BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JULY 26, 1940

NUMBER 51

We Make Our First Trip To Ruidoso

Last week end was the first time the Old Rambler was ever at the favorite resort for West Texas people, that is the favorite for a resort only four or five hours drive from this section. We had been in past years within a few miles of Ruidoso, whatever that means, in coming form Las Cruces to Roswell on the main highway, but that was in winter time, and we had no care for resorting then. Our crowd consisted of the two Grand Ramblers, the Junior Grand Ramblers and Little Rambler the III, of this city, and Miss Dorothy Davis of Lubbock.

Found that Homer Nelson, wife and children, and Lynn Nelson and wife were there, and later, R. M. Kendrick and wife and all the sons and daughters and in-laws, save one, Clovis and wife. Also the Leonard family. There may have been others in or out that we failed to see. Some former Brownfield folks there permanently, the Clark family who formerly lived in the Johnson community, Horace Claunch, and Mrs. Bill Smith, who was the former Miss Gladys Walter,s daughter of Mr. and Mrs. F. E. Walters of this city. They have recently moved a nice grocery store.

day, Saturday and Sunday. Found for Gulf, who made a special trip was personally presented to Mr. ficials, and help in every way Do Not Taste Questionable Foods that the days are almost as hot as here, but that the night up there 6,500 feet above sea level ally. among the pines get down to about 40 or slightly under, and a fire in the fireplace and kitchen stove nights and mornings feel All cabins are equipped with fireplaces, a kitchen range, ice boxes, beds and covers, and you will want a sheet and two or three quilts. You can dig well anywhere along the swift, clear stream Rio Hondo, with post hole digger, and the first sip we took, we asked where they got the ice to put in it, as we had just arrived. It is that cold. The first time Jack III tried wading, he came bouncing out, saying "It's cold, Daddy!"

and feel. As New Mexico caters to tourists, and has many sights for them, naturally it is a "wide open" state, and especially at resorts. This of course pleases many from the "dry" counties of Texas, who go out partly to cut their dogs loose. And a street scene along toward midnight is the answer. You can freely buy anything from beer to booze over the bar, if you have the money, and some of the boys and gals get rather gay and loud mouthed, but the natives grin and endure their silliness. However, the great majority of visitors stay sober, and really enjoy their stay. The places close, however, on Sunday.

For amusement, there are many dance places, skating rinks, shooting galleries, and what have you. Then, if you care for a horse ride, you can join several gay parties that astride the nags, and go several miles into the mountains, where a real cowboy chuck wagon supper is served. As we had to sit down when we come back home to type out this stuff for the Herald, we did not choose to ride horseback. In fact, we tried to rest as much as possible while out there. While our blood pressure is normal, our years of accountability have ascended quite a bit, especially in the last 40 years. The younger members of the party will, however try anything once, and all of them complained of the place where they sit down next day.

Went over the mountains to White Sands near Alamogordo, there. By the way, we saw an Sunday. The government now has

together with ox yoke, which are vices will be held. known to be 50 years old or more among them. They were dug out of the sands. A good road leads out to where the sands, which are Hold Reunion not sands, but gypsum, are more pure. Nature digs and refines these sands from a lake, and the dunes are crawling about a half a foot each year eastward. Water is found under these sands at a depth of 12 inches, but is pretty rank drinking. The glare out there is like being in snow with the sun shining, and the people who work there wear dark glasses.

If you ever pass that way, will be worth your while to stop. In going over the mountains, one passes through an Indian reservation which is quite interesting. They have a good Indian school Indian dance Saturday night at Ruridoso, and while we think there are a number of grade school kids Many Thanks for the here that can beat those Bucks dancing, the "Fuss and Feathers and Fire" were an added attrac-

WTCC Representative Here Tuesday

Brownfield had the pleasure of 1 brief visit Tuesday morning from Jed Rix, field representative of the West Texas Chamber of Commerce, and Percy Ralls of Ralls, chairman of District No. 2 which includes 20 counties on the South Plains. The object of their meeting was to more familiarize the citizenship of the section with what the WTCC is trying to do for the entire area.

address, introduced the two speakers. Mr. Ralls first repsonded, and stated that in the beginning appeared that the WTCC meetings were more of a big bow wow put on in the larger towns to see how many people they could get to attend, with just a little mixture of business, but in the past few years, the chamber has taken ers that took time to attend.

We spent three night there, Fri- Houston, District Sales Manager ident of the Gulf Companies; and to get them to get behind the of- kills, not the bacteria. to Brownfield in order to deliver Bowers by G. O. Markins, Sales posible. He then outlined some of the things most needed to be

His first point was redistricting county and Wise county to mention just two, each with around 20,000, each have a representative. Lubbock county alone has more than twice the number of people as they do. Johnson county with 20,000 has a representative, and not content with that an interest we believe, in a flotorial. If that representation in our state gov-

When Your Pressure | There Shall Be No Cooker Ails; Take Its Hunger Here **Temperature**

Pressure cookers that do not run a temperature need to be sent to the hospital! Yes, and so do folks who can, and find their products spoiled a few weeks later and all the work gone for naught.

Gauges on pressure cookers should be checked with a maximum thermometer at least once a year as a safeguard against lost Dick McDuffie in a very brief labor and ruined health. Vegetables such as corn, beans, peas, and beets which are low in acid and high in protein often contain spore bearing bacteria which requires a high temperature to be destroyed; a temperature, in fact, made possible only by pressure cookers which are in good condition and elevators and warehouses. registering correctly.

The toxin from this bacteria on a more serious aspect, with widely distributed in nature, "Bot. more business, trying to help the ulism", should it be present in people of the area as much as foods is in most cases fatal. Today, it is estimated that the value of Texas Wild Life is greater than any state in the Union. Our idea is that the governor wants the present setup out so he can put in his pets, if you care for our opinion about the

> Friend E. I. Hill of the Tahoka News, in his column, Odds and Ends, which we read very closely, in speaking of Old Mexico the past week, its tropical low lands and rapid transitions to great elevation, seems to associate only low and warm climate and mosquites This is not always the rule, however, as a friend of ours, who was in Alaska three years ago, states that country has the greatest number and the most vicious mosquitos he ever saw. Just rake the snow off the ground any place, he says, and they swarm out and attack you. Arkansas used to be noted for its mosquitos, but drainage and crude oil has made that section have less mosquitos than our own gulf coast by a long shot.

When the big gun demmycrats like John Henry Kirby, millionaire lumberman of Houston begin to line up for the Republican party, it is time for the common herd to put on the old thinking cap and think real hard. We have all lived long enough to know that such men have no great sympathy for the common run of people, including the small business man, and the safe plan is to back the men that such men oppose. So, it will be perfectly safe for the run of the mill people to stand hitched for Roosevelt and Wallace. Candidate Willkie says the trouble with democracies here and in Europe is that "they try to please the people." Can you digest that? Another big business man once said during the other Roosevelt administration "the people be dammed." Both said about the same thing in a different way.

The Herald has never tried to tell you how to vote. You bought and paid for yur poll tax receipt, and of course have as much right to use it to suit yourself as we. We have also lived here 31 years and this makes our 15th campaign to go hrough without endorsing anyone. We have always lived up to this in order to be fair and square with all who announce in these columns, as much as we would like to deviate from that rule at times. But this time, we are going to ask friends as a personal favor to vote for two men, Tom Connally for the U.S. Senate, and George Mahon for Congress. Reason: Both these men are tied up by emergency legislation at Washington, and cannot come home to make a personal appeal to voters. So, if at all consitent with your views, cast a vote for these faithful servants who are working for

We are gravely told that all the Did you listen to Tom Connally's the day of execution for one full band, Mr. George Murry recently. eral days with Mr. and Mrs. Harmake him solid with the thugs.

J. B. KNIGHT HARDWARE

To The Citizens of **Terry County:**

I wish to take this opportunity to say one last word in behalf of my candidacy for County Attorney. I have enjoyed making the acquaintance of the people of this county, and I have tried in my canvass to meet every person, whether voter or not, because I feel that the County Attorney should be acquainted with every citizen of his county in order to serve them best.

I have personally provided the necessary expense in my campaign for County Attorney. I have worked hard and long hours, and have tried to prove to you people that I will sincerely appreciate your consideration. I have run a clean race and have presented to you people only my merits and qualifications. I have confidence enough in my ability that I believe I am fully qualified to handle the duties of County Attorney; however, you are invited to again investigate me and my record as to my ability as a lawyer and as to my character and morals. I need the job because I have established a home in Terry County and I have the sole responsibility of providing for that home.

My thanks are extended to every one who has assisted me in any way in my campaign, and if I am successful, I pledge you my very best in enforcing all the laws without fear or favor.

Sincerely yours, H. B. Virgil Crawford (Political Advertisement)

PLAINS-

Frank Ferrell, who has been visiting in Silvesa all summer, has returned to Plains.

Mr. and Mrs. Sanford Webber, Mrs. J. H. Morris, Mrs. Aaron Morris and Mrs. John Camp and son visited in Roswell, N. M. Fri-

Mr. and Mrs. L. D. Camp spent Sunday with Mr .and Mrs. Hague. Ruby Tevebough left last week for Plainview, where she will enter nurse's training.

Mrs. Bert Bartlett and Wanda visited in Ralls, last week end. Sallie Lynn Forrest of Tech visited home last week end.

Burton Cates of Decatur is here visiting friends.

Local Boy Tells Of Airplane Factory

The following letter from Wilburn Hamm to his parents is selfexplanatory. Dear Mama & Dad,

Will write you a little news about the aircraft plant that you and Edwin can put in the paper if you want to.

The plant is almost completed and when it is, it will be the largest aircraft plant in America. The Corporation is hiring men at the rate of from 50 to 75 daily to fill the vast amount of building space. My conception is that the aircraft industry is a wonderful field for any mechanically minded young man to enter. The industry is young and every angle of the business points to a bright future for the man who will work toward a lengthy illness with heart trouof profession employed in the industry, such as woodwork, metal Monday afternoon at 5 o'clock. ers, engineers, draftsmen, secretaries, and many others. If a man has had any mechanical experience his parents, two sisters Margaret or is mechanically inclined and of and Annette, his grandparents Mr.

am employed boasts 1,910,000 eral. square feet of covered and uncovered manufacturing space and 954, 440 square feet of contiguous airport land under option for further expansion if necessary. Full manufacturing facilities estimated as completed by August first brings this plant into full alignment with the President's emergency defense program for building a vastly expanded number of aircraft.

Consolidated Aircraft Corporation is unique in its possession of most favorable conditions surrounding its ascendency as the largest aircraft plant in America. San Diego's wonderful climate permits much of the operations in the construction of an airplane to be performed outside as well as inside of the plant.

Love to all, Wilburn

Typical experiences WITH THE FREE MILE-DIAL

CAREFUL SHOPPER type tells you:

"I'm driving the car all day while my husband's at work, so I really buy most of the family gasoline out of my own budget. If I can get even 2 or 3 miles more to a gallon I want to know it. That's why I went to a Conoco station for my Mile-Dial-not just because it's free, but because it really lets you know your true mileage, exactly as a woman wants to really know about anything she pays for. I like buying tested things-the same as any up-to-date consumer -and this certified Mile-Dial is like giving us consumers our own easy way of testing Conoco Bronz-z-z for mileage.

"Anyway, it's almost like a game, dialing your correct mileage on the Mile-Dial-awfully clever. My husband says so, too. By the way. my driving is just as economical as his, the way it proves out on our Mile-Dial. Isn't that interesting? And we're keeping on dialing to make sure of our average in all different driving. Right now, after 61 gallons of Bronz-z-z in all, we're a good 200 miles ahead of what we used to expect from that much gasoline."

"DIDN'T CARE" type of driver says:

"I didn't much care what gasoline I bought as I went along. But this Mile-Dial being free, and really daring you to keep your own close tabs on Conoco Bronz-z-z gasoline, I went for it: And now I know why they've got the gimp to let the Mile-Dial tell all. For you can see by my Mile-Dial right on the dash that I've gone 633 miles on 37 gallons of Conoco Bronz-z-z.

"Now if you'll watch this smart Mile-Dial work-next to automatic-you'll see it giving the answer: . . . above 17 miles to the gallon of Bronz-z-z in this big eight, around town here. But I'm leaving for about a 700-mile tripmostly open country. So don't be surprised if I even get better mileage. And don't say that's a brag, because you can't help believing the Mile-Dial. Besides settling the economy of Conoco Bronz-z-z it's sort of swell fun dialing your honest mileage. The Conoco boys must know what their gasoline's got, to give you a Mile-Dial free. I'll bet you would like one yourself and they're free as air, around a Conoco station. You ought to go quick and get yours."

NO REPUBLICAN WILL BE By Amos Harper in His Seagraves of Pie and Pork Barrel. If the Reporter.

TURKEY CROP GOOD

The Panhandle region of Texas promises to produce a very good turkey crop this year, considering the rather limited turkey range in those parts. Along the streams where there is adequate vegetation, the turkey hatch this year is reported as extremely good by Game Wardens in the area. One Warden reports seeing a big turkey hen with a brood of 14 young turkeys about the size of quail in Hemphill county. The youngsters, he said, were fat and in a healthy condition.

Landowners of the Panhandle are making every effort to guard their deer and turkey crops so that these species may be hestored at least in some sections of that portion of the State.

SEVEN ICE CREAM CONES FOR EACH TEXAN

AUSTIN, July 22.—Seven ice cream cones a piece for Texas' six million people!

That's the quota turned out by Texas ice cream factories during June, according o the University of Texas Bureau of Business Re-

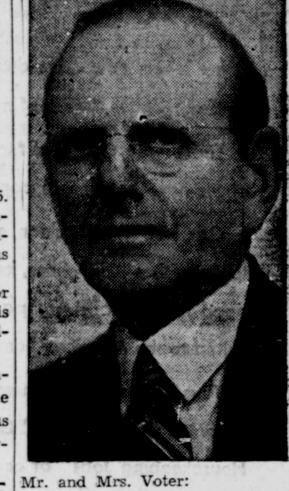

Production of this summer delicacy was estimated by the bureau at 1,437,000 gallons, the peak of a steadily climbing output. June production was 3.8 per cent higher than in June a year ago. For the first half of 1940, ice cream manufacture gained 9.6 per cent over the first half in 1939.

Other dairy products likewise showed a June gain over 1939-American cheese 2.5 per cent, creamery butter 1.3 per cent.

Production of cheese was estimated at 2,018,000 pounds, butter at 3,069,000 pounds.

Misses Echo and Jobelle Milliken of Tahoka were guests of Mrs. Carl Lewis, Monday.

. THE TRUCK OF VALUE

Probably you have never been directly interested in the prosecution of a criminal in your District Court, and for that reason might not be interested in seeing that the office of District Attorney is filled by a capable and experienced prosecuting attorney. You might suffer an injury at the hands of a criminal, either in person or property and at once become vitally interested in seeing that justice was done, and you would then learn what it really means to have a capable and efficient attorney as your District Attorney.

Tom L. Price of Garza County, Texas, has had years of experience as a prosecuting attorney. and is capable to meeting the shrewdest defense attorneys the LUBBOCK, July 23. - Texas criminal might hire. He is offering

YOU KNOW THE LEADER IN TRUCK SALES MUST BE THE LEADER IN TRUCK VALUE

Truck buyers are careful buyers-they thoroughly analyze and compare all types of trucking equipment -they want to

make certain that they'll get the make and type of truck best suited to their business requirements.

It is a significant fact that more truck users choose Chevrolet than any other make of truck ... because Chevrolet trucks could not have established their record of leadership in 1940 and maintained it for six out of the last eight years had it not been that Chevrolet trucks deliver more dollar-for-dollar value than any other make.

All models and types of Chevrolet trucks may still be purchased at today's low price levels, so it would be wise to consider replacing some of your trucking equipment with new Chevrolets now.

TRUCK OWNERS WANT FACTS...CHEVROLET GIVES **Certified Proof!**

On the longest test run ever conducted under the supervision of the American Automobile Association, a stock Chevrolet 11/2-ton truck turned in a marvelous performance and economy record. The facts of this test run are clearly outlined in an interesting booklet entitled "Says Who?" You may obtain this booklet from

your Chevrolet dealer or by writing to ChevroletMotorDivision, General Motors Sales Corporation, General Motors Bldg., Detroit, Michigan.

outbreaks of food poisoning over the state in the past few weeks This is to remind those who demonstrate the need for special

"Prevention of food poisoning requires clean food handled little as possible and consumed while before serving, and allowed to stand at warm temperatures becomes good culture media for bacteria. Cooked products of a perishable nature are readily subject to

in order to give him an opportun- by infection by certain types of bacteria which grow rapidly under favorable conditions, such as high temperature and high humidity. The infection may come from dirty hands, utensils, flies, rodents, contaminated water, infected food materials, and in some cases, from certain types of bacteria which spread rapidly and are not necessarily associated with filthy con-

Picnic food is particularly susceptible to transmitting food poisoning to the members of the picnic party. Be sure you have fresh, clean food, free from stagnant odors, slime, etc. Require all who prepare the food for use to wash their hands thoroughly before handling it. Avoid excessive hand contacts with the food. See that clean containers are used and Mr. and Mrs. Preston Weaks of that special care is exercised in them from contamination.

> "If food is prepared far in advance of its use, cook it thoroughly, and keep it refrigerated or otherwise protected at a temperature under 50 degrees F. until you are ready to use it. Avoid serving foods that are already infected, such as the more perishable salads and cream-filled pastries. Any foods that are not served immediately should be kept on ice. Milk, ice cream, and dairy products in general should be from approved sources.

> "Digestive upsets cannot always be blamed on food served or eaten at an outing. Sometimes excessive heat and humidity combined with over-exertion and over-heating, as well as over-eating, help to bring them about. Remember this, and don't indulge in too strenuous exercise when the days are hot and muggy. Don't indulge, either, in unwise combinations of food," Dr. Cox further warned.

Mrs. Eugene Jenkins is visiting her sister-in-law, Mrs. Jack Johnson in Tyler.

Up to within five days of the primary Saturday, 203 absentee votes had been cast.

Chevrolet Sales 50 Per Cent Over 1939

DETROIT, July 15.—Chevrolet dealers' retail sales of new cars and trucks during the first 10 days sizd In '41 AAA of July exceeded those for the first 10 days of June, and totalled 27,- Program 869, which is higher, by 50.6 per cent, than sales for the correspondng period in 1939. W. E. Holler, general sales manager, made the announcement here today. In the first 10 days of July last year sales were 18,502, the records show.

Sales of used cars in the same period were 44,277 units, the secodn-highest total for this July period in Chevrolet's entire history. Combined new and used car cales totalled 72,096, an exception- tions of the National AAA Conally high figure for the initial per- ference, held in Washington, D. iod of the month, and one which C., according to George Slaughter, is considered especially remark- chairman of the state AAA comable in view of the 102,615 retail mittee, who attended the conferfor June.

Pontiac's Sales Top '28 Record

Sales of new Pontiac cars during the first 10 day period of July were 6643-breaking a record that has stood since 1928 and eclipsing the first 10 days of July 1939, by Joan Crawford and Fredric 98 per cent, D. U. Bathrick, Gentral Sales Manager of Pontiac Motor Division, reported today.

> The 10 days sales total is just 184 cars less than were sold in the entire month of July, 1938. Previous high for the period was 5709 in 1928. Pontiac's new car inventory

tands at 25,409 while ustd car perations continued high with 13,174 sales against 8504 in the same period last year. Dealers reported a 28 day stock of used

"The July figures are gathering momentum from Pontiac's June sales which topped the model year thus far," Bathrick said. "The 10 day July figure is impressive particularly in view of the long holiday week end which took place and the new excise taxes which went into effect July 1. With our new car inventory at 25,409 Pontiac dealers will reach August 1 with less than a 30 day supply of new cars available."

Mrs Myrtle Rochelle, daughter of Editor E I. Hill of the Tahoka received her degree in physical News, is now in the employe of education at Texas Tech and is the Brownfield News as reporter spending the remainder of the and society editor. Welcome to Brownfield.

Conservation Empha-

College Station, July 23.-Next year's AAA program will continue emphasis on soil conservation, give increased opportunity for adapting the program to fit individual farm requirements and provide features that strengthen the Ever-Normal Granary program of balanced abundance and produc-

Those were the recommendasentatives.

It was pointed out at the conference that farmer recommendations for srengthening the Ever-Normal Granary and for more conservation are an important contribution for the national defense, the chairman declared.

Several new soil-building practices have been recommended, he continued, and expansion of the grant-of-aid plan, under which farmers receive advances of lime superphosphate and other mater ials necessary for conservation a gainst payments earned under the program, was endorsed. Recommendations also were made to extend special wind erosion control programs to a larger area in the Southern Great Plains. Special proving the handling and storing

The Davis Travelogue By Mrs. E. C. Davis

(Continued From Last Week)

Upon our agrival back at the and two guides for the night's win, and Mmes. J. J. McGowan, from Georgia, but finally got start- lile Tandy of Abilene. ed. They first took us over into Jefferson Parish, where gambling VISITOR FROM QUANAH is permited by old Napoleonic law. HONORED TUESDAY The old Southport Inn was a veritable Monte Carlo. The interior was gorgeously decorated with cut glass chandeliers, deep piled rugs, and beautiful furniture. The rooms contained gambling tables for Baccarete, Roulette, Screeno, and one wall was lined with slot machines of various denominations, anything from a nickel to a dollar. Two men presided at each table which was surrounded with thia Tankersley, Scharlyn Daniell, around the room for about thirty May, Jean Craig, Judy Griffith, minutes, watching the proceedings, and Vinita Gayle Walters. but did no playing, as the guides told us our chances to win were FEDERATED M. S. very slim, and unless we wanted to lose to not indulge. The place was heavily armed We saw various slots in the walls behind which were mounted machine guns. They were arranged in such a manner, I that the entire building was covered, in case they wanted to use them. Half of the profits of this institution goes to charity, so we were told, which accounts for the five large charity hospitals, and provides their upkeep in the city of New Orleans. One is a 4,200 bed institution, which we saw the next morning. Saturday night was the ideal night for a slumming BREAKFAST IS GIVEN

We went back to the car and proceeded to the Wonder Bar, still tained with a breakfast Tuesday in Jefferson Parish. He told us a bit of what we would see there, Mrs. Sam Goodwin, her son Lt. so we would not wonder what it Goodwin, and her daughter Miss was all about, when the floor Marjorie of Fort Slocum, N. Y., show began. Doc said I blushed from the time I got in till I got Brownfield. out. The performers were female impersonators (commonly known as "faries".) They did Apache, Hula, Acrobatic and Fan dances and one, the prima donna, sang selections from the Opera Martha and two others sang blues songs. Some of them were so effeminate, they had long hair, and others wore wigs, done up in latest style for women. Most of the program would have to be seen, for it wouldn't sound so good in Jack's paper

trip of this sort.

The next night club was the La June, meaning The Moon. It is located in the center of the old French Quarter of the city. The place exuded the atmosphere of Old Mexico, with Spanish influence prevailing. On the walls were Spanish murals, over the bar was a beautiful silver plaque, in bas relief, of Diana, Goddess of the Dawn, sculptured by Don Alvarez, the noted Mexican sculptor. Behind the orchestra pit, where a Mexican orchestra was playing, was a portrait, "The Bull Fighter" painted by Reviera. A guide told us this place was frequented by the elite of New Orleans. We had noticed the contrast in the crowd here, from the ohers we had vis-

atmosphere. You are always welcome.

MRS. J. E. SHELTON, Prop.

MRS. RAY BROWNFIELD, JR. HONORED WITH PARTY

Mrs. Roy Ballard complimented Mrs. Ray Brownfield, Jr. with two tables of bridge Tuesday afternoon at her home. Pot plants were decorations. Miss Queenelle Sawyer scored high and was given a linen handkerchief. The honoree was also given a gift.

A salad course consisting of sandwiches, deviled eggs, potato chips, olives, whipped cream roll and iced tea was served.

Those attending were, the hon-Paradise Courts, we found two cars oree and her mother Mrs. Goodamusement trip. We had to wait H. M. Pyeatt, Bruce Zorns, and a few minutes on some people Misses Queenelle Sawyer and Nat-

Joan Conley of Quanah, who is here visiting her aunt, Mrs. J. J. McGowan, was honored Tuesday afternoon when Deenie Ballard entertained for her at the Ballard home. Games were played and the honore was presented with a gift by the hostess. A picnic supper was served on the lawn.

Guests were Dickie Lees, Cynplayers, a capacity crowd of both Mary Edna Tankersley, Douglas men and women. We wandered Tankersley, Sandra Bailey, Ida

The Federated Missionary Society will meet at the First Baptist church on Monday, July 29 at 3:30 o'clock. The program will be as follows:

Piano solo, Mrs. Ellison Carson; LUNCHEON HONORS Prayer, Mrs. H. W. Hanks; Devo tional, Mrs. Frank Wier; Special song, Dorohy Jean Power; "Tension that leads to broken homes." from 'Christian Home Life in America," Mrs. Avery Rogers; Closing song, Stepping in the Light,

FOR VISITORS

morning at their home, to honor

The meal was served on the side lawn from tables laid with colorful table cloths and pottery. Other guests were Mr. and Mrs. Ray Brownfield, Lt. and Mrs. Ray Brownfield of San Antonio, Miss Natilie Tandy of Abilene, Mr. and Mrs Bruce Zorns, Mrs. Roy Ballard and daughter Deenie.

and he said as we left the La June, We're going to the Dog House now," which aroused our curiosity. This is another night club, famous in New Orleans, being in operation over thirty years. The entrance of the place had the appearance of a dog kennel. Here five girls put on a burleque act mostly strip-tease.

At 2:30 a. m. we concluded our fling at night life by a visit to the Morning Call, New Orlean's most famous drinking place, a coffee stand in the market place where coffee and square doughnuts were served. Here the society of Old New Orleans meet aflight. The place was very Cosmorich and the poor, men and women

on oval bar, with stools surroundthe room, lined with mirrors, were marble top shelves, with stools meals served in a home-like could see everything going on in the entire room.

At 3:30 a. m., we fell into bed great need of being shown the are now visiting in Comanche. for a few hours sleep, before starting out with a guide at 8 a. m. to see the City of New Orleans. (Continued until next week)

THINKING OF BUILDING A HOME?

If you are, let us figure with you. We can avoid many troublesome delays often encountered in attempting to obtain F. H. A. loans through inexperienced parties. Our excellent record with Loan Agency Headquarters has been rewarded by being allowed certain privileges that insure the absolute minimum of delay in applying for a loan.

Then too, we can draw up your plans and specifications, thereby eliminating additional expense, and we carry a complete modern stock of builders hardware, plumbing fixtures and the latest materials that go to make a modern home.

For these reasons, we believe we are capable of taking care of your building problem now more satisfactorily than many other dealers.

MRS. LEE O. ALLEN IS HOSTESS TO CLUB

On Wednesday of last week Mrs. Lee O. Allen was hostess to members of the I-Deal club at her home. A Fostoria water pitcher was given Mrs. McDuffie, who scored high and tarter plate was given Mrs. L. M. Wingerd, who scored second high. A traveling slam prize, a box of pink clover soap, also went to Mrs. McDuffie.

A salad plate was passed to the following at the conclusion of the games: Mmes. E. G. Akers, R. L. Bowers, Clovis Kendrick, D. M. Evans, Roy Herod, W. R. McDuffie, J. J. McGowan, A. A. Sawyer, R. R. Taylor, L. M. Wingerd, J M. Telford, Jim Graves, R. M. Kendrick, J. M. Welborn, W. S. Brumage and E. C. Davis.

DEAN-PREWETT VOWS READ

Miss Mauriece Dean became the NORTHSIDE BAPTIST CHURCH bride of Mr. W. F. Prewett Saturday evening in a ceremony performed by Rev. Hanks in the Methodist parsonage.

The bride, who is the lovely young daughter of Mr. and Mrs. Raymond Pickett of this city, is a graduate of Brownfield High School. She was wearing a navy All the members of the church blue crepe dress with white emand Sunday school are especially broidered organdy trim and white accessories. Attending the ceremony were Miss Dean's brother, Mr. will find a hearty welcome await- Loyd Pickett and Miss Thelma Lee. The bridegroom is employed at

> Their many friends wish them much happiness and success and a long marital life together.

> Mr. and Mrs. W. D. Lane and sons Jim and Bill have recently moved here from Texon and are living in the Clyde Cave home on Cardwell street. Mr. Lane is superintendent of the Plymouth Oil Co. Mr. and Mrs. Lane spent the past week end in Texon with friends.

Mrs. D. G. Zachary and Mrs. F. A. Zachary of Lubbock were guests of Dr. and Mrs. T. H. Mc-Ilroy, Friday.

Believes Ma Will Face O'Daniel In Run-off

Corsicana, July 15-Speaking to the largest audience which has so far greeted any candidate here in the current political campaign, former Governor James E. Ferguson charged that Governor O,Daniel's failure to accomplish anything was due to the fact that he does not know how to run the governor's office.

In a fiery address delivered in the interest of the candidacy of his wife, Miram A. Ferguson, for governor, Ferguson declared that the people of Texas realized three weeks ofter the election that they had made a mistake and predicted this error would be corrected by the election of Mrs. Ferguson in the coming primaries.

"A professional politician has got more sense than a professional ignoramus" the ex - governor shouted amid cheers in discussing O'Daniel's oft-repeated threat to rid the State of professional poli-

"O'Daniel promised to pay the old-age pensions in full but he didn't do it because he didn't know how. A pension plan that don't work is just a fraud."

A canvass of the views of the large crowd and of a cross section of political sentiment in Corsicana made preceding the rally brought forth the prediction from Ferguson supporters that O'Daniel had lost ly. heavily in this section and that Mrs. Ferguson would undeniably face him in the run-off.

Mr. and Mrs. Charles Leonard and daughter Louise and Dapne Huckabee have returned from a vacation to Colorado and New Mexico. They drove up on Pike's Peak while in Colorado. They also spent some time in Ruidoso.

Mrs. T. E. Stucker of Los Angeles. California is visiting her mother Mrs. J. C. Bevers and sister, B. W. Blevins and R. B. Bevers and family.
