Your Home Owned and Home Managed County Paper — Where Farming, Ranching and Oil Fields Bring Prosperity to Terry County People

VOLUME THIRTY-SEVEN

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY SEPTEMBER 26, 1941

NUMBER 8

Terry County Tax Roll Is Completed

County Assessor and Collector Virgil Burnett stated this week that the 1941 tax roll had been completed. He gave us the following detailed statement:

Assessed Valuations Increase

The assessed valuations this year are \$6,573,645, compared to \$5,807,775 for 1940, an increase of \$765,870. The rate will remain the same, although there will be an increase in taxes payable of \$6,000. This is real and personal taxes. A statement of the amount of your 1941 taxes will be mailed the first of October.

Discounts for Early Payments

Mr. Burnett stated that beginning with October, one could pay their county and state taxes, saving quite a bit on them as they bear a discount. The discount during the month of October will be 3 percent; for November, 2 percent and December, 1 percent. January taxes will be actual.

Mr. Burnett attributed the large increase in taxes to oil development, new businesses and new homes. He also stated that there had been a 40 percent increase in car license, which had reached \$50,000. Up to that figure, the county gets all; after that amount a 50-50 cut with the state.

There has been 2836 passenger car license issued; 467 commercial and 435 farm car license.

New Dry Goods Store Opens In Brownfield

The J. C. Jones Co., opened with a full line of dry goods last week in the Joe Bailey building on east Main. Mr. Jones stated to the Herald that they were just country boys who wanted to be friendly with everybody. We might also state that Mr. Jones said that he had found the most friendly folks in Brownfield he had ever met, so easy to acquaint with.

Their stock is complete and is calculated to fit the needs of all the family. Mr. Jones stated that they bought for cash and sold the same way, and with little overhead, no bookkeeping, their expenses were cut to minimum. The personnel of the store will all be Brownfield people whom you know.

Mr. Jones also stated that he was well pleased with the initial reception he received from buyers of the area on opening week, and wished to thank the entire citizenship for their hearty response.

New Addition To The City

The Givens 150 acres of land, just northeast of this city, has recently been acquired, and is being subdivided into lots, blocks streets and alleys, and will become the "Neill Gardens" addition to this ever growing city. The plans also provide for many small acreage tracts. The property begins only three blocks east of the new School building, and lies adjacent and north of the Tahoka highway, and being accessible to all the schools and public utilities will be soon an ideal residential section of the city, which certainly needs more room and housing. Mr. V. N. Sibley, a prominent oil operator of this section, is backing his faith and foresight in the future of Brownfield, by making the initial investment. The Neill Realty Co. is handling the project.

It is such men and enterprises as these that helps to build a city, and with the bright prospects, so plainly near, this one will not be a miss.

Attention Farm Bureau Members

I am calling a meeting for next Saturday 27 at District Court room, 3 P. M. This meeting is important as the State office is desirous for some information that each member should help out on, please be there.

L. L. Brock, Pres.

Miss Joy Simpson of Union spent Sunday night with her aunt, Miss Maudie Jo Fields.

The Terry County A C A News

The Terry county A C A office is speeding A A A work to meet the demands of the defense campaign for greater food production. The A A A office anticipates that all farmers will receive their 1942 cotton allotments by November 1, 1941.

During the month of November, the farm plan, incorporating a survey of food production in 1941 and pledges on food production in 1942, will be presented for the consideration of every farmer in the county.

Definite plans for the food production sign-up have not been announced, but, according to the Secretary of Agriculture Claude R. Wickards recent announcement, the campaign will be completed by December 1, and every farmer in the nation will be asked to do his part in meeting the food needs of this nation and the nations fighting aggression.

Allotment notices for cotton will be in the hands of the producers before November 1 so that they can make definite plans as to how best they can do their part in the food drive. No allotments will be issued this year on vegetables or general crops.

Loans on the 1941 grain sorghum crop are available this year for the first time in Texas, L. A. Brock chairman of the Terry County A C A has announced.

The purpose of this kind of loan which will be made to producers who complied with acreage allotments provisions, is to aid producers in holding their feed and seed supply and in marketing their surplus in an orderly manner. For No. 1 grade grain sorghum stored in farm structures the loan rate has been set at 40 cents per bushel. Warehouse stored grain will be about seven cents less than farm stored grain.

As in the case of wheat and barley, applications for loans will be handled through the County A A A committees.

To date Terry county farmers have received \$16,517.01 in parity checks for 1941. It is anticipated that checks will arrive about \$10,000 to \$20,000 weekly.

Terry County Gets Two New Oil Wells

Twenty-nine oil wells were completed last week in the north permian basin, in the five counties of Gaines, Yoakum, Cochran, Hockley and Terry. Hockley county got 15 of the 29 registered as completed. Terry, Gaines, and Cochran registered 14,489.81 barrels per day from their 14 wells. Hockley county with 15 completions with a potential of 18,280.12 barrels per day on theirs. However, Terry got the strongest well in the bunch, the George P. Livermore No. 4 Jacobson in the south part of the Slaughter field having a rating of 2,219.04 barrels per day. The other Terry county completion was the Gulf No. 9 Mallet for 1206 barrels per day.

At the beginning of the year, it was predicted that the Terry county section of the Slaughter field would have 100 wells by the first day of 1942. They will have to hurry, as only three months is left with just the rise of 50 wells reached. There are still three months left, and the new, modern drill does its 5,000 feet in a hurry.

Sweet Shop Changed Hands This Week

Mr. Dewey Campbell of Lubbock has purchased the Sweet Shop next door east of the Murphy Grocery from Alex Humphries. Mr. and Mrs. Humphries state that they are again moving to Abilene, as that is where their children are, and they feel better closer to them.

Mr. Campbell has had years of experience in the cafe and confectionery business, and stated that he had a place in Lubbock very much like the Sweet Shop. He stated however, that it was his aim to try and sell the Lubbock business between now and Jan. 1, and move his wife and child down here.

Notice Of Red Cross First Aid Meeting

A meeting will be held at 8:00 P. M., Monday, September 29th, in the District Court Room at Brownfield, for the purpose of organizing a First Aid Class. This class will be sponsored by the Terry County Chapter of the American Red Cross and the Texas Highway Department. All adults who are interested in taking the American Red Cross Standard First Aid Course are invited to be present at this meeting.

In this connection, we wish to state that Lester McPherson, maintenance superintendent of the Terry county division of the State highways, is very enthusiastic about this meeting. He and his boys who look after the maintenance of our highways, have been practicing first aid to injured people for a long time, and are very efficient. They are going to be a big help when the organization is under way in giving lessons on how to handle injured people, and what to do until the physician gets there, or they are carried to a hospital.

Make sure that you are at the meeting next Monday night. If you have had experience, that will be valuable to the rest of us. If you have not had experience, now is a good time to learn.

Morton J. Smith, Plains Pioneer, Passes On

Morton J. Smith, 76, pioneer of the South Plains for whom the city of Morton was named, was found dead shortly before 10 o'clock Thursday morning in his room at the Hilton Hotel in Lubbock.

He said that he did not feel well before retiring Wednesday night. A physician attributed his death to a heart attack. He apparently had been dead several hours when his wife awakened and physicians were called.

The body was taken to Rix Funeral Home in Lubbock.

Staked Out Townsite

Mr. Smith first came to the South Plains 56 years ago with a group of cowboys driving a herd of 3,500 steers to Fort Sumner, New Mexico. He returned to live in the area 31 years ago and established his home in Lubbock. He staked out the town site of Morton in the heart of a 20,000 acre tract he had purchased from Mrs. Minnie Slaughter Veal, and was the guiding force behind the organization of Cochran County in 1923. —Cochran County Headlight.

Gov. Stevenson To Visit Tri-State Fair

When the governor of Texas goes to Amarillo to open the Tri-State fair, Monday, September 29, he'll have a busy day.

Gov. Coke Stevenson will be guest of honor at a public breakfast to be held at 8 o'clock that morning in the Hering Hotel, open the fair at 9:45 o'clock; address high school students before noon; attend a Kiwanis luncheon, then hold press interviews and attend a barbecue in his honor between 4 and 6 o'clock at the old Jack Hill ranch.

Other distinguished visitors to be at the fair in Amarillo during the week will be Capt. Charles Rosendahl, noted naval officer, who will be there Thursday and Governor John E. Miles of New Mexico, who will attend the exposition on the closing day, Oct. 4.

Entrance To Knight Hardware Remodeled

Workmen last week put a touch to the front entrance of the J. B. Knight Hardware that added 100 per cent to it looks. Glass tile was put on the walls, and the floor entrances was laid in pleasing colors and patterns of floor tile. The wall tile is of a reddish brown color, trimmed with light yellow.

This extra touch gives the store a very pleasing effect, and adds greatly to the looks of the west side of the square.

610 People Register At Bank Reception

At least 610 people registered at the house warming at the Brownfield State Bank last Friday, and there is always a lot that get in and out without registering. All who registered had a pom-pom pinned on them. A radio was installed by Bob Spear for music or news should any desire.

The prettiest and greatest display of flowers ever seen at one time or place in this city, was represented by 46 distinct baskets and bouquets of lovely flowers of all the well known varieties. Mrs. Flem McSpadden, local florist handled 41 of these baskets, and we must say that she did a great job. Cigar were passed to the men who smoked.

The reception lasted until closing time. The regular banking force of girls were assisted by Mrs. Bruce Zorn in the receiving line.

Little effort was made to do any banking business as it was just a day for the bank officials and personnel to meet their friends, and show them about the place. It took one quite a bit of time to admire all the flowers that friends and other bankers, local and over the state had sent.

Serves Barbecue Dinner

A six o'clock dinner was served on the spacious back lawn at the residence of Vice-President J. O. Gillham, attended by a large number of visiting bankers, ranchmen, farmers and others. The menu consisted of barbecue, son-of-a-gun, pickles, onions, ranch style beans, bread, coke or coffee. The meal was prepared and served early as many wanted to attend the football game at Level-land.

Plains Couple Visit In Alabama

Mr. and Mrs. A. C. Copeland of Plains were through here Thursday on their way home from Alabama, where they visited relatives. It was Mr. Copeland's first trip back in sixty-one years, and he said there were vast changes; where there was once big timber he found dense underbrush.

Mr. Copeland left that state with his parents in an ox wagon and were three months on the road. He said they got to Free-stone county at night, and some of the party (there were several in the caravan) said, well, if this is what Texas looks like we are going back to Alabama, and they left to go back and the Copeland's stayed.

Mr. Copeland was a valued citizen of Terry county for a number of years, and he and his wife have many friends here who are always glad to see them when they come to Brownfield.

Sitting On Top Of The World

W. R. (Wiley) Bridges writes us under date of Sept. 6, that he and wife are still sitting on top of the world at Fairbanks, Alaska, and that they are getting a lot to eat, and still seeing many interesting things. He had just gathered some fine yellow globe turnips from the garden for the noon meal.

Said the tops were hard frozen that they snapped like ice, but had kinder put a quietus on mosquitos and gnats. He had been shocking some very fine oats for his son-in-law Carol Phillips, and is still eating moose and caribou meat, which was fine, he said. They are to start back to Brownfield about October 4th.

Free Gate At The Terry County Fair

Originally it was intended that there would be a small admission charge to the fair, and a \$25 Defense Bond given away every day, but there were some complications that could not be overcome this year. An earlier start will be made next year, stated fair officials.

However, there will be a small charge tonight to see the Plains High School and the Cub B. team tangle on the Cub field.

• Supreme In Circulation

And Speaking Of Fruits and Vegetables

Terry and other south plains counties have been wonderfully blessed this year with crops, not to mention abundant fruit and vegetable crops, the like of which is seldom seen here. And you just don't know your okra and onions if you don't think people have taken advantage of the abundance to can and preserve as they never have before.

Many of us "old he's" have grumbled at the grocery bill where friend wife has had sugar and other canning stuff charged, as well as at the hardware where they have had many cans and the tops and rings charged. But we men may feel better over the matter this winter when some of this good eats is put nearby our plates.

Last week, that good smiling lady that has to put up with Bob Bowers all the time, brought the Herald family some of the prettiest sun ripened tomatoes we have seen this year, and were they good? We have been enjoying these tomatoes since, and don't forget it.

This week the rustler of this family went out to the suburban home of Mr. and Mrs. Chess Gore and brought back a lot of the little bell-shaped tomatoes to can. She stated that the Gores had a lot of tomatoes, and a fine turnip patch coming on.

Local Scouts Participate In Scout Camporell

Fifteen local scouts participated in the annual scout Camporell in Lubbock last week end.

The Eagle patrol of troop 74 scored highest for the locals with a total of 1361 points. Out of the entire district they ranked in second place. The Flying Eagle patrol of troop 45 scored 1301 points and the Lion patrol of troop 74 1280 points.

Scouts participating in the Camporell were Allen Freeman, Vernon Lincoln, Charles German, Jack Chambliss, Gerald Perry, M. R. Hill, Dale Hill, Wayland O' Bryant, Harley Starns, Larry Bailey and Du Boise Huckabee from Troop 74, Manswell Thompson, C. B. Thompson, Jimmy Miller and Buster Simpson from Troop 45.

Scouts from Troop 49 who saw the football game Saturday night were Lee Roy Thomas, Dorsey Martin, James Evans, Wayne Brown jr., Mon Telford, jr., Jack Bynum, Larry Miller, Edgar Self, Raymond Houchens, Sammy Jones, Bobby Jones, Oscar Jones, Kenneth Jones, Morgan Copeland, Alfred Mangum, Robert Hall and Marion Bowers.

Scouts from Troop 95 recently organized and headed by Bob Brewer were Tom Adams, Rowland Treadaway, Odell Quante, Robert Bowers, Jackie Jacobson, Bryant Clark, James Clinton Rambo, Alfred Bond and Donald Price.

Tractor And Equipment Demonstration

Several farmers and other interested people attended the Ford tractor and equipment demonstration at the eastern edge of the city, Tuesday afternoon. The demonstration was held under auspices of Ross Motor Company, and representatives of the Ford Tractor and Equipment Co.

We wish more farmers could have been on hand for this demonstration. All of it was good, but it just so happened that this piece of land was not cultivated this year, and weeds were rank. It was a fine sight to see the two-row middle buster wade through them and wrap the weeds up, head and ears. Even better was the two gang turning plows, that did as nice as we ever saw.

The land was just a bit soggy, but we saw enough to know that the little Ford Tractor is man plenty for the equipment made for it, and to spare.

Mrs. Alpha Brumage left Monday for her home in Little Rock, Ark., after a visit with her son and daughter-in-law Dr. and Mrs. W. S. Brumage.

Mahon Back In Washington Again

George Mahon, Congressman from this district, was back in his Washington office this week after having spent three weeks visiting in various portions of his District.

Early last week while enroute to Washington, he visited Army maneuvers in Louisiana where a half million soldiers are engaged in mock warfare for the purpose of increasing the efficiency of our armed forces. Mahon reported that he saw a few of the enlisted men from the 19th Texas District.

In commenting on the maneuvers, Mahon said that the West Texas boys were measuring up to their full responsibility. It is not a pleasant task for the boys to face the severe hardships occasioned by the maneuvers, he said, but I can testify from observation that the boys can really take it. The thing that impressed me most was the physical toughness and the high moral quality of the men. The modern youth does not lack the physical stamina and the hardihood of his predecessors.

The soldiers are the ones, and about the only ones, who are making real sacrifices for national defense. They deserve 100 per cent cooperation from labor and capital and from the people generally.

Mahon is a member of the War Department Appropriations Committee and he visited the maneuvers in company with Army officials and other Committee members.

Error In Brownfield State Bank Ad

We felt quite sure last week that we would not get by without a few errors. A rather serious one appeared in the statement section of the Brownfield State Bank page ad. Of course a proof was submitted the officials of the bank for inspection before the ad was run, which everywhere is generally regarded as relieving the printer of all responsibility. Where surplus earned was printed \$15,000, it should have been \$35,000, a difference of \$20,000.

Nevertheless, we regret very much that this big mistake was made in figures, and take this means of informing the readers of it. There was also one in the "First National Bank ad. We spelled "visitors" by leaving out the second "i" in the word, thus, "visitors". But we'll bet not a great many noticed it.

When a small town weekly like the Herald undertakes to get out a large paper, really a special edition beginning Monday morning and hitting the mails on time, you can bet there will be a few errors, despite h-1 and high waters. Some folks may not make 'em. The Herald is still run by just human beings.

Curtis Bass Taking Training At Ft. Riley

Ft. Riley Kansas September 22 — Private First Class Curtis B. Bass, 23, son of Mr. and Mrs. John C. Bass, route 5, Brownfield, Texas, today began a three-months course in horseshoeing at the national only Cavalry School. Private Bass is in the cavalry at Fort Clark, Texas. He was inducted January 24 at Lubbock, Texas, as a selectee.

Upon completion of the course, he will return to his home station. The cavalry school at Ft. Riley is the hub for activities of the crack U. S. Cavalry. Hundreds of officers and enlisted men are graduate each year after completing courses in cavalry tactics or related fields. Brig. Gen Robert C. Rodger is commandant of the school.

Awards Presented Scouts At Court Of Honor

Two Eagle awards, one eagle bronze palm, six star awards and seven first class awards and several merit badges were presented to Brownfield scouts at a court of honor held Monday night. Raymond Simms, chairman of the court of honor, took charge of the presentation. He was as-

Note The Number Of Your Drivers License

Nearly half the people in Texas will start a stampede for new drivers licenses October 1.

There's really no need to get in a hurry about it, State Police Director Homer Garrison explained today. From Oct. 1 until Dec. 31, old licenses numbered from 1 to 450,000 will be renewed.

From Jan. 1, 1942, until March 31, those numbered 450,001 to 900,000 will be renewed.

Those numbered from 900,001 to 1,350,000 will be renewed between April 1 and June 30.

Any license numbered from 1,350,001 upward will be renewed between July 1 and November 1.

Here's the procedure for getting your new license: Obtain an application form from any Highway Patrolman or Drivers License Examiner, or by writing directly to the Department of Public Safety in Austin. The forms also will be available from police and sheriff departments, banks and other public places.

Either print in ink or use a typewriter to fill out the application, enclose a 50-cent money order or cashiers check with it, and mail it directly to the Department of Public Safety, Austin. The new license, good for two years, will be mailed to you from Austin.

Persons renewing licenses will not have to take an examination unless they have a bad record of traffic violations or collisions.

But if your fail to renew your license in the stipulated time, you will be liable both to arrest for driving without a license and an examination.

Burke Brings Us Some Fine Peaches

Our old friend of many moons, J. B. Burke, of the Gomez section brought the Herald a half bushel of fall peaches last week. They are a large yellow peach and fine for canning or pickling, and they are not bad medicine to eat raw.

In fact, several tried them and pronounced them finely flavored. J. B. stated that they were falling off the trees, and he decided that we could use them as he did not want to see them rot.

Later in the week, the wife and Mrs. Crowe of Seagraves called at the farm, as Mr. Crowe wanted some more peaches. Mrs. Burke showed them in her cellar, which both ladies stated was a real revelation, and they believe she has canned enough fruit and vegetable to last the Burke family several years.

Cubs Win Second Game Of Season

Coach Aubra Nooncaster carried his Fighting Cubs over, to Level-land last Friday night, where they proceeded to trim the Lobos to the tune of 31 to 0. So-o-o, we don't expect to hear a great deal about a "questionable tie score" from that source this year.

A great many fans followed the local team, as did the band and pep squad. The Cubs are resting this week, their next game being with Seagraves next Friday night. Game is to be played in that city. The B team, however, will play Plains on the Cub Field tonight.

School officials have made application to enter AA football in district one next year. Officials stated that there were 480 here in high school now, and would very likely pass the 500 mark before the end of the semester.

Mrs. Balfanz and two daughters Beverly and Snoky and Christine McDuffie spent Sunday in Abilene.

Mrs. Juanita Braum and Mrs. Clyde Pate of Amarillo visited Maurine Hall this week. Miss Hall returned with them Thursday for a short visit. Mrs. Braum is the former Juanita Hall of this city.

Assisted by Vernon Brewer, Tom Warren, Lee Fulton, Orb Stice and Jesse D. Cox.

Climax of the evening was the presentation of Eagle awards to Mrs. Bill Lowe and Mrs. Ned Self. These mothers, in turn, presented the awards to their boys, James Evans and Edgar Self.

Where in the heck did all those bloody crickets come from. While not quite so bad as last week, there was still lots of the boogers. Kinder reminds us of Dickens "Crickets in the Hearth", but they are in, under, over and around the hearth here in Terry, if we had a hearth.

One of our exchanges told us how the words "not worth a continental" originated. It seems that the paper money issued by the continental congress during the revolutionary war as well as those of the several states, got to be worth well nigh nothing, and were hardly accepted by people for goods or produce, thus the expression. But the rude people where we were raised added the word "dam" at the end of the sentence. Or was that a "tinkers dam".

According to the State Game Department, dumping cats in town by country folks, and in the country by town folks is bad in several ways. In the first place the cat has no home, and will get into anything for food. Then they are a nuisance at night, and make periodical raids on the song and other birds, including quail and dove. Some folks have a horror

for killing cats, mostly a superstition, and rather than shoot them, or brain them with a stick, they scatter them promiscuously over the country to raid birds nests. A home cat, well fed, is not liable to bother either birds or young chickens.

It has been well demonstrated that Terry county and does produce good fruit crops, where the fruit trees are given a show. Most years in this section, there is insufficient rainfall for both trees and weeds to grow on the same ground, this year being an exception. Fruit was made despite the weeds. Ordinarily, however, weeds must be eliminated to get best results from fruit. We can have apples, grapes and plums most every year, but peaches don't hit more than every three years. Most farm families can put enough fruit up good years to last through bad ones.

Recently the city council passed an ordinance against honking cars near the hospitals or other quiet zones. This is one of the things some folks don't seem to have let soak into their craniums. Some of them park near the hospital especially on Saturdays, and leave the kids in there to honk all they

"Behind The Scenes In American Business"

Indications are that consumers buying onslaughts are tapering off as folks realize that, for the most part, the stores have ample stocks to take care of normal needs for a long time. Touched by the silk stocking stampede, nations department store sales showed weekly gains above 40 per cent for some mid-summer week, but the gains have steadily become less spectacular, and are now running around 8 to 10 per cent above comparable weeks last year. Some observers feel it indicates also that Mr. and Mrs. Consumer are finally getting caught up on long-deferred household and clothing purchases, using defense boosted payrolls. Price rises, anticipation of bigger tax loads, slow downs in employment in some peace time industries due to priority pinches are also seen as factors.

WASHINGTON — One of the brightest spots in the business picture is the farming situation. The cash income of farmers during the last half of 1941 figures to run a billion dollars or more ahead of the same period in 1940, and the first half showed a half billion gain. Compared to 1929, farmers have only 5 per cent fewer actual dollars, but those dollars, in actual purchasing ability, are going about 15 per cent farther, Department of Agriculture estimates will be called upon next year to feed about 10,000,000 people. Even though acreage of some of the most important crops—cotton, wheat and tobacco—will continue to be curtailed due to existing surpluses, over-all farm output will be the highest in the country's history. So, with prices high and going higher, 1942, figures to be best years for farm income since 1920.

CHRISTIAN CHURCH NOTES

Mrs. Crawford Burrow united with the Christian Church Sunday morning. She and Mrs. C. S. Shaffer were baptised Sunday evening at the Lubbock Christian Church. Each member is again urged to invite someone this week to Sunday school and church. Sunday morning's sermon will be, "A Little Bit Of Heaven." Every Christian in and near Brownfield should plan NOW to attend the Church of his choice on Oct. 5th, which is World-Wide Communion Sunday. Protestant churches around the world are observing this day. Men and women of different faiths, different creeds, meet at their respective churches to worship and commune with their common Lord. The world needs more of this.

Mrs. Bertha Stahler and Mrs. M. R. Hemphill visited Bob Stahler in Albuquerque, N. M. last week. Bob is being transferred from the army air base in New Mexico to some place in the Pacific ocean.

Miss Katherine Underwood spent the week end at her home in Afton.

ADVERTISEMENT OF LIMITER PARTNERSHIP

(State of Texas) County of Terry) We, the subscribers hereto, have this day entered into a limited partnership, agreeable to the provisions of the revised statutes, relative to limited partnerships, and do hereby certify that the terms of our said partnership are as follows:

1. The name of the firm under which the partnership is to be conducted is Haynes Motor Co., Limited.
2. The general nature of the business to be transacted, is to buy, sell, lease, deal in and deal with, store and repair motor vehicles of all description, both new and used, and all parts and accessories, and supplies used in connection therewith, and in connection therewith to operate a service station and accessory house.

3. The name of the general partner, and his place of residence is W. E. Haynes, Brownfield, Terry County, Texas, The names of the special partners, and their places of residence are J. T. Herd, Post, Texas, and G. W. Connell, Post, Texas.

4. The amount of Capital which each special partner has contributed is \$2,500.00 each respectively, and the common stock of said limited partnership is \$10,000.00.

5. The period at which the partnership is to commence is the 1st day of September, 1941, and is to continue for twenty years thereafter.

Witness our hands this the 19 day of September, 1941.
W. E. Haynes, General Partner
J. T. Herd, Special Partner
G. W. Connell, Special Partner.

A Trip To Levelland Sunday Afternoon

As it had been nigh onto two years since we had visited the capital city of Hockley county, now only 28 miles from us over a well paved and straight road, the Old He and wife, Jack Jr., and also Jack III, decided to Chivy around over that section. In other words, take a small Sunday afternoon ramble. And speaking of rambling reminds us that most every week W. H. Collins of Collins Dry Goods store asks us where we are going to ramble to that week end. No doubt, then that Wade reads our efforts.

Found good crops all the way over, save that after one enters Hockley they appear to be a few weeks later, but if frost stays off until middle November they'll make a big cotton and feed crop. They were rained and hailed out in places after we finally got a crop started after repeated washouts down here. We found the city of Levelland had made considerable growth and improvement since we were there two years ago, but apparently has not grown as fast as Brownfield, and they are way behind us on paving. And they need it the Lord knows. They were just swimming in water Sunday.

Just couldn't resist the temptation of visiting George Bragg and family, and if we ever do and Grandma Bragg, his mother hears of it, we'd be murdered. After a visit with them, we hit the road to Lubbock, our purpose being to see the big bomber training plant out ten miles west of that city. That is going to be a huge affair when it is completed.

At the juncture of the Levelland and Brownfield highways in the outskirts of Lubbock, we turned toward home, good crops all the way.

MESQUITE WOODS MAKES GOOD PIPES

Mesquite wood is just as good briar or any other substance for making a pipe, according to Dr. E. L. Reed, professor of botany at Texas Technological College. Dr. Reed has been smoking one for six months which he fashioned himself and he says "It suits me as well as any pipe I ever smoked". He has smoked an old clay model along with a corn cob and others. Dr. Reed is head of a research project at Texas Tech which has for its purpose the eradication or control of mesquite growth which has grown to be a nuisance on West Texas ranches.

Mr. and Mrs. Gail Willis and daughter, Reba Gail of Levelland, visited Mrs. Willis' parents Mr. and Mrs. George Warren, last week.

CITATION BY PUBLICATION THE STATE OF TEXAS

To: W. A. Melson, Mrs. Jessie Johnson and B. J. Johnson, Doss Windham, Clariet Melson, and the heirs and legal representatives of each of said Defendants, and also the heirs and legal representatives of Mrs. E. N. Windham, and You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 10th day of November, A. D. 1941, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas. Said Plaintiff's petition was filed on the 2 day of May, 1941.

The file number of said suit being No. 2683. The names of the parties in said suit are: P. C. Stacey and Irma Stacey, his wife, as Plaintiffs, and W. A. Melson, Mrs. Jessie Johnson, and B. J. Johnson, Doss Windham, Clariet Melson, and the heirs and legal representatives of each of said defendants, and also the heirs and legal representatives of Mrs. E. N. Windham and the heirs and legal representatives of Mrs. E. N. Windham Melson, as Defendants.

substantially as follows, to wit: Defendants. The nature of said suit being That heretofore on the 1st day of May, 1941, plaintiffs were lawfully seized and possessed of and did own fee simple title, that certain tract or parcel of land, situated in Terry County, Texas, and Block Number one (1) of the A. M. McBurnett subdivision of a part of Block Number Six(6) of the East addition to the town of Brownfield, Terry County, Texas, That on the date aforesaid, the defendants unlawfully entered upon said premises, and ejected Plaintiffs therefrom, and do continue to withhold from the possession thereof to their damage in the sum of \$5000.00.

That the defendants and each of them are, or may be asserting or claiming some adverse estate or interest in and to the real estate, determining such estate, or interest and cancelling and removing of same, and granting the title and possession to Plaintiffs. Prayer that all Defendants be cited and that Plaintiffs have judgement for the title and possession of the land for all costs of suit, and all other relief, to which they are entitled including a decree for removing and cancelling all adverse estate or interest of the defendant, to said land and each of them.

Issued this 15 day of September, 1941.
Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 15 day of September, A. D. 1941.
(Seal) Eldora A. White, Clerk, District Court, Terry County, Texas 10c

We understand that Frank Proctor has purchased ten acres out on the Tahoka highway he aims to improve. One of his neighbors confidently told us that Frank was going to raise goobers on it. Mr. and Mrs. Proctor sold a very fine half section northeast of town last winter, and have been — well, just enjoying being free and unhampered this year. But we imagine that to much leisure gets a couple that have always worked.

Last week we neglected to mention that Pappy John Powell was some big dancer, having put on several for the edification of the many who visited the State Bank Friday. However, we are hoping that his pastor, Rev. Hanks does not read this.

Our good friend, L. E. Bryant was in last week to tell us that his son, Carroll was entitled to go on the honor roll. Carroll is stationed in Hawaii with the U S S Dobbin, and has recently been made first engineer with a big increase in salary. He is expecting another promotion and increase in salary soon, and is likin' fine.

Miss Christine Hamilton of Seminole visited her mother, Mrs. R. E. Hamilton during the week end.

GOV. STEVENSON SAVINGS BOND CHAIRMAN

WASHINGTON, D. C.—Secretary Morgenthau has announced that Governor Coke Stevenson of Texas has accepted Honorary Chairmanship of his State Committee for organization of the Treasury's National Savings Program.

The Committee headed by the Governor is now projecting a statewide campaign to further the sale of defense savings bonds and stamps.

Mr. and Mrs. Clyde Bond and Mrs. O. D. Huckabee, Daphne Huckabee and Clyde, Alfred and Billy Bond attended the Brownfield-Levelland game in Levelland Friday.

Ulee McPherson of Midway spent the week end with his parents Mr. and Mrs. B. L. McPherson.

A forgery complaint was filed this week in justice court.

Lubbock Fair Boosters Here Tuesday

A chartered bus of Lubbock boosters with an address system and fiddling band was here Tuesday afternoon, and a fair sized crowd gathered on the west side of the square to look and listen. It is kinder like Tommie Black, secretary of the Terry County of Development expressed it, recently.

There was talk of getting up a caravan to visit the towns of Seagraves, Seminole, Denver City, Plains etc., to boost the Terry County Fair. Says Tommie: "We have had caravan after caravan this year, boosting this, that and the other rodeo, and it is getting to the place where the business men and clerks go to the doors, look out, and ask what other dam noise making bunch that is in town. I know that other people feel just like our people".

"And", continued Tommie, "after all it is not so much the town people we are trying to get to the Terry county fair. It is farmers and ranchmen, and they are in the fields and pastures when we pass their places. We just catch the few that are in town".

Of course the trips are partly just good will, and they should be accorded every courtesy from us, no matter whether we go and listen at the announcements or not.

FEDERATED MISSIONARY SOCIETY MEETS MONDAY

The Federated Missionary Society meets on Monday September 29, at Baptist Church, 3:00.

The program is as follows:
Opening song
Prayer
Devotional - Exodus 20: 20 Mrs. John Aldridge.
Special Music
Topic for Discussion - The Family Pulls Up Stakes - Mrs. Tobe Powers.
The Federated Missionary Society is composed of the various women's groups of the different churches. The newly organized group of ladies at the Christian church is especially invited to this meeting.

Mr. and Mrs. Shorty Hayhurst of Seminole spent the week end with Mr. and Mrs. Jim Graves.

Mrs. Lazelle Huckabee of Hagerman, N. M. visited relatives in Brownfield during the week end.

Kinda Doggy, huh?

Out for a romp with her big shepherd dog, Virginia Grey of the movies dons a smart cotton pinafore play dress. The white cotton skirt that fastens with small pearl buttons is topped by a pinafore in a soft yellow shade. The bodice is accented by embroidery in white. Two slit pockets show off to advantage in the full, gathered skirt.

Naval Recruiting Officers Here Each Tuesday

The Navy Recruiting Station at Lubbock has announced that, due to the excellent results obtained in applications last Tuesday, Sept. 16, at the Post Office in Brownfield, they will make this a regular one day station. Young men of this community will have the opportunity to make application for the Regular Navy or the Naval Reserve at the Post Office every Tuesday, starting September 30, 1941.

Men between the ages of 17 and 36 may enlist in the Naval Reserve for training in aviation, radio, signals, clerical work, metal-smithing, machinists, electrical, carpentry and storekeeper work. The Navy is now operating 72 trade schools in which enlisted men receive the pay and allowance of their rating.

FOURSQUARE MEETING TO CLOSE SUNDAY

The revival at the Foursquare church conducted by Miss Ruth Davis, will close Sunday, September 28, with a special message Pioneer Days. A regular old time revival service will be presented and everyone is urged to wear old fashioned clothes in keeping with the theme.

Miss Davis announces her subjects for the closing night of her meeting: Friday, "The Way of the Transgressor", Saturday, "Broken Cisterns", Sunday morning Rev. Lucille Rogers will be preaching on the subject, "The Winding Staircase".

Misses Fay Hogue, Shirley Bond, Inez Chandler, Dorothy Faye Blanton and Jeannette Fullerton attended the Brownfield-Levelland football game in Levelland Friday night.

BAPTIST SOCIETY HAS CIRCLE MEETINGS

The Women's Missionary Society of the First Baptist church met in circles Monday and completed sewing for the orphan's home box.

Mrs. Ray Swindle was hostess to the Lois Glass circle. Those present were Mmes. D. A. Brown, Nathan Evans, Wayne Mullins, and R. D. Shumake.

The Locket circle met with Mrs. Ame Flache. Those attending were Mmes. L. C. Heath, John Jenkins, Jesse D. Cox, Elco Evans, L. M. Rogers and Ray Phillips.

Mrs. J. T. Auburg taught the mission lesson at the Blanche Rose Walker circle meeting at her home.

Mrs. J. W. Nelson entertained the Christine Chen circle at her home. Members attending were Mmes. J. S. Tipton, Gordon Alexander, John Allredge and Marvin Langham. This circle will meet with Mrs. Nelson again this afternoon to complete their work.

The circles will meet at the church every day next week for the regular week of prayer.

Mr. and Mrs. Fred Jacobs and daughter, Mary Jo, of Artesia, N. M. spent the week end with Mrs. Bertha Stahler.

Mrs. Kenneth Furr, president of the Terry County council of parents and teachers, called a meeting Thursday in Mrs. Fulton's office at the West Ward school to outline the work for this year.

Dr. and Mrs. M. E. Jacobson and their house guest, Miss Wylma Funk of Los Angeles, Cal., visited the White Sands at Almagorda, Ruidoso and Carlsbad Caverns last week end. Miss Funk will leave for home after this week end.

Dale Rentfro is visiting friends in Brownfield this week.

METHODIST WOMEN HAVE LUNCHEON

The Woman's Society of Christian Service met at the Methodist church Monday for a covered dish luncheon at 1 o'clock.

Following the luncheon Mrs. Power gave a devotional, Dorothy Jean Power sang a solo, and Mrs. Arnett discussed work of the local group.

Members and guests present were Mmes. Jesse Cox, J. F. Cox, Cook, Hogue, Rives, Glenn Harris, Culver, Carpenter, Foote, Carter Thompson, B. L. Thompson, Arnett, Hanks, Lloyd, Williams, Power, Gainer, Longbrake, and Misses Dorothy Jean Power and Adell Thompson.

THE A B C CLUB

We met Sept. 16, 1941 and elected Donald Clark, President; Dorothy Cochran, vice president; Adele Thompson, Secretary; L. G. Chambliss, Sergeant of Arms; Alfred Bond Madam Parliamentarian James Cathy, Chairman of Safety First, Audrey Foster Chairman of Good Manners, Sue Gamblin, Chairman of Thrift, Oscar Jones Character Study.

We passed five laws to fine if we broke the laws we made. The meeting was adjourned.
Billy Fry.

Mrs. Frank Ballard returned this week from Fort Worth after going through the clinic in that city. She is being treated for glandular trouble.

Aggravating Gas
When stomach gas seems to smother you, and you can hardly take a deep breath, try ADLERIKA. FIVE carminatives to warm and soothe the stomach and expel gas, and THREE laxatives for gentle, quick bowel action. At your Drug Store.

Defense Bond Quiz

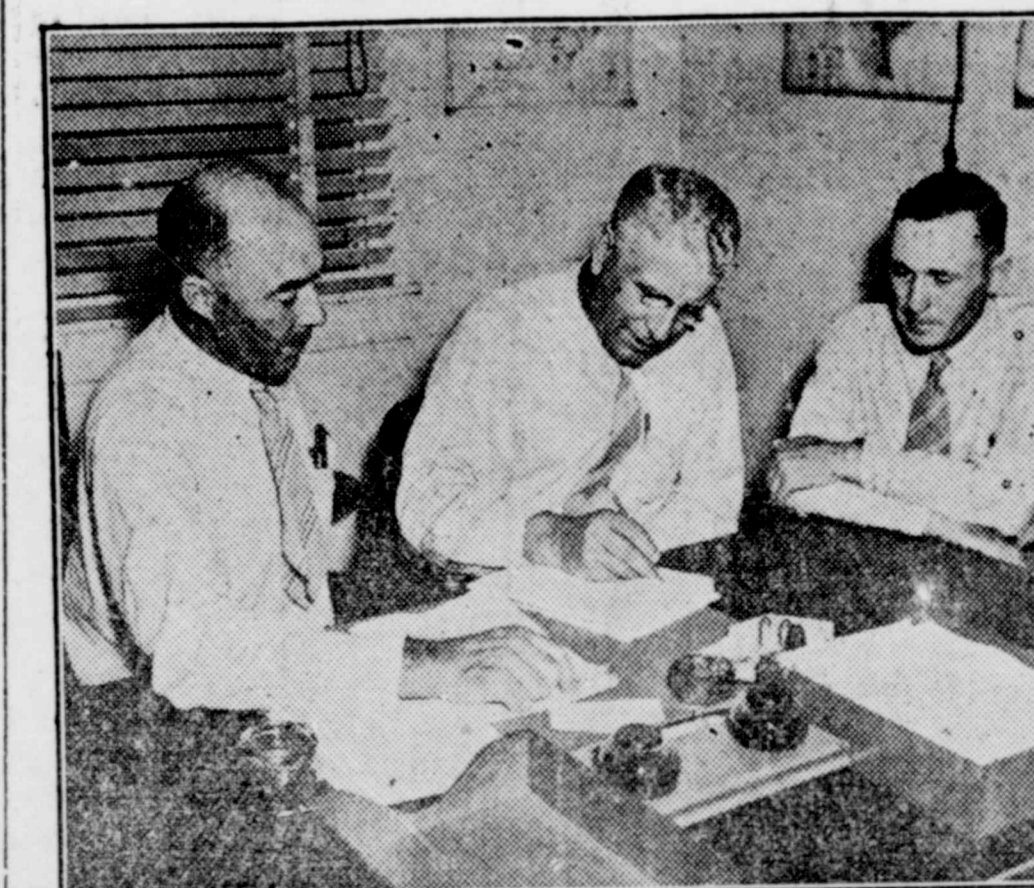

Q. What kind of retail stores are selling Defense Savings Stamps?
A. Department stores, grocery stores, variety stores, hardware stores, drug stores—every sort of retail outlet—carries Stamps.

Note—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps are now on sale at retail stores.

Cost of containers, boxes, cartons, wrappers, labels and other packaging materials constitute about 22 per cent of the factory value of packs of U S canned and preserved fruit and vegetable industries.

Emery Longbrake left Sunday, accompanied by two of his buddies for Camp Haan, Riverside, Cal., where he is stationed after spending 12 days with his parents Mr. and Mrs. Harry Longbrake.

290,000 Pupils Carried To School By Bus

Transportation is no small problem for Old Man Texas' children of public school age, says Lynn B. Shaw, General Manager of the Texas Motor Transportation Association.

For five days each week — rain, sunshine or snow— 5,513 school buses make the far reaches of the State to carry rural youth to public educational centers. Last school year the buses traveled an average of 257,171 miles each day and, surprisingly enough, there were 54 students to the bus. It is estimated that 290,219 children were transported last year, which is ample proof that youth in the remote sections of the State have been extended educational opportunities.

Estimates place the number of school owned school buses at 3,839 and privately owned at 1,380. A few buses are owned by counties and some of them jointly owned, Shaw said.

Nest Of Craters Found Near Odessa

A veritable nest of meteor craters has been uncovered by University of Texas geologists near Odessa, as field crews have discovered a second and third pit near Crater No. 1, now being explored.

Largest of the two newly-found craters contains as many as six to seven thousand meteorites with a total weight of about six tons, Dr. E. H. Sellards, director of the University's Bureau of Economics Geology, estimated.

Its 70-foot diameter compares with the original discovery's 500 foot width. The third crater is similar to the second but smaller.

On completion of scientific examination of the craters by University-WPA field crews, the craters will be turned into a public educational exhibit, Dr. Sellards said.

BREAK!

Passed by Censor

SERGEANT-MAJOR (Top Sergeant in the American language) H. J. Clare of the Canadian Active Army got a real break when an Ottawa debutante asked him to show her how to put on a gas mask during one of Canada's Army days which are special weekends when visitors are allowed to inspect the many military training camps in the Dominion. Canada now has about 575,000 men in uniform in all branches of the service abroad and at home and these forces, no matter where serving, are equipped and maintained at the expense of the Canadian people.

CARD OF THANKS

We take this method of expressing our gratitude to our friends and neighbors, who were so attentive during the illness and death of our husband and father. We pray God's richest blessings be upon all.

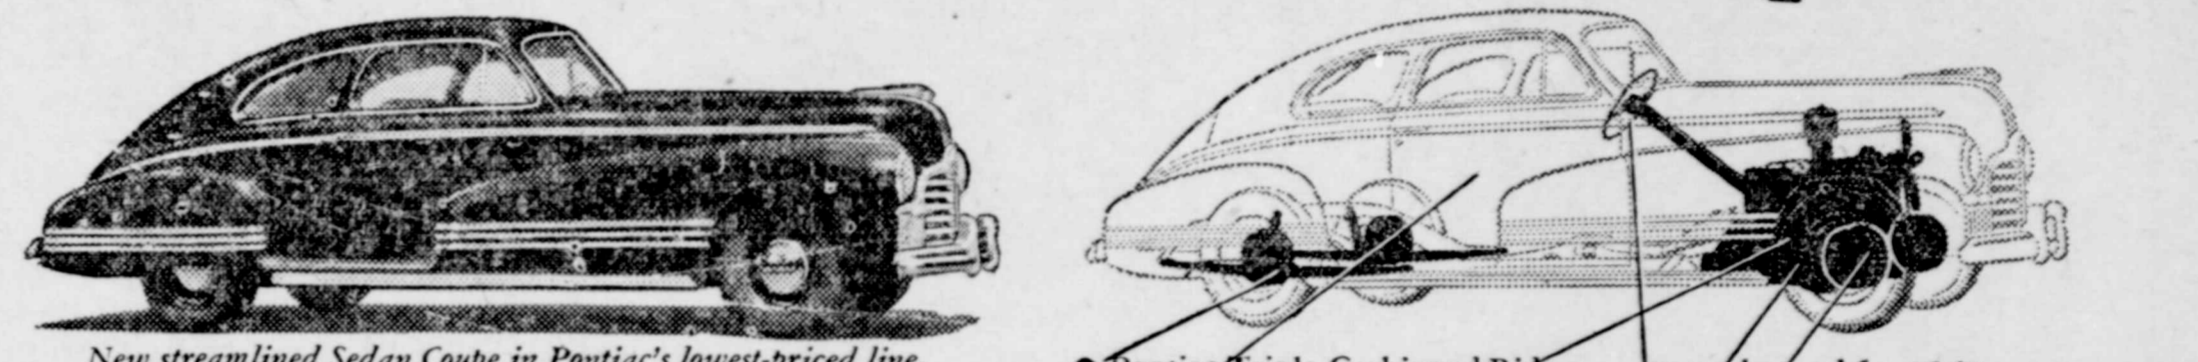

Mrs. J. L. Black
Mrs. Lora Lee Bird and family
C. H. and A. V. Black and families.

J. C. Bass of the Union Community, was in Tuesday. He is sending the Herald to his son, Curtis, who is with the U. S. Cavalry now located in Kansas.

Mrs. Cleve Williams, who recently lost her husband at Crowell, has moved back to Brownfield to make her home. She came in this week to get her Herald changed.

ANNOUNCING THE NEW 1942 Pontiac Sixes AND Eights*

New streamlined Sedan Coupe in Pontiac's lowest-priced line.

- Pontiac Triple-Cushioned Ride—even further improved—is still yours in 1942.
- New Unisteel Bodies by Fisher equal in quality—even exceed in beauty those of any previous Pontiacs.
- Pistons and all vital engine parts are unchanged for 1942.
- Travel of the gearshift lever has been reduced 30%.
- Gas and oil economy has not been sacrificed.
- Front wheel brakes have been increased in size.

*ONLY \$25 MORE FOR AN EIGHT IN ANY MODEL!

Proud To Be Doing Our Part

Pontiac is doing its part for National Defense by building a new type of rapid-fire cannon for the United States Navy. Two plants, covering 426,123 square feet of floor space, have been devoted to the manufacture of these cannon. Thousands of craftsmen have been trained for the highly technical machines. This means building fewer cars—but Pontiac places defense work ahead of everything else.

SURPRISINGLY ADVANCED in style and luxury, the new Pontiac Sixes or Eights for 1942 today come sweeping into the spotlight—refreshingly new in appearance, but still the same, fine, faithful Pontiacs in time-tried quality. Two series of new Pontiacs include ten widely varied models—among them a streamlined Sedan Coupe in the lower-priced series. New features are many. And in every instance, they represent actual improvement resulting from progress in design. We invite you to come in now to give these new Pontiacs your most thorough and critical inspection. You will find Pontiac today, more than ever, the Fine Car with the Low Price!

LOTS OF LOTS AND ACREAGE BLOCKS
in the NEILL GARDENS SUBDIVISION

Realizing the urgent need for more room for EXPANSION of this fast growing city, and to aid its future growth, we have procured the tract of land, three blocks east of the New School building and just north of Tahoka Hi-way, and are subdividing it into residential lots, and small acreage tracts and offer it for sale at moderate prices and terms.

These lots are 75 feet wide by 150 deep, the size required by the F. H. A.

The Acreage tracts in various sizes and prices. The soil suitable for gardens, orchards, and trucking.

WALKING DISTANCE OF ALL THE SCHOOLS
All Public Utilities Accessible

POOL H D CLUB REPORT

The Pool H. D. Club met Sept. 17 at the club room with Mrs. W. E. Pool hostess.

Plans were made for entertaining the Harmony H. D. Club on Oct. 1, at the club room (Pool school-house).

Miss Blanton, the home demonstration agent was with us and demonstrated "Dressing Center" which was very interesting.

Refreshments were served to 18 members and Miss Blanton.

J. E. Young and lady fitted out the Herald family with a very fine supply of late roasting ears last week, which we have enjoyed since.

D. P. Carter of this city, and his brother, Tom of Lubbock, left Monday for Anson to visit their father, Rev. Carter. Their aged father recently fell and hurt himself pretty badly.

Red, White, Blue

Cobina Wright, Jr., Twentieth Century-Fox starlet, goes in for patriotic cottons for her vacation. Miss Wright wears a slack suit of blue cotton combined with white, the white yoke being trimmed with red braid and stars.

Save Leaves And Straw—They're Valuable

Don't burn leaves and straw for when decayed they form humus. And, says M. K. Thornton, Extension agricultural chemist for A. and M. College, humus in the garden helps keep moisture in the ground, and in turn helps to prevent dry weather injury.

If you are fortunate enough to have leaves around, save them. They help to build the garden soil. Rake them when they are wet into broad flat topped piles in a remote corner of the garden and allow them to decay. If raked dry, wet them as they are piled. The leaves may require a year to decay properly.

To hasten the decaying process, add to 20 pounds of dry leaves, or to 40 pounds of wet, one and one half pounds of a mixture of five pounds of ammonium sulphate, four pounds of ground limestone and four pounds of superphosphate.

As an alternative choice, use one and one half pounds of a mixture of four pounds of cyanamid and four pounds of superphosphate but do not mix either preparation until ready to use it.

Instead of these, the leaf hoarder may use two pounds of a mixture comprising five pounds of nitrate of soda, four pounds of superphosphate, two pounds of ground limestone, or one and one half pounds of hydrated lime.

Later, woodashes may be sprinkled over the pile at the rate of a half pound to 20 pounds of the original dry leaves.

JOHNSON H D CLUB REPORT

The Johnson Home Demonstration club met in the home of Mrs. J. O. Wheatley Sept. 16.

Miss Reinhart met with us and gave an interesting talk on health. They voted to have a class in nursing to begin Jan. 1942.

After the business session Mrs. Wheatley served delicious refreshments of cake, ice cream and punch to 14 members and 4 visitors.

The next meeting will be with Mrs. Groves Sept. 30.

Mrs. Bruce Bailey of south Terry, was in this week to renew for their paper. Stated that they were about to get over the flash flood they had in May, but that the worms were now trying to eat up their cotton.

Many Dentist Defects Found In Soldiers

Nothing in recent years has more graphically called attention to the seriousness of the American dental health problem than the present defense crisis, said Dr. Geo. W. Cox, State Health Officer.

The figures of the National Draft Board show that dental defects range first as cause for rejection of draftees. Nineteen and one-half per cent of young men examined at army induction centers are rejected because of dental defects.

These figures reveal the inadequacy of our dental health programs during the past generation and the public's inertia toward this vital phase of health. If this dental problem of health is to be solved, it must be done at its source which is the child.

From surveys made by the United States Public Health Service, of two million school children throughout the United States, it is estimated that approximately ninety per cent of our elementary school population are in need of dental care. To solve this problem the public must be aroused to the gravity of the status of dental health and its effect on general health. This should be accompanied by an intelligent, effective dental health program in our schools, impressing both child and parent with the importance of dental health.

Since the health of a community is a community problem, the aid of all civic and welfare organizations in the community should be enlisted to carry out the program of dental health. It is only in this way that we can bring our children to adult life free from the devastating effects of untreated dental defects which so influence the physical, mental and social well being. It will also contribute to his unselfishness to the community and better enable the individual to assume the responsibilities of citizenship, whether in time of war or peace.

U O F T INVESTS IN DEFENSE BONDS

Patriotism plus sound investment has caused the University of Texas to salt away \$165,000 from its permanent fund and various trust funds in national defense savings bonds, Comptroller C. D. Simmons reports.

According to the U. S. Department of Agriculture, by the end of September 12,000,000 persons will be working on farms in the United States harvesting crops, filling silos and preparing seedbeds in the Plains country for new crops of winter grains.

U O F T INVESTS IN DEFENSE BONDS

R. O. BLACK, Secretary R. J. PURTELL, Mgr.

Well, the Legislature did it—met in special session, accomplished the job and went home, all in 11 days—an example of democra-

cy functioning at its best. It proves what can be done by harmony and cooperation. Governor Coke Stevenson demonstrated that there is a steady hand on the helm of the ship of state. It was a real emergency that brought the Legislature into special session as most of the counties were threatened with a heavy increase in taxes to pay bonds that the State highway department had received the benefit of, and the State had on hand the money to pay the bonds. It was a fine piece of work done by the Legislators and Governor, it is generally agreed on all sides, and now with that emergency met, observers see nothing on the horizon to make another called ses-

sion necessary. Someone has said, "If we could get religion like a Baptist, experience it like a Methodist, be positive about it like a Disciple, be proud of it like an Episcopalian, pay for it like a Presbyterian, propagate it like an Adventist, and enjoy it like a Negro—that would be some religion!" If you've really wanted to hear what this columnist sounds like but couldn't because your radio couldn't pick up KGKO, you've got no excuse now, because each Sunday at 12:45 P. M., your columnist can be heard also over KXYZ (Houston), KTSA (San Antonio) and KGNC (Amarillo)—so tune in, won't you? Thanks to

all of you who have sent cards to the studio that you liked the broadcasts. A NEWSPAPER EDITOR WRITES: "It is reported that one of the fastidious newly-married ladies of the town kneads bread with her gloves on. This incident may be somewhat peculiar, but there are others. The editor of this paper needs bread with his pants on; he needs bread with his pants on, and unless some of the delinquent subscribers of this old rag of freedom pony up before long, he will need bread without a thing on, and this town is no Garden of Eden."

ACCOMMODATING
The widow of a farmer was being consoled by a neighboring farmer, who happens to be a widower. "Cheer up, woman," he said, "Ye're young yet and good-looking, an' you could soon get another husband." "Oh, no, no," she replied "who would take me." "Why, if I had a better pair of boots on, I'd run away w' ye myself!" said the widower gallantly. The widow, lifting her face and wiping her eyes, said earnestly, "I wonder would John's fit you?"

J. L. BLACK PASSES
J. L. Black, 67, died here at 3:30 A. M. Monday, following a long illness. Funeral services were conducted at the first Baptist church, Monday afternoon at 2:30 by his pastor, Rev. Avery Rogers. Burial was had in Terry County Memorial cemetery, with Brownfield Funeral Home in charge. Mr. Black was born in the state of Mississippi, Dec. 26, 1872. During the year 1893, he married Miss Lizzie Farris, who survives him. Three children survive, a daughter, and two sons, one son having passed on. The living children are, Mrs. Lora Lee Bird, Kingston, Ark., and C. H. and A. V. Black both of this county. All were here for the funeral. The Black family migrated to Texas in 1924, coming directly to Terry County. From 1933 to 1937 they lived in Coryell county, but returned to Brownfield where they have since lived.

Made a mistake about Arthur Sawyer going to Dallas last week with his wife. When asked to stay out of town so folks wouldn't know about our mistake he remarked that he would just shave and folks wouldn't know him. Arthur has been quite busy lately.

DEATH
Death is always a revealing thing. As I looked at Mrs. Roosevelt's face in the repose which comes after death, I understood many things which the animation and play of expression in everyday life probably prevented one from seeing. The lines were smoothed out, the stark beauty of contour and the peace which death alone can bring remained.

I think that everything was done as she would have wished it. She liked simplicity. She loved her own home and her own place. On her coffin there rested only the spray of flowers made from flowers grown in her own garden and greenhouse, by the gardener who has been with her well over 40 years.

Around were banked the floral offerings which paid tribute to her kindness and affection for many individuals, and to her faithful service in many organizations. I think she would have been just as pleased with the flowers which came as a tribute of sympathy to her son. In the room she liked so well, the rector, Mr. Wilson, read the simple but beautiful Episcopal service and the church choir sang two hymns which she always liked to sing. The men on the place carried the casket and there were more flowers which one of her nieces, Miss Laura Delano, arranged around the grave. She had long contemplated this final resting place beside her husband. I think she had an affection for the trees and the familiar countryside around this old church and for this spot in the churchyard, where she had so often gone to lay flowers on the grave of her husband.

She would have liked to have just the family and friends who were here, about her. I wish that all the grandchildren could have been present. I think everyone is conscious of the fact that the house and place in which she lived so long, will never be quite the same without her. She was a strong personality and left an imprint not only on the people she knew so well, but on the surroundings which she created.

My husband has as great a devotion to the place as his mother had, but it is different, I think. She thought that the land was tied with her family forever. With him, there are memories of youth and of his parents which can never be obliterated, but he does not count on the same kind of future that she liked to plan.

LINCOLN BED
When I reached Washington after the funeral, I was surprised to find that my bedroom and sitting room were being painted, so temporarily I am occupying President Lincoln's bed! It is particularly large and ornate and I never realized before how awe-inspiring it must be to our guests. However, I am glad to find that it is very comfortable, because long ago I can remember my grandmother telling me that one should always sleep in all of one's guests beds, to make sure that they are comfortable.

WOMEN IN ARMED FORCES
I wonder if you have seen, in the October American magazine, the article on the part the British women are playing in the armed forces of Great Britain? For the first time they have been accepted in artillery units and are operating anti-aircraft batteries and the fire control instruments. They are enlisted to fight overseas as well as in England for the duration of the war, and they receive the "danger pay of the combat line."

We have heard before of women in the Russian army, but this is the first instance of women actually working side by side with the men in the armed forces of England. It shows that, when the need arises, there are few places where women can not work side by side with men.

PLASTIC SURGERY AID
I have also received an appeal for charity in which I think everyone in this country will be interested. Those who remember the hospitals in the last war will remember what seemed to be almost the beginning of plastic surgery on a great scale. There are today in England four famous plastic surgeons. Under the auspices of the British American Ambulance corps, a committee has been formed and is anxious to raise \$100,000 to help these surgeons acquire better conditions under which they can treat R.A.F. pilots, munitions workers, civilian defense workers and men, women and children who are maimed or disfigured by modern warfare.

PORTRAIT
On Friday, in New York city, I went in the morning to see a portrait which a young artist had painted for Mr. Liberman, the president of Arnold Constable and company, to add to the collection of portraits of inauguration gowns, which Mr. Liberman already has. Considering the fact that this portrait was painted entirely from photographs, except for what the artist could observe in a five-minute talk with me last spring, I think the young man did remarkably well.

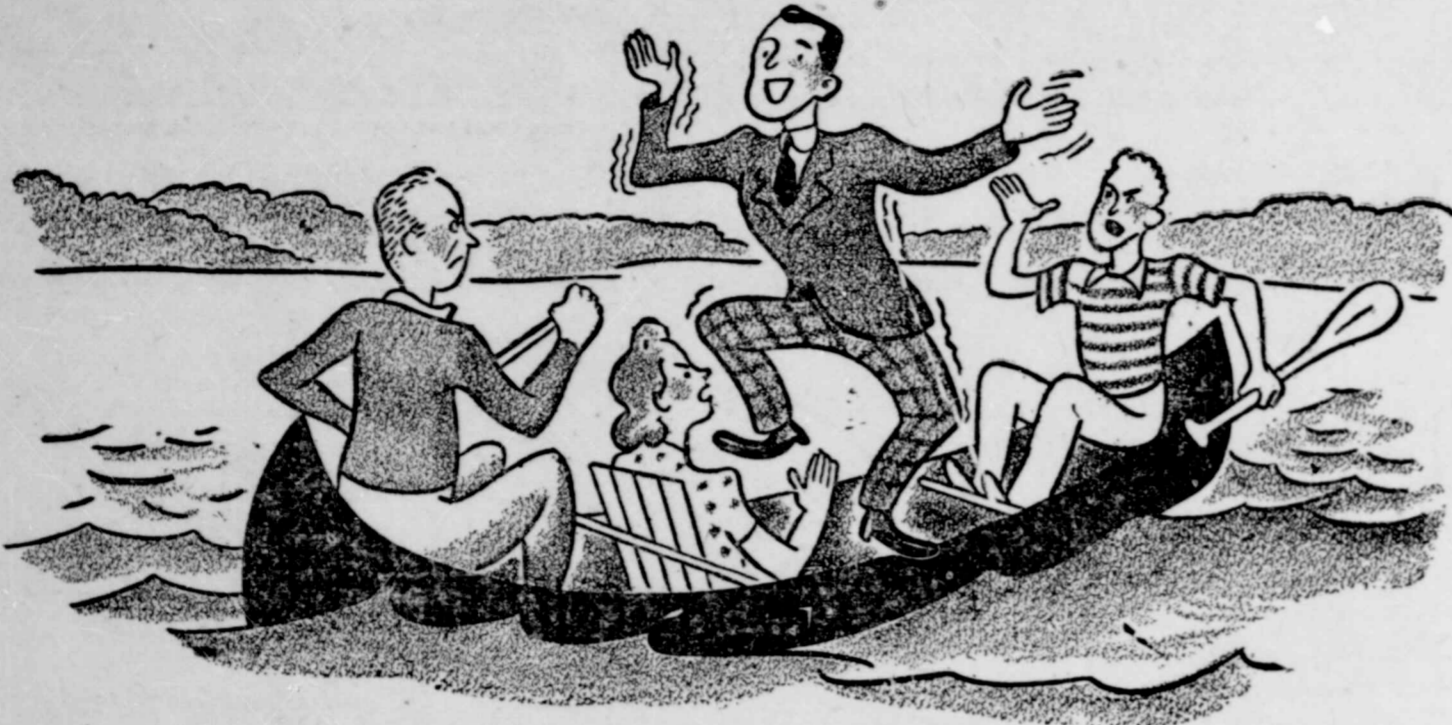

On The Honor Roll Of Our Country

Present incomplete list of men now in the armed forces of the U. S. A. from Terry County, Texas:

- ANDERSON, George Henry
- ARMSTRONG, Johnnie H.
- BASS, Curtis B.

HARMONY H D CLUB MEETS
The Harmony H. D. Club met in regular session in the home of Mrs. John Garner, August 18. After a business meeting The Agent, Miss Blanton gave the lesson on dressing centers and scarves that are appropriate. This was made from two orange boxes and dressed up in print. Very appropriate for a girls rooms. There were eight present. The next meeting will be with Mrs. Paul Gracey our bedroom demonstrator. Harmony Reporter

THE RECORD... Facts That Concern You No. 31 of a Series

SOME PEOPLE NEVER LEARN... but most of them do!

There are always a few "smart alecks" who want to stand up and rock the boat. But most people try to keep out of trouble.

The same sort of thing happens in the retailing of beer. The great majority of beer retail establishments are clean, law-abiding and wholesome. But occasionally you may find a "smart aleck" retailer who violates the law or permits anti-social conditions.

We of the brewing industry want these anti-social retailers wiped out! Because they imperil your right to drink good beer...and our right to make it.

We want to protect the benefits that beer has brought to Texas—employment for 31,165 persons since relegalization, an annual payroll of \$22,076,182 and taxes of \$2,273,968.64 paid to the state last year.

This state, too, has an important stake in Beer's purchases from over 100 industries supplying the brewing industry with materials, equipment and services.

You can help us in our public-spirited program by (1) patronizing only reputable and legal beer establishments and (2) by reporting any irregularities you may see to the proper authorities.

BEER...a beverage of moderation

MAN-MADE NEW ECONOMY AID IN THIS OIL

BRINGS RECORD LONG LIFE TO A SINGLE 5-QUART FILL

Daring Death Valley Destruction Test gives you plain proof—CERTIFIED

Some modern food processing, you know, destroys many of Nature's best life-givers—vitamins that you need for life. But making up the worst loss today are vitamin synthetics... man-made! Similarly, the latest oil refining removes some of Nature's best life-givers. But effectively taking their place today is a new synthetic... a man-made economy aid that you give your engine by changing to

—and the oils proved NOT the same

Conoco Nth oil lasted a whole 5,683 miles after the next best oil in the test fried up, with the engine good for scrap. And all 5 others in the test averaged 7,057 miles less than Conoco Nth, with its man-made new economy aid known as Thialkene inhibitor... Conoco Patent No. 2,218,132.

Now an inhibitor is to keep a thing in check. And the explosions in any engine can't help causing foul leftovers that

must be properly kept in check—or they will make your oil "fester" and pass out too soon. But that didn't happen to Conoco Nth in Death Valley. It stood up better...by as much as 161%...Certified.

You may say you'll never put your engine through extreme oil-mileage tests, because you have it drained and re-filled exactly according to the recommendation of qualified authorities. And you're exactly right.

But you certainly like all the safety factor your oil can assure—and the safest engine in the impartial Death Valley destruction test lived on Conoco Nth oil. And you certainly like it every time the man puts the gauge-stick back in without putting in a quart! So change to Conoco Nth today and count the miles till your next quart. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

AND CONOCO Nth OIL OIL-PLATES YOUR ENGINE!

Long the keystone of Conoco success, OIL-PLATING comes from another great Conoco synthetic... man-made under the famed Germ Processed oil patent. Magnet-like action bonds OIL-PLATING to inner parts. It can't all quickly drain down—not while you use Conoco Nth. So OIL-PLATING is on guard against wear in advance!... and helps mileage, as in Death Valley. An OIL-PLATED engine is one more economy you get by changing to new Conoco Nth oil.

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

H. M. Jackson

Harley Sadler And His New Stage Show Coming

Elsewhere in this issue you will find an ad heralding the coming of America's oldest and leading stage shows. For something like 25 years this popular company has been playing here each season, and this year according to Mr. Sadler, the people of Brownfield have a real treat in store for them in the way of a stage attraction. He has gone to the four corners of America for talent, which includes singers, dramatic artists,

musicians, dancers, the best that could be found in their respective lines. Many new features will be introduced. Special scenery will be provided for each play.

An outstanding feature this year will be the vaudeville talent, which will be presented by 30 minute presentations preceding the show. This presentation will be under the personal direction of Mr. Dick Darling, who joined the Sadler company direct from a Metropolitan engagement. Special costumes and Strobelite electrical effects which might be termed technicolor in vaudeville will be used, a feature not seen before in the south-

west. The doors will open at 7:15. The vaudeville program starts at 8:10. Popular prices will prevail. General admission prices are

HARLEY SADLER

10 cents for children and 20 cents for adults. Special reserved chairs are 10 and 20 cents extra, government tax included. The Sadler show engagement will be sponsored by the Boy Scouts of America.

Mrs. T. L. Treadaway, Sr. and Mrs. W. A. Bynum visited Mrs. W. T. Ince in Lubbock during the week end. Mr. Ince has been transferred from Lubbock to Big Spring where he is in charge of the Piggly Wiggly store.

Mr. and Mrs. Buddy Gillham and Mr. and Mrs. Roy Herod attended the football game in Lubbock Saturday night.

Boy Scout Exhibit At S P Fair

The Boy Scouts of the south Plains are to have an exhibit again at the Panhandle South Plains Fair, at which may be seen all their handiwork. Thirty thousand people visited their exhibit last year, and they expect 40,000 this year.

Several prizes have been offered by the Fair Association to Troops and Packs for the best exhibits, according to Jimmie Wilson, superintendent of the exhibit.

Mr. and Mrs. W. B. Downing left last Wednesday for a vacation in Hot Springs, N. M.

Noted that G. W. Chisholm was moving in another small home for someone on his half block on Tate street this week. G. W. is doing his share in populating Brownfield.

How Women Can Help Red Cross

The Red Cross always has depended on local volunteers to carry on its humanitarian work, and has trained millions of women to be ready for emergencies in their own communities.

Now, when the national defense crisis brings to light an acute shortage of trained nurses, the Red Cross is once again on the job. Cooperating with the Office of Civilian Defense, this great national organization has undertaken to train 100,000 women for immediate service as volunteer nurse's aides.

The situation is serious. Nursing facilities of civilian hospitals and health agencies are strained. Should a great emergency or wide epidemic come, it might not be possible to find enough trained nurses to meet the situation.

Our strength in the uncertain months and years ahead can be directly measured by the steps of preparedness we take today. If we are to be adequately prepared, we must recognize and act accordingly in mobilizing and training women to do those things for which they are best suited. Out of the training of 100,000 women as Nurse's Aides will come a trained corps of laywomen conscious of the problems and responsibilities of the nurse, and with a quickened interest in community work.

As a long range measure, an appeal has been issued to all young women considering entering the nursing profession to enroll at once as student nurses and Congress has made an appropriation to facilitate their training.

The Red Cross Nurse's Aide Corps, on the other hand, is entirely voluntary. After being trained for their duties, women who can

give several hours of their time every week without pay will be asked to serve as assistants to graduate nurses in all kinds of community health services. The work they can do will release the sorely pressed professional women for more technical duties.

Thousands of these volunteers are badly needed now in every kind of civilian health agency, and patriotic women from Maine to

California are eagerly grasping the opportunity for service in what has always been the woman's field of ministering angel.

They will be learning as they work, and if the national emergency should become greater they will be ready under the banner of the Red Cross to meet whatever call may be made upon them.

Sacred Music Theme Of Cen-Tex Harmony Club Meeting Tuesday

Sacred music was the theme of the Cen-Tex Harmony club meeting Tuesday when Mrs. L. W. Hanks and Mrs. Fred Walker entertained at the Methodist church. The program consisted of Lords Prayer, the entire group; Why Sing at Church by Mrs. Walker; a vocal duet, "The Old Rugged Cross" by Miss Marcille Burleson and Miss Brown; Revive Us Again by the club, Lessons in the Hymns, John S. Powell; "God Be With You Till We Meet Again" by the club.

The roll call was answered naming an instrument or verse from the Bible. New members accepted by the organization were Mrs. Nelson Smith and Miss Marcille Burleson.

Mrs. E. D. Jones, president, acknowledged a invitation to a tea from the Allegro Music club at the Hilton Hotel in Lubbock Oct. 8.

Members present were Mmes. Grady Goin, Tom Black, J. M. Teague, Smith, Hardin, Jones, M. E. Jacobson, J. R. Turner, Carter, Hord and W. H. Dallas; Misses Maudie Jo Fields, Burleson, Brock, Brown, and Messrs. Powell, Hanks and Walker.

Misses Earline Jones and Twilla Graham left Thursday for St. Charles, Mo., where they will enroll in Lindenwood college for girls. Mrs. E. A. Graham and Mrs. Earl Jones accompanied the two girls.

BRIDE HONORED WITH SHOWER SEPT. 18

Mrs. Odie Kelly, Mrs. Bernice Blevens and Mrs. E. L. Bruce were co-hostess to a shower given in honor of Mrs. Burlin Briscoe (formerly Miss Irene Brown) in the home of Mrs. Kelly Thursday afternoon.

About 50 gifts were presented to the bride. Several sending gifts that were unable to attend.

Refreshments were served to the bride and her mother, Mrs. Brown, her mother-in-law, Mrs. Briscoe, also Mrs. Willie Hyman, Mrs. Thelma Blair, Mrs. Rose Mayfield, Mrs. Paulette Howell, Mrs. Willie Jones, Mrs. Harold Briscoe, Mrs. Mary Lou Prestige, Mrs. Grace Chaney, Mrs. Velma Bailey, Mrs. Lucille McPherson, Mrs. Cox, Mrs. Vivian, Wilson, Miss Lena Williams, Mrs. Mamie Hart, and Mrs. Mary Kizer.

MRS McDUFFIE HAS LAS AMIGAS CLUB

Members of Las Amigas club with Mrs. W. R. McDuffie Thursday afternoon. A pyrex tea pot was given for high scorer and a pottery bud vase for second high.

Members attending were Mmes. Spencer Kendrick, Clovis Kendrick, Lee O. Allen Grady Terry, Orb Stice, Jack Bailey, Wilson Collins, Jack Stricklin, J. J. McGowan, Troy Noel and W. S. Brumage.

Although it is supposed by many to be parasitic, scientists say it has been proven that Spanish moss lives entirely on the plant food which it derive from air and rain.

Junior Maids and Matrons Meets Tuesday

"Our National Capital" was the program of the Junior Maids and Matrons at a meeting held Tuesday afternoon at the home of Mrs. Jack Hamilton.

Mrs. Homer Newman, program chairman for the day, discussed "Our National Capitol, the location, history, and general plans of the City."

The Capitol and the White House was Mrs. Bill McKinney's topic. Mrs. V. L. Patterson read for Mrs. Lynn Nelson "Libraries and Museums". Washington's Monument and Lincoln's Memorial was given by Mrs. Roy Ballard. Mrs. Burton G. Hackney discussed "Etiquette of our National Capitol".

The group discussed a project for the year. Miss Mildred Adams was named parliamentarian by the president, Mrs. Lee Brownfield.

Members present were Misses Irene and Mildred Adams, and Marietta Montgomery, Mmes. Mike Barrett, Brownfield, W. S. Brumage, R. P. Cates, Virgil Crawford, Grady Goodpasture, Jake Gore, Hackney, Virgil Keyes, Arlie Lowrimore, McKinney, Newman, Patterson and Emmitt Smith.

Quick frozen cottage cheese will soon be available in many metropolitan markets, following successful experiments in New Jersey.

Mrs. C. A. Jacobson, mother of Dr. M. E. Jacobson will leave for Omaha today for a visit with relatives.

Flower Exhibit Attracts Attention From Local Flower Growers

Entries in the flower exhibit sponsored by the Brownfield Garden club last Wednesday and held in the home of Mrs. R. B. Parish brought about a great deal of attention.

Results in the contest are as follows:

In the first division, bouquet entries, there were six sub-divisions. For roses Mrs. Burton G. Hackney was first, Mrs. Homer Nelson second, and Mrs. J. R. Turner and Mrs. Hackney tied for third. Mrs. Ragsdill placed first in the large dahlia section; Mrs. James King second and Mrs. Nicholson, third. In the small pom-pom dahlia, Mrs. Hackney was the only entry.

Mrs. Parish was winner in the marigold sub-division, with Mrs. C. C. Primm second and Mrs. Turner third. In the large zinnia division Mrs. Tarpley won first with Mrs. Parish second. In the small division of zinnias Mrs. Parish was first with Mrs. Hackney second.

Mrs. Parish won first in the petunia entries. Asters and cosmos presented by Mrs. Nicholson and Mrs. Parish respectively, were the only entries in other annual bouquets. They won first and second respectively.

House plants represented the second big division with Mrs. Luther Cruce winner. The third big division was miniature bouquets with Mrs. Parish placing first, Mrs. Hackney second, and Mrs. Buddy Cobb, third.

Mrs. Frank Wier was winner in the fruit and vegetable entries. Mrs. Tom Cobb placed first in the wild flower division.

In the perennial division Dalt Lewis placed high, with Mrs. Hackney second, and Mrs. Turner third.

West Ward Parent-Teachers

The West Ward Parent Teachers Association met for the first session of year 1941-42 on Thursday Sept. 18, at 3:00 o'clock in the West Ward School. Mrs. Cye Tankersly president, presided. Some 65 parents and teachers were present. The program consisted of the following:

Invocation Mrs. H. W. Nelson
Music Rev. F. A. Walker
Happiness Through Working Together Group Singing
Mr. Emmitt Smith, superintendent of schools.
Introductory of Teachers Supt. Smith (in absence of Mrs. Fulton, Prin.)
Business.

Following the program, a pleasant social hour was spent in getting acquainted and in talking over plans for the year. Delicious punch and cookies were served by the hospitality committee.

The officers and members of the West Ward Parent Teachers Association invite every parent to attend and support this organization which has its primary purpose the welfare of your children.

Mrs. Emmitt Smith, Publicity Chairman.

LADIES AID MEETS WITH MRS. HAMM

The Ladies Aid of the First Christian church met Monday afternoon in the home of Mrs. Bob Hamm.

The devotional was given by Mrs. Crawford Burrough and the lesson study led by Mrs. J. A. Dennis. The lesson was taken from Mark 1-5.

Members present were Mmes. M. E. Brown, H. B. Plummer, Burrough, A. A. Sawyer, C. S. Shaffer, Dennis, W. R. McDuffie, and R. N. McLain.

The group will meet with Mrs. McLain next Monday.

Plains Hostess To Tri-County Music Clubs

The Fine Arts club of Plains was hostess to the Tri-County music club Thursday afternoon in the newly decorated Home Ec room of the high school.

Light house centerpiece was placed in the tea table. Guests were present from the Seminole Music club, the Seagraves Music club and the Cen-Tex Harmony club of Brownfield.

Tri-county club officer presided at the entertainment following the tea. Mrs. J. R. Robertson welcomed guests and introduced the new officers. These are Mrs. I. E. Walker, Seagraves president; Mrs. Robertson, Plains vicepresident; Mrs. Ralph Oberhotzer, Seagraves, secretary-treasurer; Mrs. E. D. Jones, Brownfield, program director; Mrs. W. H. Dallas, state officer.

The program was presented by the various member clubs. An ensemble, an accordion solo, violin, and saxophone solos were given by the Seagraves group. Negro spirituals, readings, piano solo and vocal trio were presented by the Fine Arts club of Plains. The Brownfield club program consisted of a violin solo by Mrs. Hord, with Mrs. Black as accompanist; a piano solo by Miss Funk; Our National Music clubs convention, by Mrs. W. H. Dallas.

Guests were from Terry, Gaines and Yoakum counties. Approximately 100 were present.

Miss Beryl Chesney spent the week end with her father in Elk City, Okla.

Cotton May Yield Three Bales to Acre

Following a visit early this week to the Von Roeder Seed Farms at Knapp, Don Jones, superintendent of the Lubbock Experiment Station, and R. E. Karper, grain sorghum specialist with the Texas Extension Service, predicted that much of the cotton on the famous farm would yield up to three bales per acre.

Jones and Karper expressed keen interest in the many freak varieties of cotton C. N. and Nolan von Roeder have in one block of cotton—cotton leaves that are yellow, brown, red and purple.

The visiting agriculture officials were particularly interested in a small plot of lintless cotton that the von Roeders are growing for exhibition purposes. The Knapp seed farm operators also have growing specimens of Arizona wild cotton and Egyptian cotton.

The von Roeders are being visited by a number of people who desire to investigate a storm proof cotton they are producing, Jones said.

Storm proof cotton C. N. and Nolan have has to be balled and brought to a gin before the lint is exposed. It is reported this cotton will not come out of the burr at all without the use of machinery and would be highly suitable for areas subject to severe rain and hail storms throughout the growing season.

Also being conducted at the Von Roeder Seed Farm is an experiment with sweet sudan that is attracting considerable interest from farmers and ranchers in this section of the state.

The type of sweet sudan planted by the Knapp seed men is more palatable to live stock, and results in this situation where planted for experimental purposes.

On land where a row of ordinary sudan is planted, live-stock will eat the sweet type of feed to the ground, and leave the ordinary kind almost untouched.

Both the Lubbock and Spur experiment stations are vitally interested in this new kind of sweet sudan, for it bids fair to replace the ordinary kind in this section of West Texas and across that vast stretch of territory known as the South Plains.

LAWYERS ATTEND SCHOOL IN TAHOKA TODAY

Judge Lewis B. Reed of the 106 district court, will conduct a study course today in new rules and procedure in Tahoka.

All lawyers in this district will take part in this study course. This district is following the example set by other districts in studying the latest laws.

Members of the Tahoka bar are giving a barbecue dinner for South Plains lawyers.

Mrs. C. W. Whitsey, of Greenville, Texas, is here, the guest of her brother, C. Sears and family.

PROMOTION DAY NEXT SUNDAY AT FIRST BAPTIST CHURCH

Next Sunday will be promotion day in our church when the members of the Primary, Junior and Intermediate Departments will be promoted to their new classes and be ready to meet their new teachers the first Sunday in October.

It is hoped the weather may be favorable and that a large attendance may be had that this shifting of the members of these classes may be complete and ready to greet their new teachers on the following Sunday. The school tried to reach a goal of 500 recently and only failed to reach it by about, twenty and should reach it next Sunday for this Promotion day, as we have 722 enrolled.

The very damp weather last Sunday reduced the attendance but those who were not there should have seen the good crowd that attended and four were received into the membership during the day.

It is noted that in case of disagreeable weather the mens classes show the greatest low percentage by far and the children the least and the attendance of the women by far exceed that of the men.

The Churches of the Brownfield Association represented at their annual meeting at Tahoka last week made good reports most of them showing god gains for the year and much work having been accomplished. The cooperation of our churches in all missionary work is perhaps the best now in all of our history and it is expected that during the year closing with our convention at Abilene in November that the amount of money raised for this work will exceed one million dollars in Texas alone.

We invite all unaffiliated Baptist people to attend our church and share a worthy part in all of our work.

ALL DAY SERVICES AT NORTH SIDE BAPTIST

The services of the North Side Baptist church will continue throughout the day next Sunday, when out of town ministers will be present to participate, and when several communities are expected to be represented.

In addition to the pastor, Jno. R. Denning, there will be preaching by "Red" Hinson of Stamford, Jack Powers of Littlefield, Sherman Gann and Slidell, and others.

There will be no dinner served at the church but all out of town visitors will be entertained in local homes. The services will begin promptly at ten o'clock Sunday morning, and continue until 12:30 then again at 2:30 until 5:30, and the night services at 7:45 sharp.

All pastors and churches are cordially invited to come and attend these services at hours when their own churches are not in service.

Miss Nell Burdett and Mrs. Royalty of Lubbock visited the J. T. Auburg and Tom May families last week.

Brownfield FRIDAY SATURDAY Texas

British Fliers Visit In Brownfield

Optimism of the British was illustrated in Brownfield this week when Charlie Porter of Terrell brought five boys who are training in the Royal Air Force training school in Terrell for a brief visit with his sister, Mrs. Homer Nelson Tuesday night.

Mr. Porter and the five boys, Arthur Pratt of Rickmansworth, Godfrey Guy of Weymouth, Douglas Mercer of Liverpool, Rupert Olear of Sussex county, and R. R. Law of Barrow-in-Furness in Lancashire county, stayed in the home of Mr. and Mrs. Homer Nelson Tuesday and left Wednesday for New Mexico.

All the boys were quite sure that the present war would last from two to six years. They seemed to feel that they would be in the fracas in three months. Feeling this way did not keep them from wanting to see the mountains of the United States, however.

Mercer of Liverpool expressed the opinion that the destruction of England through bombing would in the end mean a better England. Especially did he speak of the highway problem. "In the England of pre-war days, one could hardly go down a street without running into a church, but when the war is over this condition will be changed," he said. He felt that the Island would rebuild in a streamlined fashion, taking their ideas from the Americas. His brother, who is a civil engineer, has already drawn up ideas on the replacing of buildings and roads ruined by bombing.

There is no actual food shortage in the British Isles today, they all agree. One told that the government was demanding that all yards be turned to producing vegetables for food consumption of the Island. He said that the grass in their back yard had been taken up and food planted. Flowers could hardly be found now.

Godfrey Guy of Weymouth, which is in southern England, said that at the beginning of the war his family had kept several refugee children, but the place had grown too dangerous now. There is not a child in the larger cities now. All have been taken to the country with their teachers. Parents may see their children, but control of the children is out of their hands.

Attention of the Britishers had centered upon the treatment of the American flag. One commented on a flag in Terrell which hung with the stars down. He said that England today was extremely flag-conscious, but the pre-war nation had been almost as unaware of the symbol as the United States is today.

The boys had just completed 10 weeks of training and had 10 weeks more before returning to England. The first 10 weeks were spent on airplanes with 250 horsepower motors. The next course will be with 450 horsepower motors. present plans are for the boys to fly bombers back to England.

With the week's leave between courses the boys wanted to see the United States. Mr. Porter planned to take the to the Carlsbad Caverns, the Bottomless Lakes at Roswell, to El Paso, and to Ruidoso.

Each of the boys made a brief speech at the Lions club dinner Wednesday. They stayed in the homes of Mr. and Mrs. Homer Nelson and Mr. and Mrs. Tom Cobb Tuesday night.

Mr. and Mrs. Lewis Benton and baby of Crosbyton visited her mother and daddy, Mr. and Mrs. Keith here Sunday.

Mrs. Eddie Couch of Water Valley and Mrs. John Scudday of Forson are visiting Mr. and Mrs. R. M. Kendrick this week.

Baby Sandy and Edward Everett Horton in Universal's swift-paced comedy production, "Bachelor Daddy".

Large Crowds Attending Revival At Church Of Christ

Elder W. S. Boyett, minister of the local church of Christ, corner Third and Main, reports that the largest crowds in the history of the church are attending the services. Deep interest is manifest. The meeting will continue through October 5th. You are cordially invited to attend any and all services.

F F A News

The first agriculture meeting of the year was held in the Vocational Agriculture room on Thursday, September 18. The following officers were elected: President-Raymond Benson, Vice-President - Paul Tapp, Secretary - Earnest Sears, Treasurer - Boyd Miller, Reporter - Harold Taylor, Parliamentarian - Stanley Miller, Watch Dog - Ray Langford, Historian - T. C. Hogue. The F. F. A. boys entertained the Home Economics girls that night with a watermelon feast. There was about 100 present. There was plenty of watermelon and everyone had a good time.

Gordon Dickinson, 30, son of Mr. and Mrs. W. K. Dickinson of Lubbock, was killed when a small plane he was riding in crashed near Hobbs, N. M., last Tuesday the 16th. The body was buried at Lubbock.

Ranchmen can help prevent grass fires by plowing one or more furrows just inside the fence where pastures are near highways.

Mr. and Mrs. C. J. Smith and Mac visited her father, Ross Rentfro, in Amarillo Sunday.

Hospital Notes
