

An Interesting Letter From Saipan Marine

Dated July 12, and addressed to his mother and family, Marine, Elmer Clay Walker wrote them as follows, leaving out personal matters of interest only to the immediate family:

I guess you haven't heard from me in a few days, but I am still O. K. I am on Saipan Island now, as the Nips decided they didn't want this island, after so long a time. I know you have heard of the battle here and guessed I was in it. It was a pretty hot place—and I don't mean the weather—last month, but the island is secure now with very few, if any Nips left.

I've been driving a jeep through the campaign, and we keep a supply dump behind the front lines, and as they need water, arms, food, etc., we take it up in jeeps. There are not many places you can't go in a jeep, and we really had some mountains to cross. The Nips came over almost every night and bombed us when we first got here, but I guess they got all they wanted, because they don't come around much any more—not at all in day time.

This was a pretty island before the battle, but pretty well wrecked now. There is lots of bananas, coconuts, limes, coffee, pineapples and vegetables grown here. There is also a railroad here and we have it running again, but lots of the track was wrecked. There's a large town here, but most of it flat now. I think about all families had a cart and a bull to pull it. The Marines started using them to haul supplies. There is not many things these Marines don't do.

Sixty Face Fanatical Bayonet Charge

The (Sons-of-Heaven) Nips, made a bayonet drive on about sixty of us in a supply dump and motor platoon one night. Outside of scaring us to death, they never did too much damage. We threw everything we had at them from hand grenades to about every weapon the Marines have. There were 42 good Nips (dead) next morning. Some committed hari kari.

The Japs sure had a lot of supplies and equipment here. I was in Hawaii for about five months, and sure would like to have come home while that close, but not a chance. I don't like the Hawaiian Islands very much. Here Clay asks about crops and other personal matters.

It rains a lot here, and it sure is not any fun sleeping in a fox-hole half full of water. Flies and mosquitoes are sure bad. The Japs have caves and tunnels all over the island. Some of the caves were 200 to 300 feet deep, and had lots of Japs in them. It was kinda slow work getting them out. They won't give up. If you get them in a kinda close place, they will kill themselves. They consider it a dishonor to the Emperor to be taken prisoner.

They are sure stupid fighters, if their leader gets killed, they are just about finished. They don't seem to be able to think for themselves. Love to send home some souvenirs, but can't now, maybe later. Tell the kids to write and don't worry about me. Lots of love to all,
Clay Walker

Air Force Prisoners In Rumania Freed

Staff Sergeant Charles Beavers who is with the 15th Air Force somewhere in Italy, recently wrote his sister, Mrs. H. H. Harred, about the return of the boys from a prison camp in Rumania. He said that some of them were members of his squadron and had been prisoners for almost a year. He said that they were a happy bunch of boys to be back among their friends.

Seaman Tucker Back From South Pacific

This week we are showing a likeness of W. H. Tucker, S 2/C, son of Mr. and Mrs. Claude Tucker of Route 1, Meadow. He has recently been home on a furlough.

W. H. TUCKER, S 2/C

He has been in the active zone of the South Pacific for about three months, before coming home.

He will receive a gold star for participation in a major battle as soon as it is authorized. He stated that there was some very interesting things he'd like to tell us, and would as soon as the war is over, but now had best be kept secret for military reasons.

W. H. attended school in Meadow two years, and Lubbock Hi school two years, where he had graduated in 1938, and attended Tech college two years before received his boot camp training being inducted into the navy. He trained at San Diego.

His father is a well-known Terry county farmer and a reader of the Herald.

Sgt. and Mrs. Brazen and Cpl. Harry Zagland, spent last weekend, in Dallas.

Second Lt. Byron O. Black

In our issue of Sept. 8th, the Herald said Lt. Black, son of Mr. and Mrs. Byrl Black of Rt. 2, city, had graduated at Fort Worth Army Airfield, on August 31st. He learned to operate a B-24.

Staff Sgt. Earl B. Holly

Last week we chronicled the fact that Staff Sgt. Earl B. Holly, son of Mr. and Mrs. Burton Holly of this city, was killed in action in Europe on August 26th. Cut arrived too late for article. He was a nose gunner on a B-24, and had completed 20 missions, lacking only 5 of completing.

Alvin V. (Van) Lary, WT 3/C, son of Mr. and Mrs. Alvin Lary, is home on leave from the South Pacific. He is expecting to go to school in the states.

Brittons Have Four Sons in Service

Mr. and Mrs. A. G. Britton of Meadow, have four sons in the service of their country, including Staff Sgt. Guy A. Britton, of Camp Campbell, Ky., who has been in the service more than four years. He is a member of the medical corps.

Pvt. John A. Britton, of Camp Gordon, Ga., has finished his basic training, and is spending his furlough with his wife and children in Lubbock. Pvt. Herman R. Britton of the USA Coast Artillery, and is stationed somewhere in New Guinea. He has been in the service one year. Pvt. Chas. H. Britton is now stationed with the air forces in England. He has been in the service 20 months.

You Bet Your Sox We Sell Subscriptions

Several times of late we have been asked by prospective readers if we still took subscriptions to the Herald. We want to say right here that we never have quit taking subscriptions. Just who is spreading this stuff, we are not certain, but would like to take two or three guesses.

Next time anyone tells you that we have quit taking subscriptions to the Herald, you tell them that old man Jack Stricklin says they are just common run of the mine liars, and they can find us if they wish to do anything about it.

This makes twice we have had to correct this. In the meantime, after losing four men to the army, air corps and Navy, we are very short of help, and we are not getting out the size paper we would wish, and won't until Jack Jr. and some of the other boys return, but we'll do the best we can until that time.

MUCH NICE COTTON COMING IN

Over 200 bales of cotton have already been ginned in Brownfield, and the five gins are running half time regularly and steamed up for full time.

We have heard of no complaint of lack of cotton pickers. It is expected labor will be available over the South Plains. Grain elevators are reported filled to capacity.

Miss Ruby Doss of Tustin, Calif., is visiting her parents, Mr. and Mrs. J. J. Whitley, of this city. She reports her son, Pfc. Nolan M. Doss, who was wounded in the left arm during the invasion of Tunisia, is recovering nicely and wants to "hit em again" as soon as he is able.

RAMOS, MEXICAN ALCALDE HERE AGAIN

Jose C. Ramos and wife, Mary, Texas-born Mexicans, from Sinton, Texas, came in this week with a crew of 45 cotton pickers. This is Ramos' tenth consecutive season for Terry county.

He handles crews from 40 to 75 people. Has his own trucks, and is well-known to many of our cotton raisers. While no set price for picking has been fixed, he understands they start off with \$1.25 per hundred.

TO THE CITIZENS OF TERRY COUNTY

We want to call your attention that the Terry County War Fund Drive will begin within the next few days, and as you know, our quota is \$4,609 which is a very small part of our annual earnings and it is a small contribution to our boys and girls who are serving us in the armed forces. I am sure I will not have to stress the importance of our raising this amount of money, as all of you know this money gladly given enables our boys and girls to have the bare necessities of life. If our county goes over in a big way all of them, as well as ourselves, are glad we live in and support Terry County in any of its undertakings.

Friends, I ask you as Terry county neighbors, to give to your workmen freely, try your best to give twice the amount you thought you might give. If our workmen should miss you in their rounds, just remember it was not done intentionally and all you need to do as your part as a Texan, is to look up one of the workmen or mail your contribution to Spencer Kendrick, who is treasurer of Terry County War Fund Drive. Lets all move forward into action and make Terry county the first county in the State to raise our quota.

Terry county has around 1500 boys and girls in the armed forces and the money we are asking for goes to these boys and girls, and I am sure no citizen of Terry county will want to miss giving their money to this worthy cause. We, as citizens of Terry county, owe our gratitude to our boys and girls who have made it possible for us to continue in our regular business and for us to prosper while they are sacrificing their all. They deserve what little pleasure and necessities this money will give them. Don't let them down.

T. C. Lucas, Chairman War Fund Drive, Terry County.

Red Cross Executive Meeting Held Tues.

Mrs. Waunita Hutcheson, General Field Representative of American Red Cross, met with the executive committee of the local American Red Cross, Tuesday afternoon, for instructions for future work and the setting of the budget for the coming year.

There will be an area meeting held at the First Methodist church at Lubbock, Monday Sept. 25th, and Mrs. Hutcheson stated that National women would be in attendance and urged chairmen of each committee in the American Red Cross to be present as there will be a speaker to discuss with you each phase of the work. This meeting will be from 9:30 until business is finished in the afternoon. Delegates are to be fed in a group and if you are going please contact Mrs. Eldora A. White, at the District Clerks office, so that she can write for table reservations.

Cubs First Game At Lamesa Today

The Brownfield Cubs will play their first game of the season at Lamesa this evening. Coaches Nooncaster and Bost will take the entire retinue of players to watch the game. A large delegation of fans are expected to attend. The boys, all in good shape with high spirits, are expected to play excellent football. The probable first line-up for the game will be:

Byler, right end
Clark, right tackle
McDuffie, right guard
L. Jones, center
Franks, full back
McMahon, left tackle
Kempson, left end
J. A. Chambliss, qu.-back
Ehill, right half back
Leon Lewis, left guard
L. G. Chambliss, L. halfback

Cpl. am H. Depoyster, jr., is home on furlough. He is expecting to be sent on foreign duty when he returns to camp. His wife will remain here.

GRAIN SORGHUMS

With the drop in grain sorghum prices, A. L. Hartzog, County Agent, said this week that considerable interest was being shown by farmers throughout the county in attempting to get set for securing the grain sorghum loans offered by Commodity Credit Corporations to farmers through AAA.

Requirements for grain storage to meet Commodity Credit specifications are such that to meet them a farmer should store his grain in a building that is rat-proof, weather-proof and one where the grain can be protected from fowls and livestock. In event a grainary is floored with concrete the farmer should contact his AAA committee to determine just what their requirements will be before putting grain into storage since newly laid concrete floors often transmit moisture, causing heavy spoilage. A suggestion for those laying concrete ground with a double layer of tarred roofing paper before running the concrete. This will help prevent moisture rising through the floor and damaging grain. Green run concrete should be covered with tar paper before grain is put in storage as a measure of protection against moisture accumulation.

Grain should be in storage around 30 days before inspection is made to insure sufficiently low moisture content to pass inspection. Grain having more than 13 percent moisture will not be approved for loan until moisture content has receded according to AAA authorities. The loan rate of 95 cents per bushel figures and a fraction per hundred pounds on No. 2 grain sorghums with adjustments for variations in grade. Two cents per hundred pounds is deducted for loan handling charges, leaving the producer a net of \$1.67 per hundred pounds. The grain sorghum loan is termed a "non-recourse" loan, meaning that regardless of how the price may go the farmer will not be held liable for the price below loan value; and, if grain sorghum prices rise he may take the grain out of the loan and sell it at his discretion at any time prior to "calling" of the loan by the Commodity Credit. The farmer is however, liable for delivering at the end of the storage period a grade of grain equal to the grade on which the loan was made, therefore, he should protect the grain from weevil damage, etc. The grain will be insured by Commodity Credit Corporation. It is part of the farmers obligation to deliver grain on which loans are made to a shipping point designated at time the loan is made. If title is left with Commodity Credit Corporation the grain can be moved only at such time as the government is ready to accept shipment.

BOTTOMS DROP OUT OF GRAIN PRICES

As our bumper grain crop was beginning to be harvested the market drops to about \$1.00 per cwt. early this week. Local grain elevators are about full and are slow in buying more until the shortage of freight cars eases up. It seems they face another bottleneck in transportation. Harvesting is going right ahead.

T/Sgt. Jas. E. Smith who has been in India the past thirty months, came in Sunday to see his wife, who lives on Rt. 1.

Attention Ladies: Red Cross Needs Help!

The Brownfield Red Cross surgical dressing chapter has received our fall quota. Our quota has been almost doubled. We are urgently in need of workers to roll these dressings. These dressings are needed for Terry county boys, our own sons, husbands, brothers, etc., who have been called on to sacrifice their very lives. Is it asking too much of you to give three hours a week to help make these dressings? If we could have 12 ladies each afternoon, Tuesday through Friday, we could fold these dressings in our allotted time. It may be your husband, your son, or your brother who will need some of these dressings, so come on down and help us roll them.

Mrs. L. Nicholson, Chairman of Surgical Dressing, American Red Cross.

Pan-Tex Representative Visits Here

Mr. R. J. Wheeler, Public Relations Officer of the Pan-Tex Ordinance Plant near Amarillo, was here Wednesday and delivered an interesting lecture to the Lions Club at their luncheon.

He demonstrated and exhibited the mechanism of several explosive shells, their ingredients and uses, and stressed the many safety devices of their large plant, stating they had 70 miles of paved roads and 50 miles of railroad tracks through their 24 section ammunition pasture. Also their orders for munitions were increasing, and they needed 100 more employees right away.

In reply to questions, he stated, theirs was not a Union plant at all, and every one treated equal.

LOAN ASSOCIATION HOLDS ANNUAL MEETING

The annual meeting of the Brownfield National Farm Loan Association was held in its office in Brownfield, Texas, Sept. 16th, 1944, with T. C. Hogue, President of the Board of Directors presiding. The purpose of the meeting was to elect two Directors to fill the expired term of T. C. Hogue, and J. C. Johnson.

Mr. Hogue and Mr. Johnson were re-elected for another three year term. Other directors of the Association are Hugh Hulse, J. L. Langford, and J. W. Hogue, all of Brownfield.

The Association which recently paid a five per cent dividend on stock, has a total of \$457,926.00 in loans outstanding in this territory; has a capital stock of \$22,650.00, all owned by its members, and has reserves and surplus of \$11,182.94, as reported by Secretary-Treasurer L. E. Mabe.

JUDGE AND COMMISSIONERS ATTEND CONVENTION

County Judge C. L. Lincoln and commissioners McNeil, Settles, Malcolm and Thomas, attended the West Texas Annual Convention of County Judges and Commissioners, at San Angelo, last Monday, Tuesday and Wednesday.

They discussed post-war road building and endorsed sale of University and school lands to returning veterans.

Buy a Gift For a Disabled Veteran

South Plains Army Air Field, Lubbock, Texas, Sept. 21.—"When you buy a gift for that man overseas, buy another for a disabled veteran," is the theme of a campaign now under way on the South Plains to help brighten the Christmas holidays for hospitalized soldiers now at McCloskey General Hospital in Temple.

Under the direction of the Llano Estacado Camp and Hospital council in the South Plains area, plans have been worked out for residents of surrounding counties to help make the life of a hospitalized soldier at Christmas time a bit brighter by contributing some gift or donation to be used to purchase Christmas gifts.

All gifts will be collected in the various counties of the area and then brought to Lubbock where they will be prepared under the supervision of wives of officers and enlisted men at South Plains Army Air Field.

Here are the plans whereby anyone on the South Plains may participate in this program:

County Chairman of the Camp Hospital unit and American Red Cross workers in each county will be in charge of the collections of gifts and donations in each county. Anyone desiring to donate are asked to get in touch with these chairmen or Red Cross workers:

Other counties in the area also are urged to participate in this plan through their respective turn will send the gifts and donations to the collection point in Lubbock, either at the Hemphill-Wellis store, or SPAAF in care of Mr. W. J. Rother, Field director of the American Red Cross.

A committee will be appointed to purchase gifts for disabled men with money which has been contributed.

Deadlines for contributions of gifts or money is Nov. 15, the campaign continuing from Sept. 15 through Nov. 15, the same period packages must be mailed to soldiers overseas.

In Terry county the Maids and Matrons Club will handle gifts and donations ad Mrs. J. L. Randall is chairman, with Mrs. E. C. Davis ad Mrs. Rudy Wright, as assistants. Do not fail to do your part to make some wounded soldiers Christmas a bit more brighter.

1944 School Fund Receipts Boosted

Bascom Giles, commissioner of the General Land Office, announced the receipt of \$20,576,819 for the fiscal year ending August 31, 1944. This amount was double that of any previous year in the history of the General Land Office, the largest previous amount having been slightly more than \$10,000,000 established last year.

Commissioner Giles pointed out that \$11,742,000 of this money went into the Permanent University and A. and M. Fund, bringing that permanent endowment to \$46,961,000, an increase of 65% during the past five years in which he has been commissioner. The royalty receipts for the University Fund now amount to more than \$100,000 monthly.

The Permanent Public Free School Fund was increased by the record-breaking amount of \$6,529,000 during the year just closed, bringing that fund to 88,000,000 as of August 31, 1944, an increase of 42% during the last five years. The Permanent Public Free School Fund amounted to \$62,268,000 on January 1, 1939. Commissioner Giles pointed out that this fund is increased by more than \$500,000 monthly through receipts of the General Land Office.

NOTICE

There will be services at the Presbyterian church Sunday morning at 11 o'clock. Rev. Murphy of Fort Worth, will preach.

Mr. and Mrs. Henry French of Lovington, were over Tuesday to see their old friend and neighbor Mrs. A. M. McBurnett, and attend business matters.

Well, as the melancholy days of the year has arrived we've decided to out a few editorials, not that we expect anybody to read them, but just to practice on the typewriter.

A young lady in a nearby town "Sarg" recently by the name of Bragg. The article sayeth not, but our guess is he sang, "I Love You Truly."

A barrage of hot words used by either pro or anti-Roosevelt adherents, will accomplish nothing. A reference to Hillman, CIO or Negroes in speaking of the Roosevelt, or of Nazis, hyphenated Republicans, etc., in referring to the antis, will get the Democratic party in Texas exactly nowhere. In fact, enough Republican and independent voters could join either side to get both defeated.

We read an interesting article in News Week Sunday night. News Week is a magazine section of the Dallas Morning News, Sunday edition. The writer, Mr. Channing Pollock, stated that he had finished up 64 years in the good old USA, and it still suited him without any introduction of new fangled ideas from Europe or anywhere else. That he believed our way of life was the best, and was just what we are fighting to maintain. By the way, Mr. Pollock and this humble writer are the same age, and next year we'll both enter our application for pension. Just think of it!

A Republican Congresswoman from the state of Massachusetts, says as how she believes the war is being delayed in Europe by the administration until after the

election. And we thought all the time that Gen. Ike Eisenhower, Texas born and Kansas-raised, was in charge of the war over there. And that also, being Kansas-raised, Ike may be more of a Republican than a Democrat. Why not send the old gal to the west front and let her clean out the Nazis before November 7th? Tish! tish!

M. and Mrs. R. L. Bandy, who have been in Dallas the past two and one-half years with Lockheed Air Craft Corp., and who were formerly of this city, have been transferred to Van Nuys, Calif., where he will continue to work for Lockheed.

The Orb Stices and Spencer Kendrick were in Lubbock on business Friday and remained for the football game, that night.

They Look to the West

THEY LOOKED to the West for strength of arms ... for liberation from the yoke of the oppressor.

And still they look. But they look now for food to keep alive the spark of life. They look for food for their children ... their hope of the future ... the hope of their unhappy, war-racked lands.

They look for clothing ... warm clothing to protect them against the dread, sickening chill of coal-less houses.

They look for medicines and vitamins ... to help them save their wounded, their ill, and their plague-stricken victims.

They look for seed ... to plant the fallow earth once more ... to eke out their famine rations of grass and weeds and ersatz, sawdust bread.

They look for hope.

Out of the cradle of liberty they pray that there will come the inspiration to build anew ... with new rights, new freedoms, new opportunities for themselves.

They have suffered long, and they are weary. We

cannot fail them ... we must not fail them ... now that a new day is so close at hand.

The things they need ... food and clothing, medicines and vitamins ... and hope for the future ... are all made possible by your contribution this year to your Community War Fund, representing the National War Fund.

Now is the time to open your heart ... and open your checkbook. Now is the time to give, as you have never given before, that others may have the chance to life, and liberty, and the pursuit of happiness.

W. A. Bell returned recently from his old home at Marshall, Texas. He reports that Harrison county and area had the poorest crops he ever saw down there, with hardly any corn or feed made. However, we note that in each monthly report of the Texas Liquor Enforcement Board that old Harrison usually heads the list of wildcat distilleries seized. Where do they get the "kawn?"

Jacob Sandage, our good farmer friend, doesn't do things by halves. Last week he came in, left us a 60 pound mellow and paid up a year on his Herald. However, he tried to horn-swagger us out of the dollar by getting us to bet Roosevelt would not carry Terry county.

WHEEL OF FORTUNE AGAINST THE FARMER

Farmers, it looks like we are going to be beat again, even though it is going to be a good crop year.

But I suppose they are trying to starve us old farmers out. When we start to sell our grain, it goes down, our cotton goes down and even our watermelons go down. Last year when everybody had lots of hogs, grain went higher, and they sold their hogs. Now they are saying there is going to be a pork shortage, and I guess the old farmers will buy up a bunch of hogs and top them out with this cheap grain. Then when we get ready to sell our hogs they will be down.

Farmers, how do they expect us to keep going always with low prices, and pay high prices for tools and fuel to work with. But they don't seem to realize that. All farmers, of course, know who "they" is.

A Hopeful Farmer,
Rt. 1, Seagraves, Texas

BARGAIN RATE MAY BE OUT FOR DURATION

Bargain rates seem to be out for 1944. After all, these annual holiday rates were rather a silly proposition. If any newspaper is worth \$2.00 per year in July, it ought to be worth that much in December. The newsprint situation has forced the daily newspapers to ease up on these regular holiday rates, so the weeklies may follow their example.

Practically every weekly newspaper has gained considerable in circulation since the war started. The people want the news, and are willing to pay for it.—Panhandle Publisher.

ENCYPHLOMYALITIS IN AREA

An epidemic of encyphlomyalitis (sleeping sickness) is raging through the area according to A. L. Hartzog, County Agent, who advises stock men to prevent ravage of this disease among their horses by use of preventive vaccine. The recent development of chick embryo vaccine has given the horse lover a method of preventing sleeping sickness which is almost perfect in its control of the disease when used by a competent veterinarian.

The agent suggests that farmers having horses should see their veterinarian at an early date and enlist his aid in helping to prevent losses to valuable animals from sleeping sickness.

THE OLD JUDGE SAYS...

"It sounds almost like a miracle, Judge... how did we ever do it?"

"American industry did it, Sally. When the Japs conquered the chief natural rubber producing centers of the world they thought they had dealt a death blow to our war effort. But, in less than two years, we are producing enough synthetic rubber in this country to supply all our military and essential civilian requirements.

"Our rubber experts knew how to make it but the most practical process at the time required huge amounts of industrial alcohol... far beyond the already over-

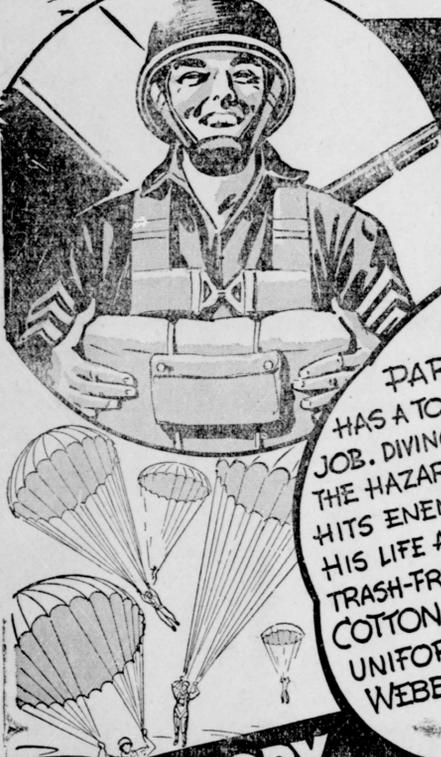

taxed capacity of our industrial alcohol plants. So, overnight, our country's beverage distillers stopped making whiskey and produced hundreds of millions of gallons of the vitally needed alcohol.

"As a matter of fact, Sally, a high government official said recently... synthetic rubber is from 6 to 9 months ahead of where it could have been if alcohol had not been available for butadiene production."

"We were really fortunate, weren't we Judge, to have a beverage distilling industry in existence... able to help perform this great wartime miracle!"

Phillips makes millions and millions of pounds of BUTADIENE

AND I CAN'T GET EVEN ONE SYNTHETIC RUBBER TIRE

Naturally it seems strange to A-card motorists that they still can't buy a single tire... when they read of the production miracle which almost overnight has achieved an annual output rate of 836,000 tons of synthetic rubber, exceeding by more than 25 per cent the previous all-time peak of our crude rubber imports from the Malay States and the Dutch East Indies.

The reason, of course, is that rubber is ammunition, that rubber is fighting power: in tires for planes, and combat trucks and cars... in life rafts and landing boats... in bullet-sealing tanks... in aircraft carrier wiring... and in essential domestic transport service.

Even with victory on the horizon, the best informed estimate now is that synthetic rubber tires will not be generally available to all motor-

ists much before the middle of 1945. That is why every patriotic driver will do everything in his power to coax every last bit of mileage from his tires.

You can get help to do just that by calling on your Phillips 66 Service Man. His Tire-Saving Service includes checking air pressures at least once a week... inspecting for nail holes, cuts, and bruises... examination of the tire carcass to warn when re-capping is necessary... and crisscrossing with the spare every 3,000 miles.

BRIDAL TEA-SHOWER FOR MRS. A. J. GERON

The Hayden Griffin home was the scene of a bridal tea-shower on Tuesday afternoon from 5 to 7 o'clock, honoring Mrs. Geron, formerly Miss Beth Hamilton, daughter of Mrs. Clemmie Hamilton, of this city.

The hostesses were Mesdames Tom Cobb, L. J. Dunn, and Hayden Griffin.

The house was attractive with cut flowers used extensively throughout the serving rooms. Gold tapers lighted the lace covered table, from which was served gold colored punch and white brides cake squares centered with tiny flowers done in gold colored icing.

Mrs. Kelton Miller, of San Angelo, life-long friend of Mrs. Geron, presided at the brides book and Mrs. B. L. McPherson, aunt of the bride, poured punch.

The guests were greeted by the bride, her mother, and the hostesses, and after being served, were ushered to the bedrooms, where many lovely gifts were on display.

MR. AND MRS. ROSS BLACK ENTERTAIN

Mr. and Mrs. Ross Black honored their guests, Pvt. Hollis L. Kelly of Amarillo, and Sgt. CHICKEN DINNER HONORING MR. FLORENCE

The County Agricultural Agencies enjoyed a chicken fry Thursday night, September 14, in the home of Mr. and Mrs. Dennis Q. Lilly and daughters; given in honor of Mr. Willie Florence, who has resigned as engineer from the Soil Conservation Service to attend Texas Technological college.

Those attending were Cadet and Mrs. Jams Hankins, of Norman, Okla., Smith Tilger, S I/C of Norfolk, Va., Mr. and Mrs. J. B. Hankins, Looe Miller, Willie Florence and son, A. L. Hartzog and daughters, Mon Telford, Den. Mr. Jim Little, Riley W. Carlton, L. B. Wright, Mrs. Dorothy Kissinger, Doris Turner and Misses Luceille Tilger, Thelma Duffey, Marie Winningham, Elizabeth Smith and Myrle Cannon.

BIRTHDAYS HONORED

Mrs. J. H. Griffin and W. H. Dallas were honored at an indoor picnic, Sunday Sept., 19th, at 7 o'clock, when Mrs. W. H. Dallas entertained in honor of their birthdays, both occurring on Sept., 19.

Guests were Mr. and Mrs. Griffin, Mr. and Mrs. John King, Mrs. James Harley Dallas and little daughter, Carole.

MAIDS AND MATRONS ENACT 1906 SCENE

The Maids and Matrons Club had its first regular meeting Tuesday evening Sept., 19th, at the home of Mrs. Looe Miller with Mrs. Money Price, co-hostess. The program was a skit depicting the origin of the club in Brownfield in the year 1906. Costumes of that date were worn by those partaking in the program.

The meeting was held on the back lawn, where a lace covered tea table, centered with dahlias in a crystal bowl on reflector, held the refreshments of cake and punch. Mrs. Will Adams presided at the punch bowl. Mrs. Mon Telford led a sing song of songs that were popular around 1906. Mrs. Roy Wingerd, chairman, discussed the years program.

The skit had several charter members in it—two of the members playing their own part. They were Mrs. J. L. Randal and Mrs. Claud Criswell. Mrs. Redford Smith, also a charter member, played the part of Mrs. D. Robinson, the first temporary chairman. Mrs. Lal Copeland played the part of the late Mrs. A. M. Brownfield, at whose home the club was organized. Her two young daughters, now Mrs. Roy Wingerd and Mrs. Ike Bailey, were played by granddaughters, Mary Jane Brownfield and Angeline Copeland.

Other members represented were: Mrs. W. R. Spencer-Mrs. Wingerd; Mrs. W. G. Hardin-Smith-Mrs. Teague; Mrs. Ellis-Mrs. Holmes; Mrs. J. R. Hill-Mrs. Davis; Mrs. Copeland-Mrs. Bell.

WILL ATTEND MUSIC CLUB DIRECTORS MEETING

In response to call of President of Texas Federation of Music Clubs, Mrs. Joseph M. Perkins of Eastland, Mrs. W. H. Dallas will attend State Board of Directors Meeting, Sept., 27th, Texas Hotel, Fort Worth.

Plans and projects for 1944-45 administration will be order of business.

Mrs. Dallas is chairman of Insignia and Flags.

HARMONY H. D. CLUB

The Harmony H. D. Club met in the home of Mrs. Oden Miller, Thursday Sept., 7th, with 9 members and one visitor present.

We were to have finished our foundation patterns but as our president, Mrs. Paul Gracey and a number of others were absent, this was postponed until a later date.

We have until recently been meeting once a month, but at the meeting with Mrs. Lang it was decided to meet twice each month, the first and third Thursdays. Our next meeting will be with Mrs. Ocie Murry, Sept. 21. Miss Reast will meet with us and all members are urged to attend.

WHERE ARE WE DRIFTING

"With the sureness of creeping paralysis Communism has slowly but surely taken over the Democratic party. Through the absorption of the New Deal by the CIO Political Action Committee, the Democratic party, Jefferson-Jackson-Cleveland and even Woodrow Wilson, is today merely a beautiful legend. Democrats have witnessed destruction of their once vital party. They have unwittingly contributed to its death. But there are militant Democrats all over this nation who are waging battle for the restoration of the Democratic party and the Constitution to government of the Republic" says Senator Lee O'Daniell. Yes, it looks as though once cherished old Democratic party is gone by the board. It has been lead, bluffed and traded around by the CIO Communist and labor racketeers until there is very little left to be proud of any more and looks if there ever was a time to swap horses, whether in the middle of the stream or middle of the ocean, that time is now before that creeping paralysis of communism has us completely in its grasp. For twelve long years we have stood by the president and endorsed many of his excellent policies. Many we have not. The war is progressing nicely under his diction—or is it his or Churchill's. But why was Mussolini after his capture, placed way up there on an island, the nearest point to Germany's stronghold in Italy and was recaptured with hardly a shot being fired. Why hasn't Admiral Smoot and General Short of the Pearl Harbor infamy been tried long ago? Why does the government own one-fifth of the best land of the United States? Why has the government, first by doles, but now by coercion, got a strangle-hold on most every farmer of the country? What does it all mean? Looks funny—that we are fighting to destroy dictatorship of Europe but getting ready to embrace it at home.

Socialism is getting a hold in this country rapidly, and with little or no preventative measures from the higher uppers. In fact they seem to be pampered. Browder was pardoned from the penitentiary by the president, and Bridges of California has a supreme court sentence for the pen. But he is a free man, plying trade—agitating strikes, as of old. Somehow it doesn't add up right. If Mr. Roosevelt is elected next November, it may be our last presidential election. Anyway, it will mean bitter internal strife for another four years, continued agitation of the negro equality question, which could, eventually lead up to civil war. The Communist—and there are plenty—are just the headstrong in getting what they want, or else. For instance, here is how the law is laid down to us now:

"Today, Russian born Sidney Hillman, who is not even a member of the democratic party, is the absolute dictator of the policies of what we refer to as the

LOOKS LIKE PLACE HE LEFT TO COME HERE

Somewhere in the South Pacific, August 24, 1944.
Dear Mom and Pop—I don't know whether you have received any mail from me or not. If not, it must be on account of the censors. The censors must have eyes like hawks, with a razor on each finger nail, and come from a long line of paper doll cutters.
As for the length of time my last trip took, we left where we were about the same length of time before we got there. It was a nice trip, only it wasn't a trip; different from any other trip. We made pretty good time and speed—not as fast as a bullet, nor as slow as a turtle. It was a lot like any other trip. You could see the same sky overhead, even same stars, sometimes. It would be a good trip for you to take sometime, if you did not care where you were going.

When we got here, what a surprise. It looked as near like any other place as it could, with the same longitudinal and latitudinal bearings. The only difference between here and some other place is that the water comes some closer to the beaches in some places. We have weather here too. It is hot like the weather where I thought I would go sometime, but changed my mind. The sun shines in the day time if it is clear, and at night it gets dark. Sometimes I wish I was where I thought I was going when I was where I was before, but when I think this place is so much like any other place like this, I think I would rather be here than there. We have clothes suitable to the climate here. They are not suitable for any other place, but they are nice where we are because they are to be worn while we are here.

The food is alright, too. You can have all you want to eat but not any more, because they won't give it to you if you don't eat it. Can buy anything in the world if they have it. I have not seen any alligators, polar bears, lizards, kangaroos, snakes, lions, wild turkeys, pool sharks or traveling salesmen since I have been here, but you can never tell when you will. I would like to tell you more about it here, but you can probably tell what it is like if you have ever been to any place like this at the same time of year. You can use your imagination and probably gather as much as you can from this letter.

One nice thing about this place is that you can sleep as long as you want to if you don't want to sleep too long. I have not had any bee stings, sunburn, (Censored,) other words, I am perfectly well.

democratic party. Sidney Hillman with the support of the communists and the CIO, served notice on the democrats in Chicago that they would either adopt a platform satisfactory to the communist he controls, or if they did not do that, then his group would no longer support the democratic party."

Whither are we drifting? Do you know.—Ex.

CONSERVE FUEL!

COOK ... NOT the FOOD the COOK

The fuel shortage is serious. We are faced with an estimated 38,000,000 ton coal shortage this winter. That means, we must not only save fuel at the cook stove, but everywhere. Check your heating plant, insulate your home—anything to save all types of fuel!

People of The South Plains

The West Texas Burial Association is for the people of the South Plains who need and desire a Policy that will insure them a decent funeral at home, or cash payment of \$150 wherever death may occur.

The West Texas Burial Association does not have any so-called 75 or 100 mile limit as do most all service and merchandise policies.

For your protection read the policy you now have and then investigate our policy. A company that has paid every death claim in full we have had. We have paid claims on our boys that gave their lives on foreign soil.

WHY NOT GET WHAT YOU PAY FOR?

See Roy B. Collier for further information at the office. All dues may be paid at the office at Knight Furniture Store, on West Main St. Brownfield, Texas.

BROWNFIELD FUNERAL HOME
120 West Tate St. Brownfield, Texas

Mrs. Lee Brownfield, city, and Mrs. O. H. Herring of New Mex., have returned from New Orleans, where they attended the wedding of their brother, John Lucky. John is stationed there with the Coast Guard.

Girls who left last Sunday for Denton, to attend C. I. A., were: Misses Thresa Chisholm, Louise McCracken and Laura McMahan.

We regret to report that Dr. J. W. Moorhead, of Meadow, is confined in his local hospital for rest and treatment. His son, Rudolph, reported that his dad had a very bad day, Tuesday, but was resting better Wednesday.

The West Texas gin is building an addition to the office in order to have more work room.

We do Repair Work on all types of motors, tractors, and automobiles. Tune-Up work and Welding is our specialty. We have in stock 1 new Oliver RC-70 Tractor and complete 4-row equipment. See us for Repairs.

PICTURES OF SERVICEMEN WE CAN'T FIGURE OUT

Parents or friends who have brought pictures of servicemen to the office of late, will please call at office and help identify them as some of these boys are not very well known to any of our staff.

We have these cuts in the office, but we want something about the boys as well as their names, where they went to school, joined the service, etc.

Come in and help us unravel these pictures.

Mrs. J. C. Hunter of Roswell, formerly of this city, underwent an operation last weekend and is reported doing fine. She is the mother of Mrs. C. C. Primm.

CARD OF THANKS

We wish to thank each and everyone for their kindness and sympathy in the loss of our husband and son, S/Sgt. Earl B. Holly.

Mrs. Georgia M. Holly
Mr. and Mrs. Berton Holly

Geo. D. Brownlee, assistant postmaster at Jacksboro, brother of Elmer Brownlee of this city, and wife, and Mrs. Guy Morgan and Cleo Dennison, sisters of Mrs. Jesse Smith, Brownfield, are here this week visiting the above families.

Sonny Whitley of Garden City, Kansas, air corp is spending his furlough here at home.

GAINES COUNTY PIONEER RANCHMAN DIES

Bert M. Ancil, 66, prominent ranchman and pioneer settler of Gaines county, died at his home in Seminole, last Thursday evening of heart attack, and was buried in Seminole cemetery, Friday afternoon. He was well known to the cattlemen of Terry county.

He was the father of Miss Pauline Ancil, who has been with the McGowan Abstract plant, this city, for the past two years. He also left two sons in military service, one in England and one in Guam.

NOTICE

The City Council will meet Friday Sept., 29th, at 8:00 P. M. for the purpose of setting the budget and tax rate for the City of Brownfield.

Signed: Jesse D. Cox, Mayor
Attest: Herbert Chesshir, City Sec.

FOR SALE: Well improved quarter section farm; six miles of town; all good land. Priced right. Neill Realty Co.
