### East African Stave Trade.

[From the Lordon Globe, May 15 ] According to a memorial presented to Mr Disraeli last week by an influential deputation, the treaty of the Sultan of Zanzibar is completely inoperative. By it the Sultan agreed to stop the export of slaves from the African mainland, and to close all slave markets within his dominions. It does not appear to be alleged that thernler of Zauzibar has broken faith in carrying out the provisions of this treaty. But that they have been successfully evaded by traders engaged in this iniquitous traffic is This unrivalled Medicine is warrented not to contain a single particle of Mencu- having been established from Lamo Phillips and other artists, followed to Brava, Dr. Kirk recently reported by a eulogy by George William that in the short space of six weeks | Curtis. 2804 slaves had been forwarded by this road, or at the rate of 25000 per the treaty having been reported to Lord Granville, it seems high time that it was either rescinded altogether or put in force. If the Saltan is unable, as stated, to prevent the inland slave trade in his dominions, another treaty should bemade giving England the right to suppress the atrocious commerce by any means she may consider most effica cious. But, in all probability, the Zanzibar potentate winks at these evasions of a treaty which was extorted from him against his will. employed a good deal of that moral in many remote parts of the world, notice. all civilized powers should unite in stamping out this disgrace to hu-

> The Turkish Question Looming Up Again. If the Berlin despatch of the Lon-

don Times about the action of Germany Servia and Roumania regard ing the Turkish question can be re lied on, the old complications be tween the European Powers and Turkey will probably be revived. It is said that an agreement has been made between Germany, Servia and Roumania to mutually protect their interests and position against the designs of Turkey. The report comes atthe same time that serious differ ences have arisen, threatening grave consequences, between the Khedive of Egypt and the Sublime Porte. If these reports be true the Ottobaan government is likely to be between two dangerous fires, and possibly there may be an understanding to make a combined and coercive movement upon the Sublime Porte. But what of Austria? Have the Rumaniansand Servians overleaped the Austrian Empire, their immediate neighbor, to make an alliance with the great German Powert Perhaps the reported movement is anderstood and acquisced in by Austria. If not there may be a danger in it to her as well as to Turkey. While Germany is separated both from Turkey and Roumania and Servia by the Austrian Empire, Austria is near neighbor of these Eastern States, and must be more deeply interested in their fate. Then Russia could not be ignored in any movement affecting the status of Turkey, Roumania and Servia. In fact any question affecting them would be considered more Russian than German. Should the report referred to be true there is probably an understanding among the great Continental Powers of Europe to revive the Turkish question, with alview to restore Christian governments over parts of Europe now under Ottoman rule.-N. Y. Herald.

IRELAND'S Amendment is worse than the Fifteenth Amendment.

THE Houston Telegraph is sound on the public school question, and on most other planks of the Republican platform.

THE majority of the Judiciary Committee of the House report in favor of the impeachment of Judge Durell, of the Federal Court of Louisiana, and the minority report against it.

HON. J. P. NEWCOMB, late Secre tary of State, has not been in the least hurt by the efforts of a conspiracy of political enemies to effect his ruin, by implicating him with the stealings of their own hired tool, Green, in relation to the Lu natic Asylum. There is no doubt that Green was hired to swear against Mr. Newcomb, but he perjured himself, got scared, and run

A GENTLEMAN writes us from Se guin for further information in relation to Col. Pierce's telegram to the-EXPRESS, and our comments thereon. We have, since then, fully stated our conviction that Col. Pierce will, if so advised by his duties and train other new employees, Mr counsel, push on to San Antonio without paying any attention to the Ireland Amendment; but if advised that he cannot do so, he will stop people. He had already got unother son work at the San Marcos, and wait an official position in the land office. for the next session of the Legislature to give him relief; or, he will extend the road to New Braunfels. Our information is that in no case will be comply with the Ireland Amendment. This is his own declaration to Mr. Braden of this city.

LULING is the name of the new town near the San Marcos river to which the Galveston and San Antonio railroad is now being completed. We have an advertisement it is believed, is adequate for the purpose of the sale of lots there in this issue it used with proper energy. of the Express. The Guadalupe Times is informed that Mr. Luling, after whom the place is named, intends to start a steamship line between Galveston and European ports. This is good news to the Hebrew friends should patronize them whole country. We have one steam. liberally. Rubbi. Wise is a liberal, onship line already, and should have more as the country develops. We shall never have our full share of immigration and trade from Europe direct until we have direct steamship lines. Mr. Luling is a New York capitalist, and, we have no doubt, can command sufficient capital for such an important enterprise. The line we now have runs between Galveston and Liverpool; we want one between Galveston and the German ports. We imagine from Luling's name, that his line will be the sort of one we want. As it will be in especial connection with the Galveston and San Antonio railroad, it will belp to direct immigrants more particularly to Western Texas.

KANSAS CITY received the Galveston and Rouston delegations in magnificent style, on the 17th, couveying them in thirteen cariages, Ou the route were visible many flags, buntings and streamers, with mottos. The first was that of the Jour. nal of Commerce: "Welcome, the Texas delegation; second, "Welcome to Texas;" third, "All hail our new seaports, Galveston and Houston;" fourth, "Cheap freights rule the world; distance will tell;" fifth, "The Missouri Valley joins hands with the seaports of the Gulf-Galveston and Houston;" sixth, "The problem of cheap transportation is solved for the West;" seventh, "800 miles beats 1450."

Kansas City, beautifully built upon hills, is very prosperous. Its principal hotel, the Coates House, is said to be the finest West of the Mississippi. Its cattle yards and pork and beet packeries are im-

> The delegation leave to day, Satarday, for Denver; thence, probably, they will visit Omaha, and return home via St. Louis and Texarkana.

> Some of the san Antonio business men and press representatives ought to have gone on this trip, just to have got waked up themselves, and then to have waked up our city and West Texas.

The Spiked "Cannou" in the House.

When Poland finished the rollcall commenced. The "yeas" rang out thick and fast. The 'nays" strag. gled along thin and slowly. The bill was adopted by an avalanche majority, nearly three to one. It will have less opposition in the Senate. There is no Cannon there. Will be none in the House after this session. He came to test the willingness of Congress to allow an avowed polygamist a seat, and to fight the Poland bill. The bill has been sustained, though a flagrant violation of law. Cannon's presence, a greater violation, will not be endured. He understands the senti ment, and, if spared a formal ejection this session, will not return. He says the result of this bill will be to force another Mormon hegira.

Why not give them a "reservation," make treaties with them, and issue them supplies of rifles, blankets, and guns? Mormons are as worthy of preservation as Indians. and the latter are rank polygam ists .- Gideon in the Chicago Times.

THE Dallas Herald, a Democratic paper, says that when Mr. Dorn entered upon the office he appointed Judge Randolph chief clerk, for which in our heart we rejoiced. But mark the sequel. After keeping him long enough to learn his own Dorn discharged him to make room for his own son, a young man, inexperienced in that important position, and, outside of the town of Bonham, noknown to the

GOV. COKE has issued a proclamation in relation to the mania for blood, murder, and lynch law now devastating the State, in which he makes the humiliating confession that his vaunted administration is powerless to protect the people of the State. He says: "The Executive of the State is not authorized or empowered by law to raise a special constabulatory force for the suppression of these disorders and the arrest of offenders, but must rely upon the ordinary machinery of the law, which,

THE Israelite and the Deborah, two Hebrew journals, the first in English and the last in German, published at Cincinnati, and edited by Rev. Isaac M. Wise, are very able and interesting papers. Our lightened, and able man, and an honor to the Synagogue.

GEN FRANK BRITTON, late Adjutant General of Gov. Davis, gave us a call this morning. He and Gov. Davis are now Austin. Gen. Britton has many friends wherever he is known, and we wish him and Gov. Davis the greatest success.

THE Stock Journal predicts a victory for Senator Ireland in the railroad contest between him and Col. Pierce. We predict the contrary, but we may be mistaken. The wish may be father to the thought, but we think not.

GEN. BRAXTON BRAGG, one of the great soldiers of the Confederate army, and uuder whom some of us served the last half of the war, is on a visit to Galveston.

THE HABEAS CORPUS CASE of Huebner and Borman came up before Judge Noonan in the District Court this morning, the 20th. Hnebner was the deputy sheriff who arrested Blicker about the 23rd of May at Leon Springs, Borman, with whom Blicker had been working, assisted him. Since they left with him, Blicker has not been seen or heard of at all. The prisoners were brought into court, the witnesses called. sworn, put under the rule, and sent out.

Wm. Topperwein festified that at Leon Springs, about the 23d of May, at 1 o'clock P. M., Huebner and Borman arrested Blicker, disarmed and tied him, took from him a carbine, a six-shooter, and a five-shooter, some clothing and money, and left, going toward San Antonio, they riding and he walking. Borman attempted to ner with a pistol, but Huebner prevented. Defendants drank before they left, four glasses of beer and two toddies each. Never saw prisoner

Terry O'Neil testified that Huebner had told him he had turned Blicker leosethat he had got away.

Julius Oppermen, or Hufferman, testified that he saw Defendants and prisoner at Draun's, about 5 o'clock P. M. They drank a bottle of beer, and gave prisoner beer. Borman left with the prisoner. Huebner remained a short time, then said he must go, as he could not trust Borman with the prisoner, alone. Never saw prisoner again.

Andreas Garza testified that he lives near Chabanos Water Hole. Two weeks ago, at the request of the Grand Jury, he examined the region, where he saw a large tree, with a limb pointing South, a path tree, with a limb pointing South, a path under it, the bark rubbed off the top and sides, and buzzard tracks and deposits, and air, whether it stagnates in crowded tudicating that either a man or an animal work-rooms or imperis life and bealth in had been hung, and the carcass eaten by the buzzards. Tree about a mile and a quarter West of Drann's. There was a cart track about fifty yards East of the tree, Chas. Smith was with him.

Chas Frost testified, corroborating Topperwein as to the electronstances of the arrest. Said Borman ran to the prisoner with his pistol cocked, but was restrained by Huebner. Borman claimed all the things taken from prisoner, and wished to strip the pantalogus off him, but Huebner prevented.

David Booker, colored, testified that he met Huebner about three weeks since, after the reported arrest of Blicker, about a mile this side of Chabanos Water Hole. Huebner asked if I had seen Blickersaid he was hunting him.

Shadrach Sykes, colored, testified that nearly a month since, on Sunday morning, at Huebner's house, Huebner gave him a coat. (A grey sack coat was produced in court.) This is the coat. I asked Huebper where he got it. He said It made no difference. I was told afterward I had better not wear that coat.

Mr. Ebers testified that Borman told him that Blicker had fallen down and broken his neck, and that the buzzards would find bim.

Mr. Leal testified that Antonio Berniudez said he had seen the body of a man hanging on the road.

There was much other testimony, but we have given all of any importance up to the time of leaving court. The testimony was not near through at that time.

EL PASO ONIONS AGAIN.-We have recently had something to say of the importance of cultivating the El Paso, or Mexican onion, and the profit that could be made out of it, especially after the railroad reaches here Apropos to this we find

the following in the Houston Telegraph: Mr. Norsworthy, the Enfalo Bayou farmer, purchased last fall a pound of El-Paso onion seed in this city, and sowed an acre of ground with them. He has probably laid out fifty dollars in cultivat-DR. PETFERSEN, Observer. ing that acre and fertilizing it. As a re-suit, he has harvested fifty barrels of onions, that he has sold at six dollars and a half per barrel. Samples of his onions exhibited yesterday were fifteen inches in chromference and weighed a pound and a haif. Mr. Norsworthy says he is unacquainted with the onion culture, and can greatly improve on this year's crop with the experience he has thus gained.

Mr. Norsworthy can get full information as to the onion culture by writing to Mr. R. G. Andrews, Atascosa postoffice, Bexar county. He has both the seeds and the setts. He breaks the ground with the turn plow, subsoils with a bull-tongue, then beds with two and a balf feet be tween the rows, plants the seed in Sep-THE WEDDING of Dr. Geo. There is no good reason why an English speaking people should be doctored in Latin. If we should describe the projectties of Hostetter's Stomach Bitters in the jurgon of the profession, not one reader in twenty would understand what it is good for. We prefer to say in simple words that it possesses throughboning; regulating and purifying qualities of the highest order; that the vegetable ingredients of which it is composed are eminently wholesome and salutary, and that the stimulant which is combined with them is the purest swampy districts and new clearings. So the masses say, and so they have been saying for the last twenty years.
