Jaycees Term Pageant Highly 'Successful'

"I call it a real good example of a club project," said Chairman Johnny St. Clair, as he applauded his fellow Jaycees Monday for their work with the Miss Tri-County and Little Miss Tri-County pageant staged last Saturday night.

Named Miss Tri-County was Candy Moore of Lazbuddie. She is the daughter of Mr. and Mrs. Wayne Moore. Little Miss Tri-County was also from Lazbuddie. She is Kristine Miller, daughter of Mr. and Mrs. Mike Miller.

First Runner-up for Miss Tri-

County was Tonya James, daughter of Mr. and Mrs. Willie James. Tonya was also chosen by her fellow contestants as Miss Congeniality.

Tiffany Parham, daughter of Mr. and Mrs. Terry Parham, was tabbed as first runner-up for the Little Miss Tri-County.

It was a panorama of beauty as the 55 contestants were being interviewed and displayed for the large crowd at the Muleshoe High School auditorium. Numerous comments were heard about the beautiful "April Showers" stage decor and "how hard it would be to judge a contest with so many area beauties."

Named finalists for the Miss Tri-County contest were Candy Moore, Tonya James, Sheila Hunt, Dani Dunham and Larinda Bulls. Little Miss Tri-County finalists included Kristine Miller, Tiffany Parham, Lacy Layman, Melissa Wilbanks and Deborah Brown.

During the noon meeting of the Jaycees Monday, St. Clair thanked his Jaycee helpers, along with other people who helped make the large pageant a success, including sponsors, Tu-Tu King, who was presented a gift, Gary Bender, program director and Mrs. Darrell Oliver, Mrs. Rusty Whitt, Mrs. Mike Miller and Mrs. Johnny St. Clair, along with master of ceremony, Gil Lamb and Howard Watson, and guest, Cleta Williams of The Muleshoe and Bailey County Journal.

Also during the meeting, two new members were welcomed, including Jack Eades, assistant city manager and Keith Burns, assistant postmaster.

Monty Dollar spoke on the upcoming state convention at Dallas and Terry Gunter reported on the youth basketball program. They Jaycees were unanimous in approving his chairmanship of the project.

They were also unanimous in stating that although the coaches of the girls' basketball all-star designation and would not be backing their entry in the area all-star playoffs. Chairman Terry Gunter explained that the Youth Basketball program was not set up to include all-stars, and would not be included here.

At the end of the meeting, the Project Chairman of the year was chosen by ballot.

Mr. and Mrs. Raymond Schroeder and their three children, Stacy, 12; Chad, age five and Todd, seven, have been named library family of the year.

Schroeder, better known as 'Coach Schroeder' moved to Muleshoe eleven years ago, with Stacy who was an infant. He has been a coach and instructor at Muleshoe High School since arriving here.

Mr. and Mrs. Schroeder are natives of Oklahoma, he is from Adams and Mrs. Schroeder from Hooker, Okla. and both attended colleges in Oklahoma. Now say the Schroeders, "muleshoe is considered to be our home."

Both Todd and Chad were born in Muleshoe, and all three children attend Muleshoe Schools.

Librarian Anne Camp said the Schroeders were chosen "Library Family of the Year," because of their vast knowledge, and use of the library. She said they check out numerous books, at least one book is checked out for each member of the family once a week, and very often two books per member are checked

out, she added.

The presentation was by the Muleshoe Study Club to wind up the 1977 Library week activities. The Muleshoe Study Club, Young Homemakers Club and personnel from the Muleshoe Area Public Library said the week was highly successful

second in team standings at 130 points following the same meeting.

The 440-relay team was second with a time of 48.1. Team members included Lyndal Stovall, Jim Norman, Zeke Pecina and Ruben Orozco. Also second was James Atwood in the 880-dash. He had a time of 2:14. This was followed by Arthur Rojas with 2:21 and Alvara Ontiveros with 2:23.

Mike Northcutt was first with 17.1; Zeke Pecina third with 18.4 and Mark Northcutt, sixth in the 120-high hurdles with 19.6.

Lyndal Stovall was sixth in the 100 yard dash with 11.1; Jim Norman, at 56.4 was second and David Patterson with 60.3 was fifth in the 440-yard dash.

In intermediate hurdles, Mike Northcutt was second at 45.4; Ruben Orozco was fourth in the 220-yard dash with 25.6; James Atwood, fifth with 25.7 and Lyndal Stovall; seventh with 25.9.

In the mile relay, the Mules were third at 3:43.5. Team members included Dean Northcutt, Dennis Paterson, Robert Brown, and George Villarreal.

Matt Phelps was fourth in shot put at 43 feet, nine and three fourths inches and was third in discus with 126 feet, five inches. Jimmy Ybarra was third in long jump at 20 feet, two and a half inches; Alonzo Ontiveros was fourth in pole vault at 10 feet and Brent Maddox had nine feet, six inches.

MISS TRI-COUNTY...Named Miss Tri-County last Saturday night in Muleshoe was Candy Moore, daughter of Mr. and Mrs. Wayne Moore of Lazbuddie. She is a junior at Lazbuddie High School. She competed with 30 more girls for the title.

Martin, Rasco, Lewis Win FFA Awards At Banquet

LITTLE MISS TRI-COUNTY...Lazbuddie also produced Little Miss Tri-County. She is Kristine Miller, daughter of Mr. and Mrs. Mike Miller. Kristine was in competition with 24 girls from Muleshoe, Lazbuddie and Earth for the title.

Banquet Dedicated To Leland Lambert

For the first time in the history of the Muleshoe FFA Chapter, the young Future Farmers of America dedicated a banquet. Tuesday night, the awards banquet was dedicated in memory of Leland Lambert, son of Mr. and Mrs. Les Lambert, who died January 8, 1976.

The dedication was made by Joe Don Prather, as Robby Young and Darrell Rasco escorted Lambert and two daughters to the stage to receive a plaque. Joe Don told of some of the activities by Lambert in the chapter before his death following an illness early last year. Lambert was presented a plaque to commemorate the occasion.

Some 375 people were in the Muleshoe High School cafeteria for the banquet and heard Elvin Caraway, Area 1 President,

Little League Season Opens On May 3

Sammy Gonzales, president of the Muleshoe Little League Association, announced that the 1977 season of Little League baseball will begin in Muleshoe on Tuesday, May 3, instead of Monday, May 2, as previously announced. This change was made to allow the players, parents and coaches to attend the Muleshoe Schools' All-sports Banquet on Monday, May 2. The Little League games scheduled for May 2 will be made up on May 26.

Everyone is invited to attend the opening day ceremonies at Little League Park. Introduction of players and coaches will begin at 5:30 p.m. Invocation will be by Kenneth Carter, associate pastor of the First Baptist Church of Muleshoe. Boy Scout Troop 620 will raise the flag, and Tony Clines, Muleshoe High School band director, will play the National Anthem on his trumpet.

First ball of the new season will be thrown out by retiring Little League president Eugene Howard. The first games of the season will begin promptly at 6 p.m. with the Fireballs playing the Bears at Minor League Park, and the K-Bars playing the Sox at Roger Miller Park.

All Little League players of all teams are to be at the park by 5:15 on Tuesday, May 3, in uniform, to take part in the opening day ceremonies.

Persons wishing to support Little League baseball with cash donations may mail their contribution to P.O. Box 662, Muleshoe, Texas 79347.

Vaccination Clinic Slated Soon In Sudan

The Sudan Fire Department will sponsor a dog vaccination clinic today (Thursday) at the Sudan Fire Station.

Dr. Jerry Gleason of Muleshoe will be vaccinating the animals from 3-5 p.m. Cost per animal will be \$4 with tags available for \$1 each.

Raymond Schroeders Are Named 1977 Library Family

Mr. and Mrs. Raymond Schroeder and their three children, Stacy, 12; Chad, age five and Todd, seven, have been named library family of the year.

Schroeder, better known as 'Coach Schroeder' moved to Muleshoe eleven years ago, with Stacy who was an infant. He has been a coach and instructor at Muleshoe High School since arriving here.

Mr. and Mrs. Schroeder are natives of Oklahoma, he is from Adams and Mrs. Schroeder from Hooker, Okla. and both attended colleges in Oklahoma. Now say the Schroeders, "muleshoe is considered to be our home."

Both Todd and Chad were born in Muleshoe, and all three children attend Muleshoe Schools.

Librarian Anne Camp said the Schroeders were chosen "Library Family of the Year," because of their vast knowledge, and use of the library. She said they check out numerous books, at least one book is checked out for each member of the family once a week, and very often two books per member are checked

out, she added.

The presentation was by the Muleshoe Study Club to wind up the 1977 Library week activities. The Muleshoe Study Club, Young Homemakers Club and personnel from the Muleshoe Area Public Library said the week was highly successful

Hunter Accepts Pastorate At Local Church

H.D. Hunter, Jr., former pastor of the Muleshoe Assembly of God Church, announces that he accepted pastorate of the Muleshoe Community Church, located on the Morton Highway.

The church is in the former Presbyterian Church building, and the Hunters have moved to the parsonage adjacent to the church.

Associate pastor of the church is Mike Nix.

Rev. Hunter said he will be accepting speaking engagements and plans to continue his evangelistic work.

Three Mules Qualify For Regional Meet

In the District 3-AA track meet at Olton last Thursday and Friday, the Mules varsity team qualified three for regional competition. Qualifying for regional were George Villarreal, second in the 880 dash, with a time of 2:07.3; Lee Elder, second in the mile run with 4:47.8 and Doug Preucure, second in the high jump with six feet even.

A team of Dennis Patterson, Charles Briscoe, Dean Northcutt and Jeep Shanks was fourth in the 440-relay with a time of 47.3 and Danny Gonzales was fifth in the 880 dash at 2:12.3. Robert Brown was seventh in the 120 high hurdles at 17.7 and was also sixth in the 330-intermediate hurdles at 46.1.

Dean Northcutt was third in the 440-dash with a time of 54.2 and Mack Norman was seventh in the same event at 59.3. Martin Lopez was third in the mile run at 4:48.6 and Monty Jones, sixth in that event at 4:59.8.

In the mile relay, the Mules were third at 3:43.5. Team members included Dean Northcutt, Dennis Paterson, Robert Brown, and George Villarreal.

Matt Phelps was fourth in shot put at 43 feet, nine and three fourths inches and was third in discus with 126 feet, five inches. Jimmy Ybarra was third in long jump at 20 feet, two and a half inches; Alonzo Ontiveros was fourth in pole vault at 10 feet and Brent Maddox had nine feet, six inches.

All-Sports Honors Set For Monday

The athletes of Muleshoe High School will be honored with an All-Sports banquet at 7:30 p.m. on Monday, May 2, in the Muleshoe High School cafeteria.

All students, and their parents, who participated in any sporting event during the school year are invited to attend. Food will be furnished by the parents.

In lieu of a speaker, coaches will make presentations. Semi-formal dress is asked.

TOP FFA HONORS AWARDED...Kirk Lewis was presented the Star Farmer Award at the Muleshoe FFA banquet, along with other honorees. He is at the left. Next is Robert Martin, who was named Outstanding Young Agriculturist, among other awards; Tommy Wheeler, Star Greenhand and Darrell Rasco, Outstanding Young Agribusinessman, along with several other FFA awards.

around Muleshoe

Men's Christian Fellowship will meet at 8 p.m. on Thursday, May 5, in the Trinity Baptist Church Fellowship Hall. A covered dish supper will precede the guest speaker.

Speaker for the evening will be Donnie Howell, of the U.S. Postal Service at Littlefield.

All local men are asked to bring a covered dish and attend the meeting.

Weekend visitors in the home of Mrs. Maude Kersey included Mrs. Addie Mae Spence of Portales, a former Muleshoe school teacher. Also visiting during the weekend were Mr. and Mrs. Bert Humphries and daughter, Gayla, of Borger.

L.B. Hall visited his children, Perry and Lawren, in Dallas during the past few days. Both are students at SMU.

The Sherman Innans have just returned from a 10 day visit with their grandchildren, Sharon and Ron in El Paso, while their parents, The Jerry Innans were on a Caribbean Cruise.

While in El Paso the Innans visited Mrs. Myrtle Alsop a former Muleshoe resident. She sends best regards to all her friends here.

Visiting in the home of their parents, Mr. and Mrs. Bob Hardaway, and with other local relatives and friends were their daughters, Mrs. Mike Clark and Gavin, Seminary, Miss.; Mrs. Dwight Lewellen, Brookhaven, Miss. and Mrs. Burl Jones, Dumas, Ark.

They arrived in Muleshoe Sunday, April 17, and left enroute to their homes on Friday, April 22.

Police Report

When 4 p.m. came Sunday, Muleshoe Assistant Police Chief J.R. Carpenter was really ready to call it a day. During the day, he received calls to check three hit and run accidents.

The first one was reported by Roy Smithson of 326 Chicago. He reported that someone had hit his 1959 Chevrolet in the left front door, apparently during the night.

Second hit and run was at the Crossroads when Gloria Torres of 401 E. Avenue B made a left turn in front of Felipe Orozco of 418 W. Fifth. The Torres vehicle hit the right side of the Orozco vehicle. Mrs. Torres left the scene, but returned and was given a citation for failure to yield right of way.

In the third hit and run accident reported, Floyd Crume of Lubbock was driver of a vehicle which was hit from behind by a car driven by Eddie Castorena, 114 West Fifth, Muleshoe. The accident was at 600 West American Blvd. Crume followed the Castorena for driving while intoxicated, and he also received a citation for following too closely.

Among stolen items reported and other offense reports during the past week were a stolen deep freeze from Kelly Joe Barnett; tools stolen from Dennis Humiston; a missing purse reported by Cheryl Crabtree and \$240 in cash missing from the M.H. Laney home.

Charles Moraw also reported vandalism to a tractor, stack hand, stack mover and trailer.

Arrests included three for disturbance, one for assault, one for no driving license and contributing to the delinquency of a minor and one for theft and drunk.

LIBRARY FAMILY OF THE YEAR...Presentation of the Library family of the Year was made by Mrs. Ed Johnson of the Muleshoe Study Club during Library Week, which ended last Saturday. Mrs. Johnson, left, made the presentation to Mr. and Mrs. Raymond Schroeder, standing, and their children, Chad, five; Stacy, 12 and Todd, seven. Mrs. Anne Camp, librarian, said the Schroeder family used the Muleshoe library 'extensively,' and have been faithful 'customers' for the past 11 years.

LAZBUDDIE READY WRITING WINNERS . . . Winning honors in district 4-B Literary events at Lazbuddie were Barbie Ivy, third and Ray Ann Hicks, fifth in ready writing.

New Textbooks Are Available To Be Checked

Copies of every book submitted to the Texas Education Agency for the 1977 state textbook adoption will be available to all interested citizens for review at each of the 20 regional education service centers throughout the state beginning May 5, 1977.

Sample books will be on file in each center library during regular business hours, according to J. Henry Perry, Texas Education Agency textbook division director.

All major publishers are expected to submit text materials for the Texas adoption in selected elementary and secondary school subject areas, Perry points out. The new materials will be adopted for a maximum of six years.

Books will be studied in detail by members of the State Textbook Committee and their local advisors throughout the summer, Perry adds.

The 15-member committee,

which includes public school administrators and teachers, will be appointed by the State Board of Education at its May 14 meeting in Austin. Committee members will also seek the views of other teachers in their own districts concerning each book or comprehensive system submitted for adoption.

A series of public hearings will be held in Austin in order to gather citizen viewpoints and opinion before the State Board of Education adopts textbooks at its November 12 meeting in Austin. The new materials will be available for students on September 1, 1978.

Elementary subjects scheduled to receive new materials include elementary Spanish for grades three through six, Texas history and geography for grade seven, and literature for grades seven and eight.

Secondary subjects on the list include English composition,

drama, biology, chemistry, German, Spanish, fundamentals of the free enterprise system, general business, office procedures, business mathematics, and driver education and traffic safety.

Regional education service centers where the textbooks and supporting materials will be on display include: Region I, 1900 West Schunior, Edinburg; Region II, 109 North Chaparral, Corpus Christi; Region III, 2710 Hospital Drive, Victoria; Region IV, 1750 Seamount, Houston; Region V, 2900 North Street, Beaumont; Region VI, 2107 Avenue I, Huntsville; Region VII, 818 E. Main Street, Kilgore.

Also, Region VIII, 100 North Riddle Street, Mt. Pleasant; Region IX, 3014 Old Seymour Road, Wichita Falls; Region X, 400 E. Spring Valley Road, Richardson; Region XI, 2821 Cullen Street, Fort Worth; Region XII, 401 Franklin Avenue,

Waco; Region XIII, 7703 North Lamar, Austin; Region XIV, 3001 North Third, Abilene; Region XV, 100 North Magdalen,

San Angelo; Region XVI, 1601 South Cleveland, Amarillo; Region XVII, 700 Texas Commerce Bank Building, Lubbock; Region

XVIII, Pliska Drive, Terminal, Midland; Region XIX, 6611 Boeing Drive, El Paso; Region XX, 1550 N.E. Loop 410, San Antonio.

USDA To Conduct Review

At President Carter's request, USDA's Soil Conservation Service is conducting a review of all small watershed projects in Texas under construction or approval for construction, SCS State Conservationist George C. Marks said today.

Projects under review include those administered by SCS under Public Law 566, which limits the size of watershed areas to no more than 250,000 acres. The multi-purpose projects always call for land treatment to reduce soil erosion and siltation. They generally include such flood prevention structures as earthen dams and water impoundments. Some projects also provide local people with domestic and industrial water supply, irrigation water, recreation, and fish and wildlife habitat.

Marks said the review will be made in two phases.

"The first screening," he said, "will be to identify those projects that are unquestionably sound -- environmentally, economically, and from the standpoint of safety of structures. This phase is to be completed by April 29."

The SCS official said that projects which do not pass the initial screening will undergo more thorough study, with the process to be completed by June 15. Projects then selected for public hearings will be announced on June 17.

Marks said that any hearings will be held in the vicinity of the projects before July 1. Final recommendations on projects will be provided to the President by July 15.

The State Conservationist said projects that pass the initial screening will have to meet the following three criteria:

1. No additional major adverse environmental impacts would result from project completion;
 2. The remaining direct benefits exceed remaining direct costs when discounted at a rate of 6-3/8 percent; and
 3. No credible question remains to be resolved concerning the safety of project structures.
- The Texas review is part of a governmentwide study of all water resource projects ordered by President Carter. An inter-agency task force coordinated by the Council on Environmental Quality and the President's Office of Management and Budget developed the criteria. A total of 77 projects are being reviewed in Texas.

COMPETING FOR STATE TITLE...After winning second place in regional competition at Lubbock last weekend, the Muleshoe 440-relay team will be traveling to Austin for state competition on May 6-7. Team members are from left, Debra Washington, sophomore; Evelyn Grace, junior; Sheryl Stovall, senior and Diane Medock, sophomore. Their winning time at Lubbock was 49.3 with first and second place teams to go to state competition.

When is the tornado season? In what direction should you look for tornadoes, in case of a tornado warning? The tornado season will begin in about two months. Tornadoes are more frequent in spring and early summer than any other time of the year, although they occur at other

times during the year. Sometimes they occur quite late in the year, and several have already been reported during the last days of February this year.

Tornadoes can be expected to approach from the west, as

Art and Sport
Maude--"It took nearly twenty sittings."

Madge--"Why, darling! Don't tell me that you have had your portrait painted?"

Maude--"Oh, no; Harry has been teaching me to skate."

a general rule. They may come from the northwest or the southwest but, in most cases, they will come from a westerly direction.

They do not move at great speed, but the circular winds within the funnel are very high velocity winds. They should be avoided always, and because of their smallness, one can practically always dodge them in an automobile, or even sometimes on foot--in daylight. Tornadoes in the early morning hours, just before daylight, occur before warnings are heard and many are injured as a result.

Institute Hosts Texas Environmentalist

Charles R. Barden, Executive Director of the Texas Air Control Board, addressed the opening session of the Environmental Management Institute of the University of Southern California on Wednesday, April 13, 1977.

In Institute, the only one of its kind in the country, is a three-month, highly concentrated program of studies that offers 12 units of graduate credit. Participants, limited to 25 each session, are experienced practitioners in the field of air, water, solid waste and pesticide control and are drawn from national, state and local environmental control

agencies and foreign countries. In addition to regular University faculty, experts from many specialty fields take part in the program to bring the problems of the everyday world to the classroom.

Barden traced the development of the air pollution control efforts in the State of Texas from the early days of smoke abatement and nuisance law to the present variety of activities of the Texas Air Control Board and the complexities of enforcing the Texas Clean Air Act, which involves work with county and local authorities, industry and the U.S. Environmental Protection Agency. Barden stressed the uniqueness of the problem of Texas and some of the similarities of the problems in Houston and Los Angeles relating to heavy traffic conditions in such sprawling urban centers.

Later in the day, Jeb Stuart, Air Pollution Control Officer, Southern California Air Pollution Control Board, and Eric Lemke, Deputy Air Pollution Control Officer for Los Angeles County, joined Barden as panel members to discuss the challenges presented by Barden to the students. Among these are the growing problems in pollution control associated with the need for more and different sources of energy, the greater reliance upon coal as a substitute for natural gas in electric power generation, and pollution from automobiles associated with congested traffic.

Barden cautioned the participants, "We are yet a long way from solving all of our problems, but we have made progress, and there is real hope for the future. We have reached the stage where further reduction in pollution becomes much more costly. Total costs are not in dollars alone. In the air pollution field beyond economic balances, we must include sociological factors as well, including jobs, public welfare, and the utilization of scarce sources of energy. We are dealing with the very quality of life itself."

The Institute, the only one of its kind in the country, is a three-month, highly concentrated program of studies that offers 12 units of graduate credit. Participants, limited to 25 each session, are experienced practitioners in the field of air, water, solid waste and pesticide control and are drawn from national, state and local environmental control agencies and foreign countries. In addition to regular University faculty, experts from many specialty fields take part in the program

Mules...

Cont. from Page 1

Pole vaulter Mike Northcutt was fifth with eight feet, six inches and Mark Northcutt was seventh in the high jump with five feet, two inches.

Fifth in the broad jump at 17 feet, nine inches was Jim Norman, as Sam Whalin was first in shot put and Leo Anguiano, second. In the discus, Leo Anguiano was 4th with 123 feet and Sam Whalin, fifth with 121 feet.

Muleshoe's eighth grade was fifth in the same event, with 59 and three fourths points. Charles Walker, Bobby Perez, Felix Norman and Israel Orozco, paced the 440-relay team to a fourth place win at 50.4.

In fourth place was the 880 dash by Ramon Guillen, with a time of 2:29.4 and Bryce Kutzli was sixth at 2:30. Charles Walker placed second in the 120 high hurdles with a time of 17.3 and Albert Lopez was sixth in the 100 yard dash with a time of 11.6. William Orozco was sixth in the 440-yard dash with 63.1 and Bobby Perez, sixth in the 220-dash with 26.4.

In the 1320 yard run, Felix Reyes was third at 3:51.0 and Larry Bessire, sixth at 3:58.0.

Ricky Medlock, Felix Norman, Charles Walker and Bobby Perez were third in the mile relay with a time of 4:02.4; Marvin Lewis was third at 44 feet, four and one-half inches, and Joe Lopez, sixth with 36 feet, one and one-half inches in the shot put. Carrol Precure was fourth in discus with 105 feet, nine inches and Charles Walker fifth in the high jump at four feet, 10 inches. Pole vaulter Benny Pena was fourth, as was Michael Davenport, each with seven feet, six inches.

Muleshoe seventh grade track team swept the district in their event.

Monty Hysinger, John Orozco, Israel DeToro and Joe Martinez comprised the first place team in the 440-relay with a time of 51.6. George Vela was first in the 880 with 2:23.1 and Joe Martinez was first in the 100-yard dash with 11.6; Monty Hysinger, third at 11.8 and John Orozco, fifth at 12.0.

Muleshoe became the team champion with 132 points, including the above and Johnny Ybarra fifth in the 440 with 65.1 and Fernando Casanova, sixth at 66.0 in the same event.

Second in 330 high hurdles was Trent Kirven at 49.7 with Ronnie Angeley, sixth in the same event at 52.2. Monty Hysinger was third in the 220 with 27.1 and George Vela, fifth with 27.4. In the 1320, Larry Norman was second with 4:00.3 and Gravel Martinez, fifth with 4:06.8.

George Vela, Joe Martinez, Trent Kirven and Fernando Casanova were second in the mile relay with a time of 4:16.4. High jumper Ronnie Angeley and Fernando Casanova shared third place honors, each at four feet, six inches and George Vela was first with 17 feet, three and one fourth inches, Trent Kirven, second with 15 feet, nine and one half inches and Joe Martinez, third with 15 feet, seven inches in the long jump.

The Lonely Heart

Now that the baseball season is about ready to get underway there are people who will forget pressing business.

The world would be a nicer place to live in if so many didn't have an axe to grind or a motive behind his (or her) behavior.

MISS CASSIE PRECURE

Miss Cassie Precure Feted With Gift Tea

A gift tea honoring Miss Cassie Precure, bride-elect of Larry Shafer, was held Saturday, April 23, in the home of Mrs. Royce Turner.

The serving table was laid with a white linen cloth with lace trim. A spring arrangement of silk flowers was used as the centerpiece. Refreshments were served by Miss Linda Lambert and Miss Judy Precure from silver and crystal appointments. Miss Donna Grimsley, Hereford, registered the guests.

Special guests of the honoree were Mrs. Kenneth Precure, mother of the honoree, Mrs. Jim Shafer, mother of the prospective bridegroom, Mrs. R.D. Precure, grandmother of the honoree, and Mrs. Roy Atchison, grandmother of the prospective groom.

Hostess gifts were a set of stainless cookware, an electric skillet and a mixer.

Hostesses for the occasion were Mrs. Oscar Allison, Mrs. Harold Allison, Mrs. Eldon Davis, Mrs. Jimmy Skipworth, Mrs. Royce Turner, Mrs. Melvin Seymour, Mrs. Clarence Mason, Mrs. Johnnie Nickels, Mrs. Mark Grimsley, Mrs. W.G. Harlan, Mrs. Evan Ham-

ilton, Mrs. Ed Nickels, Mrs. James Jennings, Mrs. Clifton Finley, Mrs. E.T. Ford, Mrs.

MISS MERYL WATSON

Miss Meryl Watson Honored With Shower

A bridal shower honoring Miss Meryl Watson, bride-elect of Dusty Davis, was held Sunday afternoon April 24, in the home of Mrs. Dean Spraberry.

The serving table was laid with a white chiffon cloth. The centerpiece was a floral arrangement of silk flowers in spring colors on a silver pedestal. Refreshments of thumbprint cookies and slush punch were served from silver appointments.

Greeting guests in the receiving line were the honoree, her mother, Mrs. Rowena Watson, and Mrs. Mary Porter Davis, mother of the prospective bridegroom.

Special guests were Mrs. T.W. Watson of Muleshoe and Mrs. Kenneth Woolley of Portales, grandmothers of the honoree, Mrs. U.B. Porter of Muleshoe, grandmother of the prospective groom and Mrs. Robin Davis and Mandy of Sudan, sister-in-law of the prospective groom.

Hostess gifts were an upright vacuum cleaner with attachments and some pieces of her pottery.

Hostesses for the occasion were Mrs. Benny Pena, Mrs. David Stovall, Mrs. Gordon Wilson, Mrs. James Crane, Mrs. Kenneth Precure, Mrs. Dean Spraberry, Mrs. Norman Head, Mrs. Haney Poyner, Mrs. Barbara Milburn, Mrs. Louise Allen, Mrs. Ray Lynk, Mrs. H.D. Hunter, Mrs. Olan Burrows, Mrs. Cleve Bland, Mrs. Jimmy Skipworth and Mrs. Gary Mac Brown.

Reliable sources of information on basic nutrition and help in understanding and following special diets can be obtained from your local Dietetic Association or by writing to the American Dietetic Association, 430 North Michigan Avenue, Chicago, Illinois 60611.

MISS LANA WAGNON

Bridal Shower Fetes Miss Lana Wagnon

A bridal shower feted Miss Lana Wagnon, bride-elect of Tim Sooter, Saturday afternoon, April 23, in the home of Mrs. Douglas Bales.

The serving table was laid with a white polyester cloth. A silver candelabra with blue candles and an arrangement of blue and yellow silk flowers, the bride's chosen colors, was used for the centerpiece. Thumbprint cookies, nuts and banana punch were served to the guests from crystal appointments.

Special guests were Mrs. W.B. Wagnon, Jr., mother of the honoree, Mrs. Joe Sooter, mother of the future groom, Mrs. J.B. Wright, grandmother of the

honoree, and Mrs. Clara Cummins, grandmother of the future bridegroom.

Hostess gift was an electric mixer and the silk flower arrangement.

Hostesses for the occasion were Mrs. Eugene Black, Mrs. Haney Poyner, Mrs. Gary Dale, Mrs. David Sudduth, Mrs. Bill Loyd, Mrs. Gene Caldwell, Mrs. Ross Goodwin, Mrs. Philip Garrett, Mrs. Bobby Henderson, Mrs. Bernis Camp, Mrs. Roland McCormick, Mrs. Douglas Bales, Mrs. Robert Blackwood, Mrs. Don Harmon, Mrs. Kenneth Nesbitt, Mrs. O.M. Self, Mrs. Gene Hamilton and Mrs. Troy Atkinson.

First Grade Students Studies Proved In Favorite Recipes

Students in Mrs. V.L. Tanner's Language and Arts class have a unique talent for writing. These 30 children are only in the first grade and have already progressed highly in phonics since the beginning of the school year as these recipes prove.

Mrs. Tanner has been a teacher for 26 years. She is presently teaching at the Richland Hills Elementary School.

The following recipes are the favorite food of each student and wrote up the way they make it.

Enchilodous
First get some torteaues. And I love tortaus. Well lets get bak to the subjit. And get how meny you want, thin cook them. Then stuf them with chily thin put tomatos juse on them. Then they or redy to cook.

Penutbutter sandwich
Get some penutbutter and bread and then you have a penutbutter sandwich after you put the penutbutter on the bread.

Sandwich
You get some bread and manase then you put the manase on the bread then you might put meat on it.

Sandwich
My favoret kind of sandwich a peanut butter and jelle sandwich and this is the way to make it. First you put some peanut butter thin you put some jelle on the bread.

Sandwich
Put a peace of letus. Then put a peace of cheese. And two peaces of bread.

Hot Dog
Get some chilly, unyans, a bun and a weeny and cheese the put it in the bun.

Hot-dog
Get a bun put it in a oven to warm in 5 mi. take it out, put maynase and musterd on it, put a hot-dog in it. And-Then-Eat-It Got-It?

Suzanne

Sandwich
First bread and then cheese tomatoe and then letus, manase.

Pie

This is how to make a pie. Put the Pie mix in the Pan the Mix it up whin it's mixed. Up good pur. The mix in the pan. And cook it. I like cherrie pie.

Noodlesup

First warm hot water and then get the noodles out of the sak. And then put the noodles in the cup. And then put the water in the cup and then eat.

Toreteatose

First you get one toreteato shell then some meat in the shell then some cheas and then eat.

Hotdog

This is the way you make a hotdog. You get a bun. And put it in the oven to worm. Whin its redy take it out. Then get some musterd. And get a nife put the nife in the musterd. Get some musterd on the nife. Then spread it on the bun. Then get a weeny. And put it on the bun. Then cook the hot dog take it out whin its redy.

Hot Dog

I like to eat hotdogs, and i can make it. Put a weeny and Put some anyen and put chily in the bread a then you can eat it.

Sandwich

How to make Sanwich first you put sum meat then you put sum letus and cheeson two pesses uv bread.

Sandwich

I like to make Sandwich get two bread and butter Put the butter on the braed and one ham and letus and tamatos.

Hotdog

Get some hatdog buns and spread the musntr and Get some

Hot Dog

Get some chille and a bun. And some mustger and some unyans. And a weeny and some cheese. Put the weeny on the bun, and then put the chilly on the bun and put the cheese on the bun.

Sandwich

You get bread then chilli then cheese, meat unguns pikils, bolgna tomatoe Butter. then you eat it. The End.

Hot Dogs

I like to eat hotdogs, and i can make it. Put a weeny and Put some anyen and put chily in the bread a then you can eat it.

PTA Officers Installed

The Muleshoe P.T.A. executive committee met April 18, for a business meeting. The minutes were read and approved and a treasurer's report was given.

Home economics girls who babysat during the year will be given an appreciative donation for their help.

The officers and chairmen for 1976-77 were voted on and installed. The installation ceremony was presented by Mrs. Robert Hunt, a former member and past president. The theme was "Color Me".

New officers are Mrs. Lindy Chancey, president; Mrs. John Harris, first vice president; Mrs. Wayne Holmes, second vice president;

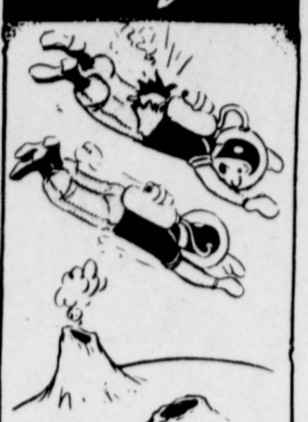

Mrs. Lyndon Huckaby and Mrs. Don Cumpton, third vice presidents; Mrs. Gilbert Dale, secretary; Mrs. Kenneth Ferguson, historian; and Mrs. Andy Douglass, parliamentarian.

Round-up Day for pre-school children at Richland Hills Elementary will be Friday, May 6. P.T.A. will sponsor an eye clinic on this day at Richland Hills for the Pre-school children needing eye checks. P.T.A. volunteers will be working all day for this purpose.

The next meeting of P.T.A. will be in September.

NBC to televise 1980 Olympics in Moscow.

HARD AT WORK... Students of Mrs. V.L. Tanner at Richland Hills Elementary are hard at work on lessons that teach them correct language. They are enrolled in Language and Arts half a day with Mrs. Tanner.

RECIPE

By Sarah Ann Sheridan

Hearty Soup

- 1 lb. ground chuck
- 1 lb. ground round steak
- 1 large onion, sliced
- 1 large potato, cubed
- 1 (46 oz.) can tomato juice, heated
- 1 large carrot, diced
- 2 stalks celery, sliced
- 1/2 small head cabbage, shredded
- 1/2 c macaroni (raw)
- 1/2 c rice (raw)
- touch salt
- 1 large hot red pepper, if desired

In Dutch oven or heavy pot, cook meat and onion over medium heat, until meat has lost its red color and onion is tender. Add warm tomato juice (canned tomatoes may be used). Then add vegetables, one at a time to retain individual flavors. Add layer on layer -do not stir.

Crisscross raw macaroni and rice over the top. Add hot pepper last (if desired). Cook ingredients slowly, about an hour, until all are done. Do not bring to a boil. Let cool to lukewarm before stirring through vegetables to mix well. Add hot water, if necessary to thin soup. Remove hot pepper before serving. Serves 12 or more. Any leftover soup will freeze well.

Corn sticks are a complement to this hearty meal.

This is a good year to cultivate a vegetable garden. It will give you good exercise, an opportunity to admire nature and, maybe, something to eat.

There are people in the world who hate to pay anyone for anything.

Advertising, properly handled, shouldn't cost anyone anything.

No business ever became great without a program of progressive expansion.

Texas Department of Agriculture
Reagan V. Brown, Commissioner

What's Your Beef? ... Not So... Wheat Crop Declines.

Texas livestock producers will be studying during the next several weeks the merits or demerits of a proposed beef check-off referendum.

Purpose of the proposal is to provide funds with which

to improve the image of beef, provide research funds, market development programs, and producer information.

A deduction of .3 of 1 per cent (30 cents per \$100 of sales) would be made at the producer level. This money would then go into a

national fund. It would be administered by a beef board, to be made up of 68 livestock producers. About \$35 million annually could be raised.

Producers who did not want to contribute their money can get it back by making a request for it.

The Beef Board membership is made up according to the number of livestock in each state. Texas will be allowed seven members on the board. Membership on the Board from other states ranges from 1 to 3.

You will get to vote on the proposal in the near future. But in order to vote you must register at your county Agricultural Stabilization and Conservation Service office. To make the proposal effective, at least 50 per cent of those who register must vote, and of that number a two-thirds majority vote will be needed to put the plan into effect.

The program is designed to help the cattle industry by utilizing the check-off funds for research, promotion and education activities. It is a self-help program, similar to the cotton check-off program.

Recent Reports about farm prices going up do not jibe with Texas farm prices. The Texas Crop and

Livestock Reporting Service notes that farm and livestock prices decreased less than 1 per cent during the past month.

The price of wheat continues to be an excellent example of the farm price situation as it affects producers. Wheat in Texas averaged \$2.38 as of the middle of March, a month ago it was \$2.42, a year ago it was \$3.68 per bushel.

Cotton showed a slight increase; hogs were down about \$2.40. Beef cattle were up slightly as were calf prices.

Wheat production in Texas is now projected to be eight per cent below a year ago and almost 30 per cent below the record crop in 1975.

The Texas production figure is now 95 million bushels. A nationwide forecast of wheat will be made May 10, based on May 1 conditions.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Creek may be out of his depth, his letter suggests this week.

Dear editor:
Of all the things I don't understand, one of the uppermost is Foreign Policy.

For example, recently Secretary of State Vance went to Moscow for a talk with Russian leaders and the meeting was

termed a failure because Russia wouldn't agree to his proposals. Had she agreed, the meeting would have been hailed a success, when everybody, especially Russia, knows Russia will keep an agreement with one country just as long as a better agreement with another one doesn't come along.

I estimate that in the past 25 years at least 500 agreements between nations of the world have been signed, and 499 broken. The one that wasn't broken got lost in the files somewhere and nobody could remember what it was.

Foreign policy is like the tail fins Detroit used to put on cars. Nobody knew what they were for but everybody had to have some on his car. Foreign policy is like fashions in clothes. What's in this year will be out next year, but what country wants to be out of style?

Most of the time, it looks to me, our foreign policy consists of signing an agreement on top of a table and passing money under it. When the money stops, the agreement is canceled.

I got to thinking. What would happen if all the countries of the world got together and agreed to abolish all foreign policies? Just do away with the things, on the grounds their cost-benefit ratio is out of line, they cost more than they gain.

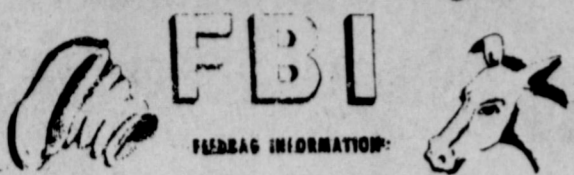

Some people will argue it won't work, it'd leave the world's countries quarreling and snarling and ready to grab each other by the throat, with every nation arming itself to the teeth. We couldn't have that.

Yours faithfully,
J.A.

Seventh Grade Wins First At Friona

Last Saturday, April 16, the 7th grade boys went to Friona for a practice meet. They came in 1st place overall. In the Mile Relay Fernando Casonova, George Vela, John Orozco, and Joe Martinez placed 2nd with a time of 4:12.5. In the 440 relay Monty Hysinger, John Orozco, Trent Kirven, Joe Martinez won 1st place with a time of 51.1. For the 880 yd. dash George Vela placed 1st with a time of 2:24.4. In the 120 hurdles Ronnie Angely placed 2nd with a time of 20.1 and Trent Kirven placed 3rd with a time of 20.7. In the 100 yd. dash Joe Martinez placed 1st with a time of 11.8 and Israel Del Toro placed 3rd with a time of 12.4 and Jeff Meeks placed 4th with a time of 53.8. In the 220 Monty Hysinger placed 2nd with a time of 26.6 and George Vela 3rd with a time of 26.9. In the 1320 Larry Norman placed 1st, Gravel Martinez placed 2nd, and Steve Orozco placed 6th. In the discus Monty Hysinger threw it 90'6". In the high jump Ronnie Angely cleared 4'6". In the long jump George Vela placed 2nd with a jump of 16'9" and Joe Martinez 3rd with a jump of 15'9".

they came out 2nd. Everyone feels that these 7th grade girls really put out their best for the last trackmeet. The results in the relays were 1st in the 880 and 2nd in the mile relays. In long jump Michelle Townsel had 1st with a jump of 14'9". In shot put, Ella Graves got 1st. These are just a few of the many fine results of the seventh grade girls.

Junior High Honor Roll

6th GRADE:Jackie Kutzli, Patty Garcia, Sandra Speck, Martha Flores, Rhonda Dunham, Sandra Haight, Sharla Hawkins, Dana Smith, Martina Valdez, Kim Farmer, Kristi Etheridge, Eddie Flowers, Lori DelToro, Joni Suddeth, Scott Campbell, Marilee Cox, Todd Holt, Tamar Gilliland and Stacy Schroeder.

1977 Muletrain Dedicated To Coach

The 1977 Muletrain Junior Yearbooks has always arrived at Muleshoe Junior High. The annuals were handed out to the student body that had purchased them during the school year on Wednesday, April 20th. The dedication to Coach Sharyn Flowers was read out of the yearbook before they were handed out over the PA system. A plaque was also presented in appreciation for her hard work in the school. The dedication in the yearbook read as follows: "This year the Journalism staff would like to dedicate the 1976-77 annual to Coach Sharyn Flowers. Coach Flowers is a friendly and dedicated person. She is very deserving of this award. Coach flowers teaches 8th grade health, coaches 6th grade PE, 7th grade athletics

and the 8th grade "A" team. She is always willing to stay after school with the athletic girls, and has spent many hours with the cheerleaders. She has helped the student council and kept the clock at the football and basketball games. We would like to thank her and wish her the best of luck in the future." There are some extra annuals selling for \$6.50. If you are interested in buying one, contact Mr. Richardson or a member of the Journalism staff.

Mule Gain Track Honors At Friona

Last Saturday, April 16, the Muleshoe Mules attended a practice meet at Friona. The Mules finished last in the meet. In the 880 yard run, Brice Kutzli finished 4th running it in 2:28.8 and Ramon Guillen got 5th with a time of 2:31.9. In the 120 yard intermediate hurdles, Charles Walker won 3rd with a time of 18.2. Orozco won 4th place in the 100 yard dash running a time of 12.1 and Albert Lopez was 5th with a 12.2. In the 220 yard dash, Bobby Perez ran a time of 26.0

Eighth Grade Girls Slated For District

The 8th grade girls went to their district track meet at Olton. The meet was April 15th. The girls left at 7:30 that morning. The meet started at 9:00. There were six teams going against each other. The girls didn't do a good job on their field events. There was alot of competition on the field events. The girls only scored two points on field events. Shelli Hawkins placed fifth in long jump. The girls did a very good job in their running events. They won all three relays. The mile relay team was Nora Rojas, Shelli Hawkins, Beatrice Garcia, and Lupe Pacheco. Nora Rojas took Sharon Carpenter's place and she did a very good job for the team. They placed first on the mile relay. Wendy Stice placed third in the 100 yd. dash. Then, Karn Franklin got sixth in the 80 yd. hurdles. Tyree Wagnon placed fifth in the 880 yd. dash and Keva Roming also placed sixth in the 880 yd. dash. So, over all the girls ended up with 80 points and 4th place at the district track meet.

Girls Track Competed In Olton Meet

The 8th grade girls went to Olton Monday, April 4th for a track meet. The girls did a good job. Every girl had a chance to place in their event. All of the girls really tried hard to place in a higher position. Over all we had 203 points. We got second place out of three towns. It was a good chance for all the girls to have some good competition and to help get them ready for the district meet. The girls did better in their field events. Beatrice Garcia got first in triple jump and Michelle Townsel got fifth. In long jump Shelli Hawkins placed 3rd and Michelle Townsel 6th. Then in the discus throw Estolia Gonzales got 2nd and Sharon Carpenter placed 6th. In high jump Sharon Carpenter got 4th place and Shelli Hawkins placed 6th. Ella Graves placed 3rd and Anna Martinez placed 4th in the shotput. The relay teams did a pretty good job. In the 440 yard relay they got 2nd and in the 880 yard relay they placed 1st and 5th. Then, in the mile relay they got 1st and 3rd. Nora Rojas placed 1st in the 1320 and Karen Franklin got 3rd. In the 80 yard hurdles Sharon Carpenter got 3rd and Karen Franklin 4th. Wendy Stice placed 2nd in the 100 yard dash and Ella Graves got 4th. In the 220 Michelle Townsel got 2nd and Robin Burgess got 4th. They brought home alot of blue ribbons. The girls did good considering that they didn't get a rest from the time they started till it was over. Their next meet will be at Olton for district on April 15th.

Junior High Will Choose SC Officers

The students at Muleshoe Jr. High are campaigning for Student Council offices this week and the first part of next week. They are putting up posters and handing out name-tags to get the student body to vote for them. The offices the students can file for are President, Vice-President, Secretary, Reported, Chaplain, Historian, and Parliamentarian. We will have the elections for cheerleading and Student Council offices Wednesday at 9:00 and the balloting will begin after the cheerleading try-outs and officer speeches are given. We congratulate these students for their hard work in their campaigning.

NEW TSTA OFFICERS INSTALLED . . . Using a new 'temporary' name technique, designating the various offices of the organization, Mrs. Loyce Killingsworth installed new TSTA officers Thursday night; from left, Mary B. Obenhaus, president; Pat Watson, first

vice president; Jo Jinks, second vice president; Treva Taylor, secretary; Lily Goodin, treasurer and Lucy Faye Smith, parliamentarian.

On Wall Street By Bob Hill

more expensive than electricity made from coal. Nuclear plants now in operation spend an average of 1.5 cents to generate a kilowatt-hour of electricity compared to 1.8 cents for coal fired plants, says the Edison Electric Institute. But skyrocketing uranium prices and increased regulatory requirements threaten to raise nuclear power costs above those of coal. Also, the cost of reprocessing, re-

It's clear by now that the U.S. is on the wrong track when it comes to nuclear power. It has been a time-honored view that the U.S. would one day have a completely energy independent economy based almost exclusively on nuclear power. But, that view has now given way to an approach that calls for limited use of nuclear power until more environmentally harmonious and more economically sensible sources of energy are developed.

Nuclear power isn't dead by a long sight. Some parts of the country have no choice but to go for more nuclear power. But nuclear power has not grown nearly as fast as experts had predicted, and it may never grow as much as they have assumed.

The nuclear industry wants "breeder reactors" that will actually produce more energy in the form of plutonium than they consume in the form of uranium. But disposing of concentrated nuclear wastes safely is immensely more difficult than storing spent fuel rods in pools in water. And recycling plutonium from either reprocessing plants or breeder reactors requires frequent and routine handling and transport of the most dangerous cancer-causing substance known to man.

Nuclear power may yet prove cycling and waste disposal could make it even more expensive. Government funding for development of the breeder reactor is running \$656 million a year and it may cost several billion dollars to get the first one into commercial operation. At the earliest that would come in the mid 1990s. House approves probe of alleged S. Vietnam gifts.

Potato Lovers Will Learn The Vegetable

Millions of diet conscious consumers will see more advertising, public relations and merchandising materials this year telling them why they should eat more of America's most popular vegetable; the low calorie potato. The three pronged 1977/78 promotional program was unanimously approved at The Potato Board's fifth annual meeting April 5-6.

The 90-man Board which represents the nation's 18,000 growers and handlers, formalized the 1977/78 program and also elected new officers for one year terms. President is Wisconsin's Ernest J. Bushman. Three vice presidents were named: California's David L. Moore, Washington's John B. Corson and Maine's Basil S. Fox. Secretary is Virginia's E.C. Downes, Jr., and treasurer is Colorado's James T. Tonso.

Advertising and public relations will continue to build a positive base for increasing potato consumption. The Board's four-year program of making consumers aware that potatoes are low calorie and highly nutritious is paying off. Board members learned. Executive Vice President Robert L. Mercer showed that the upward potato consumption curve in both fresh and processed forms is the first ever for two consecutive years.

The new Board ads will appear in the next 12 months in 34 consumer magazines. One ad shows an animated potato telling readers "I am not fattening!" The copy explains that potatoes are lower in calories than cottage cheese, rice, lamb chops or bran flakes. The ad

also emphasizes the importance of carbohydrates in modern diets. The second ad delivers basically the same message under an intriguing headline printed above a steaming baked potato: "99.9 percent fat free."

Additional specialty ads will appear in 13 publications directed at doctors, dietitians, restaurant and institutional food-service operators and the produce industry.

With an eye toward developing future advertising, the Board voted to reach consumers to pinpoint new ways of telling the potato story.

Public relations will expand many past successful programs aimed at consumers, educators, institutional foodservice operators and nutritionists. New elements include a home economist who will tour 15-18 major cities for the Board promoting potatoes on television, radio and in newspaper interviews. She also will offer the popular "Potato Lover's Diet Cookbook" and the "Food Counter's Guide" written by the Board's nutrition consultant Ron Deutsch. The new potato industry spokesperson will appear at state association meetings, ladies programs and conventions.

Deutsch will visit major radio and television stations promoting his new guidebook which helps calorie-conscious consumers understand why potatoes should be part of a reducing diet. A new film for classroom use by home economics teachers is being readied for the coming school year. The film will be loaned free to educators to show students the elements of sound

nutrition.

The Slender Gourmet potato diet plate promotion completed in past months at five Marriott hotels will be expanded to include the entire 50-hotel chain.

The Board and a generic potato processor organization will cooperate on a program to encourage greater use of processed potatoes in restaurants and other foodservice operations.

The Potato Board's merchandising program has been expanded to enable it to better serve a significantly larger list of participating grocery chains. Since February 1 the list of participating chains has grown from 51 with 18,200 stores to 71 chains with more than 24,000 stores. By June the list should top 30,000 stores. The coming year will be devoted to providing materials for the merchandising kit were approved.

These items include revising and printing many items with attractive color photos. Three different price card sizes are included in each kit and the new cards will show appetizing, ready-to-eat potato dishes. A new shopper's guide for consumers will feature potato nutrition and calorie information along with buying, storing and cooking tips. This four-color guide will complement attractive recipe leaflets featuring some of the Board's most popular recipes. Leaflets are seasonal; one provides warm weather serving ideas while the second offers suggestions for the cooler months.

Southern California covergirl models -- Misses Red, White and Russet -- add new eye appeal to the audio-visual presentation used at produce training seminars. The models also illustrate a poster used in participating stores to remind produce clerks of the important seven points in successful potato merchandis-

ing. The Board will update its clip art brochure to help stores

Tornado Season Now Underway

Hot, humid, windy weather can be a dangerous signal for Texas during the spring months.

Why? Because these weather conditions breed tornadoes, and Texas is the most tornado-prone state in the nation, says the Texas Agricultural Extension Service.

Texas has an average of 103 tornadoes a year, with most of them occurring in April and May when there are violent winds, severe thunderstorms, and masses of cool and warm air colliding with each other.

Eight out of 10 tornadoes occur between noon and midnight, with more than 20 percent in the two-hour span from 4 to 6 p.m. Tornadoes, which take an average annual toll of 184 human lives in the U.S. usually travel southwest to northeast and stay on the ground about 10 minutes. Their forward speed is about 30 miles per hour, but wind speeds in the funnel of a tornado can get up to 300 miles per hour.

The National Weather Service issues a "tornado watch" when atmospheric conditions are favorable for the development of tornadoes. A "tornado warning" is issued when a tornado has actually been sighted or detected by radar.

If you hear a tornado watch, stay tuned to a radio or television for weather reports, take

produce inhouse bulletins on potato promotions.

Finally, Misses Red, White and Russet will provide visual impact in merchandising's convention exhibit being redesigned for next fall.

cover in a basement, cellar or civil defense shelter and keep a battery-powered radio handy in case power lines are down.

The safest refuge is a tornado shelter, underground excavation or reinforced concrete structure.

If you don't have a basement, stay in the central part of the lowest level of the house or get in a closet or bathroom or under heavy furniture. Open a few windows but stay away from them.

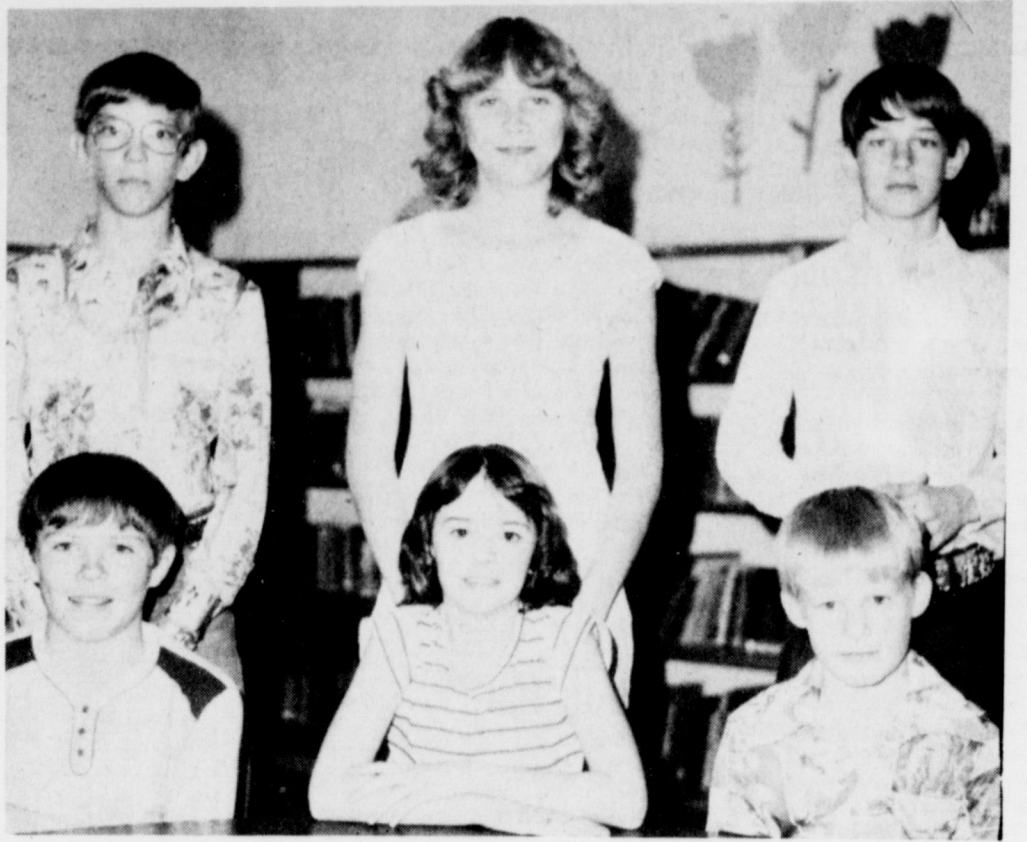

If you're in an office or factory, stay in an inside hallway on the lowest floor or go to a designated shelter.

Get out of mobile homes or old, poorly built buildings and stay away from any structures with free-span roofs such as gyms or auditoriums.

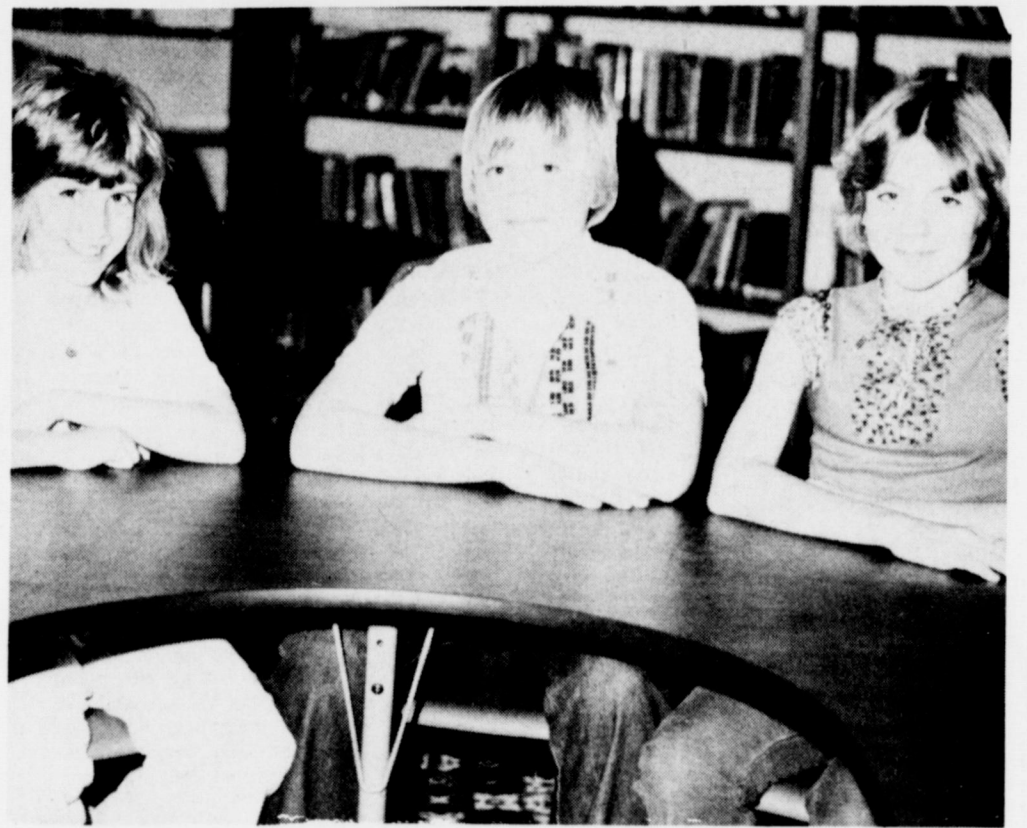

If you're caught in open country when a tornado hits, head for a nearby building or lie flat in a ravine or ditch. Don't stay in a car unless you can drive away from the tornado at right angles to its path.

If you sight a tornado, report it at once, but don't tie up the phone with unnecessary calls.

When clearing up debris from a tornado, wear gloves and thick soled shoes and watch for downed electrical wires and broken gas pipes. Don't light matches or smoke in or near a building that has been hit by a tornado until you're sure there are no gas leaks.

SPELLING AND PLAIN WRITING WINNERS . . . These six students from Lazbuddie placed well in the District UIL Literary contests at Anton, where Lazbuddie won first place with 50 points. LAZBUDDIE WINNERS . . . Winning honors for story telling were these three students from Lazbuddie. They are from left, Wendy Jarman, fourth; Oral Reading winner, Lee Scott, fourth and Kathy Menefee, fifth.

Cattle Profit Still A Year Or Two Away

Although cattlemen are starting to see better prices again, it may still be a year or two before they start making profits.

That's the contention of Dr. Ed Uvacek, a livestock marketing specialist with the Texas Agricultural Extension Service. Uvacek, who has been in the business of analyzing cattle cycles for some time, is basing his projection on the assumption that a new cycle is just now beginning and that the second to the sixth year of the cycle is generally the most favorable period from the price standpoint. Historically, cattle cycles have been highly consistent in both duration and magnitude, generally lasting about seven-to-eight years during this build-up phase.

"Cattle numbers peaked in 1975," points out Uvacek, "and since then, there has been a liquidation which now looks like it is coming to an end. With a new cycle about to start, the years 1978 to 1982 should provide fairly good price years for cattlemen, if history repeats itself. Of course, this doesn't take into consideration such factors as droughts, depressions or similar catastrophic situations."

Uvacek, who has been in the business of analyzing cattle cycles for some time, is basing his projection on the assumption that a new cycle is just now beginning and that the second to the sixth year of the cycle is generally the most favorable period from the price standpoint. Historically, cattle cycles have been highly consistent in both duration and magnitude, generally lasting about seven-to-eight years during this build-up phase.

sufficient income to offset rising production costs.

"In order to survive in this new cattle cycle, cattlemen will have to muster whatever technological, financial and marketing innovations they can get their hands on," contends Uvacek. "The cattlemen of the 1980's must, by necessity, become market-oriented and be extremely progressive. Otherwise, he had better find another vocation."

Family Service Offers Aid In Pregnancies

In the classified section of this newspaper today is a small advertisement headlined "Pregnant? Problems?"

It will continue to appear for the next six months.

It is a message from Catholic Family Service, Inc., a duly authorized child-placing agency licensed by the Texas State Department of Welfare.

Do not be misled by the word Catholic. While it is true that Catholic Family Service, Inc., performs under the auspices of the Diocese of Amarillo, more than half the young women who received help in placing their babies for adoption in 1976 are protestant.

Ancestry of babies placed for adoption last year were 34 Anglo, 14 Mexican, 8 black, and one Indian.

Mothers who appealed to the agency for help last year came from sixteen Texas cities -- most in the Panhandle and South Plains -- and from Kansas and New Mexico as well.

Adoptive parents of 57 children took them home to twenty-two different Texas communities including Deaf Smith County. More than two thirds of the adoptive parents are Protestant, less than one third Catholic, and two percent Jewish.

Catholic Family Service offers eight major programs to assist people with problems: problem pregnancy counseling and adoption, emergency economic assistance, family and individual counseling, advocacy, alcoholism prevention, migration and refugee services, homemaker services, and natural family planning.

The organization has offices in Amarillo and Lubbock. It operates as a non-profit organization. Its financial support comes from fees for service in adoptions and counseling, cost reimbursable contracts with the Texas Department of Public Welfare and the Texas Commission on Alcoholism, and a service contract with United Way of Amarillo. Churches and private individuals also account for a portion of CFS revenue.

Catholic Family Service, Inc., is administered by a staff of thirty-nine under a 16-member board of directors, chaired by John Kratochvil, a prominent Catholic layman who succeeded the Honorable Charles L. Reynolds, Associate Justice of the 7th Court of Civil Appeals. The Reverend James A. Comiskey is executive director.

The Black Bass In Texas

The black basses as a group are perhaps the most popular sport fishes in Texas and with over 350 public reservoirs, 80,000 miles of streams and thousands of farm and ranch ponds, fishing opportunities for this fighter are readily available.

Native black bass species include the northern largemouth, spotted and Guadalupe bass in order of their abundance. The Florida largemouth, a subspecies and the smallmouth have been introduced in some state waters.

The black bass is a member of the sunfish family and is not a true bass. This member of the sunfish family is historically a slough or bayou fish species, but has adapted to the lakes and reservoirs of Texas, as has its cousin the spotted bass. The smallmouth bass, however, is an upland stream or river fish inhabiting both deep pools and riffle systems, but it, too, can adjust to certain types of reservoirs.

Largemouth adapt well in water temperatures of 60 to 80 degrees Fahrenheit. At temperatures below 41 degrees F., bass feeding and growth cease, while temperatures much above 95 degrees F. may become lethal if existing over extended time periods.

Bass may live and thrive in water with a dissolved oxygen content of four parts per million. Oxygen levels of less than two p.p.m. are considered lethal. Most non-polluted water will contain 5-10 p.p.m. dissolved oxygen.

The black bass will grow at a rapid rate where food is plentiful and reservoirs with higher water temperatures and moderate turbidity (depth of visibility) also contribute to the rapid growth of these species.

Largemouth bass may live from 10 to 16 years in colder northern lakes, while five to 10 years is average in the warmer and more southern reservoirs of Texas.

Food requirements for young bass fry and fingerlings include plankton and small insect larvae until they reach a length of 2 1/2-3 inches. At this time, they change to a diet composed primarily of fish. Adult bass feed on threadfin and gizzard shad and sunfishes. Crayfish and aquatic insects are favorite food items of the spotted and smallmouth bass.

Male largemouth bass of one year of age will begin building nests in the spring when water temperatures in the surface layers of a lake rise above 60 degrees F. A female bass may lay from 2,000 to 100,000 eggs, depending upon her size and age. The fry are guarded by male bass for several days but suffer losses from predation by insects and other fishes both before and after leaving the nest. Fewer than one percent of all fry survive longer than a year.

U.S. to seek arms reductions not ceiling with Russia.

Fishing during the spawning season does not hurt the bass population as the production of young bass is not directly related to the number of spawning bass. If a bass is caught off the nest, the eggs or fry are usually lost but young fish from remaining nests survive to take their place.

Fishing for bass is best in Texas from February through June during the spring spawning season. The bass are generally in shallow water and will readily hit a variety of lures. Weed beds, rocks, stumps, boat docks, and other cover that provide shade are ideal spots to try for bass. Various lures and baits from minnows to plastic worms are consistent procedures of good stringers of fish.

Texas anglers have excellent opportunities to catch these fish along with the new Florida/Texas hybrids, Florida largemouth and smallmouth bass. The only requirement is a Texas fishing license and a variety of bait or lures to sucker that old lunker from under his cover.

PLANT A WINNER!

Here is the proof of 5514's top yielding performance.

1976 Official Texas State Yield Trials*
Conducted by Texas A&M University, T.A.E.S.

5514 was a top yielding hybrid in its maturity class at these locations:

Location	Yield/acre	5514's % of test average
Etter	7,803 lbs.	108.6
Lubbock	5,744 lbs.	103.7
San Angelo	3,593 lbs.	103.0
Temple	4,255 lbs.	106.2
Uvalde	5,449 lbs.	108.8
5 Test Average	5,368.8 lbs.	106.4

*Complete results upon request.

"WE KNOW WHAT YOU MEAN WHEN YOU'RE TALKING PARTS."

Charles Moraw Named Outstanding

Charles Moraw came home from college and joined the Muleshoe Jaycees. At the time he became a fledgling Jaycee, he could not know that during the year he was president, 1974-75, the Muleshoe Jaycees would successfully undertake the largest project to ever be conducted locally. He also could not know at that time that he was due for future honors.

Last week, he was named one of the nation's outstanding young men for his work not only during the year of his presidency of the Muleshoe Jaycees, but for the other successful Jaycee work.

The large project was Project HELP (Hospital Emergency, Life or Death Project). Through efforts of the Muleshoe Jaycees, who presented a new car at the end of the project, the amount of the check turned over to the new hospital fund was \$21,760.

Under leadership of President Moraw, the project was undertaken to help obtain funds to construct a new hospital in Muleshoe. His scrapbook presented at the end of his presidency reflects his very busy and active year, including the Project HELP records.

Following that project, the Jaycees won 20 state awards, including 14 chapter awards and six individual awards that year. The Project HELP was also entered in national competition in Florida that year and won a national first place in Health and Safety in Muleshoe pop-

ulation division.

He had other successful projects that year including contributing \$1,342 to the Muleshoe-Stegall Opportunity Plan at West Texas State University at Canyon; bicycle safety classes conducted in June, 1974; July 4th activities; the Miss Muleshoe Pageant and the Muleshoe Jaycees extended the Morton Jaycees. He was also Muleshoe's Outstanding Jaycee that year.

His wife, Sheila, who is originally from Lubbock, expressed her pleasure in her husband's activities during that year, although it meant an extra lot of work, and many, many hours away from her husband, as he conducted his Jaycee leadership work.

Who is Charles Allen Moraw? He was born at Green Hospital in Muleshoe on November 11, 1948 to Mr. and Mrs. Rudolph

Moraw of Needmore.

His mother says, "As a small boy, he would play for hours under a large tree. Some of the time it would be with small animals. He would make corrals and fences of rusty nails and string."

"Sometime it was farming, with miniature tractors, plows, dirt movers, combines and other farming toys. He was not a loner, as he enjoyed playing with the neighbor boys."

Mrs. Moraw continued, "At school, he was just a typical school boy. He has always had a 'dry sense of humor' and he loves people, especially children. Yes, children are special to him, and love him, even though when they are in his care, he has been known to give them a swat on the seat of their pants. Maybe he gets it from his parents. For they say, 'why slap them on the face when God

provides a better place."

His mother said that when he was in the fifth grade, he had an emergency appendectomy. His appendix ruptured following a trip to the doctor's office where the late Dr. L.T. Green later performed the emergency surgery. "It was a close call for Charles," recalled Mrs. Moraw, "but by the help of God, and constant care by Dr. Green and the nurses, he fully recovered."

Charles played Little League baseball for four years and was chosen for the All-Star team. He played Babe Ruth baseball for two years, where he was again named to the All-Star team. In junior high school, he played football under coach Bob Graves.

Coach Graves once said that Charles was picked on by a large boy, and the coach heard Charles say in a low voice, "I'll get you." And, he did! One day the

boy was running downfield when Charles stopped and stuck his foot out and tripped the boy. The bully fell face down on the ground. Coach Graves said there was no more trouble with the boy.

While in junior high school, one of his teachers said, "Another George!" referring to his older brother. She was told they were so different she wouldn't even know they were brothers. At open house during school week, she was heard to say, "I have never seen two brothers so different." George Moraw was always playing pranks on her.

Charles Allen Moraw enjoyed high school. FFA was a favorite class. He took many ribbons home from stock shows and fairs. His first visit to the Astro His mother added, "I think he Dome in Houston amazed him. He could not imagine the immense building.

and his friends enjoyed trying Coach Washington's patience. He still has a paddle that he received several spankings with. Once he knew he was to get a 'coaches' spanking', so before he left home, he was padded and wore two pair of Levi's. He said later, it still hurt.

"Coach Washinton still talks about the time he wore a steel neck brace to school, and told the coach he had wrecked the pickup and his neck was injured. When coach called us, we told him he had not wrecked the pickup and we didn't know he had the neck brace. Needless to say, out came the paddle again."

Charles graduated from Muleshoe High School in 1967 and went on to college.

He is an employee of Barry and Young Equipment and his wife operates the Credit Bureau of Muleshoe.

RECEIVES NATIONAL AWARD... Muleshoe Jaycee Charles Moraw and his wife, Sheila, hold the large scrapbook which reflects his accomplishments during his year as Jaycee President.
