

Terry County Fair Pronounced Great Success By Many Visitors

Considering Length Of Time Devoted To Its Preparation, The Result Was A Surprise To All. Community Exhibits Gave Visitors A Real Thrill

If large crowds, intensely interested are any evidence of the success of the Terry county fair, after a skip of a dozen years, then the 1941 fair will go down in history as one of the best. One of the most interesting things of the whole affair was the enthusiasm shown by the several communities in their displays at the fair. It could not have been within 50 per cent of what it was without them.

It was a hard matter for the judges to decide who was first, second, third and etc, as all seemed so near together. But a decision had to be made, and the judges tried to be as fair and just rules and regulations permitted. For after all that is all they had to go by. Then there was many notable private or individual exhibits that attracted a great deal of attention and were entirely worthy of the work and planning of the good farmers and their ladies of the county. Fruit and vegetables in Terry county just seemed to have tried to exceed themselves this year and individual exhibitors from many fine farms had little trouble finding something good to show.

Some Said They Had Better Stuff

A few were heard to remark that they had better samples of such and such on their farms. But how are we to know unless they are shown? The fact that many brought their stuff is what contributed to a successful fair. If they are hidden away on some farm, few other than neighbors see what they have wrought this year. So next year, and there will be a fair next year, be sure you bring what you have, and thus create more interest, and make the fair bigger and better.

Some of Finest Field Crops Ever Seen

There is no better corn grown in the eastern river bottoms than was exhibited here this year. Ears half as long as your arm, and well filled with grains from one end to the other. Indeed there was no period this year during the growing season when field truck failed to get a sufficient quota of moisture to make it do its do. Then, there was all kinds of the grains of the sorghum varieties such as wheatland and regular maize, fetterita, hegira, kaffir etc. One could write columns about these grains and never tire, for in them is tied up real animal fattening operations that add money to the bankrolls of the farmers and ranchmen of the area.

The lowly pea, peanut, and bean okra, Irish and sweet potatoes fruits of all kinds. Indeed most any fruit or vegetable you will find in the temperate climate, was there, and the specimens par excellent. The fair will mean many dollars to Terry county in that it will cause others to be fair conscious; it will rile them to better efforts next year; it will provide an ever expanding variety of fruits and vegetables for the average Terry county family. And that will mean better health—better homes.

Merchants Exhibits Attract

We could hardly close this without a distinct compliment to the hustling firms of our city, who had such fine exhibits at the fair. The writer acknowledges that he was surprised and pleased, and we will bet there was not an exhibitor that was not surprised in the aggregate, if not of his own efforts. However, we have seen frequently fruit trees, especially pear, bloom late.

Your guess is as good is ours. We'll also bet that the fair officials have little trouble selling space next year.

The fair was ample testimony of Terry county farmers' determination to grow more food for the nation's defense.

Gomez Wins First

Gomez community won first place in the community exhibits with Wellman second, Johnson third, Harmony fourth, Pleasant Valley fifth, Meadow sixth, Pool seventh, Scuddy eighth, Foster ninth, Union tenth, Tokio eleventh, and Challis twelfth. The Gomez booth was prepared by the Home Demonstration club of the com-

munity of which Mrs. Wes Key is president.

Individual judging results were: Hegari, L. M. Lang, Harmony. Wheatland maize, C. Sears, Brownfield.

Stalk Cotton, C. Sears Kafir, C. Sears.

White maize, Kelly Sears, Gomez, first; C. Sears, second. Cushaws, S. L. Greathouse, Pleasant Valley.

Okra, Mrs. Johnny Baggett, Gomez, first; C. Sears, second. Pears, Gene Hendricks, Meadow, first; Dottie McLeroy, Gomez, second.

Apples, Gene Hendricks, first; W. G. Carter, Happy, second; R. A. Hartsell, Brownfield, third.

Peanuts, C. E. Hicks. Plums, S. L. Greathouse.

Lima Beans and pinto beans, Dottie McLeroy.

Threshed maize, Calvin McLeroy, Gomez.

Corn, S. L. Greathouse, first; Dutch Barnett, Brownfield, second; C. Sears third.

Threshed cane, Calvin McLeroy, first; Harden Joyce, Johnson, second.

Watermelons, N. A. Newberry, Gomez.

Sudan, Calvin McLeroy. Cucumbers, Calvin McLeroy.

173 Entries In Womens Division Of County Fair

One hundred and seventy-three entries were entered in the Women's division of the Terry county fair, Miss Dorothy Faye Blanton, county home demonstration agent, said this week.

Of these 173 entries the two judges, Miss Clara Pratt, home demonstration agent of Lubbock county and Miss Maurine McNatt home demonstration agent of Lynn county commented favorably. Their one suggestion concerning the method of judging was the effect that the 1942 Terry county fair adopt the system of scoring each entry according to quality rather than the method used this year of first, second and third places.

Divisions in the women's part were textiles, culinary and canned foods. Miss Pratt judged the food and Miss McNatt the textiles. While Miss Pratt judged, she lectured, bringing out the good and bad points of each object. She especially showed the women how to test jelly for quality.

Miss Pratt was amazed at the showing the 4-H girls made with their canned products.

The Weather And Mesquite Blooms

Frosty Ellington of west Terry brought in some mesquite blooms last week and left them at the courthouse. To say this is unusual, is a well known fact to those who have spent their lives or a greater part of it in west Texas.

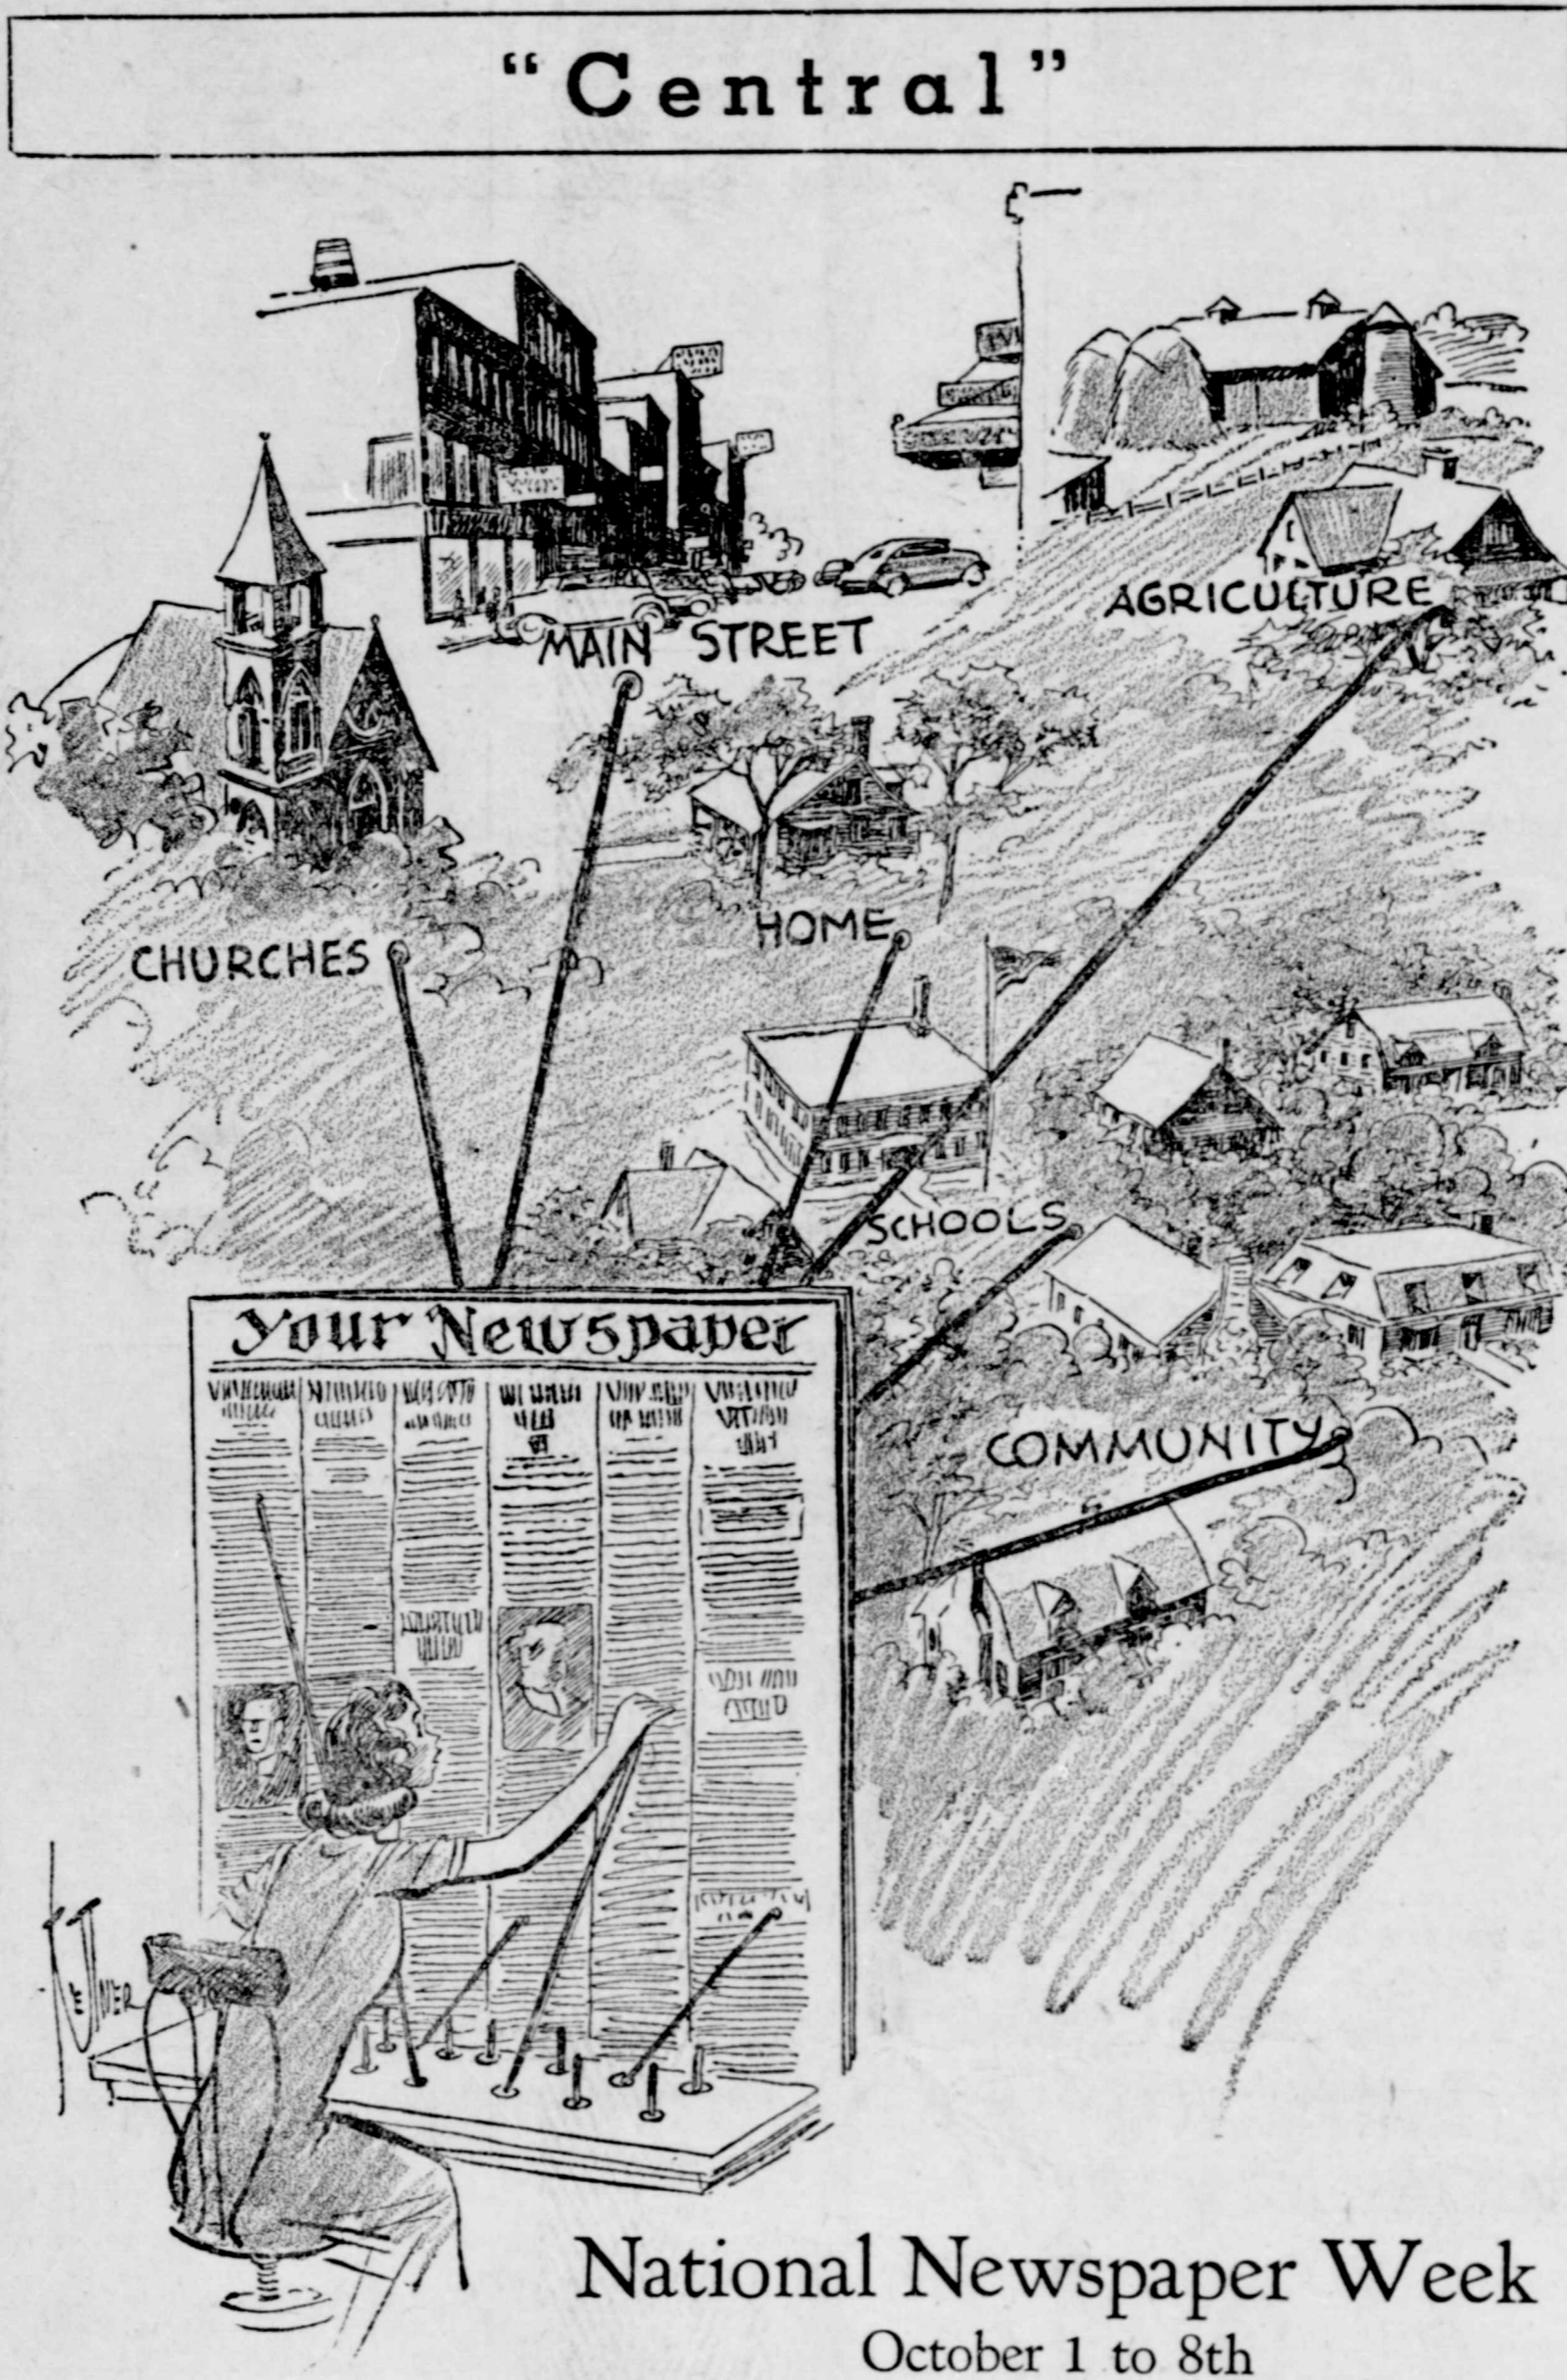

Here is another thing about this scrub tree that grows all over the west. Very few times if any have you ever witnessed a frost or freeze killing mesquites once they bloom. So, will we have no frost or freeze until these blooms have turned into beans, and they in turn ripened in the seed pod?

Your guess is as good is ours. We'll also bet that the fair officials have little trouble selling space next year.

Fifteen Mile Speed Limit Placed On Roads Next To School

A 15-mile speed limit was placed this week on all roads adjacent to the public school grounds by Roy Moorman, chief of police.

This ruling applies to the long block east of the highway on Main street and the same block east of the highway on Broadway. Signs have been placed warning drivers.

National Newspaper Week
October 1 to 8th

AMERICA'S WEEKLY NEWSPAPERS ARE BULWARKS OF OUR LIBERTY

By MALCOLM S. FORBES

Publisher of the Fairfield (Ohio) Times and Lancaster (Ohio) Tribune and son of B. C. Forbes, famous writer on business and finance and editor of Forbes' Monthly

Today 49.6 per cent of all the families in the United States are subscribers to one or another of this country's 10,000-odd weekly newspapers. Taken all together these weeklies are the prime print-medium for more than half the nation's population, and their total circulation of 21,000,000 by no means reflects their full leadership each week.

The rural counties these papers serve control the nation's political majorities; 46 per cent of all the stores in the United States are centered in their territory, with sales last year totalling \$14,000,000,000, or 31 per cent of the national total.

Oh yes, when one starts playing with statistics on 10,000 weekly papers impressive figures turned up, and a dazzling picture can be painted!

But to one of the 1,900 subscribers to the average little home town paper these figures mean nothing. On Thursday or Friday day of every week this reader looks forward to seeing in his paper what happened to Mrs. Jones' proverbial cow, what cousin visited with which neighbor or who was entertained at cards by whom, when and where.

Biggest Little Things

Little things — but the biggest things in the everyday lives of us all.

Because only a little paper can "cover" all these items which occur in the day of a person living in a small town, the average weekly has a peculiarly powerful appeal, its semi-gossipy "socials" fulfilling a fundamental human need.

The point here being made was beautifully illustrated when, in reply to a query from the writer as to whether or not she would miss her weekly paper if it ceased publishing, a lady answered with this question:

"Of course, young man. 'How else would I know what parties I hadn't been invited to?'"

A Sound Future

Human nature being what it is weekly newspapers have the soundest future in the world. Tremendous dailies at low cost, radio, television, facsimile transmission, frequency modulation—all these can never cut very far into the reader appeal of the weeklies, because it is practically impossible for them to cover the activities of the neighbors of each person in their vast audience.

Only the home town paper has space for the social events of the local church caretaker as well as those about the mayor's wife or the bankers wife.

These great new developments utilizing the principles of radio are far greater threats to the dailies.

And it has been a well-grounded tradition that the average weekly editor wields a great influence over his little family of 1,900 readers; his indeed are the "grass roots". He writes for Tom, for Dick, for Harry, and not for the "pee-pul" of this great nation". But these Toms, Dicks and Harrys of Smalltown America are "the people".

Together with their "country editor" they have provided the thought and things which have made America great; and together in these turbulent, perilous days ahead they will keep it great.

Sheriff Takes Two Men To Huntsville

Sheriff Joe Price will leave this week end for Huntsville where he is talking two prisoners to the state Penitentiary.

Prisoners are Harold Nichols who was convicted to the pen for 4 years on a forgery charge.

He has several sentences against him but they will run concurrently. The second prisoner is Perry Sullins, convicted for two years on a cattle theft charge.

Next Wednesday Is Terry County Day At Fair

Tommy Black of the Terry County Board of Development phoned us this week, that next Wednesday would be Brownfield and Terry county day at the Panhandle Plains Fair at Lubbock.

The high school band will be there in all its glory, and on that day any scholar that misses classes but attends the fair will not be reported absent or tardy that day.

In other words, educational leaders have come to the point that they believe students learn with their eyes faster than with any other instruction, and all fairs worthy the name are mostly educational. There will be many things that the student, no matter what trade, calling or profession he may choose for the future, will find to be an incentive to him and great help in his school work. Of course all school children will be admitted free that day. And all all work and no play makes Johnny a bad boy, or sumpin' so Johnny and Mary will, when they tire of the educational, can find in the midway, many modes of entertainment.

Mr. Black hopes that a great crowd of adults of the town and county join with the juveniles that day in making it a real Brownfield and Terry county day at the fair. If you cannot possibly go, make arrangements some way with your neighbors for the kids to attend the fair that day.

McKinney Insurance Prize Goes To McLeroy

The McKinney Service Insurance Agency announces that their prize of \$5.00 went to Thadis McLeroy, of the Gomez community.

Mr. McLeroy registered his birth as May 15, 1905 at 5:55 A. M. His name was drawn from the box. No charges for registration.

\$75,000 Appropriated For Lamesa Road

The road from Lamesa to Brownfield is at last to be completed, according to information just received by County Judge Vernon D. Adeock, from District Engineer S. C. McCarty.

Mr. McCarty advises that an appropriation of \$75,000.00 has been made by the Texas Highway Commission for the purpose of constructing the surfacing of Highway 137 from Punkin Center to the Terry county line.

As has already been announced Terry county has already let contract for their part of the road and construction is now underway in that county. The road has been completed for some time from Lamesa to Punkin Center and with this section mentioned above, the road will then be completed all the way from Lamesa to Brownfield.

Mr. McCarty stated that they hoped to have plans complete so that a contract can be awarded at the November meeting of the highway commission.— Lamesa Journal.

In connection with the above, we might state that the grading and drainage is practically completed on the Terry county end of this road and several miles of the caliche base has been laid. It is hoped that by early spring hot topping may be completed from here to Lamesa, giving Brownfield a fine outlet to the southeast.

In going by Tahoka in wet weather, it is 60 miles to Lamesa, but will be only 38 or 40 miles when this road is finished. There is a dirt road from here to Lamesa that is OK in dry weather, but rather slick in wet weather in places.

Mr. and Mrs. W. R. Bridges have returned from a visit with their daughter in Alaska. Mr. and Mrs. Lee Fulton met them in Lubbock Tuesday afternoon.

Winners In Estimate Contest Are Named

Estimates ranged from 99 to 15,000 on the 100 pound sack of cottonseed pellets shown at the West Texas Cottonoil Co.'s booth at the Terry County fair last week.

Over a thousand estimates were turned into the company.

The actual number of pellets as counted by the West Texas Cottonoil employees was 3198.

Prizes were awarded according to three divisions, men, women and children. A first, second and third was given in each division.

Winners in the men's division were first, Hardin Joyce, three sacks of meal; second R. C. Guest, two sack of meal; third O. L. Walton, one sack of meal. In the women's division prize-winners were first, Mrs. R. C. Guest \$2.50 in cash; second, Mrs. R. A. Brown, \$2; third, Mrs. Lewes Cutton, \$1.50.

Children who won awards were: first Sandra Bailey, \$2; second, Dale Hill, \$1.50; and third, Betty Jean Chambliss, \$1.

Seven Men Leave For Fort Bliss

Seven Terry County men left for the Reception Center at Fort Bliss, Monday, Sept. 29th, as follows:

Dennis Carl Jones, Oliver D. Scott, George Franklin Joplin, Victor Reeves Trussell, Joe Woodrow Peigh, James G. Ellison and Raymond Howard Day.

On October 10, 14 men will leave for Fort Bliss, the largest class of draftees so far from Terry county. The are as follows:

Lee Ollie Greenfield, James Claude Parrish, Luther L. Hinkle, Joseph Elton Patterson, James Herman Moore, jr., Tommie Reeves, L. C. Perry, Clyde K. Crossland, Duard Bennett Kennedy, Ray D. Abney, Odus Odell Caswell, Gerald Stewart Warren, John Allen Rose, and William Denny Austin.

Lions Club Well Pleased With Their Part In Fair

Those who enjoy the bright lights, the smell of hamburgers the barking of midway hawkers got their fill at the fair each night, and the kids all seemed to have gotten enough rides to last them months. We have never seen a bunch of men who seemed to have cooperated as well as did the Lions club in putting over their part, and it was a big part of the Terry County fair. They netted around \$1,000.

There are others, too, who helped to make good, such for instance Tommy Black who stayed on the job almost day and night without a whimper. He was backed by a working committee that did not mind getting up against the real thing. This will always go a long way toward putting over any undertaking. Then there were literally hundreds that were not assigned to any kind of a committee that worked like beavers, brought in exhibits or helped others arrange them. Take Mrs. Dr. Davis, for instance. She hired her washing done in order to help Mrs. Stricklin with the Herald exhibit, as the force at the office had all they could do to care for getting out an edition of the Herald.

Then too, there were our good neighbors over in Yoakum County that helped out by their attendance, and brought a bunch of good dance, and brought a bunch of fast football players on Friday night that downed our B team by one point. We believe the score was 12 to 13 in Plains' favor.

Several having asked, will state that Mrs. Geo. W. Neill got the dishes offered by the Herald. A great many more than 1,000 registered at the booth, and many did not, thinking perhaps there would be a charge for it.

Boy Scout Troop In Brownfield Organized

Organization of Boy Scout troop 95 in Brownfield gives the town its fourth troop.

Junior chamber of commerce, with Lynn Nelson as president, is sponsoring the new troop, which has nine members. Bob D. Brewer is scoutmaster and James H. German is assistant.

Troop committeemen are J. V. Barnett, chairman, Dick Chisholm and Ed Mayfield.

Tom L. Adams, Rolland T. Treadaway, Donald Price, Alfred Bond, Odell Quante, James C. Rambo, Bryant Clark, Leonida Yates and Robert Brewer are members. The troop will meet on Thursday night in the scout hall.

Terry County H D Club Met In Courthouse

The Terry County Home Demonstration Council met Saturday, September 27, at 2:30 p. m. in the Jury Room of the County Court House. After a discussion of the exhibits at the fair, the reports of the State Convention were given, and all clubs were urged to read their rules for organization and their by-laws before holding their elections this month.

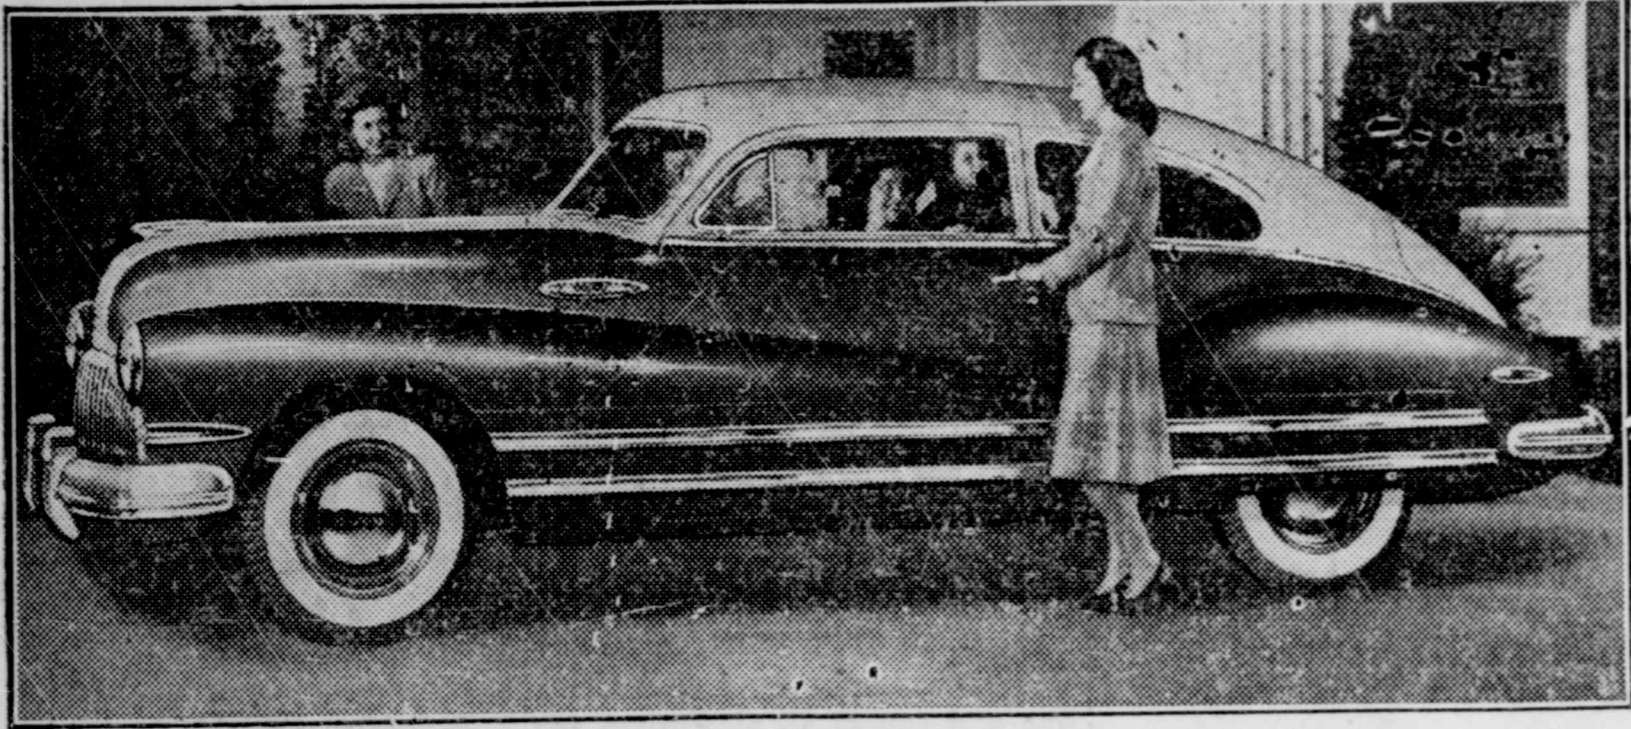

All new club presidents and new delegates are urged to attend council next month for the election of council officers for 1942.

Wants Issue of Sept. Nineteenth

Mrs. Sallie Bell Hawkins, Marshall, Texas, sister of W. A. Bell of this city, recently wrote in, enclosing a dime in stamps for the issue of the Herald of September 19th, the big fair edition.

Mrs. Hawkins stated there was much in the issue that she wished to preserve. Luckily, we happened to have a copy that we could spare.

Streamlined Sedanet Featured by Buick

THE NEW Buick Series 50 Super Sedanet provides a maximum of passenger room and comfort in this popular coupe-sedan body type. Added to the Buick Series 50 group for 1942, its long graceful lines are emphasized by fully streamlined fender

treatment, greater window area and longer wheelbase. Bumpers are extended and curved around to protect fenders. It is mounted on a 124-inch wheelbase chassis and its Fireball engine has improved compound carburetors as standard equipment.

Stafford Says He Likes His New Job

San Diego, Calif., Sept. 23—“Well how is good old Terry county? Sure hope everything is OK. San Diego is fine, but there sure is a lot of difference in this and Terry county. I am working at an airplane factory, my hours being from 3 P. M. till midnight. Sure like my job; everything is just swell, but so different. However, we don't get so lonesome as one would imagine as there are several Terry county people here, and one makes friends all along.

Among Terryites here are, Leon Rhine, Estelle Goodpasture, D. B. Scott, my wife and baby. We went boat riding and saw a lot of Uncle Sam's boats and more airplanes than you can shake a stick at. Looks to me like there are enough battleships, planes and service men here to whip Hitler. It is more than one can imagine. Edwin Hamm, another Terry county man came to see me the other day. You should visit us; we will try awful hard to show you a nice time, and just think of the news for the Terry County Herald.

San Diego is supposed to have 153 places of interest, and I know that I have seen at least a mil-

lion. Then there is the French ships and their funny looking sailors. The other night as I was coming home there was a bunch of them in the street. One was showing a girl how to do the rhumba. They had the street blocked and street cars and all stopped.

Oh, yes, last but not least am sending \$1.50 for the Herald and it sure is a welcome visitor. Say, I have found the one and only place for Tom May and Homer Winston; lots of fishing, plenty beer, and the weather ideal. Well, send me my paper as I will be looking forward to hearing from Brownfield.

J. D. Stafford.

SANTA FE CARLOADINGS

The Santa Fe Railway system carloadings for the week ending Sept. 27, 1941, were 23,117 compared with 21,183 for the same week in 1940. Received from connections were 9,524 compared with 6,808 for the same week in 1940. The total cars moved were 32,641 compared with 27,991 for the same week in 1940. The Santa Fe handled a total of 31,877 cars during the preceding week if this year.

Mr. and Mrs. Kenneth Frazier of Plaiview were week end guests of Mr. and Mrs. W. T. McKinney.

HUGE INCREASE IN TEXAS EGG SHIPMENT

Austin, Texas, Sept. 29 — Senator W. Lee O'Daniel may have trouble getting his eggs in Washington, but there are plenty back in his "Beautiful Texas."

The increasing demand for Texas-laid eggs has raised the number of carload shipments from 89 in August, 1940, to 685, in August, 1941, a report of the University of Texas Bureau of Business Research shows. A slight slump occurred in poultry shipments, with only 21 carloads of chickens and turkeys moving as compared with 29 1-2 a year ago.

Of the 685 carloads of eggs shipped, 675 went to out-of-state points, with New York taking 529 carloads.

H. H. Longbrake, an early day pioneer and hardware merchant here, now retired has succumbed to the progress of the city, and subdivided his ten acre tract on which he has resided so long, into lots and blocks, as an addition to the city, and offering to the public. "Braky" says he can stand some nearer neighbors if they can. This property is located in north-east portion of the city, abutting the Lubbock hi-way accessible to all utilities.

HOME OWNERS FORUM

By ABNER GORDON

WHILE spring cleaning frequently calls for the styling of fringes, sash and trim as well as freshening up the parlor or bedroom, all too often the kitchen is still the same dull old place when Autumn rolls around. This is a mistake, because housework loses its monotony and becomes less arduous in pleasant surroundings. In other words, the kitchen should be made to just sing with color, turning the most worked-in room into one of the most beautiful in the house.

Because of the frequent presence of steam and grease in the kitchen, the use of white lead paint is suggested. White lead is impervious to the action of steam, dirt and grease; any stains which may result being easily removed by simple washing with plain soap and water. This assures cleanliness as well as the durability of whatever decorative treatment selected.

Q.—In constructing a wall closet, what depth is required in order that dresses and suits will hang freely from a pole running from side to side?

A.—The closet should be at least 22 inches in depth—about eleven inches in front and behind the pole—to provide free hanging space for the heaviest of winter apparel.

Q.—Suggest a method for cleaning limestone.

A.—Scrubbing with hot water and mild soap should suffice. Stains are best removed with Javelle water.

Q.—The galvanized iron flashing, where our vent stack goes through the roof, is rusting out and the joint leaking. What remedy do you suggest?

A.—Replace the corroded sheet with non-corrodible, pliable, sheet lead flashing. Contact your local licensed plumber who can easily make the installation.

Five County Health Unit To Resume Work

Now that everyone has settled down to work again, the Health Unit is active with the vaccination and immunization program. On Thursday of last week vaccination of children at Tokio and Gomez, who had not previously been vaccinated by their own physicians or this office were completed, making close to 100 per cent at each school. Since the smallpox vaccination is compulsory in the Brownfield schools we hope to complete these on our return trip. This was to have been done on Wednesday of this week but because of the weather had to be postponed. We hope to have sunshine and dry weather by next Monday morning and will finish up then. On Monday of this week approximately sixty children from Meadow received either smallpox or diphtheria shots and our return

trip will be about Oct. 27th in the A. M. Due to road conditions we were unable to get to Challis but expect to see them on Friday Oct. 10 in the P. M. We have information that Wellman school has been out all week, so their vaccination day will be Thursday October 9th at 1:00 P. M. There are at least four or five more schools and as soon as the roads are passable arrangements and schedules will be made for them. No child will be vaccinated or receive diphtheria shots unless we have a signed card, sent home by us or a signed note from either parent or guardian. W. S. Brumage, Director Five County Health Unit. Mr. and Mrs. Odis Kelly and Mr. and Mrs. Bernice Blevens spent Sunday at Lake Sweetwater fishing. Besides a few small ones they caught one 5 lb., and one weighing 14 pounds.

Address Lost To Needle Work Patterns

Two or three ladies have written in lately about the needlework or crochet patterns that have appeared in the Herald. True, at the bottom of these pictures it states they can be had from this paper. However, unfortunately, the address of the manufacturer has been lost. We are keeping the names of those who have written us about the matter, and possibly before long will know the address of the firm making the patterns again. Without doubt they will soon write us again, sending new cuts, and then we'll be able to supply the address to readers. In the meantime, no more of the present supply of patterns will be run in the Herald, as it might cause others to write for them without availing anything.

HOGS ONLY MAKE SHIPMENT GAINS

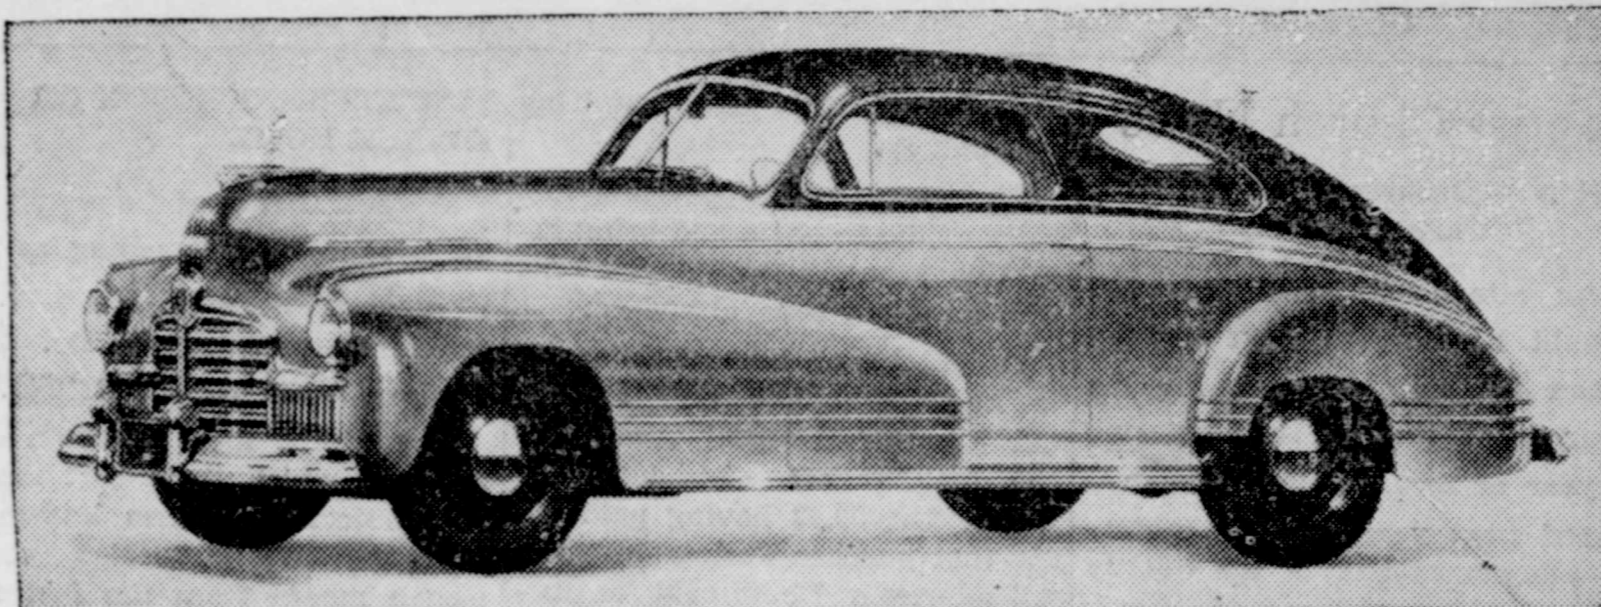

Austin, Texas, Sept. 29—Hogs made the only gain recorded in livestock shipments from Texas to Fort Worth stockyards and out-of-state markets during August, the University of Texas Bureau of Business Research reports. Shipments of swine gained 9.7 per cent over August, 1940, to total 749 carloads. Total livestock movement dropped 5.6 per cent, to 5,399 carloads, made up of 2,680 cars of cattle—down 6.5 per cent; 1,040 cars of calves—down 16 per cent; and 930 cars of sheep—down 0.1 per cent. In addition to hog shipments. For the first eight months of 1941, however, total shipments are off less than 1 per cent from the first two-thirds of 1940, and totaled 46,430 cars. Mrs. Bill Heflin left Monday for a visit with friends in Longview.

November 4 and 5 Dates Set For Scouts Drive For Scouts

The Southwestern District Committee on Scouting held its regular monthly meeting Monday night September 28 in the County Judge's office. L. C. Heath presided and heard all reports on all phases of scouting. Reports on organization by Lee Fulton included a new club pack at Denver City and the new Troop 95 of Brownfield. Plans were discussed for further organizations in the district, and a boy fact survey is being run in the schools to determine the number of boys desiring to become scouts. November 4 and 5 were set as dates for the Scout finance drive in Brownfield. Leo Holmes, chairman of finances, discussed plans for the drive and announced the appointment of M. J. Craig and R. A. Simms as leaders for divisions of the campaign. These men in turn will select their workers whose names will be released later in the week.

Judge Says . . .

It does not matter where the government fixes that ceiling, we'll soon hit it anyway. With the Nazis over yonder, and the Not-sys over here, Roosevelt has to fight on two fronts. They shouldn't throw eggs at Herr. Wheeler. They might miss, and hit an innocent bystander. We read much about the American way of life, but the American way of death is along our highways. V. H. Thompson of Plainview spent the past week end here visiting his son Carter Thompson who recently moved here from Big Springs and is connected with old age compensation work.

Farmers Should Have Their Seed Tested

Austin, Oct 1.—The Texas Panhandle and Plains country is one of the nations outstanding grain producing areas, declared State Commissioner of Agriculture, J. E. McDonald today in announcing plans for enlarged seed testing facilities at the Department of Agriculture's branch laboratory at Texas Tech, Lubbock. The laboratory, under the supervision of Early J. Peltier, an expert seed analyst, last year rendered an outstanding service to the farmers, seed growers and merchants of West Texas, and with the recently enacted Texas seed law requiring all planting seed offered or exposed for sale to be tested and tagged, the laboratory is expected this year to make between ten and twelve thousand purity and germination tests, McDonald said. Peltier, in his annual report to the commissioner, pointed out that Johnson grass is fast becoming a definite menace and that Bindweed (small flowering morning glory) is beginning to make its appearance in some samples received by the laboratory. "Few people know how noxious the weed may become," said the commissioner. Some encourage it as it makes a pretty blossom. However, unless destroyed as it appears this weed will in time, become a serious menace. It is even worse than Johnson grass, as it twine about and over any plant with in reach, robbing it of air and light, while the roots below are starving the plant of food and moisture. McDonald reported notable progress being made by the wheat improvement association in this section. He pointed out that laboratory tests are made free of charge at both Lubbock and Austin, and stated that he thought it vitally important that farmers should have every lot of seed tested before planting it in order to continually improve the standard of wheat and other crops and keep the fields free from damaging weed seed. Anyone wishing free purity or germination tests may address the Department of Agriculture, seed laboratory, Texas Tech Lubbock.

Three Cars Collide North Of Brownfield

Two cars and a truck, all with out-of-town passengers, collided this week north of Brownfield, on the Lubbock highway. All three were driving towards Brownfield. All three were driving towards Brownfield. The wreck occurred when a car, attempting to pass a truck a head of it, was hit by a car behind the first car causing the first car to hit the truck. Sheriff Joe Price reported no serious injuries.

Two University of California scientists have made synthetic starch from glucose, but it is not expected that industrial use will be made of the process. This is the first instance of starch being made by any means except the action of plants themselves.

In 1929 the average factory worker had \$387 to spend on non-food items; in 1941 he will have \$1,045 or 18 per cent more. In 1929 he had to pay one-third of his wages for food, but in the first half of 1941, only one fourth. In addition, the prices for non-food goods have decreased enough since 1929 so that the money spent on them buys 35 per cent more this year.

About 150,000 pounds of aluminum were used last year to make wing and leg bands for poultry in the United States.

I always wear cotton seersucker in summer 'cause it feels so light an' cool. But since seein' all these girls in their new seersucker swim suits, I've gotta admit it looks even better on them than it feels on me.

More Defense Foods Needed

"More milk, more eggs, more pork" is the food-for-defense appeal being made to American farmers by the U. S. Department of Agriculture. Farmers are responding unitedly, the Department says, and are turning huge quantities of feed from the AAA Ever-Normal Granary into energy-giving foods. Milk production is highest on record; egg production is higher than in any year except 1930; extra numbers of brood sows are being held over for fall farrowing. Nevertheless, the Department declares, even additional increases in these products must be made to supply the growing home demand and the emergency needs of Great Britain.

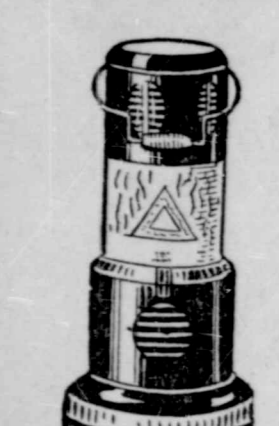

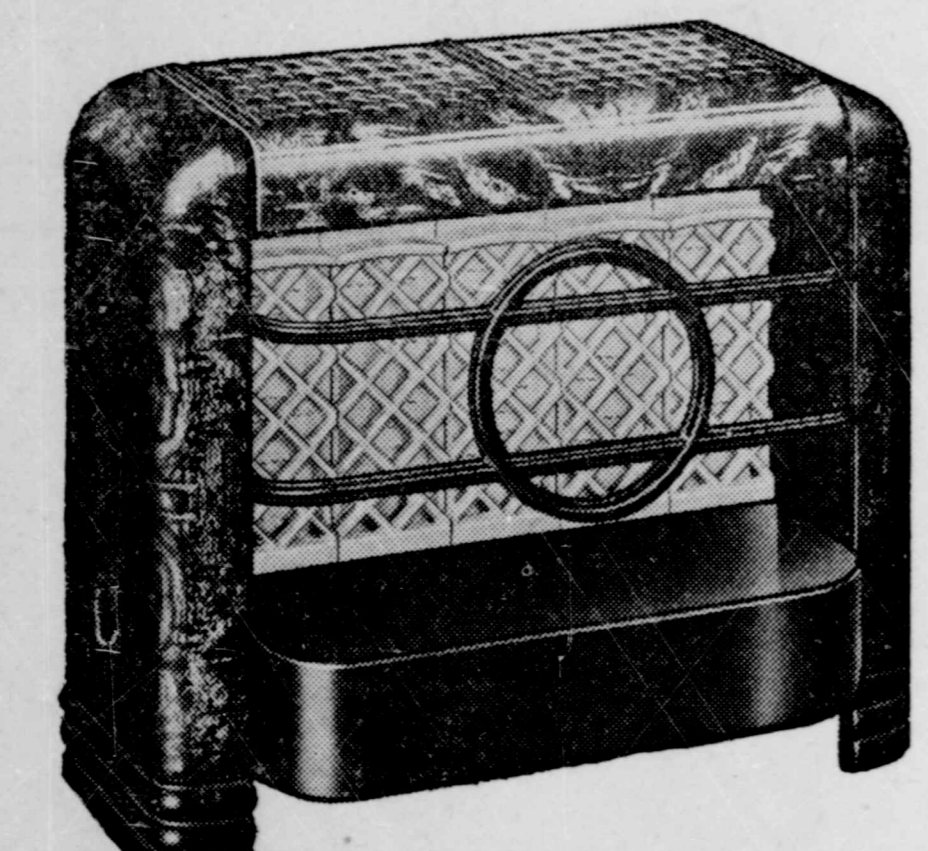

Help Them Grow Helps Them "Go"
When you prepare the children for school — prepare to have them drink at least a pint, preferably a quart, of milk each day. Our route man will deliver to your door—

BROWNFIELD DAIRY

WINTER is coming — ARE YOU READY FOR IT?

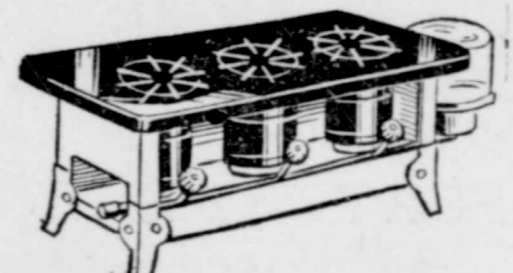

Don't let the cold weather catch you napping—have your heater ready to light on a moments notice. The heaters featured here will give you cheer and beauty to your rooms as well as warmth, and the money they save on fuel is remarkable.

Perfection Room Heaters WITH PYREX GLOBE \$11.25 - \$16.85

Enjoy modern automatic comfort with Bu-Pro-Fire gas heaters. These automatically controlled heaters are especially designed for use with liquefied petroleum gases and will keep your home at a healthy, even temperature throughout the entire heating season. Bu-Pro-Fire gas heat is clean—no ashes—no smoke—no soot—nothing to mess up walls and furniture. This complete line of heaters includes forced circulation models, radiant type circulators, vented radiant circulators and bath models—all finished in "Lifetime" porcelain enamel and designed to harmonize with any home surroundings. See Your Bu-Pro-Fire dealer before buying heating equipment.

Baptist Church News

New Teachers Meet Their Classes Sunday

An attendance goal of 550 should be reached next Sunday when the new teachers for the year meet their classes. Closing a year of record attendance it is hoped next year may be greater in attendance and in the quality of work accomplished. A course of study will begin next Monday evening for all teachers and officers to better fit them for their next year task and their full cooperation in this study is expected. The matter of teaching the Word of God is not a trifling task

but of great importance requiring much study.

The people will appreciate this work of the teachers and bring into this school literally hundreds who have not been attending.

It will be of interest to many to know that last year showed our greatest financial record for the maintenance of our local work, \$10,699.42 having paid out for that purpose during the year. All salaries and help paid for during the year aggregated \$4307.00. Money spent on building debt and interest and other obligations, \$3656.44. Paid out for the printed page such as literature on church school supplies and the Baptist Standard \$859.95.

While this money has been spent on our local work we have not entirely overlooked outside causes as missions, orphanage work for which \$1885.60 has been paid.

The year closed without any debt except our building debt which is now \$17,000 having been reduced from \$20,000 since the building was finished.

Many of our membership will read these facts and thank God that their cooperation helped to make this record possible and we hope that Baptists who have not come into our fellowship and have moved here will wish to share with us in this great work and make the church a matter of first importance.

Visitors are welcome here.

Mr. and Mrs. Oscar Sawyer returned Monday from Dallas, where they went to take their daughter, Joy, who entered Metropolitan Business College. They also attended an Oliver Dealers Convention in Dallas and reported a very nice trip. Mr. Sawyer is an Oliver Dealer in Brownfield.

Mrs. Cye Tankersly and children and Mrs. M. B. Sawyer spent from Sunday to Wednesday in Rule, Texas.

VINCENT'S INFECTION OR TRENCH HOME

The soft tissues of the mouth require as careful watching as the teeth to keep them in a healthy condition, according to Dr. Geo. W. Cox, State Health Officer.

One of the more common diseases to which these soft tissues are subject is a germ known as Vincent's infection, also called trench mouth from the fact that it was very prevalent among soldiers in crowded camps and trenches during the world war. These two names are given to the disease when it effects the gums and supporting structures of the teeth; sometimes it affects the throat and tonsils, in which case it is called Vincent's angina.

One peculiarity of the germs that cause trench mouth and Vincent's angina is that they may live and thrive in the absence of oxygen. They enter the mouth and become fixed between the teeth, under the gum margin and beneath the margins of fillings and Crowns. They grow in and about decayed teeth. They are more likely to be active and cause the disease to develop in the mouths that are not kept clean and well cared for than in a clean, healthy mouth.

The infection may be picked up through the use of common drinking cups of cooking utensils that have not been thoroughly clean, through drinking from unsanitary fountains and in other ways. It can be spread to others, just as colds are, through coughing and sneezing.

The disease is highly contagious and spreads very easily from person to person. It is characterized by bleeding and sore gums, and finally by ulcers in the soft tissues. In acute form the disease is painful and causes great discomfort. In extreme cases the infection may spread through the entire system with very serious results.

Of course, not all bleeding or sore gums or bad breath are due to trench mouth, but at the first indications of such symptoms—no matter what the cause, a doctor or dentist should be consulted promptly and his advice and instructions should be followed with the utmost care. Those who develop the disease must also take every precaution from passing the infection on to others.

LOCAL MAN SUFFERS BROKEN HIP MONDAY

Sam Pyeatt is undergoing treatment in the Treadaway-Daniell hospital for a broken hip. The injury occurred Monday when he slipped in a local store.

Between 1930 and 1940 there was a sharp increase in ownership of small part-time farms near large cities.

According to census figures, the average acreage per farm in the United States in 1940 was 174, compared with 154.8 in 1935 and 156.9 in 1930.

Some fifteen truck loads of soldiers passed through Thursday on their way some point north of here.

Mr. and Mrs. Garland Ledbetter and boys were guests of their parents, Mr. and Mrs. R. E. Townzen, Sunday.

AN EPIC OF NATIONAL INTEGRITY

When the Historians come to write of the foul betrayals of national treaties and compacts that have marked world war number two, they will have much to say of the low point of national honor, for all history—and rightly so.

But standing out in glorious transcendancy will be Britain's going hopelessly to the aid of Greece, because a solemn treaty promised to help in such a circumstance. No one knew better than Prime Minister Churchill how hopeless a task it was to attempt to stem the rush of the Nazi panzer divisions backed by overwhelming air power. He knew that few British troops would likely come out of Greece, and that Greece had little chance of survival.

With all this array of funeral information, it would have been easy to say, "why lose our men, why make a hopeless stand on the soil of a doomed country—why not be practical? Why not save our men against the day of greater need?"

But, No. The British realized that if honor among nations was to be saved for a better day in world civilization, someone must set an example, to forever confound the ruthless, heartless, dictators who hold that honor is stupid, the virtue of the weak.

There are no shining examples of chivalry and honor than the British expedition to aid Greece. Indeed it will forever stand as one of the foundation stones on which a new and better civilization may be raised for the brighter days that lie ahead.—Clarendon News.

WHAT IS WHEELBURG

A Wheelberg is a not so quiet birdman of the ostrich family. Its main habitat is in the temperate zone, where it enjoys all the fruits of nature but is noted for its refusal to defend those advantages. It appears only too willing to share them with despoilers, who are only to growl from a distance.

A further distinguishing characteristic of the Wheelberg is "day blindness" which causes it to ignore things seen by others and yet can see non-existent dangers in a poorer light.

The Wheelberg's favorite trick is to bury its head in sand. Naturalists are at a loss to explain this strange habit, but think it may be due to a dislike of looking at anything that does not resemble itself.

The only sound the Wheelberg makes is a rash unpleasant scream something like this: "A-peace, A-peace"—Veronique Hall, in the Milwaukee Journal.

WE'RE OPTIMISTIC, WE WON'T STAY DOWN

There is a brave old saying that "it doesn't matter so much where you are as in what direction you're going". And this, we have always liked to think, is a typically American attitude.

There is still quite a bit of growling and worrying in this country, though it seems to lessen visibly as we face facts and get on the job of doing things that have to be done. But when we look back and remember the plight we were in a year ago, many of us may feel like getting down on our marrow-bones and thanking God that we've got our nerve back and climbed out of the pit of gloom and confusion as far as we have.

Several things have contributed to this lift of spirit. As a nation we are naturally optimistic. We

can be kept down for just about so long, then we rise up and crave action. We have got a big spiritual boost from Britain's brave fight and her triumph over troubles immeasurably greater than ours. We have benefitted likewise by the courage and tenacity of the Russians, who if they must die are determined to do it facing the enemy. With them now stand, in spirit, if not in arms, other nations that lately seemed doomed. There is a growing rebellion against the destroyers who lately threatened to overrun the earth.

Thus the civilization we know and believe in now has a good chance to survive the greatest assault of modern times. And it is evident that in its preservation we Americans are going to play an honorable part. We can now look the world, and each other in the eye, as we go ahead with our job, doing what has to be done.—Amarrillo Times.

The Floyd County Rural Electric Cooperative at Floydada recently was allotted \$152,000 by the REA to build 216 miles of lines serving 389 members in Crosby, Dickens, Floyd and Hale counties.

"Behind The Scenes In American Business"

As defense production grows ever greater, it keeps demanding more and more of the materials non-defense industries need to keep going. Big non-defense industries for the most part, can switch over and do defense work. Smaller ones can't. This has been deepening the peaks and valleys of employment, causing worker migrations priorities unemployment. The action of Floyd B. Odum director of the new OPM contract-distribution division, in calling up on 56 companies holding major defense contracts to subcontract on a larger scale, marks intensification of effort to iron out those wrinkles in our economic map. He called on the companies to assign their ablest executives to this problem. It's understood he plans to expand vastly the number of field offices of the old defense Contract Service, eventually having 150 of them. At present there are 30. These 56 companies now hold about 75 per cent of the defense supply contracts. More clinics like that held here last week, in which prime contract holders get together with little fellows who want to get subcontracts, are expected through out the country.

Defense officials here, in allocating the coming year's auto production. One answer to this problem appeared recently when a Washington columnist, Ernest K. Lindley pointed out that "obviously, the materials available for automobiles would make more units of transportation if production were concentrated in the lighter models". He quoted figures compiled by Joseph W. Frazer, president of Willys-Overland, showing that the savings in metals alone would amount to 227,000 tons this year if each company were to manufacture only its lightest series of cars. The figures indicate, Mr. Lindley observed, that . . . output can be readjusted to cut the consumption of critical materials without depriving the public of motor transportation. Almost certainly more will be heard in the coming months of simplification in the automobile industry, and concentration on

the lighter, if not the lightest, models.

GOMEZ H D CLUB

The Gomez Home Demonstration club met in the home of Mrs. Hoseny Key Monday afternoon Sept. 22, in which to discuss exhibits for our booth at the fair. There were 13 members present Mrs. Wes Key, Kenneth Furr, W G Swain, R. C. Gerest, Denver Keely, W. S. Carter, Hoseny Key, Ed Newson, Aubrey Fare, Kellie Sears, Tress Key, A. B. Buchanan and Johnnie Boggett. There were 14 absent, they being, Mrs. W. W. Waddell, Lee Short, Jno. Dobbs, W. F. Banks, H. B. Grant, V. V. Brown, Jim Draper, Paul Young, J. E. Eakin, Alfred Tittle, Lee Walker, Happy Hudson, J. E. Lee and Lillian Lee. We urge each member to be present next meeting Oct. 8 which will be at Mrs. Tress Key and the Home Demonstration agent will be present to discuss "Holiday Tables". The club meets the 2nd. and 4th Wednesday's of each month.

PLAINS—

Texas Farmer Buying Power Increased

Buying power equal to that of the best years of the '20's can be expected this year by Texas farmers, a University of Texas business statistician predicts.

Forecasting a total farm cash income—including government subsidy—of more than 700,000,000, Dr. F. A. Beuchel, associate director of the University's Bureau of Better Business Research, looked for continued high prices for cotton, cottonseed, livestock and livestock products during the remainder of this year.

Increasing the value of the farmer's dollar, he said, are such factors as (a) lower costs of merchandise, (b) scaling down of interest rates on farm mortgages, (c) government operated farm credits, and (d) extension of rural electrification projects.

Added to the foregoing factors are the vast improvements which have taken place in the states transportation system, both rail and highway, the benefits of which are being shared by the farmers in common with all citizens of the state, he explained.

Prosperity is not shared uniformly throughout the state, however, he warned, citing abandonment in the last decade of 8,000,000 acres of cotton growing Texas land, or 50 per cent of the total acreage in the '20's.

Even with prices of cotton lint again approaching the level which prevailed in the '20's and the price of cottonseed well above the average of that period, total income in 1941 from cotton and cottonseed will equal only about half that received from these

sources during 1927 and 1928, he declared.

Older cotton producing regions of the state—central, eastern and southern Texas—will receive a much smaller proportion than in the '20's, while the newer cotton producing regions of north and northwest Texas will receive a larger proportion, he cautioned.

As a source of income, the statistician said, cotton has dropped from first place, yielding less than 40 per cent of the total agricultural receipts now as compared with 67 per cent in 1927. Livestock and livestock products, on the other hand, now yield 46.5 per cent compared to 24.1 per cent in 1927, and fruits and vegetables contribute 5.4 per cent as compared with 1.8 per cent in 1927.

Mr. and Mrs. W. H. Collins spent Monday in Lubbock where Mr. Collins' brother from Lamesa underwent an operation.

Mr. and Mrs. C. R. Webb of Roby visited in the home of Mr. and Mrs. Mon Telford last week end.

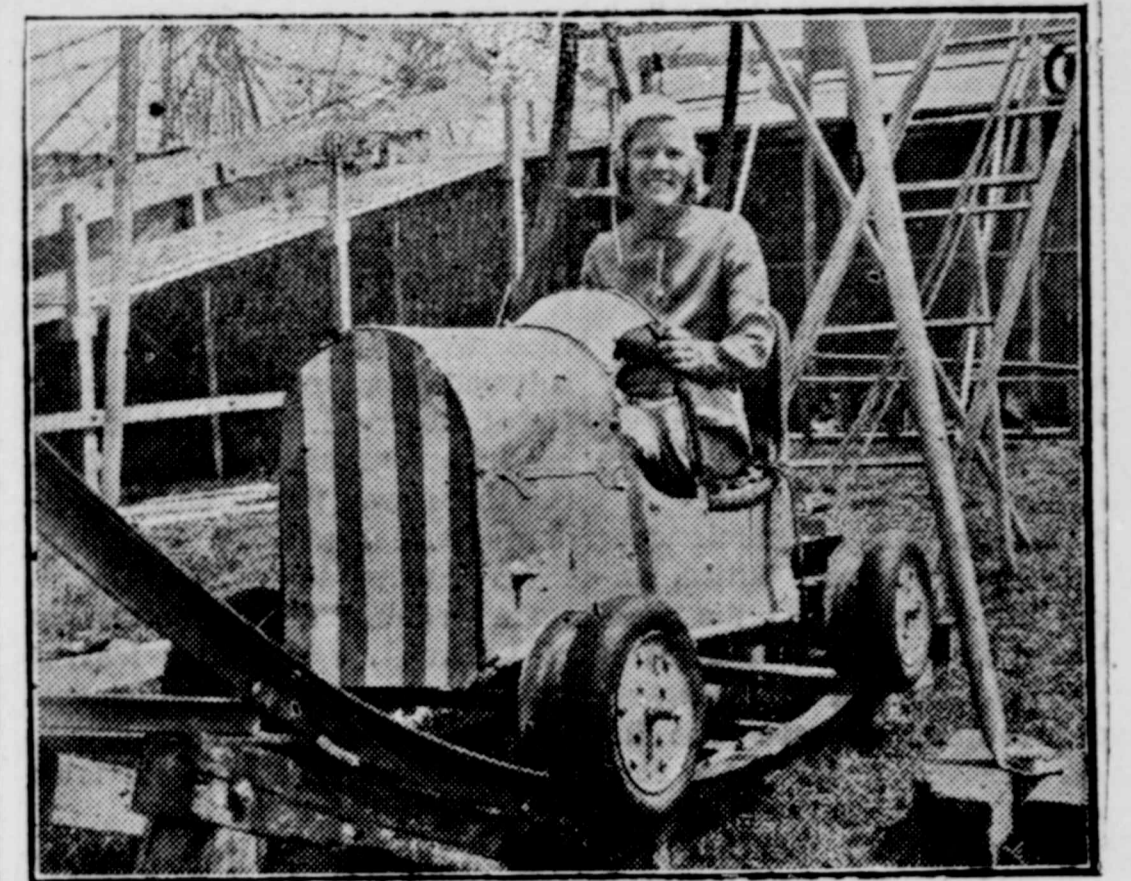

Roy Hunter of Amarillo visited his parents, Mr. and Mrs. Enoch Hunter, in Brownfield Sunday.

Mr. and Mrs. J. O. Gillham, Dolores and Mrs. Etta Gillham are in Chicago, Ill., where Gilliam is attending the national banker's convention.

Mr. and Mrs. E. A. Key of Clovis New Mexico visited his father, A. P. Moore in Brownfield last week.

Mr. and Mrs. A. D. Repp of Lubbock visited friends here Friday. Dudley Repp remained here and spent the week end with Richard McDuffie.

On The Midway At Panhandle South Plains Fair—October 6-11

Virginia Shumway was for three October 6 to 11. Miss Shumway is shown above in a midget motor car in which she performs sensational feats of daring, including traveling from a stage set high over the midway, dashes through space at a dizzy speed into a loop-the-loop and from the loop through a burning wall of fire.

Mrs. W. H. Black and Mrs. Ella Busbee are visiting friends in Fort Worth.

W. A. Bynum, V. A. Bynum, Mrs. J. E. Garland of Lamesa, Mrs. Ola Tinkler of Lamesa, Mrs. F. D. Stark of Seminole and Mrs. L. L. Cobb of Lubbock attended the funeral services for their aunt Mrs. Nannie Baird in Canyon, Sunday.

A marriage license was issued this week to R. A. Baldwin and Mrs. Ila Lee Zachary.

Terry Noble and Slim Elliot of Tahoka were visitors to our city, Monday.

Mr. and Mrs. Jack Benton, Barbara Jean and Jimmy and Wayne Brown, jr., spent the week end in Pampa with relatives.

Mrs. Lee O. Allen is spending the week in Lubbock with her sister, who underwent an operation.

Merl Paddock spent Monday in Andrews visiting friends.

For 1942—a Beautiful New

FORD

"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old.

If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.

TEXAS

Do You Know Texas

By Looe Miller

MEMORABLE PASSAGE— "A patriot finds it more difficult in protecting his county in times of peace while the people are slumbering in the cradles of harmony than in defending it in time of war when they are shocked by battle's carnage into life and action." —James Stephen Hogg.

Q. What is the principle difference between the source of money for the Available School Fund and the permanent School Fund?

A. Bascom Giles, Commissioner of the General Land Office, answers this question. At the present time about 15,000,000 acres of school land are held by purchasers under contract of sale. The interest received under these contracts is placed in the Available School Fund; and the principal, when paid, is placed in the Permanent School Fund, Commissioner Giles explains.

WORTH DEFENDING — Colonel Paul Wakefield sounds this thought full word in these days when Americans are so interested in home defense: "The foundation of Texas has not been hewn from a single stone. It is composed of many blocks, painfully laid up and put together, and cemented by the tears and blood of the nation. The dictates of one's breast is a more permanent and steady rule of conduct than the influence of tyrants."

Q. Please list for me the six flags under which Texas served, giving the dates of each.

A. France, 1685-1690; Spain 1690-1821; Mexico, 1821-1836; Republic of Texas, 1836-1845; United States, 1845-1861; Southern Confederacy, 1861-1865; and the United States, 1865 to the present.

point in Texas is the top of Guadalupe Peak, 8,751 feet, in Culberson county. This peak rises nearly a mile above its base.

Q. Was General U. S. Grant ever in service in Texas?

A. Yes, in 1846, General Grant, then a lieutenant at Corpus Christi was greatly impressed with Texas. In his "Memoirs" he tells of a very interesting overland trip which he made from Corpus Christi to San Antonio. "San Antonio then was about equally divided between Mexicans and Americans" Grant observed. The statement continues: "From there to Austin there was not a single residence except at New Braunfels. From Austin to Corpus Christi there was only a small settlement at Bastrop . . . but after leaving that, there were no settlements except the home of one man with a female servant at the old town of Goliad".

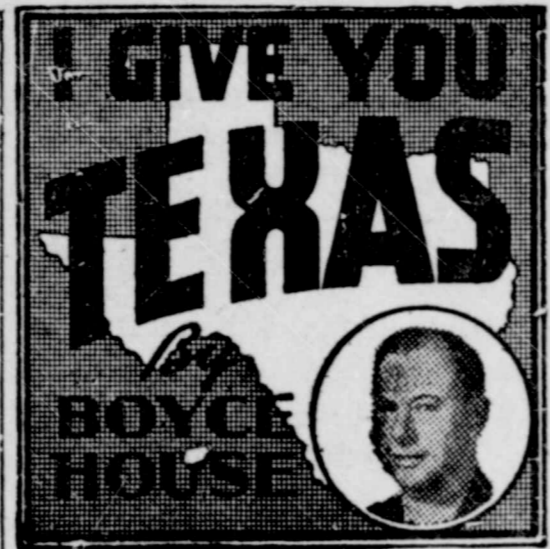

MORE MEN — The Granger News Carries a column of names weekly, proudly headed: "Granger boasts of having more men in service than any other town its size. The men listed are in the United States, army, navy, marines, and air corps and is a truly creditable list of the flower of Granger and Williamson county youth."

Q. What is Texas' annual rainfall?

A. Minimum average is less than 10 inches at El Paso; maximum average is more than 50 inches along the Sabine River in East Texas.

Miss Hancock, very efficient night nurse at the hospital is having the Herald sent to her parents at Wilson, Texas.

Mr. and Mrs. Walter Breedlove and children visited Mrs. Breedlove's grandmother, Mrs. N. J. Dean, at Bovina, Sunday.

Someone has said, Nothing is easier than fault-finding; no talent, no self-denial, no brains, no character are required to set up in the grumbling business.

And the Lometa Reporter declares that taxes are what other people should pay to support our government.

Skating on ice, something unknown to Texans, can be indulged in by anybody who wishes to learn and enjoy the sport. The huge ice rink now nearing completion in the Will Rogers Memorial Coliseum in Fort Worth will be open to the public for skating each morning and afternoon and also at night except when an ice hockey game is to be played by the Fort Worth Rangers—but they play only 25 games at home during the four month season. Experts will be on hand to give free instruction to beginners.

The ROTC camps at Edgewood Arsenal, Maryland (the summer camp for chemical warfare from over 50 colleges), according to Robert L. Fischel, student of the University of Tennessee, used to be a place where, at meal time, you heard, "Please pass the sugar" and "The bread, please" and "Thank you".

Then came those Texas aggies. It's a legend now that the first one to enter the mess hall calmly spat tobacco juice through the rafters and scored a perfect bulls-eye. They came, like the black plague in winter, to darken our fair mess hall, to create confusion everlasting.

"Shoot the bullneck", boomed one Texan. The meat was passed.

Another Aggie yearned for some sugar. We could see it in his eye. "Sawdust"! That was his only command.

"Sand and", hissed another. One trembling camp-mate finally shook enough pepper and salt in the plate to appease his master.

"Deal one" snarled a bread-eater, having devoured a mere snack of eight pieces. The bread sailed gently through the air and was snatched in flight by an expert meat-hook.

"The blood! (pause) 'The b-l-o-o-o-o-d !!!' Only white corpuscles circulated in our veins at that moment. However, the vibrating catsup bottle gave one man the clue which saved our skins.

It was an orderly place. That was before the advent of the Texas Aggies. They sure played h--- with our mess hall.

For 'ways that are dark and tricks that are vain', Bret Harte would have to admit that the heathen Chinese he told about in his famous poem was a piker in comparison to the loan sharks with their many devious methods in attempts to get around the law against exorbitant interest. For instance, one company lends the money after another company has endorsed the note. The offices of the two concerns are conveniently close because actually both are owned by the same out-of-state shark. Of course, the endorsing company makes a charge for its "assistance" to the borrower.

Sometimes an individual is used as an intermediary to camouflage the transaction. The intermediary in reality, is connected with the company making the loan and naturally collects a fee for his service. A little different is the procedure whereby the applicant is told in one office, "We don't make loans direct" and is referred to a broker's office (owned by the same outfit), and this second office collects a commission for arranging the loan.

Another plan is for the borrower to "rent" stocks or bonds from an individual (who is in cahoots with the loan office), it being explained to the borrower that the stocks are to be put up as collateral for his loan.

And there is the false sale scheme, the borrower agreeing to "buy" a trinket, which came from the dime store, and the conditional sale plan covers the excessive interest charges for the loan. These and dozens of other ingenious tricks are keeping thousands of Texas families in financial bondage and the determination is growing among Texas citizens to do something to stop 100 and 200 and 400 per cent interest in this state. Pity the poor secretary of a Chamber of Commerce, observes

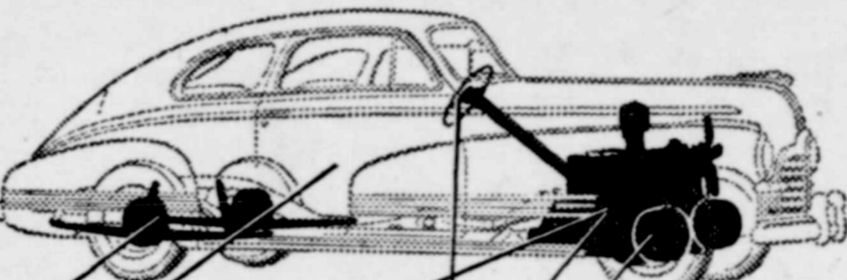

Now when quality and long life mean more than ever
Pontiac gives you new models
with 15 improvements over last year's *great success!*

PRESENTING 10 Great New Pontiacs FOR 1942

WITH THE THINGS YOU'VE ALWAYS LIKED *and 15 new ones too!*

New streamlined Sedan Coupe in Pontiac's lowest-priced line

- Triple-Cushioned Ride—improved—still yours.
- Bodies by Fisher with even greater beauty.
- Vital engine parts are unchanged for 1942.
- Travel of the gearshift has been reduced 50 per cent.
- Gas and oil economy is unchanged.
- Front wheel brakes have been increased in size and triple-sealed.

A MIGHTY pleasant surprise awaits you when you see and drive the new 1942 Pontiacs. With their greater beauty, their improved riding comfort, increased over-all length and weight—without sacrifice of Pontiac's famous gas and oil economy—they are indeed Pontiac's greatest quality achievement.

But—most important of all—all the vital parts of Pontiac's great engines—bearings, pistons, connecting rods, and many others—are exactly the same as those which have built Pontiac's nationwide reputation for long life.

See these new models today. And don't forget—Pontiac is still priced just above the lowest!

ONLY \$25 MORE FOR AN EIGHT IN ANY MODEL!

How Pontiac is Helping America Prepare

Pontiac's part in National Defense is the production of rapid-fire cannon for the U. S. Navy. To speed this all-important task, Pontiac has two ordnance plants—one in operation and one under construction—manned by thousands of skilled craftsmen working night and day building this cannon which naval authorities say is "the most effective weapon of its size ever produced." Pontiac may build few cars, but our part in National Defense will never be neglected.

Defense Bond Quiz

Q. Do the retail stores receive any fee or percentage for the sale of stamps?

A. No. The retail stores are offering their facilities as a patriotic service, just as banks, savings and loan associations, and others are giving their help in the sale of Defense Bonds.

Q. How can I form the thrift habit necessary for me to buy many Defense Bonds now, to help the Government?

A. The easiest way is to instruct your employer or banker to hold back a small fraction of your salary or other income. Even 10 cents a day and a dollar on your birthday will mount up in one year to \$37.50, the purchase price of a \$50 Defense Bond. Bigger savings buy bigger bonds.

POOL

The heavy rains over the week end made it disagreeable to attend church and Sunday school.

Victor Trussell left Monday for Ft. Bliss to begin training. Victor will be missed as he was a good Sunday school and church worker.

A party was given Friday night for Victor at the school house, with Mrs. Gunter and Mrs. Newsom hostesses. After the games were played, refreshments were served to about 45 guests.

The Union League meeting was held at Pool Wednesday night. A large crowd attended. Meadow seniors won the banner. The Pool Intermediates won the banner for their group.

The next meeting will be at Seagraves Oct. 28.

New officers have been elected in both league and Sunday school.

Mr. and Mrs. L. M. Waters have returned home from Hot Springs, New Mexico where they took the baths for their health.

Mr. and Mrs. Richard Meil are entertaining a new daughter. The young lady's name is Barbara Ann.

Mr. and Mrs. Newsom and Alfred Terrall visited Mr. and Mrs. J. J. Gunter, Sunday afternoon.

Those visiting in the J. M. Trussell family on Sunday were Mr. and Mrs. James Trussell and sons of Lubbock, Mr. and Mrs. G. B. Sterling and daughter of Wolforth Mr. and Mrs. H. C. Zorns and family and Mr. and Mrs. Jack Brown and family.

Mr. and Mrs. Andrew Cooper of Tahoka visited friends east of Brownfield Sunday afternoon.

City Council Of Parent - Teachers Association Organized Last Week

MRS. LEO HOLMES ELECTED PRESIDENT OF NEW ORGANIZATION

Organization of a city council of Parent-Teachers association was made Thursday afternoon in the West Ward building.

Mrs. Kenneth Furr, president of the city council of Parent-Teachers association, was in charge of the meeting. Representatives from three city units, Brownfield high school P T A, West Ward P T A, and the Gomez Ward P T A were present.

A nominating committee submitted the following officers to the group: Mrs. Leo Holmes, president; Mrs. W. M. Adams, vice-president; and Mrs. Sadie Hazelwood, secretary and Mrs. Kenneth. Although the county council is not functioning this year, plans are being made to organize other associations in the out-lying communities.

MAIDS AND MATRONS STUDY CONSTITUTION

Mrs. Lee Brownfield was hostess to the members of the Maids and Matrons club Tuesday afternoon in her home. Chairman of the program was Mrs. E. C. Davis.

"Our Constitution and Its Makers" was the topic of a talk by Mrs. L. M. Wingerd. This was followed by a comparison of the United States, 1789, the constitution of the United States, 1900, a century of Constitutional government, and 1941, American government today, given by Mrs. R. B. Parish.

Mrs. Davis concluded the program with "Defend the Constitution."

HEALTH GROUP PICNIC AT RICH LAKE SATURDAY

Members of the Five County Health unit picnicked at Rich lake last Saturday night. The group built a camp fire, and roasted weiners.

Guests were Miss Mary Frances Elders, of Seminole, county treasurer of Gaines county and Miss Christine Miller, home demonstration agent of Gaines county.

Members of the Health unit present were Miss Eula Tweedle of Seminole, nurse of Gaines county; Miss Vera Bowers, clerk for the Five County Health unit in Gaines; Miss Edna Shaffer, nurse from Hockley county; Bud Patterson, Bill Eason, Miss Liona Settle, Miss Jessie Rinehart and Dr. and Mrs. W. S. Brumage.

T E L CLASS HAS COVERED DISH SUPPER

Members of the T E L Sunday School Class of the First Baptist church were entertained with a covered dish supper Tuesday evening at the home of Mrs. Ame Flache.

After the supper the group played Bible games.

Members present were Mmes. L. D. Chambliss, S. H. Daughtery, B. L. McPherson, W. L. Bandy, D. P. Carter, John Jenkins, K. W. Howell and Miss Fannie Day.

Mask And Wig Dramatic Club Formed

The newly formed dramatics organization which is called the "Mask and Wig Club" met in the High School on Monday evening at 7.

At the previous meeting Mildred Rankin was chosen as president; Mary Katherine Anthony was chosen to be secretary; Odell Pierce treasurer; and Jack Spence reporter.

During the first part of the last meeting a business discussion was held about the plans for the year. During the last half a quiz program was held. Janelle Scott received first prize which was a miniature statue of Falstaff. The booby prize having been given to Miss Newsom.

Clyde Riggs Janelle Scott, Alene Travis, Roberta Underwood, Alfredia Greathouse, and Wilburn Carter were chosen as an Executive Committee. This committee will divide later in the year.

On the program committee were Sammie Jo Tankersly, Janette Edwards, Earl Hildreth, and Vinice Steen.

The club plans to give a play in the near future as dedication to the new stage properties.

FUNERAL SERVICE FOR MRS. CORNELIUS HELD

Funeral service for Mrs. Harry Cornelius, 38, who died Wednesday at 11:45 A. M., after a short illness, were held at 2:30 o'clock Thursday afternoon at the First Baptist church with the Rev. Avery Rogers officiating.

Interment was made in the Terry County Memorial cemetery.

Active pallbearers were Tobe Houze, Clyde Bond, J. M. Teague, Shorty Forbus, E. G. Akers and Orb Stice. The flower girls were Eldora Lewis, Patsy Ruth Lewis, Helen Gillham, Betty Shelton, Virginia Stroup, Dorothy Bynum and Peggy Lewis.

Mrs. Cornelius is survived by her husband, Harry Cornelius; two children, James and Vylenele Patterson; her mother, Mrs. J. D. Bailey; two sisters, Mrs. Glenn Webber and Mrs. H. B. Smith; two brothers, Ike and Jack Bailey.

MRS. WINGERD HIGH SCORER AT ACE-HIGH CLUB MEET FRIDAY

A crystal salad set was presented to Mrs. L. M. Wingerd for high scorer at a meeting of the Ace-High bridge club at the home of Mrs. Mon Telford Friday afternoon.

Mrs. R. B. Myers scored second and won a water set. Mrs. Telford had placed a bowl of "dusty millers" on her mantel. Roses in the room were der Radiance and Talisman.

Women present were Mesdames Wingerd, Myers, L. Nicholson, Ray Christopher, A. A. Sawyer, R. B. Parish, R. M. Kendrick, W. H. Collins, Wilson Collins, J. R. Turner, Ned Self, Garrett Daughtery, Peterson, Lee O. Allen, T. L. Treadaway and W. R. McDuffie.

Rain, rain, rain! Don't ask us how much, we'll tell you that when it quits.

New Material Arrives For Red Cross Use

Material for use in making bed-clothes, operating gowns, and skirts for the local Red Cross Department of war relief production arrived in Brownfield this week, Mrs. T. L. Treadaway said.

Fourteen skirts were completed last week she said.

Women of Brownfield interested in working with the local unit are asked to be in the old American Legion hall in the afternoons any day from Monday through Friday. Officers of the day are—Monday, Mrs. I. M. Bailey, Tuesday, Mrs. C. C. Cotter; Wednesday, Mrs. R. L. Harris; Thursday, Mrs. L. A. Rhyne; Friday, Mrs. H. R. Winston.

FEDERATED MISSIONARY SOCIETY MEETS MONDAY

Mrs. W. M. Adams was elected president and Mrs. F. F. Wier, secretary-treasurer, of the Federated Missionary Society at its first meeting of the year Monday afternoon.

Mrs. Tobe Power gave a talk on "The Family Pulls Up Stakes", introducing the program subject, "Uprooted Americans", for the year.

The Women's Missionary Society of the First Baptist church was hostess to other missionary societies at the church. Refreshments were served to approximately 30 women.

Hospital Notes

Miss Frances Hamby underwent surgery Sept. 25.

Miss Ida Leach is a medical patient in the local hospital.

Mrs. Alice Thomason was admitted to the local hospital Wednesday.

Mrs. Norvell Hulse is a medical patient.

New Arrivals

A boy, weighing nine pounds and three ounces, was born to Mr. and Mrs. Troy Griffin in the local hospital Sept. 28. He was named Charles Wendell.

Dianna Shaddock was born in the local hospital Sept. 27. She weighed seven pounds and one ounce and is the daughter of Mr. and Mrs. Bill Shaddock.

Seven pound, six and one-half ounce girl was born to Mr. and Mrs. Hugh Castle in the Treadaway Daniell hospital Tuesday night.

JUNIOR HIGH ELECTS FOUR CHEER LEADERS

Four cheer leaders for Brownfield Junior high school were elected this week to lead the student body during the Brownfield-Plains game. The game however, was called off because of the persistent rain.

Leaders elected were Dorothy Henderson, chairman; Robert King, Glenna Faye Winston and Frances Jane Wier.

MRS. BEN JAMES HONORED AT SHOWER

Mrs. Ben James was honored last week with a miscellaneous shower at the home of Mrs. Howard Hogue. Hostesses were Mrs. Hogue, Mrs. J. T. Thurman and Mrs. Arthur Green.

The group quilted a quilt and presented it to the honoree.

See that new Ford today at Tudor Sales Co. Those who have had a preview say it is a humdinger.

Modern treatment for the insane is proving a boon to those unfortunates. Time was when those who "went crazy" were thought to be beyond redemption.

They tell us that the Panhandle South Plains fair is going to be bigger and better than ever this year. That it is going to be more varied, more beautiful.

Despite the fact that President Roosevelt has called on the congress to forget partizanism in these days of danger to our country, there are a few Republican leaders, such as Alf Landon, Herbert Hoover, Wheeler and others that keep partisan politics to the fore, and hurl a monkey-wrench in the machinery at every opportunity.

country first, their party second, such as Capper of Kansas that have succeeded in splitting the ranks of Republican opposition, so that defense measures have advanced more rapidly.

Old Charles Armour Guy has betook himself off to Washington or Podunk or some place again. In the meantime he left his "coliseum" in the hands of strangers about Rome, Jews and proselytes. In fact Charlie got strangers to South Plainsers from the snow capped panhandle to the piney woods of deep east Texas.

Eye Hill of Tahoka News, Johnny

Price of the County Wader, Littlefield, not to mention Er-hem-ah, this humble scribe—and do it up in dough.

Texas has another new governor in the person of State Senator H. L. Winfield of Fort Stockton, and like Coke Stevenson, who is now in Washington on business, is a true West Texan. Also, like Governor Coke, he has no hanker for the fanfare, nor for big headlines, especially pro-Winfield. It is a blessing to west Texas and the entire state that we at last have a governor that is truly typical of the Texan of the old style.

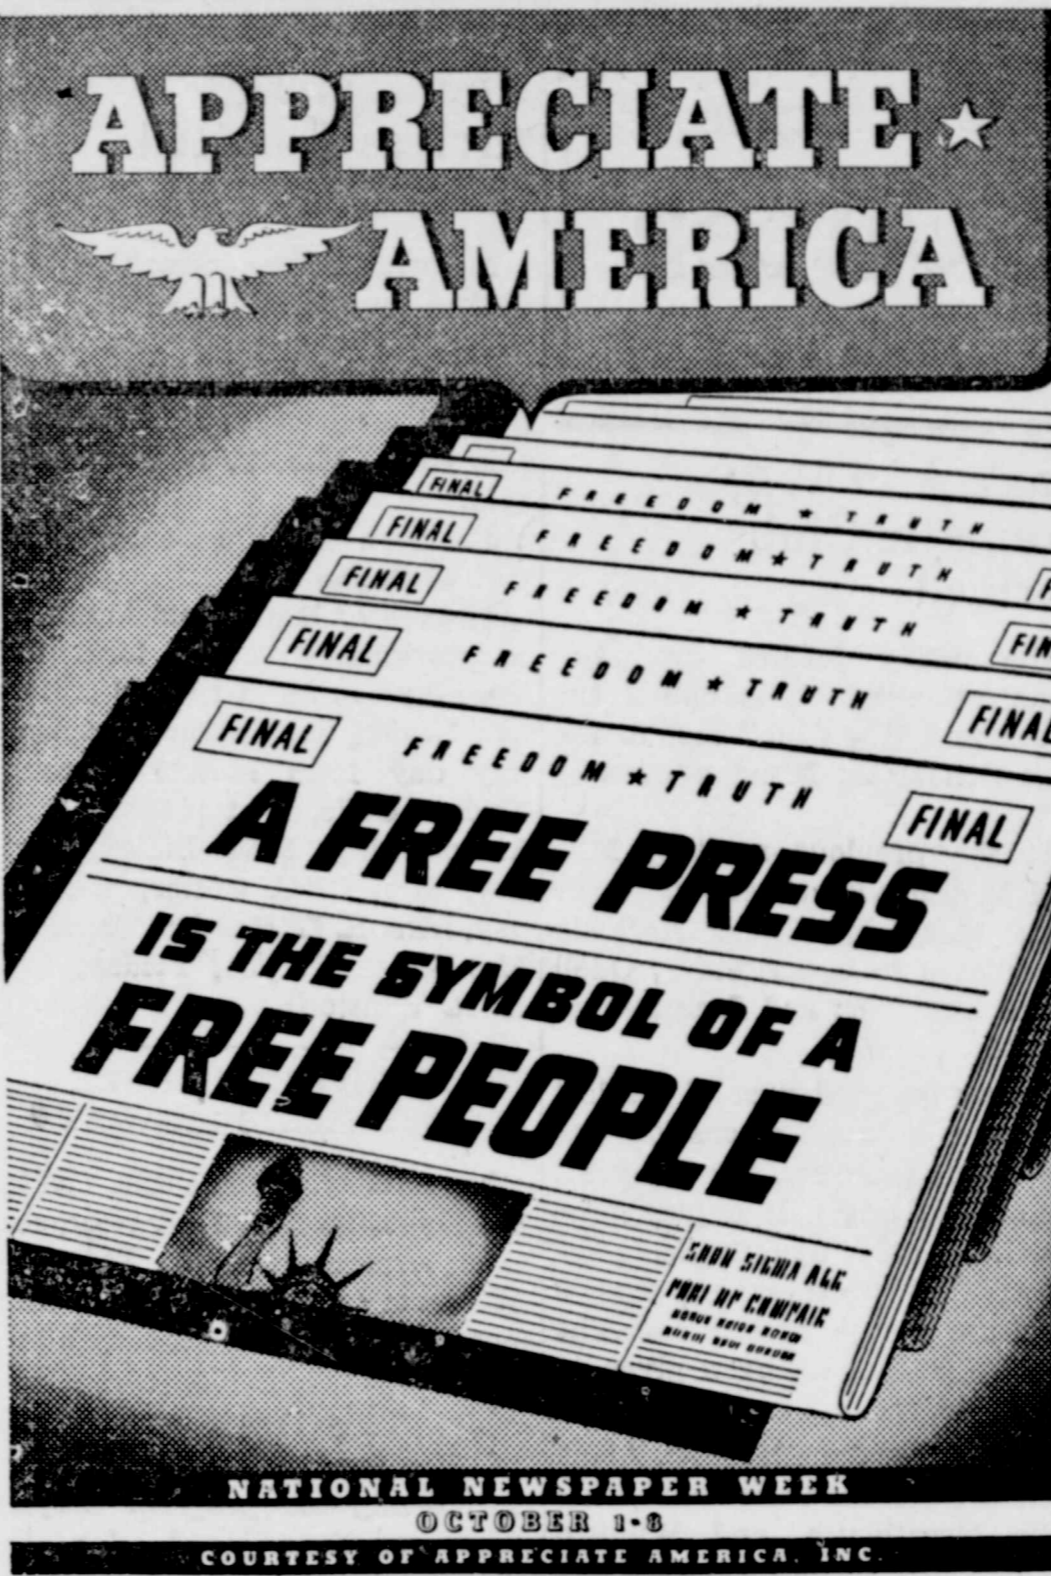

Mrs. Frank Ballard is undergoing treatment in a Lubbock hospital.

FREE SYMBOL OF A FREE AMERICA

By William E. Holler, General Sales Manager Chevrolet Motor Division, General Motors Sales Corporation.

SOMETIMES it is a genuine pleasure to lift our eyes momentarily from our own individual fields of effort and pay frank tribute to other hardworking people who are doing an outstanding, able and worthwhile job in another field and totally different field of effort.

That is exactly what this writer wants to do here and now, to the best of his ability, in this brief appreciation of the newspapers and the newspapermen of America.

I want to salute the men and women of the press—the editors, and publishers, reporters, and photographers, and all others newspaper workers—for the marvelous job you are doing of gathering, editing, and interpreting the news of our own country and the rest of the world in these fast moving and critical times.

I want to salute you and say "Well-done!" and I am thoroughly convinced that the great majority of the people in all parts of the land are equally eager to pay you this same tribute.

All the more so because newspapers and newspapermen, who print millions of words every day about the rest of the world, seldom bother to say anything about themselves.

All the more so because newspapers and newspapermen, who perform so many varied and valuable services for other branches of society, seldom if ever ask society to perform any particular service for them.

All the more so because newspapers and newspapermen, who wield such great power and influence in the community, make it a point of honor never to abuse that power and never to misuse it for their own selfish interests.

And so, if you will permit the great silent majority of newspaper readers to become newspaper writers for a little while, here are a few of the things you are doing that we'd like to "write-up" for you . . . a few of the things that have aroused our deep interest and admiration . . . a few of the things that inspire our whole-hearted appreciation.

Here are our citations for your faithful and efficient service to us and to all America:

Citation—for your constant efforts to report all the legitimate news of the day fairly, accurately and completely.

Citation—for your willingness to aid and support all sound programs for civic and social betterment.

Citation—for your policy of doing everything possible to promote business activity, employment, and general prosperity.

Citation—for your interest in youth and its problems; in education; in healthful sports; hobbies and recreation.

Citation—for your sympathetic treatment of religious news and your constant protection of religious freedom for all sects and all creeds.

Citation—for your deep and abiding allegiance to America and her principles, first, last, and all the time.

We applaud you for all the policies and programs . . . and for a great many additional services too numerous to mention here . . . and we want you to know we are backing both you and them every step of the way.

"Keep on Keeping on" You, the newspapermen and the newspapermen of America have great responsibilities to all the people in view of the conditions the nation is facing today.

We look to you to stand guard over our liberties . . . to keep us informed . . . to warn us of dangers . . . to urge us on to our objectives . . . to point the way.

You are meeting all these responsibilities fully and faithfully today—we believe you will continue to meet them fully and faithfully tomorrow.

Do this to the best of your ability and neither you nor we will have any cause to regret the great trust that is reposed in you.

Do this to the best of your ability and you will continue to enjoy the respect and confidence and the esteem of the entire nation in the future as in the past.

So—for our sake as well as for your on sake . . . "keep on keeping on!"

ADVERTISEMENT OF LIMITED PARTNERSHIP

(State of Texas) County of Terry) We, the subscribers hereto, have this day entered into a limited partnership, agreeable to the provisions of the revised statutes relative to limited partnerships, and do hereby certify that the terms of our said partnership are as follows:

1. The name of the firm under which the partnership is to be conducted is Haynes Motor Co., Limited.

CITATION BY PUBLICATION THE STATE OF TEXAS

To: W. A. Melson, Mrs. Jessie Johnson and B. J. Johnson. Doss Windham, Clarlet Melson, and the heirs and legal representatives of each of said Defendants, and also the heirs and legal representatives of Mrs. E. N. Windham, and

The file number of said suit being No. 2683. The names of the parties in said suit are: P. C. Stacey and Irma Stacey, his wife, as Plaintiffs, and W. A. Melson, Mrs. Jessie Johnson, and B. J. Johnson, Doss Windham, Clarlet Melson, and the heirs and legal representatives of each of said defendants, and also the heirs and legal representatives of Mrs. E. N. Windham and the heirs and legal representatives of Mrs. E. N. Windham Melson, as Defendants.

That heretofore on the 1st day of May, 1941, plaintiffs were lawfully seized and possessed of and did own fee simple title, that certain tract or parcel of land, situated in Terry County, Texas, and Block Number one (1) of the A. M. McBurnett subdivision of a part of Block Number Six(6) of the East addition to the town of Brownfield, Terry County, Texas, that on the date aforesaid, the defendants unlawfully entered upon said premises, and ejected Plaintiffs therefrom, and do continue to withhold from the possession thereof to their damage in the sum of \$5000.00.

That the defendants and each of them are, or may be asserting or claiming some adverse estate or interest in and to the real estate, determining such estate, or interest and cancelling and removing of same, and granting the title and possession to Plaintiffs.

Prayer that all Defendants be cited and that Plaintiffs have Judgement for the title and possession of the land for all costs of suit, and all other relief, to which they are entitled including a decree for removing and cancelling all adverse estate or interest of the defendant, to said land and each of them.

Noticed this 15 day of September, 1941. Given under my hand and seal of said Court, at office in Brownfield, Texas, this 15 day of September, A. D., 1941.

Notice Notice is hereby given that the City Council of the City of Brownfield, Texas, will meet in the City Hall of said city on the 13th day of October, 1941, A. D. for the purpose of approving budget for the coming year, and for the purpose of fixing a tax rate to be levied for said city of Brownfield for the year 1941.

Notice G. Z. Sherman, formerly of the Sanitary Barber Shop, now is with City Barber Shop across from Post Office.

Smart Styling Keynotes New Chevrolet

Distinguished styling, characterized by a new massive new grille treatment, with integral parking lights, and the smart new elongated front fender, which sweeps back into the motoring public today. Shown above is the Special De Luxe Sport Sedan, a roomy, luxurious, six-passenger model. A Interior appointments are in the modern mode.

Criswell Made B A E Representative

DIRECTOR H. H. Williamson of the A and M College extension service has been advised of the appointment, effective October 1, of Jack F. Criswell as representative in Texas of the Bureau of Agricultural Economics, USDA. His duties will include those of secretary of the state land use planning committee, of which Director Williamson is chairman.

Criswell succeeds W. Bassett Orr who has been transferred to similar duties in Arkansas after four years of service as BAE representative in Texas. R. L. Melcher, who was associated for four years with Orr in the BAE office, has been acting representative in Texas.

The new state representative is a native Texan, having been born and reared on a farm near Forney, Kaufman County, and was graduated at A and M college with the class of 1928. For two years thereafter he was employed as field agent for the Agricultural Experiment Station, working with the division of farm and ranch economics. After serving as Extension Service farm management specialist in North Carolina he became state executive officer for the A A A in that state in 1935. Early in 1939 he was placed in charge of the agricultural planning program of the North Carolina Extension Service.

Mrs. Criswell is the former Kathleen Reynolds of Kilgore.

Classy Roper Will Appear In Rodeo

HUNTSVILLE, TEXAS—Milt Good, veteran calf and goat roper, and one of the fastest all-round loop tossers in the history of the Texas Prison Rodeo, will be in the large arena when the Eleventh Annual Rodeo opens on the first Sunday in October to make the most-hard-to-please rodeo fans forget all about the sensational Hodge Brothers, Slim and Will, who "ruled the roost" in roping events the past few years.

Good, born and bred to the open range, helped prison officials get the first Texas Prison Rodeo off to a flying start back in 1931, and appeared each year at the annual show until he gained his release in 1935.

To keep in good practice, Milt has appeared in rodeos in practically every state of the union and won top money in roping events in many top-flight wild west shows. Last year he appeared in the famous Cheyenne Roundup.

Fast and accurate, he catches his calf or goat, as the case might be and saves those precious seconds with every trick known to roping art, which he has acquired thru long and tedious practice. Experience makes him one of the most formidable contestants who will appear in the various roping events this year, and the spike-horned piston-legged goat that tries to cunningly elude this man's loop had better be prepared for a hard fall.

Milt and family resided in

Tri-County Meeting Held In Plains

Plains and Yoakum County was host to a tri-county. Yoakum, Terry, and Gaines, Food and Fed for Defense Meeting at the high school building Tuesday, September 23. One hundred and twelve were present for the all day meeting and dinner was served by the Home Demonstration club of Plains. The program lasted through the entire day and many interesting and vital topics were discussed. We understand that in the future the Government will urge production to the capacity on food and feed, as the farmers contribution to Defense. Staff Extension Service members present and participating in the program were: E. R. Eudaley, Dairy Division; Geo. McCarty, Poultry Division, A. L. Smith, Beef Cattle, K. J. Edwards District Manager and W. E. Morgan Extension Economist. County Agents present were: R. M. McLain, Terry County and H. B. Horn Yoakum County. Miss Lida Cooper, district home Demonstration agent was present along with the following County Home Demonstration Agents: Fanny Brown Eaton, Hockley County, Christine Miller, Gaines County, and Dorothy Fay Blanton, Terry County and Lady Clair James, Yoakum. According to County Agent Horn the meetings was most inspiring and he can see even greater future for the farmers of Yoakum County.—Yoakum County Review.

Brownfield when he was sent to prison. He now lives in Coke County.

Well sir, if you have not been conscious of government, you will certainly get the feeling when the new tax bill becomes effective Oct. 1. A lot of people have been thinking for a long time that they were not called upon to pay taxes. From now on, everyone will become a pretty sizable taxpayer—and rightfully so. The taxpayers of Japan are almost in revolt against the terrible strain of the war imposed upon them by the ruling army; the taxpayers of war-ridden Germany turn over all they make to the Government; all of the nations which Germany have overruled are stripped to the bone of war materials in order to feed the war machine of Hitler. Russia pursuing the scorched earth policy in order to deprive Hitler of war materials; the people of England are taxed to the limit to carry on a defensive war; this tax bill becomes effective next month will be a mere child in comparison to the tax bill which is being drawn by congress for next year. All of this money coming from the taxpayers of all nations will be destroyed because a group of men in Germany want to rule the world: The misery and distress of millions of people could have been avoided had the taxpayers of all nations of the world banded together, establishing a society for the purpose of outlawing war and hanging the criminals who would perpetrate war. Whether this society is called a League of Nations or some other fancy name, it would have been cheaper for the people of the world to maintain a strong police force than to have been plunged into this war.—Canyon News.

Miss Rita Fincannon of Pettit, Texas is the new science teacher in Brownfield High School. She joined the faculty Monday.

Don't Wait Until Pyloritis Strikes

Gums that itch or burn can become mighty trying. Druggists will return your money if the first bottle of "LETO'S" fail to satisfy. Nelson-Primm Drug Company

Spencer Tracy tells Lana Turner that he cannot marry her in this scene from "Dr. Jekyll and Mr. Hyde", stirring filmization of the Robert Louis Stevenson novel, which opens Sunday on the Rialto screen. Tracy plays the dual role, Miss Turner is seen as his fiancée, and the picture's third star, Ingrid Bergman, plays Ivy, victim of Mr. Hyde's sadistic affections.

Liquor Drinking Down 99 Per Cent In West Texas

Enforcement of the drug store liquor law by the Texas Liquor Control Board has reduced the flow of liquor through drug stores in dry territory to a trickle in West Texas, as well as in the rest of the state, they said. Comparative figures for the month of August last year and the same month this year show that Lubbock county by the number of physicians licensed to prescribe liquor has dropped from 42 to 4. Also in Lubbock county there were this August 12 drug stores with liquor licenses as compared to 48 during the same month a year ago. There were 23,769 prescriptions issued for 2,749 gallons of liquor in August, 1940. In August 1941, 171 prescriptions were issued for 21 gallons. Figures for the entire state show similar stoppage of liquor sales. In a year, liquor prescriptions for the month of August have fallen off from 449,288 to 3,592, representing a reduction of 99 per cent. A like 99 per cent reduction was made in the number of gallons sold which was 43,147 in August 1940 to 445 in August this year.

NEW CAFE BEING ERECTED

Messrs. R. A. Locker of Brownfield and L. W. Locker of Oregon have purchased Cafe fixtures and some lots on the highway from T. E. Verner, and are erecting a nice building, which we understand will house a Cafe when completed. They also plan building some cabins as soon as they can get the cafe opened, we have been informed.—Meadow Star.

Mrs. Lela Shaw, Mrs. Kenneth Ryster were Lubbock visitors Tuesday afternoon.

PASSES PRELIMINARY EXAMS FOR U S NAVY

Henry Davied Moore of this city passed the preliminary physical examination and completed his pre-enlistment papers for a clerical position in the Naval Reserve. He will report in Dallas next Monday for his final examination and if he passes this examination he will be sent to San Diego, California, to commence his duties.

A Naval Recruiting Officer will be in Brownfield every Tuesday to accept applications for the Naval Reserve and Regular Navy, stated W. N. Walker, Y2c, USNR.

Another Child Is Born To Long-Lived Family

Jerald Ray, weight 7 pounds, 12 ounces was born the 30th to Mr. and Mrs. E. R. Moore, stated the child's grandmother, Mrs. L. P. Carroll, of the Meadow section. A few weeks ago we chronicled in these columns the birth of another baby that had five generations behind it, living. Thus another of the sixth generation has been added. This is a very rare occurrence. Many time children have five generations including themselves, but six rarely. By the way, Mrs. Carroll informed us that they had recently visited the great, great, great grandmother of the child in Comanche county, who is more than 106 years old.

FOR BABY'S COMFORT

McGee's Baby Elixir is intended for Minor upsets of the stomach and bowels that result from over-eating, improper foods, or temporary over-acidity of the stomach. A bottle of McGee's Baby Elixir costs only 35c. Nelson-Primm Drug Co.

DISTRICT MANAGER TO MEET WITH LOCAL WOODMEN

The Brownfield Chapter of the Woodmen Circle will have a call meeting Oct. 7 at 7:30 P. M., Mrs. C. D. Moore stated this week. Mrs. Janie B. Canlies, district manager from Cisco, will be in Brownfield for the meeting. Place of the gathering will be announced later.

The local group have been asked to attend the district convention in Amarillo, Wednesday Oct. 8. The meeting will open at 10 A. M. for an all-day session. It will close with a banquet that night. Miss Christine Hamilton of Seminole spent the week end with her mother, Mrs. R. E. Hamilton.

Brownfield FRIDAY SATURDAY Texas

My Week by Eleanor Roosevelt

RETAILERS AND DEFENSE

One noon, I went to buy a stamp at the exhibition which opened "Retailers For Defense Week." This effort on the part of retailers to do a real job for defense is a very wise move. While it may curtail some of the buying at the present time, it will put money in people's pockets for future use. We shall need that money to keep us from too great a business slump during the transition from defense work to normal activities.

It seems to me that in everything we do today we should have an eye to our present needs, but at the same time think far enough ahead to guard against some of the difficulties we have undergone in the past.

For instance, if the production of automobiles is going to be drastically curtailed in order that industry may take a bigger share in defense work, why not plan to put money, which in ordinary times we might set aside for a new automobile, into Defense Stamps, and call those stamps: "Our Automobile Fund" for the future?

We may have to use our old car a bit longer than we would ordinarily think wise, or even economically sound, but at least we can arrange our own finances so that they are helpful to the government at present and useful to us when the day comes for buying that new car.

WOMEN AND BUSINESS

Women are as interested in all these business questions as men. During the second week of October which will be observed as Business and Professional Women's week throughout the nation, there will be special emphasis on the plans laid by which women, many of whom are influential in business and professional groups, can aid the defense program.

I wish they would all think not only of the problems which come before them in business, but also of the many local problems which in the end are going to be very vital in national defense. A particularly vital problem is participation of volunteers in work where their efforts will be valuable.

I am counting on these important women's organizations to make a valuable contribution in the working out of the volunteer services. They must be rendered on a very large scale if this country is ever to be really well prepared and fully defended.

I was very much interested to see that the "Reader's Digest" is going to be published in Portuguese as well as in Spanish. This publication has proved that it is possible to bring out in this country a magazine that is read by our South and Central American neighbors with interest, and I wish this new venture great success.

'SHAPE OF THE FUTURE'

I want to tell you about a series of articles which the magazine "Common Sense" is announcing. They plan later to have them published in book form, but in the meantime, both the subject matter and the authors make me feel that none of us will want to miss them. They deal in a general way with the "shape of the future."

The editors, in their announcement, say a few things which, if they are really carried out by the articles, mean that we shall be given something vital to think about. One statement reads:

"The crucial question for believers in democracy is whether the constructive possibilities are to be realized. . . . We can not hope merely to save what we have. No Maginot Line can hold back the tide of change."

CIVILIAN VOLUNTEERS

A conference one morning with Miss Eloise Davison to talk over some of the things in connection with civilian volunteer participation in national defense. I am trying, as far as possible, to familiarize myself with the organization which now exists. I am studying its accomplishments and publications, so that when I do go to the office, I shall not find myself meeting people whose names I do not know and who are functioning in ways which I do not as yet understand.

I am very much interested in a pamphlet which has been compiled for the organizations which are dealing with the registration of volunteers. It is intended to aid in setting up volunteer registration centers. This seems to be a valuable step, but it will take some time to set them up so they function smoothly.

I like Mayor LaGuardia's idea that registering people is comparatively useless, but enrolling them to do definite things is well worth while. Obviously, it accomplishes two things at once. It gives a card catalogue of people who may be called upon at any time, and actually places people in positions where they function in their communities.

I talked also that morning with Miss Jane Seaver, who is the youth member on the Committee of Forty-Five on Volunteer Participation. She has worked out a preliminary program for youth participation.

Cubs Tackle Strong Seagraves Eleven Tonight

What is likely to be the championship game of the south half District 5-A will be played tonight in the Seagraves gridiron. Unless Tahoka proves to be the darkhorse, the Cubs and the Seagraves Eagles are far and away the two strongest teams in the south zone.

While the Cub "B" team was losing a heartbreaking 13-12 decision to Plains—the latter scoring in the last play of the game—the "A" team took the night off and journeyed over to Post to see the Antelopes, early season favorites, drubbed by the Eagles to the tune of 32-18.

Besides the band and a sizable representation of the local student body a large delegation of citizens is expected to accompany the Cubs to Seagraves.

Mr. and Mrs. Clyde Lewis spent the week end with their daughter Miss Elray Lewis, in Santa Fe, N. M. Miss Lewis is official secretary of the revenue department in the state capital of N. M.

AAA TO GET NEW BUILDING

Construction work has started on a new three-story building to house the Agricultural Adjustment Administration State Office on the campus of Texas A. and M. College. Pictured above is the architect's conception of the new building which will be completed in about six months.
