Judge Upson as a Professor of Enthematics.

It is always a pleasure to recog nize genius, but a peculiar pleasure to discover that there is is a genius in our own midst. The times have changed since Gallileo went to prison for "figuring" contrary to popu lar opinion. We do not send our great men to prison now-a-days for W. The man who had the courage to penetrate unknown seas, and to over awe the Texas cattle were being sent here natives of this then savage country by getting up a first class eclipse of the moon, has handed down to us "a name which was not born to die"-which his name was Columbus, the synonym for DISCOVERER.

Now, our Columbus has made a discovery, according to the S. A. Herald, and everybody knows that the Herald never publishes anything The Award for Alabama Damages which is not exactly true-true to the very letter. If anybody disputes this he deals in "whole cloth." Our Columbus has, then, "showed conclusively, in his speech on Saturday night that a proper administration of the Government in Bexar county would result in a saving of \$83,386." Why did he not give us the 33 cents ? History will correct. the cents. In order to fully appreted with several other facts.

CAPT. MCALLISTER leads off in announce ing himself as a candidate for the mayoralty of this City. Come on, gentlemen, let us have a full and lively race and may the bert man win!

THE prevailing characteristics of this City just new are coughs and colds. The price of handkerchiefs has risen. We have had a cold for a week which has held us in doubt as to whether we were a drum-head, or a drum-head court-martial. The inclination to do summary justice upon every displeasing thing, inclines us to the belief that we are martial, And yet no rain! Dust everywhere!.....

A MAN who passes by the name of Henry Williams, was arrested yesterday by detectives Lyons and Buckley, as an escaped convict. He was convicted several years ago of robbing the mails at El Paso, and sentenced to five years imprisonment; but escaped from the Hunteville penitentiary about four years ago, we understand. He has been teaching a private achoel some where south-east of here, and came into the city to make some purchases, when he was recognized, ledged is jail, and will doubtless now serve his time out. SAN ANTONIO, Sept. 25th, 1872. In the "Herald" of the 25th inet., there appears a maliciously unfair criticism on a recent speech of mine made before a Re- made that it was a grand specific for publican Clab.

Until recently I have been a reader of the New York "Tribune" and the views enunciated by me may be attributed to bruises, burns, spasms, &c., and was found this circumstance, although I have never this circumstance, although I have never followed the example of Mr. Greelev in defaming the ladies of the South. But for spread rapidly, and MUSTANG LINIMENT the teachings of "the sage," I might have soon took rank in every State and Terribeen in " Duff's Regiment" yet.

According to the "Herald" and its scribblers Horsce is the "Nation's hope" and I am "a blood-thirsty wretch;" all of which, however, does not appear, as do the ears of "Reform."

Respectfully, ALEX. E. SWEET

MR. WM. G. TOBIN, anticipating the energy and enterprise which at some future day will undoubtedly characterize the people of this city, making it the centre of countless railroads, the depot of a vast commerce, the home of manufactures, and the busy hive of a trade hitherto unknown in the annals of the Western World, is about to open a new Hotel in the Vance Building, on Houston street. He will probably call it the " Maison de Vance"although of this we cannot speak authoritatively. He wants just now, waiters see his advertisement. Tobin is a born landlord, and ought to have better opportunities to spread himself, than the dull times of this City just now offer. But we will keep our courage up, and wait for the good time coming.

WE take pleasure in notifying the pub-He that Mr. L. Bernard will open and offer on the 1st of October next, in Mr. Zork's new store, on Commerce street, an entirely new and well selected stock of Dry Goods, Clothing, Ladies and Gent's Furnishing Goods, Notions, Fancy Goods, etc., St., Philadelphin, Page (4-1-72d&wtt. etc. We call the attention of all to the fact that Mr. Bernard guarantees to sell as reasonable as anybods, while all his goods are of a superior quality. All he asks is a fair showing, and there is no doubt but that he will use his utmost endeavors to please all. He will receive from time to time large and new additions to his stock, at prices which will defy all competition.

Triumphant for Twenty Years. More than twenty years ago MUSTANG LINEMENT made its debut in the West. Its cures of the various external diseases horses and cattle, astonished the planters spending 13 hours of that time resting a and farmers of the Mississippi and Obio Valleys, and a demand for it sprung up which pecessitated its manufacture on an extensive scale. Soon the discovery was matism, gout, neralgia, earache, and other external ailments of mankind. Then it was tried as bealing, pain killing application, in cases of outward injury, such as cuts, for some of the most painful ills that afflict mankind and the lower animals tory of the Union as a STANDARD CURE.
