GOLD has had an upward ten dency for two weeks, doubtless ow ing to the sale of the new five per cents, the revival of the Syndicate and the proposed funding of the debt. But the fluctuation is small, purely speculative, and there will be a decline soon to lower rates than have been known since the second issue of greenbacks.

Shall the City Borrow \$100,000. and if so, for What !

At the last regular meeting of the city council a resolution offered by Mr. Councilman Teel instructing the finance committee to report upon the advisability of the city's borrowing \$100,000 to be expended in public improvements was adopted. Upon this question the ultimate decision will rest with the voters should the committee report favorably, and its report be adopted by the council. But the province of the city council is precisely that of all other legislative bodies, to carry out, ne far as ascertainable, the will of the people whom they represent, and especially in the appropriation of monies the will of those who will ultimately have the

taxes to pay. Let us see how the matter stands now. It will not be denied by any-

In the first place, it must be apparent that every local or individual scheme must be made subservient to the general good. That any system which shall not radiate permanent results.

Owners of vacant lots would advance their prices, but there would be no more purchasers than at present. In short, for want of space to day for a thorough discussion of the topic, we will only add that the improvements first named are a prerequisite to any system of water works: and that the water works which will be demanded in the future are not open ditches subject everywhere to defilement, and to the great majority of the inhabitants useless, if not worse, but water pipes and hydrants which shall be of use to every man, woman and child in the vicy, withal some additional security against disastrous fires. Other branches of this subject will receive attention here-

THE LOUBIANA DIFFICULTY. By far the most difficult problem before Congress is that perplexing Louisiana matter. Complications increase and it is plainly manifest that Congress is puzzled of the most preminent amateurs of the to know just how to move, or whether to move at all in the case. Pinchback is here to take his sent in the Senate. His credentials were presented to-day and laid on the table. Various schemes and propositions leoking toward a settlement of the difficulty have been proposed in Congress, by from the true center will expend different members, each presenting his its benefits fitfully, and die out own views, but none of them seem to cov finally in bickerings and with no er the ground. "After all, the whole affair is simply a pelitical embraglio, and common sense would suggest that they be allowed to fight it out without the inter vention of Federal legislation, the Presi

All other Federal officers and satisfactory sidewalks constructed at the same time with the fees after the 4th of March, 1873, will be deprived of their Federal comp principal reasons for this order that " the helding of two such offices by the same person is incompatible with due and faithful discharge of the duties of either office."

This order is timely and judicious, although it may not be so complete in all its provisions as might be desired. The Commissioner of Education and others are apprehensive that it will interfere with and defeat, to some extent, the best interests of the free school systems of the Southern States. There are many Federal efficers in these States who are the strongest supporters of the free schools, and whose influence will be weakened by this order. In this connection the order should except school officers, who without salary held positions under the free school act of Both of these ditches would cost the respective States in which they resimore than the sum named. What ded. But this defect may be remedied, if would be the general benefit derived found to be necessary, by a supplementary order. In the main the order of the President will be endersed by every intelligent citizen. No man can faithfully serve two masters. The order must not be construed, however, as intended to prehibit Federal efficials from expressing their political opinions or taking an active part in State or National polities, but to relieve Federal officers from the influences attending the acceptance of positions under

> Can Any Medicine Do More. The art of changing the base metals into geld has not been discovered, but the happy results of a discovery infinitely mere important are familiar to the community, and have been so for the past 26 years. To exchange debility for vigor, sickness for health, apathy for energy, gleom for cheerfulness, is a much more desirable operation than to transmute lead into the rest of all evil. And this is what Hestetter's Stemack Bitters accomplish, and have been accomplishing daily, ever since their introduction. Dyspepsia, billiisness, nervous affections, constipations intermittent fevers, rheumatism, sick headache and general debility are no long- Texas, er return ; er the bug-bears that they were a fifth of century age. To Physicians! ELIXIR IODO-BROMIDE OF CALCIUM, COMP. (For Internal Use.)

Medically used in Scrofula, Scrofulous Abcesses and Swellings, and all diseases of the blood traceable to a scrofulous diathesis; in Cancer and Cancerous Tumours, Caries or diseased bone; Brouchial and Throat Affectious; Pulmonary Degeneration, Erysipelas, Salt Rheum, Scald Head, and Cutaneous affections; in Neuralgia and Rheumatism, and particularly efficient as an anti bilious remedy to combat what is commonly called "Liver Complaint."

Dr. L. Regers states that in his practice he was called to see a patient who was at-tacked with pain and swelling of the hip, simulating acute rheumatism, which finally culminated in a large abscess which required opening. Abscess after abscess appeared, five in all.—Suppuration profuse, and portions of the dead bone extracted from day to day—suffering—intense. At this stage he commenced the use of the El-ixir, and when fully under its influence patient made a rapid recovery. He says: "I gave him no other medicine, only as was necessary to correct the disturbed con-dition of the secretions; consequently the combatment of the disease must be attri-buted to the influence of the 'Iodo-Brom-

"I have since used this new agent in a large number of entaneous diseases, and am highly gratified with its effect. I consider it a raluable acquisition to our thera-pentical agents, and could not think of be-

ing without it."
In Rhoumatism and Piles. - Dr. X. T In Rheumatism and Piles.—Dr. X. I. BATES, in a commication to the "Journal Materia Medica," says: "I have found the Elixir Iodo-Bromide Calcium, Compound, by far the most satisfactory alterative I ever used. In the treatment of Rheumatism and Piles it has proved itself a powerful and useful remedy and a valuable acquisi-tion to the 'Materia Medica.'

In Neuralgus and Oterrhem.—S. R. Niss-LY, M. D., Pemberton, Ohio, says: "I have recently used the Lodo-Bromide of Calcium, Compound, and have been highly gratified with its action."

In Chronic Irritable Ulcer.—Dr. 8. H.

POTTER, says: "It has proved itself in every case a very valuable and potent remedy: I have been using it on a Chronic Irritable Ulcer on my own person, arising from a severe concusion five years since. Singular as it seems, nothing else promotes hea thy granulations, nothing else can be tol-erated, and yet this acts like a charm. "Both internally and externally, I have found it more efficacions than any other medicine that an experience of forty years enables me to select."

In a Case of Scrofnlous Abscess.—Dr. F. M.

HARVEY, Outario, Canada writes: "The Elixir of Iodo-Bromide Calcium, Compound, is a maghificent remedy. I am using it with marked success th a case of Scrofu-lous Abscess in the upper part of the fe-mur. I think more of this remedy than of mur. I think more of this remedy than or all the many alteratives I have noticed in medical journals for the last two years."

In a Case of Cancer.—H. H. PIERCE, M. D., Rutland, Vt., writes: "I am using the Iodo-Bromide of Calcium, Compound, as a lotion, and the Elixir of the same internally, with the happiest results. They have far exceeded my expectations. My patient is greatly improved, and able to walk We keep WELL and CISTERN
