invaders.

The first quarter was scoreless, with Brownfield doing most of the offensive work. After kicking to the Cowhands, the home team gained possession of the ball and staged their most sustained drive of the night. With Buddy Rambo and D. Lewis, with Pharr helping at times, they drove into Cowhand territory but there their march fell before the stronger defense. The "B's" main trouble seemed in the line's blocking. At times it seemed good but when they needed an extra punch it seemed never able to give the backs the protection they needed.

The first score came on a blocked punt. James Mullins, center, dropped back and before he could take his first step to kick a swarm of the defenders broke through to smother him. The Cowhands recovered the ball on the Cub eleven and a few plays later they drove through the middle for the first touchdown of the night.

Opening the second half, the Cubs came back strong and scored on a beautiful punt return by D. Lewis. Taking the ball on the run, he cut down the south sideline and then back to the middle, through the Cowhand tacklers and over the goal line for their lone touchdown of the game. Rambo failed to complete his pass to Lewis for the extra point. The Cowhands second score came in the last quarter on a drive that hit at the middle of the line time after time.

The outstanding men for the home team were Riddle and Sheppard at tackles and Rambo and Lewis in the backfield. Pharr at half back played a nice game, driving hard and running low.

### 67 New Cars Registered Since October 1

In conversation with deputy tax collector Sam White this week, he informed us that there had been 67 new cars registered since the first of October. Asked if that was good, he replied that it was real good, being way ahead of the same period of any recent year.

Asked how state and county tax collections were coming on, he informed us that at least 50 per cent had been collected already, which was much ahead of recent years, but he was unable just at that time to give the total collections up to now.

Miss Beryl Chesney is spending the Thanksgiving holiday with friends in Clovis.

### Food Sales Here Return \$32,916 In Taxes

Families in Terry county pay an estimated \$32,916 in hidden taxes annually through their purchases of food, a National Consumers Tax Commission survey showed today.

"Nearly eight per cent of the total food bill represents shifted taxes buried in the price of every purchase," the report stated. "These unseen levies, for example, take 11 per cent of butter costs, 6½ per cent of bread costs, 10½ per cent of sliced bacon, and 14½ per cent of the cost of coffee."

The report was made public through Mrs. Kenneth C. Frazier, of Dallas, Chairman of the Board, who leads NCTC study groups in about 810 Texas communities in the educational crusade against "unnecessary consumer-penalizing taxes." The report added

"Chief offenders, and those that fall most heavily on lower income families are hidden taxes. These are levied originally against the producer, manufacturer, shipper and distributor. Unable to absorb the load, each must pass on a share of its taxes and the consumer ultimately pays them, usually without knowing it."

The food tax estimate was computed from NCTC averages based on last available U. S. Bureau of the Census figures which placed 1935 food sales in the country at \$422,000. Government estimates of total sales in the country last year approximate the total in the 1935 study, the NCTC said.

### Sheriff Slaughter Has Real Relic Collection

Recently while the writer and wife were visiting her niece, Mrs. Ida Collins, county treasurer at the Howard county court house, we espied a real collection of relics of the old west across the hall in the offices of Jess Slaughter, sheriff of Howard county. We made ourself at home for awhile, but Mr. Slaughter was busy, so we looked awhile and left.

He had old spurs, skinning knives, saddles, all kinds of rifles and buffalo guns, bridles, swords, many rusty and old, but in fair state of preservation, and other things too numerous to mention, including clubs and other means of fighting. Not much of the modern in firearms among them.

Later we met Mr. Slaughter at a barber shop, and were introduced by a mutual friend, Otho Welch, formerly of Brownfield, and Mr. Slaughter invited us to visit his office some other time when we are in Big Spring and he would show us through the hundreds of exhibits and explain their history as best he could.

### NEW RAILROAD RATES

College Station, Nov. 20.—Savings of close to 50 per cent on hauls of less than 100 miles and nearly 30 per cent on distances slightly greater have resulted in the Southwest from new railroad rates on cottonseed cake and meal which went into effect October 16, according to W. R. Nisbet, animal husbandman for the Extension Service. The saving is decreased as the distance increases. Rates on cotton hulls have been lower than for cake and meal so the reductions on rates for transportation of hulls were not as great.

### CARD OF THANKS

We take this means of thanking our friends for their sympathy during the illness and death of our beloved mother and grandmother, and also for the nice floral offerings.

Mr. and Mrs. Melvin Ray and Melva Jane.

Mr. and Mrs. R. W. Rutherford of Littlefield and Mr. and Mrs. W. B. Little and daughter, Billy Joe of Levelland, were guests of Mr. and Mrs. Tom Cobb, Sunday.

The Official Paper of Terry County and the City of Brownfield

A lot of us wonder what goes with our tax money. So the last issue of the Texas Tax Journal gives us a few facts and figures taken from the sworn statement of George H. Sheppard, State Comptroller. For the month of September it took over \$69,000 to administer old age pensions, and over \$58,000 in October. Texas taxpayers put up over two million dollars during the year ending August 31, for railroad and bus fares, personal allowances, meals, rooms and other traveling expenses of its hundreds of employees. This did not include salaries. Really we don't know whether they have a surplus of employees at the capitol at Austin or not. We are not prepared to say. But it looks to us like it costs a lot of dough to pass the biscuits to the old people, and that it appears that some of the state employees visit their wife's kin folks frequently.

Slaton Slatonite: We cannot see why Gov. O'Daniel ever thought—if he really did—that Texas legislators would agree without debate to adopt any measure as important as one that would raise twenty million dollars or more he proposed to raise by his mail referendum. We think of two good reasons why he should not have expected his plan approved: First, the lawmakers are responsible to their constituents and not to the governor. There are few who might owe their elections to him and none who would admit it. Those legislators were thinking of their obligations to the electorate in the session just closed and still have it in mind. The second reason for no approval is that debate is one of the essentials of democracy. Without differences of opinion and open discussions of vital and controversial questions, many would not have opportunity to judge from careful study the results that might come from any enactment of the legislature. We think the Governor was just being childish again.

**Nobody's Business**

By Julian Capers, Jr.

AUSTIN—Pensions for the aged continued to be the major political issue in Texas this week end, as Austin seethed with discussion of the prospects of a special session and saw a new style in legislative procedure being tried out. Gov. W. Lee O'Daniel, having failed to get agreement from a majority of legislators on his sales tax proposal, checked the problem back to the solons, by indicating he will not call a session unless the legislators agree in advance to pass a specific tax bill. Leaders of the anti-sales tax group, joined by several House members who supported S-JR 12, the constitutional sales tax program of the special interests and O'Daniel, were seeking pledges by mail to an omnibus bill, similar to the one passed by the House, and killed in Senate committee, at the regular session. Observers here discounted the probability of getting the solons to tie their hands in advance by a pledge to vote for any bill, and the special interests lobbyists continued a high-pressure drive throughout the State to mobilize sentiment behind a movement to oppose any special session.

**Sudden Death**

Mounting death toll from grade crossing accidents in the last few weeks certainly ought to cause the public to "Stop, Look and Listen."  
This is the familiar slogan of the railroads of the country, and yet these tragedies at grade crossings continue. Pending the time when there will be no more grade crossings, it behooves the autoists to strictly observe this sign.  
Nothing but carelessness upon the part of the autoist can possibly be responsible for a death at a grade crossing. Everybody knows the exact route the train will take. Everybody knows that it is going to pass that crossing upon its bands of steel and that it cannot give one inch of the right-of-way to the autoist.  
Under the operating rules of the railroads, the engineer sounds his warning whistle long before he reaches these crossings. Any autoist in his right mind and capable of hearing will observe the warning. Even in cases where he approaches a railroad crossing and hears no warning whistle, it certainly is a matter of common prudence to slow his car to the speed where it is under perfect control and look both ways.  
Another tragedy of the crossing is the bold autoist, the one who thinks he's in a hurry, who sees the fast train approaching, bets his life he can beat it to the crossing, and oftentimes loses that life as a result of that gamble. The matter of stopping two minutes and taking no chances certainly would have been the more prudent thing.  
Railway crossing accidents are deplorable and the most inexcusable of all fatal accidents. Let us hope the time will shortly arrive

November Pay-off  
Meanwhile, Texas pensioners to the total of 121,646, were assured November checks averaging \$8.24 each, with approval by the Federal Social Security board of the grant for the month from Federal funds. The new setup of the State Welfare Board has not yet been approved by the Social Security Board, but the November grant was okayed regardless.  
An indication of growing opposition to the economic lunacy of wild-eyed pension schemes elsewhere in the United States was seen in the defeat by substantial majorities, of the \$50 - a-month-for-all-over-60 plan in Ohio, and the "ham-and-egg" of \$30-every-Thursday brain-storm in California. Voters are becoming gradually aware that unless reason is applied to the Social Security program, it will bankrupt those who have to pay taxes to support Utopia.

**Hot Check Law in Doubt**

Attorney General Gerald Mann hauled the new hot-check law, enacted at the regular session is legal until some court throws it out. Mann, declaring he never ruled against a criminal statute, if there was any basis of doubt at all, indicated he believes the law violates the state and Federal constitutions. Sponsors of the law are rather unhappy about it, because under its terms, the holder of a hot check cannot file a charge against the maker, collect the debt, and then drop the charges, as was heretofore the custom. Most hot-check holders don't want to send the check passer to prison—they just want to collect the debt. . . . Much ado about nothing is the best description of the work of the House committee headed by Lon Alsop, to revise the rules of the lower legislative body. New rules will have to be adopted by any succeeding legislature. There is a normal turnover of 50 per cent in House membership, and next time, it probably will be higher. New members will probably not approve the proposals of the committee to limit the committee service and other powers of "freshmen" members, and the "freshmen" will have the votes at the next regular session. The committee session was attended by Alsop, Bryan Bradbury, Abilene; E. H. Thornton, Galveston; DeWitt Hale, Farmersville and Jim Taylor, Kerens.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS }  
COUNTY OF TERRY }  
TO ANY SHERIFF OR CONSTABLE OF TERRY COUNTY—  
GREETING:  
You are hereby commanded to summon the heirs of Mrs. H. A. Castleberry, whose names are unknown, to appear at a meeting of special commissioners appointed by the County Judge of Terry County, to assess damages on a tract of land out of Section 110, Block T, D&W, R. R. Co. Survey, in a condemnation proceedings for highway purposes; Said time and place of said meeting of said special commissioners will be in the County Judge's office in the Court House of Terry County, Texas at 10 o'clock a. m. on the 15th day of December, A. D. 1939, then and there to answer a petition filed in said court on the 29th day of September, A. D. 1939 in cause No. 699, wherein the State of Texas is plaintiff and H. A. Castleberry and the unknown heirs of Mrs. H. A. Castleberry are defendants, the cause of action being alleged as follows:  
That the State of Texas is now constructing and laying out and reconstructing a State Highway, designated as such by the Highway Commission of Texas, in Terry County, Texas, which said Highway is known and designated as State Highway No. 51; that such construction and reconstruction upon said highway is surveyed through, across and upon, and will cross run through and upon the following described Real property; A part of the land out of Section 110, Block T, D&W R. R. Co. Survey, in Terry County Texas, the fee simple title which is owned by said defendants.  
That it is necessary for the opening, construction and building of said state highway to have and hold said land and the Commissioners court has attempted to but cannot agree upon an amount to be paid for said right of way, and is entitled by law to condemn.  
You are further commanded to serve this citation by publishing the same once each week for three consecutive weeks previous to the return day thereof, in a newspaper published in your county; but if no newspaper is published in said county, then in the nearest county where a newspaper is published. Herein fail not, but have you before said court, on the 15th day of December A. D. 1939, this writ, with your return thereon, showing how you have executed the same.  
Witness H. M. Pyeatt, Clerk of the County Court of Terry County.  
Given under my hand and seal of said court in the county of Terry, this 22nd day of November, A. D. 1939.  
H. M. Pyeatt  
County Clerk  
Issued this 22nd day of November, A. D. 1939.

on the farm. Discard that old wood, coal or oil stove. Quit bringing in coal and kindling and carrying out ashes.

### DID YOU KNOW--

that the Federal Housing Act will furnish money to install plants at your farm home, with easy monthly payments at a very low rate of interest?

Let us help you get a plant. Can be used for lighting your home, for your heating and cook stoves, ironing or hot water heaters. See us today. A plant can even now be installed before extreme cold weather.

J. B. KNIGHT HARDWARE

Mr. and Mrs. Ned Self and son, Edgar, Eunice Jones and Mrs. S. W. Jones, visited relatives in Roswell, Sunday.

J. D. Wilbanks of Spearman, spent the holidays here with his brother, E. F. Lowe. He is a reporter on the Spearman Reporter and paid the Herald a short visit while here.

Dixie Lee Burson, daughter of Mr. and Mrs. Dick Burson, underwent a mastoid operation in Lubbock, Monday. This is the fourth time the nine-year-old girl has been operated for this trouble. Last report she was resting well.

Mr. and Mrs. Bedford Caldwell left this week for O'Donnel to make their home. Mr. Caldwell has been employed at the Farmers Implement Co., here. He has taken a position with the O'Donnel Implement Co. Alton Webb has returned to work at the Farmers Implement Co.

Mr. and Mrs. Joe Weir and baby of Covington, visited his brother, Frank Weir and Mrs. Weir Monday evening.

Clarence Hudgens of Los Angeles is here this week on business and visiting friends and relatives. He reports Mrs. Hudgens and sons as fine and still liking California.

## HARMONY

The Harmony P.-T. A. met last Friday night. An interesting program was rendered, the theme being "Thanksgiving."

We were sorry Mr. Lee Fulton was not able to be present to talk for us on the subject of Library Service. Everyone enjoyed the program.

Mrs. George Murry, Mrs. W. J. Murry and Mrs. Alois Black visited relatives in Knox county while Mrs. George Murry visited her father in Knox city last week.

Mr. and Mrs. Ervin Smotherman visited in the home of Mr. and Mrs. Harvey Davis last Sunday.

Mr. and Mrs. John Garner visited in the home of their daughter Mr. and Mrs. Clin Carter of Plainview last week.

Mr. T. E. Hobbs and Mr. Herman Fore made a business trip to Portales, New Mexico last week.

Several of our citizens are planning to spend Thanksgiving with friends or relatives out of the community.

Mr. and Mrs. Joe A. Davis accompanied Mr. and Mrs. K. W. Howell to Olden in Eastland county where they attended the funeral of the former's niece Mrs. C. A. Howell and the latter's sister-in-law last Wednesday.

### Isms & Americanisms

By Pierce Brooks

America may be threatened by the forces of Nazism, Fascism, Communism, Socialism, and what have you.

But the American system as founded by Washington and clarified by Jefferson and expounded so vigorously by Cleveland, is facing a threat more serious from an ism that has grown up among our native-born population, and is purely an internal ism.

It is the fast-growing doctrine, that deficits in government are not dangerous, that those who have not must be given that which others have earned by hard toil and business ability. In short, we are seriously threatened by the present trend with an abortion of our present capitalist system to the place where it will be state capitalism, with every right of private property overthrown and every initiative destroyed.

There is a point where taxation becomes confiscation. The tax bucket can be carried to the well once too often. When that time arrives, private industry will be forced to close its doors, millions of men and women will be unemployed, their labor unions can no longer function and they will be vassals of the state capitalistic regime, working at whatever price the bureaucracy sets with no appeal and no redress.

The principal that the people should support the government, and not the government the people, is as sound as when enunciated. America has grown great under the present system. Any assault upon that system from within or from without is a distinct threat at Americanism and is therefore un-American.

Mr. and Mrs. George Evans and daughter of Lubbock, were guests of Mr. and Mrs. A. D. Repp, Sunday.

Mr. and Mrs. M. R. Hemphill, have moved into the Bynum house recently vacated by the A. W. Turner family.

Mr. and Mrs. A. L. Parrish and her daughter, Miss Lucy Stephens of Meadow, were visitors here Monday. Mrs. Parrish helped to get out the Herald's Historical Edition in 1937.

### FOUR SQUARE CHURCH

Services as follows

We are having a special service Friday at 7:30. Bro. Hugh Weillepp and wife of Los Angeles will be with us and showing some most interesting slide pictures, also preaching, you are sure to enjoy this service.

Sat., 2:30. Children's church. All children invited.

Sunday 10:00—Sunday School. Be sure and be here on time.

Sunday 11:00—Morning Worship. Subject of sermon, "The Broken Alabaster Box," also Communion service. Miss Katy Lynn Humphries is supposed to be with us and help out in the service throughout the day.

Sunday 6:45—Young People's service. Sunday 7:45—Evangelistic service. Subject of sermon "The One Lost Sheep."

A subject of interest to all. Welcome one and all. Pastor Irene Lee

### Sudden Death

Eleventh in a series of Articles on Safety by Captain J. C. Tappe, Traffic Department, of the Texas Safety Council.

All over the broad expanse of Texas you see signs that read, "School Zone—Drive Slowly". In a great many cases during the morning and evening hours when school begins and ends, you will see Young America with a red flag stationed at either end of the highway near his school building. He asks you to stop so that he, a modern little Chesterfield, fully alive to his responsibility, may escort across the path of danger, the tots entrusted to his care against traffic.

"As Director of the Texas Safety Council, which during the summer has organized many Junior Safety Patrols, I urge the motoring public to heed the sign to drive slowly and carefully and secondly, to observe the orders of Young America on patrol duty at the school as carefully as you would those of the traffic policeman at the city corner," Pierce Brooks said.

"Of course no driver wants to maim or kill one of these little children. But carelessness and negligence and drink can get the job done before its awful reality is registered in your mind. Then follows a life of regret. Always will haunt you the memory of the mangled body of what a few moments before was a boy or girl, in vigorous health and with vaulting ambition—probably a future President of the United States.

### DON'T SLEEP WHEN GAS PASSES HEART

If you can't eat or sleep because gas boats you up try Adlerika. One dose usually relieves pressure on heart from stomach gas due to constipation. Adlerika cleans out both bowels. E. G. ALEXANDER DRUG CO. & PALACE DRUG STORE

### NORTHSIDE BAPTIST CHURCH

Another day of great blessing, valuable instruction and sweet fellowship was the experience of all who attended the North Side Baptist church last Sunday, several of whom were visitors with us.

In the past three Sundays alone, those attending the Sunday School and previously did not know them have memorized the first twenty-two books of the Bible, the names of the twelve apostles, and five verses of scripture. This memory work was conducted in the closing exercises of the Sunday School and was in addition to the regular lesson study. Next Sunday,

done before its awful reality is registered in your mind. Then follows a life of regret. Always will haunt you the memory of the mangled body of what a few moments before was a boy or girl, in vigorous health and with vaulting ambition—probably a future President of the United States.

"Your business can't be so rushing, nor your time so valuable that you can't lose the minute or two necessary to observe every rule of precaution near these school buildings. Salute Young America with the red flag. He is the guardian of the two statesmen of tomorrow. His charges are those who a generation hence will have their names written upon fame's eternal scroll. Upon his charges depends the perpetuity of a republic. Surely your patriotism, your sense of the value of these, aside from the heartache you will cause some parent, will be sufficient for you to drive carefully near schools."

all classes study the tenth chapter of Matthew.

Evangelist Jno. R. Denning will again bring the messages at all services this coming Sunday. The morning sermon subject will be taken from Ephesians 6, on "The Christian Uniform. At the night service he will bring another prophetic message on "The Details of the Coming Great Tribulation Period."

J. D. Bailey has been quite ill at his home this week.

J. H. Carpenter and R. B. Perry went to Amarillo Sunday to hear Robert Taft, prospective candidate for President speak.

Mr. Taft is Junior U. S. Senator from Ohio.

J. O. Gillham was able to be back at the bank Tuesday after several days absence because of having the flu.

"IT PAYS TO WINTER PROOF"

"Sure, it pays to Winter Proof. Our customers prove that for themselves every year. All cars need seasonal check-ups to avoid unnecessary repair bills. For a thorough, stem-to-stern check-up you can't beat a Magnolia Winter Proof job, and the friendly service we give with it."

For extra fast starting... Phillips 66 Poly Gas is extra high test. Yet it costs nothing extra, because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline. We sincerely believe it is this winter's best buy in cold-weather gasoline.

IT'S EXTRA HIGH TEST

**So, The Black Widow Is Not So Bad**

LUBBOCK, Nov. 27.—A scorpion's sting is no worse than a bee's, a small horse centipede and a millipede are absolutely harmless, according to Dr. R. A. Studhalter, head professor of biology, botany, and zoology at Texas Technological college. Several birds and reptiles looked upon as enemies of mankind are beneficial, he said, in discussing common fallacies about animal life on Texas plains.

"A live toad in your garden is worth \$20, U. S. Department of Agriculture figures show, based on the number of insects a toad eats in his lifetime. The box turtle also eats insects and should be left alone. A crow can eat a hundred grasshoppers in a meal—and it eats several times a day."

Unless one is absolutely certain of the species, all hawks had better be protected, because most of them do more good than harm eating rats, mice, prairie dogs and other rodents, he declared. The eagle, also, now being hunted on the North Plains in automobiles for sport, is also more beneficial than harmful and should be protected.

"In spite of the general fear of snakes, it has been proved that a child has no instinctive fear of them," Studhalter said. "The food of snakes is largely mice, prairie dogs, and other rodents harmful to the farmer, and all of them should be protected except those definitely poisonous." Listed among poisonous snakes found in West Texas were the rattler, copperhead, water moccasin, coral, and harlequin.

The black widow spider is sometimes dangerous, but rarely ever bites. A child or person of low resistance might have serious trouble from a black widow bite, but three or four days in bed would probably be the extent of such illness.

"Large centipedes have poisonous organs, but the old superstition that they 'rot the flesh to the bone' is unfounded," he declared. A centipede might affect the skin as so many pin pricks would, but it is no more poisonous than a bee.

"The tarantula is a fine, clean pet," he added. "He rarely ever bites. This is especially true of those imported in banana shipments. They are tropical, cold-blooded, and in our climate it is about all they can do to move."

Water dogs, especially feared in the larval stage when they have queer-looking external gills just back of the head, are harmless in both stages. The much-dreaded mountain boomer can do no more harm than nip one's fingers with fairly powerful jaws. Also much feared but quite harmless are the child-of-the-earth, praying mantis, walking stick insect, and whip scorpion.

**Smallpox Costly to People of Texas**

AUSTIN, Nov. 21.—Since 1930, smallpox has cost the people of Texas many thousands of dollars, according to Dr. Geo. W. Cox, State Health Officer.

During the nine-year period 1930-1938 smallpox cases totaling 10,764 were reported; undoubtedly additional cases occurred which did not receive medical care and were not reported. Failure to vaccinate is the chief reason for the occurrence of the disease.

For "budgetary as well as humanitarian" reasons, the State Health Department urges parents to have their children vaccinated now, early in the school term.

Considering the time lost, the long period of sickness and isolation, the inconvenience, the danger of complication or permanent scars resulting from the disease as compared with the little inconvenience of vaccination, one can readily see that prevention of smallpox is a good investment in good health.

Smallpox is highly communicable and spreads rapidly from the infected person to others who are susceptible. On the other hand, persons with evidence of successful vaccination or revaccination, performed in recent years, need have no fear of either mild or virulent form of the disease.

Because of the infectiousness and rapidity of spread, smallpox can reach the epidemic stage and endanger whole schools and parts of communities. Prevention of such epidemics is time-saving, money-saving and sometimes life-saving for the individual; the family and the community simultaneously benefit.

Miss Wanda Graham and cousins, Misses Dorothy and Iris Thornton of Clovis, N. M., will spend the Thanksgiving holidays with their brothers. The Misses Thornton have two brothers who are students at A. & M. Miss Graham's brother, Tight, is a student at Austin, but will accompany the party to Bryan.

L. H. Moncrief returned home Sunday from a hunting trip near Rock Springs. He went with a party of seven from Dallas. He was successful in getting two wild turkeys but failed to get a deer. He was the only one in the party to kill anything.

Mr. and Mrs. J. M. Beck and children, visited their parents in Lorenza Sunday. They reported that they had a good time.

**"RABBIT FEVER" DANGEROUS**

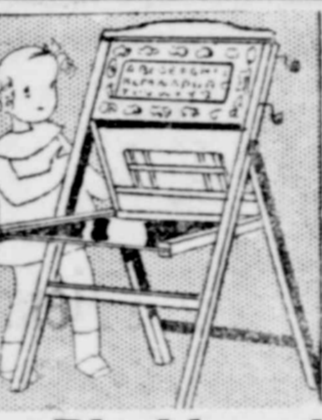

"The season for the unusual prevalence of tularemia is again at hand," warns Dr. George W. Cox, State Health officer.

"Reports show that this disease, commonly known as 'rabbit fever,' is increasing at this time, due in large part to exposure to wilding of the animals.

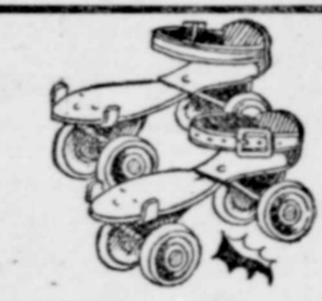

"Invariably, tularemia cases are reported more frequently during the hunting season than at any other time. While the disease is caused by a germ found in various kinds of infected rodents,

and can be acquired, among other ways, through bites of ticks, deer flies, stable flies, and squirrels, it is most frequently transmitted to man in this section of the United States by infected wild rabbits, hence the name 'rabbit disease'.

"The common method of transmission is through wounds or small abrasions, sometimes minute, on the hands of those cleaning or otherwise handling rabbit carcasses; in this manner the germs reach the human blood stream, symptoms developing in rabbits in the hunting or dress-up from one to ten days. The victim suddenly complains of headache, has body pains, chills, fever, and vomits. The fever, which may run high, usually lasts two or three weeks. Convalescence is slow. Death occurs in approximately 5 per cent of the cases.

"The above facts indicate that hunters should not kill slow-moving rabbits. Healthy wild rabbits do not tarry. Also, for those who dress rabbits, it is advisable to use rubber gloves. The suggestion applies equally to hunters and housewives. It is the only safe defense against acquiring tularemia from this source.

"There is no desire to imply that most wild rabbits harbor the tularemia germ. Compared to the total rabbit population, the infected rabbit decidedly is in the minority. On the other hand, the number of infected animals is sufficiently large in the aggregate not to take any undue chances.

"Incidentally, it may be added that thoroughly cooked rabbit meat, even though the animal has been infected with tularemia, is harmless and perfectly safe food. Consequently, those who enjoy this game need have any qualms about consuming it."

Mr. and Mrs. Chad Tarpley and her mother, Mrs. Bartlett of Abilene, were week end guests of his parents, Mr. and Mrs. M. G. Tarpley and other relatives.

## Nobody's Business

By Julian Capers, Jr.

AUSTIN—Prospects of a special session of the 46th Legislature to finance social security have become so remote, as a result of recent developments, that there now seems little chance of a session at all, and there will be none before Spring, it is virtually certain. Failure of House members, numbering 81, who endorsed "in principal" an omnibus tax bill, to impress Gov. O'Daniel with the prospect of a successful special session apparently gave O'Daniel a sound political alibi for not calling a session.

The fantastic proposal of Rep. Bailey Ragsdale, of Crockett, that the House convene itself, either by petition of the members or on call of the speaker, and vote impeachment of O'Daniel, then pass a tax bill, and rescind its impeachment action, thus restoring the Governor to office, was regarded as so unsound, that observers here did not seriously consider it. Under the statutes, the governor is automatically suspended

from office when impeachment is voted by a majority of the House. Ragsdale's plan would require cooperation of the Speaker, the Lt. Governor, and a majority of the Senate. Both the speaker and the lieutenant governor have indicated pretty plainly that they advocate the plan of writing a sales tax into the Constitution, putting a ceiling on taxation of natural resources, and by writing in a top contribution of \$20,000,000 for social security, the plan favored by O'Daniel. And most important of all, a majority of the Senate has indicated on numerous occasions that it sympathizes wholeheartedly with the constitutional sales tax plan, so ardently favored by the governor and the oil, sulphur and utility companies. So, Ragsdale's wild scheme would hit a snag in the Senate, if it ever got that far, and nobody here believes the House would go for it.

### People Apathetic

The truth is the people of Texas are apparently so little concerned about the social security program as they are with the state of the weather in Alaska, except for the minority pressure groups. O'Daniel seems to have sensed this, and social security financing is certain to be the principal issue again in a gubernatorial campaign next year. Closest observers here think O'Daniel will win re-election unless the situation changes radically from what it is today. If the campaign develops opposition which O'Daniel thinks may jeopardize his chances for re-election, he undoubtedly will call a special session for political purposes, and since the governor has done so much better job politicking than the leadership in the Legislature has so far, students of the situation in Austin think whenever he calls a special session, it is pretty sure to do nothing, and will find itself further behind the political eight ball than the Governor has it already.

The truth of the matter is that inspired and able leadership is necessary to consolidate the widespread sentiment against O'Daniel and his sales-tax scheme. And so far that leadership has not appeared. Whether it will appear before the primaries next July is a question only time can answer.

### Tax Remission

The spectacle of Harris County,

largest and richest in Texas, so menaced by floods that it constitutes a public calamity justifying the remission by the state of the State ad valorem taxes, outlined by the legislature in the preamble to the Harris tax remission bill, didn't impress Attorney General Gerald Mann very strongly. He got out his copy of the State Constitution, read it, and handed down a ruling that the tax remission bill will not stand up. A court test probably will follow. . . . Final chapter in the State's anti-trust suit against the cement companies was written when two additional San Antonio cement factories paid \$50,000 penalties each, and agreed to an injunction restraining them from further violations of the law.

Miss Gertrude Rasco is spending the Thanksgiving holidays with her mother in Memphis, Texas.

Red Patterson and Arlie Lowmore went to the Davis Mountains this week on a deer hunt.

Shade Daniell, of Seminole, was up Monday visiting his son, Dr. A. H. Daniell and family.

Mr. and Mrs. J. M. Teague and Mr. and Mrs. James H. Dallas were Denver City visitors, Sunday.

Mrs. D. G. Zachary returned to her home in Lubbock Tuesday after a two weeks visit with her daughter, Mrs. T. H. McIlroy.

The Presbyterian Missionary Society met Monday at the Wines Hotel for a covered dish luncheon at 1 o'clock. After which the regular monthly business meeting was held. There were 12 ladies present.

Mr. and Mrs. J. W. Hayhurst of Ninnakah, Okla., spent the Thanksgiving holidays with their children, Mrs. Jim Graves, Mr. and Mrs. Warner Hayhurst of Plains, and Marlin Hayhurst, football coach at McCamey.

Bill Mack Herod is visiting his grandparents, Mr. and Mrs. M. C. Herod in Snyder this week. Mr. and Mrs. Roy Herod will go down the last of the week to bring him home.

## LOCAL LADIES ATTEND ZONE MEETING IN ROPES

Several members of the W. M. S. went to a zone meeting in Ropes Monday. They also enjoyed a luncheon at the new Methodist parsonage there. The Ropesville Methodists also have a new church and minister.

The ladies making the trip were Mesdames W. B. Downing, Jesse D. Cox, Judson Cook, G. B. Chaney, W. D. Linville, W. H. Hanks, H. O. Longbrake, Mother Cox and Miss Kathleen Rucker.

## CHRISTMAS SOCIAL TO BE HELD AT MRS. DOWNING'S

Both circles of the W. M. S. will meet Tuesday, December 5 at the home of Mrs. W. B. Downing for a Christmas tree and program. All members are urged to be present.

## MANY FROM HERE ATTEND A CAPELLA CHOIR CONCERT AT LUBBOCK

The Denton A Capella choir was presented in concert under the direction of Wilfred Bain Monday evening at the Lubbock High School auditorium. The choir is composed of 40 college students who are on the beginning of a 1900 mile trip and 18 concerts. The Lubbock Music Club sponsored the affair. Those attending from here were Mesdames Mon Telford, R. L. Bowers, L. M. Wingerd, L. Nicholson, Bob Brown, A. A. Sawyer, Ed Shelton, W. H. Dallas, and Misses Bernice Weldon, Viola Brown, Mozelle Treadaway, Olga Fitzgerald, Nelda Joyce Brown, Marion Wingerd, Mr. and Mrs. J. H. Dallas and daughter Carol and Mrs. Zentner.

## SATURDAY BRIDGE TEA AT EVANS HOME

On Saturday afternoon Mesdames D. M. Evans, T. H. Anderson and R. N. McClain entertained with a bridge tea at the home of Mrs. Evans. Mrs. Clyde Cave and Mrs. W. R. McDuffie scored high and second high and were given gifts of a crystal candle lamp and a stuffed egg dish. Mrs. R. R. Taylor received a glass dinner bell for bingo prize. Mesdames Joe J. McGowan and L. M. Wingerd served tea and coffee from a candle lit table spread with white linen and centered with a fruit center piece.

Fall flowers were arranged throughout the house.

Refreshments of chicken salad sandwiches and frosted cakes in cornucopia design, minis and salted nuts were served to the 45 guests.

## HOWARD MCILROY HONORED ON 12TH BIRTHDAY

Mrs. T. H. McIlroy entertained with a party Friday to honor her son, Howard Wayne, whose 12th birthday fell on that date. Games were played and balloons were given as favors. Refreshments of sandwiches and hot chocolate were served. Those present were Clyde Green, Arthur Andrews, Wanda Mae Zachary, Jackie Lee Seale, O'Dell Quante, Dorothy Copeland, Billy Don Brockton, Donald W. Andress, Mansell Thompson, Dana Ruth McIlroy, Betty Katherine Zachary, Janelle Turner, Glenola Akers, Glynn Faye Ross, Billy Steli, Nita Jean Worsham, Darcile Lovelace, Myron Harris and Donald Wayne Moore.

## BALL-KERN WEDDING RITES ARE READ

Before a number of friends and relatives Sunday afternoon at the home of her parents, Miss Julia Ball became the bride of Mr. Hadley Kern, during a ring ceremony performed by the Rev. W. R. Dale of Floydada, Texas. The bride was lovely in a royal blue costume. She is one of the charming daughters of Mr. and Mrs. J. W. Ball of the Harmony Community.

The bridegroom was dressed in the conventional black. He is the son of Mrs. W. J. Carter of the Gomez Community and is employed by the Wittacer Pipe Line Co. of Tulsa, Okla., where the two will make their home after a short visit here.

Following the ceremony, a festive Thanksgiving supper and the beautiful wedding cake were served to the guests.

The countless friends of this admirable young couple bestow upon them every good wish for a long, happy and prosperous marital life.

## BUEN AMIGAS CLUB HAS MEXICAN LUNCHEON

Members of the Buen Amigas club met at the home of Mrs. W. R. McDuffie Tuesday morning at 11:30 o'clock and drove from there to the Mexican Inn in Lubbock for a Mexican luncheon. A pottery pitcher and water glasses and a pair of Mexican ash trays were given for high and second high score, Mrs. Anthony receiving the first and Mrs. Noel the latter.

Those attending were Mesdames Jack Bailey, Clovis Kendrick, W. R. McDuffie, Wilson Collins, Jack Stricklin, Jr., Earl Anthony, Troy Noel, Orb Stice, John L. Cruce, Ray Christopher, R. L. Bandy and Fred Youree of Lubbock.

## BIRTHDAY PARTY

Miss Patsy Carter and Mon Telford, Jr., entertained Friday evening with a surprise birthday party at the Carter home to honor Christine McDuffie on her 13th birthday. Games were played and a shower of lovely gifts presented the honoree. Refreshments of hot chocolate, sandwiches, and apples were served to the fifteen guests. Those present besides the honoree and host and hostess were Wanda Ruth Turner, Peggy Lewis, Ida May, Jean Knight, Caroline Jane Harris, Patsy F. ank Ballard, Beverly Pittman, Frances Joyce Rambo, Bobbie Jones, W. E. Henson, Edgar Self, Glen Zentner, and Richard McDuffie.

## MRS. CHRISTOPHER IS CLUB HOSTESS

On Friday of last week, Mrs. Ray Christopher entertained the Ace High Club at her home. Lovely fall flowers were used in decorating. Cut prizes of bottles of sachet went to Mesdames Jack Bailey, Queenelle King, Mon Telford and Lee O. Allen. Mrs. J. M. Welborn scored high and Mrs. L. Nicholson second high, and each were given gifts of make-up kits. Refreshments of salad, nut cake and coffee were served. Other guests were Mesdames J. R. Turner, A. A. Sawyer, G. L. Daugherty, Wilson Collins, W. H. Collins, Ned Self, Troy Noel, Clyde Cave, Jim Graves and Roy Herod.

## TWILLA GRAHAM POPULAR AT MISSOURI COLLEGE

The following article recently appeared in the Linden Bark college paper in St. Charles, Mo.:

Twilla Graham, one of the most popular girls on the campus, has pledged three sororities. She is a very active member of both Lambda Chi and Theta Alpha Gamma. It's an honor to be in the Athletic Association as the girls have to pass tests in swimming, tennis, basketball, golf, bowling, volley ball, and field hockey. Miss Graham is one of outstanding members in the Association.

Twilla is the youngest daughter of Mr. and Mrs. E. A. Graham of this city. She is a first year student at the Lindenwood College.

H. B. Thompson has returned home from Dallas, where he visited his father, B. L. Thompson, who is in Baylor hospital following a major operation. He reported his father's condition improved.

Gertrude Rasco is going to attend a meeting of the Festival Chairmen of the State at San Antonio Thursday, November 30. She is going with Miss Mary Dunn of Lubbock. They will leave Wednesday morning.

## BAPTIST CHURCH

Due no doubt to the confusion of changing the meeting place of the Bible School from the church to the high school building last Sunday the attendance was only 264 present, which is a considerable decline and it is expected that next Sunday the attendance will assume its usual proportions. The high school building is a good meeting place for the teaching service as well as the preaching hour and the building will be warm and there is no good reason for any falling off in attendance. Rather it should be increased, thoroughly reorganized and ready to occupy the new building as early as possible.

A considerable number of officers and teachers studied new school methods last week preparatory to making application to be recognized as a standard school. The Bible is our text book and we secure any help possible from great Bible students and writers and find we can often learn much from them.

The work on the building has been progressing steadily this week with often as many as twenty-five people engaged in work and the building committee recently recommended that all who can do so bring their offerings for the building next Sunday morning as it is necessary to get funds in the bank as fast as possible.

There are quite a number of people who are expected to help liberally who have not already done so and it is hoped there will be a fine cooperation in this matter and if this building can be finished completely it will not only be a happy day for this congregation but this city should take great pride in the completion of its first adequate church edifice.

The Brotherhood met last Monday evening and rendered a good program, but with the smallest attendance they ever had, twenty present. This is a fine place of study and development for the men and they should support it one hundred per cent.

The W. M. U. will meet next Monday evening in circles, the places to be announced Sunday morning.

A special offering was made last Sunday morning for Buckner Orphanage, and being an Thanksgiving season, the customary offering is made for this worthy institution now and if some not present wish to give they may do so next Sunday. This institution is supported by free will offerings and does not have a large number of solicitors calling on the business institutions for its support and they should appreciate such fine treatment by supporting it liberally, and many do.

Visitors are always welcome in this congregation and bring your company to church with you next Sunday.

Any new citizen or any one who was out of town during the Civic Music Membership Drive last Spring may secure a ticket now or within the next ten days from Gertrude Rasco. These tickets are \$5.00 for adults and \$2.50 for children. The programs are given at the Senior High School in Lubbock. There will be three numbers this year.

December 15 — Giller String Quartette.

January 15—Conrad Shibualt, Tenor.

February 15—Gladys Swarthout, Soprano. Phone 258-J

## SOUTH PLAINS APPLIED MUSIC TEACHERS ASSOCIATION RADIO PROGRAMS

Mrs. Rex Hudson, Levelland

The Association will present a thirty-minute program at 2 p. m. on the next to last Tuesday in each month over KFYO, Lubbock, Texas.

The programs will present the teaching of Musicianship for fifteen minutes, and fifteen minutes of music performed by students having made passing grades in all required subjects in a previous Festival. The three departments, piano, voice, and violin, will be represented. The closing number will be selected from the Music Appreciation list given by the Interscholastic League.

The members of the Association are asked to send all the students, wishing to take part in the Musicianship program, to 2013-14th Street, Lubbock, Texas, on each Saturday at 2 p. m. A group of students will be used at the Broadcast Station and two will be sent to every music classroom to conduct the program on Musicianship. Detailed lesson plans will be given out to all students listening.

The music played will be from the State Festival Program. The names and composers will not be announced, as the students will be asked to recognize them from hearing them. There will also be space on the leaflet for other Musicianship tests.

The first two piano programs will present music from the classic groups, the first one being by the young students, and the second one by the older age groups. The fifth program will be from the Romantic, and the sixth from the Modern selections. In April and May, the programs will be entirely for recital work.

The violin and voice will be selected according to their divisions.

The Texts which will be used, are the two books by Stanley Chopple and Dr. T. H. Yorke Trotter on the Yorke Trotter Principles of Musicianship.

## IST PRESBYTERIAN CHURCH

Fred A. Walker, Pastor

Sunday School 10:00  
James H. Dallas, Superintendent

## CUBS DEN

G. O. CLUB MEETS  
By Etta Lou Miller

The minutes were read and approved. We had the report of the committee. The following are good citizens: Fannie Ruth Vernon, Helen Wright, Louise Ely, Dorothy Copeland, and Donnell Hopson. Eva Elizabeth Jeter had the program. A story, "The Three Giant's Thanksgiving" by Helen Wright, A song "A Child's Thanksgiving" by Dorothy Green and Louise Ely, A saying "Song of the Lazy Farmer" by Charlie May Harrold. The refreshments were hot chocolate, marshmallows and cake. We had a contest to see how

many words we could get out of "Thanksgiving". Frances Chapman won.

### SUCCESS

By La Veda McCrary

We all hope to achieve success in each and everything we undertake. We should realize that no other person other than ourselves can obtain success for our own personal benefit.

If we undertake and fail, we should remember that "The man who is worth while is the man who can smile when everything goes wrong. This does not mean that we should be satisfied with

failure, but it does mean that we should wake up to the cause of it, and correct our mistakes. People are often too easily discouraged, and never think of trying the second time at something which has proven to be a failure the first time. We should never stop trying because we all must work in order to be successful. We all know that an elevator to success has not been

### DR. WILLIAM DAVIDSON REA FROM MINNESOTA

Will Make His Next Regular Professional Visit to Brownfield at Brownfield Hotel Mon., Dec. 4.

**ONE DAY ONLY**  
Dr. Rea is well known in Texas, specializes in Kidney, Stomach, Bowels, Liver, Bladder, Rupture, and Diseases of Women without surgical operation and with low cost to the patients.

Dr. Rea has been visiting professionally the principal cities and towns in southern states for many years, and he, as a result has many satisfied patients.

Dr. Rea applies his efforts in the treatment of those diseases which he is best qualified to treat, such as stomach ulcer, colitis, chronic appendicitis, gall stones, kidney stones, rheumatism, neuritis, neuralgia, constipation, and old, long-standing chronic diseases. Has years of experience in nose, throat, and lung diseases, wasting diseases, blood and skin diseases, eczema, pelagra, leg ulcer, dropsy, high and low blood pressure. A treatment that is different and a diet as to what, when, and how to eat.

Dr. Rea uses Hypodermic Injection method for piles, fistula, rupture, tubercular glands, small tumors, vaginal growth in women, and non-healing suspicious growths. Has special diploma in diseases of children.

No charge for consultation and examination. Hours 9:30 A. M. to 4:00 P. M.  
REA BROS., Medical Laboratory, Minneapolis, Minn., Since 1898.

invented yet, and that we must take the stairs step by step in order to obtain success. We should all wake up and make the very best of the present, prepare for the future and forget our failures in the past.

### SEVENTH GRADE HISTORY

By Roberta Underwood

In our history of the seventh grade we have learned many interesting things about our names. Double names are far more popular for the girls' given names than the boys as there are 22 girls who use double names. We have boys called by initials W. B., L. G., T. G., W. E., and J. A. Smith and J. Jones are the two most popular names as we have 4 each.

We have two each of Carters, Harris, Johnsons, Lewis and Turners.

Ruth seems to be the most popular of the girls' given names as we have five: Two Patsy Ruths, a Mary Ruth, a Minnie Ruth, and a Juanda Ruth.

We have three Jeans—Dorothy Jean, Tommie Jean and Peggie Jean.

We have three Marys—Mary Ruth, Mary Nell and Mary Virginia. We have three Patsys—two Patsy Ruths and Patsy Frank.

We have two Christines, two Joyces and a Carolyn Jane.

From the boys we have only two Bobbys, two Lee Roys, and two Jesses.

### GRADE SCHOOL NEWS

By Esther Smith

Mr. Brownlee is visiting in Denton, Texas with his wife and daughter this week.

The grade school rooms are still decorated with Thanksgiving decorations and pictures, but they aren't out of date yet folks, the two Thanksgiving days come in handy, don't they?

But I'll bet we had rather the President would proclaim two Christmases than two Thanksgivings hadn't we kids? "Oh well, what's the difference? It takes all kinds of people to make the world", does it not?

The faculty met Monday, November 27 and organized a Physical Training Club. The faculty members will pay dues to this club and the money goes to buy their equipment.

Several of our teachers are planning to spend the Thanksgiving holidays at home this year. And several plan to attend the State Teacher's Convention in San Antonio.

Among the most recent renewals are: W. H. Howard, Mrs. A. E. McBroom, J. P. Benson, L. S. Donothan, J. B. Burke, A. J. Lloyd, Brownfield and routes; L. J. Hollers, A. A. Slaughter, C. I. Preston and Scott Walker, Meadow and routes; Mrs. C. A. Lord, Beaumont, by her brother, Uncle Jimmie Green.

Several new readers are on the list. The Herald welcomes all of you.

G. C. Holden and daughter, Mildred, of Sudan, left this week on a prospecting trip to Arizona and California.

Mr. and Mrs. Vernal Rentro and boys of Amarillo, spent the holidays with Mr. and Mrs. C. J. Smith.

The postoffice department is beautifying the grounds around the Federal building by putting out a lot of nice shrubbery. They got a nice coat of grass started this year.

## U. of T. Shows Rapid Growth in 55 Years

AUSTIN, Nov. 27.—Twelfth president of the University of Texas, Dr. Homer P. Rainey on December 9 will be inaugurated as official head of an institution of 10,206 students and 575 faculty members, as contrasted with a student body of 218 and a faculty of 13 fifty-six years ago when J. W. Mallet, as chairman of the faculty, assumed executive direction of the infant University.

While enrollment has been climbing at the rate of almost 10 per cent, and often more rapidly, expenditures per student have been dropping steadily until last year per student cost was less than half what it was the year the University opened.

In 1883-84, expenditures totaled \$121,792, or approximately \$551 per student. In 1938-39, expenditures aggregated approximately \$2,300,000, or only \$211 per student. This figure compares with an average of the \$412 per student among member schools of the American Association of Universities.

At the time the fledgling University made its bow to the state, only two branches of study were offered to its students—academic and law—and it was able to confer only five degrees—bachelors of science, arts and law, and master of arts.

Today, a student may enroll for academic work or may enter schools or colleges of fine arts, engineering, law, business administration, pharmacy, or education, and may continue his education in the Graduate school on through the master's degree to the doctor of philosophy or education. He may obtain one or more of 16 bachelor's degrees and nine master's.

By satisfying proper entrance requirements, he may enter the School of Medicine at Galveston. Still another branch of the University of Medicine at Galveston. Still another branch of the University is the College of Mines and Metallurgy at El Paso, which offers both technical and academic training. Functioning under its own Board of Regents but constitutionally a branch of the University and receiving a share of the University oil revenue is Texas Agricultural and Mechanical College at College Station.

The newest "branch" of the University, designed for research rather than teaching, is McDonald Observatory, World's second largest astronomical observatory, completed last spring on Mount Locke, in the Davis Mountains of West Texas.

Mrs. Herman Trigg of Snyder, is spending the Thanksgiving holidays with her parents Mr. and Mrs. A. J. Stricklin, Sr.

Miss Gloria Gaines of Hemstead is a holiday guest of Mr. and Mrs. Spencer Kendrick.

Mr. and Mrs. Weldon Snodgrass and children of Whiteface, will spend the Thanksgiving holidays with her parents, Mr. and Mrs. Jesse D. Cox.

## See the 4 BRAND NEW MODELS of 1940 FARMALLS.

A and B Small Size  
H Middle Size  
M Large Size

Farmall-A is the new size, cultvisioned tractor in the Farmall family. The tractor for farms that need the equivalent of from two to four horses.

Farmall-B is the small Farmall in three wheel type, for farms using two to four horses and makes a most economical second tractor for the larger farms, for planting, cultivating, hauling, etc.

Farmall-H fits that large number of farms in the "average size" group. It will pull two 14-inch bottoms under harder than average working conditions at better than four miles per hour.

Farmall-M, a tractor for large farms—where heavier power requirements are wanted.

Come in and look these new machines over. We recently received a two car shipment.

A complete stock of Farmall parts and a competent mechanic in charge.

Don't forget the important advantages Farmall tractors possess in the number and variety of quick-attachable implements available for use with them.

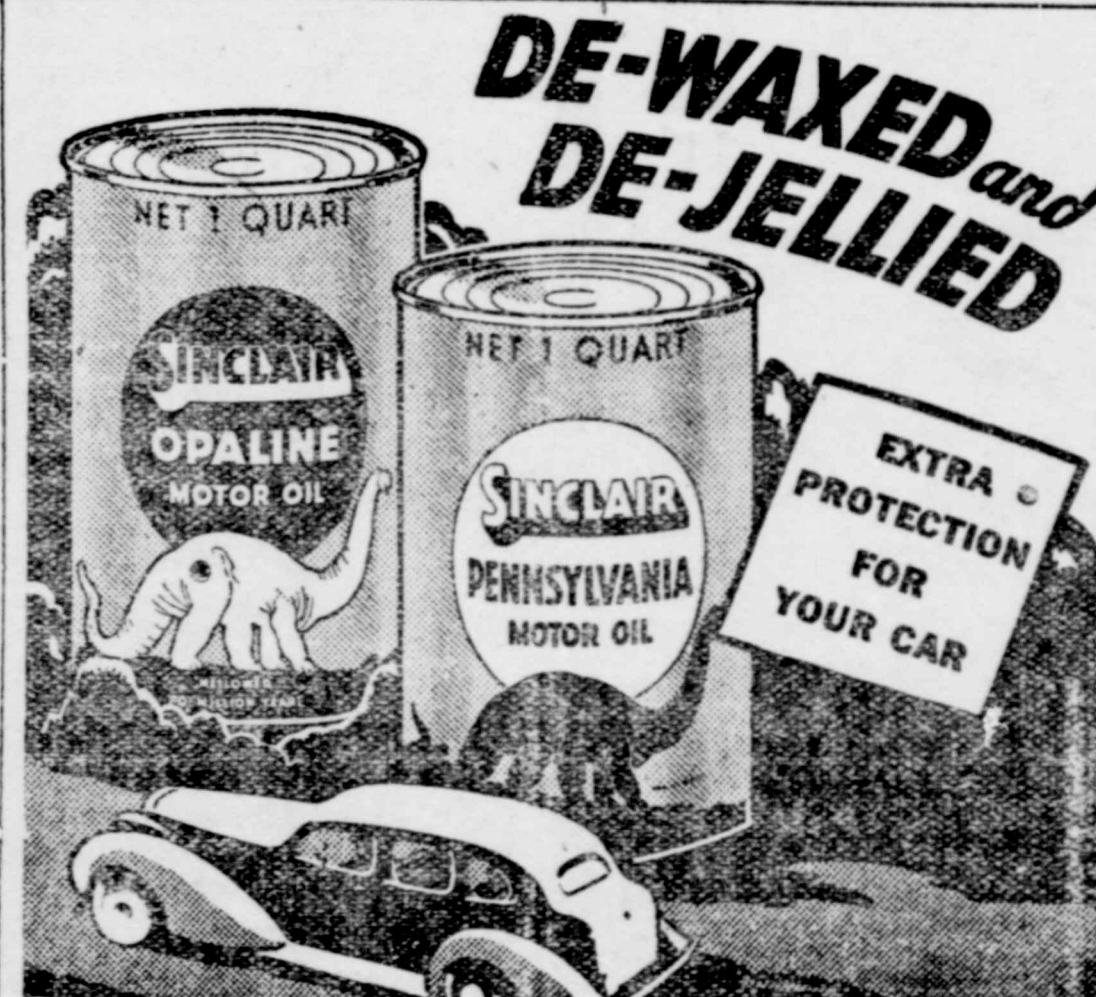

## Farmers Implement Co.

## TEXACO SERVICE STATION

West Main Street — Brownfield, Texas

Mr. and Mrs. Customer:

It is time now to get your car fixed up for the winter. WE HAVE PRESTONE, and the proper way to clean your radiator before you put your Prestone in. So why not have it put in before it turns cold so we will have time to check every hose and heater connection for leaks, which will assure you that you will have Prestone Protection all winter. We also have the new low-priced Goodrich Hot Water heater. For only \$9.95 and \$13.95. The heaters are in comparison of the ones that you pay \$20.00 to \$22.50 for. So be sure and see the Heaters before you install one, for they are a real bargain. You can always save money at the TEXACO SERVICE STATION. We still charge radio batteries for 35c and car batteries for 75c. So see us for better service on your car. The place you pay cash and save money.

## TEXAS OUT-O'-DOORS

AUSTIN, Nov. 20.—With the hunting season in full sway in Texas, the Executive Secretary of the Texas Game, Fish and Oyster Commission has issued an appeal to every sportsman to treat every gun as if it were loaded, and has set out a series of rules, which if observed, would do much to lessen the tragedies of accidents in fields and woods.

"It is the 'unloaded' gun which does the most damage," the game chief pointed out. "And if the following rules are observed there will be more sportsmen to take the fields another day."

Carry only empty guns, taken down or with actions open, into your automobile, camp or home.

Always be sure the barrel and action are clear of obstructions.

Always carry your gun so that you can control the direction of the muzzle, even if you stumble.

Never point a gun at anything you do not want to shoot.

Be sure of your target before you pull the trigger.

Never leave a loaded gun unattended.

Never climb a tree or fence with a loaded gun.

Never shoot at a flat, hard surface, or at the surface of water.

Always remember that alcohol and gunpowder should not be mixed.

"Two-Faced" Fish

No wonder J. G. Kane of Port Arthur was able to catch a certain sand trout recently—it had two mouths. Mr. Kane caught the fish in the lower jaw and brought the ten-inch finny tribe member to the office of the Port Arthur News, just in case there was any doubt about his story.

Sportsmen Cooperating

Texas sportsmen are becoming more sportsmanlike, in the opinion of the Executive Secretary of the Game Department, who has received numerous reports from many of his game wardens since the dove season opened detailing fewer violations this year than at any time in the history of the department.

There was a time when the dove hunter, if a covey of quail got up in front of him, wasn't the slightest bit reluctant about firing into the birds. However, law enforcement and the educating of sportsman to the need of proper observance of game laws has brought about the change, the game department head believes.

Few wardens have found it necessary this fall to file cases against sportsmen for hunting quail out of season, the Executive Secretary said.

Pressing on Anti-Pollution

Pollution of Texas streams, which destroys as many fish as sportsmen take has been fought by the State Game Department for years and its campaign apparently is bearing fruit. More and more oil companies are taking steps to properly dispose of their salt water. For example, a company recently completed a huge pit near Mexia which will hold 1,000,000 barrels of water. The largest holding pit in the State is located near Luling. It will hold 8,000,000 barrels. The Department's recently-filed suit against 'fifty-nine companies for alleged pollution of the Neches-Angelina River system is being watched with much interest by sportsmen who know the damage wrought by the pollution of streams.

Officials of a Norwegian tanker, The Leisten, recently paid a fine of \$535 for pollution of water at Port Arthur.

"Names make News."

United States Senator Tom Connally has grown in prestige through the part he played in the debate on the embargo repeal law.

Everybody has at least one failing—Ralph Yarborough likes to play the phonograph in cafes, though he does reduce the "offense" by selecting cowboy tunes.

Meteorite has been the rise of Jerry Sadler—a year ago, practically unknown outside the East Texas oil fields, today State Railroad Commissioner and high in the favor of Franklin Delano Roosevelt. However, even friendship has its limitations and the President

declined Sadler's offer to dip snuff during a recent White House visit with the humorous remark, "I never use it so soon before lunch."

Texas lost a man of truly sportsmanlike character when Coach W. B. Chapman of Lubbock High School—formerly of Cisco High—died a few days ago. His teams were always smart, alert and clean. He impressed his character upon hundreds of boys. It is a fine thing that our young men should be performing on the gridiron in contrast to the boys of Europe who are fighting and dying on the battlefields.

Modest and smiling, "Chap" never lost that dazzling smile even after dropping a close game. We who knew and admired him are going to miss him greatly.

Jottings about the "fourth estate."

Did you know that Emil Hurja (who was being credited with being the statistical genius back of Jim Farley's amazing forecast that the Democrats would lose only two states in '36) used to be

publisher of the Breckenridge American?

That Claude Callan, whose "Pa" philosophy is nationally syndicated, was editor at Menard—away back when the town's name was Menardville?

And that Wesley Winans Stout, editor of the Saturday Evening Post, used to a reporter on the San Antonio Express?

Billie Joe McGowan and Richard Kendrick, State University students, are spending the Thanksgiving holidays with their parents, Mr. and Mrs. R. M. Kendrick, and Mr. and Mrs. Joe J. McGowan.

Mr. and Mrs. Malcolm Chesney of Sunray, and Mr. and Mrs. S. B. Chesney of Big Spring were the guests of their sisters, Mrs. B. L. Shoemaker and Miss Beryl Chesney, last week end.

Mrs. Clyde Bond has returned home from Mineral Wells where she accompanied Mrs. O. D. Huckabee who has gone there for medical treatment.
