Your Home Owned and Home Managed County Paper — Where Farming, Ranching and Oil Fields Bring Prosperity to Terry County People

VOLUME THIRTY-EIGHT

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, FEBRUARY 5, 1943

NUMBER 27

## A Letter From Sergeant Brewer

Under date of Jan. 24th, M. E., M for Marion and E. for Elton, the later by which he was called here, "write" us a letter.

He has been recently advanced from Corporal to Sergeant, which was a recent thing according to a letter from the Public Relations department of his basic air force flying school at Minter Field, Calif. However, Elton didn't mention that.

Addressing us as "Dear Uncle Jack" he gets underway with what he wishes to lift from his chest. By the way, we believe we have almost many nieces and nephews here in Terry county as Uncle Sam. And some of them are as old as we are. Elton isn't, however, as well as a lot of other Terry county boys and girls. We don't mind it in the least—in fact we rather enjoy it. Then there are some kids here in grade school that even leave off the Uncle, and make it plain Jack, which is still Ok. Not a few call us Andy Jack and some, the Old He.

But we are taking up too much time in preliminaries. Elton sent us a copy of Air Force, a nicely printed and edited magazine put out by Pacific Coast airmen. It really had some good articles, and we appreciated the copy very much. He still receives the Herald, and while a little late in making its arrival at his habitation, he very much enjoys the news from the other boys and others, as well as the letters written to them.

And a funny part of that interesting letter is that they really have standstoms there, but added "The Chamber of Commerce frowns on calling them such, but I don't think the sand and dust here tastes any better than Terry county sand. We do have some pretty views here, and one among them is snow that is beginning to appear on the mountains."

Marion wants a column for and about service men, their whereabouts etc. We have tried to carry on a column of this kind on the front page for some time, and usually get most of the articles with headlines nearby, but in spite of us, we have to mix some of those with just a few line mention in other sections of the paper. And, too, some just won't give us the dope on when boys come home on furlough. Write again, Elton.

Elton's wife is head nurse at the local hospital.

## Native Born Boy Downing Huns

Way back in 1917, the day the Santa Fe railroad built its tracts into Brownfield, a little boy was born. He was named Fred Scudday, Jr. Well, that young fellow moved with his parents to Sweetwater while quite young, and was reared and educated there. Fred, now a man, of course, volunteered his service with RAF in 1940.

He belonged to more Air Forces than perhaps any other man from West Texas—seven. He is now with the South African Air Force. Among his exploits, the British credit him as having shot down at least five Jerries and sunk an E-boat.

"Sweetwater" Scudday as he is called by his buddies, is a grandnephew of Mrs. Jesse Randal of this city.

Sgt. Jimmie Proctor who has been stationed at the Pecos Air Base is here on furlough visiting his wife's parents, Mr. and Mrs. John Chisholm. Mrs. Proctor and small son have been here the past two weeks.

Mrs. W. E. Pitman of Denton, Texas and Mrs. Mary Wilson of Dadeville, Ala., are here visiting their cousin, Mrs. A. J. Weldon.

## Bill Hardin Gets Air Award Medal

Mr. and Mrs. W. G. Hardin has been notified officially that their son, Staff Sgt. William G. Hardin, has received the Meritorious Award Air Medal, for distinguished air flight in the Pacific, Dec. 23, 1942, by command of General Emmons. Other officials mentioned in awarding the medal, were, Col. R. E. Fraile, Adj. General; Leonard R. Boyd, Brigadier General, GSC Chief of Staff, and attested by L. F. Johnson, Captain of the Air Corps.

Bill Hardin was born and reared in Brownfield, and was graduated from Brownfield High School. After maturing, he worked in the nearby oil field and at other things until he enlisted in the Army Air Force. Bill is not a reckless lad, but if duty calls to get in the thick of a fight, there he goes.

While Mr. and Mrs. Hardin are very proud of the effort of their eldest son, Mrs. Hardin said she felt uneasy all the time that some day Bill would try for the Distinguished Flying Cross, a medal much coveted by our air men.

Anyway, the old home town people are proud of you, Bill, and are hoping and praying that while you keep up the good work, that it will be possible for you to return to loved ones, sound in health and body.

## Boys Leave For Induction Center

The following young men of Terry county, left this week for Fort Sill, Okla., where they will be inducted into the service. Twenty-three left Tuesday, and Halarith Kelley left Wednesday, and Hardis Hays of Tokio left yesterday.

The following left in a body on a bus Tuesday morning: Thomas Alvin Hicks, Jr., Lafayette David Burgess, Herman Claude Gore, Sam Robert Raney, Elva Stone Tankersley, Buford Robert Milner, Edgar Lee Lewis, Alfred Harold Gore, C. O. (I. O.) Brown, Jr., Lowell Powell, Ernest Richard Lee, Jr., Elbert Glen Bradley, Charles Homer Britton, Jack Lowe, Orville Miller, Vernon Farrar, Tom Pritchett Hart, John Andrew Cantwell, Marvin Travis Hill, James Everett Bryan, Rayburn Orran Burns, Loyd Alton Keith, Florentino Rodriguez.

## James C. Parish Promoted To Sergeant

Mr. and Mrs. J. H. Parrish of the Union community, have recently been notified that their son has been promoted, and now is Sergeant Parish. He is stationed with the 96th Service Squadron at Baton Rouge, La..

Sgt. Parrish recently spent a very happy 15 day furlough here with his parents and family.

## Local Boys Being Shipped From Lubbock Air Base

Adolphus Smith was down Tuesday night to see his parents, Mr. and Mrs. W. C. Smith. He with Daniel Davis left Thursday for Bryan Texas and Jake and Bill Gore left Tuesday for Garden City, Kans. They were all stationed at Lubbock Air Base.

## Lt. Sawyer Graham Transferred to Miss.

Mr. and Mrs. E. A. Graham returned Monday night from San Antonio, Texas, where they visited their son, Lt. Sawyer Graham, Mrs. Graham and Mumford Austin. Lt. Sawyer is being transferred to Miss., and Mrs. Graham and son returned here with relatives before going on to her parents, Mr. and Mrs. Mumford Smith in Glendale, Ariz.

Staff Sgt. and Mrs. C. L. Horn are now located at Los Palomas Courts, Harlingen, Texas. Sgt. Horn is an instructor in the Gunnery school at that place.

## Amount of Victory Tax Deductible from Weekly Wages of Selected Amounts and Amount of Net Victory Tax After Deduction of Credits

Weekly wage (gross amount)	Gross Victory tax	Net Victory tax after credits		
		Single person—no dependents	Married person—no dependents	Married person—two dependents
\$ 12				
15	.15	.11	.09	.08
20	.40	.30	.24	.22
30	.90	.68	.54	.50
40	1.40	1.05	.84	.78
50	1.90	1.43	1.14	1.06
60	2.40	1.80	1.44	1.34
70	2.90	2.18	1.74	1.62
80	3.40	2.55	2.04	1.90
90	3.90	2.93	2.34	2.18
100	4.40	3.30	2.64	2.46

The credits may be taken currently or after the war. They amount to 40 percent of the tax for married persons, 25 percent for single persons, and 2 percent for each dependent. They may be taken currently and will be based on (a) payments of premiums on life insurance policies in force on September 1, 1942; (b) payments of old debts; (c) net purchase of War Bonds. U.S. Treasury Department

## Landscaping of School Grounds Started

At a meeting held on Friday, Jan. 29th, a group of 75 or 80 mothers initiated a plan whereby grounds will be landscaped. Thus another civic enterprise has been launched that will lead eventually to beautifying both the school grounds and the city as well.

The landscaping program which has the joint approval of the schools authorities and the mothers of the students, was formally opened by the appointment of Mrs. Homer Nelson as chairman of the project, who in turn appointed Landscape, Publicity, and Finance committees. This week the finance committee will approach the various civic organizations in an effort to secure all possible assistance in this very worthwhile project.

Mr. John King, local nurseryman, who has many times in the past proven his interest in civic improvement by generous assistance has again volunteered to assist in this project. Specifically, for every tree purchased by funds contributed by the school children, Mr. King will furnish another such tree free of charge.

The Jessie G. Kandal school, recently constructed, already ranks as one of the most beautiful buildings in Brownfield and, as such, certainly deserves an appropriate setting to further enhance its beauty. Those behind the program feel that the response to requests for financial assistance will be generous, as all those so contributing will have the satisfaction of knowing that they have assisted in bringing to their city beauty that will increase with each passing year.

Any individuals desiring to contribute should contact Mrs. Homer Nelson or Mrs. Lee Fulton.

Staff Sgt., George Cartwright of Camp Hulen, Corpus Christi, came in Tuesday evening. He was accompanied by his bride. They are spending his furlough with his parents, Mr. and Mrs. Alex Cartwright.

Mrs. J. C. Lewis of route one, has been notified that her son, Pfc. James Carl Lewis, has been promoted to corporal in the Army Air Forces at McChord Field, Wash. Rah!! for Carl.

## MEN WANTED

Are you expecting a call from your Draft Board to report for duty? Would you like to avail your self of invaluable pre-service training, thereby benefitting your family by faster-than-usual advances in pay? Are you willing to help your country and state against any possible emergency? Are you prepared to help?

The Texas Defense Guard has facilities to train up to 150 men as supernumeraries. There is also a number of vacancies in the Guard itself. YOU are urged to be present at the American Legion Hall next Tuesday night.

If you have been hesitant about joining the Guard because you have heard talk that those who are in it will be drafted sooner than others, forget it. Just mark it down as a harmful, malicious rumor without any basis of fact whatsoever. Membership in the Guard will NOT get you in the Army any quicker; neither will it exempt you from service—BUT, the training you receive here, now, MAY SAVE YOUR LIFE LATER!

## Doc Windom Was Killed On Ranch

Last week, the Ropes Plainsman published a story about the killing of Dr. S. H. Windom by a half lunny person back in 1924. The Plainsman got their story from one of the Nettles boys, who left the impression with Bro. Norris that it happened near Meadow. Fact of the matter is that the killing took place one night on the Windom ranch, 12 miles south of Brownfield. We feel sure that Mr. Nettles did not intend to misrepresent the story to Mr. Norris.

And we might add that "Doc" Windom itself is a misnomer. Really he was for years a practicing physician at Tahoka, but gradually retired to give more attention to his ranching interests. Therefore it should have been Dr. instead of Doc.

There were some hot old times in Terry along about that time. The killer had a 22 rifle and plenty of ammunition. He met and shot Dr. Windom in his car on a road in the ranch. Being due at the ranch that night, and having seen a car light approaching in the distance that never arrived a search was made and he was found, we believe dragged from the car. The lights were out, and the murderer gone.

He shot at and slightly hurt others next day, being hid in a depression in the hog pen, with the hogs. No one thought to look there, but a dipping vat boiler and out buildings were riddled with a machine gun brought from Lubbock. He was finally located and rushed and came up with his hands up.

Then, after bringing the guy to town, a bunch of Tahoka men appeared, and mob violence was feared, and guards were posted all around the square. But we doubt if a mob was ever intended, and after complaints was filed he was hustled off to the Lubbock jail.

## O. P. A. Speaker To Be Here Tuesday, Feb. 9

We again want to remind you to be at the High School Auditorium Tuesday Feb. 9th, to hear J. Doyle Settle or a representative from the District O.P.A. office in Lubbock to explain to you the point rationing system.

This is one of paramount issues before the American public today and its vitally important that you attend to learn just how to ration your points to the best advantage so your family will be fed a balanced ration. One way to help the war effort is to keep physically fit for any duty you are called on to perform.

This is under the auspicious of the Junior Maids and Matrons and there will be no admission charge the only wish is, that you be there to hear this subject explained.

You will have to begin using your point system rationing book the 1st of March and all canned fruits and vegetables that will be rationed will be frozen Feb. 20th to March 1st.

## Victor Book Campaign Starts

Mrs. J. L. Randal local Chairman of the Victory book campaign announces the drive for books for our Army, Navy and Marine bases has started. Mrs. Randal stated that in selecting books to donate ask yourself the question "were I a man would I like to read this book?"

The local library not being open each day, you are asked to leave your books at the A.A.A. office with Mr. Louie Miller. No newspapers or magazines will be accepted during this drive and only good fiction, historical books, pocket book editions, mystery and late editions of technical books will be accepted. If you don't have a book to give, buy one—or more today and take it to the A.A.A. office. Watch next weeks paper for further announcement.

R. M. Kendrick and Mrs. Orb Stice were visitors to Lovington, New Mexico, Tuesday.

## The Dim Out On The Pacific Coast

There is a broad and popular Hiway along the coast of southern California. For miles one can ride along, look down into the Pacific Ocean and almost hear what the wild waves are saying. Other places the payment is almost water level, only a few feet away. Then some hills force the road to leave the shore for miles. Early last year the Military Authorities, forbid use of this Hiway at night. Many now use inland routes from and to coastal points. Naturally there are many roads and streets, coming seaward into this Hiway and coastal towns. Travelers on these roads at certain places, and sometimes for miles away, when topping a hill, meet with a road sign "Dim out Headlights", then at proper places going away the signs reads "Turn on Headlights". Neon signs for miles away are taboo.

All street lights, and there are thousands in the coastal towns that can be seen from the sea are painted out on their seaward side, leaving only half to show on street. All residence lights, visible from the sea, are required to be blocked out, or curtailed off. This is to prevent the Japs from Sea-peeping. An enemy sub out at sea, could silhouette a ship passing twilight it and the lights on shore. Business houses down near the beach, black out their front doors at night by means of screen set inside, vestibule fashion. The side walks and streets near the beaches are totally dark. But few people walk round town at nights. It gives one an eerie feeling to drive thru those dimly lighted shadowy streets, seeing other cars on dimmers, creeping silently along, but few dim lights from stores or residences, on one side, none facing the sea. Kinda Spooky, remind you of our pioneer towns, back in them good old nights.

Bussess in certain sections must keep curtains down. Rode one that got lost, had to back up, down hill (no pun intended) two blocks to get righted. The P. O. San Pedro, rather large building just across street, unobstructed from harbor, has all windows painted out, even vestibule doors. Seldom see or hear a Plane at night. When you do the Military know from and to whence its journey. If they didn't, it would be to bad for the plane. When one does fly at night, the plane is covered by 2 to 5 search lights, each a mile or so apart. Their beams cross on the Plane, making visible target for anti-aircraft guns, which may be on anybody's vacant lot. As the planes moves away, one light may drop off, but another one down the way picks it up.

Like all other government or military regulations of civilian life, this had it critics. A few tried to show their stuff, and break these rules. Some papers played up the wrecks, blaming it on the dim out. The cities passed penal ordinances, and are enforcing the dim out by fines and jail sentences. But they all come to see, like all will in time, these regulations are not invoked, with malice aforethought, tyranny, or thru ignorance, but is wise and just protection of our lives and property.

All the towns for 30 miles away, have their civilian Air-raid wardens and sentries. They erect a penthouse some 8 feet square, on a tower, about 3 stories high, in proper place, reached by stairway on outside, also a small porch on outside, then two men at a time, all volunteers, in relays stand watch 24 hours per day. In larger town enough volunteers, only one set is on duty but 3 hours per week. They are sky-scanners, equipped with binoculars. The little house, has chart showing make of each plane, telephone, chair, stove, gun and coffeepot (reason for so may volunteers). When plane is heard or sighted, they can telephone to some military headquarters, its make, altitude distance from town, and direction it is going. Because of

fog and haze they often report "Heard but not seen". Was present one time, when the outside man sighted a plane, reported to inside man, giving name of plane, etc. and saying "Going East", as he was reporting this plane turned north, he corrected this, by time he got thru, the plane turned oak west, of course he had to correct this. Imagine the man at the other end saying, "Well, make up your sense of direction."

There is over 100,000 men in military training in sight of one Hiway from here to Long Beach. Don't you worry, Uncle Sam has an army in the making. Your bonds and stamps are not in vain.

## Farm Machinery Repair Shop Opens

The government through the vocational Agriculture department, is sponsoring a farm machinery repair course. Every farmer is urged to bring his machinery in and repair it. The repair shop is located in the West Ward school building on the high school campus, and will open, Monday, Feb. 8th, and will be open Monday, Wednesday and Friday nights from 8 to 11 o'clock

There is no charge whatsoever to the farmer, and the teacher, Lee Crabtree, repair man at Harris Motor Co., a welder and mechanic, will help the farmer with what job he cannot do. The shop is equipped with both Electric and Acetylene welders, forge, power equipment for wood and mechanic equipment.

With this equipment, a farmer is able to repair most any kind of implement that he has. Everyone who has equipment to repair is welcome to come.

Tom Neeley, vocational agriculture teacher, will supervise the school.

## New License Plates Received

Tax Collector Virgil Burnett has received the tiny plates for 1943 over at the office. They are about 1x4 inches and may be attached to the old plate with a single bolt.

The numbers on passenger cars in Terry county will run from FB6-970 to FB9-419. They may be purchased anytime in February and attached in March. They must be on all cars by April 1.

And while we are on the subject of tax collector we might add just here that a penalty will be added to state and county taxes not paid by the 31st of this month. This also goes for school and city taxes.

## Good Crowd Here Saturday Afternoon

Up to noon Saturday it appeared that the crowd would be slim, but by mid-afternoon, the cars and trucks begin to arrive, and as a result, one of the best Saturday afternoon crowds since the holidays was on the streets. And they were buying.

Getting to town late, many of the farm people remained after dark to trade or attend shows. So, in spite of rationing, people are still coming to Brownfield to do their shopping. Many of them had eggs and other farm products to exchange for needed groceries, etc.

## Col. Roberts Makes A Wise Crack

Col. J. D. Roberts was up from Wellman Saturday and during a three cornered conversation between he, R. M. Kendrick and the writer, we complained of a sore spot the size of a half dollar in the small of our back.

After we walked off, he cracked to Kendrick: "That's just about the size of his wife's shoe heel." We have always heard that experience is the best teacher", Colonel. Did you ever have a sore spot in your rear end, J. D.?

Ollie W. Warren of this city, was admitted as an aviation cadet at Hick Field, Fort Worth, recently, for primary training.

When plane is heard or sighted, they can telephone to some military headquarters, its make, altitude distance from town, and direction it is going. Because of

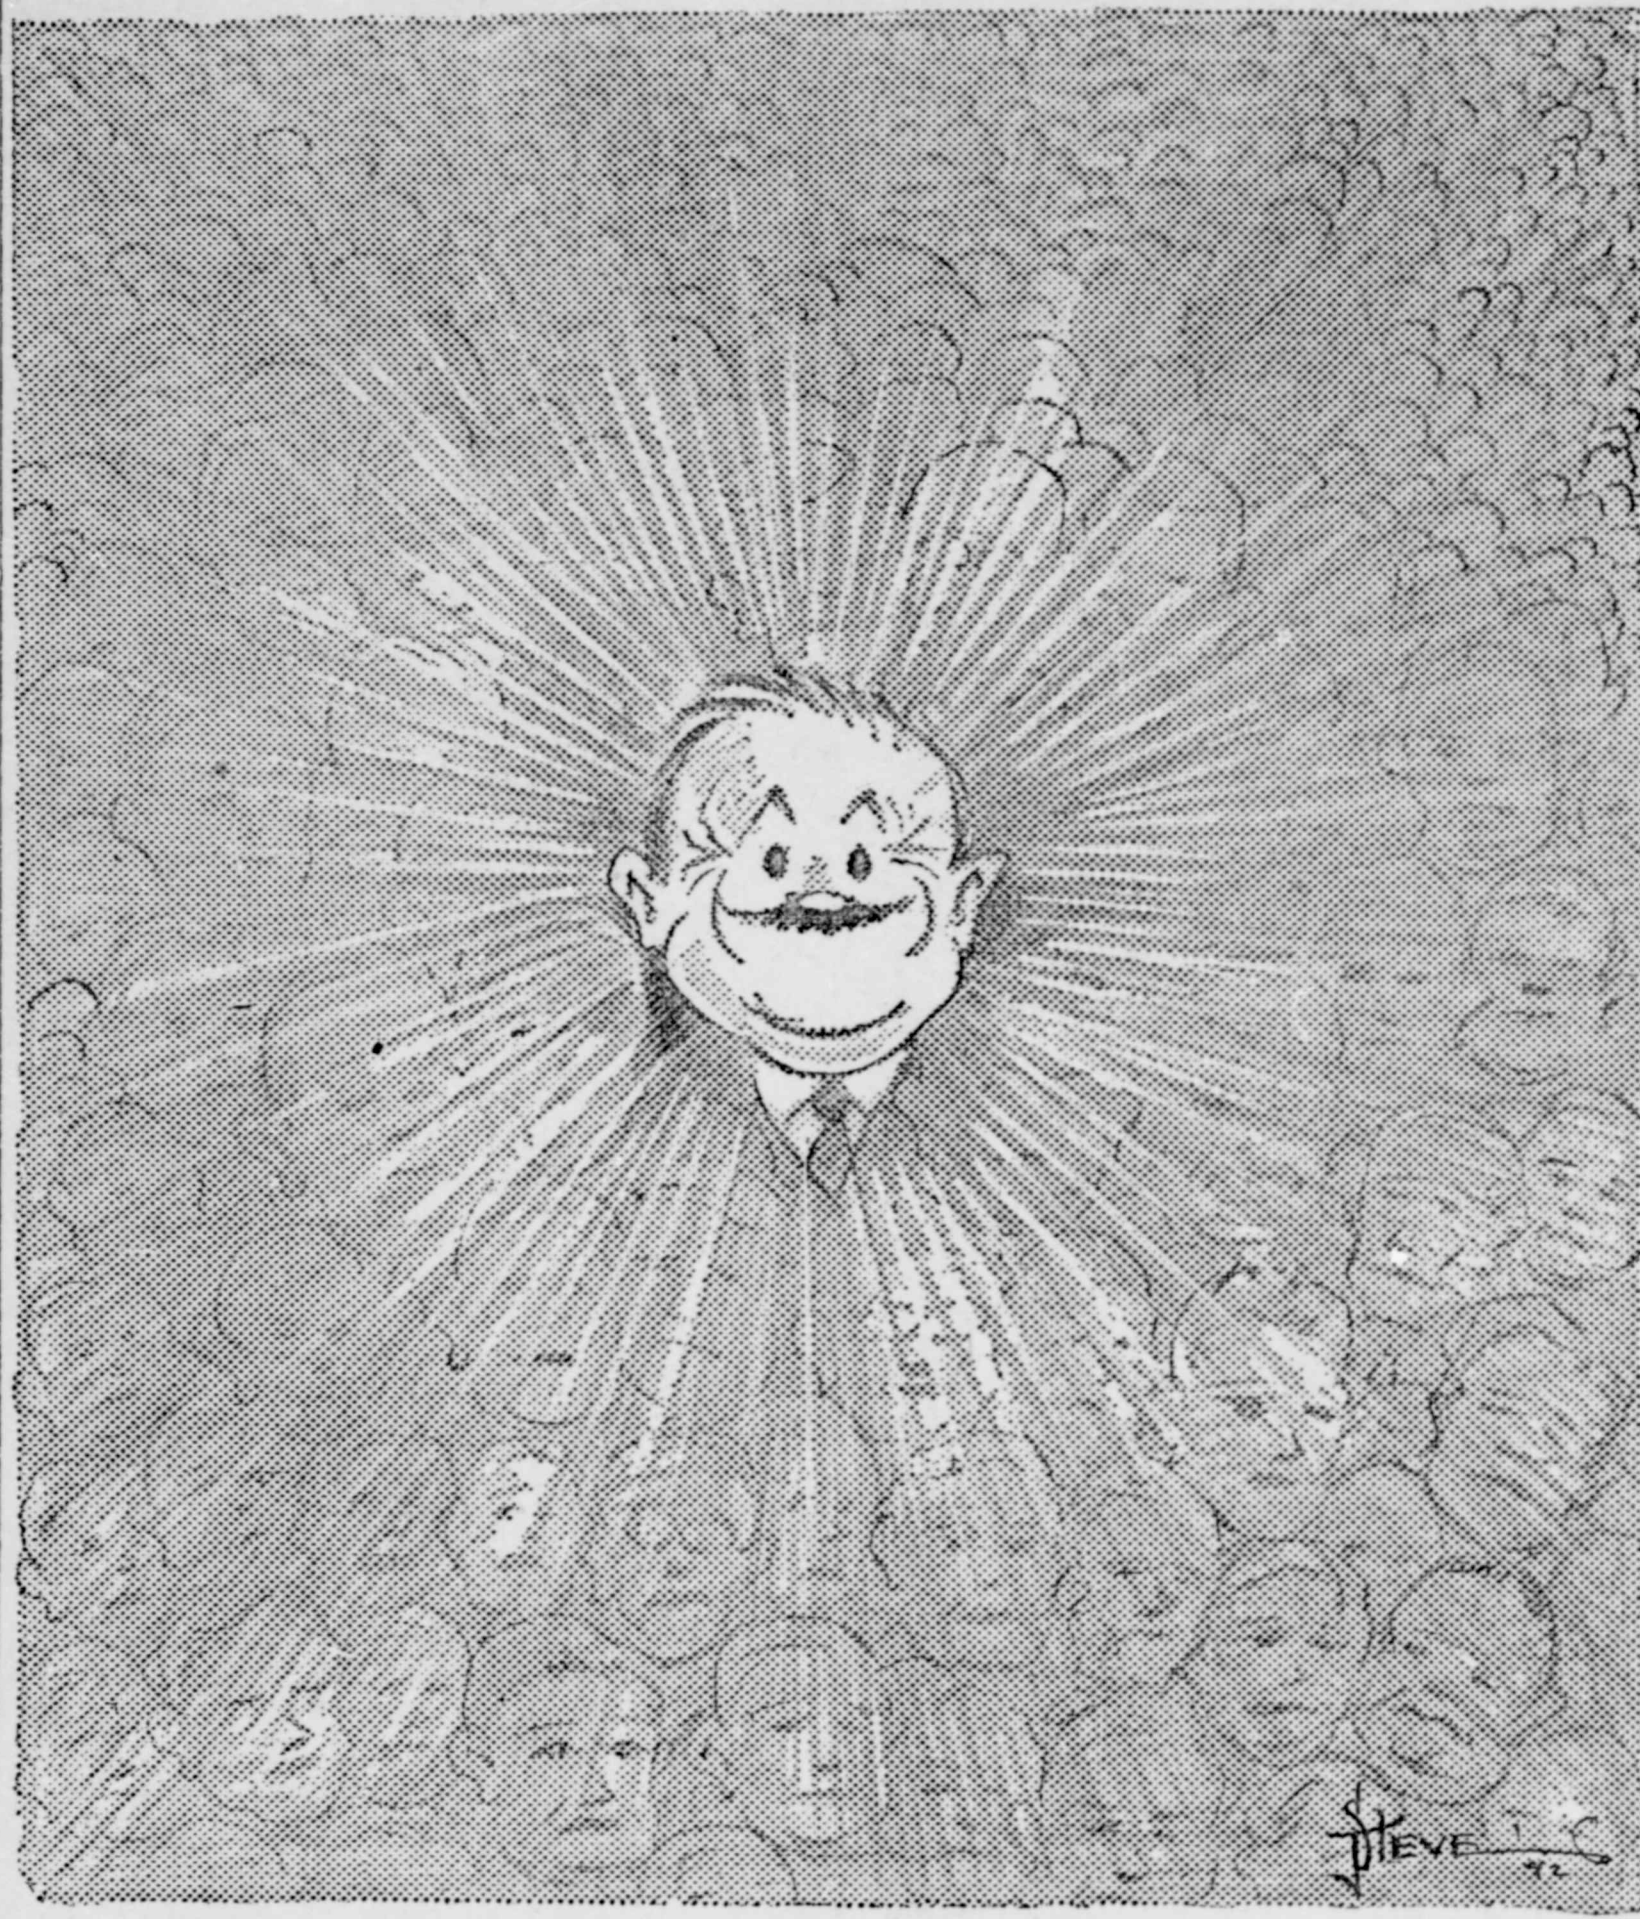

# I GIVE YOU TEXAS

by BOYCE HOUSE

When I was just a boy, I lived for a few months in Taylor. Of those longago days, I can recall only a few little things. One of the pastimes at school during recess was matching pecans. If you came into possession

of a tough-shelled pecan and another boy had a similar one, he (or you) would take the two in the palm of one hand, clench the hand, wrap the other hand around that one, and squeeze. One of the pecans would crack. If it was yours the other boy ate it; if his was crushed, you ate it. There was one fellow munched on pecans all through recess for two days. He would not let any other boy do the crushing. At least, a dissatisfied loser, who was bigger, took the pecan away from him—and the secret of his success was found. The pecan weighed about half a pound. He had cut a tip off, used a hairpin to remove the contents and had refilled it with molten lead. Naturally, the

# ANNOUNCING the Change in Ownership of the CORNER DRUG

We have recently purchased the Corner Drug Store from Jim Graves, and invite the public to visit us in our new place of business.

In as much as the stock was so incomplete . . . we wish to assure you that just as soon as it is possible . . . this condition will be overcome, and we shall have a complete line of nationally advertised and well known drug and sundry items.

We have a complete file of all the prescriptions that were ever filled at this store . . . and shall be only too glad to service your needs on refills. We feel that a prescription department is the most important part of any first class drug store, and shall always endeavor to render efficient and complete satisfaction in our obligation to both you and your physician, when we are entrusted with your prescriptions. Our personnel includes two experienced and competent druggists who will always be eager and glad to serve in this respect.

We invite everyone to come by and get acquainted with us and our service, and to those who we have already met, we wish to say that we are indeed grateful for the manner in which we have been accepted. We sincerely hope that the people in this community will like us as well as we have already learned to like them.

Sincerely,

E. W. WILGUS

### Influenza Spreading Says Health Officer

Austin, Texas, — With the incident of influenza in Texas reaching new highs as winter advances, Dr. George W. Cox, State Health Officer, today issued a warning to the public to guard against exposure to this disease. "Influenza patients should be isolated as nearly as possible to avoid spreading the disease," Dr. Cox said. "The germ is believed to be spread from person to person through discharges from the nose and throat." To protest yourself and others from this disease, here are some things to be remembered: Influenza is highly infectious. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contract it again. Therefore, keep away from people who are sneezing, coughing, or sniffing or who are actively ill with colds, influenza or pneumonia. Keep away from crowded places. Have your own towel and always wash your hands before eating, and sneeze or cough into your handkerchief. Keep fit by drinking plenty of water, by eating simple nourishing food, by some exercise out of doors every day, by dressing according to the weather, by having plenty of sleep in a well ventilated room, and by keeping the bowels regulated. Don't neglect your "cold". If you have the slightest suspicion of fever, go home, go to bed immediately and call your physician. Stay in bed until he tells you that you can get up, and follow his advice implicitly.

### American Mills Not Geared For Long Staple

Austin, Texas Jan—Increased production of long staple cotton is rightly regarded as a part of the war program, but Texans should not forget that the long staples are specialties, and that the bulk of cotton consumed in this country is 15/16 to 1 1/32 inch, Dr. A. D. Cox, University of Texas cotton expert declares. "American mills were built to use the shorter staple cotton—25 per cent of all cotton consumed in this country annually is of the 15/16 and 31/32 staple length," Dr. Cox pointed out. "Sales so far this season indicate that production of these staples will be less than the demand at the present high rate of consumption." Referring to a report that Department of Agriculture and Selective Service officials are planning to lift deferment of farm workers engaged in production of short staple cotton, Dr. Cox said such a move would be "disastrous to Texas agriculture." "Reduction in the production of cotton of less than 7/8 inch staple length would not prove especially injurious to Texas, since this staple comprises 14 per cent or less of the state's total output," Dr. Cox asserted. "As a matter of fact, there is some surplus of cotton of this very short staple, but a threatened shortage of the medium lengths and grades."

### March of Time

More than \$8,000,000 is spent annually by the Texas government in the maintenance of correctional and eleemosynary institutions.

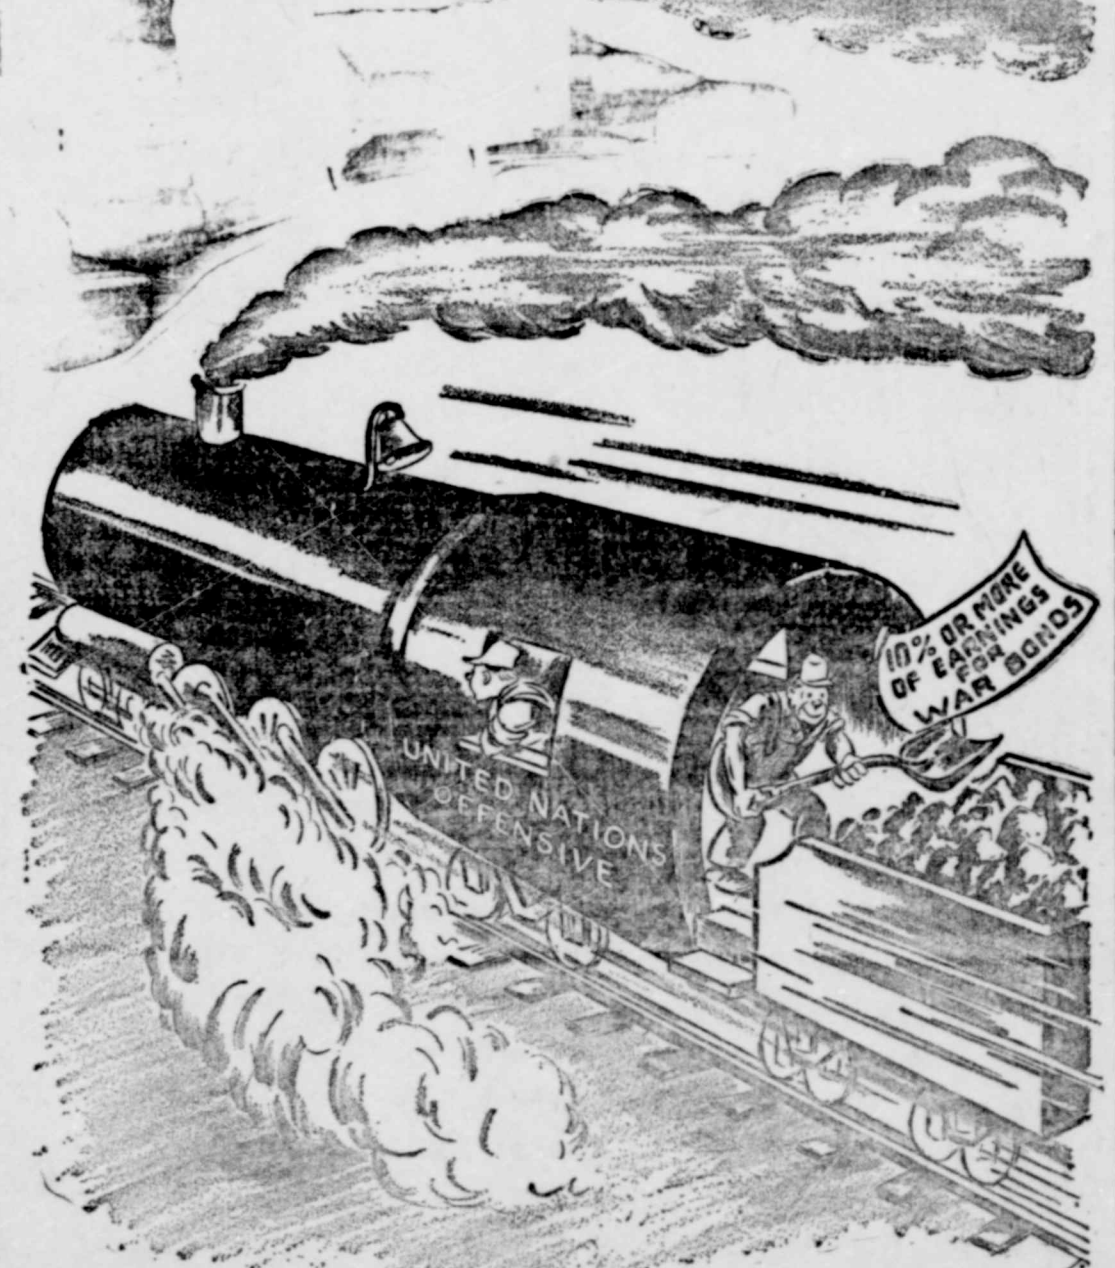

### It was at Taylor that a schoolmate covertly indicated a man who was passing and whispered, "He's been in the pen".

I turned and looked at him. He was the first convict (or, rather, ex-convict) I had ever seen and his appearance is vivid even now: he was a little stooped, with hard features, hair still stubby on his head and there was a furtiveness to his look. That day, he seemed to me something fearsome, half animal-like. Now that I understand the disgrace and shame he felt, the necessity of associating with his fellow men yet wishing to shun them, he seems to have been something pitiful. And that will be about enough of the recollections of a small boy in a small city 35 years ago.

### The Santa Fe Railroad loaded 30,088 cars last week compared to 31,836 the same week of 1942.

This is the first instance in some time that the loading fell below same week last year. Could it have been the cold weather. Mrs. J. M. Miller of Abilene, spent Friday night here with Mrs. S. T. Miller.

## MR. AND MRS. CLYDE LEWIS HONORS BOYS LEAVING FOR SERVICE AND SCHOOL

Honoring the boys who are reporting to army camps and schools this week, Mr. and Mrs. Clyde Lewis were hosts with a turkey dinner on last Sunday noon.

Those enjoying this sumptuous feast were Coach Johnnie Bost, Tommie Hix, Tommie Hart, Billy Redford, Harold Simms, Vernon Farrar, Jiggs Tankersley, M. J. Craig Jr., Jack Bynum, Lee Hughes, Harold Dalton, Billy Greenfield, Spencer Murphy, Calvin Stevenson, Bobby Jones, Deverle Lewis, Bobby White, John Earl, Don Tankersley, Leon Lewis, Bobbie Lewis.

## SERVICE MEN HONORED BY MR. AND MRS. JAMES HANKINS SR.

Honoring their son James, who left for army training Tuesday, Mr. and Mrs. James Hankins Sr., entertained with a dinner on Friday night of last week. Guests who were also going to army camps were Alf Baumgardner, Sonny Walls, Fred Nicholson, Earl Burnett student at A. and M., was a guest.

## MAIDS AND MATRONS CLUB

Mrs. Ike Bailey was hostess to members of the Maids and Matrons Club Tuesday afternoon at the home of her sisters, Mrs. Lal Copeland.

Program for the afternoon was a book review "Julius Ceasar and the Glory That Was Rome" ably given by Mrs. W. A. Bell.

Some twenty members were in attendance. Mrs. Kemball was visitor.

J. K. Woosley, brother of Mrs. Spencer Kendrick, left Sunday for Norfolk Va., where he will be in naval training.

Money (Peanut) Price, stated last week that they were shipping out 775 tons of peanuts. They are getting around 65,000 pounds to the car. By the way, Money stated that one man, who had 240 acres in peanuts was getting a check for around \$16,000 for his peanuts.

Mr. and Mrs. W. E. Henson are in DeKalb, Texas, visiting their daughter, Mrs. Hartwell Minnick.

Mrs. J. O. Gillham spent last Sunday night with her daughters, Elinor and Helen Gillham, students at Texas Tech.

Lee Lyon of the Hunter community handed in four bucks last week, one for his paper, and two going to relatives in Oklahoma.

## MEAT CANNING DEMONSTRATION GIVE AT MEADOW

A. L. Hertzog, County Agricultural Agent, and Dorothy Fay Blanton, Home Demonstration gave a joint demonstration on cutting and canning meat, at the W. J. Moss home east of Meadow, Thursday, Jan. 29. About 300 pounds of beef were cut and canned during the day.

Another beef cutting and canning demonstration will be given at the J. T. Locke home near Meadow Thursday Jan. 4.

The Extension Agent would like to give this demonstration in every community in the county, if you are interested in having one of the demonstrations in your home contact either Mr. Hertzog or Miss Blanton.

## SUB DEB CLUB

The Sub Deb Club met with Glynnola Murphy on Wednesday afternoon at Five. Plans were made for their presentation of pledges.

Spiced tea and cookies were served to Wanda Turner, Jean Knight, Lynna Dean Yates, Jeanette Edwards, Nita Chaffin, Francis Lewis, Beverly Belfanz, Christene McDuffie, Wynona Wilson, Gloria Hughes, Margaret Gladden, Patsy Carter.

## WEAR THAT OLD SUNBONNETS

"Sunbonnets". Each lady in the community is urged to come wearing her favorite bonnet if she has one, and to bring the pattern for it. The meeting will be in Wellman at Mrs. Oral Trotter's on February 9, and it is hoped that Miss Blanton will have another tire by that time so she can attend.

Reporter.

## CHURCH OF CHRIST BIBLE CLASS

Twenty-one members of the Ladies Bible class met at the Church of Christ Monday afternoon at Two-thirty and studied the 18th chapter, of St Luke, the first fifteen verses, Elder Henry teaching the lesson.

## NOTICE TO KNITTERS

All of you that have Red Cross knitting thread, unfinished or finished knitted garments, please have them in by March 1st. This is very necessary as we must keep our quota straight.

Mrs. Dick McDuffie, Chairman Knitting American Red Cross.

Formerly one of the Texas State Government's chief sources of revenue, the ad valorem tax now contributes less than one fifth of the state's total revenues.

## LOS AMEGAS CLUB

Members and guests of Los Amegas Club were entertained at the home of Mrs. Clovis Kendrick on last Tuesday evening. Prizes were defense stamps for high and second and traveling prize was L'entheric cologne.

A salad course and sandwiches were served to Mesdames Wilson Collins, Dick McDuffie, Orb Stice, Everett Latham, Spencer Kendrick, Earl Anthony, Jack Bailey, R. A. Crosby, Troy Noel, Lee O. Allen, Ike Bailey, Ruth Huckabee.

## DEE ANNA TIERNAN CELEBRATES BIRTHDAY

Dee Anna Tiernan celebrated her fifth birthday Monday afternoon from three to five when her mother was hostess to a number of her friends. After a series of childhood games the hostess served ice cream and cake.

Guests were Jackie Purtell, Sammie and Herbie Kendrick, Bobbie Latham, Otis Ayne Newton, Diane Graham, Toni Aker, Patsy Teague, Jo Ann Zani, Maurine Webb, Don Tankersley, Richard Sturgess, Jonelda Edwards, Patsy and Barbara Stice, Patsy Guthrie, Dona Sue Christopher, Kenith Lee Kendrick, Bobbie Whitney.

## NORTH SIDE BAPTIST CHURCH

North Side Baptist church begins revival, Feb. 7th, Rev. George Crittendon of Fort Worth, Texas, doing the preaching.

Sunday School 10:30 A. M. Preaching 11:30 A. M. Visiting 3:00 P. M. Young Folks Service 7:00 P. M. Prayer Service 7:30 P. M. Preaching 8:30 P. M. Mid-week prayer service and teachers meeting every Wed. 8:00 P. M.

Chair practice Friday 8:00 P. M. The last two Sundays have been the greatest two Sundays in the history of the Church and we are looking forward to still greater things for the Lord. We want to invite the people of Brownfield and the surrounding communities to visit a going church for a coming Lord. Our building is now complete and comfortably heated. We will have a baptizing after the preaching service Sunday night. We urge every member and all those who pray that you pray for a mighty revival, also attend and bring your unsaved friends and loved ones. Rev. Crittendon is a mighty man of God and preaches the old fashioned Gospel.

Atascosa county, Texas, is one of the largest peanut-shipping counties in the nation with a peanut production which has increased tenfold in the last few years.

SEVEN DAYS LEAVE

"Seven Days Leave," coming to the Rialto next Tuesday. Be sure to see this picture.

## MR. AND MRS. L. J. DUNN SR. HONOR NEPHEW WITH BREAKFAST

Tommie Hicks was honored with a breakfast at the Wines Hotel last Sunday morning at 8:30, by his Aunt, Mrs. L. J. Dunn and Mr. Dunn Sr., others at the breakfast who left Tuesday with Tommie for Fort Sill induction center were Claude Gore, and Alfred Gore.

Guests were Mary Jean Lees, who toasted the boys leaving, Bobbie Bowers, Laverne Collier, Elinor Gillham, Jo Pete May and Bobby Lewis, Harold Simms, M. J. Craig, Billie Redford, Claudie and Alfred Gore, and honoree, Tommie Hicks.

## PLEASURE CLUB

Members of the Pleasure Club met in the home of Mrs. J. N. Moxley on Wednesday evening. High prize was won by Mrs. J. L. Cruce and second by Mrs. C. C. Primm who also won the bingo prize.

Cokes, peanuts and candy was served to Mesdames Barrett, Cruce, Hamilton, Primm, Zorns, Sturges and Miss Sue Jones.

Mr. and Mrs. Wilgus of the Wilgus Drug informed a reporter this week they were very anxious to find a house so as to move their five children down here from Lubbock and put them in school here. They were very profuse in their praise for Brownfield and are indeed delighted they cast their lot among us.

Mrs. John Raymer, one of the early pioneer ranch settlers in Terry county, religiously keeps her paper paid up. She stated that she liked to keep up with the happens in the county she spent several years of her life in, but that she liked to see clippings to relatives living in Arizona.

This month those have business or residence phones were billed for them up to and including Feb. 20th, and including long distance calls, if any. This is only about two-thirds of a month. Hereafter subscribers will be billed on the 21st of each month instead of the first.

Mr. and Mrs. W. W. Price were business visitors in Midland Wednesday. They returned by Odessa and spent the night with their daughter Mrs. Bus Mason and Mr. Mason.

Born to Mr. and Mrs. David Johnson of, Phoenix, Arizona, a girl baby on the 25th of January. Mrs. Johnson is the former Vivian Eubanks, daughter of Mr. and Mrs. J. H. Eubanks, and sister of Mrs. Lois Taylor of this city.

## County F. B. To Set Up Service Dept.

At a recent meeting of Terry County Farm Bureau leaders it was decided to set up a service department. Members will be notified in the next few days the exact location of this office. The purpose of this department is to assist members in any way possible. The immediate purpose is to assist members in preparing their income tax returns.

The office in Terry County will be similar to offices set up in other counties over the state. All of the offices have the full cooperation and assistance of the two district offices of the Internal Revenue Department at Austin and Dallas. Members are urged to fill out their returns early rather than wait until the very last moment.

## Here Tuesday Yoakum Pioneer Died

H. R. Field, 69, generally called "Grady" died at the local hospital Tuesday. Mr. Field was a pioneer ranchman of the Branco section for the past 35 years. In fact his store and postoffice stands astride the Texas-New Mexico line. He always had a pleasant word for neighbors as well as tourists on highway 380 passing his store. He still has a few buffalo on his ranch.

He is survived by his wife and three sons, Tyson, Robert and Herbert; a daughter, Anita, and a brother, Frank, of Oleny, Texas; two sister, Mrs. Ruth Tarr of Lawton, Okla., and Mrs. Anna Harrell of this city. The body which was held here until Thursday was carried overland by the Brownfield Funeral Home hearse to Lovington, N. M., where services were had in the Methodist church. Burial followed in Lovington cemetery.

Active pallbearers were, Jess Benson, Dow Wood, Rudolph Houston, Weldo. King, L. B. Townsend, C. C. Primm and Bill Harris.

Honorary pallbearers were, Bob Beverly, Rufe Ray, John Tyson, J. V. Been, G. M. Bartlett, W. S. Darden, Sam Pearson, Harry G. Moberly, Tom Keenan, Don Berry, V. M. Chambers, Pat McClure, Milt Benton, Murphy Luna, R. M. Kendrick, Ed Dumas, Bass Hale, Earl Cadenhead, Red Tudor and John Keeller.

Mrs. Kelton Miller is here visiting her parents, Mr. and Mrs. L. J. Dunn Sr., her husband Lt. Miller has been transferred to Good-fellow Field San Angelo.

Mr. and Mrs. Forest White and child formerly with Mark Halsey Drug, in Lubbock are moving to Brownfield this week to make their home. Mr. White will be associated with the Wilgus Drug, formerly the Corner Drug Store.

Fred Clark two year old son of Mr. and Mrs. D. Clark, of Brownfield, is recovering nicely at the Lubbock General hospital, after having a peanut removed from his lung last Saturday.

Having to make special provision by printing a postal order on every wrapper for a copy of the Herald going to an overseas man, we found that we had 32 going to men in the service out of Continental USA. We had no idea that we were sending that many overseas.

Mr. D. L. Morrison, of Lubbock, has purchased the farm just south of the airport, and has moved on it. Mr. Morrison stated that he had about 600 acres of the section in cultivation, and will be allowed some 150 acres in cotton.

## JUDGE SAYS:

If Rums Tax plan is true to name it ought to run us a long ways.

Stalin says to Hitler: "Go way back and don't sit down".

Our Lingo is continually acquiring new words and phrases, but we are also losing some. For instance, "Fillier-up".

While the President was having his fling at Casablanca, the U. S. Senate was having their Flynn at Washington.

After reading about the tactics of the Jap Snipers in them Islands, we are going to be darned careful hereafter, in opening coconuts. (If we ever get any more.)

Mrs. Jack Oldham has received letters from her husband stating he was some place in the South Pacific, couldn't tell her exactly where he was but he liked his work fine and had gained twelve pounds and brown as our Latin neighbors. He enlisted with the Sea Beas.

Mrs. Jack Holt received word this week that her brother Graves had been heard from and that he was on his way to the Great Lakes Naval training station. He is to be a pharmacist mate.

Weldon Latham and family of Nocona, Texas, came in Tuesday to make this their home. They will live on the farm of his brother, Everett Latham of Latham Dry Goods.

Mrs. J. J. Kendrick of Lubbock was here on business, Tuesday.

## LT. AND MRS. TRUETT FLACHE IN AUGUSTA GA.

Lt. and Mrs. Truett Flache spent the day here Saturday and left Sunday on their way to Camp Gordon, near Augusta Ga., where he will be instructor in the army base. For the past several months they have been at Fort Sill, Okla.

Mrs. Ame Flache who has been visiting them accompanied them here where they visited Mrs. Flache's parents, Mr. and A. A. Sawyer and Mr. Flache's relatives.

Lt. Ray Brownfield and Mrs. Brownfield are also stationed at Camp Gordon.

• A Complete Job Work Dept.

## Farm Bureau Meeting At Johnson School

There will be a Farm Bureau meeting at the Johnson school house Friday night, February 5, 1943.

Everybody come and bring sandwiches and coffee.

Mr. and Mrs. A. E. McCarver and son of Seagraves, spent Sunday here with her parents, Mr. and Mrs. Jno Walls.

The fuel oil and gasoline shortages this winter should go far to determine whether Americans will be healthier as a result of walking more and living in home that are not over-heated.

If Germany has a possibility of building enough U-boats to win the war by destroying ships and supplies faster than we can build them, what is to hinder us from building a powerful fleet of them and destroy Nazi U-boats as they come out of harbor? Now you armchair Admirals answer that one!

Finding it ever increasingly harder to maintain a trained staff on newspapers, the powers that be at Washington have classed as "essential" a lot of the newspaper force, along with some 120 other occupations. Included in the newspaper force for local draft boards to consider, are editors, linotypers, steno-typers, makeup men, job men, etc. Newspapers, radios, etc., are considered "essential" for the reason they relay

necessary information of the government to the people. It is also a well known fact that it takes years to train an efficient staff on a newspaper, instead of mere weeks as in some industries. Many small town newspapers have had to suspend and all have been handicapped for lack of trained personnel.

This week we received an Apermont Star, a paper we had not had on our exchange list. Examination disclosed that Mr. and Mrs. A. E. Richards, late of the Meadow Star, had purchased the Stonewall county seat weekly. Not to be any better acquainted there, their first issue was a dandy.

Tokyo newspaper are giving a note of pessimism since the meet-

ing of FDR and "Winney" over in Africa. And we might suggest that part of it is that Japs are dieing by the thousands at the hands of Uncle Sam's army, marines and sailors, plus some skilled airmen. They are getting it where the chicken got the ax.

While we have no "piggy bank" or any other kind, the advice is going out via newspaper that all banks should be emptied of their contents, and the coins used to purchase war savings stamps. Copper is also a war necessity, becoming more precious all the time. Put those pennies to work.

Speaking of scrap we are now sending some scrap we sold the Japs a few years ago, back to them with interest. Jap ships and planes and junk found on battlefields are now returned as ballast to the U.S., converted into bombs and bullets, and will soon be shelling down on the hapless Jap. The more, the merrier.

When we arose from our bed Tuesday morning, the sky was overcast and heavy mist, almost a light shower was falling. Ah! thought we, we are to have an early spring. The old Groundhog will come out today, and not seeing his shadow, will stay out. But low and behold, about noon there was a rift in the clouds and the sun came shining down. Well, now, why can't the little rascals split the difference and give us just three more weeks of winter instead of six. He didn't see his shadow the first half of the day, did he? This article cannot be construed by the censor as giving the enemy information about the weather Tuesday. When our paper reaches the hands of the Huns and Japs, we may have some other kind of weather. Very likely will.

After Senator (Turncoat) Moore

**CITATION BY PUBLICATION —**  
THE STATE OF TEXAS  
TO: Zelma McElwee  
GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 22nd day of March, A. D., 1943, at or before 10 o'clock A. M., before Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 9th day of October, 1942.

The file number of said suit being No. 2804.

The names of the parties in said suit are:

Felix McElwee as Plaintiff, and Zelma McElwee as Defendant.

The nature of said suit being substantially as follows to wit:

Plaintiff sues defendant for divorce, alleging their marriage on November 1, 1932, and their living together as man and wife until on or about September 1, 1934 at which time defendant left him. Plaintiff alleges residence in the State of Texas for more than twelve months and in Terry County for six months next preceding the filing of his petition. As grounds plaintiff alleges that the defendant without provocation or cause, voluntarily left the bed and board of plaintiff with the intention of abandonment, and she has continued to live away from him up to the filing of this petition, though plaintiff has at all times been ready and willing for her to return to him as wife. Defendant's absence from plaintiff has been more than three years. No children were born to their marriage and no community property was accumulated. Plaintiff prays for divorce and such other relief as the court shall deem proper to grant.

Issued this the 3rd day of February, 1943.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this 3rd day of February, A. D., 1943.

Eldora A. White, Clerk, District Court, Terry County, Texas. 30c

of Oklahoma, had his say, and that was right smart, about the lack of qualifications of Flynn of New York to be Ambassador to Australia, Senator Overman of Louisiana asked Moore if he (Moore) by legislative training was qualified for being a United States Senator. Moore is reported to have angrily stated that he would answer that later. Much has been made of Flynn as a politician, a lot of which is likely true, but if many of the representatives at Washington were shaken too hard, no doubt a lot of rotten apples would fall out of their pockets.

**CITATION BY PUBLICATION —**  
THE STATE OF TEXAS  
TO: J. C. Dooley, Louisa Dolley, the unknown heirs, and legal representatives of the above named person who are dead.

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 1st day of March, A. D., 1943, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 15th day of January, 1943.

The file number of said suit being No. 2831.

The names of the parties in said suit are:

T. J. Blankenship, C. A. Blankenship, Clifford D. Hester, and H. B. Stubblefield, as Plaintiff, and J. C. Dooley and Louisa Dooley, S. D. Lofton, as Administrator of the Estate of the said J. C. Dooley, and Louisa Dooley the unknown heirs and legal representatives, of the above named persons who are dead, as Defendants.

The nature of said being substantially as follows, to wit:

Plaintiff alleges that on the 15th day of January 1943, Plaintiff C. A. Blankenship, was the owner in fee simple title of The West 100 feet of Lot No. 2 of Block No. 20, of the Santa Fe Addition to the town of Brownfield, Texas.

That the Plaintiff H. B. Stubblefield, was the owner in a fee simple title of the west 100 feet of Lot No. 3, and the north half of the West half of Lot No. 4 of Block No. 20 of the Santa Fe Addition to the town of Brownfield, Terry County Texas.

That the Plaintiff T. J. Blankenship was the owner in fee simple title of All of the south half of the West 1/2 of Lot No. 4, and all of lots Number five (5) and six (6) of Block Number 20, of the Santa Fe Addition to the town of Brownfield, Terry County Texas.

That the Plaintiff, Clifford D. Hester, was the owner in fee simple title to the east one half of Lots Number Three, (3) and Four (4) of Block Number 20, of the Santa Fe Addition to the town of Brownfield, Texas.

That said plaintiffs was the owner and holder of said respective properties on the aforementioned date, and that on said Date the defendants unlawfully entered upon said premises and dispossessed Plaintiffs there from, with holding from them the possession thereof, to their damage in the sum of \$1.00.

Plaintiffs plead for title and possession of said respective properties setting out the Three, Five, and Ten year statute of Limitations. As a bar to any claim the defendants may have. That said suit is brought to try title, as well as damages.

Issued this the 15th day of January, 1943.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this 15th day of January, A. D., 1943.

Eldora A. White, Clerk District Court, Terry County, Texas. 30c

**CITATION BY PUBLICATION —**  
THE STATE OF TEXAS  
TO: Sam Brown.

GREETING:

Your are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of March, A. D., 1943, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield Texas.

Said plaintiff's petition was filed on the 19th day of January, 1943.

The file number of said suit being No. 2833.

The names of the parties in said suit are:

Willie Mae Brown as Plaintiff, and Sam Brown as Defendant.

The nature of said suit being substantially as follows, to wit:

That Plaintiff and defendant were lawfully married on the 15th day of August 1938, and lived together as husband and wife until the last day of March 1939. When this defendant abandoned this Plaintiff, and that they have not lived together as husband and wife for more than three years. That there is no children born of this union, Plaintiff prays that she be divorced from this defendant.

Issued this the 19th day of January, 1943.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 19th day of January, A. D., 1943.

Eldora A. White, Clerk District Court, Terry County Texas. 30c

OH, BOY!

Dear Pa: If you want me to come back to the farm when Uncle Sam says he don't need me any more—here's what you'd better do. Buy two of the meanest mules you can find. Name one of them "Corporal" and the other "Sergeant." I'll be glad to spend the rest of my days telling them two jackasses why I made a mistake when I didn't join the Navy instead of following for this soldierly stuff. Your loving son, Private (no class) Jasper Higgs.

Lost and found columns of Tokio newspapers are crowded these days. Every time an American buys a War Bond, the Japs lose face. Buy your 10% every pay day.

**Canada Fights COUGHS**

Due To Colds or Bronchial Irritation This New Amazing Way

By far the largest selling cough medicine in all Canada is Buckley's CANADIAN Mixture. Compounded from rare Canadian Pine Balsam (by a secret process) Buckley's is entirely different from anything else you ever tried. It's extra fast for Dad—yet gentle and mild for Mother and the little ones. Get a bottle today—take a sip or two then swallow slowly, instantly you feel its powerful effective action spread thru throat, head and bronchial tubes. Coughing spasms cease. Right away it loosens up thick, choking phlegm—opens up clogged bronchial tubes—makes breathing easier. At all first class drug stores.

Nelson-Primm Drug Company

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten per cent every pay day.

**Beware Coughs from common colds That Hang On**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

**THE GOAT THAT HIDES IN A CAVE**

Malta is a little rocky island in the Mediterranean Sea not so very far from Italy. It is the most bombed place in all the world because the Axis seeks desperately to wrest it from England.

There are farmers in Malta, as there are farmers in America. They lead a dangerous life; work when they can and hide when they must. Even the goats have learned to scamper for the caves when the planes are overhead.

We who are free and independent farmers—how would we like to live and work with such terrible odds

against us? That is why, as we sell our crops and milk and eggs, we must buy Bonds. We must buy Bonds to the full limit of our ability.

There is another very good reason for buying Bonds, aside from helping to win this war. They are a real investment backed by the strongest government in the world. They return a third more than you pay for them in ten years. They never depreciate in value. And you can always cash them after sixty days if you need the money. Buy Bonds now . . . keep on buying— from your bank or post office.

### Governor Stevenson Urges Women To Help

Governor Coke Stevenson has issued a proclamation declaring January 15th to February 28th as WAAC Recruiting Time. He has urged all women's clubs, women's organizations and all true Texas women to rally to the call of Uncle Sam.

Governor Stevenson stated that Texas has been outstanding among the states of the Union by furnishing from 300,000 to 400,000 of its fighting sons for action. He said that Texans had been outstanding and that many Texans had been in every major battle.

"Since Texas' sons have set the pace in rallying to Old Glory," the Governor said, "Texas women will do likewise and set an example for other women of the nation in that the American Way of Life can be perpetuated only by the all-out effort of women as well as men."

Governor Stevenson asks Texas to furnish the nation one WAAC for every fighting Texas son. He said that he knew that the women of Texas would not be willing to do less than their sons, fathers, brothers and husbands.

Lieutenant Colonel Marvin E. Durette, Commander of the West Texas Recruiting and Induction District has asked the help of every West Texan in order that this district may meet its first quota of 584 WAACs by March 31st.

Lieutenant Colonel Durette said, "every West Texas woman

### One Failure In Texas During December

Austin, Texas, Feb.—Both commercial failures and charters for new corporations dropped sharply last December, the University of Texas Bureau of Business Research reports.

Only one commercial failure was recorded during the month of December. During the entire year of 1942, 50.4 per cent fewer failures were recorded than were announced in 1941, the Bureau reported.

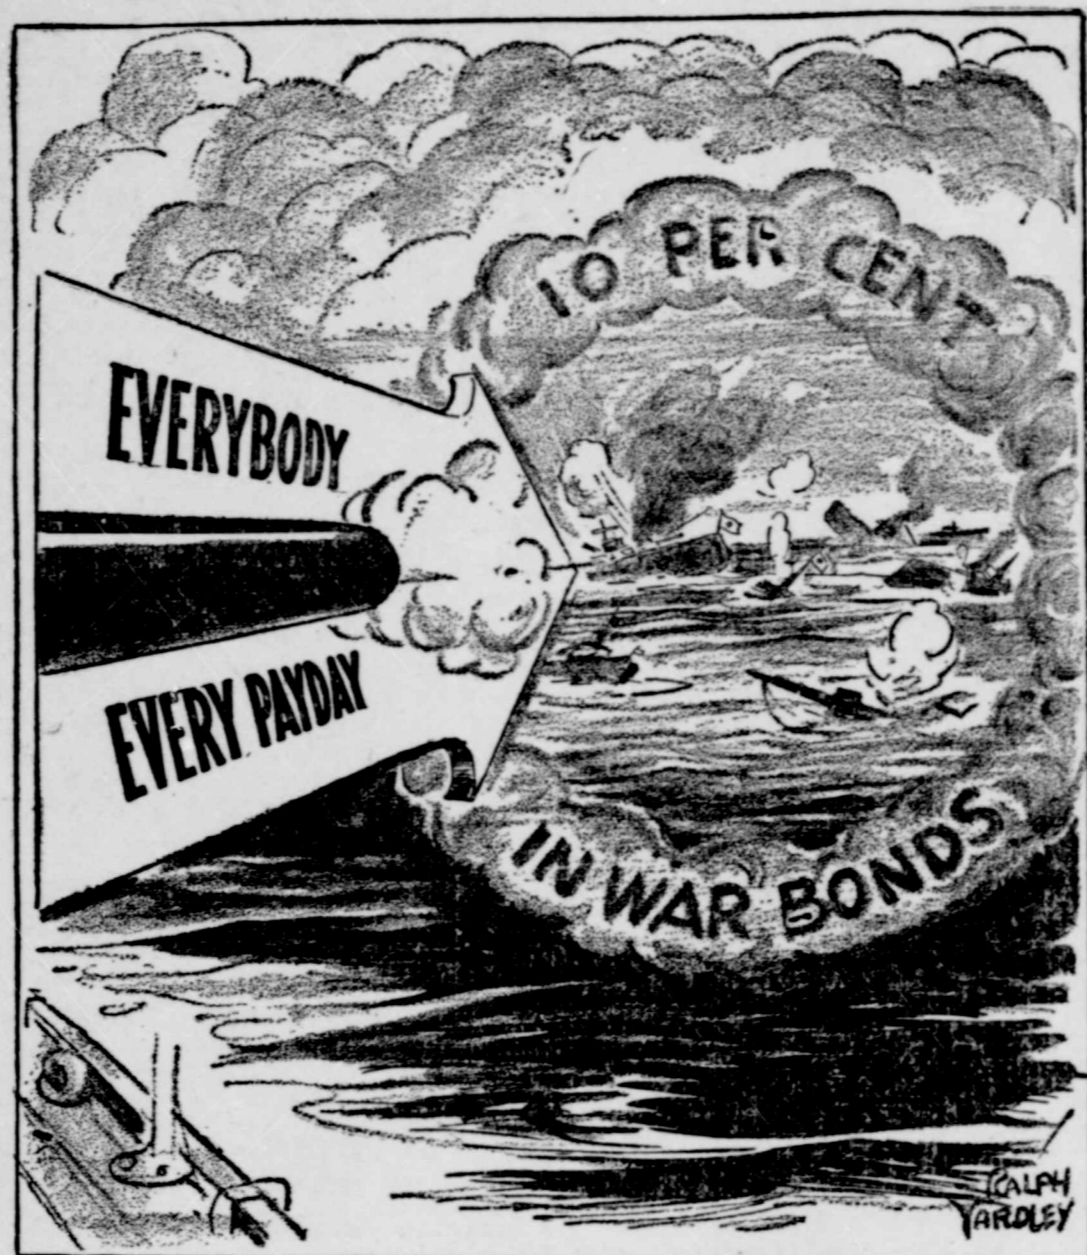

Fewer new firms set up in business in 1942, than in the preceding year, too—a decline of 19 per cent was recorded by the research bureau. Capitalization of the 676 enterprises chartered during 1942, however, was 409.8 per cent greater than that of the 835 firms chartered in 1941.

Austin Texas, Feb. — Dairy manufacturing made slight gains in Texas last December, though the manufacture of American cheese dropped to 50 per cent of the level set in December of 1941, the University of Texas Bureau of Business Research has reported.

who enrolls in the Women's Army Auxiliary Corps will release a soldier for combat duty. By doing this they can and will help win this war."

Complete information concerning the Women's Army Auxiliary Corps may be had by contacting the nearest Army Recruiting Station or write the District Army Recruiting office in Lubbock.

### HELP FINISH THE JOB

### Be Careful Of Diet Warns Dr. Cox

Austin, Texas, — That the inclusion of proper foods in the daily diet plays a very important part in the maintenance of good health was stressed in a statement issued this week by Dr. Geo. W. Cox, State Health Officer.

"One of the most dreaded of all diseases, pellagra, is caused entirely by not eating the kinds of food which would insure a properly balanced diet," Dr. Cox said. "The public is prone to overlook the serious nature of pellagra. At best it is an uncomfortable and unpleasant disease, but aside from this there is one possible result that can be very tragic. All too frequently pellagra leads to serious disturbances," Dr. Cox warned, "and in some cases, actual insanity."

According to the State Health Officer, pellagra is known as a disease which is no respecter of persons. There is danger of pellagra striking at any age and either sex when the diet is consistently faulty.

To make sure that the diet contains the proper pellagra-preventive elements, it should include plenty of milk daily some fresh, lean meat, and as many fresh vegetables especially green vegetables, as possible. Tomatoes and whole wheat bread are also very valuable. Eggs contribute their share to pellagra prevention as do all varieties of fresh fruits.

"It is not the amount of food you prepare for your table, but the kind of food included in their daily diet which will protect your family from the appearance of pellagra," Dr. Cox declared.

### WEAPONS.

In Court: "Then you admit that you struck the plaintiff with malice aforethought?"

The smart hillbilly, wiggly on his chair, took another chew of Jack county navy and bellered back: "You can't mix me up like that. I've tole you twice I hit him with a brick. There wasn't no mallet or nuthin' of the kind mixed up in it just a brick like any gentleman would use." — Donley County Leader.

### ON TIME

"Now, my son," said the fond mother, as the boy was starting off to join the Navy, "remember to be punctual in rising every morning so you will not keep the captain waiting breakfast for you."

### HISTORY WILL REPEAT

This week will be ten years that Schilkegruber has been leading all the peoples of the earth of other nations to ruin and driving all the peoples of the earth into death and chaos. For all these ten years there have been many who could read the chart that Schilkegruber's brain was drafting. Some who could not read a-right joined with those who wanted to destroy the earth and its peace. Those who made the mistakes have had opportunity to realize them and to try to correct the terrible blunder. But the damage is done. And the lives of millions have already paid and more millions will go to pay for the blunders of those who were so stupid or so blind they would not see that a dictator anywhere in the world is danger to the rights of all the people in this earth. But isolationists will still insist that if we had not resisted aggression there would have been no need for war. Within five years from this date, such rot will be getting publicity in these United States. It was so after the other war, and history will inevitably repeat itself.—Jimmie Rankin in Ralls Banner.

If men had no faith in one another, all of us would have to live within our incomes.

### Filling Stations Are Required To Trim Hours And No Credit

Dallas, Jan. 21.—The region office of war information advised southwestern motorists Thursday to check with favorite filling stations concerning new operating hours which are effective Saturday, in order to avoid difficulties in getting automobiles serviced.

Under an order issued Jan. 19 by Petroleum Administrator for War Harold L. Ickes, to go into effect Jan. 23, service station operators must elect to stay open not more than 72 hours a week, and for not more than 12 hours a day for seven days a week.

Station operators who choose the 72-hour week may select their closing day.

The 24-hour-a-day alternative will permit so-called "truck stations" to serve common carrier trucks and other "T" card holders. Continuous operations is required of these dealers so as to effect a maximum service from the stations.

If a dealer is to remain open 24 hours a day, he must serve all customers for 12 consecutive hours for six days of the week. Only "T" card holders may be served during the remaining periods.

In another move of interest to gasoline dealers, Ickes announced No. 62, which restricts the use of credit cards, has been amended, effective Feb. 1. Under the amendment, retail gasoline marketers of suppliers may not "grant or accept or participate in the granting or accepting petroleum product."

Exceptions to the granting of credit are: Federal, state or local government; commercial vehicles displaying "T" ration stickers.

Milk equivalent of all dairy manufactured products in December was 71,104,000 pounds, as compared with 69,167,000 in December, 1941, and 81,233,000 pounds in November, the Bureau reported.

### NORWAY

By way of Norway comes word of one of the latest acts of barbarism committed by the Nazis—the rounding up of 1,000 Jewish men, women and children who were herded aboard a ship at Oslo, Norway, and taken to Germany, their destination being Poland. Cruel separation of children from their mothers was a marked feature of the barbarities. The Germans have tried to put the blame on the Nasjonal Samling and State Police, but the Royal Norwegian Information Service states there is absolute proof that the atrocity was the result of orders from the highest German authorities and directed by the Gestapo.

### A WORD OF CAUTION

From the Office of Censorship in Washington, comes the following wise suggestion relative to publishing or revealing information regarding the location and whereabouts of our soldiers, navy and air men: Editors and parents are urged to comply with the suggestions.

On battle fronts every day men risk their lives to discover the location and strength of the military units of the enemy. Yet at home, too many of us are presenting the enemy with information of the same military value, the Office of Censorship says in a statement.

This is the information which newspapers and individuals are asked not to tell the enemy.

DO NOT TELL the names of ships upon which sailors serve.

DO NOT TELL the troop units in which soldiers serve overseas.

There is no objection to revealing that Pvt. John Jones is in Australia or that Seaman Tom Brown saw action in the Atlantic, but there is military information which endangers the lives of A-

merican fighting men in stating that Pvt. John Jones, "Company C, 600th Infantry", is in Australia, or Seaman Tom Brown, "Aboard the U.S.S. Wisconsin," is in the Atlantic.

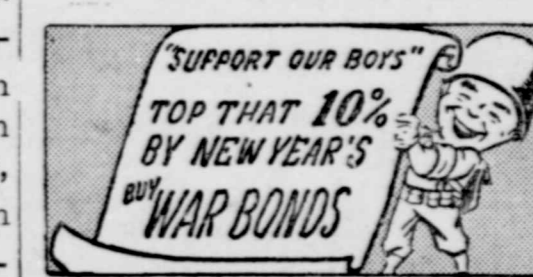

The Office of Censorship says: We "ask editors not to publish the troop identifications, and we ask parents and relatives not to reveal them. Don't give the enemy anything that may lengthen the war!"

"Shine, please boy!" said the six foot five soldier to the bootblack.

The boy looked at the vast expanse of boot before him, shook his head questioningly. Then a determined look covered his face.

"Bert," he called to another boy, "gimme a hand! I've got an army contract!"

### Lubbock Business Men Visited The Herald

Arch Underwood, owner of a chain of compresses in this section, including the one in Brownfield, A. D. Repp, head office man, and former superintendent of the press here; also Atty. Durward Mahon, all of Lubbock, were Brownfield visitors Tuesday.

Mr. Underwood stated they had an excellent season business at all

his presses. Mr. Underwood seems to be a man that never loses a friend, and makes them at every turn.

Confronted with a statement that we had heard many say that he was excellent governor timber, Arch quickly stated that he had no political ambition whatsoever. A. D. was kept busy shaking hands with old friends, while

### Baptist Church News

Far too many of the membership of this church do not attend its services and many who do attend are not regular attendants but make their attendance a matter of convenience but this condition is not altogether new as one of the preachers of the New Testament Church admonished them to "forsake not the assembling of yourselves together as the manner of some is" and the same admonition is applicable to many of our own church.

God knew the needs of making when he established the Sabbath day as a day for rest and worship as well, and it is not enough to rest without worship but the worship is as needful to man as the rest.

Our regular attendance in Bible study is running under 300 when it should be more than 500 each Sunday morning.

The work of securing a worthy offering for our building fund from every family of the church continues and while the \$5,000 mark has been passed leaving a dabt of \$10,000, on our property it has been suggested that we reduce this amount during the year and pay the full amount in the Fall and this is a very worthy goal, and if you have had no part in this effort do not fail to lift your part of the load.

We would merely mention here that Dr. W. R. White, president of Hardin Simmons University will speak in our church the evening of the second Sunday of this month and many will wish to hear Dr. White and should plan to do so. Dr. White needs no introduction from us as he was formerly secretary of our state Convention and is an outstanding thinker and preacher among Southern Baptists.

We desire the cooperation of all Baptist moving to our community and they will find here a warm welcome.

### Ballot Change Is Really A Need

At Austin last week, Representative W. O. Read of Dallas, and Carlton Moore of Houston, jointly introduced a bill in the legislature, which if passed, as it should be, will fill a need, and at the same time give Texas voters something which they have never had—a real secret ballot.

This editor has owned newspapers and printing plants in a number of states, and has had the job of printing official ballots in practically everyone of them, and we unhesitatingly say that Texas voters employ the least secret, the most careless and shoddy ballot, which we have ever printed, or have ever seen.

When you cast a vote in Texas, as they are printed today the voter has a number opposite his name on a polling list of eligible voters, and the same number goes on the ballot issued to him. By comparing ballots and lists, political bosses can tell how a person voted.

Under the new plan ballots will be issued to voters with a number corresponding to his order of voting. The same number will be placed on his ballot, but no one will be able to see it without going illegally into the ballot box and tearing open a sealed corner concealing the number.

The same number will be on a perforated corner of the ballot also, but it will be torn off and be thrown in a separate ballot box as the vote is cast.

We wouldn't go the witness stand and swear that here in Lamb county, there have been times when the votes of individuals yes of whole precincts have been checked, because some official or some interest wanted to know how so and so voted—but we'd bet two to one that it has happened—and the same thing goes for other counties.

A ballot which is so easily checked, certainly is not a secret ballot. Also, through the fact that the new ballot is numbered, ballot box stuffing becomes very difficult, and that nefarious thing has

### Government Cost Threat To U. S.

CHICAGO, (INS)—Edward A. O'Neal, president of the American Farm Bureau Federation, Tuesday assailed the skyrocketing cost of government as "a much greater threat to the people" than the rising cost of food.

Addressing the federation at the opening session of its annual convention in Chicago, O'Neal declared that war-time industries production would be jumped up by 15 to 20 per cent if factory workers were required to put in a 54-hour week, in contrast to the average farmer's 70-hour week.

### F.F.A. News

On Tuesday night, January 25, 1943, the officers of the Brownfield Chapter of the Future Farmers of America and a few members arrived at Wellman to promote about twelve Green Hands of the Wellman Chapter to Future Farmers. After the initiation, the forty boys who were present enjoyed playing basketball until the evening was no longer young. The ones who attended from Brownfield had an excellent evening.

### Chapter Reporter:

### Texas Farms Produce Billion Dollars

Austin, Texas, Feb. — Texas farmers accumulated a billion-dollar bankroll in the year 1942, the University of Texas Bureau of Business Research has revealed thus marking up their most prosperous year in history.

Farm cash income was computed by the Bureau to be 908 million dollars during the year as compared with 616 million for the year 1941. Government subsidies will add about 75 million to this amount. The bureau reports also indicated that preliminary computations of farm marketings are an understatement of from 6 to 10 percent thus bringing the actual cash income of Texas farmers from all sources to approximately one billion dollars.

The increase in 1942 was nearly 50 per cent over 1941, while the latter year itself represented a substantial gain over the immediately preceding years, the Bureau report pointed out.

In 1942, the shifts in sources of farm income which have been indicated for several years were sharply delineated, Dr. F. A. Buechel, assistant director of the bureau, explained. The biggest factor in the enormous farm income last year was livestock and livestock products.

While still important to agricultural prosperity, cotton was of declining importance in relating to other sources of income, Dr. Buechel declared. In 1941, cash receipts from cotton and cottonseed amounted to 41 per cent of the total farm income for that year. Cash income from livestock comprised 46 per cent of the total.

But in 1942, cash receipts from cotton represented only 34 per cent of the total, while livestock had risen to nearly 50 per cent. This trend, away from cotton to-

### Neat Reply

There is a certain suburban home whose owner's principal delight is in keeping spick and span. After dinner he and a guest were smoking on the lawn. The guest, after lighting his cigar, threw the burned match on the ground.

"Oh, I wouldn't do that, George," said the host.

"Why not?"

"It spoils the appearance of everything," was the answer. "It's just those little things that make a place look bad."

The guest smoked his cigar in silence for a few minutes; then, without a word, he got up, walked down the road and disappeared.

He returned in a short time.

His host asked, "Where have you been, George?"

"Oh, I just went down to the river to spit," replied George.

### MAYHEM

A bishop was invited to dinner. During the meal he was astonished to hear the young daughter of the house state that a person must be very brave these days to go to church.

"Why do you say that?" asked the bishop.

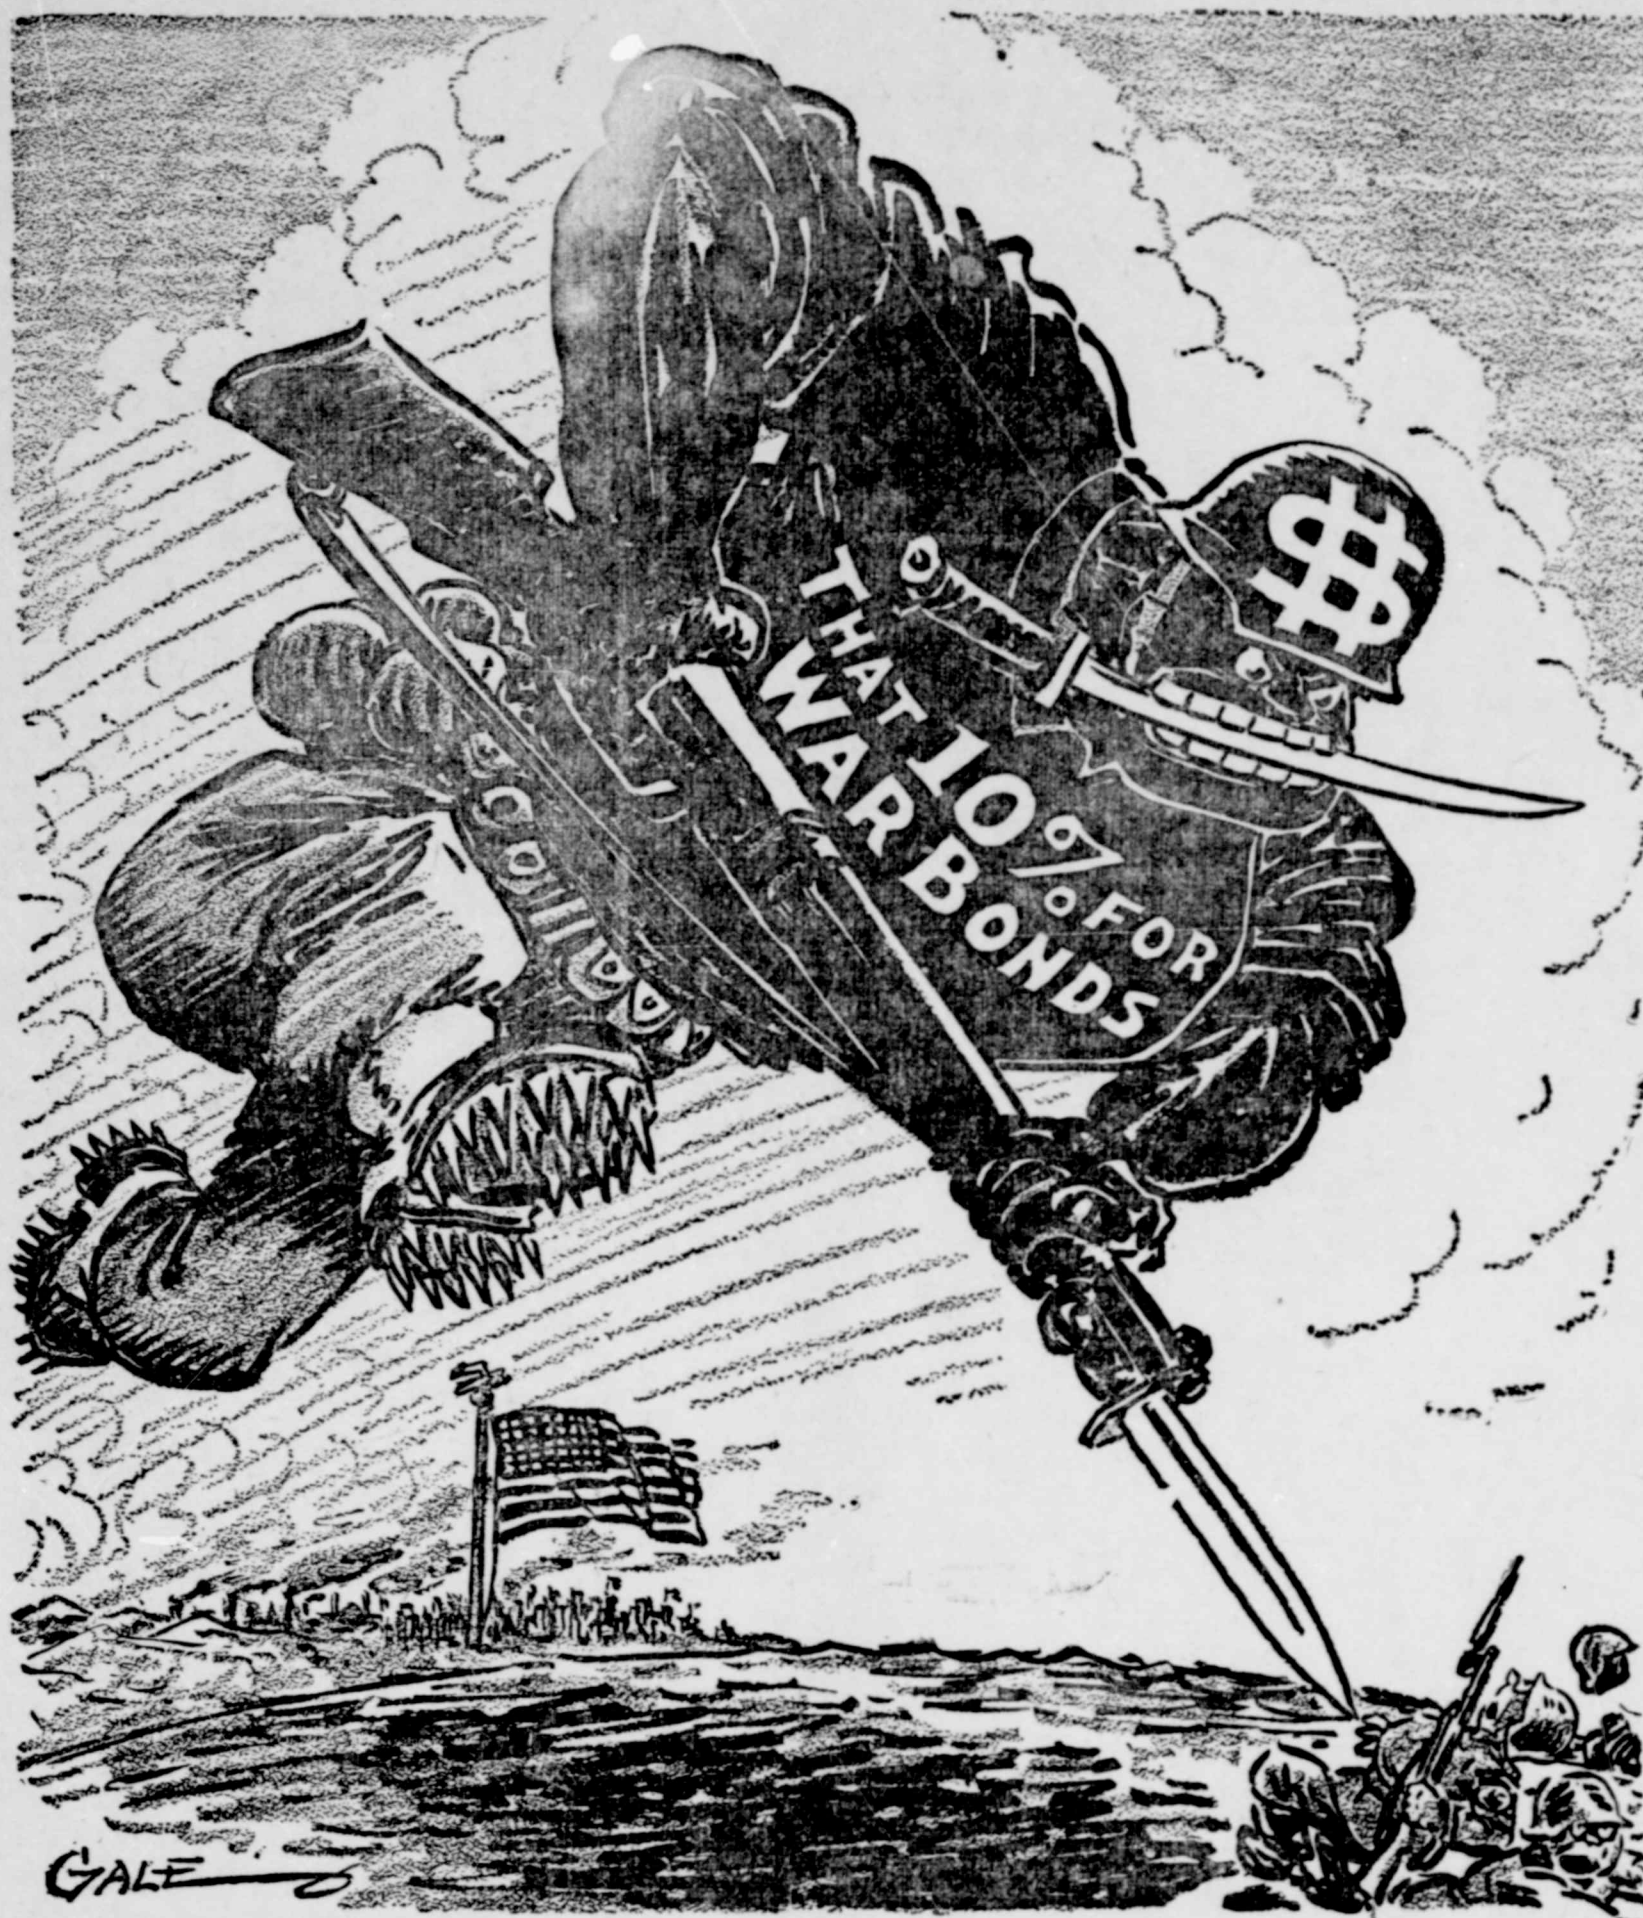

"Because," said the child. "I heard papa tell manma last Sunday there was a big shot in the pulpit, the canon was in the vestry, the choir murdered an anthem, and the organist drowned the choir."

As a new occur the law is perpetually found deficient. It is therefore perpetually necessary to make new laws.

—William Godwin

ward livestock and livestock products, has been evident since 1927, Dr. Buechel asserted. In that year, cotton accounted for fully two-thirds of farm income, while livestock combined with miscellaneous farm products, brought in the remaining third.

### COMMANDOUGH!

### War Effort Of Negro Farmers

COLLEGE STATION, Jan.—Texas Negro farm families have alert to do their part on the wartime home front. According to Dr. E. B. Evans of Prairie View State College, state leader of Extension work with Texas Negroes, their chief contribution has been increased production of food and fiber. In 1942, 3,420 Negro farmers in 45 counties sold 16,000 hogs and 14,500 farmers in 48 counties cured one and one-half million pounds of meat for home use. Furthermore, 25,000 farm families in 52 counties grew bigger home gardens, and 19,000 farmers in 50 counties added 317,000 birds to their poultry flocks, and stepped up egg production by 163,000 dozen.

Comparable to the growing scrap piles in Texas cities, towns and villages, Negro families in rural communities of about 50 counties collected 480 tons of tin cans; 2,135 tons of scrap metal; 168 tons of bones; 282 tons of rags; 610 tons of scrap rubber, and 178 tons of waste paper. Among these rural families, Dr. Evans explains, \$139,000 worth of War bonds and stamps were bought by club members or in drives sponsored by Negro county Extension agents.

In 46 counties about 33,000 Negro families are taking part in defense activities being promoted by the Texas Extension Service. Some of their members took special training in two civilian protection schools held at Prairie View College. The facilities of the County Agricultural Victory Councils were used to send 401 messages to 55,000 Negro farm families in 51 counties.

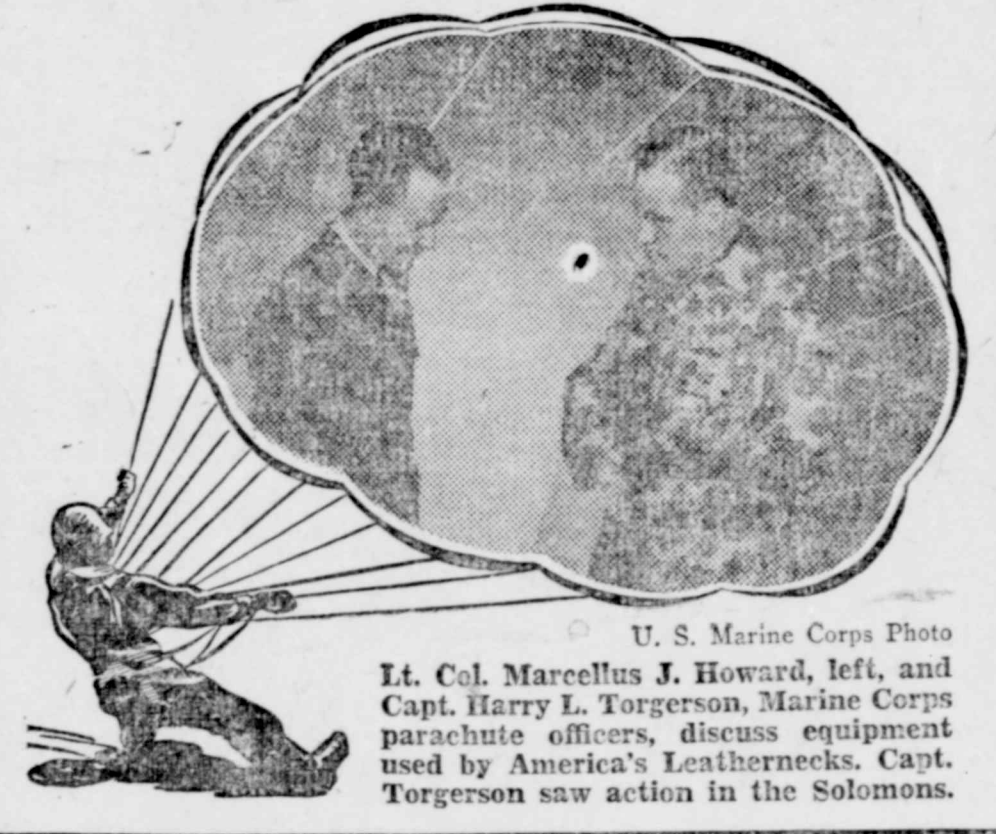

"Through cooperative effort Negro rural families have raised morale and patriotism to such an extent that their only hope for living decent, happy lives for themselves and their children lies in winning a complete democratic peace," Dr. Evans says. "To this end Negro Extension workers and the farm families they serve dedicate their resources and energies."

A Scotchman had just been awarded a ten thousand dollar prize in a slogan contest. In a few days the contest manager of the concern received the following letter: "Dear Sirs: I have just received the ten thousand dollars, but you have failed to include the stamped, self-addressed envelope I sent along with the poem. Kindly return it and oblige. Angus MacTavish."

There are three things I have always loved and never understood—painting, music, and women.

—Bernard De Fontanelle

### Paramarine Leaders

U. S. Marine Corps Photo  
Lt. Col. Marcellus J. Howard, left, and Capt. Harry L. Torgerson, Marine Corps parachute officers, discuss equipment used by America's Leathernecks. Capt. Torgerson saw action in the Solomons.

### CZECHS SCORN HARPSBURGS

The bulletin issued by the Czechoslovak National Council of America states that the permission given by the War Department in Washington, D. C., to Otto Hapsburg, pretender to the Austrian throne, to organize an Austrian battalion in this country, has been the signal for the monarchists to come out into the open.

There are less than a million Americans of Austrian origin living in the United States, according to the census, and Austria proper has only six million people. So when Otto Hapsburg and his propagandists make an appeal for support to "ten million Austrians living in the United States," it is clear that the appeal is to all former subjects of the Hapsburg Empire. Apparently, their purpose is to restore Austria-Hungary, which was obliterated as a result of World War I, but Central Europe does not want to have anything to do with the Hapsburgs.

The Czechoslovak people will never forget that it was the Hapsburg regime that fired the first shot in World War I and entered into a scheme with imperial Germany to enslave the non-Germanic nations living in the Austro-Hungarian monarchy. The grievances of the Czechs against the Hapsburgs go back for more than 300 years.

### CATTLE TRAINS IN PARIS

A long special train pulls into the Gare du Nord station in Paris. It carries several hundred emaciated, listless men. These are French soldier prisoners, sent home from Germany. While the work of taking them from the train is under way, several other trains pull out of the station, headed east, their destination Germany. These trains are filled with able-bodied French workmen, selected for work in German war industries—tagged, weighed and shipped like cattle on the hoof.

Paris railway stations. It is Hitler's program in action—one war prisoner exchanged for every three French workmen Laval can "persuade" or frighten into taking part in the disgrace. Like cattle, the workers are graded and tested under German direction. Healthy flesh only! For every 25 workers a foreman; or every 50 workers, an engineer.

French taxpayers must pay compensation to the families of such workers, and pay war-risk insurance for them. So Frenchmen not only foot the bill for Germany's army of occupation, but help pay for French workers serving as war slaves in Germany. And French industrialists are under orders to replace workers sent to Germany with unskilled men—so that these, in turn, may be schooled for slavery in the Reich.

The story of the "cattle trains" of Paris—a story that defeat at the hands of the Nazis might bring to disastrous life in New York, Chicago, San Francisco and Los Angeles—should be telling enough to jar into action every American whatever his job or station, who may have failed to put personal fortune, business, wages, working conditions or profits last.

People who look back these days may not turn into a pillar of salt, but they may turn into a telephone pole.

A hick town is a place where it's cheaper to feed your neighbor's chickens than to have a next door enemy.

The total value of Texas' taxable property exceeds three and one-half billion dollars.

### Texas Farmers Are Paying For Homes

HOUSTON, — The year 1942 was a banner year for Texas farmers and ranchmen in paying off debts, declared President Sterling C. Evans of the Federal Land Bank of Houston in connection with the bank's annual statement.

A total of 9,835 land bank and commissioner loans were paid off in full during 1942. "During the year," he said, land bank and commissioner loans outstanding in Texas decreased from \$225,634,563 to \$206,437,302. This net decrease was despite the fact that approximately \$12,000,000 in new loans were closed.

"Future Payment Funds," created to provide a way member-borrowers can pay in advance on their loans, now total \$2,126,000, he said. "Future payment funds draw interest at the same rate charged on the loans. In addition to this cushion, members-borrowers are accumulating reserves in War Bonds to make their future secure," Mr. Evans said.

"The Land Bank was started 25 years ago in the midst of the first World War. Its primary objective was to help farm and ranch families own their homes

### SURPLUS BUREAUCRATS

Let's ration out the bureaucrats! There's little need for autoocrats, They're parasites and "overheads," And put the budgets in the red."

A man-power shortage's still alleged, While bureaucrats are privileged! They take the gas from farmers' cars

While shouting, "Food will win the wars." The bureaucrats have excess force, And duplicate each other worse! There's lot of them could carry arms,

Or work assembly lines or farms. There's many things to do in haste, And best of all is to cut out waste. With bureaucrats—we now endure,

A labor draft is premature! F. G. SWANSON, Box 1020, Tyler, Texas

and businesses free of debt. Since then, Texas agriculture has been through some rough and changing times but the records show that more than a third of the 146,000 land bank and commissioner loans - made to run up to 34 1/2 years - have been retired."

Mrs. Walter Wood of Denver City was here shopping Tuesday.

### "SHORTENING" SHORTER

On December 7, 1941, the Japanese cut the United Nation off from large supplies of oils that are essential for food and industrial uses—fats and oil that help to win the wars.

Fortunately, America is a great fats and oils producing region. Our animal fats, such as butter and lard, and our vegetable oils, such as cottonseed oil, peanut oil and others are great national assets. We are producing more fats and oils at home—and we can produce much more.

Cottonseed is one of our major oilseeds—because of climate, experience and other factors, many local farmers can produce needed vegetable oil more efficiently in the form of cottonseed than in any other way. For this reason, we all owe a debt of gratitude to our cotton farmers who are keeping shortening, salad oil and margarine from being too "short".

By growing more cotton per acre in '43, and planting every acre we can, we'll help to supply fats to meet war needs.

**Pvt. Derington Is Official Base Host**

In a recent issue of The Trailer, published at the air base at New Orleans, Pvt. Jack R. Derington, son of Mr. and Mrs. D. V. Derington of this county, was shown in a picture with a six year old lad and a 17 year old youth of Louisiana, who were leaders in the scrap drive of that state. Derington was chosen official host.

The 6 year old boy Billy Michal, of Zimmerman, La., collected 700,000 pounds of junk, the other boy was runner up. Pvt. Jack gave the boys a ride in a Jeep, then they carried to ship yards to see a ship launched, and hear Gov. Jones of Louisiana address the crowd at the launching.

Pvt. Derington was home on furlough a few weeks ago.

**Revival At North Side Baptist Church**

We have been asked to state a series of revival meetings will begin the 7th at the North Side Baptist church, Sunday. Rev. George Crittendon, of the Maddox Ave. Baptist church of Fort Worth, will lead the congregation in this revival.

Citizens of Brownfield and surrounding area are cordially invited to attend these meetings.

**UNCLE SAM'S DEBT READS \$112,407,920,266.79**

WASHINGTON, Jan. 2, 1943.—Uncle Sam was \$112,407,920,266.79 in debt at the end of 1942. The treasury's daily statement disclosed this Saturday, showing an increase of 48,208,785,114.57 during the 12 months.

The year was a record breaker for the treasury in many ways. During 1942 it spent \$57,408,220,819.94 and collected \$16,402,564,319.56, and had in its till as a working balance on December 31, \$9,780,459,706.30—all record year-end figures.

**Old Time Terryite Passed Away Sunday**

Mr. A. P. Stewart, 80 of west Terry, who came here about the time of the advent of the railroad in 1917, passed away Sunday morning about four o'clock, at the home of his daughter, Mrs. B. Martin and Mr. Martin, in west Terry. Mr. Stewart had been in poor health for several years, and his going was not unexpected.

Mr. Stewart was a fine citizen and neighbor, being liked by everyone. He is survived by his wife and two sons, H. R. and H. W., Martin, of California, and one daughter, Mrs. Martin of Terry county.

The Masons took charge of the body at the residence, Wednesday, and his body laid to rest by the side of a daughter who died about 1924, in the Brownfield cemetery. Brownfield Funeral home had charge of arrangements.

Honorary pallbearers were, J. T. Pippin, J. A. Parks, J. D. McCollough, J. S. Day, Hugh Snodgrass, Brit Clare, F. M. Ellington, W. H. Harris, J. A. Rushing and J. E. Shelton.

A letter was received from Jim Graves late this week that he had arrived safely at the Naval Training Station at Great Lakes Ill., had donned a uniform and was ready for work. Mrs. Graves is entering defense work at Amarillo.

The Old He and She went out to the Money Price farm Sunday night for a real good old country feed topped with country cured ham. Others partaking of the feed were Mr. and Mrs. O. F. Krueger, and their son-in-law and daughter, Mr. and Mrs. W. W. Klatt and little daughter. (Aside to the rationing board) we used our A card.

Guest in the Auberg home this week is her sister, Mrs. L. R. Darnell, of Seattle Wash.

**Wellman To Increase Egg Production**

A meeting is called for next Tuesday night, Feb. 9 at 8:30, for a course to increase egg production, at the Wellman Vocational Agriculture class room. This course, which is a part of the Federal War Production Program, will meet on Tuesday and Friday nights for five weeks, and will be taught by Mr. Joe Chisolm. Mr. Chisolm is recognized as a poultry expert, and it is felt that he will be of great assistance in helping the farmers meet the production goals so vital to our war effort.

Both men and women are invited to attend, stated Mr. Harmon Scales, Voc. Ag. teacher of the Wellman school.

Dick Chisholm was home this week from Long Beach, where he now resides, to sell his interest in the Chisholm Grocery to his brother, Henry, who is now sole owner. Dick said the only way he could get off was by his boss at the airplane plant giving him a sick leave, and that only for a week.

Mrs. Bob McDonald is here this week from Lamesa visiting her parents, Mr. and Mrs. George Warren.

Martin Line has sold his residence to Mike Barrett, publisher of the Brownfield News, and moved to Lubbock county to manage a farm his father owned. His father died last year.

Mr. and Mrs. Paul Lee and son of Lubbock spent the week end here with Mrs. Lees parents, Mr. and Mrs. J. M. Bennett. Mr. Lee is laboratory technician and Mrs. Lee one of the supervisors at the Lubbock General Hospital.

The total annual expenditure by the Texas government for educational purposes exceeds \$58,000,000.

**County H.D. Clubs Meet at Courthouse**

Home Demonstration council of Terry county meet in the commissioners Courts room, Jan. 30th. The chairman being absent, the County Agent called the house to order. There are three salvage things we are asked to take care, tin can, silk hose and grease. You can cut the ends out of cans and mash them flat by stepping on them, making them easy and convenient to pack. Rusty cans are useless.

Powder bags are made of silk, and glycerine, from which TNT is made. We need twice as much glycerine in this war as we did in the other World War. One pound of grease will make 1 1/2 pounds of T.N.T.

Each club is asked to elect a salvage chairman. Meeting adjourned.

Mrs. R. D. Jones, Reporter.

Alton Webb checked in recently as manager of St. Clair Variety store. Now don't get him confused with the Alton Webb that works for J. B. Knight Hardware. Both are fine men, and we wish there was a way to distinguish them. When we had two Jim Millers, the laundryman was "Soapy" and the filling station Jim was "Greasy." Why not a "Hammer and Tongs" Webb, and a "Five and Ten" Webb.

It is reported here that the 7,500 feet deep oil test six miles northeast of Plains, now near 6,000 feet is showing promise. If so, Plains expect a mild boom, at least.

It is reported to us that a large crowd attended the president's ball Saturday night, but not quite a record breaker. The committees are all pleased with results with hundreds men away, and they are to be commended for the big showing they made.

**Our men need tanks, ships and guns. The steel for these must be made from 50% scrap metal. But the Nation's steel mills don't have enough scrap on hand to last very Long! Keep 'em running. Help build up a huge scrap stockpile—the bigger the better.**

Go down into your basement—your storeroom. Climb up to the attic too. Look at the unused stuff you're sure to find, and realize how important these odds and ends can be.

Important to a kid half way around the world. Important to a blue-clad gop—to a flyer, racing to reach the target before some knifing Messerschmitt can find its mark.

That old metal means steel for these men. And steel means armor plate for safety—weapons and ships for Victory.

Without it they'll die. They're not afraid of that—but it's better to give a life for a cause than to be sacrificed by thoughtlessness. And it's better yet to live, knowing that the folks back home didn't let them down.

**NEED FOR A CHAIN GANG VERY EVIDENT**

An incident took place here this week which clearly indicates the need of a chain gang, operated jointly by city and county, in order to discourage vagrancy, drunkenness and gambling.

Six hoboes climbed into an empty baggage car of an east-bound T and P freight train at Odessa last weekend. When the train crew attempted to oust the hoboes they brandished iron missiles and forced the trainmen to retire. The train crew wired to Big Spring and officers were on hand to arrest the hoboes. When arraigned before the City Police Judge he was forced to ering trespassing on railroad the city had no ordinance covering trespassing on railroad property. After a preliminary investigation the men were released.

Men such as these should be handled by the federal government as they have no business bumming over the country with labor in demand most everywhere.

Because it costs something to handle this class of folks they are usually given a lecture and told to move on.

If we had a chain gang to make such haters of work do a little sweating while they were being fingerprinted and investigated they would in the future give our city a wide berth. A weed cutting detail to force some of these habitual drunkards and gamblers who make a practice of laying fines out in jail would tend to discourage their breaking into jail so often, as most of them are averse to any form of manual labor.

The railroad company and rail-
