

Man Charged With Desertion of Child

County officials have filed charges against a local man for child desertion, alleged to have been continuous for the past two

years. He lived here only a year or so before. The wife and four children remained here. He was picked up at Wichita Falls, early this week and lodged in jail here. Local officers also apprehended three drunks Saturday and Sun-

day, and two young men charged with destroying household goods of a neighbor.

Approximately one-seventh of the Texas cotton crop is destroyed annually by insects.

Mr. and Mrs. J. M. Teague made a business trip to Hereford Monday.

Mr. and Mrs. Dyar Oakley and children of Kermit were here for the week end.

Tom May Defies Derby In Mayor's Race

TO THE VOTERS OF THE CITY OF BROWNFIELD:

I have filed my name as a candidate for the Office of Mayor of the City of Brownfield, Your City with a future.

I do not deem it necessary to make a house to house canvas as I have lived in the City since 1912, and feel that I should know practically ever one in the city. I wish to let my record as a citizen speak for itself. I have served on many boards since coming here and this included 16 years as a City Councilman; this gives me an insight into the problems of the City as a business, and as a representative of the people.

When I retired from the Office of City Councilman the City finances were in healthy condition.

It is my belief that every Citizen should have his right to a voice in the manner in which the business of the City is conducted, and it is my intention, if elected, to conduct my part in the City business in a manner that would give credit to a soundly run and properly conducted big business, as that is what it is—a BIG BUSINESS.

Our City must go forward—we are still growing; but our money MUST BE SPENT WISELY so that we may get dollar value for dollar spent.

I am positive I can cooperate with the City Council in ever way

Wayland Shows Big Scholastic Increase

Latest totals released from the Wayland College registrar list 515 students attending the Plainview college. This is compared to 510 who enrolled last September, the largest number ever to attend Wayland college up to that time.

Seventy students entered Wayland at mid-term for the first time. Seven of these were from

outside the continental limits of the United States. Three students enrolled from Shanghai, China.

The largest single group is from Plainview, with about one-fourth of the total enrollment made up of non-resident students living in the city.

Besides representatives from China, Brazil, Mexico, and Hawaii, 42 students were listed from outside the state of Texas.

Wanda Jean Tyler and Ganelle Newman, students at Hardin Simmons, spent the week end here with their parents.

Mrs. P. M. McWilliams from Yoakum county was in town Monday shopping.

Mmes. Mary Lackey and Sallie Forrest of Plains were Brownfield visitors Monday.

Schism in GOP Ranks

THE schism in ranks of the Republican party is noticeably splitting into wider and wider divergent viewpoints. It is more noticeable in the senate, where adherents to the two schools of thought are more courageous and outspoken, than in the house, where party discipline is rigid.

The conservative or reactionary wing, which is the most powerful, is led by such stalwarts as Senators Taft, Wherry and Brooks. The liberal or progressive branch is becoming more and more restless under leadership of such senators as Flanders, Toby, Ives, Baldwin and Watkins.

WHERRY not to mention the ultra-liberal Morse of Oregon, former law school dean.

The split over the inflation issue and what to do about it has sharpened the differences and seems likely to bring matters to a showdown.

Followers of the Taft-Wherry-Brooks bloc feel Republicans should just sit tight, at least until after election, and place the blame of high prices and the continued inflation spiral on the Truman administration. The Flanders-Ives-Baldwin group feels the Republicans have a responsibility of their own as the majority party in congress and that they will get the blame unless the GOP does something about the cost of living.

In the meantime, the government is going through the motions of complying with provisions of the new voluntary anti-inflation law with no thought that it will be effective. Grain dealers, millers and steel companies are being called in to agree on some form of allocation of scarce materials. No one here believes they will come to any agreement and if they do, no one believes it will be effective in bringing down prices.

Farmers' Income

A Kansas farmer writes: "You quote the gross farm income for this year at \$4 million dollars. What do you mean by gross income? If you figure the farmers' expenses you will find that he comes out about like he always does, at the little end of the horn."

In answer, the department of agriculture figures farm gross income as including the sum of cash receipts from farm marketing, government payments, the value of farm products consumed in farm households and the rental value of farm dwellings; estimate, 24½ billion dollars for 1947.

Secretary Anderson in his annual report says realized farm net income, or difference between gross income and production expenses, is estimated at 18 billion dollars for 1947—also a record high—about five billions higher than even gross income in 1929.

Here's one reporter's opinion on what will finally happen to the tax reduction bill. House Republicans are prepared to force the measure through much as Congressman Harold Knutson wants it, providing for something over a five billion dollar cut. Many congressmen admit privately the cut is too much but, well, it's an election year. But unless the senate slashes the tax cuts down to four billion dollars or under, President Truman will veto the bill and the Republicans will be unable to muster enough votes to pass it over the veto.

Home Mortgage Rates

Several letters have questioned the accuracy of figures we recently quoted concerning home mortgage in the nation. The figures were accurate but were slightly misplaced due to typographical errors. Here are the facts.

Home mortgages have risen 4½ billion dollars since 1946 to a total of 24½ billion dollars at the end of 1946. For more than a decade prior to 1940 the home mortgage total averaged approximately 20 billions.

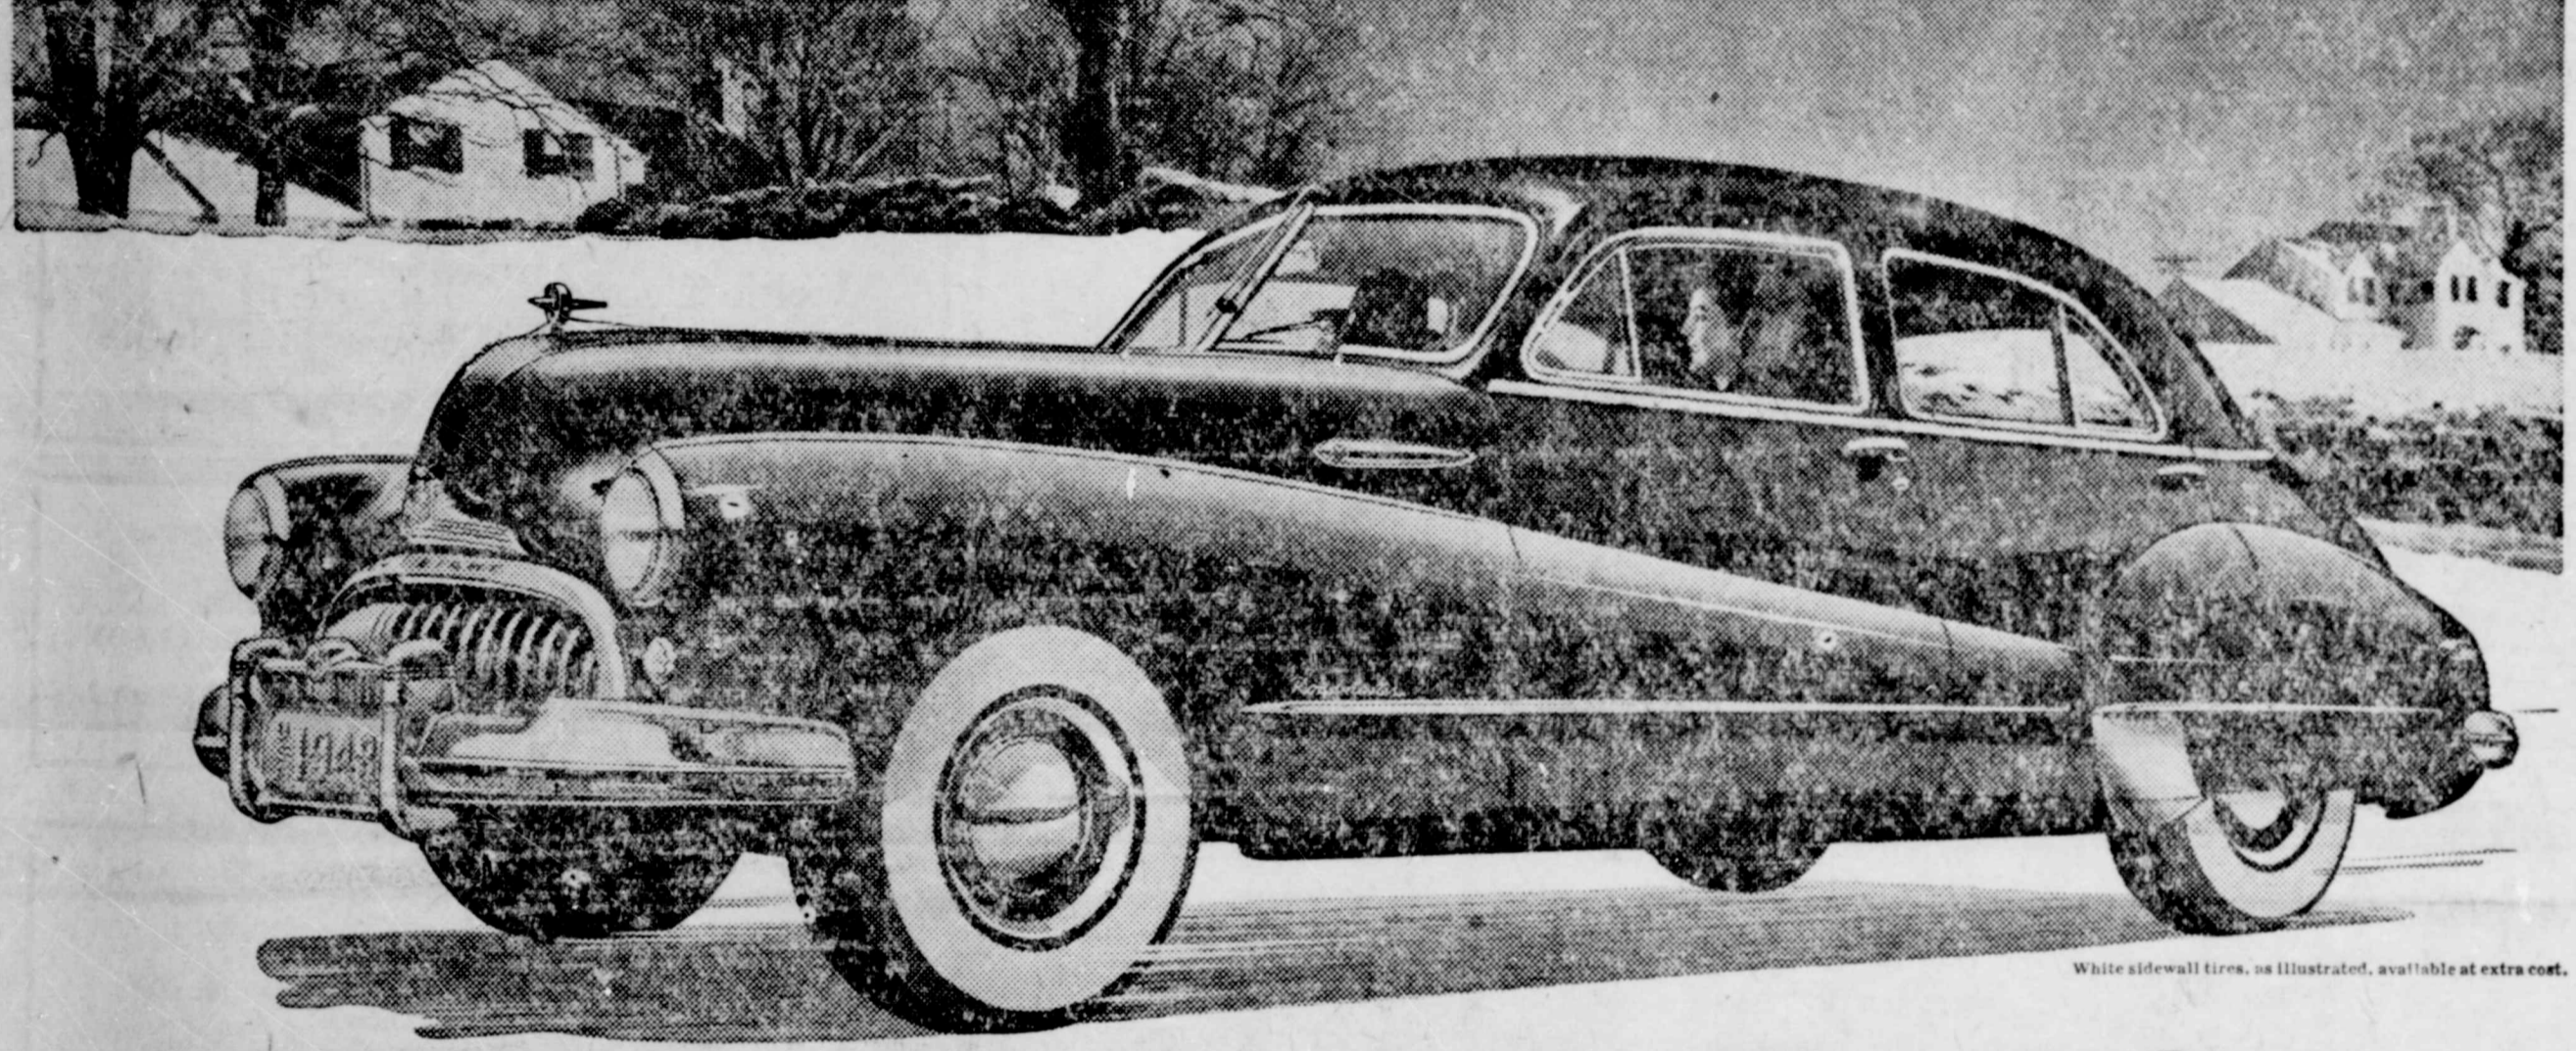

When FHA was established in 1934, it slashed home mortgage interest rates from an average of 7 per cent to 5 per cent. All banks and other lenders followed suit. So, based on 20 billion dollars a year in home mortgages, FHA was instrumental in saving approximately 400 million dollars annually in interest rates, or a total of some \$5,000,000,000 in 14 years.

Budget for Agriculture

Insofar as agriculture is concerned, President Truman's 1949 budget requests of \$693,242,907 represents a decrease of about 50 million dollars from figures for the current fiscal year. Important to agriculture and the entire agricultural program is the President's recommendation of a federal charter for Commodity Credit Corporation. Present charter expires June 30. CCC is vital to the farmers' loan and price support program.

Cash receipts from farm marketings totaled about 2.6 billion dollars in January, slightly less than December, but 16 per cent above January, 1947, and a record for the month.

Wallpaper can be made washable as soon as it is put up by going over it with sizing and covering it with clear shellac.

There's New Glamour in the Way it Goes

TAKE the glamour of its tapered gracefulness for granted, if you will. One glance tells you it's tops. Take an inside peek at its newly fashioned interiors—and see if you're not dazzled by the luxury that greets your eyes.

But wait—just wait—until you learn what makes this banner beauty run off with the year's high honors on the highway. Dollars to drachmas—you'll fairly itch to get in and GO!

For now your right foot commands a Fireball power plant that's as eager as a panther on the prowl—yet is so quieted in purr and pulse you barely sense its telltale throb. Now you slip through traffic or light out cross-country as relaxed as a baby with his bottle—in a body that's bountifully big, cozily cushioned,

and insulated against the usual noises of traveling.

Now you experience the first scientific system ever devised to shield a car's ride against road noise, shake and the vibration build-up that previously took advantage of an automobile's tendency to play sound box.

Now you ride the washboard roads and cobbles as though they were carpet—thanks to coil springs all around—plus extra low pressure tires, carried on Buick's own wider, more stable Safety-Ride rims.

And last but not best, if a Roadmaster's your choice, you can enjoy the really effortless driving—in a new kind of drive that not only frees you of gear-shifting, but that doesn't even shift itself!

It's Dynaflo Drive—a drive that's devoid of all halt, lag and hesitation through all speed ranges—because here, for the first time, the power plant itself does what gears used to do.

Fact is, you'll find the new Buick sparkling with more than a score of new advances—in ten brilliant models that span three series and give you your choice of three wheel-bases and four power ratings.

So why dally? Here, certainly, is the dilly of the year for smartness and roominess—for the newest in driving ease and riding relaxation—and for all those basic bounties that are forever Buick's.

Place your order with your dealer now—whether or not you have a car to trade—and hasten the day when you'll reach those motoring heights you hanker for.

FORMER CITY RESIDENTS CELEBRATE ANNIVERSARY

Mr. and Mrs. George Warren, of Levelland, former residents of Brownfield celebrated their fortieth wedding anniversary with an open house at their home in Levelland. Their daughters, Mrs. Gail Willis, Mrs. Bob McDonald and Mrs. L. L. Echols, of Portales, N. M. were hostesses for the affair.

Guests were greeted by the honored couple and their daughters and Mmes. U. D. Sawyer, of Crossroads, N. M. and Eldora White of Brownfield, registered them.

The tea table was centered with an arrangement of red carnations tied with white satin ribbon bearing the dates 1908-1948. A white linen drawn-work cloth was used and white candles flanked the dower arrangement. As the fortieth anniversary is rubies, the red color scheme was also used in the refreshments of cookies, sandwiches and punch. Mrs. M. L. Copeland presided at the punch bowl and was assisted by Miss Eunice Florence of Levelland.

Mrs. Ray Brownfield displayed her many lovely gits and Mr. and Mrs. Clarence Lewis assisted with hospitalities.

Guests were from Portales, Lorenzo, Crosbyton, Lubbock, Cross Roads and Brownfield.

MRS. GARLAND CABE SHOWER HONOREE

Mrs. Garland Cabe who was injured in a car accident last December, was pleasantly surprised Tuesday of last week with a miscellaneous shower at her home. Hostess for the affair were Mmes. Odis Lewis, L. B. Cabe and Clarence Lewis.

Hot chocolate, cookies and sandwiches were served from a refreshment table laid with a pastel linen cloth and centered with an arrangement of snapdragons and phlox. Pottery in pastel colors appointed the table. Fifty guests called during the hours from 2:30 to 6:30 p. m.

MISS TRUCENE LINDSEY BRIDE OF DALE GEORGE IN FEB. 25 CEREMONY

MRS. DALE GEORGE

In a double ring ceremony read Wednesday, February 25 at 6:00 p. m. Miss Trucene Lindsey, daughter of Mr. and Mrs. N. A. Lindsey, became the bride of Dale George, son of Mr. and Mrs. D. C. George. Rev. Curtis Jackson, of Plains performed the ceremony at the home of the bride's parents at 305 A. st., Brownfield. Vows were read before an improvised altar of palms, baskets of white gladioli and candles in floor candelabra.

Miss Bennie Ruth Wartes played the traditional wedding marches and "I Love You Truly," "Because," and "I Love You Truly." Miss Jerry Lindsey was her sisters maid of honor and Mrs. Clyde Green was bridesmatron. Mr. Green served as best man. Durwood Jones, of Post, cousin of the bride, and La Moine Lindsey, sister of the bride, lighted the candles.

The bride, given in marriage by her father wore a suit of white wool with black accessories and a halo hat of white flowers. She carried a white Bible topped with white gardenias.

white gardenias. For something borrowed she wore a wrist watch belonging to Mrs. Clyde Jones. Something old was the Bible she carried and something blue was the traditional garter. She also wore a strand of pearls, a gift from the bridegroom and a penny in her shoe for luck.

Following the ceremony a reception was held. A three-tiered wedding cake and punch was served from a table laid with a white linen cloth and centered with white tapes in crystal candelabra. Mrs. J. L. Newberry, aunt of the bride, served the punch and Mrs. Kenneth Purcell served the cake to twenty-five guests.

The couple are making their home in Brownfield after a wedding trip to Clovis and Roswell, N. M. For travelling the bride chose a cocoa brown suit with brown accessories and a gardenia corsage.

Mrs. George is a graduate of the Wellman high school and is now employed in the telephone office. Mr. George is a graduate of the Brownfield high school and served in the army for two years.

MRS. SIMES HOSTESS TO IDEAL CLUB

The Ideal Club met Wednesday afternoon of last week with Mrs. C. F. Simes as hostess. Yellow jonquils were used in the entertaining rooms an centered the tables on which a luncheon dessert was served.

Club members present were Mesdames Joe McGowan, R. N. Cloin, P. N. Fitley, Wilson Collins, R. L. Bowers, O. L. Peterson, Reagan Peeler and Roy Herd.

Guests were Mesdames Lucie Miller, Paul Bish, Sam Sayers and Clovis Kendrick. High score went to Mrs. Bowers and second high to Mrs. Herod. Bingo was won by Mrs. Bowers and Mrs. Peeler.

Mr. and Mrs. Clyde Bend and Mrs. Oran D. Drennan were among the guests from Brownfield who attended the open house for Mr. and Mrs. Warren.

The Low Down From Hickory Grove

Today I will touch on forecasts and broadcasts. It is not too easy to screen out the chaff and baloney and spurious, from the truth. A short time back all we heard was how to stop soaring prices but now amongst the Dude Economists there in all Bazoov-town-by-the-river, they are soft pedaling inflation and high prices and are worrying us with a fear that a collapse in prices, etc. is round the corner. And in the same kind of fumididdle talk these same Dudes expound on soil erosion, flood control, spiraling this and spiraling that. But today's paper says Tennessee is again having floods but nobody says why a 400 million buck TVA didn't stop same, so it looks like another 400 million shekels save-the-day project has gone down the crick. What can we do about it, says Henry, it looks to me, he says, like we been a sucker long enough.

British Will Dedicate Memorial to Roosevelt

A memorial to the late President Franklin D. Roosevelt will be unveiled in Grosvenor Square April 12. Mrs. Eleanor Roosevelt, widow of the President, will unveil the memorial in the presence of the British King and Queen. The Archbishop of Canterbury will pronounce the benediction while the Royal Marines will form the guard of honor.

Dr. and Mrs. E. C. Davis visited in Big Spring the past week. There are two things, I says—first you can refrain from tunin' in on the windy gents, but better still and in the second place, just go on down to the book store and pick up an Aesop. In the old days a fellow with a shell-gown wore a checkered vest but today you gotta look out, the guy may be wearing striped trousers. Yours with the low down, JO SERRA.

Corporations Charters Show Increase

Charters were issued to 399 Texas firms with capitalization of \$10,736,000 in January. The University of Texas Bureau of Business Research reported. Only 162 corporations were formed in January a year ago and 301 in December. New merchandising firms totaling 115 were most numerous in January. Real estate firms were second with 48 charters. Manufacturing firms totaled 33 and construction 32. In January, 35 out-of-state corporations were permitted to enter Texas, more than four times the number, a year earlier.

More people drive... More people want CHEVROLETS than any other make of car

True for years—and truer than ever today—with the advent of this newer, smarter, finer Chevrolet for 1948! Official registration figures prove that more people drive Chevrolets—and seven independent surveys prove that more people want Chevrolets—than any other make of car! The reason, of course, is more value. And now Chevrolet value is made all the more outstanding by the smart new styling, brilliant new colors, and even more luxuriously appointed interiors which have been added to all the other advantages of Chevrolet's famous BIG-CAR QUALITY AT LOWEST COST. See the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

You'll admire the tasteful new styling, the new color harmonies, the new and richer upholstery and appointments which add so much to the enviable Big-Car beauty of Chevrolet's Body by Fisher.

You'll find there isn't any other car in its field that gives the Big-Car comfort of Chevrolet for 1948—direct result of the Utilized Knee-Action Gliding Ride.

Chevrolet's world's champion Valve-in-Head engine gives an unequalled combination of performance, endurance, dependability and economy.

The record demand for new Chevrolets prompts us to suggest that you keep your present car in good running condition. See us for service—today!

Local Child Goes To Scottish Rite Hospital

Little Miss Charlotte Rhyne, 6-year-old daughter of Mrs. G. H. Kirkland of this city, was admitted to Texas Scottish Rite hospital for Crippled Children in Dallas for treatment on Friday, March 5.

The Scottish Rite hospital, which is supported by individual contributions, offers the best possible medical care and attention free to Texas crippled children who are accepted for treatment.

Mrs. Ruth Lowe and Ed Durkee visited in Levelland and Sundown Sunday.

Slogan Boomerangs

"HAD enough?" This slogan, used so effectively by the Republicans in the 1946 congressional campaign, may be thrown back at them by the Democrats at the end of the presidential campaign.

Whether the GOP party leadership is to blame for the rocketing of prices or not is beside the point. The fact remains that the almost prohibitive cost of living will be a vital issue in the campaign unless

a depression strikes in the meantime, in which event "had enough?" would be even more effective.

The fact also remains that the GOP scrapped all price controls and did nothing about it except to echo the promises of the National Association of Manufacturers and other industrialists and business leaders that once "free enterprise" was rid of governmental controls, prices would come down within the reach of every citizen.

It is highly probable that the next session of congress will see a renewal of the battle for some kind of governmental control of the price situation. It is even possible that the President's council of economic advisors, composed of the nation's top economists, may advise a return to some price control of key commodities even though on a temporary basis in an effort to stop runaway inflation.

It will be remembered that the 80th congress also threw out all controls on installment buying, to take effect November 1. With current savings gone, millions of folks will go back on the "dollar-down-dollar-a-week" schtick building up private debt, adding to the inflationary spiral.

War Profiteering

Speaking of profits, a house subcommittee investigating profiteering of war contracts has been told some 48,000 contracts have been set

at a cost of more than eight billion dollars to the government, and that an audit of only 1.5 per cent of those contracts disclosed fraud and overpayment of more than six millions.

That's taxpayers' money, and, if the charge is true, it would seem that the NAM would be just a little red in the face over these disclosures of patriotism. Congressman George Bender (Rep., Ohio) says the hearings will "shield no one who is guilty of fraud or of getting overpayment."

A Draft Eisenhower for President league has opened national headquarters in Washington, "non-partisan, non-profit with both Democrats and Republicans," it says here. But a nomination for General Ike could stem only from a Republican or third party convention since the Democrats already have pledged to support President Truman.

Experts Stump

Is it possible that in the mad scramble for more and more profits American business is pricing itself out of the export market? Exports tumbled 7 per cent in July and even more in August.

One reason Britain pulled out of the American market is that between the time we extended the \$3,750,000,000 loan and they made arrangements to spend it in our export market, rapidly spiralling prices of foods and other commodities wiped out almost 25 per cent of the grant in terms of dollar value.

There seems to be, despite the assertion of Sen. Robert Taft (Rep., Ohio) to the contrary, a real demand for a November session of congress, and it is likely one will be called. There is a rapidly growing sentiment among members of both house and senate to get away from the dozens of "who done it" probes and to spend this time in working out vital legislation.

Cronies Are Missing

What has happened to President Truman's old Missouri "cronies"? In filing 67 top policy-making jobs this year Mr. Truman named only 2 from Missouri while he picked 13 from New York. In 1945 he named 10 men from Missouri to executive positions. Balance of the 67 appointments were scattered among 41 states, with a ratio of 3 Democrats to 1 Republican. In his first year, Mr. Truman named about 10 Democrats to 1 Republican to jobs.

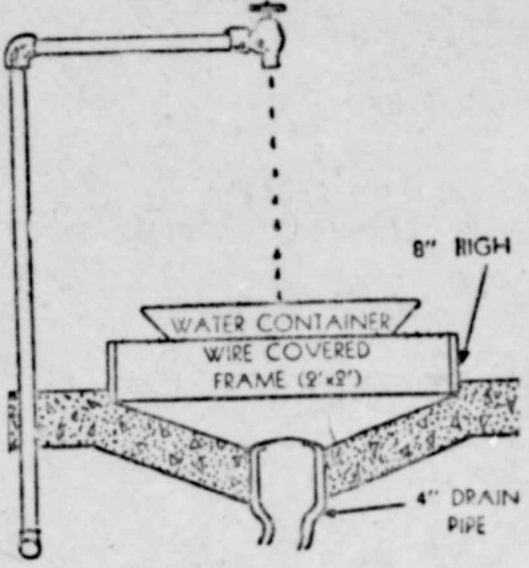

Mr. and Mrs. Elmer McKinney and son, of Lubbock were overnight guests of her parents, Mr. and Mrs. Clyde Lewis Saturday.

Mmes. Roy Wingerd, M. L. Copeland and Eldora White were guests at the celebration for the golden wedding anniversary of Mr. and Mrs. Marion McGinty Saturday at Plains.

Herds and Flocks

Pond water piped to farm buildings for livestock can be filtered by building a solid housing of soft brick (laid in cement) over the end of the pipe in the bottom of the pond.

Water filters through the pores of the brick.

First treatment for cattle grub infestation should be made early in winter, as soon as the tell-tale bumps appear on the backs of animals. Several treatments a month apart will be necessary. Use a cattle grub dust containing 1 1/2 per cent rotenone.

The current shortage of feed makes it important to do continuous culling in the laying house.

Dairy cows lose a lot of energy pulling through heavy mud in the barn lots. Lost energy means less milk. Paved lots that take cows out of the mud soon pay for themselves.

Old Tramp Found Dead Under Culvert

Old Timer, a writer in the O'Donnell Index, had a story last week about the "Old Tramp" who has been selling pencils, etc., through this area for many years past. It seems that the old fellow was found under a culvert near Lamesa recently, during one of the severe cold spells, where death finally overtook him. No identification papers were found on him.

As Old Timer states, the little old fellow, stooped, ragged and generally not too clean, was rather non-communicative. But generally speaking he was "again the government." However, we have heard that he was a Spanish War Vet and drew a pension.

But the Index writer stated that his territory seemed to be from Big Spring to Amarillo. We saw the old sandy haired fellow one time down between Coleman and Brownwood, and we have heard of him being seen much further away than that. He got around.

Mr. and Mrs. Ches. Gore left Monday for Brownsville, where they will be for the next few weeks. His physician ordered Ches to take it easy for awhile.

Mr. and Mrs. Bob Bowers spent the week end at Austin visiting their sons, Marion and Robert, U of T students.

Win Texas 4-H State Awards

In recognition of their outstanding 4-H records in 1947 Leadership, Frozen Foods and Meat Animal activities, four Texas club members will receive state awards. The winners and brief outlines of their records follow:

Howard Altenhof, 18, of New Braunfels, receives a 17-jewel gold watch provided by Thomas E. Wilson, Chicago, for having the highest rating state record in the 1947 National 4-H Meat Animal awards program. His eight-year record in 4-H work shows that he handled 34 baby heaves and 359 hogs. Howard won many placements on his meat animal exhibits, including \$1,117.50 in cash prizes, which brought his estimated income from all 4-H projects to \$59,895.00. He began his steer feeding activities by first feeding fat hogs, many of which were champions. Home grown grains were used entirely except for protein feeds. Howard has exhibited 44 steers and 208 hogs in local, county, state and national shows.

Howard Altenhof

Dorothy Terrell

Dorothy Terrell, 15, of Plainview, a Texas' top ranking participant in the 1947 National 4-H Frozen Foods activity. She receives the state award of a \$50.00 U. S. Savings Bond provided by International Harvester Co. Dorothy's record shows that this year she prepared and packaged 355 pounds and 79 bins of meats, poultry, fish, vegetables and fruits for placement in the home freezer, all the produce being home grown. Dorothy's record also shows that in her five club years she raised 1,225 fowl. She has shown a reserve champion Southdown lamb and several other prize winners at the Houston and Fort Worth Fat stock shows.

Jackie Brock and Eloise Woodruff

Jackie Brock, 18, of Floydada, and Eloise Woodruff, 17, of Shallowater, are the boy and girl state winners in the 1947 4-H Leadership awards program. Each receives a 17-jewel gold wrist watch provided by Edward Foss Wilson, Chicago meat packer. Jackie has been a 4-H'er for nine years, during which he served as leader and president of his local club, vice president

All of these activities are conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating

Gen. Jonathan 'Tex' Wainwright Leader

General Jonathan Wainwright, retired hero of Corregidor and Bataan, recently took over the leadership of the Military Order of the Caraboa from retired Admiral William F. "Bull" Halsey, last year's head of the Order.

Both General Wainwright and Admiral Halsey are veterans of the Moro Insurrection in the Philippine Islands during the early years of the American control of the islands. The Military Order of the Caraboa is an exclusive organization whose membership is restricted to veterans of that campaign.

Wayland Welcomes 3 Chinese Students

Wayland students greeted three more foreign students who have just arrived in the states and have come to Wayland College at Plainview for their studies.

The three coming from Shanghai, China, are Peter Chen, Rose Wang and Lucy Zia. They report that they were 19 days enroute, 15 days were spent on the sea; two in San Francisco, and two days on a train.

Upon their arrival at Wayland they were met by Rachel Fong, also of Shanghai, who has studied at Wayland for the past term. They have found, as she did, that American colleges are quite different to Chinese colleges they attended.

Mr. and Mrs. L. J. Dunn, Mr. and Mrs. L. R. Pounds and Mrs. Kelton Miller and daughter were guests at the open house for Mr. and Mrs. George Warren in Levelland Sunday.

Mr. and Mrs. Bill Williams, who own the old Dobbs farm eight miles north of town visited their parents in Slaton Sunday.

Money Price was absent from his place of business the first part of the week on account of illness.

A. Where Veterans Administration dental clinic service is not feasibly available, the VA has adopted the policy that any veteran entitled to out-patient dental care at the expense of VA may choose any dentist participating in the program of dental care of veterans.
Q. If a veteran contracted a

disease or was injured in line of duty while he was in service is the line-of-duty determination, as made by departments of the Armed Services, binding on Veterans Administration?
A. No. However, the record of the Service Departments generally will be accepted in determining line-of-duty status of diseases and injuries, unless considerations and legal presumptions of the various laws warrant a different finding.
Q. Does the age of World War I and World War II veterans affect the amount of compensation or pension paid to them?
A. Compensation is not affected but pension for nonservice-

connected permanent, total disability is increased upon reaching age 65.
Q. I have completed my job-training course and find that I still have entitlement time left under the educational provisions of the G. I. Bill. Will I be permitted to go to another school for the remainder of my entitlement?
A. If you have entitlement time left, you may use the remainder either for job training or for educational training with Veterans Administration prior approval.

From the cotton seed destroyed annually by insects in Texas, more than 50 million pounds of cotton seed oil could have been produced in the 10-year period 1937-47.

READY FOR DUTY AGAIN NURSE PRAISES RETONGA

"I Felt Like I Needed A Nurse Nurse Myself," Declares Mrs. Stephens, "But Thanks to Retonga I Now Go About My Work Singing Instead of Grunting," Tells Happy Experience.

"I have been a practical nurse for twenty years and from the relief Retonga gave in my own case Retonga proved it is far ahead of anything in my experience," declares Mrs. O. R. Stephens, well-known resident of 115 McCaskill St., San Antonio, Tex. "I got to where everything I ate seemed to disagree with me," stated Mrs. Stephens. "Food seemed to sour almost as soon as I swallowed it. I would belch

up undigested particles after every meal and I often felt bloated before I left the table. Gas pressure was so strong at night I had difficulty in sleeping. I had to take a powerful laxative practically every day for several years, I had splitting head-aches, and I felt worn-out continually. "In just three days on Retonga I began to notice decided relief. No more discomfort afterward. The sourness, gas, constipation, and headaches are fully relieved, and I go about my housework singing instead of grunting. I used to feel like I needed a nurse myself, but I feel so much better since taking Retonga I may go back to nursing again. Retonga is grand." Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency, and constipation. Accept no substitute. Retonga may be obtained at Primm Drug Store and all other good drug stores. Adv.

Behind the Scenes in American Business

Most economic opinions say prices will remain permanently up over 1939 levels, despite the hopes of those who looked upon the recent commodities break as the beginning of a swift toboggan ride to much lower retail levels. Living costs are now 70 per cent above 1939, a year when you could buy a good five-cent cigar or lunch sized candy bar, a good pair of \$4.00 shoes, a \$2.95 man's hat and a good \$17.50 man's suit. Our present living costs likewise are about 48 per cent above those of the bull market year, 1929. The economic statistics of all postwar price plateaus indicate that the nation will be doing a good job if it can stabilize prices at somewhere near 1929 levels.

Clearer indication that the buying power of the American nickel and dime has been worn permanently thinner is found in the Five and Ten cent stores. In 1939 one company reported that two-thirds of all merchandise sold was priced at under 50 cents. Today that two-thirds is priced at under \$1.

NEW LOOK IN HOMES—In a poll of the nation's builders taken at the annual exposition of the National Association of Home Builders in Chicago, two out of three persons said that expanding use of glass for indoor-outdoor living was the most important single factor in postwar housing trends. Utilizing new materials such as Thermopane insulating glass developed by a glass company, houses with large picture windows and window walls are proving increasingly popular with home owners. "Thanks to self-insulating glass," said Cliff May, Los Angeles architect whose "Pacesetter House" was featured in national magazine, "it is now possible to use larger glass areas without sacrificing precious fuel." The poll indicated that greater mechanization of homes is the second most important development in housing and that radiant panel heating is third. The six-room house is leading the construction parade, the builders said and today's average home costs between \$9,000 and \$10,000.

THINGS TO COME—A coffee shampoo soon to hit retail markets heads a whole slew of pharmaceutical and detergent products being developed to make wider use of coffee. . . Circular fluorescent lighting fixtures of spun aluminum are now available to glamorize ceiling installations. . . A new non-dip paint brush supplies paint to bristles from a gravity feed tank, a process said to save about 25 per cent of the normal amount of paint used by conventional brushes. . . You will soon be hearing more about a simplified new dry-cleaning process which is said to make garments odor-proof, germ resistant

and mildew-proof. . . Plastic egg holder now on the market makes it easier to handle boiled eggs without suffering burned fingers. . . That first mass-produced five-room house from Iustron Corporation will soon be off the assembly line. . . Home workshop hobbies are being offered a versatile tool set consisting of tools for metal, leather and wood-working. . . A new three-way furnace, convertible to gas, coal or oil has been developed. . . New light socket which protects lamp filaments from vibration is said to stretch lamp-burning time by as much as 60 per cent.

Lint cotton that would have made more than 464,700 bales worth approximately \$35 million dollars, were destroyed by insects during the 10-year period 1937-47 in Texas.

Loans by Savings And Loan Associations

January loans for home purchases in Texas advanced 11 per cent from December, The University of Texas Bureau of Business Research reported. Refinancing loans jumped 48 per cent, construction loans were up 5 per cent. Reconditioning loans dropped 33 per cent from December to January.

Loans for all house financing in January totaled \$7,142,735, up 22 per cent over December. Savings and loan association reports to the Federal Home Loan Bank of Little Rock showed that the amount of loans rose 4 per cent above January 1947, in spite of a 3 per cent drop in the number of loans.

Mr. and Mrs. Kyle Graves, and Mr. and Mrs. W. O. Schellinger left Tuesday to visit relatives in Stephenville.

Last Rites For C. V. Hill

Funeral services for C. V. Hill, Meadow high school principal, who passed away at a Seminole hospital on March 2 at 8:30 p. m. were conducted on March 3, at the First Baptist church, Lubbock.

Charles Volney Hill was born at Cranger, Williamson County, Texas on March 27, 1903. He moved from Cranger to Milford, Texas at the age of 12.

After graduating, Mr. Hill was football coach and taught at Chillicothe, Texas, Burkburnett and later at Tahoka and Lamesa.

He moved with his family to Meadow last fall and became principal of the Meadow high school, which position he held at the time of his death.

While at Sandown Mr. Hill became a member of the Sandown Masonic Lodge, and about two years ago became a 32 degree Scottish Rite Mason at El Paso, Texas.

He was converted at the age of 13 and joined the First Baptist church at Milford, Texas. He was a member of the Meadow Baptist church at the time of his death.

Mr. Hill had been in ill health for a short time, but his friends did not know until the last few days of his life, that he was in a dangerous condition, with heart trouble.

He is survived by his wife, Mrs. C. V. Hill and three daughters: Joannette, Marilyn, and Arnette. Also one son, Charles Volney, Jr. and two sisters: Mrs. Ed Meharg, Chillicothe, Texas and Mrs. John Lindholm, Galveston. One grand father, L. L. Hill, Granger, Texas and a host of uncles and aunts and other relatives. Most of the relatives were present at the funeral.

Mrs. C. V. Hill is the daughter of Mrs. George Arnett of Lubbock. She has one brother, Morrison Arnett, of New York City.
