A. SIEMERING & CO., Proprietors

Official Journal of the United States

OFFICIAL JOURNAL OF BEXAR COUNTY.

A. SIEMERING & CO., Publishers.

SUNDAY, SEPT. 13, 1874.

THE following gentlemen will act as our local agents at Brownsville, Cameron County, Texas:

Mr. Cruise Carson.  
Mr. E. H. Goodrich.

It affords us great pleasure to inform the public that everything connected with our publications, in that county, may be placed into their hands for transmittal to us.

FOR CONGRESS,

Sixth Congressional District,

**Jeremiah Galvan,**

FROM CAMERON COUNTY.

Platform of the Republican Party of the sixth Congressional District.

1st. We, the Republicans of the 6th Congressional District of the State of Texas, having regard to the necessities of Western Texas, declare that in our nomination of a candidate for the representation of the people of this District, in Congress, we place the protection, development and welfare of our country above all partisan considerations, and pledge our candidate to labor assiduously for the common good.

2nd. We hereby charge the administration of Gov. Coke with a neglect, willful or ignorant, of the interests and rights of our section, and we charge that the Goliad Convention, by its endorsement of Gov. Coke, forfeited all claim on the part of its candidate to the support of the patriots and well-wishers of Western Texas.

3rd. We demand from the Federal Government the fulfillment of its contracted treaty obligations for the defence of our frontier and pledge our candidate, if elected, to use every proper effort to give effect to our demand.

4th. Whereas past experience has taught us that Western Texas cannot obtain from the State Government the aid which is due to her, and necessary for the development of her natural resources, and believing that a division of the State will be beneficial to the promotion of her material interests, we declare in favor of a division of the State.

5th. We are in favor of harbor and river improvements of the State.

6th. We oppose the fostering of monopolies by the officers of this State and the members of Congress.

7th. We sustain the President of the United States in his opposition to and veto of the inflation bill, and favor a speedy return to specie payment.

THE Secretary of the Treasury informs the public that yellow fever has broken out in Galveston and many other cities on the Southern coast. We find no confirmation of the report as to Galveston in our exchanges, and trust that it may prove erroneous. Should it be true, however, great blame will justly fall on the authorities of Galveston for their criminal suppression of the news.

THE recent State election in Vermont indicates no improvement in favor of the Democracy as surreptitiously reported in Democratic papers. The State Republican ticket is elected by over 20,000 majority. In Poland's District the Democratic candidate received but 1700 votes. Demson, the independent Republican, received over 6000; Poland over 5000, and scattering votes over 2000. If there is the least shadow of Democracy on the green mountains we have not seen it.

## The Friend of the Oppressed.

The writer was a close observer of the Fourteenth Legislature and of the conduct of its members, both in the Capitol and in the outer walks of life. He believes that as Mr. Galvan has become, so far as his public acts are concerned, public property by his nomination for Congress, it is a duty to record the impression made by Mr. Galvan in Austin. That impression on all parties in the House and on all classes

of citizens in Austin, was universally favorable. The generous donations given freely whenever cause was shown, and the fidelity to principle and the unobtrusive bearing manifested by Mr. Galvan, endeared him to all who knew him. He left to more loquacious men the work of daily debate, but whenever the right lacked aid, and the durnal speech-makers were silent and afraid, Mr. Galvan raised his voice in defence of truth and principle. There was a notable instance given of this characteristic in the House a few hours before the close of the session. A Committee reported a bill which ought to have been entitled "An Act to Establish Penonage in the State of Texas." Cunningly veiled in technical jargon the bill contained a provision empowering Justices of the Peace to sell out the labor of those convicted by them of petty offences to the highest bidder. The bill further authorized Sheriffs to pursue these peons, if they escaped, into any part of the State, and enacted that on their capture their term of forced labor should commence anew. The first reading was carried almost without protest, and the bill would have become law in a few hours, had not Mr. Galvan combatted it with such ability and success that its passage that session became impossible. The bill now lies in the archives of the capitol, in sure and certain hope of a Democratic resurrection.

Working-men of the sixth District, remember that the passage of that act would have consigned hundreds of your number, guiltless of crime, charged only with the breach of some petty and absurd law, to months, perhaps years of penonage, and work and vote for the man who stood forward to defend those who had none to help them!

## Three Men Killed in a Minute.

[From the Memphis Avalanche.]  
For years the travel from West and Middle Tennessee and South Missouri and Northern Arkansas has been via Nall's ferry, which crosses the Mississippi river from Darnell's Landing to Point Pleasant, on the opposite Missouri shore. This is the only available crossing point between Memphis and Cairo, and in consequence is largely patronized. Old Squire Robert Nall had the ferry for a long term of years, but of late has turned it over to his son Albert.

Not long ago, General H. M. Darnell, from whom the landing took its name, and who is a large planter, thought the ferry business a good investment, and accordingly started one of his own in opposition to the Nalls. The General employed two brothers named Coe, and a young man named Cole to run his ferry for him. Both ferries have run along smoothly, the Nall ferry, perhaps, doing the most business.

Last Saturday afternoon a large party of movers from this State came to the ferry for transportation. Mr. Nall succeeded in engaging them for the passage, when one of the Coe bros. came over to Nall's boat and offered additional inducements for the movers to take his boat. This caused a quarrel, in the course of which Nall and Coe indulged in several harsh epithets. No blows were passed, however.

General Darnell lives within a short distance of the ferry, and, hearing the wrangling, came down to the boat. When he learned what was the matter, he turned to Coe and said: "Why don't you kill the damn son of a b—h?" This led to an altercation between Nall and the General, which resulted in the former drawing a pistol and shooting the General, the ball striking in the left breast near the heart, and ranging downwards. When the General fell, the man Cole, who had come up by that time, drew his pistol and firing brought young Nall to the ground. While on the ground, Nall raised his revolver, and taking a cool aim, dropped Cole dead in his tracks. Then Coe, the man with whom he had first had a dispute, pulled his pistol and shooting Nall, where he lay, killed him. This ended the tragedy. Mr. Nall and Cole killed and General Darnell mortally wounded, and in all probability dead before this.

General Darnell is a gentleman of about sixty-five years of age, a man of large property and unbounded hospitality; he had a very vindictive temper, and when once aroused it was uncontrollable, and has figured in several deadly feuds. He leaves a large family.

Mr. Albert Nall, as stated, was a son of Squire Robert Nall, an old and highly esteemed citizen of Lake county. He was a man of about thirty years, and leaves a family. The Coes and Cole were but little known.

GEN. GARIBALDI has only three persons with him on the Island of Caprera: First, M. Basso, next, a countryman about twenty, and, lastly, an old female cook. His dwelling, as is known, is of the most simple kind. The principal room, that occupied by himself, contains only a fire-place, a bed, a few chairs, a sideboard, and in a corner a heap of books. There is also a plaster bust of Colonel Nullo, who died in Poland, and a large portrait in oil of the American General Flores. This is the richest chamber of the house. The island produces plenty of almonds, figs, and grapes, but only a few oranges and lemon trees, transplanted thither by Garibaldi, and cultivated by himself. Goats abound, and there are a considerable number of wild cats.

LIEUTENANT DOYNE, of the 38th Regiment in the British army, walked the other day from Aldershot to his club in London—a distance of thirty-five miles—for a wager. He backed himself in the sum of £50 to accomplish the distance in seven hours, and succeeded in walking it in six hours and forty minutes. While passing through some of the London streets his appearance attracted the attention of a constable, who took him to be an escaped lunatic, and came very near detaining him.

YELLOW JACK IN TEXAS.

The Treasury Department is advised of the existence of yellow fever at the following points: New Orleans, Galveston, Pensacola, Mobile, Darien, Ga., Key West, Fla., and Brunswick, Ga. Also at Baltimore and New York, at quarantine.

In view of the prevalence of the disease at these ports, Secretary Bristow has issued a circular, in which he says in the absence of a uniformity of regulations of quarantine at the Atlantic and Gulf coasts it is desirable that the several officers specifically placed under the direction of the Treasury Department, by the unjoined section of the revised statutes of the United States, inform themselves fully as to the local health laws and the regulations based thereon, and enforce them at their respective ports and stations, and strict compliance with such laws and prompt assistance in enforcement of the same when directed by competent authority, are hereby enjoined. The section of the revised statutes of the United States referring to quarantines and other restraints established by the health laws is inclosed in the circular, and instructions to govern the action of the treasury officials enforcing the quarantine laws.

## MURDER WILL OUT—THE BODIES OF FIVE VICTIMS DESTROYED.

St. Louis, Sept. 8.—The Globe has a communication from Saguache, Colorado, which states that the bodies of five men were found Aug. 13, near Lake Fork, of Gunnison river, in San Luis Park. These bodies proved to be the remains of a body of men who started last November from southern Utah, across the mountains to the San Juan mines in Colorado, and were reported last March, by one of their company named Packer, to have undergone terrible hardships in the mountains, and finally, becoming nearly crazed from hunger, chose cuts to see who would be shot to furnish food for the remainder.

## NEW ADVERTISEMENTS.

## NOTICE!

I the undersigned, respectfully beg to inform my friends, and the public in general, that I have on this first day of September, 1874, sold out and transferred to my young friend Nic TENGG my business kept up since twenty years in the line of BOOKS, STATIONERY, NEWS-PAPERS and FANCY GOODS at present in Mr. L. Zork's Building, No. 60, Commerce Street.

Mr. Nic TENGG has been for a series of years my assistant, is familiar with all my business transactions, has for himself established his reputation in this community as well as with my outside customers, so that on my part it seems unnecessary to recommend him to the confidence of the public.

I myself gratefully thank my friends and the public for the patronage and kind favors shown to me for so many years, and beg to be allowed to recommend my successor to the same good confidence which he doubtless will fully deserve.

The undersigned respectfully begs to inform his friends and the public in general that he has purchased the business in the BOOK, STATIONERY, NEWS-PAPER, and FANCY GOODS line from Mr. Jul. Berends, and will continue the business on the old stand in Mr. L. Zork's building under the firm name as successor of Mr. Julius Berends. He respectfully solicits the continuance of the patronage and confidence of the public, which he hopes to deserve by strictness, promptness, and energy in accommodating his customers.

## DR. W. BILLE,

## FROM NEW-ORLEANS,

A graduate from the University of Copenhagen, Denmark; Honorary M. D. from the University of Padova, Italy; for several years assistant Physician to the celebrated Prof. Ricord, Paris.

Having been for years a student at the large hospitals of Paris, London, Vienna and Copenhagen, and a thorough, large and varied practice during 15 years' has gained the most thorough knowledge of the nature of all chronic diseases, and the treatment thereof, and he has in his extensive practice, had an unparalleled success, and very often effected a cure where every remedy had been tried and all hope of restoration of health had been despaired of.

Nobody who ever suffered of the tedious and life imbittering disease—DYSPEPSIA—has ever in vain called on Dr. Bille. In every case he has by his new method of treatment restored the functions of the stomach, and with it the health and vigor of the patient, and many a person does today, with gratitude, recall the moment he placed himself under Dr. Bille's care.

His treatment of LADIES' DISEASES, Dr. Bille is deservedly renowned, and no lady suffering from AMENORRHEA, HYSTERIA, PROLAPSUS UTERI or any other disease peculiar to the female system should fail to call on Dr. Bille, as they will quickly be relieved of their suffering and ultimately restored to perfect health.

Dr. Bille has made a speciality, and this science of humanity, unsuccessfully treated by most practitioners, is easy and quickly overcome by his new treatment. Being a pupil of the most renowned Physician for syphilitic diseases in the world, Prof. Ricord, in Paris, Dr. Bille will always guarantee a cure in any case of syphilitic disease, which may come under his treatment; and hundreds in this city and vicinity can testify that in cases of syphilitic nature, where other physicians have failed, Dr. Bille has always been successful.

NERVOUS DEBILITY, SEMINAL WEAKNESS, IMPOTENCY, either caused by age or abuse, quickly and permanently relieved, and full power restored.

No man is too old and no young man too debilitated that he can not be completely reinvigorated and rejuvenated by the treatment of Dr. W. Bille.

Dr. Bille wishes to call particular attention to his new discovery, by which he can, by the help of microscope and chemistry, discover if there is any syphilitic poison in the blood, which is of the greatest importance, as persons having had venereal diseases often believe themselves cured, and the poison still remains in the blood to break out sooner or later. Dr. Bille has resided in New Orleans for years, is endorsed by the best citizens there, and by his skill, knowledge and successful cures has obtained a great reputation as a specialist.

DR. BILLE  
Has gone to WACO and is located at the  
MC CLELLAN HOUSE,  
Where he will be pleased to see those needing his services at once, as his stay will only be short.  
Consultation strictly confidential in English, German, French & Scandinavian.

**YELLOW FEVER AT PENSACOLA.**  
A telegram was received at the Navy Department to-day from Commodore Wolsey, commanding at the Pensacola Navy Yard, announcing that one of the surgeons at that post was down with the yellow fever and the other was overtaken, and asking authority to employ physicians in Pensacola. Acting Secretary Reynolds decided that two surgeons of the navy be detailed immediately for duty at Pensacola.

**MORE BONDS SOLD—TO MORGAN?**  
AUSTIN, Sept. 8.—Mr. Moody, special financial agent, has sold fifty additional Texas State bonds of the old issue, and fifty of the new issue. The proceeds of the former have been paid to Messrs Williams & Gaion. The proceeds of the latter were received by the State Treasurer to-day. All these bonds were sold at eighty five cents on the dollar.

**HEAVY RAINS IN THE WEST—DAMAGE TO CROPS—COLORADO RIVER THREATENS AN OVERFLOW.**

COLUMBUS, Sept. 8.—There has been an exceedingly heavy rain fall along the line of the Galveston, Houston and San Antonio Railroad west of this point. The cotton crop has been greatly damaged, as the dry weather had caused it to open rapidly of late, and the heavy rains were thus at the mercy of the storm.

The passage of trains has been obstructed on account of washes undermining the track in many places between Luling and Flatonia. The road will be repaired and trains running regularly in a few days.

On to-morrow, Luling station, which is sixty five miles west of this city, will be regularly opened.

There is considerable apprehension manifested here that on account of the very heavy rain-fall, the Colorado river will overflow its banks and inundate the farms along its borders.

Business is reviving here rapidly, and merchants begin to wear smiling faces. The health of our section and city is very good.

**VICTOR HUGO PROGNOSTICATES.**  
PARIS, Sept. 8.—Victor Hugo has written a letter declining an invitation to the Peace Congress at Geneva. He says peace can't be established until another war has been fought between France and Germany. He points to the existence of deep and unending hatred between the two countries, and declares there will be a duel between the principles of monarchy and republicanism.

**Maturate a Piece of Bread or Meat with gastric juice, and it will dissolve. This is digestion. Add to such a mixture a little alcohol, and it will not dissolve. This is indigestion. Beware, then, of stimulants, or tonics, or decoctions containing spirituous liquors. Shun all rum "tonics," and rely solely on DR. WALKER'S VINEGAR BITTERS, the finest digestive invigorant known, and free from the fiery curse of Alcohol. 6-2-4w**

It is often the result of physical ill-health and feeble stomachs. During one third of our time the process of digestion continues. To be dyspeptic is to be miserable; dyspepsia is the foundation of fevers and all the diseases of the blood, liver, skin and kidneys. Dyspepsia yields to the virtues of the vegetable ingredients in that great purifier of the blood and restorer of health, DR. WALKER'S VINEGAR BITTERS. 26-8-d4w

**Take Courage, Invalids.**

Pain and weakness produce despondency, and the invalid who is laboring under bodily torture, debility and mental depression at the same time is indeed in a pitiable condition. But let all who are thus situated take heart. A balm is provided, both for their physical and mental infirmities. Among the commonest sources of pain, uneasiness and melancholy are the diseases which affect the stomach, the liver, the alimentary canal, the nerves and the muscles, such as dyspepsia, bilious disorders, constipation, headache, hysteria and rheumatism, all of which yield readily to the regulating, invigorating and purifying influence of this peerless vegetable tonic, stimulant and restorative. Take courage, sorrowful invalids; you will find the help you need in Hostetter's Bitters.

THE American Sardine Co's Boneless Sardines are much better, and less than half the cost of imported Sardines. 26-2-dty

**A Prize Offered.**

I will give ten tickets in the Texas Grand Prize Concert to take place at Houston, October 22, 1874, for the best written letter on the Advantages of Texas, to be awarded by a committee of three prominent citizens of Houston. No manuscript will be returned to writers, but all well written letters will be published in the principal papers of the United States and Europe, with whom I am now negotiating for their publication.

**HAVE YOU TRIED JURUBEBA.**  
 ARE YOU Weak, Nervous, or Debilitated? Are you so Languid, that any exertion requires more of an effort than you feel capable of making?  
 Then try **JURUBEBA,** the wonderful tonic and invigorator, which acts so beneficially on the secretive organs as to impart vigor to all the vital forces. It is an alcoholic appetizer, which stimulates for a short time, only to let the sufferer fall to a lower depth of misery, but it is a vegetable tonic acting directly on the liver and spleen.  
 It regulates the bowels, quiets the nerves, and gives such a healthy tone to the whole system as to soon make the invalid feel like a new person.  
 Its operation is not violent, but is characterized by great gentleness; the patient experiences no sudden change, no marked results, but gradually his troubles "fold their tents, like the Arabs, and silently steal away."  
 This is no new and untried discovery, but has been long used with wonderful remedial results, and is pronounced by the highest medical authorities, "the most powerful tonic and alterative known."

**Ayer's Ague Cure,**  
 For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodic or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.  
 No one remedy is under called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and will assure and, founded on proof, that no harm can arise from its use in any quantity.  
 That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a doctor brings it within the reach of everybody; and in bilious districts, where FEVER AND AGUE prevails, everybody should have it at hand, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral; consequently it produces no quinoline or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.  
 Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgic Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysteria, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be exerted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.  
 For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.
